Typhoid Situation Here Is Discussed By State Board

Dr. Delmar M. Randall, county health officer, recently received a letter from the state health officer, Dr. George W. Cox, in regard to the typhoid problem in Sanderson, which was investigated and reported on by R. H. Weiss, district engineer, State Board of Health, in the latter part of July.

In the letter Dr. Cox stressed repeatedly the importance of maintaining sanitary conditions to ward off an uncontrollable outbreak of the disease.

Following is an excerpt from the letter: "Since the town of Sanderson is unincorporated and has no sewer system or garbage collection facilities, we understand that it will be very difficult to promote sanitary measures in a community where people may not cooperate by maintaining a strict sanitary program. Everybody should be urged to take the typhoid vaccine and all open toilets should be cleaned and made fly proof. Ashes and lime should be used. Flies must be kept away from food and proper sterilization should be provided for dishes. It is advisable to try and locate the typhoid carriers in the community. Specimens should be taken especially from those who have the disease during convalescence in order to determine whether or not they will continue to carry the disease. Such specimens then should be sent to the State Health Laboratory for study."

SOCIAL SECURITY ACT HAS TENTH BIRTHDAY AUG. 14

Marking the tenth "birthday" of the Social Security Act, James B. Marley, regional director for the Social Security Board at San Antonio, announced today that payments under the act in Texas have amounted to about \$335,000,000 since the act became law when President Roosevelt signed it August 14, 1935. The payments go to retired workers and their dependents, the survivors of deceased workers, the unemployed and the needy.

"In Texas the Social Security Board has full responsibility for one program and works in partnership with the State in four others, a fact which frequently is not understood," Mr. Marley said, and explained: "There are two insurance programs—old-age and survivors insurance, which is a straight Federal operation, and unemployment compensation, which is run by the Texas Unemployment Compensation with Federal collaboration. Then there are three programs of public assistance—old-age assistance, aid to dependent children, and aid to the blind, which are run by the Texas State Department of Public Welfare with Federal participation in financing."

NO METHODIST SERVICES SUNDAY

There will be no worship services at the First Methodist Church Sunday, as the pastor the Rev. John Klassen, is away on his vacation. Sunday school will be held.

Monroe G. Everett, president of Trinity University, was a visitor in the Times office Monday, on his way to the Boys Camp Meeting which he will attend for a few days before going on to Denver, Colorado, to meet Mrs. Everett and their daughter, Betty, and return to San Antonio.

Mrs. Harry Newton of El Paso is here this week visiting with Mrs. S. H. Underwood and Mrs. Conway Pickard and other friends.

Mr. and Mrs. B. F. Berkely of Alpine visited Thursday with Mr. and Mrs. Joe F. Brown. Mrs. Berkely is Mr. Brown's aunt.

SOME SHOES TO BE RATION FREE FOR SHORT TIME

Men's and women's low-priced shoes will be sold ration-free under certain conditions from August 27 through October 13, Ralph Kaye, miscellaneous products rationing officer of the San Antonio district Office of Price Administration, today advised Carl B. Cochran, chairman of the local War Price and Rationing Board.

Shoes will be included in this sale that were manufactured before March 1, 1944, and that are priced at \$300 or less, Cochran explained.

With the scarcity of ration stamps, consumers are buying shoes in the higher-priced brackets, and certain low-priced rationed shoes remain in dealers' stocks, the board chief reported. The longer these shoes remain in stock, the more they deteriorate in quality.

"This ration-free release should encourage consumers to buy and use these shoes to supplement rationed types," Cochran said. "It should also reduce the number of applications to the local War Price and Rationing Board for special shoe stamps."

Children's shoes are not included in this release.

T-5 James M. Dwyer Awarded Bronze Oak Leaf Cluster

WITH THE THIRD ARMORED "SPEARHEAD" DIVISION, GERMAN—T-5 James M. Dwyer, the son of Mrs. Lena Lee whose address is Gen. Delivery Sanderson, Texas has been awarded the Bronze Oak Leaf cluster to the Bronze Star medal.

