**FIGHT INFANTILE PARALYSIS**  
JANUARY 14-31  
The National Foundation for Infantile Paralysis

Likens Dimes Drive to War on Axis

Chief of Staff Dwight D. Eisenhower enforces the March of Dimes conducted January 14-31 by the National Foundation for Infantile Paralysis as a "fighting tribute" to the memory of Franklin D. Roosevelt. Said General of the Army Eisenhower: "There will be no question of the response from every American who understands the urgency of the appeal. In our country infantile paralysis remains as one of the scourges that we must strive to eliminate, and I am certain that the fighting services and all veterans and civilians will unite in helping to defeat this enemy just as they did in gaining the victory over the Axis in the field."

## Executive Board Of Presbyterian Auxiliary Meet

The executive board of the Presbyterian Auxiliary met Monday, January 14 at 3:00 p. m., in the home of Mrs. R. S. Wilkinson. Mrs. John W. Byrd was in charge of the meeting, at which time plans for the Foreign Mission book review were made.

The meeting will be held in the home of Mrs. Sid Harkins on January 29, beginning at 10:30 in the morning, and lunch will be served at noon. The book, "The Cross Over Africa," will be studied.

Also at this meeting the nominating committee for the work of a new Auxiliary year were named by the president as follows: Mrs. Joe F. Brown, Mrs. W. E. Grigsby, and Mrs. Seth R. Davenport.

## Production of Wool Rugs Started, Will Be Available Soon

Wool floor coverings, in short supply during the war, are back in production and will be available to consumers, by early spring, at the same prices that were charged in March, 1942.

Warren M. Smith, clothing price specialist of the San Antonio district office of Price Administration, announced.

Smith said that OPA will permit manufacturers an increase of five per cent over existing ceiling prices, but this increase will be absorbed in distribution channels.

The wool floor coverings that were produced during the war were sometimes backed by cotton fiber, since imports of jute were greatly cut down, but the flow of this commodity has been resumed so that the rugs now being produced are usually of the same specifications as those made before the war.

Mrs. M. R. Williams, and son, Tommy Dee, left Wednesday for Honolulu to join her husband, 1st Lt. M. R. Williams, who is stationed at Wheeler's Field.

Hix Cannon arrived home this week after receiving his discharge from the Army. Hix spent a little over 20 months in the Pacific area.

Mr. and Mrs. Guy Nations of Marynae, Texas, were here to attend funeral services for W. J. Ferguson Friday.

## Offer Competitive Examinations For State Office Jobs

The Merit System Council, serving the Texas Unemployment Compensation Commission, the United States Employment Service and the State Department of Public Welfare is announcing February 23, 1946, as the date for competitive examinations for ten different positions for which qualified workers are urgently needed in these State agencies. The positions for which examinations will be given are Junior Claims Examiner, Claims Interviewer, Junior Auditor, Field Worker, Junior Stenographer, Apprentice Clerk, Clerk-Typist, Junior Tabulating Equipment Operator and Key Punch Operator. The entrance salaries for these positions range from \$1,380 for Junior Stenographer to \$2,046 for Field Worker. Meritorious service in these positions may be rewarded by increases in salary and promotions in rank.

Persons interested in these examinations may obtain application blanks at their local United States Employment Service, Texas Unemployment Compensation Commission or State Department of Public Welfare offices, or by writing to the Merit System Director, 808 Tribune Building, Austin 21, Texas. All application must be filed in the Merit System office or postmarked before midnight of February 5, 1946.

In a letter received recently by Sanderson friends of Mrs. J. E. Landers of El Paso, she told of the death of Mr. Landers which occurred December 16, 1945. Mr. and Mrs. Landers are former residents of Sanderson, but had been making their home for the last few years in El Paso. Mrs. Landers also stated in her letter that Mrs. Dave McClymont, also a former resident of Sanderson, had recently visited with her.

Women students at the University of Texas will get first-hand information on careers Jan. 16-18, at a Career Conference. One of the principal speakers will be Miss Dorothy Pollack, vocational guidance director of Stephens College, Columbia, Missouri. She will speak on "Vocational Opportunities for Women in the Post-War World."

Mr. and Mrs. J. W. Sessoms were visitors in San Antonio this week.

## Presbyterian Circle Meet Monday With Mrs. R. S. Wilkinson

Circle members of the Presbyterian Auxiliary met Monday, January 14, at 3:30 p. m., in the home of Mrs. R. S. Wilkinson.

The meeting was opened by Mrs. John W. Byrd, who conducted the business session. The group sang the hymn, "Light Up the World for Jesus," followed by a prayer. Mrs. Jimmy Hanson was leader of the program. The subject for discussion was, "Do I Want a Christian World?" Mrs. Hanson gave a challenging message for every Christian to put Christianity first. She used the hymn, "I Love to Tell the Story," and finished with a prayer.

Members present were: Mesdames Byrd, Hanson, Sid Harkins, J. H. Loehausen, N. M. Mitchell, E. H. Jessup, Lee McCue, J. W. McKee, E. F. Pierson, and R. S. Wilkinson.

## Army Recruiting Team Will Be in Sanderson Four Days This Month

A United States Army recruiting team from El Paso recruiting station will be in Sanderson Tuesday, Wednesday, Thursday and Friday the 22, 23, 24 and 25 of this month for the purpose of showing films and accepting prospects for the regular Army.

The recruiting team will consist of M-Sgt. Christy and Sgt. Rosett. Offices will be located at the United States Selective Service office in the Court House.

## Doris Duke Hostess To Members Sub-Deb Club Thursday

The Sub-Deb Club held its regular meeting Thursday, January 10, in the home of Doris Duke.

Following the business session refreshments were served to the following members: Betty Jo Beckett, Cecelia Goode, Mary Agnes Frazier, Birdie Turner, Betty Ann Peavy, Betty Sue Yeates, Mary Nell Gates, Jeanette Cobb, and the hostess Doris Duke.

Kenneth P. Wisnac and E. D. Wysaki, both of Wisconsin, were guests in the home of Mr. and Mrs. W. E. Lea a few days this week. Kenneth and Bill Lea served three years together in the Sea Bees, being stationed at Kodiak, Saipan and Okinawa.

