NUMBER 25

Dishman Brothers New Owners of Empire Cleaners

Prince, Jr., and Wilton Dishman have purchased the Empire Cleaners business from their father Prince Dishman, Sr., effective August 1. The business, together with the Western Union agency has been operated by the senior Dishman since May, 1942.

Plans for remodeling and renovating the plant is contemplated in the near future. The brothers expect to install some new equipment as well as rearrange the plant and add modern features to the appearance.

The Dishman Brothers announced this week that a representative of the Kahn Tailoring Company, of Indianapolis, Ind., will be in their establishment Friday and Saturday, 22 and 23 of August, with a wide variety of samples for fall and winter wear. Tailored suits as well as cleaning and pressing will be featured by the establishment.

Football Field Put in Shape for '47 Season

Superintendent C. G. Bradford and volunteer workers have been putting in some work (labor) at the football field this week getting everything in readiness for the 1947 football season. All materials for lighting the field are on hand and the post holes are being dug. Five hundred pounds of hulled Bermuda grass seed were sown on the field last spring after about nine hundred loads of dirt had been used to fill in and level the field. The grass is now in fine condition and the field will be in good shape for playing this fall.

New suits and equipment have arrived and will be received with much appreciation by the players. Workouts will probably start Monday, September 1. Coach Marion B. England is expected to arrive the last of the week and will probably be anxious to get the boys in shape for the season to open soon. Prospects are good for the Sanderson team this year.

Coach England, who is to be principal of the high school, is coming here from Elgin, Texas. He has a wife and one child.

Area Council Extends Welcome to Visitors at Mitre Peak Camp

The Permian Basin Area Council extends an invitation to everyone interested to visit the Girl Scout Camp at Mitre Peak, recently purchased Permanent Girl Scout Camp at Mitre Peak, to be held Sunday, August 10, from 10 until 4 o'clock.

Pecos Girl Scouts who are now camping at the site will serve as hostesses and will escort the guests over the camp.

The camp site was purchased too late in the season for a regular summer camp, however, various troops from over the district have been allotted a few days in which to visit the camp at the new summer home for Girl Scouts. The Pecos troops are at the camp site this week with a troop from Crene to be there the following week. Odessa Girl Scout Troop 16, under the leadership of Mrs. Delora Hall, visited the camp on the week of July 21, and was the first troop to camp there.

Reservations for the month of August include Penwell, August 16-19; Fort Stockton, August 21-22; Kermit, August 24-26 and McCamey August 27-31. Reservations have been made for week ends during the fall, however, dates have not yet been set.

others but we sometimes forget in little things that may do big harm if not curbed.

Luke was in Santone again over Sunday and Monday but spent most of the time in the doctor's office and failed to get the low-down on what is happening in the city.

McCamey Girl Awarded College Scholarship

Miss Francis Lawanna Dixon, McCamey, has been awarded the Fannie Breedlove Davis Scholarship from District 7 of the Texas Baptist Missionary Union, for the 1947-48 school year at Mary Hardin-Baylor College which opens September 12. Miss Dixon was selected from a group of applicants in 16 counties in Southwest Texas, which comprise the district, according to President Gordon G. Singleton.

The scholarship is awarded in honor of Mary Hardin-Baylor's former student, Mrs. Fannie Breedlove Davis, who led in the organization of the Texas W. M. U., and who aided in the founding of the Southwide W. M. U. She served as the first president of the Texas W. M. U.

Miss Dixon is the daughter of Mr. and Mrs. C. D. Dixon. She is a May graduate of McCamey High School, where she maintained a high scholastic record. Miss Dixon plans to major in business administration in college.

Nineteen Fannie Breedlove Davis scholarships have been awarded in Texas. Seven were given to girls in Oklahoma, Arkansas and New Mexico.

Counties in District 7 include Winkler, Ector, Crane, Ward, Upton, Crockett, Terrell, Brewster, Pecos, Reeves, Loving, Jeff Davis, Presidio, Culberson, Hudspeth and El Paso.

