Pioneer Ranchman Recovering From Serious Illness

Charlie Chandler, 71, pioneer
rancher of this section of Texas,
was brought to a local hotel last
Thursday for medical attention
and as we go to press his con-
dition is much improved. Mr.
Chandler has ranching inter-
ests on the Independence and
Pecos rivers where he has lived
since 1900 — prior to the orga-
nization of Terrell County.

At his bedside during the
week besides Mrs. Chandler, his
four sons, Clarence, from south
of Marathon, Herman, Joe and
Roy and wife, who ranch near
Dryden, and two daughters,
Mrs. Iva Brooks and Mrs. Alvin
McGilroy, of San Angelo, and a
sister, Mrs. Jim Clifton and Mr.
Clifton, of Millersview, Texas,
and his brother, Art Chandler
and Mrs. Chandler have been in
attendance because of the ser-
iousness of his condition.

MOVE TO SAN ANTONIO

H. H. Saegert, special agent
for the T&NO, has transferred
to San Antonio and moved his
family to that city. I. B. Rusk,
of San Antonio, will take the
place vacated by Mr. Saegert.
Mrs. Saegert has been house-
hunting in San Antonio for the
past five weeks and returned
here Monday night to assist in
the moving of their household
goods.

LOCAL BOYS RANKING STUDENTS AT SUL ROSS

In a recent release of the Sul
Ross College honor roll for the
Spring semester, Bobby Lee Mc-
Cue, son of Mr. and Mrs. Lee
McCue, and Lloyd Smith, son
of Mr. and Mrs. A. C. Smith,
ranked in the top four per cent.
They made a score of 6, which
is a straight "A" record.

Bobby Lee McCue will take
summer courses at Sul Ross for
two terms.

L. W. Lemons spent Friday in Del Rio

not incorporated and has no
such recourse, we would advise
that committees from the civic
organizations have joint meet-
ings and see if some of the hin-
drances in the city's develop-
ment can't be found and re-
mediated. The greatest hindrance
that comes to mind now is the
housing shortage. We know of
several families that would
have made Sanderson their
home if they could have found
suitable living quarters. We can
not hope to build Sanderson by
refusing to provide for its
growth.

Last week while in San An-
tonio we noticed action by the
city to curb accidents caused by
motor scooters. A small girl was
run down and killed by a driver
of one of the vehicles. There
were several drivers without li-
censes picked up after the acci-
dent and the officers were in-
structed to clamp down on all
drivers who could not show their
drivers licenses. What Sanderson
needs now is some way to
stop some of the fast travel
through town—mostly by trucks.

Lately we have noticed loaded
trucks passing through town as
if there were no town. I don't
know what the speed limit is,
because I can't drive my car fast
enough to attain it anyway, but
it certainly should not be fifty
or sixty miles per hour. Unless
something is done about that
there will be someone killed on
our streets.

The Sanderson Garden Club's
beautification program and club
house project should meet with
the approval and support of all
citizens of the town. In almost
every issue of the Times since
we have been here we have in-
sisted on the trash and junk re-
moval from the sight of passers-
by. These unsightly pieces of
property leave an ugly picture in
the minds of visitors to our
town.

NEW OFFICERS AT HEAD OF ROTARY CLUB

Jack Hayre, county attorney,
was installed as president of the
Rotary Club here and assumed
his duties at the weekly lunch-
eon Wednesday at the Kerr Hot-
el.

Besides Mr. Hayre, other of-
ficers for the new year begin-
ning July 1, were C. G. Bradford,
vice-president, Jolly Harkins, re-
elected as secretary-treasurer
and W. J. Ferguson, Jr., C. P.
Peavy and I. G. Robertson, di-
rectors.

Officers who served the club
for the past year were C. G.
Bradford, president, John W.
Byrd, vice-president and S. L.
Stumberg, Jack Hayre and O. T.
Sudduth, directors.

Committees to serve for the
year just beginning are Jimmie
Caroline, club service; Joe Kerr,
vocational service; W. W. Sud-
duth, community service; C. G.
Bradford, international service;
John W. Pate, classification; E.
L. Hartgrave, membership; O. T.
Sudduth and I. G. Robertson,
program; Jolly Harkins, fellow-
ship; John Williams, attend-
ance; L. H. Gibleath, public
information and Clifford Spen-
cer, youth service.