W. E. (Bill) Lea accompanied by his sister, Mrs. Nelle Appel are visiting friends in Texas, Louisiana and Florida. In Florida they are the guests of their brother Robert Lea and Mrs. Lea. They report a very enjoyable time sight-seeing in Florida.

## William James Ferguson, Long-Time Resident Of Terrell County Succumbs to Heart Attack

### Kerrville Chosen Site for Billie Kid Show February 2

COLLEGE STATION, Jan. 18.—County agricultural agents in goat producing counties have chosen Kerrville and February 2 as the place and date for the 1946 spring billie kid show. A fall show also is in prospect, according to W. R. Nisbet, sheep and goat specialist for the A. and M. College Extension Service. Entries will be confined to 4-H Club boys and the show sponsored by the Texas Mohair Grading committee. The agents have indicated preference for a classification show, Nisbet said.

The objective of the exhibit is to encourage members of boys' 4-H clubs to demonstrate flock improvement selection and development of the most desirable type of flock sires. This movement began in 1944 and the first show was held in the fall of that year. Since November club boys in the goat country have been shopping among ranchmen for good prospects in billie kids to enter the show and also for club demonstrations. Nisbet said that entries would be received up to the time of the show. Kerr County Agricultural Agent W. H. Gardner is in charge of arrangements.

### Date Changed For Presentation Of Three-Act Play

"The Case of the Laughing Dwarf" is the title of a play to be presented in the near future. Originally scheduled for the night of January 28 at the High School Auditorium, but due to unexpected happenings, the date has been changed, and it will be presented at a date to be announced later.

This three-act play, interwoven with mystery and strange doings, will be cast by a group of local talent for the benefit of the High School Athletic Association, to provide football awards for the Eagle squad.

### Remember January 31 Is Last Day to Pay 1946 Poll Taxes

Residents of Terrell County are reminded that January 31 is the last day to pay Poll Taxes, and also those who are eligible for exemptions are reminded that the law has been changed regarding exemptions, and in order for them to vote they must renew their exemptions.

Under provisions of the constitutional amendment voted last summer by Texans, honorably discharged members of the armed forces are entitled to vote free in 1946 elections provided they meet other legal requirements as to age, residence, and other qualifications.

The privilege applies for an eighteen month period following date of discharge, and the veteran may vote by showing his discharge certificate and proving his residence.

Out-of-town people here to attend funeral services for W. J. Ferguson which were held Friday included: Mr. and Mrs. Clyde Stevens of Floresville, Mr. and Mrs. Bill Tedford of Austin, W. S. Helm of Pecos, and L. W. Ervin of El Paso.

S 2-c Bland Gates has returned to his station at San Diego, Calif., after visiting here with his parents, Mr. and Mrs. A. B. Gates.

Mr. and Mrs. Duane Smith of Alpine were here Friday to attend funeral services for W. J. Ferguson.

### Unemployment Claims Will Be Received At Court House

Announcement was made this week that a representative of the Texas Unemployment Compensation Commission at Austin, will be in Sanderson every other Tuesday, beginning Tuesday, January 29 from 1 to 3 p. m., at the Court House.

Applications for unemployment benefits from unemployed workers, and from veterans for re-adjustment allowances as provided by the "GI Bill of Rights," will be received by the representative at the time.

### James A. Mansfield Enroute Home From Pacific Service

PEARL HARBOR, T. H. Jan. 18.—James Albert Mansfield, Coxswain, is one of 640 Navy veterans whom the Navy is returning to the States for discharge aboard the U.S.S. SARGENT BAY. This ship left Okinawa, December 29, and is scheduled to arrive in San Pedro about January 17.

The U.S.S. SARGENT BAY is one of the carriers, battleships, cruisers and attack transports of the "Magic Carpet" which returned 242,312 Navy veterans from the Pacific during December as part of the greatest movement of men in Naval history.

### Elliott W. Adams Offers Pointers On Social Security Act

Most types of employment are covered under the old-age and survivors insurance provisions of the Social Security Act, said Elliott W. Adams, manager of the San Angelo office of the Social Security Board. He pointed out however, that cooks, maids, butlers, chauffeurs, and gardeners who are employed by private families, are not included under the law. If these same workers should secure jobs in hotels, cafes, service stations, or in other commercial or industrial establishments, they would be included by the system.

Employment not covered by the old-age and survivors insurance system of the Social Security Act in general consists of farm labor; domestic service; government, city and state employment; work for an educational, charitable or a non-profit organization; certain types of professional work and services performed for a son, daughter, spouse, or parent.

Generally speaking, covered employment is a job in a factory, shop, mine, mill, store, office, garage, or bank.

### FOURTH OF VOLGA, D. POPULATION IN LEGION

VOLGA, S. D.—A national American Legion per capita membership record for 1946 is claimed by the Melvin Burrows Post 114 here.

The population of Volga is 548. The local post already has an enrollment for 1946 of 134.

This is a Legion membership of 24.45 per cent of the entire population of Volga. Post Commander Ellsworth J. Woodard wants to know what community in the United States can beat this record.

M. H. Goode Jr., has returned from San Antonio where he has been with his father, M. H. Goode Sr., who is in a hospital in that city recovering from an operation. Mrs. Goode and Mrs. Lee McSparren are also in San Antonio to be with Mr. Goode. Latest reports are that he is getting along alright.

### Masons Have Charge Of Funeral Services Held Friday Morning

Funeral services for W. J. Ferguson, long-time resident of Sanderson, were held Friday Morning at 10 o'clock at the Masonic Hall, with the Masons in full charge of the services. Interment was in Cedar Grove Cemetery.

Mr. Ferguson died from a heart attack about 2:30 o'clock Wednesday afternoon while at work at the Standard Oil Wholesale plant of which he was agent. Mr. Ferguson came to Sanderson about 1904, working for some time as a section foreman on the railroad, and for a time worked as a ranch hand in this section. Later he worked for the Kerr Mercantile Company, after which he went into the automobile business which he operated at the time of his death.