Eighty Enrolled For Vacation School at Baptist Church

The Daily Vacation Bible School at the Baptist Church opened Monday afternoon with an enrollment of eighty pupils. The school will continue for two weeks, the commencement exercises to be at the church on Sunday evening, August 24.

Last Friday evening following the registration at the church, the pupils and teachers paraded in the vicinity of the courthouse, and then enjoyed a picnic on the lawn.

Improvements Made on School Property

Some improvements have been made on the physical property of the Sanderson schools during the summer months. A butane gas heating system has been installed in building No. 1 at the Lamar Ward School. The stage was torn out and rooms enlarged as a result. The gymnasium floor was polished and the high school library floor sanded and varnished. All of the buildings were thoroughly cleaned.

WAR MOTHERS TO MEET THURS. AT COURTHOUSE

The War Mothers will meet at 7 p. m., August 21, at the courthouse and a watermelon social will be held on the lawn. Plans will be made for a barbecue in October for the purpose of raising funds for the war memorial to be erected on the courthouse lawn. Contributions for the war memorial fund may be sent to Mrs. Lena Stavley.

Mr. and Mrs. C. P. Peavy and daughters are leaving Sunday for a vacation trip to Garland and Dallas, Texas.

Sept. 8 Announced For Opening Day Of '47 School Term

Vacation days for the pupils and teachers of the Sanderson schools will soon come to an end for this week Superintendent C. G. Bradford announced Monday, September 8, for the opening day of school for the 1947-48 term.

All pupils entering the Sanderson schools for the first time are requested to bring a birth certificate at the time of enrollment.

Additional Credits For High School; Work Complimented

The Sanderson High School has been readmitted to membership in the Southern Association of Accredited Colleges and Secondary Schools for 1946-47 without reservation. During the year an additional credit in Band was granted and Choral was raised from a half unit to a whole unit. Credit was secured for Music Orientation. The state deputy gave the school a very favorable report as to the type of work being done by both the pupils and teachers. The school plant was complimented highly.

Niece of T&NO Passenger Engineer Stars in Picture

Ann Harding, who plays the feminine lead in "It Happened on 5th Avenue", showing at the Princess Theatre Wednesday and Thursday of next week is a niece of Passenger Engineer Joe Cottle. Mr. Cottle is engineer on Train No. 1 between Del Rio and Sanderson and is well known here.

Carlton White, manager of the theatre, made a trip to Fort Stockton in July to see a preview of the picture and declares it to be one of the best shows he has had the privilege to bill this year. He says this is a picture you will always remember.

Early Correction of Defects Urged

School days will soon be here again. Thousands of Texas boys and girls and teachers will be returning to the schools. Each child entering school should be as free as possible of any physical defects which can be corrected. The earlier these are corrected the better chance the child has for academic progress and for good social and emotional development, says Dr. Geo. W. Cox, State Health Officer.

August is the time for a complete medical and dental check-up. Eyes, ears, nose, and throat, and teeth should be carefully examined by the family doctor and dentist, and all remediable defects corrected. If such defects are neglected, they may result in serious damage to the growth and development.

Dental correction often takes time, but a person is repaid many times over for good dental care. Healthy teeth lend attractiveness to the personal appearance, enable thorough chewing of food, and promote good health.

In schoolrooms, children expose each other to many communicable diseases such as measles and the common cold, scarlet fever, whooping cough, and diphtheria. Protect the child from diphtheria and whooping cough, as well as smallpox, by safe and dependable immunization.

Parents, see that your child has complete protection against preventable diseases; a clean healthy throat and mouth; the best possible vision and hearing; adequate diet, sleep and rest to build up resistance against disease. It will pay good dividends, and your child will be ready for school.

California Man New President of Lions International

Fred W. Smith, Ventura, Calif., is the new president of the International Association of Lions Clubs. He was advanced by unanimous vote from the first vice-presidency at the 30th annual convention of the Association. Smith succeeds Clifford D. Pierce, of Memphis, Tennessee.