Mrs. W. G. Downie and Mrs.
Jack Hayre were guests at the
Wednesday luncheon and Mrs.
Downie outlined the program
and projects that are being
sponsored by the Sanderson Gar-
den Club and urged the support
of the club along with other or-
ganizations to promote an ex-
tensive beautification program.

Highway projects will be un-
dertaken by the Garden Club,
Mrs. Downie stated, and the co-
operation of the Highway De-
partment has been assured in
the planting and upkeep of the
areas along the highway on
either side of town. A building
has been secured for as long a
period as it may be used by the
Garden Club without cost and
it is the desire of the members
of that organization to make it
a beauty spot and a club house
accessible to any organization
desiring a meeting place. Be-
sides the house for their use a
vacant lot has been placed at
their disposal and is to be fenced
and a children's playground
arranged for tiny tots. Financial
aid was given by the Rotarians
present.

Miss Martie Bowman Dies in El Paso

Word was received last week
of the death of Miss Martie Key
Bowman, of El Paso. Burial was
last Thursday in Evergreen
Cemetery in that city.

Miss Bowman was the eldest
daughter of Rev. and Mrs. J. Y.
Bowman, residents of the Upper
Valley. Rev. Bowman was pas-
tor of the local Methodist
Church for several years. Miss
Bowman was employed in Den-
ver at that time but visited her
parents frequently. The family
was well known by older resi-
dents of the community.

Speedball Artists Badly Battered By Fire-eaters

Several changes have been
made in the team standing dur-
ing the past week's softball play.
It seems as though most of the
first half of the league series
was needed for some of the
teams to warm up to their nat-
ural playing ability.

Last Friday night the Fire De-
partment downed the Teen-age
team, causing a tie again be-
tween the Teen-Agers and the
Legionnaires. Monday night
the Lions took the Rotarians,
placing the Lions in a cinch-tie
position for second place with
the loser of the game tonight
between the Teen-Agers and
the Legionnaires. Wednesday
night the Fire Department won
over the Railroad team in a
dual between two of the best
pitchers in the league. This win
placed the Fire Department in
fourth place in league standing.

The first half of the two-ser-
ies season has been very inter-
esting in the fact that at no
time could you say that one
team was sure to beat another.
And coming to the last game of
the first half, between the Teen-
Age Team and the American Leg-
ion we note that his is the de-
cisive game for the series win-
ner and until the end of the last
inning, it's anybody's ball game.

Team standing— G W P
Teen-Age Team 9 6 667
American Legion 9 6 667
Lions Club 10 6 600
Fire Department 10 5 500

Rotary Club 10 2 200

Mr. and Mrs. Ray Turner and
daughter, Miss Birdie, spent last
week end in Cloudercroft and Ru-
lidoso, N. M.

LOCAL LIONS CLUB CLOSES FRUITFUL YEAR OF ACTION

Last Thursday at the regular
weekly luncheon of the Lions
Club a set of newly-elected of-
ficers took control with a high
mark of projects accomplished
in the past year to spur them
to complete greater things in
the year just opening.

Retiring officers reported a
number of worthwhile accom-
plishments including paying for
equipment on the softball field
at a cost of approximately \$900;
entertained the high school
football squad with a banquet
and presented the outstanding
player with a trophy last De-
cember. The club sponsored a
negro minstrel in December and
from proceeds donated \$918.56
to the Sanderson Athletic
Association to be applied to the
completion of the football field
that is in the making. They also
sponsored a Santa Claus for
every child in Sanderson last
Christmas, and purchased a
public announcing system to be
used by service clubs and sim-
ilar organizations. Last month
the Lions sponsored a beauty
contest and sent a contestant
to the Water Carnival in Fort
Stockton.

With these accomplishments
the retiring officers of the club
have the gratitude of the people
of Sanderson and the club may
be assured that the incoming
officers will receive the all-out
support in any of their under-
takings or the coming year.

New officers for the organiza-
tion include: Rev. Lawrence
Menefee, president; H. A. Fin-
ger, 1st vice-president; Troy
Druse, 2nd vice-president; Mar-
lon Batson, 3rd vice-president;
Ruel Adams, secretary-treasur-
er (re-elected); R. E. Corder,
Tail Twister; and W. W. Sud-
der (re-elected); R. E. Corder,
and S. D. Thompson as mem-
bers of the Board of Directors.