A member of the Masonic Order for several years, he was also an active member of the Rotary Club.

Born March 28, 1882 at Yorktown, Texas he was sixty-four years of age at the time of his death.

Survivors other than Mrs. Ferguson include: a daughter, Mary Ferguson and a son W. J. Ferguson Jr.; four brothers, George and John of Floresville; Frank of Asutin, and Jesse of Navasota; two sisters, Mrs. Roy Adkins and Mrs. Tom Carmichael, both of Floresville.

pallbearers included: R. S. Wilkinson, B. Carson, Hal Rowlette Sr., Milan Northcut, Horace Fletcher, and C. P. Peavy all of Sanderson. Chester Smith of Dryden and L. W. Ervin of El Paso.

### State Health Officer Gives Pointers To Prevent Pneumonia

AUSTIN, Jan. 18.—According to Dr. Geo. W. Cox, State Health Officer, pneumonia caused over 1,934 deaths during the first ten months of the past year in Texas, a reduction over the previous year but still too high. It is more prevalent during the winter and spring months.

Pneumonia is usually caused by a germ called the pneumococcus, which many of us have lurking in our throats ready to start trouble when our resistance to it is lowered. We can keep up our resistance by avoiding undue fatigue and avoiding unnecessary exposure to extreme weather conditions. When we go out into the cold, additional wraps should be worn, sufficient to protect us. Keeping the temperature of our homes as low as is consistent with comfort will greatly lessen the difficulties encountered in adjusting ourselves to the cold when we go out.

Another method of prevention in pneumonia is not to neglect a cold, for the common cold often results in pneumonia when neglected. A person with a severe cold should stay at home, and call his physician for advice if temperature persists or the cold lingers on. He should follow his physician's advice until the cold has disappeared.

The successful treatment of a pneumonia case often depends upon starting treatment very early. That is why a physician should be called at once when pneumonia is suspected. A patient may really have beginning pneumonia when he thinks it is only a cold. If the physician's advice is sought, he will have an opportunity to start treatment early if pneumonia occurs in such cases.

W. H. Savage was a visitor in Austin this week on business. While there he visited with his son, Bill, who is a student at the University.

### Legion Wins Fight To Ease Entry Of 66,000 G. I. Brides

WASHINGTON, D. C.—The American Legion has won its fight for the legal admission to the United States of an estimated 66,000 G. I. brides of World War II. However, these brides will face a two-year wait before they can become American citizens.

The 27th national convention in Chicago last November adopted a resolution to support legislation designed to facilitate entry into this country of foreign nationals married to members of the American armed forces abroad. In compliance with this mandate the Legion threw its support behind H. R. 4857, which is now Public Law 271.

The Department of Justice expects the first big rush of applications for visas under the new law to start in February. They will come from many European countries and from Australia and New Zealand.

**Two-Year Citizenship Wait**  
National Americanism Director Elmer W. Sherwood of The American Legion has outlined the steps of a foreign-born G. I. bride must take to become a U. S. citizen:

1. Register with the American consul in her country.
2. Obtain a visa.
3. On arrival in America present the visa to port of entry officials who will forward it to the Commissioner of Immigration and Naturalization in Philadelphia.
4. Before completing two years of residence in the United States, file a preliminary petition for citizenship.
5. At the end of two years of residence, file a formal petition for citizenship.
6. Attend a court hearing to determine if she is eligible to be naturalized.

A total of 355 World War II veterans was initiated into New Kensington, Pa. Post 347 of The American Legion in the post's greatest mass induction recently.

There are twenty base prisoner-of-war camps and twenty branch camps located in Texas

**FLYING BALL CLUBS**  
CHICAGO—The entering wedge that may mean west coast baseball teams playing in either the American or the National League was the signing of volume travel contracts by 11 major league baseball clubs calling for service in 1946. With flying recognized as a means of travel for ball clubs and the promise of 9 to 10 hours transcontinental flight schedules in the near future the arrangement of schedules allowing a west coast city to have a member team in either league would be possible.

## From Our Schools Come New Leaders

Agriculture looks forward with confidence to tomorrow because its youth is being trained properly today.

Our United States public school system has taught scientific agriculture to millions of boys and girls in the vocational agriculture courses of nearly 10,000 rural high schools. Here students learn the improvement and proper use of the soil which is our basic wealth; how to produce ton litters of pork in less than six months; the care and repair of farm machinery; and many other vital things. Such studies create an interest in research and this is important—for scientific research is vital in agriculture and other industries. Science has been back of the development of modern farm machinery; of cows that produce

15,000 pounds of milk; hybrid corn; breeds of beef cattle, hogs and sheep capable of converting feed into meat and fiber economically and speedily. Research in the science of agriculture is a major national resource which has contributed largely to the high standard of American living.

### MEAT BUYING CUSTOMS

Bostonians like beef from heavy steers, St. Louisans prefer beef from light ones. It is of interest to livestock producers and meat packers that taste, money-to-spend, seasons, beliefs and habits all affect meat buying customs in different parts of the United States. Our new 16 mm. moving picture sound film, animated and in color, "MEAT BUYING CUSTOMS," explains these differences. Interesting for lodge, grange, school or church shows, and farm and livestock meetings. You pay only transportation one way. Write to Department 128, Swift & Company, Union Stock Yards, Chicago 9, Illinois.

### THE EDITOR'S COLUMN

Several times in this space, I have invited producers of agricultural products to come and see us. As a result of this, we have had quite a number of visitors. Conversations with these visitors have been very interesting and helpful to me and have brought out many of the ideas which producers have regarding the livestock and meat industry. Some recent conversations indicated that quite a number of producers think that there are less than a hundred meat packers in the United States, in fact some thought there were as few as ten. This idea seems to come from the fact that many of them ship their livestock to only one market and are familiar only with the number of meat packing plants at that market. I am sure that it will interest all of you to know that there are more than 3,500 meat packers in the United States. In addition, there are upwards of 22,500 other commercial slaughterers. The only way those 26,000 companies and people can make money in their business is to sell meat. And to sell meat they must buy livestock. So all over the country—from Portland, Oregon, to Portland, Maine, from the Rio Grande to the Canadian border—these competing livestock buyers are bidding against each other for the essential material of their businesses—the cattle, calves, hogs, and sheep produced by American farmers and ranchers. The buyers who get that livestock are the ones who bid the highest prices in their particular areas.

