## Sanderson Eagles Try San Felipe Mustangs Tonight At Del Rio

The Sanderson Eagles leave Friday afternoon for Del Rio to play their first game of the season with the San Felipe Mustangs.

C. G. Bradford, Superintendent of the Sanderson School, acting as temporary coach, until such time as a coach may be secured stated Thursday that he would take a squad of 18 boys to Del Rio.

Having been defeated by the Mustangs in their first game last year, the Eagles are determined to avenge that defeat this trip.

The game is called for 8:30 p. m. Friday, under the lights at the new San Felipe stadium. It is hoped that since gas rationing has been lifted that a large group of fans will make the trip to Del Rio to lend their support to the team.

The following Eagles are to make the trip: Monte Goode, J. M. Harell, Bobbie Edwards, Bobbie Yeates, Budgy Talbot, Jimmie Davis, Willie Grigsby, Fitch McGill, Melvin Kennedy, Robert Joe Dishman, Temple Stumberg, David Thompson, Jose Olivares, Edward Chastain, Lowell Jessup, Arthur Calk, Natividad Carzivas and Santiago Sanchez. Dudley Harrison will also make the trip; he is manager of the squad.

## GASOLINE GRADES IMPROVE BUT PRICES ARE SAME

Gasoline will be better, but the price will remain the same. Carl B. Cochran, chairman of the local War Price and Rationing Board, was advised by William E. Bedford, price specialist of the San Antonio district Office of Price Administration when he explained that improved qualities of regular and premium grades of gasoline have appeared on the market, costing consumers no more than lower quality grades produced for civilian use during the war.

"Regular grade gasoline sold since mid-1944 has been generally about 70 octane. Now, this octane rating will move up to at least the normal level of 72 to 74 octane. And it may, in some cases, be in excess of 75 octane," Mr. Cochran declared. He pointed out that premium grade gasoline also is being improved, and, as a result, the minimum octane rating qualifying for the premium grade ceasings from 75 octane to 78 octane have been removed.

## Mrs. Herbert Brown Hostess to Members Of Friday Bridge Club

The Friday Bridge Club met Friday, September 7, at the home of Mrs. Herbert Brown. High score was won by Mrs. Conway Pickard, second high to Mrs. Austin Nance, and consolation prize went to Mrs. Horace Fletcher.

The house was decorated with bouquets of queens wreath and dahlias. The hostess, Mrs. Brown, served a delicious salad plate and iced tea to the following: Mesdames Bustin Canon, Tol Murrah, Austin Nance, Conway Pickard, Steve Stumberg, Johnny Williams, Jack Laughlin, Lee Holen, Bill Swanzey, W. H. Buchanan, Horce Fletcher, S. H. Underwood, Roger Rose, J. D. May, Jim Nance, and M. H. Goode, Jr.

Mr. and Mrs. John Nichols recently returned to Sanderson for a week to visit friends and relatives, and to move their furniture to San Angelo, where they are making their home. The Presbyterian Auxiliary members presented their ex-president, Mrs. John Nichols with a farewell gift of a candlewick bed spread, and a pair of sheets. Mr. and Mrs. Nichols decided on San Angelo as their home, after selling their ranch in the southeast part of Terrell county.

## HOME ON LEAVE

James Blackwelder, SSMC 2-c arrived Thursday to visit his parents, Mr. and Mrs. J. R. Blackwelder, and sisters, Ora Mae, and Marilyn. James has been stationed on Guam for the past 36 months. He enlisted in the U. S. Navy in 1942, and went overseas in March of 1943. He has a 30-day leave, after which he is to report to El Paso for further orders.

## SANDERSON P. T. A. OUTLINE PLANS FOR SCHOOL YEAR

The Sanderson P. T. A. met Thursday, September 6 at 4:15 p. m. in the High School Auditorium, for their first meeting of the 1945-1946 school year.

The meeting was called to order by the president, Mrs. Will Savage. Rev. John Klassen gave the invocation and the pledge of allegiance was said in unison. The program was then led by Mrs. Walter Grigsby, program leader for the year.

Three high school girls, Mary Alice Allen, Doris Lee Cooke, and Doris Duke, led the P. T. A. in the group singing of fellowship songs. Miss Edna Mae McAdams then played a piano selection. Supt. C. G. Bradford was the speaker for the afternoon. He discussed the programs that the P. T. A. will have this year, "The Family Builds the Future."

The P. T. A. has served the High School a Ditto machine at the cost of approximately one hundred dollars. The following room mothers were selected: 1st grade, Mrs. J. D. Vincent; 2nd grade, Mrs. Austin Nance; 3rd grade, Mrs. Fred Talbot; 4th grade, Mrs. A. J. Hahn; 5th grade, Mrs. James Caroline; 6th grade, Mrs. H. H. Saegert; 7th grade, Mrs. Mayfield; 8th grade, Mrs. J. L. Newton; 9th grade, Mrs. Pat Harris; 10th grade, Mrs. Terry Beckett; 11th grade, Mrs. Tol Murrah; 12th grade, Mrs. John Harrison.

The chairmen of the committees are: Program, Mrs. W. H. Grigsby; Membership, Mrs. M. H. Goode; Finance and Budget, Mrs. C. C. Mitchell; Publicity, Mrs. N. M. Mitchell; Hospitality, Mrs. W. T. Frazier; Room Mothers, Mrs. James Caroline; Publication, Mrs. B. F. Anderson; Health, Mrs. Sam Bell; and Historian, Mrs. J. W. Byrd.

The fifth grade received the \$2.00 that is given each time the meeting is held, to the grade with the most parents present. Mrs. C. C. Mitchell announced the P. T. A. would again sponsor the Southern School Assembly programs. Tickets will soon be on sale. The P. T. A. urges all those interested to watch the paper for dates and program selections. Attendance was good last year, and it is hoped for an even better attendance this year. Mrs. Savage then read a message from Mrs. Kay of Fort Stockton, District President, and one from Mrs. Becker, State President of the Congress of Parents and Teachers.

