Sheriff Jim Nance Receives Leg Wound In Freak Accident

Sheriff Jim Nance was painfully, but not seriously injured Tuesday of this week when he was accidentally shot in the leg just below the knee.

Visiting in the home of his son-in-law, and daughter, Mr. and Mrs. Richard Haley, he stooped to pick up his granddaughter from her bed, when his pistol slipped from his holster and fell to the floor causing the gun to go off.

Missing the baby by inches the bullet went through the side of the bed, striking Sheriff Nance just below the knee, emerging some few inches above the knee, and grazing the inside of one arm.

After receiving emergency treatment here, he was rushed to a Del Rio hospital for further treatment. Latest reports are that he is getting along nicely.

GETS DISCHARGE

Frank A. Weigand recently returned home after receiving his discharge from the Army, at Ft. Sam Houston, Texas, on September 24.

Albert enlisted in the Army at Ft. Sam Houston on April 13, 1942. He had a year and one-half overseas service to his credit.

Seeing action in the battles of St. Lo, The Vire River, Mortain, Orleans, (Nancy, "The Battle of the Bulge"), the Crossing of the Roer River and the drive to the Elbe River.

He saw service with four different armies, First, Third, Seventh, and Ninth, and was awarded the Bronze Star Medal, President Unit Citation, Good Conduct Medal and five Battle Stars.

At present Albert, with his wife, are visiting in Opp, Ala., with her parents, and upon his return to Sanderson will be associated in business with his father, Frank M. Weigand.

Methodist Women Meet Monday With Mrs. Lee Grigsby

Mrs. Lee Grigsby and Mrs. John Neal were hostesses to the Methodist Women's Society of Christian Service Monday afternoon in the Grigsby home.

"Women in the World," program subject for the afternoon was introduced to the group under the leadership of Mrs. J. D. May.

November 17 has been chosen for the date of the bazaar to be sponsored by the society, and Mrs. Clyde Higgins was named general chairman for the occasion.

Plans were made for World Day of Prayer, to be observed Monday by the ladies in all day meeting to be held at the church.

During the social hour a refreshment plate of stuffed pine salad, salad wafers, cake with whipped cream and coffee was served to Mesdames Higgins, H. E. Ezelle, C. I. White, Pat Beard, John Deaton, A. B. Gates, E. E. McSparran, Sam Underwood, May, W. H. Buchanan, W. W. Sudduth, Horace Fletcher; Misses Rosa Dunman, Kate Frazer, Eva Billings; and the Rev. and Mrs. John Hendricks.

WORLD OIL MARKET IS U. S. PROBLEM

One of the major postwar problems of the American petroleum industry is to reconstruct a strong marketing position throughout the world, according to Walter L. Faust, oil company executive.

Availability of petroleum products throughout the world can be attributed to the foresight and through groundwork in sound marketing principles laid down by American oil leaders and to the large-scale investments made to improve distribution and thus to reduce the ultimate cost of the product, Mr. Faust said.

TO HOLD REVIVAL

Hatton B. Gist, of San Antonio, will be in charge of Revival Services starting at the Sanderson Church of Christ, November 1, and continuing thru the 9th. Service twice daily at 10:00 a. m., and 7:30 p. m.

Peace Officers To Meet in Eagle Pass Tuesday, October 30

EAGLE PASS, Tex., Oct. 24 (Spl.)—Law enforcement officers of Maverick, Zavala, Dimmitt, Kinney, Uvalde, Val Verde and Terrell counties will gather here Tuesday, October 30, at the Maverick County District courtroom to devise plans to cope with any potential crime wave and study signs of returning gangsterism.

The conference will be led by M. W. Acers, special agent in charge of the San Antonio FBI field division, who will discuss "Signs of Returning Gangsterism."

A barbecue following the conference will be given by Maverick County Sheriff Herman Lehmann and Chief of Police Martin Davis of Uvalde.

In addition to Acers' address, FBI Special Agents James C. Kennedy and J. Vernon Tucky will lecture and present an actual demonstration on "Testifying in Court."

Special Agent Jack Dillard will discuss "Confidence Men and Their Methods of Operation," explaining the various rackets, including the race horse game and stock swindles, used by the scores of confidence men operating in the country.

