FUNERAL SERVICES FOR R. D. ELDRIDGE HELD AUGUST 18

Former Resident of Terrell County Dies in Uvalde

Funeral services for Richard Dickson Eldridge, 78 years of age, were conducted Saturday, August 18, at 5:30 p. m. in the Sanderson Baptist Church, with the Rev. Clifford Spencer, officiating. Interment was in Cedar Grove Cemetery, with O. T. Suduth funeral directors in charge.

Mr. Eldridge succumbed in Uvalde, Friday, August 27, where he had been taken for medical treatment from his home in Sabinal.

Born November 7, 1872, in Loudon County, Tennessee, he had made his home in Texas for many years. Coming to Terrell County in the early 1900's, he operated a ranch in the Dryden country, and for several years was a partner in the mercantile business in Sanderson, operating the store of Smith and Eldridge. In 1928 Mr. Eldridge moved to Sabinal where he has made his home since that time. Mrs. Eldridge died in Sanderson in 1927.

Survivors include a daughter, Mrs. Hays Cavender of Uvalde, and two brothers, Sim Eldridge of Sabinal, and John, of Tennessee.

Pallbearers were J. S. Nance, Irvin Grigsby, Lynn Harrell, B. F. Dawson, Willis Harrell, and C. I. White.

Brief Resume Of Amendments To Be Voted On Aug. 25

Below is a brief resume of the proposed amendments to the Texas Constitution to be voted on August 25, 1945, and is given herein as each amendment will appear on your ballot:

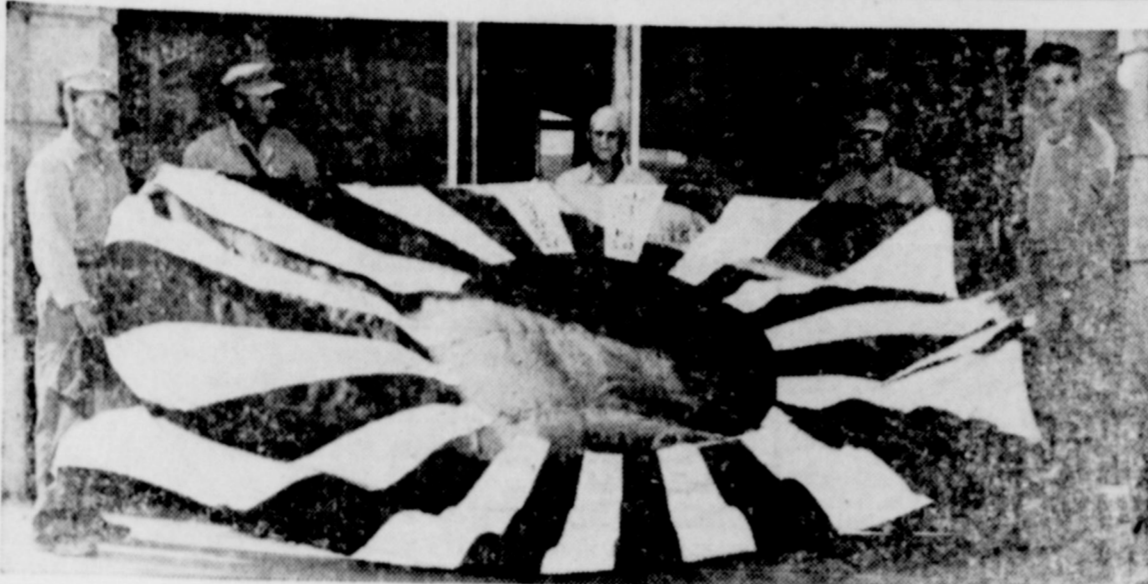

Amendment No. 1: This amendment provides that during the time the United States is engaged in fighting a war, or within one year after the close of the calendar year in which said war is terminated, no person, who at the time of holding any election in this State authorized by law, or who, within eighteen months immediately prior to the time of holding any such election was, a member of the Armed Forces of the United States or of the Armed Force Reserve or of the United States Maritime Service or the United States Merchant Marine, is required to pay a poll tax or to hold a receipt for the payment of any poll tax assessed against him, in order to vote at any election. The foregoing amendment, if adopted, does not give any person the right to vote who is a member of the regular establishment of the United States Army, Navy or Marine Corps.

Amendment No. 2: This amendment provides that members of the Legislature shall receive \$10.00 per day during their tenure of office, and in addition each member shall receive not to exceed \$2.50 for each twenty five miles as mileage in going to and returning from the seat of government for sessions of the Legislature.

Amendment No. 33: This amendment provides that the Supreme Court shall consist of a Chief Justice and eight Associate Justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case. Our present Court consists of three Justices and a Commission of Appeals composed of six Judges who now assist the Supreme Court without power to vote and this amendment, if adopted, will make the six Commissioners full members of the Court with voting power and decisions.