### A RECORD TO BEAT

Who will be America's Star Farmer of 1946? He'll have to be good to beat the record of Gordon Eichhorn of Marion County, Ohio, who won this top award of the Future Farmers of America at their 1945 National Convention last fall. A high school freshman in 1939 with one sow, two steers and 26 sheep, Gordon now has 60 hogs, 90 sheep, 1,500 chickens, land and equipment for a total net worth of more than \$8,300. He farms his own land, is partner with his dad on 186 acres, and rents from his neighbors 96 acres more on which he raises corn, alfalfa, small grains and clover.

### IT PAYS TO KEEP FARM ACCOUNTS

By E. C. YOUNG  
Professor of Agricultural Economics  
Purdue University

Profits are the final test of good farming. Farm accounts give the results of management in dollars and cents. Well kept records are a check on management. They serve as a basis for determining the success or failure of crop and livestock practices. Properly kept, they identify the profitable and unprofitable enterprises and suggest points at which improvement can be made. Farm records are nothing more than an orderly classification of your financial experience. To be most valuable, they must be simple and they must be used. Most state colleges furnish simplified account books which can be obtained through your county agent. Sometimes it is better to plan your own accounting system in an ordinary ledger. If all your cash income is deposited in the bank and all your outgo is paid by check, you can use the bank records of deposits and checks as a basis for your accounting or as a check on your own records. Bank records will be more valuable if you include an annual inventory along with your records of cash receipts and expenses.

**FEEDING EARLY-LAMBING EWES**  
To develop good milk-producing ewes, therefore good early lambs, winter feeding is important. Feed them plenty of top-quality legume hay and just enough grain to keep them in good condition, gaining a little weight. Don't forget exercise. It makes lambing easier and helps save a higher percentage of lambs.

### Leaves Leave Conduct Collection

NEW YORK, Jan. 18—An lieutenant who is devoting his terminal leave to conducting the Victory Clothing Collection in his home is among the thousands of returned servicemen who are taking an active part in the nation-wide drive for overseas relief. Henry J. ... national chairman, ... today.

Sam R. Haley, in a telephone call accepting the local chairmanship for the clothing collection in Jefferson City, Mo., said: "I am doing the need for clothing in my home town. I recall an incident in Brussels, Belgium, after the Battle of the Bulge. People were very cold, fuel and clothing being acutely scarce. I walked down a main street, and saw a truck loaded with people surrounded by people poor and hungry. They were snatching things to put in their sacks. The driver of the truck, in order to get his load, found it necessary to strike at outstretched hands with a heavy shovel. European families have shared a meager ration of ersatz with me on cold days, or brought out a good bottle of wine which they had managed to keep hidden from the Germans. Making a success of this drive in my home town is an opportunity to keep alive the friendly relationship with those who were kind to me."

### Americans Digging into Pocketbooks As Well as Their Pantries to Provide Food For Starving People of Bombed-Out Lands

NEW YORK, Jan. 18—Americans are digging into their pocketbooks, as well as their pantries, to provide canned food for the starving people of bombed-out lands. Dan A. West, executive director of the Victory Collection of Canned Food, said today in a report on the progress of the drive for overseas relief.

"Cash contributions, though unsolicited, have steadily mounted since the campaign got underway last October," Mr. West reported.

The Victory Collection originally was designed to supplement basic diets furnished by the United Nations Relief and Rehabilitation Administration in

expenses and distributes the food free and without discrimination to the neediest war victims in Europe, China and the Philippines.

Persons wishing to make cash contributions may send their donations to the Victory Collection of Canned Food, 100 Maiden Lane, New York 7, N. Y.

Washington—The wartime ban on the use of cameras by airplane passengers has been dropped by the Civil Aeronautics Board repeal of section 43.82 Civil Air Regulations. This move, the Air Transport Association of America reports also stops the searching of baggage and the removal of cameras. The photographing of military installations from planes is still prohibited.

### Marathon Trapper Wins Daily Award At National Fur Show

John Valcher, Jr., well known trapper from Marathon, is a winner of a Daily Award for correct pelt handling in the Seventeenth National Fur Show conducted by the Raw Fur Marketing Service of Sears, Roebuck and Company.

Valcher's carefully handled Skunk pelt brought him one of the \$5.00 Daily Awards, as a result of its being judged one of the three best handled skins among all pelts received at Sears Raw Fur Marketing Station in Dallas on Thursday, January 3rd, and in addition entitles Valcher to consideration for one of the major awards, including \$1,000.00 First Award, to be selected at the final judging which will be held in April.

Correct pelt handling—the prime purpose of the Fur Shows—has proved to be of vital importance to trappers due to the fact that millions of dollars were formerly wasted through careless, incorrect skinning, stretching and drying of furs—dollars which could readily have gone into the trappers' pockets instead of being cast to the winds. Well-prepared pelts command more money than poorly handled ones—thus increasing not alone the earnings of the trapper, but the value of our country's natural resources. Sears Fur Show was established to stress the point and, thus to encourage pelt handling.

This season's 17th National awards again total \$7,590.00 in cash, including 918 daily \$5.00 awards amounting to \$1,950.00—topped by an eagerly sought-after \$1,000.00 First Award—plus twelve sectional awards for complete shipments—aggregating \$800.00. All awards are for pelt-handling only, not kind or value of skin. Every pelt shipped to Sears, during the term of the Fur Show, is automatically considered for one or more awards. Full details are given in the 1945-46 edition of "TIPS TO TRAPPERS"; free copy of this book may be obtained by writing Sears Raw Fur Marketing Service, Dallas.

### American Meals May Be Higher in Calories And Lower in Vitamins

COLLEGE STATION, Jan. 18—American meals in 1946 will probably be higher in calories and lower in vitamins in 1945, according to Miss Jennie Camp, assistant state home demonstration agent for the A and M College Extension Service.