The convention concluded the most successful year in the history of Lions International, according to the report made by Secretary General and Founder, Melvin Jones, of Chicago, Ill. He reported the formation of 853 new Lions clubs and the addition of 47,332 men to the roster of the association in the twelve-month period ending June 30, 1947, for a total of 6,117 clubs and 326,448 members. He stated that a Lions club was established in mid-July at Lismore, New South Wales, Australia, and that there are Lions clubs in 19 countries.

Lions International, he said, is now the largest, strongest, and most active service club organization in the world.

Smith, in accepting the presidency, said: "My first official act as president of Lions International is to hand our beloved Secretary-General a call for a meeting of the Board of Directors of the Association, and a call for a meeting of the Board of International Relations, both to be held at the Waldorf Astoria Hotel in New York City, October 27-28, 1947. These meetings are timed to take place during the forthcoming session of the General Assembly of the United Nations, and we expect to have an opportunity to participate to some extent in the meetings of the General Assembly; to acquaint the Lions attending these meetings with some of the inner workings of that body, and in turn, to have the delegates to the General Assembly to become acquainted with our Lion leaders.

"I feel confident that you in this great audience today, representing as you do the business nations will stand solidly behind the program of world peace that your Association has adopted, and that you will act as one in advocating that your representative governments take a definite stand against any nation or anyone who would disrupt the peace of the world."

Smith is a charter member (1923) of the Ventura Lions Club. He is also a key member and has served his Lions Club the offices of director and president. He was elected a member of the Board of Directors of Lions International at the International Convention in Havana, Cuba, in July, 1940, and since that time has held the offices of third vice-president, second vice-president and first vice-president of the Association.

Lion Smith was born in Alamosa, Colorado. He attended grammar and high schools in Colorado, a private school in St. Louis, Missouri, and the University of California. His interests cover many fields, among which are education, land, securities, banking and packing. He is a member of the California State Board of Education, having served as President of that Board for three successive terms and trustee of Pomona College, Claremont, California; President of Hobson Brothers Packing Company; President of the

Railroaders Beat Fire Dept. for Second Half Softball League Lead

Sanderson VFW Wins 2-1 Over Piedras Negras

In a closely contested baseball game on the local field Sunday afternoon the strong VFW team of Sanderson defeated the Piedras Negras Consolidated 2 to 1.

Lately the matched games brought here for the local fans has been equal to the class of baseball one would expect to see in the big leagues. The local boys have had a winning streak that seems to be hard to break. Next Sunday afternoon stiff competition is promised when the Del Rio All-Stars invade Sanderson territory. This is expected to be one of the best games played here this season and a large turn-out of fans is likely to be on hand for the conflict.

Mrs. M. Bogusch To Receive Degree

Fifty students will receive degrees at Sul Ross College on Commencement night, August 21. The commencement address will be given by S. A. Kerr, Jr., of Jacksonville, Texas, who is a member of the Board of Regents of the Texas State Teachers' College. There will be no Baccalaureate sermon this year, the graduates and candidates for degrees voting to attend the Bloys encampment Sunday evening.

Mrs. Mauryne Lindley Bogusch will receive her Master of Arts degree on commencement night. She will teach home economics in the Alpine schools this year.

A. C. Smith Resumes Duties as Depot Agent for T&NO

A. C. Smith, depot agent here for several years until his transfer to Schulenberg last spring, returned to Sanderson Tuesday and will resume his duties in the same capacity Monday. Mrs. Smith accompanied him here. Their son, Roy, is attending A&M College and Douglas is a student at Sul Ross.

Mrs. and Mrs. V. C. Fusselman are going to San Antonio where Mr. Fusselman will take over a job as telegraph operator. Mr. Fusselman has been depot agent here for several months.

CULTURE CLUB TO MEET NEXT THURSDAY P. M.

The first fall meeting of the Sanderson Culture Club will be Thursday, August 21, at the home of Mrs. O. H. McAdams at 3 o'clock.

NO SERVICE SUNDAY AT PRESBYTERIAN CHURCH

There will be no services in the Presbyterian Church on Sunday, August 17. Members are encouraged to attend other churches of their choice on this day. Many will attend Bloys Camp Meeting at Skillman Grove.