He is a member of the Medical Detachment, 36th Armored Infantry Regiment of the Third Armored "Spearhead" Division which is one of the veteran armored divisions. It took part in the Marigny-St. Lo breakthrough, the fighting around Mortain, the closing of the Falaise Gap, the drive across Northern France and was the first division in Belgium and, subsequently, in Germany.

The third Armored fought in the Ardennes campaign and later participated in the spring offensive which culminated in the capture of Cologne. From there it went on to expand the Remagen bridgehead and cut off the back side of the Rhur pocket, making the longest drive of armored history on March 29 when it went in excess of 94 miles in one day. The southern part of the Hartz Mountain pocket was largely by the work of this division. Throughout the war in Europe more than 76,000 prisoners were taken.

At the present time the division is quartered in the Darmstadt area south of Frankfurt on the Main.

TRUMAN SETS SUNDAY AS DAY OF PRAYER

Sunday, August 19, has been proclaimed as a day of prayer all over the nation, in thanksgiving for the coming of peace by President Truman, who made the proclamation Thursday.

At the same time the President announced that V-J Day will not constitute an official holiday. The day will be designated when all Jap troops have laid down their arms and the formal surrender has taken place.

Miss Mary Ferguson spent the week here with her parents, Mr. and Mrs. W. J. Ferguson. They were joined over the week-end by her friends, Misses Aileen Hall and B. H. Heath, who returned with Miss Ferguson to San Antonio Sunday to resume their work at Brooke General Hospital, Fort Sam Houston, Texas.

Felix Valles Serves As Mortar-Man In Victory Division

WITH THE 24TH INFANTRY (VICTORY) DIVISION ON MINDANAO—Pfc. Felix S. Valles, of Sanderson, Texas, is serving with the 21st Infantry regiment of this famed "victory" division, as a mortar-man.

In the 21st, Valles is a member of combat-wise troops of one of the Pacific's crack regiments. As part of the hard-hitting 24th division it went through the December 7th sneak attack on Pearl Harbor; has since taken revenge on the Japanese on Hollandia where it spearheaded the division attack, and on Leyte it fought and won the bitter Battle of Breakneck Ridge.

On Mindanao, the 21st slashed through enemy defenses in the historic invasion up the Mindanao River. Participated in the 24th's lightning dash across the island to capture Davao, ran into some of the toughest fighting of its career against positions guarding Japanese escape routes to the hills. During the 63 days of continuous assault against well fortified enemy positions the 21st Infantry killed 42 per cent of the Nips credited to the 24th division.

The regiment is a regular army unit and rich in tradition. It was organized during the Civil War and has vanquished enemies of America for almost a century.

Safety Department In Texas Finds Crime On Increase

AUSTIN, August 17—Major crimes in Texas are currently being committed at the rate of 318 a day, Director Homer Garrison of the Department of Public Safety said today.

The Department's semi-annual crime report showed a 23.32 per cent increase for the first six months of 1945 against the same period last year.

The statistics, based on reports submitted by police and sheriff departments, show a daily average of three murders, two rapes, six robberies, 77 burglaries, 43 car thefts, and 187 other thefts.

Greatest increases were in burglary, up 37 per cent, and auto theft, up 23 per cent.

While burglary and theft usually decline with the approach of warm weather, the trend was reversed in the second quarter of 1945 because of the first flurry toward economic reconversion Garrison explained.

"If it is true that we are not at all prepared for the sudden coming of peace, as has been reported on high authority from Washington," he said, "we certainly must expect considerable confusion in the inevitable effort to accomplish a hasty reconversion. This will mean a great deal of population-shifting. It will result in at least temporary unemployment for a great many people. These things being true, it will inevitably bring an even greater increase in crime against property than we had anticipated.

"We now must also anticipate a great and more sudden increase in crimes of personal violence as a result of these conditions and the emotional shock of the end of war.

