LETTERS TO LUKE

As a customary with most of the editors, I'll stick my neck out and I'll probably be knocked off many times by those who disagree with me. My opinions I shall set in these paragraphs are only to supply food for thought and incidentally to help the paper. If copy runs low, I'll be a pretty long session squibs. Last week-end the ladies community had me wonder where were ads in the paper we came and the about a flower show being promoted. The were announced and set for the show. I was where flowers coming from, hearts, they had out, too! At the hall, I found first a everyone to register. entering the hall I a few flowers display various table arrangements. tables were neatly looked so inviting I sit down and wait to really a pretty arrangement — flowers. I suggested that I go and see the balance display. I did — and display of beautiful all descriptions and I to name them for I sell half the names on. It was a flower show and do credit to any size. Surely some of and had helped in to make that beautiful. Somebody reat all the flower garden in back yards, passing wouldn't see folk doing all the

Robert Joe Dishman Chosen by Legion To Go to Austin

Robert Joe Dishman, son of Mr. and Mrs. Prince Dishman, and a junior in Sanderson High School, has been selected by the local American Legion Post to attend the Lone Star Boys' State to be held in Austin in June. Legionnaires were assisted in their selection by the high school faculty.

Lone Star Boys' State is sponsored by the American Legion, Department of Texas, and will last from June 8 through 15. Its objective is to educate the youth of Texas in the duties, privileges, rights and responsibilities of American citizenship.

Three hundred boys from all over the state will attend the meeting. Activities will consist of a study of state politics and lawmaking procedures as well as various sports and special entertainments including a dance. The delegates will be organized into two mythical political parties and will participate in all phases of state government including the election of a governor and other state officials.

The boys will be housed in a modern dormitory on the campus of the Texas school for the deaf, in Austin, and will have their meals in the school's dining room.

The Boys' State program originated in Illinois in 1934, and has been adopted by the national organization of the American Legion, and is now in operation in 38 states. The aim of the Texas Department of the Legion is to have in attendance at least one typical boy from each of the 254 counties in the state, preferably boys in their junior year in high school.

All fees for the week in Austin as well as transportation to and from the capital city are borne by the individual legion posts sponsoring the boys.

Mothers Day

Edgar A. Guest

Tender, gentle, brave and true,
Loving us whatever we do!
Waiting, watching at the gate
For the footsteps that are late,
Sleepless through the hours of night
Till she knows that we're all right;
Pleased with every word we say—
That is every mother's way.

Others sneer and turn aside,
Mother welcomes us with pride;
Over-boastful of us, too,
Glorying in all we do,
First to praise and last to blame,
Love that always stays the same,
Following us wherever we stray —
That is every mother's way.

She would grant us all we seek,
Give her strength where we are weak.
Beauty? She would let it go
For the joy we yearn to know.
Life? She'd give it gladly, too,
For the dream that we pursue;
She would toil that we might play —
That is every mother's way.

Not enough for her are flowers —
Her life is so blent with ours
That in all we dare and do
She is partner through and through;
Suffering when we suffer pain,
Happy when we smile again,
Living with us, night and day —
That is every mother's way.

Resignation of Coach and Mrs. C. A. Ethridge Announced

The announcement of the resignation of Coach and Mrs. C. A. Ethridge of the local school faculty was made this week. They are accepting similar positions at Aransas Pass, Texas, where Mr. Ethridge will be principal and coach and Mrs. Ethridge will teach in the grade schools. They will remain in Sanderson until a house in which they will reside at Aransas Pass is completed.

Mr. Ethridge came to Sanderson eighteen months ago from Commerce, Texas. Due to coaching a practically "green" team, no outstanding records were made by the team this past season. However, these same men will form the nucleus of a strong team of experienced players for the fall football season. Coach Ethridge says he is expecting the Eagle squad to be a strong contender for the district championship in '47 and '48 football.

Aransas Pass has a high school enrollment of two hundred and fifty pupils. Class A football is played by the team. The Ethridges expressed regrets at leaving Sanderson and this section of Texas, but said that the promotion was too tempting to refuse.

THREE FAST RODEO PROGRAMS SLATED IN ALPINE THIS WEEK

ALPINE, May 7—Under the sponsorship of the Sul Ross College Booster Club and management of two prominent ranchmen, Raymond Quigg of Marathon and Fayette Yates of Alpine, this city will have three nights of fast rodeo this week.

Performers include Toots Mansfield of Rankin, world's champion calf roper, Lefty Wilkins, of El Paso, Zeno Ferris, Las Cruces, N. M., Doug Poage, Mountainair, N. M., Sonny Edwards and Dan Taylor, both of Big Spring, Walton Poage and Buddy Neal Rankin, Frank and Henry Savage, San Antonio, and Carl Satterfield, of Cheyenne, Wyo., who has been engaged to entertain the crowds with his famous clown act and cowboy comedy.