Miss Camp explains that larger supplies of meats, fats and oils, and possibly sugar will raise the average per capita supply of daily calories to about 3,500. "This is seven or eight per cent more than the average of prewar years and somewhat above 1945," she says.

The fact that incomes of a number of families will be lower influences the amount of vitamins in the diet. Lower income groups tend to buy less vegetables and fruits. For the same reason, Americans may drink less milk this year, which will mean somewhat less calcium and riboflavin in the average diet.

"Whether diets will continue as high in the B vitamins and iron as they were during the war will depend considerably on whether bread and flour continue to be enriched at present," Miss Camp concludes.

The big trouble with drink is that it makes too many people see double and act single.

### RADIO STATION FLOWN TO JAPAN

MANILA—Using 12 cargo planes for equipment and 12 planes for personnel, the army flew a highpowered radio station and the men to operate it to Japan. The station, capable of furnishing ground-to-plane communication, weather information, approach control and communication with Okinawa was in use 45 minutes after planes landed at Atsugi airfield outside of Tokyo.

### CASH AWARD WON BY LOCAL TRAPPER

Successful Handling of Skunk Pelt Wins Award for John Valcher Jr. at Sears 17th National Fur Show

How You, Too, May Win an Award as High as \$1,000.00 Cash

Again that "letter pelt handling" local trapper got an extra \$5.00 one of the Daily Awards in Sears National Fur Show—and, besides, to share in the big major awards! This trapper did, you too can do it! Don't you sell your furs through Raw Fur Marketing Service. For the Fur Show offers, this season, a record of cash awards, including the Award of \$1,000.00 for the best pelt of all.

**CASH AWARDS—\$7,590 Cash**

Total of 942 cash awards for fur—942 opportunities to share in \$7,590.00.

**DAILY CASH AWARDS:** There are 918 daily cash awards, ranging from \$5.00 to \$1,000.00.

**SECTIONAL CASH AWARDS:** There are 12 sectional awards, too—for complete shipments of five or more pelts—one of \$250.00, eleven of \$50.00 each.

**CASH AWARDS:** Finally, there are 12 daily cash awards of \$5.00 each, received during the Fur Show.

Get In—It's Easy

Every fur you ship to Sears, during the term of the Fur Show, is automatically considered for awards. Moreover, only the handling of the pelts counts; not the kind of fur, not its value.

So this season, why not try for some big extra money? Remember, everybody has an equal chance. You have everything to gain—nothing to lose.

When your furs are ready, ship them to Sears, Roebuck and Co., Raw Fur Marketing Service at the nearest Fur Marketing Station at the nearest of these points: Chicago, Philadelphia, Memphis, Dallas, Kansas City or Seattle. Thousands of trappers have earned awards. YOU CAN, too!

**Southern Pacific Files Order for 2,000 Refrigerator Cars**

HOUSTON, Jan. 17—Purchase of 2,000 new railroad refrigerator cars at a cost of about \$12,000,000 has been authorized by its joint owners, Southern Pacific and Union Pacific, it was announced here Thursday by E. A. Craft, executive vice president of Southern Pacific Lines in Texas and Louisiana.

The new cars will have latest devices to make them the most modern of their type in the world, according to K. V. Plummer, vice president and general manager of Pacific Fruit Express.

Last year, despite car builder's difficulties, the company obtained delivery of 1,000 new cars costing \$5,296,000, to help haul an all-time record volume of perishables. This all-time volume is expected to be approximated again in 1946. Hope is that most of the 2,000 additional cars will be delivered in time to help speed the 1946 fall and winter crops to market.

Refrigerator cars of the nation have been pooled in an endeavor to bring about equitable distribution among all shippers. The total number of these cars available in the pool has declined 2,756 since Pearl Harbor, because many old cars worn out in war-time traffic, but the Pacific Fruit Express Company, operating the world's largest refrigerator fleet, has more than maintained its contribution to the pool, it was stated. As of recent count, the P.F.E. had 36,528 serviceable cars in the pool compared with 36,201 shortly after Pearl Harbor.

**NO MORE "BUMPING"**

WASHINGTON—Removal of War Department priorities on air travel and reduced fares by the commercial airlines have resulted in a heavy increase in demand for plane seats. The airlines are putting more planes into service and will meet the public demand as rapidly as possible. Travelers are protected against "bumping" under the new regulations.

**Expect Farm Prices To Be Some What Lower This Year**

COLLEGE STATION, Jan. 18—Farmers and ranchmen now planning their 1946 operations can expect farm prices to be moderately lower, but production costs should remain about the same for the year just begun.

Farm prices of fruits, vegetables, and eggs are expected to drop more than prices of other agricultural products, in the opinion of two economists for the Texas A. and M. College Extension Service. W. E. Morgan believes the net farm income for the nation will be 10 to 15 per cent under the record high of 1945.

Farmers can rely on relatively high prices for about two-thirds of the things they produce, since prices for these are supported by law at 90 per cent of parity. There are support prices on most "basic commodities" such as cotton, wheat, tobacco, and rice, but products not covered include beef cattle, sheep, fresh vegetables and fruit, according to T. R. Timm.

On the bright side, farmers can expect more labor in the months ahead. Morgan says the total force in the country on the first anniversary of VJ Day will be about six million above what it was in August, 1945. This should bring about the only drop in farm production costs—the cost of farm labor. Production efficiency of farm workers greatly increased during the war and for a few years before but for 1946 it is more likely to decline rather than rise, he believes.

On a long-time basis Morgan says farm prices and production can remain at a high level, "if we can lick our unemployment problem by any means other than war." For the immediate future, increased population, high incomes for industrial workers, foreign purchases and UNRRA commitments should assure high consumption of farm products.

The dresses women wear to teas sure do.

**Some Reasons For Present Shortage Of Butter Explained**

COLLEGE STATION, Jan. 18—Consumers cannot have more milk, cream, ice cream, evaporated milk and cheese and at the same time have more butter too.

That is the way W. E. Morgan, economist with the Texas A. and M. College Extension Service, has summed up the butter situation.

