Funeral Services In El Paso For Lt. W. B. Stradley

Word was received this week of the death of Lt. William B. Stradley in the Naval Hospital at New Orleans, La.

Lt. Stradley was the son of Rev. and Mrs. B. M. Stradley of Phoenix, Arizona. Rev. Stradley at one time was pastor of the local Methodist Church.

Survivors other than his parents include a brother, Sgt. Lowry Stradley; three sisters, Mrs. R. W. Nixon and Miss Dorothy Stradley, both of Phoenix, and Mrs. J. C. Robertson of El Paso.

OPA Investigators To Check Cattle Sales in Texas

Investigators will be stationed at livestock yards and auction rings throughout the 67 counties of the San Antonio OPA district, including Terrell County, to check prices in sales of live cattle and calves for possible black market transactions. William P. Dobbins, enforcement executive of the San Antonio district Office of Price Administration, announced today.

"If a slaughterer consistently pays in excess of 12 or 13 cents per pound for live cattle during an entire accounting period, he must have paid more than the legal ceiling price," Dobbins explained. "A price regulation provides the over-riding ceiling per hundred pounds, and, in addition, specifies the maximum amount slaughterers may pay for all cattle slaughtered during an accounting," which means a period of a month. At the end of each accounting period, slaughterers must make reports showing prices paid.

"By placing investigators at buying and selling points, it will be possible to ascertain, in most cases, which buyers are in violation."

Where violations of ceiling prices are indicated, Dobbins added, investigation will be made and appropriate court action taken.

Lt. Harry Lewellen Returns Home After Two-Years Overseas

First Lieut. Harry Lewellen former resident of Sanderson has arrived in San Antonio on a 45-day leave to visit with his mother, Mrs. R. H. Lewellen of that city.

Harry served a little over two years overseas, and was attached to the Ferrying Command of the Army Air Corps.

After the expiration of his leave Lieut. Lewellen expects to be stationed at Dallas, and intends to visit in Sanderson before reporting to Dallas for station.

Ruel Adams announced Friday of this week that he has entered the race for County and District Clerk of Terrell County.

In making the announcement, Mr. Adams stated that he plans to wage an active campaign in the interest of the office he seeks, and hopes to contact each and every voter in the county between now and the election date.

Mr. Adams has been a resident of Terrell County for the past 19 years, and has been employed at the Kerr Mercantile Co., practically the entire time of his residence in the county.

Announce Marriage Of Miss Carl Pollock To William E. Lea, Jr.

Miss Carl Pollock, daughter of Mrs. Minnie V. Collis of Lampasas, Texas, became the bride of William E. Lea, Jr., February 25 at 8 p. m. in the home of Mr. and Mrs. Dave Alexander of 2224 Dunston Road, Houston Texas. The Rev. Joe C. Shaw, Methodist Minister, performed the double-ring ceremony in the presence of a few friends.

The bridal party stood before an improvised altar which was flanked by flowers and candles. The bridal procession was led by Mrs. Chester Brandt, as matron of honor, and Lucilla Alexander, Jr., bride's maid.

The bride was given in marriage by L. G. Wolfe, and was met at the altar by the groom and his best man, Chester Brandt. Traditional wedding music was played by Miss Mary Jane Scott of Humble, Texas, cousin of the bride.

The bride wore a white suit with black accessories, and an orchid corsage.

Immediately following the wedding a reception was held. Mrs. Nell Appel, sister of the groom, presided at the guest book. Miss La Dell Platt, served cake, and Miss Georgia Kasper poured punch.

The groom, son of Mr. and Mrs. W. E. Lea, Sr., of Sanderson has just returned from three years overseas service with the Sea Bees.

After a short wedding trip to San Antonio, the couple will return to Sanderson to make their home.

Regular Meeting Of Sanderson P. T. A. Held Thursday

The regular meeting of the Sanderson P. T. A. was held Thursday, March 7 in the High School Auditorium.

