## VICTORY BOND SALES FAR BEHIND SCHEDULE

### Only Eight Days Left In Which to Raise Our Quota in Drive

With one month already passed in the great Victory Loan drive, designed to raise 11 billion dollars in the United States to wind up all bond drives, the nation as a whole is woefully behind in their quotas.

This county for example, with a quota of \$65,000 dollars, has to date sold only \$11,000 dollars in this drive. The scheduled date for the closing of the drive has been set for December 8.

There isn't much time in which to conclude the Victory Loan and make it the great success we all wish it to become. But there is enough time for us to get down to business and put this final campaign over the top in a manner fitting to the public-spirited and patriotic citizens of Terrell County.

The Victory Loan should have the undivided attention and support of all our citizens. For us there can be no limit, or point at which we can say—well, that's that. We must continue to drive on until the final day with no thought of the money paid in for Victory Bonds.

Let us set for ourselves the task that was assigned to our boys. They kept on. Accomplishment of one objective only to another, and harder, objective. They continued on and on until final victory. This we must do in the Victory Loan. There is no alternative.

Then, too, the Victory Loan is needed to provide education, retraining and rehabilitation of our wounded now. There is a more personal side, of course. The Victory Bonds, Series E, at maturity for example, pay their owners back \$4 for every \$3 invested.

Ted R. Gamble, national director of finance has stated: "The Victory Loan, now under way, is the crucial test of our war finance program. We must not only raise the \$11 billion required by the Treasury to meet our obligations for the aftermath of the war but we must raise the money in such a manner as to avoid the danger of inflation and to make secure the Peace for which over a quarter of a million of our men have given their lives. That is the reason we are asking for \$4 billion from individuals, \$2 billion of it from the sale of Series E bonds.

"Now that the war is over some of you may ask why this money is needed. Briefly, the reasons may be summarized as follows: to bring millions of our veterans home and give them their mustering-out pay, to maintain our armies of occupation in former enemy countries to take care of our sick and our wounded veterans, to make a prompt settlement of our cancelled war contracts and to take care of other necessary governmental expenditures during the next few months.

"The Budget Bureau recently estimated total Federal expenditures for the 1946 fiscal year which began on July 1, at \$66.4 billion, or \$33.7 billion less than the actual expenditures for the fiscal year 1945. Receipts for the 1946 fiscal year were estimated at \$36 billion, but these may be reduced somewhat by the tax bill now before Congress. This leaves a deficit of at least \$30.4 billion which must be met by Treasury borrowing. It is in order to help meet this deficit that the Treasury decided on the Victory Loan the last big public drive for funds. Every American has an important stake in the success of this Victory Loan drive and should support it to the limit of his or her ability.

"Investing your money in Victory bonds will build a sound economy. See War Bond Sale Page 6

GRAND CANYON

Since John Wesley Powell navigated the Colorado River in 1869, thousands have gone to the Grand Canyon in Arizona to marvel at its grandeur and enjoy the thrills of burro trips into the gorge. Plane trips have added to the resort's popularity. Grand Canyon is another exhibit of our Nation's wealth behind Victory Bonds.

### Auxiliary Meeting Of Presbyterian Church Held Monday

The November Auxiliary meeting of the Presbyterian church was held Monday in the home of Mrs. M. J. Shurley with Mrs. J. E. Mayberry and Mrs. Joe Brown as hostesses.

The hymn, "Thanksgiving" was used to open the meeting by the president, Mrs. J. W. Byrd at which time Mrs. Mayberry led the group in prayer.

Mrs. Byrd announced a large box of clothing has been made ready to send to the home in Itasca, and that the quilt the group is making is nearing completion and will be sent to the home in the near future.

As program leader, Mrs. N. E. Charlton, delivered an inspiring and educational program on "My Community, The Uttermost Parts of the Earth." The song "Light up the World for Jesus," was sung in unison. The devotionals were taken from Matthew and dealt with Christ's command to do and teach. The program closed with the song, "I Love to Tell the Story."

Mrs. Mayberry and Mrs. Brown served a sandwich plate during the social hour to Mesdames, J. H. Lochausen, E. J. Hanson, Seth Davenport, N. M. Mitchell, E. F. Pierson, J. W. Byrd, C. C. Mitchell, N. E. Charlton, J. D. Nichols, M. J. Shurley and one new member, Mrs. Walter Shurley.