Amendment No. 4: This (continued to page 4)

The Commanding General Gets a Flag

Captured by the Sixth Marine Division on Okoku Peninsula, Okinawa, a large Japanese Imperial Navy ensign is presented by Major General Lemuel C. Shepherd, Jr., (left) division commander, to Major General Roy S. Geiser, commanding general of the Third Amphibious Corps. (The latter since has been advanced to the rank of lieutenant general and is now commanding general, Fleet Marine Force, Pacific.) Above, the large ensign is displayed by a quintet of officers; from left to right, Colonel John C. McQueen, chief of staff; Brigadier General William T. Clement, assistant division commander; General Geiser, General Shepherd and Captain Edward C. Kiehligher, General Geiser's aide. The Sixth Division participated in some of the fiercest fighting in the battle of Okinawa. (U. S. Marine Corps Photos)

M. J. Stern of Carrizo Springs Dies Friday Morning

M. J. Stern, about 58 years of age, and a resident of Carrizo Springs, Texas, died in a local tourist court Thursday morning about 3 o'clock.

Stern in company with L. D. White of Catarina, Texas, and Bill Tisdale, also of Carrizo Springs, formerly a resident of Terrell County, were enroute to Fort Stockton to receive a stolen car, and were to return the car to Carrizo Springs.

According to a coroner's verdict, Stern died from a heart attack, having been subject to such attacks for some time. The remains were carried overland to his home, Friday morning.

Miss Pauline Bell Honored at Shower Saturday Afternoon

Miss Pauline Bell was the nonoree at a shower Saturday given in the home of Miss Bernice Harris, with Mrs. L. B. Gross acting as co-hostess.

Summer flowers graced the rooms, were guests were received from four to six o'clock. Miss Doris Cochran presided at the punch table, from which the guests were served cake and punch, and Mrs. Gross was in charge of the guest book.

Thirty guests called during the afternoon.

SELLS YEARLING RAMS

The sale of 75 head of Rambouillet-Corriedale cross yearling rams, was announced this week by R. N. Allen. The buyer was Bill Fields of Sonora, who paid a straight \$25 per head for the animals.

Mr. and Mrs. C. H. (Pete) Deaton and son, Michael, of Hollywood, Calif., are visiting with their parents, Mr. and Mrs. J. H. Deaton of Longfellow. They were accompanied to Longfellow by Mrs. Deaton's brother, Arthur Torrey of San Dimas, Calif. The party left Monday for Carlsbad, N. M., but will return to Longfellow before returning to their homes in California.

Mrs. Doc Wyche, and children returned to Fort Stockton Thursday, after spending a month in Sanderson with her husband.

Mrs. N. H. Thorn and daughter, Joyce, returned Wednesday from Del Rio.

WAR EQUIPMENT TO BE STORED FOR FUTURE USE

DALLAS, TEXAS, Aug. 24—America's big guns and other heavy artillery equipment which have brought peace to the world, may be stored in hermetically sealed containers instead of being scrapped.

In cooperation with the Army methods and procedures for this storage program are being developed by the United States Steel's American Bridge Company plant in Ambridge, Pa.

Extensive research and experiments have been under way for several months. A welded steel container closely resembling the Army Quonset hut has been developed. The equipment, after being stowed in these sealed-in units, will be subjected to an inert gas atmosphere which, replacing the normal atmosphere with its corroding factors of oxygen and moisture, it is anticipated will prevent deterioration of the contents over a long period of time.

Equipment so preserved will be ready for use in the event of another Pearl Harbor. Under the plan now being worked out reconditioned artillery pieces will be delivered to the Ambridge plant for "packaging" and ultimately shipped to designated storage locations.

The containers are designed for storage almost anywhere under extreme temperatures ranging from 60 degrees below to 170 degrees above zero.

Should it come time to open the "cans" and use the guns again a burner's torch would do the trick.

Mrs. James T. Moses, and son, Jimmy, returned Wednesday from Mt. Pleasant, Texas, where they have been visiting with her husband's family. Pfc. Moses is at present attached to a service company in Germany. Prior to induction in the armed forces he was Vocational Agricultural supervisor at the Alabama Coushatta Indian Reservation, located near Livingston, Texas.

The Rev. and Mrs. John Klansen and three of their children Albert, Amie, and David returned Monday from the Boys camp meeting, which they attended the past week.

Mr. and Mrs. A. B. Gates and daughter, Mary Nell, left for San Diego, Calif., Monday to visit their son and brother, S-2c A. B. Gates, Jr., who is stationed at the Naval Base there.

Livestock Markets Record Slight Drop In Cattle Trading

LOS ANGELES UNION STOCK YARDS, August 24, 1945—Livestock markets during the past week were more or less nervous as a result of the sudden ending of hostilities in the Pacific and resultant interrupted slaughter. Better grades of steers were little changed but common kinds drifted 25c or more lower. She stock closed steady to 25c lower instances off more on dairy cows. Bulls, calves and replacement stock showed relatively little net change.