The program leader for the meeting was Mrs. John W. Byrd. The invocation was given by Rev. John W. Byrd, followed by the pledge of allegiance, and the group singing "America." A play entitled: "Children Around the World As Good Citizens," was presented by the first grade under the direction of Miss Una Lee, first grade teacher. During the play the children sang "Jesus Loves Little Children of the World," and "Friendly Neighbors." Mrs. Ernest Jessup's discussion of the timely subject, "Let's Get Rid of Prejudice," was greatly enjoyed by the assembly.

The treasurer's report showed a balance in the general fund of \$544.74. More plans for the conference were made and at this time 18 delegates were elected. The assembly voted to give a life membership to Mrs. Clyde Higgins for her outstanding and faithful work in the P. T. A. over a long period of years, as well as her continued interest and work at the present time.

Notice was given at this meeting to amend the Constitution and By-Laws so as to make the parliamentary and historical officers duly elected with the other officers. A vote on this resolution will be taken at the April meeting.

The nominating committee presented the following names for officers for 1946: President, Mrs. W. H. Savage; 1st Vice President, Mrs. John Harrison; 3rd Vice President, Mrs. James Caroline; Secretary, Mrs. Earl Pierson; Treasurer, Mrs. Austin Nance.

As there were no nominations from the floor, these names were elected by acclamation.

Mrs. C. C. Mitchell announced the Southern School Assembly Program to be held Thursday March 21, at 8 p. m. in the High School Auditorium, featuring William Cope, International Ambassador of Good Will in a musical program of piano, bango, and piano accordion music.

Mrs. Mitchell reminded all who have "Full Plates" and have not turned them in to please do so as soon as possible so that the finance books can be closed by the end of the second year. These plates can be returned to any teacher or directly to Mrs. Mitchell.

The first grade won the attendance prize, by having a larger percentage of parents present.

Mrs. T. M. Beckett Hostess to Circle I Of Baptist W. M. S.

The Baptist Women's Missionary Society Circle No. I, met Monday at four o'clock in the afternoon in the home of Mrs. T. M. Beckett.

The Royal Service program was led by Mrs. La Marr Kennedy. Mrs. A. D. Brown gave the Bible study, followed with a prayer by Mrs. R. D. Craig. "An Enlarged Christ," Mrs. A. C. Smith; "Wide Use of the Scriptures," Mrs. Beckett; "It Has Happened Before," Mrs. Kennedy; "World Conditions," Mrs. R. D. Craig; "A Significant Meeting," Mrs. Hensley; "Christ In The Center," Mrs. McAdams; and "Lord Send A Revival," by Miss Una Lee.

Delicious refreshments of tuna fish sandwiches, potato chips, olives, cookies, hot tea, and coffee, were served to the members and two guests, Mrs. L. R. Holloway, and Mrs. Dean.

P. G. Harris Jr., received his discharge from the Army on the 8th of February and has returned to his former position with the Lockheed Aircraft Corp. at Burbank, California.

New Protective Coating for Warships That Are Put On Inactive Basis Gives Complete Protection from Five to Fifteen Years

Orange, Tex., March 8.—An unusual new protective coating for the "outer skin" of ships of the inactive fleet which will be berthed here will kill barnacles or any other life that attempts to cling to the vessel, and is good for five years in salt water and 15 years in fresh water, the Navy disclosed today.

This application will be applied to the "ships in mothballs" of the Sixteenth Fleet, and ships out of commission can be made ready for sea within 30 days.

The Navy also disclosed that one or more ships in each berthing unit will be left in commission, with a skeleton crew aboard, for maintenance of the other ships in the unit. The Reserve ships left in commission can be returned to active service in 10 days.

The poisonous hot plastic paint will be applied to all ships of the inactive fleet for protection of the hull. The topside equipment will consist of weaving of a moisture proof web by spray gun. Entire gun mounts are covered by means of these webs, giving a weird appearance to inactivated ships. The vessels will be grouped by types and moved to piers so that greater protection can be provided at minimum cost.

Ship preservation is being insured for a period of 20 years or longer, the Navy said. Deterioration is due almost entirely to the effects of moisture. Preservation methods consist chiefly of dehumidifying the entire ship's interior. The dry condition is maintained in all spaces that can be served with dry aid by means of an automatic dehumidifying machine.