### Rev. J. W. Hendrix Announces Sermon Theme for Sunday

Rev. John W. Hendrix, pastor of the First Methodist Church of Sanderson, announced his sermon for the following Sunday morning service will be "We've a Fighting Chance." This being the first Sunday in the month of December, Holy Communion will be administered in speaking of his sermon theme Rev. Hendrix stated: "With due diligence and Godly courage, righteousness can win in this world."

At the evening worship hour services are held from 7 to 7:45 p. m. A cordial welcome is extended to the people of this community to attend these services.

Mr. and Mrs. W. W. Sudduth and daughter, Barbara Ann, returned Sunday night from Fort Stockton where they attended the wedding of Mrs. Sudduth's sister, Miss Fleeter Brown, and Lt. T. D. Eason Saturday afternoon. Mrs. Sudduth was her sister's matron of honor, and had visited ten days in the home of her parents, Mr. and Mrs. E. L. Brown, prior to the wedding.

Miss Maurine Fraizer arrived Wednesday from El Paso for a visit with her parents, Mr. and Mrs. Tip Fraizer.

### Two Men Escape Death in Crash of Plane Early Friday

Two Navy men, both with Chief Petty Officer ratings, narrowly escaped death early Friday morning when their privately-owned plane crashed and burned about 17 miles north of Sanderson.

The two men enroute from the West Coast to Houston, were flying visual contact, flying at about 250 feet altitude following the highway from Fort Stockton to Sanderson, when fog suddenly closed in on them. The pilot of the plane banked sharply to turn back in the direction of Fort Stockton, and in the turn crashed into the side of a hill.

According to information reaching Sanderson, the fact that the plane was in a climb at the time of the crash, was the one thing that was responsible for the survival of the two occupants.

Only minor scratches and bruises were received by the two men, and after walking to the highway they caught a ride into town. The plane a Fairchild 24, was a total loss, as well as their personal belongings.

### Methodist Women Meet Monday With Mrs. H. C. Goldwire

Mrs. H. C. Goldwire entertained the ladies of the Methodist Church Monday afternoon when the Women's Society of Christian Service met for their business and social hour in her home.

Mrs. Lee Grigsby was leader of the program and was assisted by Mrs. W. H. Buchanan, Mrs. Ted Baker, Mrs. John Neal, Mrs. A. B. Gates, Mrs. C. I. White, Mrs. Wilkey Cor, and Mrs. W. W. Sudduth.

December 17 was chosen for the date for the annual Christmas party, at which time gifts will be exchanged.

Mrs. H. H. Saegert, Mrs. Pat Baird and Mrs. John Hendricks were named on the nominating committee by the president, Mrs. S. H. Underwood.

Mrs. Goldwire served a salad plate to Mrs. Hendricks, Mrs. Underwood, Mrs. Grigsby, Mrs. Neal, Mrs. White, Mrs. J. D. May, Mrs. Buchanan, Mrs. Cox, Mrs. J. R. Blackwelder, Mrs. Jennie Freeman, Mrs. Baker, Mrs. Ted Attaway, Mrs. Saegert, Mrs. Clyde Higgins, Miss Eva Billings, Mrs. Bustin Cannon and Mrs. Sudduth.

### Aunt of Miss Rosa Dunman Dies Thru Night in Coleman

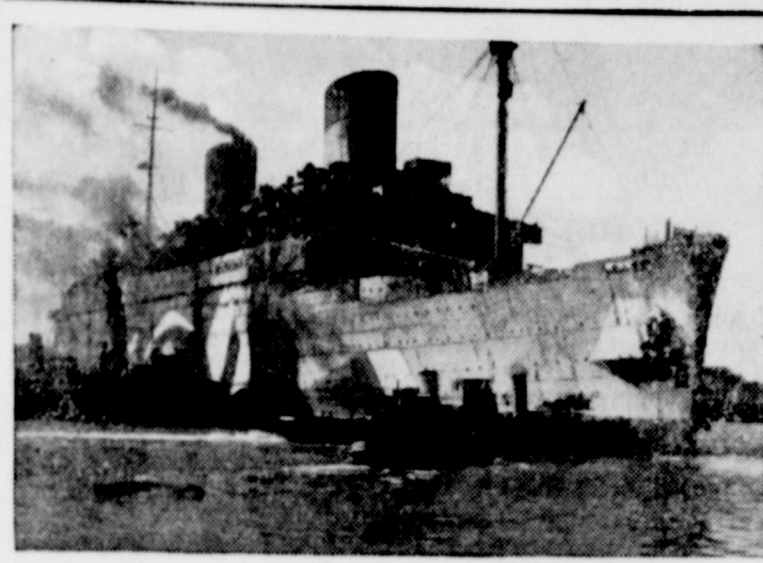

Miss Rosa Dunman received word Friday afternoon of the death of her aunt, Mrs. R. L. (Coon) Dunman, which occurred in Coleman Thursday night.