Morgan explained that butter production has gone down steadily since 1942. Before that

time almost half the milk sold by farmers was separated on the farm or dairy for sale as cream, which was used largely for butter, while the skimmed milk remained on the farm. To increase the wartime food supply, the Government urged farmers to deliver whole milk. Part of the whole milk was made into evaporated milk, Cheddar cheese, dried ice cream mix and dried whole milk. Much of this went to the armed forces and Lend-Lease. Meanwhile fluid milk consumption in this country jumped 25 per cent during

the war years, and butter production in 1945 was the lowest in twenty years.

During the war, Morgan pointed out, the Army and other Governmental agencies bought butter during the spring and early summer, when production would be available for civilians. Last summer the Armed Services had to assume that the war would continue, and so butter stocks were bought to meet the winter's needs. With the sudden surrender of Japan all of the butter stocks were not

needed. In December, for example, 70 million pounds were released for civilian use, so consumers actually had more butter in the last two months of 1945 than during any other two months of the year.

The Armed Services will continue to need butter and milk products and cheese, while evaporated milk and dried milk are still being sent abroad. Meanwhile, with the end of rationing demand for butter has increased. Although whole milk production is expected to continue high, Morgan sees little hope

that the butter situation will be brighter in 1946.

Oh, what most of the human race would give to be in *your* shoes!

Clothing that you may consider old can bring new life to some suffering person to whom war brought despair and destitution. Goal of the Victory Clothing Collection is 100,000,000 garments, plus shoes and bedding. If your contribution seems negligible, bear this in mind: *Every garment you give means one more human being saved from cold or sickness or possibly death.*

About 25,000,000 people overseas re-

ceived clothing collected from America last spring. But for every person clothed so far, a dozen more remain virtually shivering bare. Your spare clothing will be distributed free, without discrimination, to victims of Nazi and Jap oppression in Europe, the Philippines, and the Far East.

Dig into your attics, trunks, and closets today... dig out all the serviceable clothing you can possibly spare... take it to your local collection depot now. If you doubt the need for it overseas, ask the boys who've been there!

## THE CAMPUS

It's faint, kids and people,  
 get back again. If you re-  
 sists, you must accept the  
 fact that I was requested to  
 chatter again—believe  
 me.

There has been a lot of disap-  
 plement this last week as  
 you guessed it—the fact  
 the snow will not stick.  
 It wouldn't it be grand  
 if a good old fashioned  
 fight? I can remember  
 fights around this campus.  
 They were some fun! Any-  
 body remember the time we had  
 some super snow—right at  
 the exams!!! At least we  
 had a little fun out of it before  
 it melted to our doom.

There were some of the most  
 rumors going around  
 the day. Some one said  
 we had celebrities in town.  
 It was worth for one! There  
 are those who claim that they  
 were in town, but who  
 I did not talk to any-  
 one had actually seen Rita.  
 It did cause a lot of  
 excitement which was fun in it-

Been noticing more pretty  
 lately. Could it be that  
 Claus helped out that situ-  
 ation? Really, you ought to no-  
 tice pretty rings, pearls,  
 and bracelets some of  
 campus beauties are sport-

Simply can't talk about  
 excitement around the cam-  
 pus. Leave out the plays that  
 are being put up. The Juniors  
 have ordered their play books,  
 and put their sleeves about  
 the going to be. Title?  
 "The Gas." The Seniors,  
 are to have their play after  
 the boys. Are very busy decid-  
 ing which play to have. They've  
 had some really good as  
 unusual ones and its  
 hard to decide. You can  
 let the one picked will be a  
 the best ever put on at  
 here. Of course you'll be  
 able to see for yourself.  
 Seeing you next week—  
 don't forget, to get sick.

## KAT'S KLAW

Hi Folks!  
 Well, another week has rolled  
 around and I have a list of gos-  
 sip for you so tune in and let go.  
 Guess who I saw at the show  
 the other night? I know you  
 couldn't ever guess so think I'll  
 tell you. Cookie and Melvin Ken-  
 nedy. Cookie said it is something  
 on the order of a good neighbor  
 policy. But do you really expect  
 us to believe that Cooke?

And just a little tip off, but if  
 you'll watch the P. O. every  
 morning at about 8:30, you'll see  
 none other than Birdie running  
 in for a letter marked Rock-  
 springs. I heard Hazel saw and  
 dated a certain Comstock boy  
 last week-end. He's the same one  
 I told you about last week. How  
 does she get around so?

A party took place up Cobb's  
 way last Friday night. One of  
 those last minute affairs you  
 know. Some say it almost was a  
 bachelor party as there weren't  
 very many girls there.  
 I think that Budge is falling  
 for Teetness again. What does it  
 matter even if she is only a  
 freshman?

Hazel is going around with a  
 smile on her face now. Could it  
 be because the Army man Harold  
 Holmes arrived in town.  
 Another tip off: If you ever  
 want to beat at poker, try play-  
 ing with Walt Carruthers. I hear  
 he is really on the beam.

You really ought to see two of  
 some pictures Mary Nell just re-  
 ceived. They are really humdins-  
 ers.

Guess all the girls who were  
 seen riding in Bland Gate's car  
 won't be seen "no more" as you  
 know he is well on his way back  
 to base.

Wow! Are my eyes wide open  
 are, are they wide open? Who  
 was that dream boat Joan An-  
 derson had in tug at volley ball  
 practice last Friday. Come on  
 Joan, fess up?

Well I wonder what's wrong?  
 Saw Al and Aubry "stagin it"  
 last Friday. No girl friends? Well  
 that can be provided for, but  
 wait a minute what am I saying  
 Oh well I've seen Al around with  
 Clara, and I know a little Birdie  
 who would like to date Aubry a-  
 gain.

Well, thats about all for now  
 but my ears are wide open and  
 ready for acting. See if you know  
 anything that I can't know then  
 let me know so the rest can know  
 too. Say y???? Until next week  
 Your reporter,  
 Kat

## MID-TERM EXAMS

Well, kids, mid-term is here a-  
 gain. Everyone leaves school with  
 an arm full of books and an aching  
 head. We appeal to the  
 mothers not to make the kids  
 work too hard when they get  
 home so they can cram, and we  
 don't mean food. We will have  
 tests Wednesday, Thursday, and  
 Friday, so burn that midnight

 your feelings any.