John P. Scannell, Pauline Rose Ryan Wed in San Antonio

Mrs. E. Myers of San Antonio announces the marriage of her daughter, Pauline Rose Ryan, to John P. Scannell of Sanderson.

The wedding took place Thursday, October 11, at 7:00 a. m., at St. Mary's Chapel. Members of the bridal party were: Mrs. Claudia Bishop, Mrs. Chas. Brown, cousin of the bridegroom, Russell Walker, and Judge Boyle. Breakfast for the attendants and members of the families was served at the Manor.

Out-of-town guests here for the wedding were the bridegroom's sister and niece, Mrs. P. G. Harris, and Bernice Harris both of Sanderson.

Mr. and Mrs. Scannell are making their home in San Antonio at 512 East Dewey for the present.

TO BROADCAST GAMES

AUSTIN, Oct. 26—The Magnolia Petroleum Co. will broadcast the 1945 High School Championship football games, and the 1946 high school championship basketball games, Roy Bedichek director of the University of Texas Interscholastic League has announced.

Harvey Nessmith arrived home Thursday to visit his parents here for a few days. Harvey is a student at the University of Texas.

War Chest Drive Still Less Than Half Completed

With the deadline drawing near, Terrell County's chance of meeting its quota in the War Chest Drive seems slim. Only 43 per cent of this quota has been subscribed to date, as compared with 100 per cent at this time last year.

Now more than ever funds are needed to provide aid for the hungry millions, who, during the war years, have suffered untold agonies, having been deprived of the bare necessities of life. Without food, clothing, and living facilities, their plight is a serious one.

So bring sympathy and support, when it is most needed—to brave people who are too stunned, exhausted, cold and hungry to stand on their feet unaided, European relief budgets (and likewise for the Philippines and China), have been stepped up in order to concentrate America help this fall and winter.

To those of you who have not already done so, please send in your contribution at once. A contribution designed to lessen the miseries of the more unfortunate peoples of the world.

"Antimated Antics" One of Features of Hallow'en Party

The news that is getting out about the Hallow'en entertainment sounds better and better.

The parade will start at 5 p. m. and will form at the school. Everyone afraid of spooks, ghosts, and haunts are warned to stay off the streets.

The "Antimated Antics" will start at 7:30 p. m., and will be held in the High School Auditorium. Anyone missing this event will kick himself from now on. From the little that can be found out by diligent snooping things get better and better. In case you have forgotten, the prices are: 12c for Elementary School, 30c for High School, and 36c for adults.

Immediately after the "Antimated Antics," everyone will go to the Masonic Hall for the "Prowlers Prom." Before you can get in the door, someone will measure you around the waist and charge you a penny for each inch. They do tell me that the floor show would be worth it even if we all measured a hundred inches around the waist. No joking the floor show is practically Hollywood bound.

But why should we tell you more, when we will be seeing everyone at 7:30 p. m., in the High School Auditorium for the "Antimated Antics" and right after down at the Masonic Hall dancing at the "Prowlers Prom."

RANCH CLUB TO MEET

The Ranch Club will meet November 2, at 10:30 o'clock in the morning for an all-day meeting at the home of Mrs. Malone Mitchell.

Mrs. C. E. Clymer returned home Friday from San Antonio where she had been visiting for the past week. While in San Antonio she was the guest of Mrs. William Ries, and Miss Nell Kruger.

FARM NEWS

Sheep and Lamb subsidy payments, in the amount of \$1,019.65, have been issued by the local office. Other drafts will be issued from time to time as applicants sign their applications for payment.

Claude D. Cotten of San Angelo, District Field Officer for District Six South, was in Sanderson Wednesday and Thursday making inspections and appraisals on work done, and to be done in Terrell County.

SOBER THOUGHT

Authority and alcohol influence the deeds of mortal man in ways that are strikingly similar. Apparently they both call for more from the very best taste. Too much of either goes to people's heads in a manner that is highly unbecoming. Both have a tendency to retard productive activity and both are enemies of straight thinking. No wonder despots so often are called power-drunk.

