SANDERSON, TEXAS, FRIDAY, JANUARY 16, 1947

NUMBER 47

LISTEN TO LUKE

As fortunate last week end serving some of the beautiful nature, and I don't mean unity, either, to be found in the country around Fort Davis and Marfa. We in the sights of interest in the "Scenic Loop" of Fort Davis. The panoramic views to behold on this are much different from ones encountered in the Grand National Park area of Marathon. While the rugged heights of the mountains, and the spacious expanse of limitless open spaces of that part of the country have a grandeur second to none, the Fort Davis country mountains are covered with cedars and live oak trees and much more vegetation.

The 70-mile scenic loop out of Fort Davis includes such sights as the old fort with many historical points of interest around it, the Doan Observatory, Sawtooth Mountain, the Rock Pile, Mc Livermore, Skillman Grove, and numerous old Indian Camp sites. The drive also affords roadside parks with tables, running water, wood and fire pits for cooking. It is indeed an enjoyable trip.

With the many sights in this country to attract tourists and to afford enjoyable outings for local citizens it is a shame that one thinks of travelling hundreds of miles to see much less.

Politics and world affairs seems to be the general talk around town since there is no more football or baseball games to keep up conversation. And, too, most people are doing a lot of talking about income taxes since they are finding out how much the government made off of them during 1947.

This is election year again and with the campaigns starting as they are it looks like we might observe a little more of the dirt and diguinarities that wasn't brought out in the recent Hughes and Gen. Meyers' investigations. Everyone seems to have formed an opinion, and rightly so, that things are in pretty much of a mess. But, as usual, no one can offer a solution. One thing is certain however, we can't say much about the various persons who hold an office if we don't have anything to do with electing them or helping them out. Poll taxes can be paid only during this month and, of course, only those who pay that tax can do anything to say about who goes into what office. It is a duty of every citizen to cast his ballot and a debt to society to say in government. If we didn't have that right we would raise plenty of fuss about it, let's take advantage of it while we can to assure the fact we will always retain it.

State, county, district, state national public servants were elected this year and should be truly representatives of the majority of the people. Be sure and pay your tax.

Nothing along this line is mentioned by Luke this week in his "desk" at the hospital in Antonio.

Listen if you will, to observations I've been making while here in a hospital with veterans of two wars. I've been thinking — bad things thinking. Rotten to the bone. Binding to the bow, nevertheless one with time his hands must do something.

It seems very nebulous, now in retrospect, but it was very pertinent while it was on — like a dream. The masters of the last war had need of a new world that they would bring — a new way of life and hope. The younger generation, it was said, would revolutionize the world.

Had courage and strength of determination. Their elders deferred in their middle-aged gentle stupidity. But the younger would bring about a blazing regeneration.

And now, what have we? We

MOBILE X-RAY UNIT TO BE HERE FEBRUARY 16-17

A state health department mobile X-ray unit will be in Sanderson on February 16th and 17th, to give all Terrell County residents free X-ray examinations for tuberculosis.

At a special meeting of the Terrell County Civic Council in the high school auditorium Tuesday night L. E. Bracy, Jr., of the State Health Department tuberculosis division outlined plans for the two-day visit of the mobile unit.

Tentative location for the X-ray unit is in the vacant building adjacent to the Community Public Service Co. office. The two man crew, assisted by local women registrars, will be on duty both days from 8 until 5 p. m., including the noon hour.

Mr. Bracy emphasized the facts that the X-ray examination is quick, painless, and free to all Terrell County citizens. It will not be necessary to remove any article of clothing for the examination, he added.

The examination will be given to all citizens over the age of 15, except in cases of children under 15 who have history of tuberculosis in their immediate families or who have records of positive patch tests in school. An average of three minutes per person is required for the entire examination.

Publicity will be handled by Dr. J. W. Pate, county health officer, and will consist of pamphlets and posters furnished by the State Health Department and hand bills printed locally in both English and Spanish.

ESCAPED CONVICT CAPTURED HERE FACES TRIAL

Joseph Leslie Hardy appeared in court in Nevada City, California, Friday to have a date set for his trial on a murder charge. Thursday his common-law wife, Lois Hunt Hardy heard herself sentenced to be executed for the "kiss of death" which she gave a California motorist last July. The pair is alleged to have lured an elevator operator, James W. McClaine, 48, to a lonely woods near Truckee while hitch-hiking in McClaine's car west from Bridgeport, Conn., to California. There he was shot through the head while the girl was caressing him.

Hardy was arrested here early in December by Sheriff Jim Nance after he was apprehended in the theft of cash and other items from the burning cafe in the T&N depot. Officers from Nevada County, California, arrived in a few days and returned the prisoner to Nevada City where he had escaped from jail while waiting trial on the murder charge.

have panics, fear and poverty and hopelessness. The brave new world has failed to arrive, just as it failed in the early '20s. Worse, the old one is falling apart.

"There have always been wars and dreams — and afterward there are hospitals full of the dreamers. The young complain incessantly to their elders. No one accepts responsibility for himself. None realizes that revolutions in human affairs do not come with a single war, or a single convulsion, or a single man. But then, we have not grown out of our silly propensity for expecting miracles. The same old abuse of power, the same old greed, the same old intrigues continue."