Mrs. R. A. Hurst, of El Paso, is the guest of Mrs. F. H. Talbot.

Ventura Securities Company; President of the Salinas Land Company; Vice-president of the California Orchard Company; Vice-president of the Saticoy Rock Company; Director of the Ivy Lawn Cemetery Association; member of the Advisory Board of Ventura Bank of America; and is the owner of independent oil and ranching properties.

Lion Smith is married and has three children. His hobbies are home movies and his wood shop. He is affiliated with the Ojai Community Church and is a member of the B.P.O.E.

The Railroaders took what appears to be the decisive game for the second half championship of the softball league Wednesday night when they walked over the Fire Department nine for a win. The leaders have only one more game to play to show a .1000 percentage in the second half — if they win over the Rotary. So far the Rotary team appears only on the lose side of the tally sheet.

The Wednesday night loss for the Firemen gave them a third place berth and placed the Lions Club in second place. If the Firemen had won the Wednesday night game there would have been a three-way tie for first place.

As things stand at this writing it is practically assured that the play-off will be between the Railroaders and the Legionnaires.

Tuesday night's make-up game between the Lions Club and the Firemen was an exhibition of endurance and a contest of errors. Both teams played under par and were too frequent with errors to make anything but an endurance test and the Lions roared their way to tie the Firemen in games won.

So far in the second half the Rotary has won no games with four trips to the diamond. This leaves them at the bottom of the ladder with .000 percentage.

The first-half leading Legion nine is tied with the Teen-agers with a .250 percentage, each team having won one game of the four played.

The Legion and Teen-agers play tonight in the final game of the second half. The results of this game will be of no consequence so far as league results are concerned, since neither of the teams could possibly be in the running for the second half lead.

Mother of Meredith Beckett Dies in Del Rio Thursday

Funeral services were held in Del Rio last Friday for Mrs. L. A. Beckett and burial was in Westlawn Cemetery in that city. Mrs. Beckett died Thursday after an illness of several weeks. Besides a husband, Lemuel A. Beckett, survivors include a son and daughter and five step-children. Meredith Beckett, of Sanderson, is a step-son.

Stumberg Attends Committee Meeting in Sonora Wednesday

Steve Stumberg attended a meeting of a committee at Sonora this week. The committee, composed of Frank Roddie, San Angelo, Mr. Stumberg, and Ed Long, of Del Rio, was called to Sonora to meet with Vestal Askew, secretary, and Bryan Hunt, president of the Texas Sheep and Goat Raisers Association.

Plans for working out and increasing the activities of the association were discussed. Several proposals which are to be recommended to the directors at the next quarterly meeting in Brady, September 12, were discussed.

MISSISSIPPIANS GUESTS IN EZZELLE HOME

Mesdames J. V. Simmons, of Loun, Mississippi, and L. N. Tillson, of Sylavarena, Mississippi, are guests in the home of their brother, H. E. Eelle. Mr. and Mrs. Eelle with their guests left Thursday for a trip to Carlsbad Caverns, McDonald Observatory, Big Bend National Park and other places of interest in the vicinity. They will be gone for several days.

ECONOMIC HIGHLIGHTS

It is no secret that many of the Democratic Party strategists are very seriously concerned, as they look toward the 1948 general election, with how to reconcile President Truman's recent record with his past positions, and with the views of a large percentage of the party's representation in Congress. The primary reconciliation involves the labor policy. In this the President denounced it in almost every particular. Yet, during the national railroad strike of about a year ago, Mr. Truman appeared before Congress and asked passage of a bill which, in many ways, was stiffer than the Taft-Hartley measure.

This has resulted in a rather remarkable development. At the time, the head of one of the major railway brotherhoods announced that he would use the entire union treasury, if need be, to help assure Mr. Truman's defeat, should he run again. Today there has been a complete reversal of policy. The big unions, which are out to secure the complete repeal — not revision — of the Taft-Hartley Bill are all for Mr. Truman and are considering mass meetings in his behalf.