Serving last year were: W. W.
Sudduth, president; Ray Turn-
er, 1st vice-president; Robert
Kerr, 2nd vice-president; O. J.
Cresswell, 3rd vice-president;
Ruel Adams, secretary-treasur-
er; John L. Newton, Tail Twist-
er; Cooke, J. Riley Dunman and
T. Dyche forming the Board of
Directors.

PERSONALS

Mr. and Mrs. John C. Beais, of
Clovis, N. M., and their daugh-
ter, Mrs. David Baldwin, and lit-
tle Betsy, of Evanston, Ill., were
guests in the homes of Mr. and
Mrs. Joe Nichols and Mr. and
Mrs. Seth Davenport last week.
Mrs. Beais and Mrs. Nichols are
sisters.

Mr. and Mrs. Paul Hearn and
daughter, Joyce Evelyn and Fiss
Jane Clark, of Irving, Texas,
were guests in the O. T. Sudduth
home Wednesday and Thursday.

Elbert H. Adams, son of Mr.
and Mrs. Arthur Adams, who is
a student at Hardin-Simmons
University for the summer, will
complete his first six week term
Friday Young Adams is a soph-
omore at the university.

Mrs. J. W. Carruthers, Sr., and
her daughters, Miss Eva and
Mrs. Hal Ogle were San Angelo
visitors several days this week.

J. W. Carruthers, Sr., was a
Del Rio visitor the first of the
week, going to receive medical
treatment for an infected ear.

Mrs. A. J. Horton, of Quitman,
Texas, has returned home after
several days visit in the home of
her daughter, Mrs. J. W. Down-
um. She was accompanied by
her daughter-in-law, Mrs. L. A.
Hyde, and Mrs. Ola Hyde of
Quitman.

Miss Louise Kiemer of the lo-
cal AAA office attended a dis-
trict AAA meeting in Fort Stock-
ton Thursday.

Donald Frazor has returned
from a vacation trip that in-
cluded a visit in El Campo and
in San Antonio with relatives
and friends.

July 4th Celebration Aids Building Fund

NEGRESS HELD IN DRYDEN CAFE BURGLARY

Mary Paxton, negress, is being
held in the county jail here on
charges of burglary after the ex-
cessive Basset Cafe in Dryden was
entered and about \$30 in cash was
taken from the cash register last
Sunday night.

Sheriff Jim Nance, who made
the arrest, reported that the
money was found in the wo-
man's possession and a confes-
sion was obtained. She was an
employee of the cafe and en-
trance was obtained through a
back door of the cafe. The ne-
gress was brought here from
Dryden and placed in jail.

PLANT OPENS TODAY WITH 204 LOCKERS

Turner Bros. have announced
that the new locker plant just
completed will be open for
business today. The plant con-
sists of 204 units, both door and
drawer type. Their processing
plant is ready for business and
all items for the locker will be
properly processed and wrapped
before being placed in the lock-
ers.

The Turner Bros. advertise-
ment may be found on page 3
of this issue. Next week the ad
will carry the costs of the var-
ious type lockers as well as the
processing charges for various
kinds of meats. Space would not
permit the larger ad this week.

ATTEND REUNION

Rev. and Mrs. Lawrence Men-
efee and daughter, Glenda, re-
turned Saturday from Abilene
where they visited Mrs. Men-
efee's relatives and Floydada
where Rev. Menefee's relatives
had a family reunion. Twenty-
two members of his immediate
family were present, including
the grandchildren, but three
members were unable to attend.

Mr. and Mrs. Eddie Leather-
wood are spending the week in
Ruidosa, N. M.

Mr. and Mrs. O. T. Sudduth
took Mr. Sudduth's mother, Mrs.
G. M. Sudduth, and his sister,
Mrs. W. S. Moore and son, Jim-
my, to San Angelo Saturday
night. They had been guests in
the home of O. T. and W. W.
Sudduth for the past week.

Mr. and Mrs. W. J. Smith, of
Frost, Texas, and Mr. and Mrs.
C. C. Cole and daughter, Made-
lyn, of Dallas, and Mr. and Mrs.
H. D. Price, of Fort Stockton,
were guests in the home of Mr.
and Mrs. O. T. Sudduth and Mr.
and Mrs. M. C. Dye Wednesday.
Mesdames Smith and Cole are
sisters of Mrs. Price, the mother
of Mrs. Sudduth and Mrs. Dye.