Miss Doris Cochran left Friday for Blackstone, Va., where she has accepted a position as physical education instructor in Blackstone College. She has been spending the summer on the ranch with her parents, Mr. and Mrs. Carl Cochran.

## Men Seventeen To Twenty-Five May Enlist in Marines

Men 17 to 25 are eligible to enlist in the United States Marine Corps—even though registered for induction. Applicants must have completed at least eight grades of school, be in sound physical condition, and in the case of 17 year olds, obtain written parents' consent.

This means that men under the jurisdiction of the Selective Service Act, now have their freedom of choosing to enlist with the Marine Corps at any time prior to being actually inducted into the Armed Forces.

Upon being accepted for enlistment, the applicant's draft board is notified that he is serving with the Marines by the Marine Recruiting office.

Provision is also made to accept men between the ages of 26 and 32, if they have had previous active military service in the Marine Corps, Navy, Coast Guard, or Army. This service will apply to longevity pay and total length of service credit. These men must enlist before one year has elapsed since their separation from the service.

In the case of discharged Marines: regular, reserve, or inductee—if these men apply for reenlistment and are accepted within 90 days of their separation, they will be reapointed to the temporary rank held at the time of their separation and the balance of the 90 day period will be allowed as a reenlistment furlough.

Write to or call personally at the Marine Recruiting Station, 905 Mills Building, El Paso or Marine Recruiting Station, Post Office Building, Lubbock, Texas for full particulars.

## Former Pastor Here Guest Speaker At Weatherford Church

The following article was taken from the "Couts Memorial Messenger," church paper of the First Methodist Church at Weatherford, Texas.

"On the second Sunday in August Rev. John V. McCall was guest speaker in Couts Memorial at the eleven o'clock hour. Rev. Mr. McCall is a retired Presbyterian minister, living at 105 West Lee Avenue. Although an octogenarian, he enjoys splendid health and delivered a very instructive and interesting sermon.

"At the evening hour Dr. P. E. Riley, District Superintendent, occupied the pulpit and as usual delivered a very helpful and scriptural message. Those who were absent from these two services missed an opportunity for spiritual uplift and enlightenment."

Rev. John V. McCall will be remembered as having served several years as pastor of the Sanderson Presbyterian Church.

## Presbyterian Church Members; School Faculty Entertained

The members of the Presbyterian Church enjoyed a picnic at the lovely ranch home of Mr. and Mrs. Joe Brown Friday evening. They had as their guests the entire school faculty and their families besides other friends.

The supper consisting of delicious barbecued meat, beans, spanish style spaghetti, potato and fruit salad, doughnuts, iced tea and coffee was served out on the terrace in the back yard. After supper, fellowship singing was enjoyed until a late hour. Between ninety-five and one hundred guests enjoyed the pleasant occasion.

R. E. Fred, former resident of Sanderson, was a visitor in Sanderson Wednesday and Thursday of this week. Mr. and Mrs. Fred are now residents of Rocksprings.

## GETS DISCHARGE

Gene Litton arrived home this week after receiving his discharge from a railroad battalion of the U. S. Army. Gene has served in the E. T. O. for the past 33 months, and is here with his father, E. B. Litton, and relatives.

## Lamar Ward P. T. A. In Regular Meeting Monday, Sept., Tenth

Lamar Ward Parent-Teacher Association met in regular session Monday, September 10, at 8 o'clock in the school building. The meeting was taken over entirely for a business session.

Among the things planned for the 1945-1946 school term are the buying of a suitable flag to be used for public meetings held in the auditorium and otherwise. Also a committee was named, Isodoro Flores, Pablo Ochoa, and Francisco Venegas to see about materials to install the drinking fountain which the P. T. A. has had on file for two years. The money was raised in the spring of 1943 but materials could not be had at that time and the money was put into a bond until materials could be secured.

All officers of the P. T. A. were present. These are: President, Mrs. Pablo Flores; Vice-President, Mrs. Rodolfo Alvarado; Secretary, Miss Ruth Murrah; and Treasurer, Francisco Venegas.

## Mrs. J. H. Lochausen Hostess to Auxiliary Members Monday

The circle meeting of the Presbyterian Auxiliary met at 4:00 p. m. Monday in the home of Mrs. J. H. Lochausen. The vice-president, Mrs. Joe Brown called the meeting to order. The hymn, "Others" was sung by the group. The secretary called the roll with the following answering roll call: Mesdames M. J. Shurley, J. E. Mayberry, E. J. Hanson, Sid Harkins, N. M. Mitchell, J. W. McKee, E. F. Pierson, Ernest Jessup, W. R. Holland, J. H. Lochausen, and R. S. Wilkinson.

The program entitled "What Shall I Say?" was led by Mrs. Wilkinson. She was assisted by various members with the scripture on witnessing. Mrs. McKee gave the survey article on the above subject.

After the meeting, Mrs. Lochausen served refreshing iced tea with brownies and fruit cake.

## Restrictions Lifted On Sale of Wool

Announcement was made this week by the Sanderson Wool Commission Co., to the effect that all restrictions on the sale of wool has been lifted.

In a letter received this week by the local warehouse from the National Wool Trade Association it stated as follows:

"The present order lifts restrictions on the sale of domestic wool which made the C. C. C. the sole legal buyer. Wool growers may now sell to anyone. However, the C. C. C. are committed to buy all wool offered to them at ceiling prices until June 30, 1946.

## Machinist's Mate 3-c William E. Lea, Jr., Now At Okinawa

WITH THE SEABEES ON OKINAWA—It will be some time before Okinawa will recognize itself—after the face-lifting given this battle scar of the Pacific by William E. Lea, Jr., machinist's mate, third class, Sanderson, Texas, and his Naval construction battalion operating there.