## HOME TALENT TO BE PRESENTED

Do you like a good mystery  
 story? Most people do. Who  
 wouldn't enjoy the suspense, the  
 thrill of a sudden offstage  
 scream, the chills of a corpse in  
 a darkened room? All of this and  
 more is to be found in "The  
 Laughing Dwarf," a three act  
 play to be presented in the high  
 school auditorium Jan. 28 (Mon-  
 day night) at 8:00 o'clock.

The play has two murders, a  
 Chinese detective, a comedy  
 policeman, and all the other  
 factors that make it a successful  
 puzzle.

Don't fail to see "The Laugh-

## ANNUAL MEETING

Last Saturday, Jan. 12, the an-  
 nual staff met at Mrs. Bradfords  
 home to discuss with Mr. C. Sul-  
 livan of the Taylor Engraving  
 Co. of Dallas our 1946 Annual.  
 After having the contract fully  
 explained to us, we signed. We  
 hope to have our annuals ready  
 for the student body between  
 May 15th, and the close of  
 school. We also contracted for  
 having pictures taken. The pho-  
 tographer is expected sometime  
 soon.

## Lamar School Notes

Lamar Ward Parent-Teacher  
 Association met at the school  
 building Tuesday afternoon,  
 January 15 at 3:30 o'clock. Mrs.  
 Counts' third grade presented a  
 New Year's play with suitable  
 songs, music, and poems. Rev.  
 Clifford Spencer had the dis-  
 cussion "Religion for our Chil-  
 dren." The seventh grade won in  
 the room count.

Mrs. Durwood Hartsfield  
 visited the fifth grade last  
 Thursday. Mrs. Hartsfield had  
 taught these children in the sec-  
 ond and third grade and they  
 were all happy to have "Miss  
 Ragsdale" with them again.

Josefina Martinez spent last  
 week-end visiting in Reynosa,  
 Mexico.

Ascencion Pera was a recent  
 visitor to Valentine.

Ramon Valadez, Jr. spent  
 Sunday in Del Rio visiting  
 friends.

Angelita Martinez is a new  
 pupil in the second grade.

Reyes Fuentez spent Monday  
 in Marathon visiting friends.

Margarito Bustos spent the  
 week-end in Del Rio visiting his  
 aunt.

Rodolfo Hernandez visited his  
 grandmother in Marfa over the  
 week-end.

Azucena Zepeda and Pablo  
 Perez visited in Dryden Sunday.

Petra Hernandez withdrew  
 from the fifth grade on account  
 of illness in the home.

## ODDS AND ENDS

"The weather outside is  
 frightful, but the fire is so de-  
 lightful. Let it snow. Let it snow.  
 Let it snow." That still seems to  
 be the motto of the day around  
 the campus of S. H. S.

Skirts, sweaters, slacks, bobby  
 socks and big heavy coats are the  
 order of the day in Sanderson  
 High. Some say there's always a  
 way to keep warm!

A new fad is going around ye'  
 Oie Sanderson High now. You see  
 quite a few of the girls have their  
 hair in bangs. Thats a cute idea  
 girls. I feel for those who can't  
 wear bangs.

Lately we haven't seen many  
 ex's around. I suppose they will  
 be coming home for good real  
 soon.

Aches and groans can be heard  
 all through the halls of S. H. S.  
 as you may know, mid-terms are  
 here. Everyone has that worried  
 look. Everyone is wishing their  
 neighbor luck. I'm beginning to  
 get worried myself, so I will stop  
 this chatter.

See you next week some  
 time—some place.

### Famed 36th Division Meet at Brownwood Three-Day Reunion

**BROWNWOOD, Jan. 18**—Reactivation of the 36th Division Association is scheduled as one of the principal activities in business sessions of the outfit's three-day reunion here January 19, 20 and 21.

The 36th Division Association as it existed after World War I has been more or less dormant since the National Guard outfit was impressed into Federal service for a second time on November 25, 1940.

It is contemplated that the Association will be re-formed, elect officers, and adopt rules that will take into membership veterans who were with the Division in World War II.

Veterans of both World Wars who served in the Division are authorized and urged to attend the reunion, first held since the end of the last war. Those eligible to participate in the business sessions will be members of the Division between these dates: April 26, 1917 and November 11, 1918; and November 23, 1940, and December, 1945, all dates inclusive.

A progress has been worked out by a citizen group of Brownwood and a committee from the division, of which H. Miller Ainsworth is chairman.

A preliminary meeting will be held January 19 at 10 a. m. in the Brownwood Municipal Auditorium. In the afternoon at two o'clock will be a parade. It is contemplated the Division will march by regiments, battalions and companies. For that reason all 36th Divisioners are urged to register immediately upon arrival at booths to be located in town and also at Camp Bowie in order that they may learn where their outfit will form.

Sunday morning will be given over to memorial services in Brownwood churches with former chaplains of the Division conducting the services.

The State Park at Lake Brownwood will be dedicated to the Division in a ceremony commencing at three o'clock Sunday afternoon. Governor Coke R. Stevenson will make the presentation while Major General Fred L. Walker, who led the Division overseas and into its first combat, will accept.

Business sessions are scheduled for Monday, January 21. Varied types of entertainment are being arranged by Brownwood citizens to be interspersed in the more serious side of the program. Some of the features will be dances.

Urging all enlisted men, warrant officers and officers to attend, Ainsworth said: "This is your Division meeting, and plans that have been made up to now were worked out so that an expression can be had from you as what your wishes may be for your association."

Answering inquiries as to whether or not the uniform may be worn, Ainsworth said the matter was optional as far as the parade is concerned for Army regulations specify it may be worn on special events. The parade meets that requirement, he said.