Mr. and Mrs. Julian Kessler
and children, who have been on
a vacation trip to points in Col-
orado and New Mexico, visited
in Sanderson the first of the
week with friends. The Kesslers
are former residents of Sanderson
and now make their home
in Houston.

Bill Cargile, who is attend-
ing the School of Mines in El
Paso, spent the week end here
with his parents, Mr. and Mrs.
W. C. Cargile.

Mr. and Mrs. W. W. Sudduth
and daughter, Barbara, left Fri-
day for a two weeks vacation
trip to Kansas and Colorado.

Mr. and Mrs. Sid Harkins and
little daughter returned last
Thursday from a ten-day trip
which they had taken through
Yellowstone Park, Grand Can-
yon, and all the states on the
Pacific coast.

The big free barbecue last
Friday, July 4, proved successful
in bringing many people to-
gether to hear and see the plans
for the building program of the
local American Legion Post. An
estimated 750 people were treat-
ed to a fine barbecue dinner
with all the trimmings on the
courthouse lawn as members of
the post and auxiliary assisted in
serving the lines that passed by
for the good feed.

Contributions to the building
fund to date have grossed about
\$4,800.00, leaving only about \$3,-
000.00 to be applied after the ex-
penses of the campaign were de-
ducted. A new automobile was
paid for and given away on the
day of the barbecue. Plans for
the building will be drawn up as
soon as the drive for funds will
show what amount can be spent.
The site, east of town on the
new highway was contributed to
the Legion and it is hoped that
a beautiful Legion home can be
built on that site in the near fu-
ture.

Robert Kerr, commander of the
local post, advised the Times
that the next regular meeting
will be suspended and the Au-
gust meeting will be a joint get-
together for the Legion and Leg-
ion Auxiliary at which time a
watermelon feed will be served
on the building site. It is hoped
that a big part of the remaining
building fund needed will have
been raised by that time.

DRYDEN NEWS

By Miss Vima Cash

Mr. and Mrs. Murray McCain,
of Rankin, Texas, spent the 4th
and 5th of July with Mr. and
Mrs. George Geaslin on their
ranch south of Dryden.

Mr. and Mrs. Milton Holmes
spent the 4th with his mother,
Mrs. Mammie Holmes, and other
relatives in Sheffield.

Mr. and Mrs. R. E. Walsh and
daughter, Beth; Mr. and Mrs.
Faggar Dungan and daughter,
Della Mae, and Jimmy Condra,
spent Thursday and Friday at-
tending the rodeo in Marathon.

Mr. and Mrs. Charles Baker,
Jim Condra and daughter, Dor-
othy Lee, and Harold Shaw, were
in Marathon for the rodeo the
4th.

Sgt. and Mrs. Zeno Geers
spent the week end in El Paso
where Mrs. Geers went to have
her eyes treated.

Mrs. Raymond Farley is in Del
Rio staying with her daughter,
Mrs. R. V. Winn and new grand-
daughter, Ethyl Mae.

Mr. and Mrs. Jim Powers and
Mr. and Mrs. Wade Harrell at-
tended the rodeo in Marathon
the 4th.

Mrs. Pauline Winnett spent
the 4th in Del Rio.

Mr. and Mrs. Caster Adams, of
Del Rio, their daughter Mrs. T.
A. Youngblood, and her sons,
Tommy and Jerry, of Houston,
visited with Mr. and Mrs. Lonnie
Cash and family over the week
end.

Mr. and Mrs. Jim Powers and
son, Marion, and Alonzo Cash,
were Del Rio visitors Saturday.
They were also accompanied by
Jimmy Lewis Winn, who return-
ed to his home there.

Bobby Cole left for El Paso
Sunday night to join his parents
Mr. and Mrs. A. P. Cole, who
have been in that city for sev-
eral months. He will enroll in
the College of Mines this term.

A farewell party was given in
honor of Mr. and Mrs. Ben Estes
and children and also celebrat-
ing Ada Faye Baker's birthday
at the Ten Mile Park Sunday
night. Ice cream and cake were
served to 65 guests. Games were
enjoyed during the evening.

Polluted Waters May Harbor Virus of Polio

A third precaution among six simple health rules that should be observed during the polio epidemic season is to avoid swimming in polluted waters, the National Foundation for Infantile Paralysis cautions, through its local chapter.

While proof of direct infection by this means is lacking, the National Foundation points out that research financed by March of Dimes funds indicates that the virus causing polio is often found in sewage.