In effect, these machines cause the vessel to breathe, inhaling dry air into the compartments and expelling moist air. Each machine costs approximately \$1,500 and no more than six are needed for a large vessel. Barring failure of dehumidifying equipment, a piece of polished brass can be expected to maintain high gloss for 10 to 15 years.

The period of time allowed for decommissioning to a reserve status after arrival at a berthing area is four months for battleships and carriers; three months for smaller warships and auxiliaries; and two months for landing craft, patrol, salvage and mine vessels.

For the first month after arrival at a yard, 70 percent of war-time personnel allowance is retained. This is then cut to 35 percent until the ship is inactivated. If a ship is also de-

commissioned no personnel remain aboard. Vessels left in commission have a severely reduced complement.

There will be 1,125 ships in the inactivated Sixteenth Fleet which is under command of Admiral Thomas C. Kinkaid, USN.

The eight permanent berthing areas for the Sixteenth Fleet are located at Boston, New London, Philadelphia, Norfolk, Charleston, Green Grove Springs, Fla.; Bayonne, N. J., and Orange, Texas.

The berthing area being constructed at Orange will be used for smaller type vessels.

Cattle Brand Books Wanted by University

AUSTIN, March 9.—Books in which cattle brands were first registered in Texas—now no longer in use because of a Legislative act—are being sought by the Texas State Historical Association for preservation in the University of Texas Archives.

Two years ago the legislature voided all existing county brand books, and decreed that all cattle brands must be re-registered in each county by October 1, 1945.

Dr. H. Bailey Carroll, acting director of the Association and an associate professor of history at the University, wrote to county officials asking that the books be sent to the Association for permanent keeping.

Uvalde county has been the first to respond, he reported. Two leather-bound, hand-written books with records dating back to 1856 have been received from County Clerk H. H. Carmichael.

"These books should be kept in the University's archives, not only to preserve the historical value, but also to aid in research and study," Dr. Carroll said.

Dairy Production in Texas Climbs

AUSTIN, March 9.—Dairy production in Texas shot up 52.1 per cent between December 1945 and January 1946, figures released by the University of Texas Bureau of Business Research show. Production was also 36.3 per cent higher in January 1946 than in January 1945.

Livestock shipments decreased 21.4 per cent in January under December, 1945, and decreased 15.1 per cent in January under January last year.

According to the Bureau's statistics, the farm cash income was off 4.2 per cent in January as compared to December, and 41.8 per cent as compared with January, 1945.

Wonder if it ever occurred to the government to take over the unions instead of the plants?

Compulsory Health Insurance Hearing Called This Month

FORT WORTH, March 9.—Dr. Holman Taylor, Secretary of the State Medical Association of Texas has requested U. S. Senator James E. Murray to allow representatives from the Association to appear in Washington a hearings on the Wagner-Murray-Dingell bill. Hearings on this bill, which would institute compulsory health insurance and place all physicians under Federal control and which is opposed by the Medical Association will commence before the Senate Committee on Education and Labor March 18.

"A number of Texas doctors will go to Washington and testify," Dr. Taylor says. They will explain the desirability of voluntary health insurance rather than compulsory and costly pre-paid medical care financed by withholding money from the pay checks of every worker. They will oppose this plan for socialized medicine and the destruction of private medical practice.

"This hearing is on the second Wagner-Murray-Dingell bill, which is a sugar coated version of the first measure. All mention of taxation was eliminated from the second bill so that it could be referred to friendly committees. To put the bill in effect would cost billions of dollars a year most of which would come from the pockets of working people. The new bill makes appropriations for aiding states in prevention and control of venereal disease and also tuberculosis. Existing Federal laws already do this, making the proposed bill a duplication.

"While the new bill refers to federal funds for medical care of the needy, there is no specific sum mentioned. Whatever might be implied it would be only a drop in the bucket in comparison with the tremendous contribution made voluntarily each year by the medical profession of this country in free medical service to the indigent," Dr. Taylor says. "The physicians of Fort Worth kept records one year which

showed that their contributions in medical service to the indigent of that city alone ran into the millions of dollars."