Not long ago I heard a story about a drunk man with a new car. It probably was not true but it was thought provoking. In an effort to back out of his home garage, so the story goes, he pushed over a neighbor's fence and sank nails in three tires. Using an axe to disengage the debris he bashed in a fender until it pressed against his only remaining tire that held air.

Wanted More Power

Unable to make the maimed car run, the inebriate got under it with a wrench and flattened the gasoline line so the engine could get almost no fuel; also emptied the brake fluid on the ground. Finally he lost his temper and assaulted the body with a pick until it was no longer a closed car. After that he orated loudly and eloquently on the mistakes of the engineer who designed it.

How like this story is the history of our country for the last decade. Instead of doing things to improve productive activity, men of authority viewed everything successful with suspicion and orated on its faults. Well-established principals of good business were disregarded. Radical ideas were used, like holding land out of production to raise farm prices.

Work With An Axe

Shortening crops raised prices, to be sure, but it made men idle, as well as land. The landowners got compensation from the national treasury for crops they did not raise and idle workers stood in line for dole. To meet the resulting heavy expenses, corporation taxes grew so heavy that they discouraged investments, further retarding productive activity.

With jobs scarce and poorly paid, people on government relief rolls fared better than many who persisted in trying to earn an honest living by honorable work. This automatically discouraged thrift and efficiency. It retarded the accumulation of personal wealth and hindered the starting of new, individually owned enterprises. People with odds against them discourage easily.

Drunk On Power

The case was more readily diagnosed than remedied. Economic tinkers in places of authority got a taste of power and drank of it too deeply. Then they quit thinking straight. Each new raid on the nation's economic strength called for a bigger one to hide it. Gradually thrifty people were being beggared by alms and American business bankrupt by taxes.

The only honorable way out of any kind of intoxication is to sober up. Destructive strategy will buy food and clothing for nobody. Letting land lie idle is not farming. Scared money builds no factories and makes no jobs. The most helpful thing our government can do this year is work to this end: Devise the right taxes for the most jobs. This will automatically cure the "gimmies".

Mrs. H. E. Walker returned last week from Southgate, Calif. where she had spent the past two months visiting in the home of her son-in-law and daughter, Mr. and Mrs. Mickey Iglehart.

Mrs. E. J. Chastian left Tuesday for Houston, to be with her husband who underwent a major operation there. Reports are that he is getting along nicely.

THE FORT STOCKTON PIONEER—A second big gaser for the south end of Fort Stockton pool blew in suddenly Thursday afternoon of last week about 6 o'clock when a flow of gas estimated at 20,000,000 cubic feet was struck unexpectedly in the Texas Company No. 1 J. R. Benete of Fort Stockton. The gas ignited, seriously burning Driller E. R. (Red) Boswell, and blazed unchecked for 64 hours.

Drillers knew from experience at the Martin-Bennett, quarter mile to the east, that a big gas flow could be expected around 2,500 feet, but were not expecting it at a point about 85 feet high to the other well, and did not have a sufficiently heavy drilling mud mix.

When mud pressure dropped sharply, followed by audible roar of gas coming from below, Mr. Boswell rushed to close valves and shut off a fire in the "dog-house" at the rig, but was enveloped in gas, which ignited in stantly on reaching the surface, and burned the driller seriously about the neck and back. He was brought to a Fort Stockton hospital for treatment, and Friday was transferred to an Oklahoma City hospital for treatment.

THE ALPINE AVALANCHE—Three hundred fifty-two hunters killed a total of 281 antelopes in the West-of-the-Pecos area in the second open season on these animals in 40 years it was reported this week by Capt. Ray Williams of the State Game department.

These figures are approximate, Mr. Williams said, a complete check having not yet been made.

The kill in the five-county area this year was almost exactly that of last year's open season when 300 antelopes were bagged in this area. The number was around 280, approximately 70 fewer than went out this year.

Time Extensions Granted—The six-day season this year started Oct. 1 and ended Oct. 9. Due to continued rains and unfavorable hunting weather an extension of time was granted in some instances in certain hunting areas this season.

THE BIG BEND SENTINEL Marfa—There's not a thing unlucky about the figure thirteen, according to members of the Marfa Lions Club.