From the political point of view, this could have an unfortunate effect on Party unity. Close to half of the Democrats in Congress voted to overrule the veto of the labor bill. Inasmuch as Mr. Truman and his floor leaders used every weapon at their command in an effort

LET'S MAKE THIS DREAM COME TRUE

to secure enough votes to sustain the veto, that was a severe defeat for the Administration. It is clear that Mr. Truman's grip on the reins of the party control is not as firm as was the late President Roosevelt's. This thought is a tonic to the Republicans, whose confidence of victory next year has again entered a bull-market phase.

Mr. Truman's veto of the tax bill was sustained, but the margin was very close — the House voted to override, and he was upheld in the Senate by only a handful of votes. Furthermore, both within and without the Democratic Party, there is a strong feeling that his veto was based on the wrong grounds. He laid down all the stress on the on the theory that the bill gave too much relief to high-income taxpayers and not enough relief to the low-income groups — despite the very obvious fact that the tax increases put into effect prior to and during the war primarily affected the upper brackets. It is important that a large number of

Democrats who voted to sustain the veto — such as Secretary Tydings — are completely opposed to this theory of the President's, and opposed to reduction on the very different theory that the disturbed state of the world and the consequent impossibility of estimating our financial commitments made any reduction in government revenues unwise now.

It is believed certain that next year Mr. Truman will propose a tax reduction measure of his own which will involve relatively large reductions for the small

taxpayer. This would be in line with his labor policy in that it would supposedly appeal to the masses of the voters. As the statistics show, Mr. Truman cannot be reelected unless he is able to keep the vote of the industrial centers which Mr. Roosevelt so successfully obtained and held during his entire residency in the White House. This fact explains many current Truman policies.

So far as party unity is concerned, the Republicans made an excellent record in the last Congress. Senator Taft and Mr. Martin, speaker of the house, were primarily responsible for that. Defections on major legislation were remarkably few, and in the Senate near-unanimity was obtained on both the labor and tax bills. However, Republican campaign effort will be pretty well restricted until it is known who the candidate is to be. The Taft and Dewey forces have girded for an all-out battle, and there is growing bitterness in pro-Taft circles, because of Governor Dewey's most complete avoidance of controversial domestic issues. The possibility that these two leading candidates may knock each other out must be considered, and the increasing discussion of General Eisenhower's chances for the nomination may be an indication of things to come.

Henry Wallace has indicated that he might agree to head a third party. This would be quite a trick, in view of the comple-

election laws in the various states. But third parties have entered the field before, and it could happen again. Whatever votes Mr. Henry Wallace got would, of course, be at the expense of the Democrats. He is, at present, the idol of the left-wing and of the "appease-Russia" group. Such publications as the daily Worker never tire of singing his praises. But his name never appears in the running when public opinion polls try to find out who the people want for president.

Mrs. Avis Reifert, Custer, returned to her home after a visit with her sister, Mrs. Wilkinson.

Presbyterian Circle Meets at Home of Mrs. J. W. McKee

The circle of the Presbyterian Women's Auxiliary met Monday afternoon in the home of Mrs. J. W. McKee, preceded by a meeting of the Executive Board. Mrs. Earl Pierson presided, opening the meeting with a brief devotional, in which Psalm 104 was read. Followed the singing of hymns, Mrs. John W. Byrd led the prayer. Further plans were made for the filling of clothing bundles to be sent to the school children overseas, each member to bring such articles as planned to the next auxiliary meeting August 25. Reports were given and other business matters discussed.

Mrs. A. W. Pope, assisted by Mrs. J. W. Byrd and Mrs. J. W. McKee, reviewed an article from the Presbyterian Survey on "Starting Points of Christian Living." Mrs. W. H. Savage then led the program on "Guide for My Christian Growth. How Much Do I Value Life?" Mrs. J. W. McKee, the hostess, served praline cake and iced tea to Mesdames Joe Nichols, Joe F. Brown, W. H. Savage, A. W. Pop, S. A. Berkley, Jimmy Hanson, C. C. Mitchell, Harold Schroegler, Malone Mitchell, W. G. Downie, Hal Rowlett, Lee McCue, Earl Pierson, Sid Harkins, J. W. Byrd, Victor Fusselman and Leola Hill.