"Conditions are looking bad in the world again — Marines going to the Mediterranean — arms and ammunition going to Greece — what are we going to expect?"

Luke sends word that he is getting the best of attention and losing the best of his blood in the many tests that he is getting, but is feeling better and sends regards to the readers of the Times.

Containers Out For March of Dimes; Dance January 31

Attractive plastic containers for receiving contributions to the March of Dimes have been distributed locally by W. W. Sudduth who is local chairman of the annual March of Dimes campaign to raise funds to fight infantile paralysis.

The Terrell County Inanile Paralysis Chapter and American Legion are sponsoring a dance January 31 to augment national and local funds. Cuco and his Aces will furnish the music for the dance at the Masonic Hall, commencing at nine o'clock.

Local Boys Enter Steers At Houston Fat Stock Show

Sanderson will be well represented at the 1948 Houston Fat Stock Show and Livestock Exposition which opens January 31 and continues through February 15 at Sam Houston Coliseum when the 16-day program will be packed with outstanding livestock exhibitions, thrills in the rodeo arena, and other colorful educational and entertainment features.

Fat Stock Show officials report that Sanderson exhibitors and entries tabulated thus far include the following: Billy Gene Hill with 3 fat steers and Glynn Lee with 1 fat steer. These are entered in the boys' livestock division.

Ruben C. Ortega To Show Film And Lecture to Parents

Ruben C. Ortega of the Texas Tuberculosis Association in Austin will arrive in Sanderson Saturday on a publicity and educational campaign preceding the coming of the mobile X-ray unit here in February. He is coming on the invitation of Mrs. E. J. Hanson, health chairman of the Sanderson P-TA and Rev. H. Vargas, pastor of the local Mexican Methodist Church.

Monday afternoon there will be a free matinee at the Princess Theatre for all school children, using film brought by Mr. Ortega.

Monday evening at seven-thirty Mr. Ortega will lecture to all Latin-American parents at the Lamar Ward School auditorium.

BASKETBALL SCORE 29-27 FOR EAGLES IN FIRST GAME

The Sanderson Eagles journeyed to Alpine last Thursday for their first competition on the hardwood floor of the season. In a very close game they defeated the Bucks 29-27.

The situation looked bad for the Eagles in the first half of the tilt. They stayed far behind and the half ended with the score of 14-7.

In the second half, the Eagles rallied and the score was tied several times. The game ended with a tied score of 25-25. In the three minutes given the teams to play off the tie the Eagles made the two goals and in a very close game they defeated the Bucks 29-27.

Jack and Frank Harrell, Joe Russell, David Thompson and Jimmie Harris were the start-up five and they were replaced at intervals by Edwin Smith and Robert Joe Dishman. Jimmie Harris was high point man with seven points. Frank and Jack Harrell and Robert Joe Dishman tied with five points each; Russell, three; Smith and Thompson, two each.

The Eagles will meet Valentine on the local courts Friday evening.

Mr. and Mrs. John L. Whistler were Del Rio visitors Tuesday.

DR. W. R. WHITE BAYLOR PREXY

Genial Dr. William R. White, who recently was elected president of 103-year-old Baylor University to succeed Pat Neff, has a record of service to Baptists of the South and of Texas in virtually all positions in that denomination's power to bestow. He will become Baylor's tenth president on February 1.

Now the pastor of the First Baptist Church in Austin, Dr. White is also chairman of the Texas Baptist Executive Board as well as a member of the Baylor Board of Trustees, and formerly was president of Hardin-Simmons University, executive secretary of the Baptist General Convention of Texas, and editorial secretary of the Southern Baptist Sunday School Board at Nashville, Tennessee.

Dr. White will follow two laymen as president of the largest Baptist school in the world — the late Dr. Samuel P. Brooks and Pat M. Neff.

A long-time friend of the late Dr. George P. Truett, Dr. White organized and led the campaign before the last session of the Texas legislature against the return of legalized horse racing in the state. He also has been a leader in the movement for more strict controls on the liquor industry, and has been a life-long ardent dry.

Baylor's new president was born near Brownsboro, in East Texas. He took one year of work at Baylor, then was forced by poor health to complete his work for his bachelor of arts degree at Howard Payne College, Brownwood.

He received his master's and doctor's degree in theology from the Southwestern Baptist Theological Seminary in Ft. Worth. Dr. White also has received honorary doctorates of divinity from Howard Payne and Baylor.

POSTAL RECEIPTS DROP \$225.96 DURING 1947

Postal receipts showed a drop of \$225.96 from the 1946 level of \$9,930.15, according to post office figures this week. The total receipts for 1947 were \$9,703.19. The loss is due, in part, to the return of so many service men and the drop in cost of air mail stamps, which were used so much in writing to service men, from 8 cents to 5 cents.

The volume of business at our local post office is about the same according to post office personnel.

Small Gain In Utility Meters Result Of No Building

The Community Public Service closed the year with a small increase in meter connections. The increase is an indication of the construction of a small number of dwelling units rather than an increase in population as the population can not show any noticeable increase until more units, houses and apartments, are available.