The first thirteen individuals that members of the civic club interviewed Friday afternoon in asking contributions to the fund to operate a public library here were generous ones. They gave \$225, thereby inspiring the club to continued effort in its solicitation work which is expected to culminate in the operating of a library in a building to be erected by the city.

The club's Friday luncheon was designated as the time for the beginning of active solicitation work and members on the streets soon after, hard at work. Two thousand dollars is the goal that has been set by the club. Rollins Senter, Kenneth Beanland and Fox Parker are in charge of the solicitation work.

THE OZONA STOCKMAN—A new officer qualified to fill the

double post of county agent and service officer has been employed by Crockett county and will begin his duties here by November 1 if living quarters can be obtained.

Jimmy Stewart, a graduate of A&M College and a veteran of World War II, acting county agent for Menard county, has accepted the local dual purpose position and plans to move to Ozona as soon as he can locate living quarters. County Judge Houston S. Smith announced this week.

Mr. Stewart comes highly recommended by the A&M College Extension Service, Judge Smith said, and is described as an able and energetic worker. He will be employed as county agent, with half of his salary paid by the county and the other half by the Federal government.

In addition to his duties as county agent, Mr. Stewart will perform the duties of a county service officer in handling claims, securing employment and otherwise serving men in this county.

One of the projects in which Mr. Stewart is interested is the forming of local 4-H Clubs to interest boys in livestock raising. He plans to survey the field soon after his arrival, and although it is late in the present season to begin any organized projects, he plans to have a club by next Spring.

CORRECT ACCOUNT NUMBER ESSENTIAL IN ALL CASES

In case a worker gives his account number to an employer and it proves to be incorrect, he is jeopardizing his protection under the old-age and survivors program under the Social Security Law, according to Elliott W. Adams, manager of the San Angelo Social Security Board office. It is dangerous for a worker to give his employer his name incorrectly, such as wrong initial or first name. He may be depriving his widow and children of monthly benefits, in case of his death, if these errors are not corrected.

It will prove of much benefit to the employer in aiding him to keep his wage records if employees will cooperate with him in checking a second time on the name typed on the account card and the one on the payroll under which he is working. The employer must make reports based on the information given him by the worker. He consequently

should be provided with and accurate data.

Christ Forgives Sins, Not At All Since His Resurrection; God Forgives Sins Only Once!

The King James Holy Covenant, Bible, only. "It was ordained by Angels in the hands of a mediator; Jesus Christ." At Mt. Sinai 1367 B.C., and as prophesied B.C. that King James of England would translate it in our language for all the world. It's the ONLY HOLY RECORD. 1st John 5-10. 11. Gal. 1-9. 2nd John 8 to 11. St. Mark 13-31. All revised Bibles are false. This Book is given to us to declare until Judgement Day. Rev. 2-26, 28. I keep and act all His words, my water baptism of people is as written, by having our bodies washed in pure water, immersion only. All people who reject this Commandment of Christ, who was born my counsellor, Isaiah 9-6, have no counsellor for their soul. "And all the people that heard Him (Jesus), and the publicans, justified God," being baptised with the baptism of John. But the Pharisees and lawyers rejected the counsel of God against themselves, being not Baptised of Him." St. Luke 7-29, 30. I baptise people who are old enough, that they obey my gospel to "JUSTIFY GOD." Rom. 8-29, 30. The great tribulation will end at Washington, D.C. Matt. 24-29. A few days before I received the gift of God while husking corn, October 18, 1915. I was driving my horses to the wagon on the road nearing the house where we lived, and met a man walking east; he stopped me, asked about a place east, set his foot on the left hub of my wagon. We talked a few minutes, and he was the most pleasant man I had ever talked with. He started on east and after driving about 40 or 50 feet, I had a desire to see that pleasant man again. I turned to see him, but he was no where to be seen, he had vanished away back to Heaven, as God told me a few days after we received the Gift. Since this, Angels have ministered to us continually.