A feature of the trade at the Los Angeles Union Stock Yards for the week was the larger shipments from more distant areas. Consignments were noted from Washington, Oregon, Idaho, Kansas, Oklahoma, New Mexico, Texas, Utah and Montana, in addition to offerings from California, Nevada, and Arizona points.

Extreme top of \$17.50 was registered on a few head of experimentally fed steers. One load of good fed steers moved at \$16.35 to \$16.80. Other fed kinds sold down to \$15 and quite a few loads of Mexican and off-colored grass steers at \$12.50. A few select young cows brought \$14 to \$14.50 but most of the medium to good grass-fed offerings cleared at \$11.50 to \$13.75. Very few dairy type cows over \$12.50, with \$10.50 to \$12 taking most of these classes. One load of good choice calves brought \$15.75 on outside account. Most good calves and weaners \$14 to \$15.25. Stock calves ranged up to \$14.25. A few goon feeders brought \$14.50 to \$14.75, with other sales at \$12 to \$14.50, some down to \$12.

Hogs continued to hold at ceiling prices, 15.75 taking good and choice butchers of all weights with a few sows at \$15. Several hundred feeder pigs were absorbed at \$25 to \$27 per cwt.

Sheep and lambs were scarce and values underwent little or no change. A few just good kinds of spring lamb sold at \$14.25 to \$14.50. Choice grades were nominally quotable to \$15. Feeder buyers paid \$13.25 for some 70 lb. lambs. Ewes were virtually lacking.

Mr. and Mrs. Hays Cavender, of Uvalde, were here Saturday to attend funeral services for Mrs. Cavender's father, Richard Dickson Eldridge.

TERRELL COUNTY RECEIVES DDT FRIDAY AUG. 17

Project Underway To Rid Sanderson of Flies—Mosquitoes

W. I. Marschall, District County Agent for District 6, Texas was in Sanderson last Friday to supervise the use of the DDT which the county has secured for the purpose of spraying business houses, residences, and all breeding places of flies and mosquitoes.

It has been suggested by those in charge of this work, that anyone interested in having their premises sprayed, to contact Judge S. M. Wilkinson, R. E. Corder, or call 101. Judge Wilkinson and Mr. Corder are supervising this work, and ask that those persons interested in having their window screens so that they may be removed from the windows for thorough spraying.

Due to the fact that the DDT is mixed with kerosene oil, which naturally is of oily content, no houses will be sprayed inside unless so ordered by the occupants of the house, or ordered by the owner of such property.

It is hoped that all property owners will cooperate in this undertaking, so as to eliminate all breeding places of flies and mosquitoes, which of course means cutting down the possibilities of diseases that are known to be carried by these insects.

Supt. C. G. Bradford Announces Faculty For School Opening

The 1945 school term will begin Monday, September 3, with a general assembly in the auditorium at 9:30 a. m., C. G. Bradford, superintendent, has announced. After a short program the pupils will report to specified rooms for registration. Immediately following registration text books will be issued to students from the book room.

Short classes will be held in the afternoon when assignments will be given. The following teachers have been announced as members of the 1945-46 school term:

High School faculty—Miss Margaret Lattimore, Homemaking; Mrs. Isabel Hasty, Science; Mrs. C. G. Bradford, History; and Miss Alma Jo Dean, Commercial.

GIFTS OF GOD

Draw on your imagination for a moment and consider with me an altogether improbable circumstance. Suppose a well-groomed gentleman with an easy flow of language should mount an improvised platform in the public square of an agricultural county-seat town next Saturday afternoon, play a popular phonograph record through a loud speaker to get an audience, and then should say:

"Ladies and Gentlemen—there is just so much water in the entire universe; so much and no more. Any time you drink more of it than you need to quench your thirst you are greedy because some unfortunate person somewhere on earth wants water. He is thirsty. His throat is dry and his lips are parching. And it is all for want of the water which you so wantonly swallow."

It Is Not True

Such a speaker would soon lose his audience. People would walk away and leave him. Some of them might think about having his head examined because they know his ideas are out of joint. There is no connection whatever between one man's abundance of water and some far-away stranger's thirst. The need of the sufferer, even if he were a victim of cruelty, is apart from the owner of a good well.

But the speaker might hold his audience if he said something like this: "Ladies and Gentlemen—there is just so much wealth in the world; so much and no more. Anybody with more than he needs for food, clothes and shelter is greedy because there are many people in China and India who never had a square meal in their lives. They stay poor because a few people get very rich."

Another Fallacy

This speech is no nearer true than the one about the water. Both have some facts in them but they are not related facts. I am not trying to say that wealth is free and cheap like water, but I am saying this: My neighbor's fine home and big car have cost me nothing. He has more than I have because he (or his father maybe) has more wealth-creating ability than I have.