Consequently, wherever sewage may find its way into waters used for swimming, such waters should be avoided. To be sure, consult your local Health Department.

Take no chances and don't swim in waters known to be polluted.

WITH OUR NEIGHBORS

We noticed several new business firms in Eldorado — a variety store, photographic studio, jewelry store. We wonder is the new producer that came in over the week end or the recent completion of Eldorado's water lines and extension had anything to do with the business growth.

Eagle Pass, within the next two months, is to be the United States sole border port of entry to Mexico for the shipment of 20,000 high class mules to that country. In an effort to eradicate the hoof and mouth disease so prevalent in Mexico, every animal of every kind in a zone comprising parts of eight states has been or is being destroyed. The mules are contracted for at \$115 per head, and f.o.b. at Eagle Pass, and will be used as farm work animals to replace the oxen that were killed.

The Royal building at Fort Stockton, an historic landmark, is soon to be razed in the path of progress. A \$50,000 museum and office structure is to be constructed, proceeds now being available from warrant issues and bonds voted last fall.

The Southwest Texas Junior College, at Uvalde, is offering a six-weeks summer term this year, classes having begun last Monday.

A Latin-American citizen of Sierra Blanca has a large family and has been having a grocery bill of \$400.00 a month. He bought a grocery store and is

putting his children to running it. He is also building an eight-room residence with four more rooms in the rear. He may beat the depression yet.

Rainfall of 5.31 inches for the month of June was reported in Brackettville. Not bad. Some oil leasing is going on in that area, also.

Ozona is endeavoring to work up a lively interest in the project of paving all of the most important unpaved streets in that city. We are anxious to get a report on the mass meeting

Rattle of the Rail

M. L. Turbeville, division car foreman, was here from San Antonio Wednesday.

E. C. Wolff, chairman of the carmen, was a visitor here Monday.

F. W. H. Wehner, assistant superintendent, was here from El Paso Tuesday.

Engineer L. A. Simmons has reported for the extra board here.

Engineer L. S. Barksdale and fireman P. F. Milligan have been assigned to the 18th freight run here.

Engineer Doug Newton has

of the citizens called for last Tuesday night, to get the facts on the cost of the paving, etc.

The Santa Anna Home Demonstration Club won second place in the exhibits of Coleman County HD Clubs. Kitchen aprons and kitchen curtains were featured in the Santa Anna exhibit.

A dream more than two decades old came true last Saturday when the 74-mile scenic loop to be known as the Davis Mountain State Park highway, was formally opened at Fort Davis.

John Stovall, a former resident of this city, has been named the city secretary of Alpine.

Travel problems occurring when Marfa school students engage in extra-curricular activities are ended as a new school bus for district use was delivered last week. Playground apparatus costing \$259.45 has also been received for Blackwell Junior High pupils.

been enjoying a short vacation.

Engine SP de M. 2325 passed through east Wednesday going to the shops for repairs.

Engine G. A. Avent was down

from El Paso on a passenger this week.

Engineer R. G. Stegall, who has been on the yard engine at Valentine, has been assigned to a freight run out of here.

INCOMPARABLE COOKERY with the New Norge Gas Range

Good to look at and work with! The beautiful new Norge saves time and trouble, adds new joy to the routine of meal-getting, and provides healthful, nutritious, taste-tempting meals. Eliminates guesswork, saves extra hours for rest and recreation.