Appointments Will Be Made in U. S. Navy As Law Specialists

NEW ORLEANS, March 9.—Naval Reserve and temporary UEN officers who qualify as law specialists in the regular navy will perform duties at naval districts and other shore bases, on staffs of naval governors and on large staffs afloat, according to an Eighth Naval District announcement.

The law specialists, in addition to court martial work, will include every other field of law to qualify him for selection to the highest positions in the law organizations of the Navy.

Those requesting appointment will be required to have a degree in law from a school accredited by the American Bar Association.

Interested officers are requested to contract the Legal Office, Eighth Naval District Federal Building, New Orleans (12), Louisiana.

Texas University Professor Engaged In Atomic Research

AUSTIN, March 9.—How will the atomic bomb change the pattern of our lives? Dr. Harry E. Moore, assistant professor of sociology at the University of Texas, is now engaging in research on current articles dealing with atomic energy, and its effect on our lives and industries.

In reviewing an article by Prof. W. F. Ogburn of the University of Chicago, Dr. Moore says that the professor—a sociologist—believes that the atomic bomb will have an impact on social institutions, on industrial development, and on our manner of thinking in relation to international cooperation.

It is Ogburn's opinion, Dr. Moore says, that colleges and universities should devote time to a study of the future, for the results of the use of atomic

energy may be discovered by intensive research.

END THE CAMPUS

You have noticed that the campus is a very busy man these days. Perhaps you have noticed more kids around the school than have been sick lately. Well, mumps—and just mumps. If you notice that the kids and sweaters are being ordered for the day. Spring is to be here soon. Around the campus every day are students who have the mumps. They go out for tennis, for a chance at district volleyball practice every day and the girls are trying to get into shape, but occasional energy is lacking. We had much luck with the boys' volleyball ball to the boys—volley ball to you? Several turned their heads. Let's hope Sanderson makes a good thing at the Meet.

Jimmie D., who were wou with at Clyde's party? We wonder.

Hazel and Jack seem to be a new steady. Seems that Jack likes Hazel better than any other girl. Nice going, kids!

There still seems to be a man-shortage at most of the parties. Can't any man help us out more often? Come on, boys! Get on the beam.

So, Monte has the mumps! Tough luck, Birdie! He missed a good party.

Looks like Melvin N. had a "bang-up" time Friday nite! Tough luck, Melvin.

Beverly, quit saying you don't like Jackie Talbot. We all know you do.

Marjorie May and Joe N. Brown really looked nice at the dance on Valentine's night. Seems as if they are going together again. Nice work, kids. Looks as though Melvin Newton is out of luck.

What in the world has happened to Janie Louise Turner and J.W. Powers? We never see them write notes anymore.

Who is the girl "Duck" has been making eyes at? "Do tell us!"

It is so romantic to see Jack and "Duck" holding hands in English, and soo-oo heart-breaking when they don't get to.

Looked like the careful of women had a grand time fixing a flat Saturday afternoon. You

THE EAGLE NEWS

PEOPLE YOU'D LIKE TO KNOW

Fifteen years ago on August 12 here in Sanderson a blond headed, green-eyed, girl was born to Mr. and Mrs. Tip Frazier. I know you have guessed who I am talking about. Yes, its Aggie.

Aggie is a junior in High School and she likes sports. She plays volleyball, tennis, and baseball. Aggie is a pep leader and a very good one too. She has a part in the Junior play, "But the best of all it," says Aggie, I go with that big husky football star, Bosco.

Aggie is five feet two so you see she isn't very big. Her favorite food is fried chicken while her favorite pastime is dancing.

Aggie has a brother and a sister both of whom are married. So that makes her the only child at home. Did I hear you say, "Good deal," Aggie???

I know you people that know her will remember her and if you do not know her, it would be a good idea to get acquainted.