Mrs. Dunman had been a resident of Coleman since 1879 going there from Refugio County. She recently celebrated her 98th birthday. Mr. Dunman died in 1924.

Bill Brunskill, former Border Patrol member stationed here returned to renew acquaintances this week. Mr. Brunskill has recently received his discharge from the Armed Forces, having served as a transport pilot with his base in England, and plans to re-enter the Border Patrol service.

Mr. and Mrs. Robert Louchausen and daughter, Lynette, spent the Thanksgiving holidays with their parents, Mr. and Mrs. J. H. Louchausen. A former lieutenant in the Army Air Corps, stationed in Sebring, Florida, was recently discharged, and at present is employed in San Antonio.

### Bill Davis Writes Parents Interesting Letter from Tokyo

Mr. and Mrs. Harry Davis are in receipt of an interesting letter from their son, Pfc. Bill Davis in which he tells that he has been transferred to G.H.Q. which is General Headquarters as an honor guard. The G. H. Q. building and General McArthur's quarters are guarded by his outfit.

Bill states that the train ride Osaka to Tokyo took twelve hours, the distance being 300 miles. Enroute he saw Mt. Fuji.

Company E, of which he is a member, of 100 men and is housed in the Fesc building. There are 5,000 men in this building, and he states there is room for more. His company covers the third floor.

According to Bill, Harold Haynes is stationed about 70 miles north of him and he plans to see him soon. One building which Bill helps guard, houses 215 Generals.

### Men May Now Enlist in U. S. Marine Corps For Two-Year Hitch

Dallas, Tex., Nov. 28.—In line with the new streamlined recruiting program currently launched by the United States Marine Corps was the announcement today that prospective Leathernecks may now enlist for a period of two years.

The announcement, made by Colonel John R. Lanigan, officer in Charge of the Southern Recruiting Division of the Marine Corps, also provided that discharged Marines can re-enlist for a period of two years.

Prior to the new provision which becomes effective on Saturday, December 1, Marines were required to enlist or re-enlist for periods of three or four years.

A boost in enlistments was anticipated by Marine Corps recruiting officers as a result of the new plan.

### Governor Stevenson Declares December 8 Kenny Day in Texas

Austin, Texas, Nov. 30—Governor Coke R. Stevenson has proclaimed Saturday, December 8, as Sister Kenny Day in Texas. The 1945 appeal for the Sister Elizabeth Kenny Infantile Paralysis Foundation Fund is now underway throughout the nation and in Texas. George C. Francisco, Jr., of Houston, heads the state committee directing the campaign, and has announced that the Texas campaign quota which is \$250,000 will officially end with Sister Kenny Day, but that due to lateness in getting organized the campaign will be extended in many counties.

Ultimate goal of the Texas committee is to build a clinic in this state. The immediate goal is to train sufficient Kenny technicians and nurses in Texas to make the Kenny treatment of polio available to every boy and girl who falls victim to the dread disease. There are now Kenny trained nurses and technicians in Dallas, Fort Worth, Houston and Corpus Christi.

Kenny Day has been proclaimed by most states of the nation. Bing Crosby, national chairman of the polio campaign, will make a coast-to-coast broadcast, Monday, Dec. 5, in an appeal for support of the campaign. Crosby has spent most of his time since July directing the national campaign.

State headquarters of the Kenny campaign at the Driskill Hotel in Austin, has announced that it will accept contributions direct from the donors, where they have not been solicited. Each contributor to the campaign will receive a personal letter of thanks from National Chairman, Bing Crosby.

#### LEGION BOND SALES TOP BILLION MARK

INDIANAPOLIS, Ind.—The 12,739 posts of The American Legion were responsible for the sales of at least \$1,130,000,000 worth of War Bonds during the 6th and 7th Loan Drives.

This is the estimate of Past National Commander Daniel J. Doherty, Boston, Mass., who served as chairman of the Legion's War Bond sales campaigns.

Chairman Doherty also announced that survey of 6,923 Legion posts disclosed a total of \$22,265,792 of post funds invested in War Bonds.