Forgives sins once, only. "Whosoever abideth in Him Sinneth Not;" 1st John 3-6 Jesus said, Behold, thou are made whole: Sin no more, lest a worse thing come upon thee. The worse is Hell. "Therefore leaving the principles of the doctrine of (We don't leave the Doctrine V. 2) Christ let us go on unto PERFECTION: for it is impossible for those who were once (not each day, or year as under the law) enlightened, and have tasted of the Heavenly Gift, (We have) and were made partakers of the Holy Ghost, (We are) if they shall fall away to renew them again unto repentance." Heb. 6-1 to 5. Iscariot repented after he had tasted the flesh of that innocent blood, a sprinkle of which we have both received, and his soul is in Hell. It's inside this earth. Numbers 16. Matt. 27-3, 4.

Christ does not forgive sins since he was crucified. He said, "No man can come to me, except the Father which hath sent me draw him; and I will raise him up at the LAST DAY." St. John 6-45. There is no 1,000 years to come, it's false doctrine. Hope to set the prophecy soon. "For Christ is not entered into the Holy Place made with hands, which are the figures of the True; but into Heaven itself to appear in the presence of God for us: Heb. 9-24. "And he (Jesus) maketh INTERCESSION for the Saints, (of God) as we are, but never does he intercede for a sinner, even if they have been baptised, neither can any person who is yet in sin. PETITION God for anything. Christ is the propitiator for people in sin, as the Apostles were, and us, as we were, according to the will of God." Rom. 8-27, Heb. 4-13. In the Lord's prayer he said, "Neither pray I for these alone, but for them also, which shall believe on me through their word." St. John 17-20. As long as a person has sin they are NOT SAVED. When we hear the so called Lord's prayer over Radio and in Churches repeated, Jesus was not even praying at all, but was giving instructions to sinners. Paul said, "That I should be the Minister of Jesus Christ to the Gentiles, (Every language under Heaven except the Hebrews) ministering the Gospel of God, that the offering up of the Gen-

tiles might be acceptable, BEING SANCTIFIED BY THE GHOST." Rom. 15-16.

KEEPING SABBATH WAS A SIGN, NOT SALVATION THE FOURTH COMMENT. "Remember the Sabbath to keep it Holy." Ex. 20-8, 11.

The Penalty. (Death). "Six days shall work be done, on the seventh day (Saturday) there shall be to you a holy sabbath of rest to the Lord: whosoever does work therein shall be put to death." Ex. 35-2. "Wherefore the children of Israel, Gentile ever had it, also the Priests of God were all Jews and to marry a virgin girl to wife and bare children, even Job Baptist's father was a Priest, and also Annas, was father-in-law to Caiaphas the High Priest. St. John 18-13) shall keep the Sabbath throughout their generations, (the 42nd generation) Israel's law, when Jesus was born. Matt. 1-17) for a perfect covenant. It is a sign between me and the children of Israel ever." Ex. 31-16, 17. "For Christ is the end of the law for righteousness to every one that believeth." Rom. 10-4. Matt. 5-17) when the Gentiles WHICH HAVE NOT THE LAW, do by the things contained in the law, these having not the LAW A LAW UNTO THEMSELVES." Rom. 2-14, 15. "Christ is the law of no effect unto you, whoever of you are justified by the Law of the Ten Commandments, also Tithing, Priests, Altar service, etc." YE ARE FALLEN FROM GRACE." Gal. 5-4.

We are both free from sin in this mortal flesh, walking the law, not of Moses, "The Law of the SPIRIT of life in Jesus." Rom. 8-2, 3. Have the gift of prophecy, perfectly fulfilled. Very plain people. Thirty years the 18th of this month were delivered, and have never sold a testimony. Our promises have gone in all the earth, even before London was liberated by Germany, the "Transgressors" of the earth. The money will be the world money, their Mark will be the mark of monetary values, the mark of the beast." Rev. 13, also 2-17, 18.

THE TEN GERMAN KINGS WHO STILL RULE THE WORLD A FEW WEEKS ONLY

"And there are seven Kings: five are fallen, (they are Bera, Pharaoh, Ahaz, Belshazzar) one is, (this was King of the German during the writing of our Gospel) and the sixth, which thou sawest are ten kings, which have received their kingdom as yet, but receive power as kings one hour with the Lamb. These shall make war with the Lamb, and the Lamb shall overcome them;" Rev. 17. The seven kings in V. 10. The eighth, Spirit of the Devil which crawled through all the world from the Kaiser, during all the seven SEALS. The seventh king is the Kaiser, whose soon Resurrection in well HID prophesy will declare it when Christ says so. The ten kings are: The Kaiser's four sons, Frederick Wilhelm, August, Adalbert, Prince of Prussia; his grandsons, Louis Ferdinand, Hubertus, Bernhard, Prince Wilhelm - Viktor - Freund, Karl Franz, Prince Ruprecht. There may be a change or so in names, but ten will all be of the Kaiser's Royal Blood, and the highest authority on earth, some of them are now. These ten are listed in the big dailies as pictured with the 24 War Criminals.