A feature of the show will be Jeff Davis of Ysleta with his trained horse, Danger. This act has been shown in the Madison Square Garden in New York City and other places of the east and north. Another feature which will be a novelty to most rodeo fans is the riding of a buffalo bull from the Yates ranch. Scott Davis of Jacksboro and Tom Taylor of Rocksprings will be judges of the riding and roping, several talented cowgirls will be contestants. The show, beginning yesterday, will run through Friday and Saturday, under the electric lights of Jackson Field, home of Sul Ross College Lobos. In addition to the steel grandstand there will be additional seating for 1,000. Following the rodeo, the Alpine Cowboys baseball team will open the new Kokernot Field park on Sunday, May 11, in a double header with the Carsbad Indians.

Rotarians and Lions of Sanderson will select teams for a benefit softball game to be played Saturday night, May 17, at the local field. The teams will not be the regularly listed players of the sponsoring organizations but all-star players will be chosen to assure a good and fast game.

EDITORIAL

Knowing how busy a man can be gathering news, editing it, setting it up, printing it, mailing it — and then starting out all over again to scrounge paper, rustle ads, pay the bills, gather news, edit it (makes us dizzy even to go 'round the circle in imagination!) . . . Knowing all that, we started to say, makes us grateful that so many of you have been so patient and so forgiving for the failure, which we cannot explain, of several of our subscribers not getting their paper last week. It was our first issue and we regret that such a thing occurred.

If local subscribers fail to get their papers on any Friday morning we urge them to call or drop by for a copy.

DEFINITION OF A BOY

After a male baby has grown out of long clothes and triangles and has acquired pants, freckles, and so much dirt that all the relatives do not dare kiss it between meals it becomes a boy. A boy is nature's answer to that false belief that there is no such thing as perpetual motion. A boy can swim like a fish, run like a deer, climb like a squirrel, balk like a mule, bellow like a bull, eat like a pig, or act like a donkey, according to climatic conditions. He is a piece of skin stretched over an appetite, noise covered with smudges. He is called a tornado because he enters at the most unexpected times, hits most unexpected places and leaves everything a wreck behind him. He is a growing animal of superlative promise, to be fed, watered and kept warm, a joy forever, a periodic nuisance, the problem of our times, the hope of a nation. Every boy born is evidence that God is not yet discouraged with men.

RANCHMEN TAKE ADVANTAGE OF DRY WEATHER

Local sheepmen are taking full advantage of the dry days to complete spring shearing. Many ranches of this section have completed while others are getting their flocks together.

The shortage of rain bringing out feed is creating a critical situation in most West Texas counties. The weeds, which ordinarily furnish good spring feed, were held back by the late freezes, and now the heat is burning up the weed crop and lack of moisture is holding back the grass.

Unless a reasonable amount of moisture is forthcoming soon the ranchmen will be faced with a critical shortage of range.

Veterans' News

Q.—Does Veterans Admini-
stration make loans or find a
lender for me?

A.—Veterans Administration
does not make loans, nor does
it find a lender for the veteran.
VA is not permitted to make the
loans. Within the limitations es-
tablished by law, it guarantees
or insures the repayment of a
part of the loans made by lend-
ers to veterans. In addition, VA
pays the lender as a credit on
the loan 4 per cent of the guar-
anteed portion of the loan. The

veteran is not required to repay
this amount.

Q.—I am an honorably dis-
charged veteran of World War
II, and would like to know of
what benefit is a guaranteed
loan if I purchase a home under
the G. I. Bill?

A.—The guaranty provides or
increases the security you have
to offer for a loan by the amount
of the guaranty; it tends to in-
duce the lender to lend more
nearly the full purchase price
of the property and to give you
a better rate of interest, and
finally 4 per cent of the amount
guaranteed is paid to the lend-
er by VA and is an outright
gift to you.

Q.—My wife and I plan to
purchase a \$9,000 home. We are
both World War II veterans.
Can we acquire the property
jointly and so increase the
amount which may be guaran-
teed?

A.—Yes, you may acquire the
property jointly, but the maxi-
mum guaranty may not exceed

50 per cent of the loan.

Q.—I have a GI loan on my
home and would like to know
if I can have the loan extended?

A.—Yes, you can have the loan
extended if the lender is will-
ing to give you more time, but
the extension must provide for
complete payment of the loan
within the 25-year maximum
period provided by law.

Q.—What is the largest
amount I can borrow under the
GI Bill and still have the loan
guaranteed?

A.—There is no limit on the
amount which can be borrowed
under the GI Bill. The limita-
tion by law is on the size of
the government guaranty and
not upon the size of the loan.