Two new hospitals rising from rice paddies and jungle undergrowth, are the latest additions by these Seabees. The modern building accommodates 600 men. The battalion is also credited with laying strips and landing fields here.

Arriving shortly after D-day landings, the unit's first duty was to unload supplies and ammunition, but this work didn't last long enough for these veterans. In a matter of hours the battalion had laid a prefabricated bridge across an entire section of roadway.

## SANDERSON WAC HAS PART IN BOMB DEVELOPMENT

Cpl. Marian V. Herbert of Sanderson, Texas, a member of the Women's Army Corps, was revealed today as being connected with the Manhattan Engineer District, the organization responsible for the development of the Atomic bomb. She is the daughter of Mr. D. B. Herbert of Sanderson. Cpl. Herbert received her training at Fort Oglethorpe, Georgia, and was assigned to the Manhattan District in October 1944. Before joining the WAC on 27 August 1944 she was employed by the Signal Corps at Fort Clark, Tex.

## Jack Hardgrave And Bob Allen Honored With Ranch Picnic

Mrs. Joe F. Brown and Mrs. Seth Davenport honored Bob Allen and Jack Hardgrave with a picnic, at the ranch home of Mrs. Brown on Monday of last week.

Miss Mary Allen played a piano selection during the evening. The guests sang songs and played various games in the game room.

Bob and Jack are both just returned from the E. T. O. and each saw combat there.

Those enjoying the evening were the honorees, Messers and Mesdames Bob Allen, Jack Hardgrave, E. W. Hardgrave, R. N. Allen, James Allen, W. H. Goldwire, Joe Brown, Gay Franks and Misses Mary Alice Allen, Wanda Bost, and Mary Bess Hardgrave.

## Mrs. Jimmie Caroline Hostess to Members Of Ranch Club Friday

The Ranch Club met with Mrs. Jimmie Caroline, Friday, Sept. 7 at 10:30 a. m. for an all day meeting.

Mrs. Keith Mitchell gave an interesting talk on Texas Wage Scale for Domestic and Agricultural Workers.

Miss Pauline McWilliams talked about the values of food and the correct way to eat. And also demonstrated the correct combinations of linens, china, and silver.

The following members answered roll call with chosen topics: Mesdames Malone Mitchell, C. C. Mitchell, Gay Franks, C. P. Peavey, Herman Couch, W. W. Sudduth, Jimmie Hanson, Jimmie Caroline, and Miss Pauline McWilliams, Home Demonstration Agent. Mrs. William Goldwire was a visitor.

Mr. and Mrs. C. M. Cade returned home Sunday from San Angelo where they had been to be with Mrs. Cade's mother, Mrs. E. Miller, who underwent an operation.

FROM 'V' TO 'E'

The indicator that points to primary objectives on Uncle Sam's dial moved, August 12, from Victory to Employment. Correctly this nation's first aim from December 7, 1941, to V-J Day was to win the war and save the world's free peoples from despotism; worth all it cost in blood, sweat and tears. Now that's finished, and the new primary objective is to hold what's been gained.

Damages have been fearful. Some never can be repaired; some can. There are twisted minds and broken hearts, wounds to heal and debts to pay. Those that can be won back will demand much time and patience. By their very nature, they are deferred. But unemployment is another aggressive enemy, not to be put off. We provide work now or lose what our young men bought with their lives.

## Something To Avoid

Mass unemployment in this country might easily start a revolution among industrial workers that would overthrow the republic and destroy our very American way of life. It is the one catastrophe to be feared by the whole people of America. War's end touched off much talk about postwar legislation but all of it is relatively unimportant except what has to do with gainful employment.

Legislative acts that merely promise work to service men are nothing but emotional brainstorms. Jobs have to pay their own way to be worth having. Since 15,000 men lay down arms every day for 14 months, one of three things must happen: (1) Private industry must expand and make room for them, (2) Government will make a big WPA for them or (3) Want will bring desperation.

## Good Tax Laws First

A hungry and outraged people rush mob-like to dictatorship. An army-size WPA marches with slave-like steps to the same destination. Well paid jobs in private industry with opportunity for improvement and advancement constitute the only work fit for a free people. It is the only solution worthy of America's clean record. Industry must expand and make jobs. It is the only way to remain free.

Only one thing stands in the way—taxes! Expanding industry, enough to make the needed jobs calls for investments which (same as jobs) have to pay. Today's taxes, however, make it impossible to find a paying investment that will make jobs. The tax laws were all right in 1940 when they were passed to take the profit out of war. Now they threaten to ruin our future by taking the prosperity out of peace.

## A Simple Tax Plan

It is my conviction that corporation taxes and standard individual taxes should be levied at the same rate. I think the structure should be high enough to meet the requirements of the proposed budget without having any surtaxes higher than 50%. For an investor to pay out more than half his income in taxes will discourage large investments—the very kind needed.

With a few specific exceptions I oppose excise taxes and consider it wrong in principle to tax distributed income of corporations more than once. Excess profits tax should be eliminated at once. A fair tax policy, and certainly an expedient one, will encourage capital investments for profit in going concerns rather than in government bonds. We want the right taxes for the most jobs.

Kermit Erickson, Phm. 1-c, arrived Saturday morning from San Diego, California, to visit Margaret Ruth Yeates. He has just returned from twenty-one months in the Pacific. Kermit's home is in Illinois.

**With Our Neighbors . . .**

**FORT STOCKTON PIONEER**—Lint cotton sufficient for four bales is in the yard of the Carl Smith Gin to be ginned today for William Hoefs, Block One farm operator. The cotton was the first picking from a 20-acre tract, completed Wednesday.

The Fort Stockton gin will get underway for the 1945 season on a substantial scale next week, with good weather in prospect for the opening of the season. A good crop is in prospect locally.