As I write, there is another person that comes into my mind who I'm sure you all know well. He is a sophomore and you can always find him where there is a sport going on. He plays basketball and football. Its none other than Robert Jo Dishman. He was born in Bryan, Texas on August 23, 1931. He is the youngest of a family of four boys. His parents run the Empire Cleaners here. He goes with that cute Sophomore girl, Betty Sue Yeates. His favorite food is fried chicken, his pastime, loafing. You never find Robert Jo without some witty saying. Robert Jo has a very striking personality. He will long be remembered by the students of Sanderson High.

FRESHMAN CLASS PARTY

Friday, Feb. 22 the Freshmen had a class party at the home of Jimmie Harris. Refreshments were served to: Jimmie Harris, Melvin Newton, J. W. Powers, Walter Paul, Bobby Cooke, Margaret Davis, Joan Lemons, Beverly Thorn, Marjorie May and Janie Turner.

The party lasted from 8:00 to 10:30. Everyone had a nice time.

TALK OF THE WEEK

This week's topic seems to be the mumps and measles. The measles are the three day type or better known as the German measles. There are about fifteen kids out of school with one or the other of these. Poor kids—they either look like a red-poked moran or a puffed up ball-oon!

ANNUAL NEWS

The annual staff will work on the annual Saturday of this week to get it all turned in to the company by next week. The pictures taken for the annual should be back sometimes this week.

SPORTS

Even though basketball is over every one is still busy with sports. The tennis courts have a good attendance every evening, as well as the volley ball court. The boys have started practicing track. Soft ball teams are also being organized.

LIFE OF A SENIOR

A tall blonde senior, who is quite a "diggah" is none other than Dudley Harrison. He was born on Sept. 4, 1929 in Del Rio. Dudley has gone to school here in Sanderson for all of his school life.

Dudley finds loafing and dancing quite a lot of fun. He enjoyed reading, "My Friend Flicka" more than any other book he has read. Dudley's favorite song is "Saturday Night." He loves to eat fried chicken. His favorite sport is football, and he has been a good manager for the football team the last two years. The best movie that Dudley ever saw was "Thunderhead."

Next year will probably find Dudley at A & M. Here's good luck to a Senior who won't be forgotten.

CLASS NEWS

In the Senior Class we find Hazel Babb has had the measles. Poor kid! It seems their going around pretty darn fast. So have Monte, Holmes, and Doris Mc. Lots of the boys have been absent working on ranches and such.

A number of the Seniors were guests at the Junior party and they want the Juniors, their sponsor and Mrs. Stumberg to know that they had a super time—thanks Juniors.

JUNIOR NEWS

The Juniors have brought their money in and are impatiently waiting for their class pins, which should be here by the middle of March. The class is also still working hard (?) at play practice practically every nite.

SOPHOMORE NEWS

David Thompson is back after a week with the mumps. We needed someone to help us with World History David. So long!

EIGHTH GRADE NEWS

The eighth grade had a half holiday Friday, Feb. 22. All of the girls went on the hill. We really had the fun. That evening we had a class party at Margaret Newton's. We played games and then, was served with cake, sandwiches, and punch. Joan Byrd and Nancy Peavy won prizes. We enjoyed our holiday and party very much. Thanks to Mrs. Newton, for a swell party.

GRADE SCHOOL NEWS

Ellis Milam is a new pupil in the fifth grade. J. C. Stout served his class with candy bars as a Washington's Birthday gesture. Herbert Seagert is out of school because of the pink eye. The fifth grade got their half day holiday the 22th for selling the most bonds in grade school. The first grade is now enjoying their new workbook in reading. They were glad to get their pictures.

The stork visited Ozona, Texas on December 1, 1928 and left a chubby little girl named Doris Lee Cooke. She came to Sanderson and has attended school here all the way through except for one year at Rock Springs.

This green-eyed blond with a smile on her face was main cheer leader this year as well as voted most popular girl in High School. She has been in the Press Club in High School and is the Editor in Chief this year. She was assistant Editor in Chief on the Annual Staff last year and is Editor in Chief this year. She was also a cheer leader last year.

Cookie loves to eat Mexican dinners. The best book she ever read was "Foundation Stone." Her favorite color is green. When Cookie has some extra time, she likes to go walking or dancing. When she has to study she prefers studying history.