"The International Association of Chiefs of Police has been urging upon Washington officials in recent months that arrangements be made for the early release of trained police officers in the military service. In my opinion, foreseeable circumstances in the immediate future demand that such action be taken with all possible haste.

"I would also urge upon the public generally, and especially upon the leaders of public opinion and responsible public officials, that now is a crucial moment in which the decision must be made to fight crime and criminals diligently, unrelentingly, and with every democratic means and method available."

COMMISSIONERS FIX TAX RATES; NO CHANGES MADE

The Commissioners Court of Terrell County convened Monday morning at 10 o'clock in regular session.

Acting as a board of tax equalization, the commissioners fixed tax values on property, with no changes being made in valuation from the last term. Tax rates remained the same, amounting to 73c on each \$100 valuation of property, and the same school tax of \$1 was approved, making the total county tax \$1.73.

At the meeting all bills were approved and paid and the monthly reports read and approved.

According to information received by the Court from the State Highway Department, U. S. Highway 90 will be first on the list of proposed improvements on highways throughout Texas. Several changes in the routing of the highway will comprise a part of the improvement program.

School Will Open Monday, Sept. 3 With Short Program

The 1945 school term will begin Monday, September 3, with a general assembly in the auditorium at 9:30 a. m., C. G. Bradford, superintendent, has announced. After a short program the pupils will report to specified rooms for registration. Immediately following registration text books will be issued to students from the book room.

Short classes will be held in the afternoon when assignments will be given.

The Dryden school bus will run Monday morning, arriving in Sanderson in time for Dryden students to attend the general assembly at 9:30, and will make the return trip at approximately 3 o'clock the same afternoon.

On Saturday, September 1, a general faculty meeting will be held in the high school building.

The public is invited to attend the opening assembly.

Presbyterian Circle Meets Monday With Mrs. G. H. Franks

Mrs. G. H. Franks was hostess to the Presbyterian Auxiliary circle at the meeting Monday afternoon at four o'clock in her home.

The president, Mrs. John W. Byrd, opened the meeting with the group singing of "My Country, 'Tis of Thee," which was followed by a prayer for peace and faith offered by Mrs. Byrd.

The members discussed a gift to be presented to Mrs. John Nichols, who is moving to San Angelo. Also discussed were plans for a church picnic to be held before the young people leave for school.

Mrs. N. M. Mitchell led an interesting lesson on "To Whom Shall I Speak? She was assisted on the program by Mrs. J. W. McKee, who read the story of the Samaritan woman at the well.

Cold drinks were served to Mesdames Lee McCue, J. W. McKee, John W. Byrd, E. F. Pierson, N. M. Mitchell, E. J. Hanson, W. H. Savage, Seth Davenport, Joe F. Brown, members, and Mesdames W. H. Goldwire and Henry Goldwire, who were guests at the meeting.

Mr. and Mrs. Joe Chandler returned Tuesday from Temple where she has been receiving medical attention. They were accompanied from San Antonio by Mrs. Lena Stavley, Mrs. Chandler's mother, who has been visiting there for the past week.

Miss Marion Brieger, her mother, Mrs. Alfred Brieger, and grandmother, Mrs. Edward Goetz, left Thursday after visiting here with friends. Former band instructor in Sanderson High School, Miss Brieger will teach in Victoria this fall.

R. E. Thomason In Sanderson Friday; Honored At Luncheon

R. E. Thomason, United States representative, of the 16th Congressional District of Texas, of which Terrell County is a part, visited in Sanderson Friday with friends and constituents.

A luncheon honoring the representative, who recently returned from a tour of Europe, was given in the banquet room of the Kerr Hotel by business and professional men of the town, at which time the group conducted a round table discussion.

Thomason told of his trip to Britain and the continent where he with a party of other congressmen and senators saw German prison camps and the evidences of their wide scale atrocity practices. In Britain the party toured American military bases and army camps.

On the program for the day was an informal talk by Representative Thomason at the Princess Theatre at 5 o'clock that afternoon. The congressman is making a tour of his district before returning to the Capitol September 5.