Cotton at Imperial and Buena Vista, in the Pecos Valley, also is beginning to come in, but outlook there has been clouded by ravages of stink bugs and worms.

**ALPINE AVALANCHE**—A cooperative coyote killing program between Brewster county ranchmen and the state will be launched this fall in the heart of the coyote breeding grounds located in the southern part of Brewster county, according to Frank Newsom, county agent. Tentative plans worked out with Darwin Ivey, district trapper supervisor, and a committee of interested ranchmen calls for the extensive use of the new type coyote "getter" or chemical gun around watering places in the southern part of the county for a period of three months starting on after the middle of September. Approximately 500 "getters" will be set out and run constantly in the general area bounded on the north by the Marathon road that joins the Alpine-Terlingua road, thence south along this road below Nine Point mountain, then east to Cooper's store and north to Marathon. The entire route or string of "getters" will be run as one project and not be confined to any one ranch at any time.

**THE HUDSPETH COUNTY NEWS**—The vote for incorporating Van Horn was 78 and 44 against at an election held in Van Horn last Saturday. Another election will be held in the near future to elect officers, according to The Van Horn Advocate.

**THE OZONA STOCKMAN**—Two matches have already been made and others are expected to be lined up in the next few days for the jack-pot and matched roping program slated for the fair park arena here on Sunday afternoon, September 16. It was announced this week by officials of the Ozona Roping Club, sponsors of the special program.

James Kinney of Marathon and Sonny Edwards of Big Spring, among West Texas' top-notch ropers, have been matched for an 8-calf go as a feature of the Sunday afternoon show. Previously Edwards had been matched with Walton Poage of Rankin, but Poage withdrew and Edwards was matched with Kinney.

Another match already made is between Ted Powers of San Angelo and Vic Montgomery of Ozona. This match should prove of special interest to Ozona roping fans since Powers is a former Ozonan and both men are handy with a lariat. Montgomery and Powers will rope six calves each.

**UVALDE LEADER-NEWS**—Members of the I. O. O. F. and Rebekah Lodge are at last laying plans for building a new home. This plan was announced by the Rebekahs at the social meeting held Thursday night of last week.

This is a long-needed addition and members and friends are very interested in this project.

At the regular meeting last Monday night of the Oddfellows, a building committee was appointed by the Noble Grand, Cummins Smith, namely, Lee Wiebush, Sam Stanley, and J. V. Bourland.

Plans are under way now for

raising funds for the grounds and building.  
 At present, no particular site has been selected, but there are several desirable locations in and near the center of the business district that are being investigated.

**It Happened In Sanderson TEN YEARS AGO This Week — Remember**

September 13, 1935

Mr. and Mrs. Herbert Smith and son, Russel, enroute to California points from their home in San Antonio, visited with Mrs. Helen Downie.

Tom Breeding, who had been visiting relatives and friends here for several weeks, returned the first of the week to Red Bluff, where he is working.

Robert Kerr left last Sunday for San Antonio, where he will be a student at St. Marys' University this year.

Mrs. Helen Downie and sons, and her mother, Mrs. Walter Gregory, left last Saturday for San Antonio where they will spend the winter, and where the boys will attend school, after spending the summer at the Downie ranch.

The prospects for a high school band of forty-five pieces are very good, according to J. E. King, band director of Sanderson High School. Mr. King reports there are already thirty-eight students signed up for band work, and he has several others who are interested.

**AT THE PRINCESS—**

SUNDAY - MONDAY

"Murder, He says," Paramount's screen presentation arriving Sunday at the Princess Theatre, is preceded by a wealth of advance reports heralding this Fred MacMurray starrer as the comedy to top all comedies.

So completely zany is "Murder, He Says," claim previewers, that theatres are bound to rock from the laughter. Theme of the story, apparently, bears out this prediction for it offers Fred as poll-taker who's assigned to test public opinion in a remote backwood community. There, he meets the Fleagles, a rough and tumble shootin' family who have a fondness for feuding, whether it be with strangers or friends.

The Fleagles are particularly suspicious of visitors because of a \$70.00 cache of stolen money hiding place of which is only known to Grandma Fleagle, played by Mabel Paige. The other Fleagles, Marjorie Main (Ma), Peter Whitnew as twin sons (Mert and Bert) and Porter Hall (Pa), have their own separate ideas about whom should end up with the money which incidentally, belongs to Bonnie Fleagle, she being the wife of the guy who stole it in the first place.

A scintillating story, "Murder He Says" was written by Oastor Trumbo and Jack Moffitt.

TUESDAY

"Sergeant Mike," Columbia Pictures' story of the training and heroic exploits of our war dogs will start at the Princess Theatre on Tuesday.

Featured in the cast besides the two canine stars, "Mike" and "Pearl," are Larry Parks, Jeanne Bates, Loren Tindall and Jim Bannon. The original screen play was written by Robert Lee Johnson. It was directed by Henry Levin.

WEDNESDAY—THURSDAY

Gary Cooper goes back to his spurs and saddle for his latest motion picture appearance. He plays an itinerant range rider who finds romance and high adventure as Melody Jones, title character of "Along Came Jones," an International production for RKO Radio release.

Melody, who can't shoot too

Nearly every farm on Ie Shima, backdoor to Okinawa, had one of these primitive sugar cane mills, for which horses furnished the motive power. The sugar cane, crushed between the rocks, was used for making sake, among other things. Wreckage of some of the natives' coral buildings can be seen in the background.

**Advice Offered In Preventing Spread Of Childhood Diseases**

The advent of schools resuming their sessions now at a time when contagious and communicable diseases are so prevalent behooves health officers, parents, and teachers to assist in the prevention and spread of childhood diseases. The procedure recommended by the State Health Department is for the parent to observe the child for

straight isn't looking for trouble, is mistaken for a vicious, frontier bandit wanted for robbery and murder. Dan Duryea has that part Loretta Young lovelier than ever as the spirited daughter of the frontier, at first fancies her heart belongs to Duryea. But she soon finds Cooper irresistible and the fact that she can shoot letially straight eventually saves them both.