### Scores of Exhibits In Memorial Museum On Campus of U. of T.

Austin, Texas, Nov. 30—Texas own Jack Rabbit and the Quetzal, a sacred bird of the Aztecs are but two out of scores of exhibits which make one alcove of the Texas Memorial Museum on the campus of the University of Texas one of the most popular collections with visiting Texas schoolchildren and adults.

Animals, birds, reptiles, fish and shells from Texas and the Southwest as well as Latin American countries are on display on the third floor, south alcove of the Museum.

Hundreds of Texas high school and junior high schoolers visit the Texas Memorial Museum each year, Dr. E. H. Sellards, director, reports, and before the war, they came by the bus loads.

"We are always delighted to have school children visit the Museum; and hope that more organized trips will be made when more tires are available," he said.

One of the most carefully designed exhibits in the entire museum, according to Dr. Sellards, is the large habitat group which is an actual scene from the Davis Mountains on the Merrill Ranch, near the old stage coach marker west of Fort Davis. Against a background of volcanic rocks of that region, there stands a Mountain Lion guarding a doe while three coyotes crouch eagerly by, waiting their turn at the victim.

Lining the walls of the room which is expertly lighted to create the illusion of their natural settings, are glass cases of Texas Shore birds, Blue Quail from Zapata County, Nine-Banded Armadillos with their young, which are always identical twins, Texas ducks including the Green-Winged Teal and the Pintail. All of these exhibits are so cleverly arranged with real and artificial grasses, rocks and trees that it is difficult to determine where the actual models leave off and the skillfully painted backgrounds begin.

In another case is a collection of miscellaneous items, such as Woodpeckers, Prairie Chickens, King Fishers, Roadrunners, Blue Grosbeaks, Western Mockingbirds, Cardinals and a Groove-billed Ani, a member of the Cuckoo family.

Stretched along the wall is the 18-foot skin of a boa constrictor which always attracts considerable attention from all school students, Dr. Sellards commented.

# VICTORY LOAN BONDS PROVE GOOD FOR BUSINESS AND ECONOMY

By TED R. GAMBLE, Special Director, War Finance Division, U. S. Treasury

Victory Loan, now under way, is a special test of our war finance program. We must not only raise the \$207 billion required by the Treasury to make secure the Peace Loan, but we must do it in such a manner as to avoid the danger of inflation. Our men have given their lives for us. That is why we are asking them to contribute \$2 billion from individuals, \$2 billion from the sale of Series E bonds.

Why is this money needed? Briefly, the reasons may be summarized as follows: to bring our veterans home and give them their mustering-out pay, to maintain our armies of occupation, to take care of our sick and wounded veterans, to make prompt settlement of our cancelled war contracts, and for necessary governmental expenses during the next few years.

The Budget Bureau recently estimated total Federal Expenditures for the 1946 fiscal year at \$66.4 billion, \$3.7 billion below 1945. Revenues are estimated at \$36 billion, which may be reduced somewhat by a new tax bill. This leaves a deficit of \$29.4 billion, which must be met by Treasury borrowing. It is our policy to help meet this deficit that the Treasury decided on the Victory Loan as the last big public drive for war financing.

When we enter this Victory Loan, I'd like to review briefly the accomplishments of our war financing program. From May 1, 1941, when the program started, to October 1, 1945, we have raised the huge sum of \$207 billion. Furthermore, we raised this through a plan of voluntary subscription at the lowest interest cost of any loan engaged in the war, and at the lowest selling expense ever recorded.

In the first seven war loan drives, we have sold a total of \$95 billion for the Treasury, and sold \$135,749,000 in war loan bonds. Every loan drive has been subscribed. Billions more have been sold in the interim periods between drives. We have sold these to more than 85,000,000 Americans. By the time this loan is over, we will have sold one billion individual shares of the popular Series E bonds.

Where did this money come from? Figures show that individuals have contributed \$49 billion out of the \$95 billion in new funds that has become available to the Treasury since May 1, 1941—and most of the remainder went into cash savings, commercial bank accounts, and savings companies and savings banks. We have invested all of the \$22 billion in funds that they received, and local governments invested \$6 billion of the \$6 billion available. Private corporations had \$39 billion of new funds from current operations and we obtained \$28 billion of it. Most of the remainder needed by them for expanded operations. Federal agencies and trust funds invested all of \$17 billion of new funds in government securities.