U. S. CIVIL SERVICE TELLS EMPLOYMENT PLAN

DALLAS, Aug. 16—Until further notice the United States Civil Service Commission will not receive any applications for employment in the Federal Service except from those veterans who have the right to have examinations reopened for them.

The commission has taken this step, according to a statement issued today, in order to make sure that any vacancies which develop in the Federal Service will be filled either by returning veterans or by persons who are about to be or have been separated from other positions in the Federal Service.

"The federal government as an employer," stated the commission, "must set the example in providing the members of the armed forces who are coming through our separation centers today with the maximum possible opportunities for employment.

"Also, the federal government is determined not to put itself in a position where it is discharging persons in one part of the federal service and, at the same time, hiring persons from the outside to fill similar positions in another part of the federal service."

Where the supply of returning veterans and the supply of persons involved in reductions in force in the federal service are not sufficient to fill vacancies the commission's regional directors have been authorized to lift the ban on receipt of applications. In certain occupational areas such action will be taken very promptly after the commission's field officials have had the opportunity of appraising the situation which confronts them as a result of the cessation of hostilities.

"It would be a complete waste of time, energy and money for the commission to continue to receive applications for limited appointments from persons who are outside of the federal service and who are nonveterans, if the needs of the service can be met by returning veterans and those who are now on the federal payroll," the commission pointed out.

"All of our resources must be available for the orderly handling of reductions in force, the prompt transfer of persons who are laid off to other agencies which may be looking for persons with their qualifications and the administration of the veterans preference act of 1944."

Mr. and Mrs. L. W. Carter of Spofford arrived Sunday to visit his sister, Mrs. Clyde Higgins and family and to attend the formal opening of the new First Methodist Church.

BRITISH COAL
England is a coal country, 70 per cent of the island's export tonnage is coal and it goes all over the world. England's 706,000 miners produce 200 million tons of coal a year. These are big figures until you compare England and America. We have only 393,000 miners in the United States but they produce 586 million tons of coal a year; more than five times as much per man as in England.

Coal miners in England draw \$25 a week. American coal miners get \$52 a week and they earn it. Don't let anybody tell you that American workers are super-men who hit harder and work more hours a day, because it's not true. Don't let anybody tell you that coal veins in the western hemisphere are richer and better and easier to work because that's not true either.

Modern Machinery
In America miners use power cutters. Automatic loaders put the coal in cars and electric locomotives pull them away. In England men dig coal out with picks and pitch it in cars with shovels. The power that pulls the car to daylight is a scrub mule with a rag over his eyes. That's how they used to mine coal in America when grandpa was a boy.

Getting a ton of English coal to the top of the ground costs \$4.20 for labor alone; \$1.40 in America. The manpower shortage, incidental to war, ran the price of British coal to \$6.50 a ton—twice its pre-war price. American coal advanced only 60c a ton. Hand work is what commands the premium when men are scarce. This economic fact has worked a hardship on the English.

Food and Clothing
England does not raise enough food for her people, nor enough fibre to clothe them. Such necessities are imported by the shipload. In a practical sense, they are bought with coal. Plain to see, with coal costs doubled things to eat and wear became very dear in England. People blamed the war, of course, but the real trouble was lack of modern coal mining machinery.

With a nation so dependent on coal, why didn't the mine owners equip their properties with modern machinery, get out more coal per man and pay better wages? Answer: Government interference! Tax laws discouraged replacing old machinery. Regulations placed a penalty on efficient methods. The results were three: High prices, low wages and a ruined export trade.

Might Have Been
Workers in British mines blamed the mine owners. The squeeze that pinched their wages to half the American scale was a political vice. Government regulations and taxes retarded production and choked prosperity. This was so craftily hid from the workers that they shouted loud for nationalization—government ownership. It will come now, with Churchill out and Atlee in.