There were 502 electric meters in December of 1947, an increase of 13 over last year. An increase of 16 water meters was noted, 502 being the total for December 1947.

Mr. and Mrs. John Whistler returned Monday from Del Rio where they had visited in the home of their daughter, Mrs. B. E. Edwards.

Work Resumed on Garden Club Project

Work on the project of the Sanderson Garden Club, the remodeling of the house that will be used as a community center, has made considerable progress in recent weeks. The house is on the lot adjoining the community playground.

Partitions in the dwelling were torn out, converting it into one large room with kitchen. It will be made available for club and social meetings of the organizations of the community for a nominal sum, details to be worked out and announced by the Garden Club at a later date. The walls, floor and woodwork of the interior will not be refinished at present. The exterior has received a coat of white paint with the screen frames painted black. A concrete porch and steps have been added. Work has begun on a fence to enclose the yard and the club will start the landscaping this month.

A coat of white paint has also been applied on the fence that encloses the playground. In the early spring, the club plans to have the equipment available in readiness for the children of the community to make use of the pleasure that the playground will afford.

George W. Barnes Appointed District Agent for Ext. 6

George W. Barnes, who has served as animal husbandryman for the A & M College Extension Service for almost 25 years, has been appointed district agent over Extension District 6, comprising 22 counties in the extreme West Texas area. The appointment will become effective February 16, J. D. Witt, Extension Service vice-director and state agent, announces. He replaces George W. Johnson who resigns December 31, and his headquarters will be at Fort Stockton.

Barnes is a graduate of Corpus Christi high school and received his B. S. degree from Texas A & M College in 1911. He served as an instructor in Oklahoma A & M from 1912 to 1914 at which time he became livestock specialist at the University of Arizona. In 1917 he was Land-Cattle Co. located in Seligman, Arizona.

Coming to the Texas Extension Service March 1, 1923, his title read specialist in beef cattle, in which position he served until 1930. From 1930 to 1932 he served on the United States Department of Agriculture Farm Board with headquarters in Washington. Two years later he returned to the Texas Extension Service staff to resume his former position of specialist in beef cattle. In 1934 his title was changed to that of animal husbandryman and he remained in that position until his recent appointment as district agent.

Ernest L. Williams, Former County Agent, TS&GRA Secretary

Ernest L. Williams, of Paint Rock, was named last week by Clayton Puckett, of Fort Stockton, as new secretary for the Texas Sheep and Goat Raisers' Association. He will assume his duties January 26.

A 1933 graduate of Texas A & M College, Williams has been with the ranch loan division of the Bankers Life Company for the past seven months, working in West Texas. He will not move his family to San Angelo until the close of school.

From 1937 to 1941, Mr. Williams was Terrell County Farm Agent, residing in Sanderson. From here he went to Marfa but entered military service six weeks later for four and one-half years, being discharged from the ir Corps with the rank of Lieutenant Colonel.

Mr. and Mrs. Ray Brotherton took their son, Kenneth, to El-dorado Sunday. He has secured employment with an oil company there.

Car Thief Caught After Bad Luck, Sheriff Department's Efficiency, Wednesday P. M.

LOCAL TALENT TO BE STAGED FEBRUARY 6

The Lions Club show, "Yesterday and Tomorrow", which was postponed until after the first of the year, has been announced as going on stage for public approval February at the high school auditorium. The postponement was due to the many activities which had been scheduled for the holiday season.

There have been some new attractions added to the show and, with the time for plans that they have had, this promises to be one of the best displays of local talent that Sanderson citizens have had the chance to witness.

The Lions Club is sponsoring the show for the benefit of the Eagle Band uniforms which were purchased recently and the entire proceeds will go to that fund.

Ticket sales will begin next week by the band members and Spears Drug store will be headquarters for the ticket sales.

ALBERT WEIGAND NEW FIRE CHIEF

The members of the Sanderson Volunteer Fire Department met at the fire house last Thursday evening with Ray Turner, chief, presiding. New officers were elected to include Albert Weigand, chief; Jimmy Caroline, secretary and treasurer; Marion Batson, assistant chief and Jolly Harkins, fire marshal.

The retiring officers were Ray Turner, chief; W. W. Sudduth, assistant chief; Jimmy Caroline, secretary and treasurer and J. L. Newton, fire marshal.

Weigand, the new chief, urged the attendance of all members at the regular meetings held on the first and third Thursday nights of each month.

News from Dryden

Editor's Note: After finding that she did not have the spare time to serve as our correspondent from Dryden, Alida Faye Baker asked to be relieved of her duties. Miss Barbara Jean Clark, a student in the Sanderson High School has consented to be our correspondent. Your continued assistance to the Miss Clark in getting the news for the Dryden column will be appreciated by all of us.

Mrs. Wade Harrell, who has seriously ill for several days is improving.

Mrs. John Williams has been but is able to be up again.

Mrs. Robert Pavlica, wife of the signal maintainer at Dryden, is ill in Sanderson at the home of Mrs. Vollen Ross.

Lee Russell was married in San Angelo at the Sacred Heart Church last Saturday. The bride was June Hudson, of that city.