Up to the end of the Seventh War Loan, non-bank investors had contributed \$121 billion out of the \$207 billion it had raised since May 1, 1941, the balance of \$86 billion being absorbed by the Federal Reserve banks, of which \$4 billion was in open market purchases for the investment of a limitation of their savings deposits. We have not permitted the banks to subscribe directly to war loan drives in the last five war bond drives in the current Victory Loan.

One of the most significant achievements of our program is the broad distribution of the public debt. Millions of people who never saved a penny in their lives, now own savings bonds. It is estimated that three-quarters of the \$2 billion of Series E bonds sold to individuals were acquired by persons earning a year or less. Today, individuals hold almost one-fourth of the Federal debt outstanding. An even larger proportion of the interest paid out on this debt will go to individuals. Obviously, this will have a tremendous impact on purchasing power.

Investing in Victory Bonds will help create a second economy for the future. We cannot afford to slump into indifference and selfishness. We must keep faith with those who have paid most dearly so that we may live in a free and peaceful world. We can and should buy Victory Bonds to the limit of our ability for no other reason than to express our gratitude to our fighting men. They have done their job, and done it well. It is up to us to carry on, so that they may come back to a land of opportunity and high employment, full production and high income. The Victory Loan is our opportunity to express again our faith in America.

## Mud and Snow Tires Released By Army To Rural Consumers

A large number of military tires designated as "non-directional mud and snow tires" are being released by the Army. They have cross-bars at right angles to the direction of travel and are particularly adapted for poor roads and mud or snow, but are not well adapted for pavements. These tires can be used on light farm trucks. The Office of Surplus Property will sell them at ceiling prices through regular trade channels. An effort is being made to have distributed largely to rural areas since these tires are well adapted to country roads and conditions. They will require certificates.

## Confusion and Destruction in Philippine Islands Said to Be One of Main Causes Of Scarcity of Industrial Fats and Oils

NEW YORK, Nov. 30.—Confusion and destruction in the Philippines as the main cause of scarcity of industrial fats and oils is pictured by Kenneth B. Day, formerly manager of two of the largest oil processing mills in the Islands.

Mr. Day, who has recently returned to this country after three years of internment by the Japanese, points out that until the cocoanut oil of the Philippines is again coming into this country at the prewar rate, kitchen fat salvage will continue to be needed in the United States.

"The whole inter-island transportation system, those small boats by which the copra was picked up from the outlying districts, has been shot to pieces. The boats were sunk by the Japanese. And it takes time to reorganize and to rebuild. It doesn't do any good to start making copra unless you've got trucks to haul it, and vessels to carry it to market."

Destruction doesn't even stop there, according to Mr. Day, who explains that processing mills and refineries in the Philippines are first-class ruins. "From a distance, I saw the flames of one of our own mills burning, so I know of what I speak," Mr. Day continues.

"Our own bombs did a lot of damage and the retreating Japanese burned all they could. We can rebuild our mills, but we must first be able to get machinery, supplies and men. And even if they were in working condition, up to now we can't get any electric power in Manila for Filipinos from small groves of two or three hundred trees. For years they haven't had any free markets in which to sell, or any-

thing to buy with the money. Certainly the Japanese did very little to keep things going. The theory of Asia for the Asiatics broke down very badly when it came to 'The Philippines for the Filipinos'.

"Shipping space to the Islands is at a premium, and we need space for trade goods—shoes, cotton goods, canned milk, canned fish and rice—things that are still short in the States. Commodities are still the only real bargaining power. Money can mean nothing to a Filipino or to anyone else, unless he can buy what he needs with it."

Such is an eyewitness description of the war-ravaged Philippine Islands, and a few of the obstacles standing in the way of fats and oils imports. In the meantime, every pound of used cooking fat turned over to the meat dealer helps up the deficit, and enables American industry to turn out greater quantities of scarce personal and household needs.

KATZ KLAW Hi, all you crazy people that read this column. Thanksgiving Holidays over, I'm back again with the latest I know. Well, just wondering; but wonder where "Raw-hide" (S. E.) Nesmith got his new nickname? Can anyone answer that? And Marilyn B., does seem awfully lonesome. Hurry home, S. E.