CARD OF THANKS

We wish to extend our thanks and deepest appreciation to our friends for the kindness and understanding shown in the loss of our husband and father, Joan Deaton. Your words of comfort, deeds of kindness and floral offerings meant so much to us. Mrs. John Deaton and Family

Tuesday Bridge Club At Wilkinson Home

Mrs. R. S. Wilkinson was hostess for the meeting of the Tuesday Bridge Club at her home last Thursday afternoon, the meeting having been postponed from Tuesday. Bouquets of gladioli were used for the decorations in the living and dining rooms. The high score prize was won by Mrs. C. P. Peavy; travelling and second high by Mrs. Maude Herndon; and Mrs. J. W. Pate, low.

Sandwiches and a salad plate with iced tea were served by the hostess to Mesdames Bustin Cannon, C. P. Peavy, Maude Herndon, H. A. Finger, Jimmy Caroline, W. H. Savage, S. L. Stumbreg, Mary Lou Kellar, W. W. Sudduth, Jack Hayre, J. W. Pate, and J. L. Sharp, of Kingsville, Texas.

Bridge Party Honors Out-of-Town Guests

Honoring Mesdames Maude Herndon, of Bastrop, and J. L. Sharp, of Kingsville, guests in the home of Mrs. H. A. Finger, Mrs. W. W. Sudduth and Mrs. J. T. Dyche entertained with a bridge party at the home of Mrs. Dyche last Friday afternoon. The party rooms were decorated with large bouquets of yellow and pink zinnias. Mrs. R. S. Wilkinson won the high score prize; Mrs. J. T. Williams, travelling prize; Mrs. Hugh Rose, second high and Mrs. Reifert, low. The honorees were also remembered with gifts from the hostesses.

Ice-box cake was served to Mesdames J. T. Williams, Tol Murrah, C. P. Peavy, Hugh Rose, Claude Gibson, A. G. Fletcher, Harvey Krauss, R. S. Wilkinson, S. L. Stumberg, H. A. Finger, Avis Reifert, and the honorees.

Picnic for Ranch HD Club at Brown Ranch Saturday

The Joe F. Brown ranch was the scene of the annual family picnic of the Ranch Home Demonstration Club Saturday evening. Supper was served from tables arranged on the terrace. The spacious lawn was well lighted and the guests spent the evening in conversation and visiting. Approximately 100 persons were in attendance, including members, their families and guests.

LOOKING AHEAD by GEORGE S. BENSON President—Harding College Scotty, Arkansas

A great basket of food, according to the American Federation of Labor, is the best unit to use in measuring incomes. That is how many baskets of food will your wages buy? The Federation's "Monthly Survey" for July has put together some interesting figures comparing the wages in America in 1940 with wages in Europe in 1940. These figures are in terms of baskets containing items for adequate nourishment. An American family of five would need about four of these baskets a day.

One hour's work by a factory worker in the United States in 1940, according to the A. F. of L., would buy 2.83 baskets. In Britain an hour of work would buy 1.26 baskets. In France, 1.11; in Germany, 1.02; in Italy, .65; and in Russia only .40. This means that the American worker could buy with his wages seven times as much food as a Russian could with his in 1940.

These figures are in keeping with observations in Europe in amount of food a worker could buy with his wages was in direct proportion to the amount of freedom that a worker enjoyed in his own country. Russia had the least individual freedom and the highest wages.

More than 20 years of Communism in Russia, under a totalitarian state which owns and operates the tools of production, has failed to change the ratio in comparison with America. The "Monthly Survey" is right when it comments that history has proved that "free enterprise under a democratic form of government provides the highest living standards for workers." Workers are becoming aware that their best opportunities lie in preserving individual opportunity—freedom to own property and to create and operate an industry or business.

I fear, however, that the American public does not understand some of the threats being made upon this very essential factor in the American way of life. I am interested in seeing industry pay the highest possible wages. America must continue to provide the best for the most. But I see dangers threatening the very things that enable Americans to buy more baskets of food than the workers of any land.