Next year will probably find this energetic senior at Mary Hardin Baylor. Best of luck there and always, Cookie!

THE OLD JUDGE SAYS...

OLD JUDGE: "Hank, you're a big grain producer...let me ask you a question or two?"
 HANK: "Glad to have you, Judge."
 OLD JUDGE: "Do you think the grain used by distillers is wasted as some folks are saying?"
 HANK: "I certainly do Not! As a matter of fact, it is just the opposite."
 OLD JUDGE: "How do you figure that, Hank?"
 HANK: "From my own experience and from reports I've read. For the year ending last June, the distillers produced over 1,200,000,000 pounds of distillers' dried grains...the best feed supplements we can lay our hands on. They are rich in nutrients. Why...I've never had such fat dairy cows, livestock and poultry as I have since I've been usin' these dried grains."
 OLD JUDGE: "How do you use them, Hank?"
 HANK: "I blend them in with original grain. This balanced ration has far greater feed value than the original grain itself. I can cut down on my whole grain feeding about 20% and still get better results."

LOOKING AHEAD at ELECTRICAL LIVING

You can wash dishes without wetting a hand in water . . . with an automatic

Electric Dishwasher

Here's the appliance that puts an end to dishpan and tea towel drudgery. With an electric dishwasher, you simply put your dirty dishes, glasses and silver in the large easy-loading racks, turn the simple controls and in 10 minutes or less everything is clean and shiny, dried, ready to put away. Actual tests show that it saves two-thirds of your dishwashing time . . . and you don't have to wet a hand in water. Many models wash up to 57 pieces (dishes, glasses) at one time—plus 65 to 70 pieces of silverware. Greasy pots and pans, too, are thoroughly washed, rinsed and dried—another nasty chore you'll be glad to be rid of. By all means include an electric dishwasher in your plans for better electrical living. For time-saving convenience, it's almost without equal.

Electrical Living Is Better Living
 The electric dishwasher is only one of many electric servants that will save you time and work the year around. Plan now to add the appliances you need when they become available. Electrical living is better living!

Declares Texans Not Only Patriotic But Also Thrifty

"Texans are not only patriotic as evidenced by their record purchases of U. S. War Bonds during the war years," Nathan Adams, State Chairman of the Advisory Committee for Texas declared, "they are also thrifty. With the war over, Texans continue to buy U. S. Savings Bonds in a satisfying manner with a total of \$17,681,000.00 invested in Texas during January.

"Availability of U. S. Savings Bonds with the same rate of interest as War and Victory Bonds is a direct result of demands by management, employees, and schools throughout the land," he continued. "Savings Bonds are being handled on the same basis as War Bond purchases with payroll savings plans, banks, schools, and other issuing agents. Too much stress cannot be put on the value of accrued savings through Savings Bonds investment for both the individual and the nation. The individual should continue to save for his own security and for the security of the financial structure of his country."

"The best way to safeguard the country from ruinous inflation is for individuals to continue to invest in U. S. Savings Bonds," Mr. Adams concluded.

National sales of E Bonds in January amounted to \$640,900,000.00, which was 80% of the January, 1945, rate, according to figures released by the Savings Bonds Division of the U. S. Treasury. Redemptions for the month amounted to only 1% of all the outstanding E Bond holdings.

Prizes Offered In Writing Contest

AUSTIN, March 9.—The Texas State Historical Association has announced a first prize of \$100.00 for the winner of the 1945-1946 Junior Historian Writing Contest. Twelve papers will receive awards totaling \$345.

Contest entries may deal with any topic in Texas History, but contestants are urged to work on some subject related to their community or local history. Some suggestions for topics are: cattle, trails, saddles, Indian depredations, transportation, natural history, exploration, oil, economic, political, or biographical subjects.

"Any boy or girl in Texas under twenty-one years of age may become eligible for competition," stated H. Bailey Carroll, Editor of "The Junior Historian," the magazine of the Association which is written almost exclusively by young Texans.