With most admirable fortitude the English came through fiendish abuse to victory. Peace might have brought England prosperity; ability to pay her 12 billion dollars of war debts. With business men free to compete and produce, earn profits and raise wages, it might have been. But socializing all industry will start a long detour off the road to a better England.

Mr. and Mrs. Ervin Grigsby and their niece, Sarah Pat Grigsby, visited Wednesday in McCamey with his brother, Lee Roy Grigsby, and family.

Mrs. H. L. Stuckey of Pecos attended the formal opening of the new First Methodist Church Sunday.

THE UVALDE LEADER-NEWS
—One of the greatest losses by fire in or near Uvalde in many months was sustained early Tuesday morning when fire of unknown origin totally destroyed the State Highway Department warehouse on the western outskirts of the city on Highway 90.

The flames had gained good headway before being discovered and efforts by the Uvalde fire department were in vain. The building is located outside the city limits and the firemen were handicapped in having to use several hundred feet of hose.

Only a desk and other minor pieces of furniture could be removed from the warehouse office. Included in the loss were three trucks used in the maintenance of highways in this section, a roller and other valuable equipment.

THE HUDSPETH COUNTY NEWS, Sierra Blanca—Sierra Blanca will have both mail and passenger air service after the war if all of the postwar planned projects are carried out by the FWA. Uel Stephens, chairman of the postwar planning committee, Texas section of the

American Society of Civil Engineers, reports that we are listed to receive \$287,430 for grading, paving and lighting an airport.

Twelve months ago R. Storms superintendent of schools here prepared a 20-page brief of the county, giving necessary aeronautical information for government use while determining the advisability of locating a field here.

THE FORT STOCKTON PIONEER—Increased storage facilities for Fort Stockton grown hay is being provided by a big new 50 by 120 foot barn now being erected by Tom Bowers for J. R. Alexander on lots near the barns of the Fort Stockton Warehousing Corporation, and immediately west of the Lem Smith farm machinery properties.

The new structure will be of frame lumber and tank steel construction. The salvaged tank steel is being riveted to the sides of the barn and will be painted with metallic paint. Roof will be of V-type metal roofing.

THE BIG BEND SENTINEL, Marfa—Action by Chamber of Commerce directors, Tuesday morning, resulted in the assuming by the organization of the sponsorship of the Rodeo, September 1-2-3, annual event which last year was the personal enterprise of Billy Crews Marfa business man.

The directors' action followed a motion by W. B. Johnson and seconded by C. L. Arthur.

THE ALPINE AVALANCHE—Final preparations for the chamber of commerce celebration next Thursday, honoring Congressman R. E. Thomason, Brig. Gen. Arthur B. Knickerbocker and Brig. Gen. Ray Andrews are being completed, it was announced this week.

The committee on Public Affairs, under the leadership of Wally Davis, has reported that everything is well in hand and that they will be ready to take care of a large crowd. The committee has promised to serve a very delicious meal. President F. L. McCollum of the chamber urges all of the citizens of Alpine to get their tickets early at the CC. office as quite a number of reservations are coming in from out of town.

THE OZONA STOCKMAN—With pens repaired and put in good condition, a new roof and other improvements made to the grand stand and program details all arranged, Ozona was set this week to play host to visitors and home folks from round about at the two-day Ozona Celebration and Western style entertainment at the Crockett County Fair Grounds Saturday and Sunday afternoons.

The afternoon programs will start at 2 o'clock each day, with a slate of events to last approximately four hours. Ozona stores will close Saturday afternoon and many visitors are expected from the surrounding area to make good crowds for the two-day entertainment.

It Happened In Sanderson TEN YEARS AGO
This Week — Remember

August 16, 1935

E. H. McCright of Sweetwater was a business visitor here this week.

Miss Nell Lea returned Monday night from Millett, Texas where she visited her sister, Mrs. M. H. Goode, Jr.

Miss Dorothy Sullivan visited with friends and relatives in Del Rio this week.

Roy Barksdale, who ranches in the Dryden country, was a visitor in the city Monday.