Are Willie's ears burning? Well if not, they really ought to be. Seems he got "Courtney" up out of bed Saturday night to answer the phone. Must have been very unpleasant. Anyway, they don't seem to be on speaking terms. Well say! Did you go to the dance Thursday? Seems you really missed a lot if you didn't. There were vocalists and the orchestra even played rhumbas congasor whatever you call it. Saw the "exes" Yvonne and sister, Laura, dancing quite a bit. I believe with Bill Caik or Arthur. Where was Marjorie? Then saw "ex" Janice White and Butch Murray having a big time not excluding W. T. and Margaret Ruth. And I'm still wondering if Sue and (Tim) ever made a go of it. They do dance a lot together and so on. But of course, what we don't know won't hurt us.

Oh! And you should have been at the jam session at Tim's Saturday evening. Heard an awful lot about it. Seems they had a 4-piece orchestra and it was very difficult to keep up with their horns as the girls wanted to dance. Oh, and by the way! What boy did Ora Mae seem to dislike (hate is the word) so much Saturday night. Anyone we know? Could be! Well Birdie, that boy in the show Sunday afternoon was good looking alright but a perfect stranger. Of course that couldn't account for the fact that there was a whole row of girls sitting to his right.

Seemed Cookie had her holidays all planned down to the last detail concerning certain boys she knows. Pssst! Let us in on the secret; how did your plans work out. Could that actually have been Wilma saying she had some dull holidays? Wonder why if true? Boy! I almost forgot. Saw Edgar at the big dance Thursday. He and Hazel seemed to be having lots of fun. "Gates" and Mary went to S. A. again. Are they the lucky-dogs! Who were the two ex-service men Hazel and Doris were seen with Wednesday night? You wouldn't want to tell us would you girls? Wilma and J. M. have been seen together quite often lately—are they still the same steady couple? Helen is seen a lot lately with Clement Earwood, a discharged soldier—These ex-service men get around don't they? Marjorie, you really missed a swell dance Thursday—Arthur was seen on the loose. Gee! Just thought! This is report card week. Guess I'll have to run down and watch the kids face their fate at school. Nothing worse than report card week unless its exams. Everyone keep their fingers crossed. So long for a while. Kat.

THE EAGLE NEWS

PEOPLE YOU'D LIKE TO KNOW Gene Horton who is a senior in High school is sixteen years old. Gene came to our school this year from Quitman, Texas. He has three brothers and one sister. Gene is the youngest in his family. One of his brothers recently got out of the service and he still has one that is in the Navy, who is on Guam. Gene doesn't like school, work, and he doesn't like to exert himself too much. His favorite subject is science. He likes to eat, hunt and go to shows.

Will J. Murrah, who is a junior in high school, is fourteen years old but he states that he will be fifteen in December. He has been living in Terrell County all of his life. His Dad owns a ranch and Will likes the ranch life. He likes to ride horse-back play football rather than watch it. His favorite food is fried chicken. He dislikes reading picture shows, going with girls feeding chickens, the town life and by the way he doesn't like school.

Harriet Ann Pierson, who is secretary of the Sophomore class, is fourteen years old. She has lived in Sanderson all her life. She has one brother who is serving in the United States Marine Corp, and two sisters one who is teaching in the Lamar Ward school, and one in the second grade in the American ward school. The Marine and school teacher are both high school graduates of Sanderson High. Harriet likes to eat pecan pie and read. Her favorite book is "One Foot in Heaven". She dislikes boys, the ones in S.H.S. and she dislikes teachers who give long assignments. She dislikes teachers who do not explain clearly, people who wait a long time to answer letters saurkraut, and her pet peave is untied shoe-strings.

LIBRARY NEWS Among the many good books in the library are "Brave Men" by Ernie Pyle, and "Black Boy" by Richard Wright. "Brave Men" is well written with very good description. Many amusing incidents are described in the book. The description of interesting. Some of the men received silk socks and loud colored neckties, while others received cans of Spam and other things. Richard Wright tells in "Black Boy" his autobiography of the youth in the South. While his mother worked Richard and his older brother wandered the streets. He became a drunkard at the age of six. He had a hard time in school because his aunt, the teacher, hated having to teach her nephew in school. Wright's grandmother, a fanatical religious woman, urged him to mend his ways but gave up when he went to sleep in prayer meeting. At sixteen Wright went to Memphis after stealing \$75.00 from a theater. "Black Boy" ends when Wright, now eighteen, leaves Memphis for Chicago without a backward glance. His hatred of white people had mounted until he hated the sight of them Harriet Pierson