Highway men from Alpine, Del Rio and Fort Stockton, Alfred Cook, of Dryden, and Albert Cook, of Dryden, and Alberta Escamilla, of Sanderson, took an advanced first aid course last week in Sanderson.

Master Sergeant Geers spent last week end with his family in Dryden.

Mr. and Mrs. C. J. Smith visited in Alpine Monday.

Mr. and Mrs. Eddy Rutledge

Robert Lacy, about 25, of California, was apprehended Wednesday afternoon after he had stolen the pick-up belonging to Carlton White. Lacy took the truck from the depot, where Mr. White is employed by the T&N, and drove west. At 5-mile hill the truck ran out of gas and passing motorists were asked to M. I. Robertson took gas out to send gas out to the stalled car. The man and after coming back reported to the sheriff's department that the truck looked familiar and Lacy's actions led him to suspect something was amiss.

After the truck had been gassed Lacy proceeded on west and got to Sanderson Canyon, about 3 miles beyond 5-mile hill, where the car stalled again and getaway seemed futile. Mr. White had drained the water from the radiator the night before and the motor became heated and the pistons stuck.

Lacy pushed the pick-up off in the canyon and started west on foot. He had gone about 2 miles when he was overtaken by Jim Nance, Terrell County Sheriff, and returned to jail. He is being held in the local jail and will be charged with auto-mobile theft, said Mr. Nance.

The arrest was made approximately one and one-half hours after the pick-up had been taken from the depot.

Orin Fender was bent slightly when the car was pushed into the canyon and the only other damage is to the motor due to overheating.

WAR MOTHERS TO MEET THURSDAY AT COURTHOUSE

The American War Mothers will meet at the courthouse Thursday evening, January 15, at 7:30. All members are urged to be present.

Mrs. Ida Bodkin has returned from Ft. Worth where she spent the holidays in the home of her daughter, Mrs. T. E. Bryan. She also visited friends in Galveston and Houston before returning home.

and children have moved to the Roy Barksdale ranch to make their home.

Mrs. George Geaslin is visiting Mrs. C. J. Smith and George Geaslin was in Dryden on business Tuesday.

Mrs. Roy Harrell and Mrs. W. H. Nessmith visited in the home of Mrs. Harrell's son Wade Harrell, Tuesday.

Cpl. James S. Merritt, after being confined to the hospital for ten days, spent Monday and Tuesday with his mother.

John Watts visited in Del Rio several days the past week with his mother, Mrs. James Waller.

The Purple Sage Courts is closed temporarily since the managers Mr. and Mrs. Clem McDaniels left for Fort Davis to make their home.

LOCAL RELATIVES ATTEND FAMILY REUNION SUNDAY

Last Sunday the Leatherwood family held a reunion at the country home of Mr. and Mrs. Winifred Cook, of Kitcherbocker. Relatives attending from Sanderson included Mr. and Mrs. J. W. Leatherwood and John Dee. Mr. and Mrs. James Word and sons, Jimmie and Al; Mr. and Mrs. Eddie Leatherwood. A picnic style lunch was served at noon.

Mr. and Mrs. Joe Kerr, Jr., and son, Joe Neal, left Monday for Corpus Christi to visit for several days.

SUBSCRIPTION PRICES (TO BE PAID IN ADVANCE) One Year \$2.00 Six Months \$1.25

LIVING COSTS UP \$450 PER YEAR AVERAGE FAMILY

People of this area and elsewhere are still flinching at the mounting costs of keeping body and soul together and paying for some of the pleasures that go with living.

The Bureau of Labor statistics told Congress this week it costs an average family of four in 34 major cities about \$450 more a year to maintain a "modest" standard of living now than it did 22 months ago. Almost a third of this goes for food.

The annual budget for such a family ranged from \$3,004 in New Orleans to \$3,453 in Washington, D. C., as of last June, the bureau said, and since the consumer prices have been lifted another 4.3 per cent since then it makes it even higher.

Ewan Clague, commissioner of labor statistics said the average family for the purposes of his report is an employed father, a house wife and two school children under the age of 15.

The report said the cost of food, largest single item in the budget, ranged from \$1,000 a year last June in Cincinnati, to a little under \$1,100 in New York and Seattle, averaging about \$20 a week.

This compared with March, 1946, figures of \$850 in New York and \$854 in Seattle and \$792 in Cincinnati, or around \$15 a week.

The 33 1-3 per cent increase in food costs was the greatest for any budget item except for local taxes, which increased sharply everywhere—in some cities as much as 100 per cent.

Mr. and Mrs. G. T. Garlington and daughters, Sue and Janie, and John Gilbreath, all of Oakland, California, left Wednesday afternoon for Colorado City after a brief visit with Mrs. L. H. Gilbreath and J. A. Gilbreath. Mrs. Garlington and Mr. Gilbreath are sister and brother of L. H. Gilbreath.

Office Supplies at the Times

Geo. E. Peddy Candidate For U. S. Senator

George E. B. Peddy, of Houston, Saturday formally announced his candidacy for the United States Senate. He was the second to announce for the post now held by former governor W. Lee O'Daniel. Former Governor Coke Stevenson was the first to announce.