There is no such thing as oppression of the poor. There is such a thing as exploiting labor. It is a crime which Jesus decried openly. It is also a short-sighted vice because it leads toward poverty and not toward wealth. "Good money in circulation" is a manifestation of prosperity and it occurs only in lands where workers are well paid and thus permitted to maintain good homes and live in comfort.

America's Blessing

Workers are well paid in America, twice as well as in England and six times as well as in Russia, and America is a rich country. Families live on \$1 a month per person in China—China is a poor country. Is China poor because America is rich? No! Without the United States as a customer, and supplier, the Orient would be poorer still. The difference is that we have liberty, and they have oppression.

We Americans receive countless benefits from God's hand that people in other countries never heard about. Is God partial to America? Certainly not! Our benefits come through a channel that the rulers of other countries have blindly and selfishly closed by exploiting labor. Our God-fearing ancestors opened it for us long ago. The channel is personal freedom, protected by representative, constitutional government.

Mrs. L. M. Wooten and two daughters, Donna and Sharon, returned Wednesday from Del Rio.

THE OZONA STOCKMAN - Toots Mansfield, the nation's top calf roper, showed true championship form as a participant in Ozona's two-day western show Saturday and Sunday by hanging up the best two-day average to win a handsome \$200 saddle donated as a prize by business firms of Ozona.

Mansfield was better than a second ahead of the field in the first day's roping to win first money. His time on his first calf was 12.9 seconds. The second day, he wrapped up his calf in 13 seconds, but a sizzling 12.3 by Andy Bode of Del Rio sacked up first day money. However, Mansfield 25.9 total for the two days was over five seconds better than his closest rival, who was, by the way, Brother Bob Mansfield from Encinal, Texas and Harry Howard of Rankin who tied for second and third place with 31.5 N. A. Peacock of Aspermont, Texas, was in fourth place with 32.2.

THE FORT STOCKTON PIONEER-The Fort Stockton Independent School District board of trustees have been granted authority by voters of the district to levy a maintenance and operations tax of up to \$1.15 if necessary to finance school operations.

In a quiet election Saturday the proposition was approved by a 51 to 9 vote. The full amount

will not necessarily be levied by the district, but any portion required to finance school operations may be levied.

THE ALPINE AVALANCHE-The 1945-46 term of Alpine public schools will open Sept 10, it was announced this week by Supt. Hugh Waldrum, who stated that only four vacancies on the faculty remain to be filled.

High school registration will begin Sept. 7, seniors at 9 a. m., juniors at 10:30, sophomores at 1 p. m., and freshmen at 2:30 p. m. All students desiring to take Band are requested to report to Mr. Carrico at the high school Tuesday, Sept. 4, 10 a. m.

THE UVALDE LEADER-NEWS-Sixty-nine No. 1 Angora billies offered in the annual sale at Junction last Saturday brought an average of \$93, according to P. E. Gulley of Uvalde, who served as auctioneer. The approximately 130 head of No. 2 bucks brought an average of \$42.

Top price for the sale was paid by John Pyle of Menard for a billie bred by Will Allison of Roosevelt, the goat bringing \$375. The entire lot of 15 head of does consigned to the sale sold at an average of \$38, with the top doe, an animal bred by Sam Cooper of Leakey, was sold to Mrs. Charles Raine of Uvalde for \$69.

THE BIG BEND SENTINEL, Marfa.-Marfa National Farm Loan Association members this week received notice of their 1945 meeting-Saturday, September 1 -at 10:30 o'clock, to be followed by a luncheon at El Paisano Hotel, where the business meeting will be conducted.

J. C. Fuller, secretary-treasurer, said Tuesday that two directors will be named, H. B. Holmes' term expires and someone to fill the unexpired term of J. W. Merrill also will be elected. C. E. Miller was appointed by the directors, January 1, to succeed Mr. Merrill who became ineligible as a director at that time.

Other directors are C. F. Cox of Alpine, R. W. Mellard, C. E. Conring of Valentine. Mr. Cox is president, Mr. Fuller, secretary-treasurer, and Mrs. Frances Tipps, assistant secretary-treasurer.

Federal Land Bank Loans are now limited to sixty per cent of appraised value, rather than fifty per cent as heretofore, Mr. Fuller stated. Outstanding commissioner loans are being bought by the Federal Land Bank.

THE MARK OF THE BEAST

Rev. 13-15, 18

The King James Holy Covenant (Bible). The only Record Christ and God have in EARTH, "IT WAS ORDAINED BY ANGELS IN THE HAND OF A MEDIATOR: THE MAN JESUH CHRIST."

It was partly written in Paradise before given to Moses, still on record there in the Tabernacle. Given Moses 1367 B.C. Gal. 3-19. 1st Tim. 2-5. 1st John 5-10, 11.

"THE BOOK OF THE WARS OF THE LORD" Danl. 11-30, 32. Numbers 21-14.