James House was a business visitor in San Antonio over the week-end.

Mrs. J. W. Downum and niece Marijo Horton, left Monday afternoon for Del Rio where Mrs. Downum went for medical treatment. While in that city they will visit with Dr. and Mrs. J. R. Middlebrook.

Mr. and Mrs. Austin Nance returned Saturday from San Antonio where they visited for several days last week.

Clarence Hunter and Charlie Bell who visited here for the past two weeks with their aunt Mrs. J. C. Green, returned to their home in Valentine Thursday morning.

Vance McLymont arrived here Tuesday noon from Hot Springs, New Mexico, for a visit of several days with his parents, Mr. and Mrs. D. J. McLymont.

Tom Breeding, who is working on the Red Bluff project north of Pecos, visited with relatives and friends here this week.

"CLOCK" COMES TO PRINCESS SUNDAY, MONDAY

"The Clock," new screen love story, coming to the Princess Theatre Sunday and Monday stars Judy Garland and Robert Walker, a brand new, grand new movie team, in a picture you'll want to see again and again.

"The Clock" is the tender heart-warming story of the romance between Bob, a soldier in New York City for the first time, on a 48-hour pass, and Judy, as a lovely girl who takes the lonely serviceman to her heart.

Directed with genuine understanding by Vincente Minnelli who made "Meet Me in St. Louis," and handsomely produced by Arthur Freed, "The Clock" is a success in any language.

Crowell-O'Neill Nuptials Read July 14 In Atlanta, Georgia

Of interest to local residents is the recent marriage of Miss Sara Joanna Crowell, of Atlanta Georgia, to George W. O'Neill son of Mr. and Mrs. George E. O'Neill of this city.

The ceremony took place July 14 at the First Baptist Church of Wilmington, North Carolina the Rev. Sankey L. Blanton officiating.

Mrs. O'Neill is the daughter of Mr. and Mrs. John Crowell with whom she is residing while her husband is stationed at Quantico, Virginia.

HAYMES, GRABLE IN "DIAMOND HORSESHOE"

"Billy Rose's Diamond Horseshoe" plays at the Princess Theatre Wednesday and Thursday with glamorous Grable at her best and 20th Century-Fox going all-out with a spectacularly eye-thrilling Technicolor production, that tops the year's musical field in outstanding entertainment.

Packed with wonderful songs high hilarity, dazzling dance routines, and gorgeous gals—and with Dick Haymes co-starring with Betty in the entrancing romance—"Billy Rose's Diamond Horseshoe" makes for exciting film fare from start to finish.

As its title indicates, the picture is set against the background of Billy Rose's world-famous "Diamond Horseshoe" just off New York's Times Square. It takes movie audiences behind the scenes of this fabulous night spot and into the lives of the people who make Broadway entertainment history.

SUGAR DISTRIBUTION WILL BE IMPROVED

Secretary of Agriculture Clinton P. Anderson says that civilian distribution of sugar, particularly in eastern areas where shortages are most acute, should be improved through a redistribution of 40,000 tons obtained through a reduction in military procurement. The action does not increase the total amount of sugar allocated for civilian uses but is designed to assure more even distribution of available supplies.

Life insurance figures show that one child out of every 280 children born in the United States is born after its father's death.

Uncle Sam Pins Orchids On Local Women For Saving Used Fats!

Things have really been happening to fat-salvage-collection figures since town and farm women got busy on the job! Latest official government records show that their fat savings have left the excellent record of city women way behind.

But it isn't a drop too much. This year, we face a shortage of 1 billion, 500 million pounds of fats in domestic supplies. Tons more of war and home-front supplies made from fats are needed! Farm folks get more meat these days than most city people—so it's up to them to save the fats. Skim stews, soups, gravies, Scrape pans. Melt down meat trimmings. It all helps you fill the fat-salvage can, and you get up to 4¢ and 2 red points a pound. If you have any difficulty, call your Home Demonstration or County Agent. Approved by WFA and OPA. Paid for by Industry.