Peddy declared world peace as the most vital issue affecting the future of every Texan and American. He is veteran of both World Wars and served overseas for three years.

Peddy will be making his second race for the U. S. Senate. In 1922 he spearheaded a write-in anti Ku Klux Klan campaign polling 140,000 votes against the Democratic nominee.

"I oppose the Klan in principle," Peddy said. "Many of my dearest friends and some of the best people in Texas opposed me. I make no apology for that fight. Should the issue arise again, my position would be the same."

Peddy will make the race based on a six-point program as follows:

1. World Peace.
2. Universal Military Training.
3. Halting inflation.
4. Reducing of government spending.
5. Clearing the state's rights to the tidelands.
6. Proper care of the disabled veterans and adequate housing for veterans and others.

GUINN WILLIAMS FUNERAL IN DECATUR SUNDAY

Funeral services were conducted in Decatur Sunday afternoon for Guinn Williams, 76, who died in a San Angelo hospital Friday after being critically ill for several months. A Masonic service at the graveside following services at the First Methodist Church of Decatur with interment in that city.

Declining health which prompted his voluntary retirement from Congress in 1932 after serving as representative from the Wichita Falls district for 13 years, forced his withdrawal from business activity in recent years.

He was a past grand master of the Masonic Order of Texas and former commander in chief of the Texas Sons of Confederate Veterans.

Williams was former president

Next Door to Community
Public Service Co.

of several banks, an official of the State Bankers' Association, president of the Texas Sheep and Goat Raisers' Association, and the Texas Wool and Mohair Company.

In late 1932, he went to San Angelo where he was later appointed president of the Texas Production Credit Corporation.

Mr. and Mrs. Williams celebrated their golden wedding anniversary in 1943.

Besides the widow, survivors

include a son, Guinn, Jr., a movie star, of Hollywood; three daughters, Mrs. Ted Harris, of Wichita Falls and Mesdames Lucille Andrews and Raymond Ware, of Washington, D. C.

S. J. Coffey was unable to open his barber shop Wednesday and Thursday on account of illness.

Mr. and Mrs. Al Beal returned to Sanderson after a three-week

trip to the coast. They are the owners of Al's Doghouse. Mr. Beal is improved in health but will go to Del Rio Thursday for an indefinite stay to receive medical treatment.

Take time to save time

Have you ever mapped—with pins and thread, or with pencil on paper—the daily "chore route" of your farm or ranch? Have you figured how much back-tracking you do, how many unnecessary extra steps you walk in a day? Have you taken time to save time, and steps, and labor?

A number of agricultural colleges and experiment stations have made practical work studies on farms and ranches, with some astounding results. For example, one dairy farmer (who thought himself pretty efficient) adopted improved machine milking techniques, rearranged his barn to save steps and time in feeding and watering. He saved himself two miles of walking per day, cut his daily chore time by two hours and five minutes. That's 730 miles of walking and 760 hours of work in a year. In making the changes, he spent less than \$50.

Indiana tells of farmers who, by planning their work, are raising hogs with one quarter their former hours of labor... There's a report of men making hay in 90 man-minutes per ton; while others using similar equipment—but older, harder ways of working—spend twice that time... There are scores of other examples.

Perhaps you cannot make such great savings in your operations. Maybe you can make more. It's certainly worth looking into, for even little savings are important. Five steps saved a day makes a mile in a year. Five minutes a day gives you three extra days a year.

There's no master plan to fit every farm and ranch, because no two are exactly the same. You have to work out your own plan of improvement. But the time it takes may well be the most profitable time you've ever spent.

A four-step scheme is suggested. First, consider each job or chore separately. Break it down into its parts. Check each part with a watch or tape measure and see if steps or time can be saved. Second, compare your work methods with those of your neighbors. Third, examine and check the details of your work methods. Fourth, develop and apply the new method. In a nutshell, "Plan your work and work your plan."

Time studies and job analysis have helped Swift & Company increase efficiency and make important savings. That's why we so confidently suggest similar studies in your operations. One excellent bulletin on the subject is Number 307, published by Purdue University, Lafayette, Indiana. It's interesting reading and well worth writing for. Your county agent or state agricultural college can tell of other bulletins on the same subject.

The American Way

In the livestock-meat industry, as in all American business, profit provides the basic incentive for work, enterprise and action. Profit makes the mare go for livestock producers, meat packers and retailers. Too little profit by one section creates an imbalance in the industry. If one part of the livestock-meat industry suffers continued loss, all of us are hurt in the long run.

However, a margin of profit fair to one section of the livestock-meat industry might be quite unfair to another. For instance, we at Swift & Company know perfectly well that both livestock producers and retailers require a higher margin of profit, because of their relatively small volume. On the other hand, nationwide meat packers must build up a tremendous volume of sales to make up for a very small margin of profit per unit—a margin that has been consistently lower than that earned by any other manufacturing industry in America.

Over a period of years, Swift & Company has earned, on the average, less than two cents on each dollar of sales (a fraction of a cent per pound of product handled). Over the same period, the average amount returned to producers for agricultural raw materials, including livestock, wool and hides, has been 75 cents out of each dollar we received. This is not a profit. Out of this 75 cents producers must pay the cost of production.