This Holy Bible is Given into our Hands in 1915, while I was husking corn to declare and testify until Judgment day, very soon. As prophesied an English King would translate this holy scripture into the English Language, fulfilled in King James I, in 1611. When I read Rev. 2-26 long ago Jesus said to me, "This is for You." God Blessed is this to us. Rev. 1-3 also. All Revised Bibles are False. Rev. 22-8-19. 2nd Peter 3-16. Prov. 30-6. First given in Earth in Mt. Sinai UNDER THE FOURTH SEAL. Danl. 12-9. Rev. 6-7-8.

CHRIST WILL NEVER SIT ON DAVID'S THRONE, in this Earth again. Never. Later I hope I can quote the Prophecy, but for now: On Resurrection morning, Christ sat ON DAVID'S THRONE WHICH WAS BUILT IN PARADISE BEFORE, and they REJOICED because the Power of Christ's blood had resurrected 144,000 of Israel, they played their Harps in Heaven, Christ rose up from David's throne, and bulded the "BRIDE, THE HOLY CITY" IN ONE HOUR, all this I will prove, but an 18 year old child can see that the "BRIDE" is the "HOLY CITY above." Rev. 21-2 and 9.10, the SAME DAY, Luke 17-29-30. God Melts this Earth, makes it the Lake of Fire, He will Create a NEW EARTH and set the Holy City down on the NEW EARTH. There is not a Nation large enough on this Earth to place it.

THE GENEALOGY OF THE EARTH: MAN AND WOMAN AND ALL PEOPLE, AS IS WRITTEN IN DEEP SPIRIT OF THE HOLY GHOST IN THIS BIBLE.

God taught me this when I was working my regular Morse Telegraph hours at the W. U. Tel. Co. main office, where I was then and for years working the Board of Trade wire into "EX" Chicago, as well as all other wires in that office, given me in March 1930. I have since Retired at the age limit. God said, "Hold this until I tell you to publish." I held it 13 years, when he said on April 9th 1943, "You may now publish YOUR Genealogy." Never been published but twice, but He says for to bring it forth Now, seeing the mighty DECEPTION ON EARTH.

This world has been built up, principally by the Morse Telegraph, and the English language, to its highest plane of Prosperity, Agriculture, Educational Institutions, Professions and every other GOOD, Upbuilding way. The first Morse message was sent from Washington to Baltimore, by Samuel F. B. Morse in 1844, and that message is in this Holy Bible, Covenant, "WHAT HATH GOD WROUGHT!" Numbers 23-23.

Germany has broken down about 17 Nations, The Kings of the EAST, Rev. 16, are nearly all destroyed or exiled, as prophesied, about all that is left are, "Chancellors" and "Premiers." When this world war which began in 1914, now closing, ends there will have been killed over six hundred million men, besides women and children, burned and otherwise destroyed.

THE GENEALOGY AS WRITTEN IN WELL HID PROPHECY, DEEP KNOWLEDGE OF GOD

"And as He sat upon the Mount of Olives, the Disciples (4 of them) came unto Him Privately, saying, TELL US, when shall these things be? And what shall be the sign of Thy coming, AND OF THE END OF THE WORLD? And Jesus answered and said unto them, TAKE HEED THAT NO MAN DECEIVE YOU. For Nation shall rise against Nation, and Kingdom against Kingdom; (This is fulfilled, since 1915 every Nation and Kingdom in Earth, in some way have been in this world war, which began in 1914, now finishing) and there shall be FAMINES (if God lets this Earth stand another winter, this FAMINE will be on our people to starvation by many, not because of shortage of foods, but BY LAW, ALREADY SET UP, Danl. 12-11.) and pestilences, and Earthquakes in diverse places, (My records shows, beginning Dec. 7th, 1944 when the world quaked six hours, there have been 32 Earthquakes.) When ye therefore shall SEE the Abomination of Desolation, spoken of by Daniel the Prophet. (Right in these words He REVEALS to me, that Daniel's Prophecy of the WORLD WAR had NEVER been fulfilled, we declare it began in 1914) stand in the Holy Place We walk and stand in His Holiness every day) (And as before, we do not accept Military Protection, God has never permitted such of any of His Prophets, who so readeth let him understand, we do and have Communion with Him every hour, 2nd. Cor. 13-11,14) "IMMEDIATELY AFTER (NOT BEFORE) THE TRIBULATION of those days shall the Sun be darkened." The "GREAT TRIBULATION WILL END AT WASHINGTON D. C. Matt. 24-3, 7, 8, 14, 15, 21, 29, 30, 31 God himself will Confirm our Every Prophecy with, "AND FEARFUL Sights and Great (which have not yet appeared, yet we have watched other signs since in 1931, published even in Jerusalem) SHALL THERE BE FROM HEAVEN." St. Luke 21-11. I will therefore Prove before the Highest German Court in Earth, That, TO WIT:

Now a few words by the SPIRIT OF TRUTH which we have received, for since that day, we are NO MORE NATURAL, but we are "partakers of the DIVINE NATURE," 2nd Peter 1-4. To the German High commanders, not yet in Hell, as is King the German, whom God sent an Angel and Killed him, set Soul into Hell, He was never Buried, thus the GRAVE is in Acts 12-23. Von Runstedt, Adolph Hitler, Rommel, Von Goebbels, von Bock who destroyed and finished the Russian, Oct. 1942, von Brauchitsch, High Commander, who died Poland, then France, and as Prophesied Annihilated London, dued the English Empire, which God set up, and Prophesied, Fall, already fulfilled. Daniel's prophecy, and later I published this Prophecy. Mr. Burke, the Congressman from Nebraska introduced the CONSCRIPTION bill, with Mr. Wade who announced that Our Soldiers would not have to leave Country, became Law in a Time of PEACE. Wadsworth's agreement as we heard it over the Radio. Von Luckner, who many of our Battle ships right off New York Harbor, and Harbor. All Infidels, all Jews who do not believe in Christ's all the Present German, and Allied Nations against the namey, Austria, and Hungary, their Military officials as we ours, who are against this Holy Bible, all Church Organizations denying Christ's blood, all Ministerial Associations, among Unbelievers, Every Government Document on Earth, all against Our Prophecy, I say again to all of you, that every ernment Document dated, every letter dated in all the Earth use the date of the Year of the Birth of that God Blessed Baby Boy, that is of the Tribe of Juda, that God Blessed which I hear Blaspheomed, his words of Authority, you use that he was Born, for reckoning TIME and dating all papers. He Christ, was born June 24th A. D. 1. you date all your papers 1945. I am the only man Given as written his exact Birth Christ was Crucified Jan. 15th, Resurrected Jan. 17th A. D. written.

THE GENEALOGY CONTINUES

From King Belshazzar, the German, who God killed, the night Daniel said it would be, from the end of the 70 years Christ ---386 Years.

Christ to King James I, of England, whom God Authorized to translate this book, done in 1611, whose people have FORSAKEN Danl. 11-30, 33 ---1566 Years.

King James I, to birth of Dobbins, this Prophet in 1870 Years.
Dobbins, Prophet sent by God and Jesus, Matt. 23-33 16-16 raised a Duck Hunter, Isa. 44-7, to 1930 ---59 Years.

Therefore the total number years since God Created this Beginning at Mid-night Jan. (Agib) 1st, year 1, first Ordained Saviour's Blood preached against nearly everywhere, but was I, and our Children Born to us, have Obeyed It, Rachel is Preacher but a Prophetess, 1st Cor. 14-34. 1st Cor. 14-22 to 2-17,18. Preached by us, "WITH THE HOLY GHOST SENT FROM HEAVEN." 1st Peter 1-12. These years including 1915 ---594 Years.

THE MARK OF THE BEAST. "And that no man might BUY or SELL, save he that had the MARK, or the Name of the Beast, NUMBER of his Name." Rev. 13-17. Now for about 16 years Official County paper here, my headlines were about these "Kaiser Wilhelm, is world King, His Number is '666", His and Superscription will be on the world money, the Reich-Mark, Gold, will be the Unit of Value of the World Money system which will be the German Mark." This Prophecy HAS CHANGED.

Now we working people all know about when this Number Our people began, and I prophesied in one of my previous Testimonies that it would be so, but the almost complete failure of this, is now, about all except this German Gold Money will come out of this "NEW WORLD ORDER", we all have TESTIMONIES. "And He (The German Kaiser and his Prophecy) Both SMALL (we all know that down to our Small Babies, all have a Rating book and these Books are all on Record at Washington, as well as other Nations, cannot BUY or SELL, most Generally just now without the MARK in their Right Hand, (German money in hand to buy their Foreheads." This will be the GERMAN MILITARY ON THEIR CAPS in front, FOREHEADS. Rev. 13-16, 17, 18.

THE PENALTY for using this German World money was prophesied in Rev. 14-9 to 12. But not until that money was LAW. So we have all been NUMBERED. Well Jesus Christ was NUMBERED as other CRIMINALS. St. Mark 15-28. We are Both FREE FROM SIN in this Mortal Body. Rev. 12-12. Have many Gifts, Righteousness, Knowledge, Wisdom, prophecy. Acts 2-17,18. 1st Cor. 12-28 to 31.