Mother's Day

Deep in your heart is a very special kind of love for a very special kind of lady — your "Mom". Through the days and weeks of the years you take her very much for granted — accept her kind words and deeds, her patience and understanding, her courage and unselfishness. May 12th is Mother's Day — the day on which you can express your love and devotion — on which you can let her know in some small way how much she means to you every day throughout the year.

"YOU BET YOUR LIFE" . . .

More Americans were killed and injured in automobile accidents last year than in any year since before the war, according to figures just released by The Travelers Insurance Company.

The 1946 totals — 33,900 killed and 1,300,000 injured — are contained in a booklet entitled "You Bet Your Life", thirteenth in an annual series of traffic safety publications issued by the company.

In a foreword to the booklet, Jesse W. Randall, president of The Travelers, describes the 1946 automobile accident summary as "America's traffic lottery." "To save minutes, motorists and pedestrians take chances. Seldom do they pause to consider how great the risk because they don't expect to lose. Yet, they do lose. Remember, when you gamble in traffic, you bet your life."

The report, based on official records from the 48 states, contains tables comparing accident figures for last year with the 1941 summaries. Compared with 1941 the 1946 record is heartening. But the death and injury totals remain far too high. No one can feel any complacency about a record which shows 33,900 human lives sacrificed on the altar of human carelessness.

Other highlights from "You Bet Your Life" are:

Two out of every three automobile accidents in the United States last year involved mistakes by drivers.

Exceeding the speed limit was responsible for 42 per cent of the fatalities. In no other year since the record has been kept has speed loomed so large as a factor in accidents.

Nearly one-third of 1946 automobile accident fatalities were pedestrians.

More than 70 per cent of all accidents occurred on dry streets and highways in fair weather.

Fifty per cent more persons were killed between intersections in cities than at intersections.

Less than 10 per cent of vehicles reported in fatal and non-fatal accidents were found to be mechanically defective.

Sixty per cent of all fatalities occurred during the hours of darkness when only about 25 per cent of a day's total traffic was on the roads.

Saturday became the most dangerous day to travel in automobiles for the first time since the record has been kept.

40,000,000 automobile drivers, some good, some bad.

140,000,000 pedestrians, including the very young, the very old, the lame, the halt and the blind.

34,000,000 automobiles, some new, some old, and many ready to fall apart.

3,000,000 miles of roads, and many a hazard in every mile.

Add all these together and you have America's traffic lottery, a complex game of life and death in which each one of us, willing or not, must have a hand.

Most of the 1946 dead and injured were killed or hurt because someone took a chance. They didn't pause to consider the risk they didn't expect to lose. They did lose.

Someone will lose because they are willing to take a chance no matter how great the odds. Others will lose because they

State's Pension Checks Delayed

AUSTIN — Lack of federal funds has delayed payment of assistance funds to Texas' old age pensioners, the needy blind, and dependent children, the State Department of Public Welfare announced today.

The department said that the state's part of the money is on hand but that Congress has not appropriated the federal share, which must come from a deficiency appropriation.

"All checks are written and ready for mailing and will be mailed as soon as the money to pay them is on hand," the department stated.

Home Demonstration Club Meets With Mrs. O. T. Sudduth

The Sanderson Ranch Home Demonstration Club met on Friday morning, May 2, in the banquet room of the Kerr Hotel, at which time Miss Pauline McWilliams, home demonstration agent, gave further instructions in the tooling and carving of leather. Billfolds, belts, coin purses and other small articles were started by the members, the entire morning being devoted to this work.

After lunch, the club members met in the home of Mrs. O. T. Sudduth. Mrs. W. W. Sudduth, president, conducted the business meeting and reports from committees were given. Following a ten minute recreation period, Mrs. E. W. Hardgrave led a program on "China, Glassware and Silver". She gave a very interesting history of the early and present day manufacture of these articles, bringing out the process of manufacture which makes some china and glassware expensive and some inexpensive. Mrs. Sid Harkins talked on "The ABC's of Table Furnishings" showing various illustrations of the type of silver and crystal to use with certain types of china, correlating same with the house furnishings as a background to make for more gracious living.

Mrs. C. P. Peavy and Mrs. Joe F. Brown then gave a demonstration on the making of party sandwiches, such as pinwheel, openfaced, mosaic, rolled, lily ribbon and checkerboard sandwiches, various fillings and garnishes being used. Today's sandwiches are served on almost all occasions and for almost any purpose, so that the modern hostess should be quite alert to seek new ideas in form and fillings.

Those present were Mesdames W. W. Sudduth, E. W. Hardgrave, J. W. Carruthers, Sr., Sid Harkins, J. Garner, Seth Davenport, C. C. Mitchell, R. N. Allen, N. M. Mitchell, Joe Kerr, Jr., Allen Hardgrave, Jimmy Hanson, John Dyches, Joe Nichols, J. W. Byrd, Hetman Couch, Maude Magill, Ernest Farley, W. J. Ferguson, O. T. Sudduth, Billy guson, C. P. Peavy, Joe Brown, Misses Eva Carruthers, and Pauline McWilliams.