Whether livestock prices are high or low or whether meat is high-priced or inexpensive—Swift & Company can earn a reasonable profit only by adding together many tiny savings on a large volume of business.

Joe Stewart
Vice-President, Swift & Company

Martha Logan's Recipe for HAM LOAF

- | | |
|-------------------------------|--------------------------|
| 1/2 pound ground ham | 1/4 teaspoon pepper |
| 1 1/2 pound ground fresh pork | 1 cup milk |
| 2 eggs | 1/2 cup brown sugar |
| 1 cup dry bread crumbs | 1 tablespoon dry mustard |
| 1 teaspoon salt | 2 tablespoons vinegar |
- Beat eggs. Combine meats, eggs, crumbs, salt, pepper, and milk. Mix thoroughly. Form into loaf in 8 1/2 x 4 1/2 x 2 1/2 inch loaf pan. Combine sugar, mustard, and vinegar. Spread over meat. Bake in a moderate oven (350° F.) 1 hour, or until meat has reached an internal temperature of 185° F. (Yield: One 8 1/2 x 4 1/2 x 2 1/2 inch loaf)

OUR CITY COUSIN

City Cousin cannot see Why "you" is spelled E-W-E... Neither can we!

Farmer's Choice—When I was in high school, I spent a summer vacation on my grandfather's farm in Indiana. From my city-bred standpoint, his seemed a particularly dull and unrewarding life. Rising before dawn and working till after dusk, with little or no opportunity for urban pleasures, he was an object of pity to my adolescent eye. Why didn't he sell his farm and move to town? How did he ever get into this rut in the first place? "Grandpa," I asked one evening at milking time, "Why did you become a farmer, anyway?"

Controlling Roundworm in Sheep

By Walter Armer, University of Arizona

The control of roundworm on sheep ranches has been successfully tested by Dr. W. J. Pastor, University of Arizona Animal Pathologist. It consists of feeding a mixture of 1 part phenothiazine with 9 parts of ordinary granular salt. Roundworm, a serious plague, especially to sheep grazed on irrigated pastures, can be checked by phenothiazine and salt. Of course, it is not a cure-all. Badly infected sheep may still have to be drenched. But feeding the mixture throughout the pasture period will prevent the worm population from reaching the dangerous level in the majority of cases.

Phenothiazine, alone, is but one of a number of drugs known to aid in controlling roundworm in livestock. But during World War II, animal husbandmen discovered its effectiveness was greatly heightened when used with salt and fed throughout the pasture season.

Experiments begun in 1943 with sheep grazing on irrigated pastures in Arizona proved the remarkable value of the new mixture. It resulted in cutting down loss of sheep and in marketing lambs in better condition. Today a high percentage of sheep on Arizona farm lands receive the 1-9 phenothiazine and salt mixture.

This new treatment is economical as well as effective. It practically eliminates the necessity of drenching each animal individually to control roundworms—a costly and possibly dangerous practice.

Track Down the Facts

A great family "man" is Fiber Zibethicus, better known to American farmers as the muskrat. He raises his many offspring in marshes, and about streams, lakes and ponds. Muskrat tracks are easily recognized by the drag of his knife-like tail, which shows up well in soft mud.

The muskrat-trapper works hard to make a living out of muskrat skins, and generally his efforts are rewarded. But there is one fact about his business that he tracked down long ago. He knows the price he can get for muskrat skins depends on the popular demand for finished pelts.

In the business of processing livestock into meat for people's use, we at Swift & Company have to keep track of the demand for meat everywhere in the nation. We must know, too, the weights and grades of cuts preferred by housewives. Experience has taught us that the price the producers receive for their livestock is governed by what the meat packers can get for the meat and by-products.

From where I sit... by Joe Marsh

Ty's Cow Goes to College

When Ty Martin went to college under the G.I. Bill of Rights, he took one of his Dad's Holsteins and enrolled it in the college herd.

Nobody thought it was odd for Ty to bring a cow to college, because that's what a lot of the boys are doing—not only cows, but chickens, sows, and ewes... for the student-operated farm.

That way the boys pay part of their expenses. They share in both the products and the profits; allocate the work; make their own schedules and rules. They're learn-

ing not only how to be good farmers but good citizens to boot. And they're learning industry and moderation—next to milk it seems to me that their favorite beverage is wholesome, temperate beer.

From where I sit, the more education is linked with practical problems of working and getting on together—and practical habits of industry and temperance—the closer we are to its true purpose.

Joe Marsh

NUTRITION IS OUR BUSINESS—AND YOURS
Right eating adds life to your years—and years to your life

Mrs. S. A. Berkley was hostess for the meeting of the Presbyterian Women's Auxiliary at her home on Friday afternoon. Plans were made for the presentation of the mission study book at an evening meeting Wednesday, January 28, at the home of Mrs. Jessup.

Earl Pierson, president, presented Mesdames John Byrd, McKee and E. E. Farley to the nominating committee to present a slate of officers for the next meeting. Ernest Jessup, program chairman, gave a very interesting report from the "Survey" on Missionaries Go About the Business of Evangelism. The program subject was "How Do I Reach People?"