Cash on the Clothesline

OKINAWA (Delayed) — On
Okinawa, they hang their
money out to dry, according
to Technical Sgt. Stanford
Opotowsky, Marine Corps
combat correspondent.
This latest note on the
value of money came just
after a Marine amirac driver
was paid. Making a run to
a ship in the harbor, he was
soaked when a wave broke
over his vehicle.
Returning to his bivouac
area, he pinned the money to
a line with clothespins, left
it to dry, and went about his
business.
"Afraid someone would steal
it?"
"No," he said. "The money
wouldn't do 'em any good out
here." But, he added, "some-
one might swipe my clothes-
line—that's what bothers me."

will not endanger your family.
Be sure that flies are kept away
from food, drink and utensils
used in the preparation of food.
Make sure, if you live in rural
districts, that outside privy
vaults are tightly covered so as
not to permit the entrance of
flies. Infections from this
source can be picked up and
spread to human beings through
contact with food, drink, and
utensils. Keep all garbage cov-
ered until collected or buried.
Eliminate all breeding places for
flies and you will be helping your
community in its work of con-
trolling communicable disease
and preventing unnecessary ill-
ness.

AT THE PRINCESS— MURDER RECORD BETTER THAN BLUEBEARD'S

Humphrey Bogart observes a
milestone in his film career with
the achievement of his twenty-
fifth murder in Warner Bros.
exciting new melodrama, "Con-
flict," in which he co-stars with
Sydney Greenstreet and Alexis
Smith coming to the Princess
Theatre Wednesday and Thurs-
day.

While most of Bogart's mur-
ders have been committed with
a gun, this one is accomplished
with his bare hands around her
throat.

It occurs on a lonely, windy,
hill where he lies in wait for
her to come along in her auto-
mobile.

Seven of Bogart's murders
were committed on the stage,
the other eighteen in films.

"I was afraid I might not
reach the twenty-fifth," says the
star. "I was a good man in 'Cas-
ablanca,' 'Action in the North
Atlantic' and 'Passage to Mar-
seille.' This is much more ex-
citing."

The star's motive for his lat-
est murder is unusual for him.
Generally, it is simple necessity
to rub out a rival crook. This
time it is to clear the way for
marriage to Alexis Smith, who
plays his sister-in-law.

"WOMAN IN THE WINDOW" A DRAMA OF MOUNTING TENSION AND THRILLS

An unexpected crisis in the
lives of a quiet professor and a
beautiful woman is strikingly de-
veloped in "The Woman in the
Window", International Pictures
newest offering for RKO Radio
release. Showing at the Princess
Theatre Sunday and Monday.

Starring Edward G. Robinson
and Joan Bennett, the film story
vividly recounts the dramatic
experiences of a psychologist who
is forced to kill a man in self
defense, but under circumstan-
ces which would inevitably
wreck his career and drag down
his feminine partner if the
authorities should ever find out
about it.

Accordingly he takes steps to
remove the body and leave no
clues which would involve him-
self or the woman but he reckons
without the persistence of the
police, and without the fact that
the dead man had a bodyguard

Japs Who Chose to Surrender

Here is one group of the large number of Japs on Okinawa who chose to surrender rather than to be killed or to commit hara kiri. Those who surrendered were poorly garbed and emaciated, but the fact that so many chose to give up indicates a possible change in the Jap viewpoint on surrender. (U. S. Marine Corps Photo)

GO BACK TO SCHOOL TEEN AGERS URGED

Enrollment of 250,000 more
boys and girls this fall than
last is the goal set for this
year's Back-To-School Drive
sponsored by the Children's
Bureau, U. S. Department of
Labor, and the U. S. Office of
Education, Federal Security A-
gency, the Department of Labor
says.

The appeal this year is being
made in particular to those who
are in summer jobs, those who
have been laid off from full-
time jobs and those who are
still in school but thinking of
dropping out to get a job. They
are being urged not to limit
their own opportunities, but to
go back to their job of first im-

portance—completing their high
school courses, so that they may
be prepared for post-war oppor-
tunities and citizenship respon-
sibilities.

"For four years," Katharine
F. Lenroot, Chief of the Child-
ren's Bureau, says, "War pres-
sures have pushed high school
enrollment down and child-
labor up. This trend must be
reversed. We must start re-
conversion now, as far as the
youth of the Nation is concern-
ed, and one way we can do it is
to get every community to sup-
port the Back-To-School Drive
this fall."

who is not above schrewd black-
mail.
The mounting tension, as the
two victims watch the police net
closing in about them and at the
same time try to deal with the
blackmailer, makes the film un-
usually exciting, and affords
both stars exceptional opportu-
nities to display their acting tal-
ents.
Raymond Massey heads the
supporting cast as a district at-
torney who, as a close friend of
Robinson's keeps him tortured
by informing him of the progress
the authorities are making
with the case.

cy Peavy spent the week-end in

Your electric refrigerator may have enough years of faithful service behind it to rate a "discharge," but it will have to stay on the job until replacements are available an indefinite number of months from now. Initial production of new refrigerators is reserved for hospitals, blood banks, the Army, Navy and other high priority users, so continued good care of your present refrigerator is a "must" for some time to come.