SENIOR AND JUNIOR NEWS The Seniors and Juniors were very busy over the holidays. Cookie, Mary and Mary Nell were in San Antonio. Cookie is still there. Marjorie went to Rocksprings, Cecelia was in Del Rio, and Margie went to Marathon sightseeing. Hazel had a girl friend as a guest. She was Jesse McIntosh from Novice Texas. Clyde had a dance Wednesday nite. Several of the Seniors and Juniors were seen there and also at the Thanksgiving dance Thursday nite. Melvin is still nursing the sore eye he got in Alpine. Mr. and Mrs. Bradford spent Thursday at Magill's ranch hunting. Friday, they went to the Shelton ranch and spent the rest of the holidays hunting. Mr. and Mrs. Laurence Newport of Irvan were here as guests of the Shelton's. Tootie spent Thanksgiving on the ranch. Bosco and Monte spent the week-end at Monte's ranch. The other Seniors either got a lot of rest or went hunting. More than likely ate a lot Thanksgiving. Someone said Dudley was very sick Thursday. The Juniors were very proud to have won the magazine contest and they're glad to still be able to claim the mule as their own. Seniors, we're sorry to have won but you know how it is. This ends the review of the Seniors and Juniors this week but we wanted you to know that we're around.

HI FASHIONS By Hazel Babb Another week in S.H.S. and I am here to relate to you some of the fashions that you so frequently see around. The members of the "Sub Deb" Club are "right on the beam", should we say, in their blue levis and plaid shirts. Moccasins are the thing of the day. Brown, white, brown and white, red, black, or most any color. Along with the moccasins we can't help seeing those bright colored socks. Sweaters and skirts are being worn by all of the girls. As we look around we can't help seeing the boys. They too are wearing levis along with their boots and plaid shirts.

SUB DEB NEWS By Carolyn Courtney To start the news of the holidays, Wednesday night Clyde Griffith gave a dance at his house. About five couples enjoyed dancing. Many thanks Clyde!!! Then Thursday night a dance was given at the Masonic Hall. There were very few high school "kids" there. Friday night Earline gave a dance at her home honoring the boys home on furlough. The honorees were Charles Rogers W. T. Frazier, Butch Murry, Curtis Litton, and Bill Caik. Some girls home from college etc., were Janice White, and Yvonne Oberling. Every one thoroughly enjoyed themselves. Thanks to Earline.

GENERAL SCIENCE CLASS VISITS ICE PLANT The General Science class has been studying the manufacture of ice for the past week or two. We went to the ice house and Mrs. Magill took us all through it. We were explained everything about it. We were showed the room where the ice is stored; the room is kept cold by ammonia running through pipes. From the storage room we saw the ice he had freezing, the blocks weigh about 300 pounds and, it takes a block about seventy two hours to freeze. We were told a little about the machinery works and we went to the cooling tower. In the cooling tower the ammonia is turned to liquid. It was a very interesting trip, and we all learned a lot from it as I know you would have, had you been there. Lizzie Belle Phillips

SANTA'S MAILBAG Dear Santa: This may be a little early for a request, Santa, but last year I was late and I didn't get what I wanted. Now, Santa, I have been a good little boy, I brush my teeth, wash my ears, and eat my spinach regularly. I mind my teachers and always get my home work. I would also like the latest modes in hairdos. Now don't laugh about the combination. The doll is for my "little girl moments" Helen Holmes

SPORTS TID BITS The Alpine Bucks, alternately bouncing and driving through the Eagle defense, defeated the Sanderson team by the score of 19 to 6 on Jackson Field Tuesday, Nov. 20 to smash our chances of winning our last game of the year. The Bucks scored their first touchdown in the closing minutes of the first quarter by line and end-round plays. During the second period neither team was able to score but the Eagles seriously threatened in the opening minutes of the second half when their plays seemed to click for the first and only time during the game. The Bucks tallied in the opening third quarter and again in the fourth converting their point in the fourth. In the closing minutes the old jinx that has ruthlessly pursued us caught up with us again when J. M. toted the pigs skin over the goal to have a penalty on the play. After the penalty and because we wanted to unjinx, we scored—legally, our one and only tally of the game. Since this was our last game of the season, we would like to recall a few of the thrills the boys have given us, on the playing field, of course, this year. Remember the pass—that very long one from Bosco to Jimmie in the Marfa game? And the time Bosco ran forty yards for a touchdown only to have the play called back, and J. M. blocked so beautifully in the Alpine game. I guess we could go on remembering—the feel of the tenseness we felt every Friday morning as we gathered around the bulletin board to see who was eligible, and the stir of excitement Friday afternoon as the boys and pep squad left. The pep meetings, the bon fires, the parades, but why go on? All these things we will never forget—the sum total that made the 45 football season so wonderful. Your reporter, Aggie