The hostess served delicious refreshments to Mesdames Lee, R. S. Wilkinson, Harold Angler, John Byrd, J. H. Pierson, E. F. Pierson, Joe Nielsen, C. C. Mitchell, J. W. McMillan, M. Mitchell, E. J. Haney, Rowlett, E. T. Jessup, E. W. H. Savage.

January 1 marked the beginning of the sixty-third year of service for the Santa Anna News. The present owner has owned the paper since 1921.

1,048,865 pounds of tomatoes passed through the port of Laredo from Mexico during December.

**FRIDAY CLUB
MEETS WITH
MRS. J. D. MAY**

Mrs. J. D. May was hostess for the meeting of the Friday Bridge Club at her home last week. High score was held by Mrs. H. A. Finger, who also won the travelling prize; second high by Mrs. H. E. Fletcher, low score, Mrs. J. T. Dyer.

The hostess served a salad plate with coffee to Mesdames P. P. Courtney, Harvey Krauss, S. H. Underwood, James Kerr, H. A. Finger, J. T. Dyer, M. H. Goode, Jr., C. I. White, Mary Lou Kellar, H. E. Fletcher, Jimmy Caroline and Hugh Rose.

**Fourth Grade Pupils
Present Program At
P-TA Meet Thursday**

The Sanderson Parent-Teacher Association met in the high school auditorium Thursday afternoon with the president, Mrs. Sid Harkins, presiding. Mrs. Tommie Moore was leader of the program and led the group in the P-TA prayer.

Mrs. Jack Hayre, teacher of the Fourth Grade, presented her pupils in a special program consisting of a playlet and two groups of poems, one by the boys and the other by the girls. The group also sang "Winter Wonderland."

Plans were made for a P-TA book shelf in the high school building.

Members who are working on the Procedure Course were urged to complete their work by February 15.

Mrs. C. G. Bradford and Miss Betty Ann Peavy discussed "Budgeting Human Values." The room count showed the fourth grade to be winner of the attendance prize.

Mr. and Mrs. P. T. Price and daughter, Mary Dee, and R. N. Price, of Italy, and Mr. and Mrs. H. D. Price, of Fort Stockton, spent the week end in the homes of Mr. and Mrs. O. T. Sudduth and Mr. and Mrs. Major C. Dye.

Mrs. Polly Cude went to San Angelo Monday and returned Tuesday bringing her mother home with her for a visit.

**B of R T Honors
Families With
Banquet Friday**

The members of Del Rio Lodge No. 576 of B. of R. T. were hosts to their families and a few friends last Friday evening when they entertained with a banquet at the Masonic Hall.

The U-shaped table was covered with a pale green cloth. Bouquets of red roses and decorations were used for decorations. A delicious turkey dinner with all the trimmings was served to 152 guests, besides the children.

Marvin Kelley was master of ceremonies. After introductions and a few brief speeches, the group was entertained with songs by the singing club boys, Harvey Rogers.

Dancing was enjoyed until a late hour with music furnished by the Merry Macs.

The B. of R. T. plan to make the get-together an annual affair.

Mrs. J. A. Gilbreath and Milinda are visiting relatives and friends in Wichita Falls. They left last Thursday and will be gone for two weeks.

Russell Dyer is able to be out this week after a week's illness.

Mr. and Mrs. Earl Pierson attended the funeral of W. A. Daugherty in Alpine last Friday.

Guests in the home of Mr. and Mrs. Clyde Higgins include her sister, Mrs. Will Filly, of Bowie, Texas, another sister, Mrs. Dick Winzer, with Mr. Winzer, of Augusta, Kansas, and her brother, L. W. Carter, and Mrs. Carter, of Spofford, Texas.

Mrs. Clyde Higgins and daughter, Mary Jane, attended the funeral of her brother-in-law, W. A. Daugherty, in Alpine, last week.

Mr. and Mrs. Martin Walker, of Bozeman, Montana, accompanied by their son, Ed left for California Thursday after visiting on the E. W. Hardgrave ranch for several days. This was their first visit to Texas. Ed Walker and the Hardgrave's son, John, were "buddies" in France during their army service.

**RUSSELL-HUDSON
VOWS READ IN
SAN ANGELO SAT.**

Miss June Marjorie Hudson became the bride of Lee Waring Russell in services performed at the rectory of the Sacred Heart Church in San Angelo Saturday evening at six o'clock. Rev. Fr. John J. Meister, pastor, officiated. Following a two week's wedding trip to New Orleans, the couple will be at home in Dryden where Mr. Russell is in the ranching business.

Mrs. Russell is the daughter of Mr. and Mrs. Conanie C. Hudson, of San Angelo. She attended San Angelo College and T. C. U., Fort Worth, after graduating from the San Angelo High School. Mr. Russell is a son of Mr. and Mrs. J. J. Russell, of Dryden. He graduated from San Angelo High School and attended A&M College for three and one-half years. He served almost four years in the army during the late war, stationed in the ETO.

The young couple was attended by Mrs. Buddy Powell, of Dryden, sister of the bridegroom and Buddy Hudson, brother of the bride.