Facilities of Camp Bowie, where the Division assembled for its initial training after federal mobilization on November 25, 1940, have been opened to the veterans to prevent any housing shortage. Billets at the camp will be available for those who do NOT bring their wives—after all accommodations in Brownwood have been taken. Costs will be nominal and only for the laundry service. Meals also will be available at the camp at a nominal cost.

Reservations may be made by writing to the Hotel Brownwood, Brownwood, Texas. The staff there is arranging all billets, whether they be in the city or in the camp.

"But since the war is over I didn't think you'd need your uniform anymore—so I sent it to the Victory Clothing Collection."

### Ceiling Prices For Small Firearms To Be Announced Soon

Ceiling prices for small firearms declared surplus by the armed forces will be determined by the same methods already provided for surplus shotguns, William E. Dozier, price specialist of the San Antonio district Office of Price Administration, announced today.

This follows advice from the Reconstruction Finance Corporation that it will dispose of rifles and pistols that have been declared surplus by the armed forces.

Retail and wholesale ceilings for new standard brand rifles, pistols, and other small firearms will be the designated retail and wholesale prices in the manufacturers' current price list. On Government sales the ceiling will be the list price for sales by manufacturers to wholesale.

For new standard brand firearms not in the manufacturer's price list, as well as for new non-standard brand firearms, the price of the most comparable listed firearm will be the ceiling. Used small firearms in good repair have ceilings 75 per cent of those for new firearms. Other used small firearms have ceilings one-third of those for new items.

### Texas Memorial Museum Attracts Many Visitors

**AUSTIN, Jan. 18**—Far more stirring than reading or hearing about the deeds of Texans whose courage made possible the present celebration of the Centennial of Statehood is seeing actual scenes from "big moments" in the history of the state.

Texas citizens, including hundreds of school children, have their pride in their state renewed when visiting the Texas Memorial Museum on the campus of the University of Texas and viewing the dioramas actually showing how history was made, Dr. E. H. Sellars, director of the museum states.

Modeled after a Texas ranger camp five miles south of Uvalde is a diorama of a frontier battalion of Rangers back in 1835, complete in every detail. The rugged life these men led is revealed in the mountainous terrain and their uncomfortable tent quarters, with mounts ready for action against Indians or other enemies.

"The Winning of the Cow Country" is the title of another scene in which the signing of the final and lasting peace with the Comanches is re-enacted at the ranch of Col. Charles Goodnight in Palo.

Another event in the life of Texas is the diorama depicting Moses Austin requesting the Mexican authorities for permission to settle 300 American families in the state.

All of the bloody horror of the fall of the Alamo is shown in three scenes which immortalize the death of such heroes as Robert Evans, James Bowie, and David Crockett and his crew of hard-fighting Tennesseans.

Fort Griffin in 1876, located at Clear Fork of the Brazos, is the subject for another of these life-like dioramas. This fort was a key point in protecting the Texas frontier against the Kiowa and Comanche Indians.

"The Battle of Sabine Pass" where 47 artillerymen under Dick Dowling blocked the move of Houston in 1865 by five Federal gunboats portrays another colorful chapter in the state's history.

Another scene shows one of the greatest triumphs of Houston's army—the capture of Santa Anna by three Texas soldiers three days after the battle of San Jacinto.

One of the lesser known but most heroic moments in the struggle for freedom is recalled in a diorama concerned with the Mier Expedition which ended in the execution of one out of each 10 of 174 survivors of the venture across the border. These men had escaped their prison at the Hacienda de Salados near

### Admiral Dewey Acclaimed At Inn, Once Home Of Napoleon's Brother

**AMERICA'S** heroes are returning home to tumultuous welcomes, but no modern welcome could be more enthusiastic than that of Admiral George Dewey in New York City on September 30, 1898.

Admiral Dewey

Dewey defeated the Spanish fleet in Manila Bay without the loss of a single American, on May 1, 1898. Returning to New York five months later, he was given the greatest ovation ever tendered an American up to that time. The high spot was a parade to Grant's Tomb on Riverside Drive. A few feet away, at historic Claremont Inn, Dewey was a guest at a banquet given by the city and attended by 400 distinguished guests.

Claremont Inn, which was acquired by the City of New York in 1872, has been operating as a tavern for about 100 years. It has been historically famous since the

Revolution. Built about 1776 on a hill overlooking the Hudson River, it was once owned by Governor

Claremont Inn, New York

Joseph Alston and his wife, Theodosia Burr Alston, daughter of Aaron Burr. From a vantage point in the Claremont Mansion, Lord Courtenay, first British minister to the United States, watched Robert Fulton's first steamboat, the "Clermont," begin its maiden trip up the Hudson to Albany, on August 17, 1807.

Another famous occupant of the tavern in 1815, was Joseph Bonaparte, one time King of Spain and elder brother of Napoleon.

Saltillo, Mexico, only to be recaptured after enduring days in the heat of the desert. Their Mexican captors devised the cruel punishment of forcing each prisoner to draw beans from a pot, with black beans the symbol of death before the firing squad.

The cycle is completed with the scene in Austin of the annexation of Texas on Feb. 19,

1846, with President Anson Jones giving his farewell address.

Visiting hours at the Museum are from 10-12 a. m., and 2-5 p. m. on week days, and from 2-5 on Sundays.

### THE OLD JUDGE SAYS...

**DICK:** "I wonder how the distillers feel about that new movie built around an alcoholic."

**OLD JUDGE:** "It's funny you asked that, Dick... I was just reading a piece about it."

**DICK:** "What did it say?"

**OLD JUDGE:** "A very sensible statement. It said the beverage distillers are fully aware of this problem and are cooperating in every way possible to help solve it. The alcoholic is to the beverage distilling industry what the reckless driver is to the automobile industry. There is nothing wrong with the

automobile, but in the hands of a man who doesn't know how to drive it or is reckless, it becomes a menace. Likewise, it's not the use but the abuse of alcoholic beverages that causes trouble."

**DICK:** "Wonder why it is most men can drink moderately and others can't?"

**OLD JUDGE:** "Intensive research at a great university has shown that most excessive drinkers are really sick people. They are suffering from some physical, social or emotional upset. And great strides have been made in developing clinical methods of helping these unfortunate people."