Beware Coughs from common colds That Hang On

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly plays the cough, permitting rest and sleep, or you are to have your money back. Lamar School Notes

The honor roll for the first six weeks of school is listed below. No child with any grade of C or below will have his name on the list. The roll includes all pupils with an average of B or above.

Seventh Grade: Elvira Surita; Sixth Grade: Eunedina Perez; Fifth Grade: Humberto Arredondo, Andrea Flores, Nieves Lopez; Fourth Grade: Rosendo Silvas, Guadalupe Nieto; Third Grade: Emasu Aguilar, Ramon Escamilla, Estela Flores, Maria Flores, E- lodia Garcia, Leonor Gonzales, Francisca Hernandez, Dolores Mendez, Consuelo Olivares, Francisco Paredes, Pablo Torres; Second Grade: Anna Dolores Flores, Matias Gutierrez, Jr. Juan Ramirez, Loretta Rodriguez, Manuel Sanchez, and Maria Silvas.

Friday afternoon the sixth and seventh grades went on a picnic to the caves south of the railroad. A big bonfire was built in the creek bed, weinies were roasted, fruit and candies were eaten. After the lunch the children climbed the hill and explored the caves.

David, Paul, and Guide Flores with Florencio Galvan went hunting near Dryden Saturday.

Genaro Valdez visited his aunt, Mrs. Elosia Hernandez over the week-end.

Eleno Marquez is in El Paso visiting friends this week.

Petra Hernandez went to Del Rio Friday for a few days visit with her parents in that city.

Macaela Hinojos is a new pupil in the First Grade.

Honorato Falcon, Jr. went to Dryden to spend the week-end with his uncle, Juan Falcon.

The third Grade has several real artists. At present they are drawing a mural showing the skyscrapers and different modes of transportation in a large city.

Betsy Flores is back in the fourth grade after being absent for several days on account of illness.

Galabor Cobos has gone to Ojinaga, Mexico this week to visit relatives.

Frank Galvan visited his father on the C. C. Mitchell ranch Sunday.

LIBRARY NEWS

The Library Club met Tuesday afternoon in the library. A committee was appointed to form a constitution and by-laws of the club. The president nominating Edgar Wells as chairman and Betty Sue Yeates, Doris and Betty Peavy as assistants.

Hasty has been typing the Dewey Deciman classification for each of the assistant librarians.

The teachers have been selecting new books for the library. In order for these books will be sent off this week. The students are looking forward to the new books and we hope it will be long before they come. Hasty has posted a list of rules on the counter. We hope you will obey and respect the library.

ODDS AND ENDS

This week word was received from Doyce Wells, who is now in Leonard, Wood, Missouri. He is taking engineering in basic training. He says his pay has been chosen to go to a parade. Nice going, Doyce.

Did you girls (and other people) notice that sailor around town? Well, it's Freddie Talbot seen around 'ole Sanderson quite often. It's a place that holds lots of memories for young boys and girls.

Turner has been seen in halls also lately. It is always to see the exes around a- round.

Did you see that Marine who was here over the week-end? Well, he was the one that had the Holly's last year.

PERSONALITY OF THE WEEK

Find this week's personality another big blonde Senior. He is known all over the campus well for his athletic ability. Yes, it's Bosco Yeates. He selected this week because he is one of the star players on football and basketball. His place in football is back. He is also vice-president of the Senior class.

SPORTS TID-BITS

This week the football boys played in McCamey where they lost 21-0. They played an "awful" good game and we are very proud of them. J. M. made a very pretty touchdown but it didn't count because our boys were offside. There seems to always be something wrong but maybe next week we will do better. Come on, lets help the boys by being at the game in Stockton Friday night.