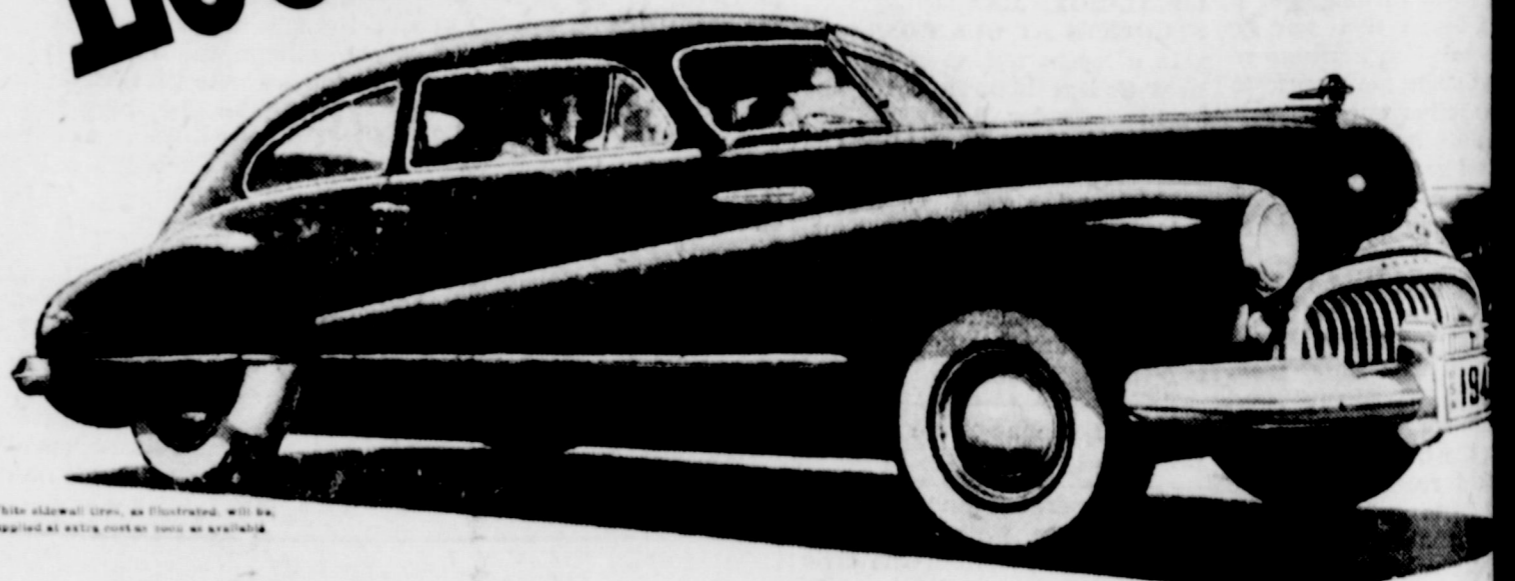

complete with these up-to-the-minute NORGE FEATURES

- Four Fast-Action Spiro-Speed Burners
- Hi-Le Click Simmer Valves for Proper Heat Control
- Acid-Resisting, Porcelain-Enameled, One-Piece Top and Back-Roll
- Automatic Top Burner Lighter
- Precision Oven Control
- One-Piece, Tank-Type Oven and Broiler Lining
- Blanket-Type Rock Wool Insulation
- Pull-Out, Drop-Front Broiler

These are only a few of the new Norge's many convenient features. So begin now to enjoy the comforts of modern gas cookery the simple Norge way. Let us show you how easy it is to use and buy this beautiful range.

The Kerr Mercantile Co.

Looks that stay looked at

-and Ability to match

GIVE yourself five seconds, and you know that here's car styling as up to the minute as the time of day.

Spend a few fast minutes to see why — and you spot both smartness right from tomorrow's designing boards and everything that should go with it. Measure the reach and spread of that Buick bonnet, brim-filled with Fireball power.

Sweep your glance over the broad beam that spells room, the stretch that means easy-riding wheelbase, the size that tells of enough roadweight to end jounce and jitter.

Here, you tell yourself, is something to see. Here are looks to hold the eye for seasons to come — and lively, durable ability to match:

... Rich abundance of smooth, hushed Fireball horsepower from a

straight-eight kept young and lively by Accurite cylinder finish.

... Tireless coil springing on all four wheels, leveling all roads to boulevard smoothness.

... Riding poise from two steadying tons of roadweight — ease of handling from balance to draw a ballet dancer's envy. Soft, roomy cushions seating three apiece — finish that's the very last word in richness and taste.

Yes, it takes no time at all to show that you and Buick belong together, should go together steady — so what's holding you back?

TUCK AWAY PLINY! Roomy luggage compartments hold plenty — and high-lifting lids make it easy to get at any place.

After all, we can't do much about getting one to you till you make your wishes plain. You do that simply by placing your order — which will get equal consideration whether or not you have a car to trade.

ONLY BUICK HAS ALL THE STAR FEATURES

- * AIRFOIL FENDERS
- * FIREBALL POWER
- * ACCURITE CYLINDER BORING
- * SILENT ZONE BODY MOUNTING

Entomologist Says Pound of DDT Value Is 2,000 Lbs. Beef

College Station — A pound of DDT is worth 2000 pounds of beef from one pound of DDT during fly season this year.