FOLLOW THESE TIPS ON REFRIGERATOR CARE:

- Defrost whenever frost on freezing unit reaches thickness of 1/4-inch. Excessive frost retards cold-making.
- Do not store hot foods. Let them cool first.
- Keep liquids in covered containers. Moisture drawn to freezer speeds formation of frost.
- Do not maintain food compartment temperature below 40 degrees. Use fast freezing sparingly.
- Do not crowd shelves. Allow room for cold to circulate.
- Do not open door oftener than necessary and always close it quickly.
- Keep unit compartment clean; condenser coils dust-free.
- Place refrigerator so that air can circulate freely under, behind and above it.
- Oil open unit models periodically per manufacturer's directions. Sealed units need no oiling.
- Have your refrigerator checked by a competent serviceman at the first hint of trouble.

PETROLEUM MAPS NOW READY FOR DISTRIBUTION

AUSTIN, Texas, Aug. 23—A long-awaited geological petroleum map of Texas, eventually to be printed in three colors, is now ready for distribution as a pre-print in black and white. Dr. E. H. Sellards, director of the University of Texas Bureau of Economic Geology, has announced.

The map shows the oil, gas and distillate fields of Texas, in an exact size by a scale of one inch to eight miles, and correct as to location and area. Dr. Sellards said.

Prepared by the Bureau of Economic Geology from original sources assembled by Leo Hendricks, geologist, with the aid of oil companies of Texas, the map is in three sections—southeast, northeast, and northwest quadrants.

"The value of this map will be in the accuracy of needed facts about the oil and gas, and distillate fields of Texas," Dr. Sellards said. "Being in three sections, it will be more convenient to use, and will prove valuable to many types of businesses."

When the color map is eventually finished, it will also show geological contours, which the black and white map does not show.

Copies of the map may be obtained directly from the Bureau.

National War Fund "Victory" Campaign Slated for October

AUSTIN—The October "Victory" campaign will be the last drive on behalf of the National War Fund, Judge Ben H. Powell, president of the United War Chest of Texas, announced today.

Following completion of the 1945 campaign, which will raise funds to keep USO and other war fund agencies going until America's fighting men have been returned home, both the United War Chest of Texas and the National War Fund will liquidate, Judge Powell said.

The state war chest leader called on all Texans to make the October "Victory" drive the greatest of all.

"Through our generosity in this final campaign, we can show our fighting men and our allies our full appreciation for their sacrifices," Judge Powell declared. "Funds raised this year will maintain USO-Camp Show operations for our men still abroad and for occupation troops, and provide vitally-necessary aid for suffering war victims in liberated areas."

"It should be our greatest effort, for only by generous response to the appeal of humanity can we prove to the world that Americans can be as generous in victory as we were determined in war."

"Millions of our men still are overseas, and large numbers will be left on occupation duty in Europe and Japan. We cannot abandon our service men now just because victory has been won. We must help them fight the battle of boredom, and prove to them that our appreciation of their great sacrifices is more than a mere phrase."

"And we must extend a helping hand to our allies in Philippines, in China and in other liberated countries, in order that they may once again take their rightful place among friendly nations."

"We can't let them down now, just because the fighting is over."

Judge Powell urged Texans in every part of the state to an all-out effort on behalf of the coming campaign, through which the nation must raise \$115,000,000 "for our own and our allies."

Texas, which went over-the-top in two previous war fund drives, has been given a quota of approximately \$4,500,000. This means that every community and county will be asked to give this year approximately the same amount as contributed during the 1944 campaign.

The National War Fund drive will open October 1, with local community and war chests canvassing every residential and business area in Texas.

Baking powder, when thrown on a small blaze, will decompose, producing carbon dioxide and the acid salts will fuse and coat the burning materials and extinguish the fire.

5 Good Country Tricks for Saving More Used Fats

This year our domestic supply of fats and oils will be approximately one and one-half billion pounds less than last year. Right now, we are facing our worst fat shortage since the war began. To make up for this staggering loss, the government is depending on the women of America—and particularly women on farms and in smaller cities.

Every spoonful, every drop of fat is needed to help make battlefield and homefront essentials. So roll up your sleeves and do an all-out job, won't you? Clip this checklist and pin it up in your kitchen as a reminder.

- FRIED SALT PORK**—with milk gravy. Salt pork yields so much grease, you won't need it all for gravy. Pour the rest into the salvage can.
- DEEP FAT FRYING**—use the fat over and over, but when it's too dark and smelly to use any more, don't forget Uncle Sam wants it!
- ROASTS AND CHOPS**—save all trimmings (scraps from plates, too.) Keep them in a small bowl; once a week melt them down.
- SAUSAGES**—they're better if you parboil them first. Skim the fat off the cooking water—scrape the fat from the frying pan.
- CHICKEN SOUP**—chill it before you use it. Scoop off the hardened grease (soup tastes better, too!)

When the salvage can is full, take it to your butcher promptly. He will give you 2 red points and up to 4c for every pound of used fat you turn in.