William Demarest adds the leavening touch of comedy as Gary's saddle pal. While other important parts are competently handled by Frank Sully, Don Costello, Walter Sande, Russell Simpson, Willard Robertson, Arthur Loft, Lane Chandler and Ray Teal.

Cooper himself produced the picture, which opens at the Princess Theatre Wednesday.

the following signs and symptoms: (1) flushed cheeks (in the absence of recent exertion); (2) unusual pallor; (3) blueness of lips; (4) inflamed and watery eyes; (5) running nose; (6) sneezing; (7) coughing; (8) noisy breathing; (9) vomiting; (10) any breaking out or skin rash; and, complaints of (11) sore throat; (12) headache; (13) backache; (14) stiff neck; (15) hot or cold sensations, and if present, the child should be kept at home under medical attention. Any child in school with the above signs or symptoms observed should be removed from the group until a physician allows them to return to school. The practicing physician and health officers can assist the teachers and parents in reduction of the spread of communicable diseases by close cooperation and following these procedures.

The first trip up the Red River from New Orleans, Louisiana, to Denison, Texas, was made in 1906. The second trip was made in 1945.

The first negro to touch Texas soil was shipwrecked with De Vaca, in 1528.

**LOCAL WAREHOUSE LEADS IN TSGRA DUES COLLECTION**

John T. Williams, manager of the Sanderson Wool Commission Co. Warehouse here, received a letter this week from Vestal Askew, Secretary-treasurer of the Texas Sheep and Goat Raisers' Association, stating that the local warehouse led the list of collectors in the last report submitted to the directors of this organization, at their meeting at Menard the first week in September.

Out of some 78 warehouses of the state, this is quite a commendable record set by the local warehouse.

Rev and Mrs. J. W. Byrd and daughter, Virginia left Sunday afternoon for Lubbock where Virginia will enter Texas Tech for the fall term.

Lt. Col. George J. Schaumburg of Beaumont, Texas, received the Croix de Guerre with palm from General de Gaulle for his aid in liberating France.

SAYS SECRETARY OF AGRICULTURE:

**Despite Victory Used Fat Saving Must Go On!**

Every woman in America should know that our country continues to face a serious fat shortage. And victory over Japan won't solve the problem immediately. We must keep on saving used fats in our kitchens!

If you have any thought that saving used fats is one of those wartime chores we can drop, now that Victory is here, please consider these facts and tell them to your neighbors.

America still needs salvaged fats. Not even at the peak of our war effort, when fats were required for mountains of shells and bombs and medicines, in addition to the ever-present need for soap, were our needs for salvaging fat greater than now. Our stocks have been drained by four long years of war, and there isn't enough on hand to meet all requirements.

Don't let "Victory psychology" blind you to this national need! If housewives stop saving fats now, the shortage will become even more critical.

Don't let a single drop of used fats go to waste! Little trimmings of fat left on the platter at the table, scraps left on plates, and even the skimmings of soups and gravies are important. It is the consistent saving of even these small amounts that counts.

Don't turn in fats that can be re-used! But some fats, such as those rendered from lamb and mutton, are not suitable for re-use. Put them immediately in the salvage can. And, with other fats, after you've got all cooking good out of them, there is always a little left. No matter how little it is, save it.

Your butcher will still give you 4¢ and 2 red points for every pound you turn in. Save consistently—save every drop you can—every day—until Uncle Sam says the job is done.

Wednesday: 8:00 p. m. Worship Service. 8:45 p. m. Fellowship meeting. Nursery maintained in the basement of the church during Sunday school and Morning Worship hours. John Klassen, Pastor

The carbon black and gasoline industry of Texas dominates that of the entire United States. Of Texas' 254 counties, 174 produce oil or gas.

and other matters of historic value. The chapter on the Governors of Texas is illustrated with pictures of the chief executives of the Lone Star State as found in the rotunda of the present capitol. There are other illustrations taken from collections in the Texas Memorial Museum which will be found to be most timely as they relate to the subjects discussed.

Many who have seen the advance prospects of the work declare that it is a book that should be found in every Texas home and school library. Orders at \$2.00 per copy are now being solicited, in order that the publisher may know just how many books to print. During the stress of the postwar era with its limitations on this book paper, it is almost necessary to know in advance just how many will be required, Adair said. Distribution is through The Texas Authors Guild, Capitol Station, Austin, Texas. The Guild advises "Send no money, but state the number of copies you desire and your order will be sent to your address, C. O. D."

### Eighth Naval District Sets High Mark For War Bond Purchases

NEW ORLEANS, September, 14—The establishments of the Eighth Naval District, led the nation in Navy employee participation in the Independence Day war bond campaign during the last full month of the war.

A summary of July war bond purchases by naval establishments just released by the Navy Department revealed that 96.3 per cent of the naval personnel, and civilian employees of the district, participated in the purchase of \$2,628,310.75 in bonds.

They led their nearest competitor, the Tenth Naval District, by a full percentage point. The district Naval establishment set this mark, the Navy Department revealed, during a period when Navy bond purchases were up 37 per cent over a comparable period of last year.

The only district activity shown separately, the Pensacola Naval Air Station, led all Naval air stations in personnel participation with 98.1 per cent. The Eighth Naval District stood fifth in the efficiency index. Exactly 11 per cent of the Navy pay from the District went into bonds. Tenth district personnel, headquarters in San Juan, Puerto Rico, contributed 17.6 per cent of their pay, totaling \$228,593.75 to lead the efficiency index.

### Lamar School Notes

The enrollment at Lamar Ward has increased from 308 to 315. These are the new pupils: Rodolfo Escamilla, Martin Ponce, Fidel-Rios, Felix Lozano, Guadalupe Nieto, Reymundo Barrera, Rodolfo Bustos.