April 1, 1946, is announced as the closing date of the contest. All interested are invited to write for further information to The Junior Historian, Box 2131, University Station, Austin 12, Texas.

Judy n' Jill Lines Are to Be Found At Baker's Style Shop

Mrs. Ted Baker has opened Baker's Style Shop next door to the Community Public Service Co., where she will handle some of the smartest lines of merchandise to be had.

Included in her exclusive lines of merchandise is the new Judy's Jill line of cosmetics.

Of this line the very latest in lipsticks are Scene Stealer and Curtain Time. Behind them are the firm of Horwitz and Duberman and a staff of bright young designers who understand what girls like in the lines and colors of clothes, as well as in cosmetics. They make the Judy'n Jill dresses in the same mood.

Rich and glowing as they are, neither of the recent lipstick additions looks extreme enough to start an argument at home. Scene stealer is on the bluish side to go with shocking pink or fuchsia accessories, and Curtain Time has a brown cast. Both are effective with black as well as light colors.

Box o' Beauty is another Judy'n Jill inspiration. It is a miniature hat box, the kind that stamps a girl as a successful model. In it are a small falcon of the Judy'n Jill perfume that led off this cosmetic series, a bottle of Nine to Five cologne and one of the new lipsticks. The box costs under seven dollars, complete.

Cosmetic bag, is a little draw-string sack made of July'n Jill print. Inside a small bottle of perfume, and the price tag is three dollars. All the Judy'n Jill things, are at Baker's Style Shop.

Daily Diet Plays Important Part In Disease Prevention

AUSTIN, March 9.—That the inclusion of proper foods in the daily diet plays a very important part in the maintenance of good health was stressed in a statement issued this week by Dr. Geo. W. Cox, State Health Officer.

"One of the most dreaded of all diseases, pellagra, is caused entirely by not eating the kinds of food which would insure a properly balanced diet," Dr. Cox said. "The public is prone to overlook the serious nature of pellagra. At best it is an uncomfortable and unpleasant disease, but aside from this, there is one possible result that can be very tragic. All too frequently pellagra leads to serious mental disturbances," Dr. Cox warned "and in some cases, actual insanity."

According to the State Health Officer, pellagra is known as a disease which is no respecter of persons. There is danger of pellagra striking at any age and either sex when the diet is consistently faulty.

To make sure that the diet contains the proper pellagra preventive elements, it should

You can take General MacArthur's word for it!

"The Red Cross has done a 100 per cent job in this theatre. Mathematical limitations alone prevent my saying the Red Cross services here have been more than 100 per cent."

—General Douglas MacArthur

So speaks a distinguished eye-witness of your Red Cross in action. General MacArthur saw the Red Cross at your fighting man's side, all through the gruelling months of the Pacific campaign. He saw Red Cross huts in the sweltering jungle, bringing a touch of home to homesick, heartsick men.

He knows that wherever your fighting man went, your Red Cross went, too—that wherever, whenever that man needed respite and recreation, help with a personal problem, or just someone to talk to, the Red Cross was there.

He also knows, as you do, that your Red Cross cannot yet say, "Mission accomplished." It still has an enormous task to do.

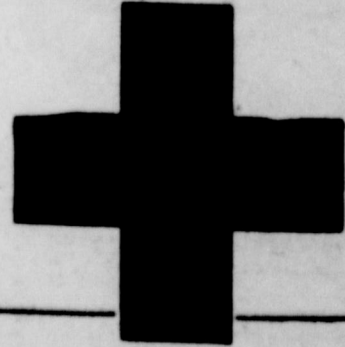

One War is over . . . but another War has begun

Thousands of our men still in veterans' hospitals and in far-away lands overseas need comfort and cheer now, as they did when the bombs were bursting. And as our servicemen return to civilian life, your Red Cross must lend a helping hand.

And when disaster strikes here at home—fire, flood, tornado—your Red Cross must be ready with aid for the victims. Its war against human misery is never wholly won.

So remember—it is your Red Cross. It depends on you for its very existence. So give from your heart. Give generously. Give today!

YOUR Red Cross MUST CARRY ON  GIVE!
