Do Men Like Women?

Maybe you read that recent article in a national magazine, claiming that American men don't really like the company of women. They just put them up on a pedestal and leave them there.

But I wouldn't say that that was so in our town. Look at any married couple-like the Cappers. Jane wouldn't mag if Dee spent his evenings "with the boys"-but actually Dee likes nothing better than to stay home by the fire, sharing a glass of beer with Jane. playing cribbage, or just talking.

And when he does go out, for an afternoon of fishing down at Seward's Creek, or for an evening glass of beer at Andy Botkin's Garden Tavern, Jane is almost alwave with him (except when she's got a spot of baking in the oven).

From where I sit, respect doesn't rule out everyday companionship . . . and never should. They go together essential parts of a successful marriage.

IUST before Pearl Harb many well-known brands of J cigars were popularly p. 'd at 5c each. Today these same brands retail for 9c and 13c each-an increase that is typical of the times. Almost everything you buy has gone up in price since the war-almost everything except electricity.

As a result of greatly increased use coupled with sound business management, the cost of electricity has stayed down while other prices have been going up. It is one of the few things you buy that still sells for pre-war prices or less. Although your monthly bill may not be lower, due to the fact that you're using more electricity, the cost per unit of electric service was never cheaper than it is today.

INTERSCHOLASTIC LEAGUE MEET DATES CHANGED

Dates for the Texas Interscholastic League meet which was to be held in Marfa this week-end and the coming Marfa on Tuesday April 1st week-end have been changed due to the fact that so many of the students taking part in the meet from Alpine and Fort Davis would not be able to participate in the various events as they are in El Paso where they are attending the Livestock 40,000,000 acres of range land Show and Exposition that will be held the coming week.

The voileyball tournament of Air Mail envelopes at the Times

the senior division, both girls and boys will be held here this coming Saturday, March 22, while on the same date the Ward school division will be held in Marathon.

The literary events, tennis, playground ball will be held in with the finalsin those events to be on Wednesday as well as the Track events.

A cold is not likely to be passed on during the first 24 hours.

If we could each live like a hermit, apart from others, we would probably never 'catch cold." People living in Greenland and Labrador, we are told, do not have colds in the winter even when exposed to the most severe weather. The busy person in everyday

life cannot avoid exposure to colds. We expect to be sprayed by careless coughers and sneezers. Young children, elderly people and invalids who suffer most from the effects of a cold should certainly be protected from those who have colds. Children with colds should be kept home from schools, and if rest and light food do not help the cold to disappear shortly, then the family physician should be called. This may not be a cold but even more serious, as most of the communicable