David and Raul Flores and their cousin, Gilde Flores, spent the week-end visiting their uncle, Francisco Flores, at Hill-top Ranch.

Elena Calzada spent the week-end in Dryden visiting her godmother, Mrs. Maria Hernandez.

Roberto Arrendonde spent his week-end helping his uncle haul sheep to market.

Raul C. Flores spent the week-end in Del Rio visiting his aunt, Mrs. Vicenta Flores.

Pablo Flores, Jr. spent last week in Del Rio consulting a doctor and visiting his grandmother.

Monday morning the sixth and seventh grades met in the English period to organize the Lamar Ward Press Club for the 1945-1946 school term. These officers were elected: President, Elvira Surita; Town Reporter, Tomasita Yturbe; Service Reporter, Juan Rivera. The grade reporters are: Seventh grade, Mario Escamilla; Sixth Grade, Florencio Galvan; Fifth grade, Genaro Valdez.

Fourth grade, Raul F. Flores; Third grade, Raul C. Flores; Second grade, Rodolfo Hernandez; High first grade, Rodolfo Garza; Low first grade, Rosa Pena. The hospitality officers are Enequina Perez and Elena Calzada. Pabla Perez is the librarian for the fifth, sixth, and seventh grades.

Miss Ruth Murrah arrived back in town Saturday, and assumed her duties as teacher of the third grade on Wednesday, thereby relieving Mrs. Lloyd Deaton of her position as substitute for that grade.

Mrs. Dema Daniels and daughter, Charlotte, and Mrs. Toots Larson went to El Paso Saturday, and returned Sunday night with Mrs. J. W. Daniel, who will spend several weeks here visiting Mrs. Daniel, and Mrs. Larson.

Dr. and Mrs. Randall returned Sunday night from San Antonio, where they have been on business for the past several days.

**DR. R. VAN BAILEY** DENTIST - X-RAY. In Office Tuesday-Wednesday, Friday - Saturday each Week. McCamey Mondays-Thursdays. Office of DR. E. A. ROBERTSON Fort Stockton, Texas

W. T. Shurley and Edwin Dismukes of Uvalde were week-end guests of Mr. Shurley's mother, Mrs. M. J. Shurley. They also attended the Presbyterian picnic held at the Joe F. Brown ranch Friday.

Mrs. J. W. Trapp of Brownwood, president of Daniel Baker College, is the only woman college president in Texas.

**Joel Wright M. D.** PRIVATE HOSPITAL for SURGICAL, OBSTETRICAL AND MEDICAL PATIENTS. Alpine, Texas

**TOM MILLER** AETNA LIFE INSURANCE COMPANY. Del Rio - Sanderson. Sales pads at the Times.

## BUCKS

250 REGISTERED RAMBOUILLET BUCK LAMBS FOR SALE. Usually weigh about 90 pounds in September, as they will be fed oats in the pasture. \$15 to \$20. See a sample of them at farm 3 miles north of Fort Stockton. Also a few 2-year-old bucks I have used and a few stud rams. **CLAUDE OWENS** FORT STOCKTON, TEXAS

## FIVE BILLION DOLLAR FAMILY BUSINESS

WHEN Grandma was a farm girl, she tended the chickens, milked the cows, churned the butter (72 percent of the nation's butter was home-churned then; less than 20 percent today). When she produced more eggs and butter than the family could eat, she would trade the rest for "pin-money" or frills. Today, Grandma's "pin-money" has become BIG money. Last year it added more than five billion dollars to the income of U. S. farmers. That's more than hogs brought in—or cattle—or sheep. Just look:

1944 Gross Farm Income

Dairy Products.....	\$2,969,000,000	\$5,264,000,000
Poultry Products.....	2,295,000,000	
Hogs.....		2,796,000,000
Cattle and Calves.....		2,607,000,000
Sheep, Lambs and Wool.....		450,000,000

And believe it or not, dairy products alone returned more money to farm families than the entire corn and wheat crops combined!

Any way you look at it, cows and chickens is a great industry. It is nation-wide, too. California and Texas are crowding close on the leaders—Wisconsin, New York, Minnesota, Iowa, and Pennsylvania. From millions of small dairy herds and chicken flocks in every state, as well as from large-scale operations, comes the enormous volume of dairy and poultry products that are such a vital source of our nation's food.

**Here We Are Again!** This series of advertisements is renewed in this issue and will appear monthly. We again invite you to send in good ideas which will help others in the business of farming and ranching. We will pay you \$5 for each good idea accepted by the judges, whose decisions are final. And don't forget to come in and see us whenever you are in Chicago—or if you haven't time to visit, phone us at Yards 4200, Extension 710, or write us at any time about any matter which pertains to agriculture. Remember our address: F. M. Simpson, Agricultural Research Department 128, Swift & Company, Chicago 9, Illinois.

### Corn COBS Help Fatten Steers

by Paul Gerlaugh, Ohio Agricultural Experiment Station

Corn cobs are worth 50% of their weight in ground shelled corn! That is the outstanding result of cattle-feeding tests conducted here, with Dr. Wise Burroughs and L. E. Kunkle. Steers fed corn-and-cob meal graded the same (mostly choice) as similar steers fed ground shelled corn. They gained as rapidly, and dressed out 60% against 61%. All rations were balanced with 2 pounds soybean meal and 4 to 5 pounds of hay per steer per day. Incidentally, one lot of steers in the tests was fed "double cob meal" in which an extra cob was ground up with each ear of corn. And here's a surprise... these steers did nearly as well as those that got straight corn-and-cob meal or ground shelled corn. It may be more profitable to feed corn cobs to cattle than to burn them in the kitchen stove. On the basis of these tests, a ton of corn-and-cob meal is just as good for fattening cattle as 1,800 pounds of ground shelled corn. And the corn-and-cob meal costs less because both time and money are saved by eliminating the shelling operation.