ATTEND REGIONAL MEETING

Mrs. C. G. Bradford and Miss Una Lee were present at the regional meeting of Delta Kappa Gamma Society in Pecos Saturday, October 20. Sixty-eight members from 8 chapters were in attendance from El Paso west to Midland east. The state president, Miss Julia B. Hubbell of Commerce was the guest speaker. After coffee was served, various panels of discussion were held, with different chapters participating. The morning session was concluded by initiation of two new members.

Luncheon was served in the dining room of the Foster Cafe after which Miss Hubbell gave a very interesting and informative speech.

INQUIRING REPORTER

What did you think of the McCamey game?

Marjorie Jessup—It was a good game and I enjoyed it even if I did almost freeze.

Weldon Chamberlain—I wish Mac had been able to play more. Melvin—It was a hard but good game.

Monte—I think we sure did surprise those guys.

Doris Duke—They really tried hard—I know they did.

Wilma—Swell game.

USED FAT BY-PRODUCTS COME HOME TO KITCHEN

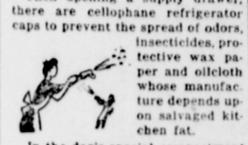

Without budging from her kitchen, Mrs. Housewife can see a few of the necessary but less spectacular uses of salvaged kitchen fat for which she is now being paid two additional red ration points per pound.

Those green and white striped window curtains, for example. Used fat is required in the processing of all fabrics from wool to gingham, and in the making of all dyes. Used fat goes into the nylon thread that may be reinforcing the seams.

Used Fat for Paint

The linoleum on the floor, the paint and enamel on the kitchen furniture, the caulking compounds around the window frames need used fat in their manufacture.

Then opening a supply drawer, there are cellophane refrigerator caps to prevent the spread of odors, insecticides, protective wax paper and oilcloth whose manufacture depends upon salvaged kitchen fat.

In the dog's special compartment is his prepared dog food, his leather collar, flea powder and rope leash. Used fat is needed in the processing of all four!

Plastics, too, have fats and oils as an ingredient, so Mrs. Housewife's day-by-day used fat salvage

helps make her orange juicer, her cake knife, and her plastic kitchen stool.

Newsprint Needs Fat

No morning newspaper without household salvage either. Printing ink and paper is processed with fats and oils. So is synthetic rubber for the dishrack, and insulating cord.

And nothing in the kitchen could be kept clean without soap and water softener. Used fat again.

Kitchen salvage comes right back home, providing hundreds of household essentials. The kitchen in which housewives save used fat, is virtually equipped with the products of fat salvage.

Fat Saving Personal

Fat saving is as personal as that. Fats and oils, so desperately needed in our economy that the government has authorized the payment of four red ration points per pound, reappear as homefront essentials.

The Department of Agriculture begs housewives to save and turn in an additional 100,000,000 pounds of cooking grease in 1945. By doing so, they help themselves and their country. Fats and oils will continue to be short until the Pacific Ocean is again a lane of commerce.

Carl Van Doren, Pulitzer prize winner, declared that world government, not just a league of nations, will secure "liberty, freedom, and security for the people of the earth," when he made a talk recently at the University of Texas.

Dallas Is Host City To Pan-American Hereford Exposition

Statewide participation has been assured in the gigantic livestock parade which will open the Greater Pan-American Hereford Exposition in Dallas on November 9, it was announced Wednesday by Delmo Johnson and Carl Sewell, Dallas businessmen who are serving as co-chairmen of the parade committee. John W. Carpenter, president, Texas Power & Light Co. is honorary chairman of the committee.

Every community in Texas has been invited to join in the parade. Cities and towns which have not yet arranged for participation were urged by Johnson and Sewell to send delegations appropriate to the spirit of the occasion.

Hundreds of horsemen and horsewomen, wearing frontier western clothing, will ride in the colorful pageant. Yoked oxen, special horse sections of palominos and paints, old-time western vehicles, and floats illustrating frontier ballads will be included in the parade. New-style and old-style Texas Rangers will participate.

All parade participants will be guests of the Exposition at a chuckwagon barbecue feed, to be held at the State Fair Grounds immediately following the parade.