A tall statement? Entomologist Charles A. King, Jr., of the Texas A & M College Extension Service, says, "Figure it up yourself." One pound of wettbale DDT powder mixed with 15 gallons of water, will spray about 25 head of cattle. Stockmen who have used DDT spray for the past two years will testify that beef animals will put on an average of 80 pounds of flesh as

recipient of a large collection of gifts for her future kitchen.

The coffee table was laid with a lace cloth. A centerpiece of yellow marigolds and artemesia arranged in a crystal bowl was flanked with miniature bouquets of the same flowers. Miss Byrd served the coffee from a silver coffee service placed at one end of the table and Mrs. S. A. Berkley served the coffee cake.

The guest list included twenty-five members of the Woman's Auxiliary of the Presbyterian Church of which the bride's father is pastor and Misses Margaret Duncan and Harriett Ber-

a result of thorough spraying throughout the fly season. And when 25 head of cattle gain 80 pounds, that's 2000 pounds of beef from one pound of DDT.

King says that the fly season is under way now, and experienced stockmen are checking up on spraying equipment and DDT supplies. Four pounds of wettbale DDT powder at a 2 of one per cent strength, mixed in 100 gallons of water, is the spray to use. When to spray? King says, "Let the fly tell you." If the pests are thick, the spray is needed. A lot of factors enter into the "when to spray" picture. Often the treatment holds flies in check for months, but a heavy rain can mean the job needs re-doing after a ten-day period.

Laughs Throughout in "Song of the South"

Walt Disney's maintains his repute for cheerful entertainment in "Song of the South", his technicolor musical drama that plays at the Princess Theater July 16 and 17.

All shades of amusements, from chuckle to cackle, saturate the producers' newest innovation, a live-action feature incorporating the Uncle Remus legends of Joel Chandler Harris.

Uncle Remus comes into the picture laughing. He goes out smiling, his fable-telling mission accomplished when, with his drolleries, he has saved a boy from unbearable anguish and a family from foolish disruption.

The little comrades of adventure and trouble, played by Bob- by Driscoll and Luana Patten— have their own laughing matters to balance their dramatic escapades.

The little critters of the fables, Brers Rabbit, Fox and Bear — are hilarious in their human- esque antics.

Hattie McDaniel, raises laugh- ter as well as biscuits in the plantation kitchen.

Even the discomfiture of the young bullies of the play; the Favors kids, has its comic note of justice finally dealt out.

Many of the songs have hu- morous lyrics to go with the lit- tling melody so that they become largely, laughing songs, keynot- ed by the whimsically happy Zipadee Doodah.

Texas Livestock Shipments Heavy

Increased livestock shipments in Texas during the month of May resulted from heavy runs of sheep and calves to market, causing farm cash income in sheep-prouding areas of the state to soar.

Shipments saw a 6 per cent April-to-May advance and rose 3 per cent above their May 1946 levels, as the May total reached 12,403 carloads.

Cattle shipments slumped 13

per cent during the month but stood 3 per cent above May, 1946 figures.

On the other hand shipments of sheep were almost five times greater than in April, totaling

2,258 carloads during the month compared to 488 marked up in the previous month. Compared with May, 1946, however, sheep shipments were 15 per cent low-

er. Shipments of calves, also re- porting an April-to-May ad- vance, rose 33 per cent but fall- ed by 4 per cent to come up to the May 1946 mark.

Grading Sheep for Staple Raises Wool Price

COLLEGE STATION, July 2— Texas sheep raisers are getting wise on ways and means of selling wool and getting the right prices.

Coke County ranchmen, re- ports County Agricultural Agent Travis B. Hicks, are upping the price received for wool by grad- ing sheep for staple.

C. E. Arott, sheep raiser in the county who has been grad- ing for several years is now get- ting up to seven cents a pound extra for his wool, says the county agent.

Arott added an extra feature to his wool preparation this year. He and his son, Le Drew, stood at the tying board and di- vided the wool into two lots, ac- cording to the length of staple. The wool was then delivered to the warehouse as two separate lots which means extra cash re- turns.

County Agent Hicks says that ranchmen are getting wise to the plan of selling wool on a "hog-round" basis.

Mr. and Mrs. Edward Boykin and baby returned Sunday af- ternoon to their home in San tonio after spending the week end here visiting her moth- er, Mrs. Ray Caldwell and Mr. Caldwell.