Lawyer, reading client's last will and testament to circle of expectant relatives: "And so, being of sound mind, I spent every damn cent I had before I died." —Bill King in This Week Magazine.

**On a heavy-duty job,
give me new Advance-Design
CHEVROLET TRUCKS
and here's a "load" of reasons why...**

- Only Advance-Design Trucks Have All These New and Finer Features:**
- ★ Cab that "breathes"
 - ★ Flexi-Mounted cab
 - ★ Uniweid, all-steel construction
 - ★ Larger, more durable, fully adjustable seat
 - ★ 22% greater visibility
 - ★ New, rear-corner windows
 - ★ Stronger, new frames
 - ★ Full-floating hypoid rear axles
 - ★ Specially designed hydraulic truck brakes
 - ★ Valve-in-Head Thrift-Master or Load-Master engines
 - ★ More efficient loading (stake and high-rack bodies)
 - ★ New, thorough sealing insulation
 - ★ Standard cab-to-axle-length dimensions permitting interchange of bodies
 - ★ ... and MANY more!

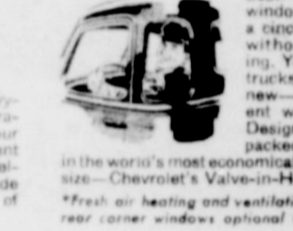

Brother, how these stronger, new frames stand up! Wheel-bases are longer, too, for better load distribution. And the brakes are exclusively designed for greater brake-riding contact!

There's nothing like the cab that "breathes" for comfort! Fresh air is drawn in from the outside—heated in cold weather—and used air is forced out. The cab is cushioned on rubber—Flexi-Mounted—with 12 inches more foot room and eight inches more seating space. There's 22% greater visibility, too, they tell me. The seat is fully adjustable. Man, this is it!

CHEVROLET

Look—rear-corner windows! Now it's a cinch to back up without jackknifing. Yes, sir, these trucks are brand new—really different with Advance-Design. And they're packed with power—Chevrolet's Valve-in-Head engine. *Fresh air heating and ventilating system and rear corner windows optional at extra cost.

Come in and see these trucks—today! There's a Chevrolet Advance-Design truck to meet your specific needs and offer you TRANSPORTATION UNLIMITED!

Twelve Pennies

What will they buy today?

THEY WON'T BUY...

- A quart of milk or
- An ice cream soda or
- A package of cigarettes or
- A loaf of bread

THEY WILL BUY...

- 24 hours of electric service for the average family served by this company. (The average for 1947 was actually 11.6 cents.)

Although the average family served by this company is using 32% more electricity than in 1941, the average bill for home electric service has increased only slightly during the same period—from 11 cents to 11.6 cents per day.

Electricity remains cheap because so far rising production costs have been absorbed by increased use and careful business management. Your electric service today is more than ever your biggest bargain.

Em!

THEY'RE here—the great new Ford Bonus Built Trucks for '48... greatest truck line ever! And they're new all through. Three new engines—a 6 and two V-8's—with up to 145 horsepower! New Million Dollar cab with living room comfort! Models? Over 115... five new series... two new Big Jobs—the biggest Ford Trucks ever!

And every one of these great new Ford Trucks for '48 is Bonus Built—with extra strength in every vital part. This extra strength provides WORK RESERVES that pay off for you in two important money-saving ways!

FIRST: These WORK RESERVES give Ford Trucks a greater range of use by permitting them to handle loads beyond normal duty. Ford Trucks are not limited to doing one single, specific job.

SECOND: These Bonus Built WORK RESERVES permit Ford Trucks to do their jobs "relaxed," with less strain, less wear. Thus, Ford Trucks last longer because they work easier!

Come in today—see the only trucks that are Bonus Built. No wonder there are more Ford Trucks in use today than any other make!

*Wobler says Bonus means "Something gives in addition to what is usual or strictly due."

New power for your BUICK!

Today's Power, Today's Performance, Today's Zip - for Buicks up to Ten Years Old!

Maybe this sounds too good to be true. But it's a fact! Even if your Buick dates back as far as 1937, you can have a hoodful of factory-fresh Fireball power—a sleek new power plant that's the same as the engines going into the latest Buick cars.

Everything about it is brand-new. A new carburetor and air cleaner help make every drop of fuel give up all its power. A new distributor, complete with vacuum and centrifugal advance, puts new snap in your get-away and new pep in all driving. A whole new wiring harness prevents electrical loss. And tucked in the flywheel housing is a new smoothie of a clutch that'll make driving more fun than ever.

Yes, it's all new, with the latest Buick engine features you read about—like precision cylinder boring, Oil-Miser rings, Stratoflow cooling and so on.

You can get a new engine like this because engine production is not held back by the shortage of sheet steel which limits complete-car production.

So we're able to put one of these honeys into your car and make it young again—give it new power and performance that will get you set for thousands and thousands more carefree miles.

How much does it cost? Not nearly what you'd expect—often less than a comprehensive overhaul. And it's a mighty good investment because it makes your car worth so much more when it comes time to turn it in.

Nice proposition, isn't it? Surely worth talking over. Won't you come in and let us give you all the details?