D. Burns, general manager of Pitchfork Land & Cattle Co. Guthrie, will judge the breeding cattle entered in the Exposition according to an announcement by Jack Frost, Exposition president, and Lloyd Wheelock, president of the Texas Hereford Association. Capt. Robert B. Tate Nolan County farm agent before entering the Army, will judge entries in the Junior Cattleman's Baby Beef Show.

The Baby Beef Show will be judged Saturday morning, November 10. Breeding animals will be judged Monday and Tuesday November 12-13.

A premium list of \$20,000 makes the Greater Pan-American Hereford Exposition, to run through November 18, the largest single breed livestock show of 1945.

An International Championship Rodeo will be held, and

D. Burns, general manager of Pitchfork Land & Cattle Co. Guthrie, will judge breeding classes of Herefords entered in the Greater Pan-American Hereford Exposition at Dallas November 9-18.

strenuous competition is promised by Alex Mickle, Exposition executive director, in the four contest divisions. Some of the nation's best known bronc busters, bull riders, calf ropers and bulldoggers will be entered in the competition. In addition, champion cowboys and special performers from this country, as well as from Canada, Mexico and South and Central America, will appear at the 12 rodeo performances.

Fred F. Florence, president of the Republic National Bank, is chairman of the Expositions board of directors. Other members of the board and of various committees include a long list of the leading citizens of Dallas.

Scarlet Fever Hits New High in Texas

AUSTIN, Oct. 26—Scarlet fever, now nearly three and one-half times higher than the seven-year median in Texas, is one of the most disabling and dangerous diseases usually associated with childhood, although actually it is confined to no age limit, according to Dr. Geo. W. Cox, State Health Officer. One hundred nineteen cases were reported in the state during the week ending October 20, bringing the year's total to 3,443.

The doctor described scarlet fever as an acute infectious disease, the onset of which is sudden. The first symptoms including sore throat, vomiting, fever and headache, may appear in three to five days after exposure. These are followed by the distinctive red rash which gives this disease its name, Dr. Cox stated.

Complications may cause prolonged disability or death. Children suffering with scarlet fever may develop sinusitis and middle-ear infections which can lead to mastoiditis. As the germs spread through the child's system, the joints, kidneys, and heart may become involved causing life-long invalidism or crippling.

"A child with any kind of a sore throat should be seen by the family physician promptly," Dr. Cox asserted. "If scarlet fever is present, the treatment recommended will do much to alleviate discomfort and reduce the possibility of serious complications."

Dr. Cox stated that children under ten years of age are most susceptible, and that those per-

Howdy everyone! Well here I am again. I do hope everyone enjoys reading this column as much as I enjoy writing it.

Did anyone see those "Sweater Girls" Sunday? They were only the T.A.G.'s! Thanks T.A.G.'s for cooperating in wearing those "beautiful" sweaters.

We had our meeting Sunday October 21 in the home of Ene-dina and Elfrida Ochoa, of course everyone was quiet until plans for our Hallowe'en party came up, then everyone got so excited that the house shook. (How about it girls?)

Remember everyone is to wear Hallowe'en Costumes and "We'll be waiting on the back fence, Hoping you'll come with the witches and goblins for Hallowe'en fun."

WHAT'S YOUR SICK-ROOM RATING?

HELPLESS HELEN—Under her willing, but unskilled hands, sheets wrinkle, food trays spill, bath water drenches the mattress and herself. Her equipment is scattered . . . she wears herself out running up and down stairs. The doctor gets little help from her . . . and the patient stays fretful and uncomfortable.

ARIE MABEL—She can make a comfortable, "stay put" bed, without disturbing the patient. She can give a good, relaxing back rub . . . and prepare attractive trays. She can keep an accurate daily chart of her husband's temperature, pulse, and respiration. She makes the doctor's skill count most.

NURSES ARE SCARCE—DOCTORS ARE BUSY!—To help you care for your own families, the American Red Cross is offering free courses in Home Nursing, taught by professional nurses. You learn the fundamentals of bedside care, and how to carry out the doctor's orders intelligently and report to him . . . by telephone, if necessary. You even learn how to improvise hospital equipment at home.

If there is no home nursing course offered at present in your community, ask your Red Cross chapter how you may help organize one.