. . . and a Prayer for Lasting Peace

In this hour of final Victory, we pause in our rejoicing to give thanks to the Almighty under whose Guiding Hand the forces of right and justice have triumphed.

Our feeling of joyous relief that an end to bloodshed has come at last is tempered by thoughts of those who will not come back—the gallant men and women who gave their lives to help make the Victory possible.

Let us solemnly resolve that their sacrifice has not been in vain . . . and let each of us do his utmost to help build a better world in which men and women of all creeds and all nationalities may live together in happiness and lasting peace.

MORE TO MARRIAGE THAN MAKING A HOME!

Preparing meals, caring for youngsters, keeping her home neat—that's a part of the day's work. But Mrs. K. knows that there's more to a happy marriage than this. She knows that a cash reserve is vital to the safety and progress of her family. . . for emergencies, for unexpected opportunities. So she saves regularly!

The war is won and we are truly thankful. . . Now as the din of battle fades, we pledge anew to the accomplishment in fact of an enduring peace.

New problems face us—but Americans can muster all out effort in the cause of a secure peace just as they went all out in the pursuit of armed victory. Our fighting men and women as well as those who have played their part on the home front are now equal to the new tasks ahead of them.

The forces of evil represented by Hitler and Hirohito believed they could prosper more by taking what they wanted from others than by creating what they wanted themselves. Their utter failure has proved the folly of such thinking. They have proved that good deeds are the only paths to peace and prosperity.

Whether in the affairs of nations, of business houses or individuals the principles of fair play always win in the long run. The outcome of this war is ample proof of that fact.

We join our fellow Americans in celebrating this righteous Victory and promise to play our part in creating a bright and happy future not only for our Community but for our Country and the whole world.

MILLION VOTES ARE EXPECTED IN COMING ELECTION

TEMPLE, Texas, Aug. 17.—In contrast to some reports of little interest manifested in the approaching special election for submission of four constitutional amendments, Former Senator J. P. Greer, now state representative from the 55th District, said today that he confidently expected nearly a million votes to be cast in the polling August 25 date of the special election.

"The amendment creating a ceiling on public welfare spending and making possible larger old age pension payments, together with the amendment calling for an enlarged Texas supreme court, modeled after the U. S. Supreme Court, is catching the fancy of the people," Representative Greer said.

The representative further said that he expected all four of the amendments to pass. The other two amendments call for a free vote without payment of the poll tax to men in the armed forces who are otherwise qualified and an increased salary for members of the legislature, lowest paid members of the state government.

IMPROVEMENTS MADE ON COURTHOUSE

Improvements on the courthouse are in progress this week with a new roof cover for the entire building nearing completion. Also, the system of pumping water by pressure is being replaced by the installation of a water tank on the roof.

Completion of the improvements is expected by September 1.

★ TERRELL COUNTY HEROES ★ ★ ★ IN SERVICE ★ ★

ALBERT APPEL, JR.

was born December 16, 1918, in Sanderson, the son of Mr. and Mrs. Albert Appel. He attended school in Sanderson from the grades through high school, graduating in 1936. Before Albert entered the service, he was engaged in the ranching business. In November of 1944 he was inducted at El Paso, Texas, and sent to Camp Roberts, California, for basic infantry training for approximately four months. After a furlough in February, 1945 he went to Fort Ord, California, and soon shipped out for overseas duty. For a while he was stationed in the Hawaiian Islands before moving on to Guam. Albert was reported wounded in action. The following day, June 7, he was reported as having died of wounds received. Albert served in the 381st Infantry, 96th Division. He is survived by his wife, Mrs. Nelle Appel, parents, Mr. and Mrs. Albert Appel, and two sisters, Mrs. James Word and Mrs. Gene Thorn.

FREEDOM

These then are safe... The ending of wars throughout the world brings safety to the Four Freedoms, not only for Americans but for any of the peoples of the earth who are inclined to embrace them.

America has led the way in the past and now we must lead by example into a secure and war free future.