Following the program, Mrs. O. T. Sudduth served the members with iced tea and the sandwiches used in the demonstration.

The next meeting will be on Monday, June 2, at the ranch home of Mrs. Sid Harkins.

READING & WRITING BY Robin McKean

Laura Z. Hobson is an attractive author who chooses themes of grave social import for her novels. Her first, "The Trespassers," dealt with the problem of war refugees. Her new and much talked about novel, "Gentleman's Agreement," has to do with anti-Semitism, as it exists in this country.

LAURA HOBSON

Philip Schuyler Green, an able journalist, comes from California to work on a great crusading weekly magazine. His first assignment is to do a series of articles on anti-Semitism. He is baffled to devise an "angle" of approach which will lift the story above the routine. Then, the simple, dramatic solution occurs to him. In his articles on Okies and on miners, he hadn't just interviewed from the outside. He had actually, for a time, become an Okie and travelled with them; he had gone down into the mines and shared their toil. No one knows him in New York. For this series of articles on "racial" prejudice he will pretend that he is a Jew. His articles will run under the title, "I Was Jewish For Three Months."

What Philip Green's assumption of Jewish identity means to him in social, business and family life makes an absorbing story.

John Gunther's "Inside U.S.A." has been chosen as the June selection of the Book-of-the-Month Club. This is said to be the most important of Gunther's "inside" books. It is also the longest—more than 1200 pages. The Club book-dividend is a beautiful edition of the "Rubiyyat of Omar Khayyan," illustrated by the Persian painter, Mahmoud Sayah. Louis Untermeyer writes the introduction.

Plane Engine Added To High School Study

A P-40 airplane engine was delivered to the high school Tuesday. In the past, very little could be accomplished in teaching airplane mechanics in the course in "Shop Mechanics" that is taught in the Sanderson High School but it is hoped that with the securing of a qualified teacher for that course and the acquisition of the new engine for demonstration work both will make for a worthwhile class and accomplishments next semester in auto and airplane mechanics.

The engine was purchased from the War Assets Administration.

THOMPSONS ATTEND ANNUAL SERVICES

S. D. Thompson returned Sunday night from Yoakum where he visited his mother. He was accompanied by his three sons, Sam, David and J. D. On Friday of last week, the family attended a "grave-working" at Hebron, seventeen miles from Yoakum. This is an annual affair when old settlers and former residents of the community gather to clean and work the lots and graves in the cemetery. After a memorial service a basket dinner was served, friendships renewed and reminiscences exchanged.

From where I sit... by Joe Marsh

Where's the Argument?

You should have heard Ed Carey and Spike Miller debating the merits of Guernseys versus Holsteins. Ed's our firechief, and Spike handles hardware—but to hear them argue you'd have thought that they'd been dairying for life.

Finally they put it up to Sam Carter, who breeds dairy cows! Sam hems and haws... and concludes there's a lot to be said for Holsteins, and about as much for Guernseys... take your pick!

Actually, Ed and Spike were like people arguing about—say, beer

were on their way, fully manned. But—look out—if there had been a serious fire or dangerous explosion someone might have been hurt or at least their car damaged. Sightseers and possibly some members of the department had driven their cars directly in front of the building where the fire was. The department could have taken time out, I suppose, to get the cars out of the way so they could work, but wouldn't it be so much easier if everyone would be thoughtful enough to park their cars away from the fire?

SENIORS DEFEAT EAGLES 12-6 MON.

In a regulation game, the outgoing Eagles were triumphant over the 1947 Eagles in a 12-6 hard-fought game that was played on the gridiron on the Alpine road Monday afternoon. The Eagles scored on an off tackle slant by J. Harrell just before half time. The extra point attempt was halted on the line.

The Seniors came back strong after the half and on an interception drove to the goal line. A long pass from Grigsby was knocked into the air by Hill, halfback, and fell into the arms of W. Chamberlain who out-distanced the would-be interceptor for the 20-yards for the first tally for the exes. Jessup failed to get over for the extra point.

A costly Eagle fumble on the fourth down gave the Seniors their second chance for scoring and Grigsby finished the drive with another touchdown putting the Seniors up 12 to 6.

The Eagles were driving hard in the closing minutes of the game with Hill carrying the ball for good gains. They had possession of the ball at ending time. yards gained from scrimmage showed the Eagles on top with 179 to 146. First downs were even.

With the addition of David Thompson, Thomas Hill, Billy Chamberlain, Ed Smith, Jim Harris and Bobby Coke, the '47 Eagle squad has the prospects of making a very good showing in competitive play this fall.