### LIVESTOCK MOVIES FOR YOU

We will lend you films for school, church, or other farm meetings: "Livestock and Meat," "A Nation's Meat," "Cows and Chickens... U.S.A.," and two brand new animated movies—"By-Products" and "Meat Buying Habits." All for 16-mm. sound projectors. You pay transportation one way only. Write Swift & Company, Department 128, Chicago, Illinois.

### Martha Logan's Recipe for SKILLET DINNER

Pan fry 1 lb. bulk sausage meat with 2 tablespoons onions until brown. Pour off the drippings. Add 2 cups cooked rice, 1 1/2 cups canned tomatoes and 1/2 cup chili sauce. Blend well. Cover and cook over very low heat for 30 minutes. Do not raise the cover. Serve with lettuce salad and crusty bread. Serves 6 to 8.

### CULL THE NON-LAYERS Now!

Hens in your flocks that are still producing eggs regularly in the early fall months are superior layers. They are the ones to save for breeding stock, writes H. L. Kempster, chairman of the department of poultry husbandry at the University of Missouri. Mr. Kempster says it's easy to select the good layers. They are the hens with white bleached shanks and with old, frayed and brittle plumage. The slick hens with yellow legs and smooth feathers are the ones that should be used for poultry meat. They should be culled out of your flock to make room for mature, ready-to-lay pullets now on the range. As it doesn't pay to sell laying hens, try to examine all individuals in your flock carefully. A red comb and moist, expanded vent are sure signs of a layer. If the vent is dry, puckered and yellow, you may be certain that hen has stopped laying for some time.

### ROY GUY REALLY KNOWS SHEEP

When Roy F. Guy, head lamb buyer for Swift & Company at Chicago since 1931, was a lad of 17, he answered an ad in a Kansas City newspaper. That led to his first job with Swift as a \$4-a-week messenger boy. Before his first year ended, he had doubled his salary and was getting a start in calf buying. At the ripe age of 22, Roy Guy was head calf buyer at Chicago. He held this post for 10 years and then went back to the starting line to learn lamb buying. In his 46 years with Swift, Roy Guy has bought many million lambs and judged in many a show ring. But his greatest pride is in the boys he hired and trained who have made good with the Company. "I always told a new boy to be careful in choosing his Company... and to stay with it," he says.

### LET'S KEEP THE MACHINE IN GEAR

In these days of mechanized farming practically everyone is familiar with the gears that make the wheels of tractors, combines, and other equipment go 'round. We know that should one gear be removed or get out of line—or even if a single gear-tooth is broken—the machine won't run smoothly, if at all. It is much the same with the livestock and meat industry. The three main gears are the producer, the processor and the retailer. When any one of these "driving gears" gets out of order, then the entire industry suffers. Coordination of their interests can contribute greatly to the smooth functioning of the industry as a whole. None of us gains by insisting too vigorously that our part of the industry is the only one which has problems that matter. We gain more by trying to look at our particular problems as they affect all of us. In other words, whatever hurts or helps the producer hurts or helps the processor and the retailer also. The livestock and meat industry is an important part of the national economic structure. We at Swift & Company believe that we can contribute most to the welfare of America—and ourselves—by promoting harmonious practical working relations between producers, processors and retailers. F.M. Simpson, Agricultural Research Department

### Post Office Department Offers Suggestions On Christmas Mailing For Men in Service Overseas

Arrangements have been made by the Post Office Department in cooperation with the War and Navy Departments, (the latter including the Marines and Coast Guard), for the acceptance of Christmas parcels for members of our armed forces serving outside the continental United States. Postmasters are requested to bring the following requirements to the attention of mailers, in order that such parcels may reach the addressees on time and in good condition.

The term "armed forces overseas", includes the personnel of our armed forces who receive their mail through an A. P. O., or Fleet post office in care of the postmaster at New York, N. Y., San Francisco, Calif., New Orleans, La., or Seattle, Wash., or an O. P. A. in care of the postmaster at Miami, Fla., Presque Isle, Maine, or Minneapolis, Minn., or through a naval installation or station in care of the postmaster of Seattle.

Christmas parcels for Army personnel overseas must be mailed during the period beginning September 15, 1945, and ending October 15, 1945, the earlier the better. Parcels destined for delivery in China, Burma, India, the Middle East, and the islands in the Pacific should be mailed as early as possible during the period stated, preferably not later than October 1, in view of the distances involved.

During the period requested from the addressees are not required in connection with Christmas parcels mailed to Army personnel. Patrons should endorse each gift parcel "Christmas Parcel." Special effort will be made to effect delivery of all Christmas parcels mailed during the periods stated above in time for Christmas.

Christmas parcels for the Army, Navy, Coast Guard, and Marine Corps personnel shall not exceed 5 pounds in weight, or 15 inches in length or 36 inches in length and girth combined. The war and Navy departments have pointed out that members of the armed forces are amply provided with food and clothing, and the public is urged not to include such matters in gift parcels. The public can ascertain what articles their relatives and friends overseas can secure locally by correspondence with such person, and should limit their gifts to articles not readily obtainable by the recipient. Not more than one Christmas parcel or package shall be accepted for mailing in any one week when sent on behalf of the same person of concern to or for the same addressee.

Boxes for overseas transmission should be stronger than containers used for parcels which do not leave our shores.

Because of the great distance these parcels must be transported, and the handling and storage they must undergo, it is absolutely necessary that all articles for overseas be placed in boxes of metal, wood, solid fiberboard, or strong double faced corrugated fiberboard, testing at least 200 pounds.

Each box should be securely tied with strong cord, preferably by four separate pieces, two lengthwise and two crosswise, knotted at crossings. Sealing the flaps with gummed tape where they meet strengthens the box, but the use of such tape alone is not satisfactory since the tape loosens if the boxes become wet or exposed to moist atmosphere.