1. High taxes are cutting off investment of new venture capital. This will prevent expansion and growth. New tools and new industries will not be available to provide jobs.

2. An extravagant federal budget continues to spend and to create inflation. This restrains men from venturing and investing.

3. Industrial relations are unsteady. This instability again makes capital afraid to venture.

To preserve the very basis of our high wages, we need to lower taxes. They must be lowered enough that the ordinary man can keep a larger percentage of his earnings, and so that men will be inspired to invest and venture out into business enterprise. We need to overhaul the federal budget, to get rid of wasteful and inflationary government spending. We need firm but friendly industrial relations.

These things would inspire confidence. If they were achieved, investment would surge upward with a result that we would have more industries, better tools, more jobs, and continued high wages. Both industrial and labor leaders must take responsibility for preserving the essential ingredient of our system of high wages and high standards of living in this land of the free.

Miss Ethelyn Smith, of Colorado City, Texas, is here on a visit with her sister, Mrs. Do. Allen.

You can't match the "heart" of BIG-CAR QUALITY AT LOWEST COST

World's Champion Valve-in-Head Design!

The new Chevrolet is the lowest-priced motor car with a Valve-in-Head Engine—the type of car engine which holds all records for efficiency—for giving maximum power from every ounce of fuel. Moreover, Chevrolet's Valve-in-Head Engine is the "champion of champions" on all these counts: (1) Valve-in-Head performance at lowest prices; (2) billions of miles of service to owners; and (3) number of owners served. In fact, this sturdy Chevrolet Valve-in-Head Engine has delivered more miles, for more owners, over a longer period, than any other automotive engine built today, regardless of type, size or price!

Chevrolet gives you the BIG-CAR styling of Body by Fisher—exclusive to Chevrolet in the lowest-price range. Chevrolet also brings you the safety of Fisher Unisteel body construction, the Knee-Action Ride and Positive-Action Hydraulic Brakes—a combination of safety factors found only in Chevrolet and higher-priced cars.

You can't match Chevrolet's BIG-CAR COMFORT at lowest cost, either—the outstanding comfort of its Knee-Action Gliding Ride—for this, too, is exclusive to Chevrolet in its price range.

Be wise! Keep your present car in good running condition by bringing it to us for skilled service, now and at regular intervals, until you secure delivery of your new Chevrolet. Come in—today!

Sanderson, Texas

A PAGE FROM C.P.S. CO'S RECORD OF PROGRESS

SINCE V-J DAY, THIS COMPANY HAS:

- EXTENDED ELECTRIC SERVICE TO 8,214 NEW CUSTOMERS
- BUILT 575 MILES OF NEW TRANSMISSION AND DISTRIBUTION LINES
- SPENT OVER \$3,250,000 FOR EXPANSION AND IMPROVEMENTS

We're doing the job—but material shortages still delay us!

Expanding our service to meet today's unprecedented demands requires vast quantities of poles, wire, transformers, motors, insulators and other equipment. Many of these essential materials are still very difficult to obtain. National statistics show that the demand for line materials is by far the greatest ever experienced in the industry, so it is understandable that our biggest task is simply getting the necessary equipment with which to do the work. We're making good progress in our expansion program, but in some localities service improvements and extensions to new customers are still being held up by delayed delivery of materials ordered many months ago. Please rest assured, however, that we are doing everything we can to overcome the bottlenecks as rapidly as possible. In the meantime, your continued patience and understanding will be appreciated.

HARMONY

YESTERDAY

and **TODAY**

Gone is the gaslight, the handlebar moustache, and the free dutch lunch with your stein of beer... but not the good fellowship they promoted.

Pearl

Thirst CHOICE OF THE TASTE-WISE

In our day, as in years gone by, there's real pleasure in a friendly get-together where voices blend in harmonies old and new, and good fellowship turns to enjoy the finer things of life. What better way is there to add zest to the occasion than to serve delicious, sparkling PEARL Beer, part of Texas hospitality since 1886. Both yesterday and today, the call for refreshment is always the same—"Bottle of PEARL, please!"