ELEMENTARY SCHOOL NEWS Seventh grade students were very busy over the holidays. Jackie Talbot visited Uvalde, Billy Gidry went to Del Rio, Jimmy Bradford went to the Magill and Shelton ranches. Richard Turner went on a hunting trip to Reagan Canyon, bringing back a deer. Mrs. Grigsby visited San Angelo and Sterling City. During the holidays Carroll Lassiter visited Alpine, Jacqueline Martin went to Mexico. Claretta Davis went to Del Rio. Donna Rose Wooten's mother is in the hospital. Donna visited her mother over the week-end. David Mitchell and Odell Caruthers, fourth grade pupils, visited in San Angelo and Del Rio respectively. Sarah Pat Grigsby, third grade pupil, spent Thanksgiving in Eagle Pass. Second grade pupils had lots of fun over the holidays, too. Nancy Jean Mitchell went to San Angelo, Johnny Carruthers and Ruth Marie Smith to Del Rio. Vivian Moore to Juarez, Janice and Myrl Gilley, W. J. Vaughn went to the ranches. Barbara Ann Buchanan had the flu. All children joined the Red Cross. We collected \$2.12 in our fund. In the first grade the class showed the pilgrims going to church on their sand table while studying about Thanksgiving. Dorothy Dean Roark went to Lubbock, Carol Dean Davis and Mary Jane Bentley spent the holidays in Del Rio, Kenneth Shurley went to Marathon. Miss Lee spent the holidays in San Antonio. Sammie Ruth Haynes brought us some roses.

### To Hold Election For Terrell County AAA Committeemen

COLLEGE STATION, November 30—Texas farmers and ranchmen will elect community ACA committeemen and delegates to a county convention during the first week of December, according to an announcement made by B. F. Vance, state director of the Production and Marketing Administration.

Delegates to the county convention will elect the county ACA committeemen who, with the assistance of the community committeemen, will administer the 1946 program in the county.

More responsibility is placed on local county and community committee in 1946 than ever before, he said. This group, assisted by other county agricultural workers, will determine how the county allotment will be spent select the practices suitable to the county, issue the prior approvals for the use of the practices on individual farms and ranches, and will check the practices to see that the specifications set up have been met.

Administrative expenses involved will not be deducted from county allocations of funds Vance stated.

"Food and fiber for national needs for generations to come is the basis for all farm program planning," the state director pointed out. "Serving the national interest by protection of our land and water resources is the objective of the 1946 and previous programs. Farming practices that control soil erosion, maintain and improve soil productivity, conserve water and restore minerals to cropland and pastures accomplish this purpose."

December 5 has been designated as election day for Terrell County's AAA committeemen for the coming year. The polling place will be at the Terrell County Court House.

### Surplus Property Pamphlet Prepared For War Veterans

COLLEGE STATION, November 30.—A pamphlet designed to give veterans full information on their rights to buy surplus property has been prepared by the Surplus Property Administration.

The booklet sets forth the basic facts about the preferences given veterans in buying surplus property. The purchasing procedure is outlined step by step. A list of disposal agencies and the kinds of property they sell is included.

To cover all angles of the subject, a series of questions and answers received from veterans has been added.

The booklet is being distributed to separation centers and other key points in the armed services, to Civil Service Boards to Veteran Administration offices, and through veterans organizations.

## Notice To The Public

As of December 1 the Joe Kerr Service Station will be under the management of Woody Leatherwood.

I would like to take this means of thanking my many friends for the patronage they have given me during the time I have operated this station.

I can assure you that you will receive the same courteous service as before, and your continued patronage will be greatly appreciated.

I will continue the operation of the Magnolia Wholesale Agency in Sanderson, and hope to offer an improved service in this capacity.

## A Cordial Invitation

Is extended to all people of this section when in need of gas, oil, car washing, greasing, accessories, or any service we might render, to feel free to call on us.

My intentions are to offer the very best in service, and also the best grades of merchandise at all times.

Your continued patronage of this station is invited, and we assure you that every effort will be made to make your visit in this station a pleasant one.

Stop at the sign of the "Flying Red Horse" for genuine Magnolia gas, oil, and all kinds of greases.