Boxes should contain sufficient cushioning material so that the contents will be tightly packed to prevent any rattling or loosening of the articles within the parcels. Unless completely packed and tightly filled, boxes are apt to be crushed.

Perishable matter will not be accepted, and sending of fragile articles should be discouraged.

Intoxicants, inflammable materials (including matches of all kinds and lighter fluids) and poisons, or compositions which may kill or injure another, or damage the mails, are unmailable.

Addresses must be legible, in typewriting or ink. It is preferable that the outside addresses be hand printed directly on the wrappers of the boxes rather than on labels pasted to the wrappers, since experience has shown that labels frequently fall off when subjected to moisture. Copies of sales slips of retail stores should not be used as address labels. It is highly desirable that slips of paper containing the names and addresses of the sender and addressee and a list of the contents be enclosed in the parcels so that proper disposition of the parcels can be effected in the event the addresses on the outside become defaced or become broken open and contents scattered.

September 15 to October 15 has been set as mailing dates for overseas parcels.

### TEXAS TO TOKIO—

(Continued from Page One)

be over inside of six months, at the earliest.

"We do not know our immediate plans and movements but you can be sure we are not far from Tokyo. We might borrow a phrase from the radio announcer and say: 'For further details see your local newspaper!'"

Your son,  
L. A. McBee

### Parent Teachers' List Southern Assemblies Programs for Year

Are you tired, run-down, feel out-of-sorts? Do the cares of the world get you down? Or are you the kind of person who just naturally likes good entertainment? Whichever you are, the P. T. A. has exactly what you have been looking for—the Southern School Assemblies. This year there will be seven programs and each program is guaranteed to be extremely interesting and entertaining. In order that you might know just what to expect here is a brief resume of the series:

1. The Charm Quartet—composed of four charming and talented girls who will entertain you with popular and classical numbers—music to suit every type of music lovers.

2. John Sloan—Wonders of Liquid Air. Come and be amazed at the wonders liquid air can perform. He will make a banana hard enough to use as a hammer (if he can find the banana).

3. The Novelty Trio—composed of Al Connor in a unique juggling and balancing act. Miss Eddy and her five Hollywood dogs who will perform many unusual tricks, and Jane Cole who will furnish music on the piano, saxophone, and clarinet.

4. Raymond Scheets, one of America's outstanding magicians, are impossible to do. See if his Watch him do the things that hands are quicker than your eyes.

5. William "Happy Bill" Cope known as the Ambassador of Goodwill featuring piano, banjo and piano accordion music—guaranteed to please all types of music lovers and those who are no music lovers, too.

6. Emile Bogue, dramatic artist in dramatic, humorous, and classical sketches especially selected to please each individual audience. Come and laugh and cry at her interpretations.

7. Reginald and Gladys Laubin in "Old Buffalo Days". These artists performed the Indian dances at the Century of Progress, and are authorities on Indian dances.

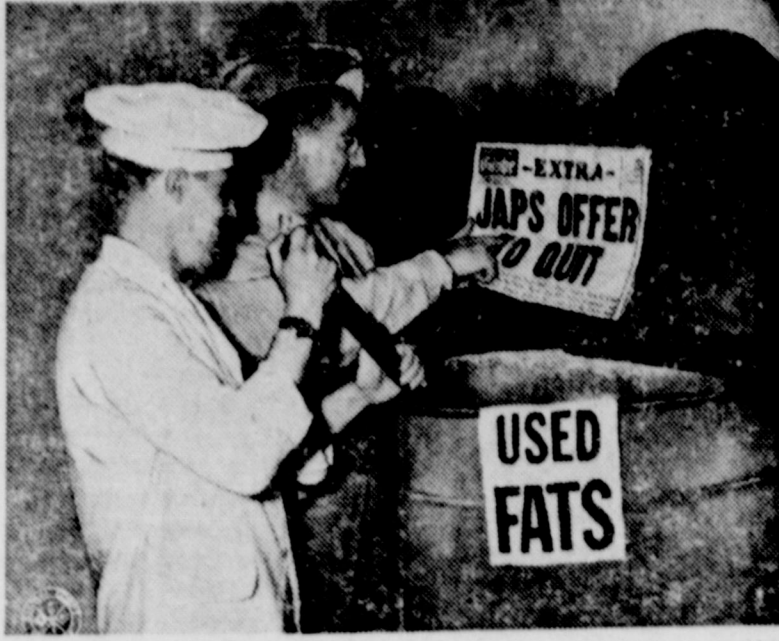

### DAILY SCHEDULE

Kerr Hotel Phone 34

### FAT SALVAGE CAN'T QUIT!

"This wonderful headline still doesn't mean we can let up on our fat salvage for a long time yet," Capt. Wesley B. Moore, Director of Food Service, Hospital Center, Camp Edwards, Mass., tells cook T/S Arthur H. Maxwell. The armed forces know that used cooking fat, required in great quantities for civilian products and peacetime reconversion, will continue to be needed until the islands of the South Pacific again become fats and oils exporters.

dian dances, folklore, customs and etc. See authentic dances and costumes of the vanishing American.

Season tickets will be sold by the school children Sept. 17-24. These season tickets will admit you to all seven performances.

The P. T. A. sincerely hopes that the public will patronize this series of programs not only by buying tickets but by attending the performances. These programs are sponsored so that the people of Sanderson may see and hear talented artists and are not a financial project. Only by your attendance can the P.

T. A. select the entertainment most popular with the people of Sanderson.

Lt. Audie Murphy of Farmerville, Texas, who holds all the army's heroism awards, doesn't drink or smoke.

Development of rice drying plants in Southeast Texas has radically changed the rice industry.

The nation's No. 1 hero, Lt. Audie Murphy, received a \$1,000 cashier's check from grateful Greenville, Texas, friends.
