

# THE SANDERSON TIMES

SANDERSON, TEXAS, FRIDAY, SEPTEMBER 17, 1948

NUMBER 30

## ACTIVITY SHOWN IN OIL AND GAS LEASE TRADING

Recent activity in leasing has shown an increased interest in oil development in Terrell County, according to records of the county clerk. Recent leases filed for record are:

Mrs. Mary E. Mitchell to C. R. Mollison 643.7 acres.

Wesley White et al. to W. M. Lyle and W. M. Lyle to Hal C. Peck and Peck to Sid W. Richardson, et al. 3,735.63 acres.

Andy White, et ux, to W. M. Lyle, Lyle to Hal C. Peck, Peck to Sid W. Richardson, et al., 1,162.3 acres.

M. H. Goode, et al. to J. Ralph Stewart, Stewart to Hal C. Peck, Peck to S. W. Richardson, et al. 11,715.5 acres.

John W. Hampton to J. J. Perkins, 31,972 acres in Crockett, Val Verde and Terrell Counties. J. Ralph Stewart to Hal C. Peck, 2,510.6 acres.

## FUNERAL SERVICES FOR MARGARET NEWTON THURSDAY

Funeral services were conducted at the Baptist Church Thursday morning at 10 o'clock by Rev. Clifford Spencer, pastor, for Margaret Newton, who died in a San Antonio hospital Tuesday morning. O. T. Sudduth and Company were in charge of arrangements and interment was made in Cedar Grove Cemetery.

Special music was provided by Mrs. Spencer, who sang "Sunrise," and the members of the Junior class who served as the choir for the services.

Pall bearers were boys of the Senior class: Bobby Cooke, Jimmie Harris, Walter Paul, Billy Gene Hill, Frank Harrell and Jack Harrell.

Margaret, the daughter of Mr. and Mrs. John L. Newton, was born September 3, 1932, and has resided here all of her life. She was a Junior in the Sanderson High School.

She became ill Sunday and when her condition was regarded as serious Monday morning, she was taken to San Antonio in an O. T. Sudduth and Co. ambulance accompanied by her father and mother, her brother, Melvin, and Rev. Spencer. She was given several blood transfusions and her death came as a shock to friends here.

Rev. Spencer accompanied the body by train to Sanderson Tuesday night.

Besides her parents, she is survived by a brother, Melvin and her paternal grandmother, Mrs. Mattie E. Newton of Valentine.

Out of town relatives here for the funeral included Mr. and Mrs. George Garner and daughter, Norene, of Austin, Malcolm Newton, Mrs. Edgar Newton, Mr. and Mrs. Vic Newton of Valentine; Mr. and Mrs. W. W. Newton of Fort Stockton, Mr. and Mrs. Hays Cavender and children of Uvalde.

## LIONS CLUB TO SPONSOR BINGO SATURDAY NIGHT

The Sanderson Lions Club will sponsor a Bingo game Saturday night at the local softball field starting at eight o'clock. This is to be a weekly feature of the local organization as long as there is a desire on the part of the players.

Coffee, cold drinks and sandwiches will be sold and speedy and exciting Bingo will be the feature. The public is cordially invited.

ATTEND SCOUT MEET IN PECOS SUNDAY

The area meeting of the Permian Basin Girl Scout Council was held in Pecos Sunday afternoon. Mrs. H. A. Finger, and Mrs. Sam Bell, council members, and Mrs. Vic Littleton and Mrs. J. A. Gilbreath, Scout leaders, were among those attending.

W. H. Goldwire took a load of steers to San Antonio Monday.

## Longest Ballot In State's History Forseen For General Election in November This Year

AUSTIN, September 18—Texas voters will face their longest single ballot of proposed constitutional amendments in 14 years in the November 2 general election.

With the summer Democratic primary past, the people now face the task of passing on eight proposed changes to the state constitution submitted by the 50th Legislature last year.

That is in addition to voting on a yard-long list of nominees ranging from President to constable.

The 50th Legislature actually submitted nine amendments, but one, the college building amendment, was approved by a close vote on August 23, 1947, in a special election.

However, that amendment is still tied up in a court fight.

Of the eight proposed constitutional changes, the only one likely to raise a fuss is the plan to set up a five-man redistricting board to reapportion the state's legislative districts if the legislature fails to do so after a regular federal census each 10 years.

That amendment grew out of a fight in the 50th Legislature over redistricting. Though the Legislature is supposed to reapportion its districts according to population every 10 years, it has not done so since 1920.

The eight proposed amendments will constitute the longest ticket since the November, 1934, election, when there were also eight proposed amendments submitted to popular vote.

They make a total of 179 proposed changes to the state constitution since the state's basic law was created in 1876.

And, if all of the amendments were approved by the people it

## JUVENILE BOARD AUTHORIZED BY COMMISSIONERS

County Commissioners, in regular session Monday, authorized the payment of salaries of \$100 per year for members of a newly formed County Juvenile Board. The board is composed of the District Judge and County Judge and their duties are to serve in juvenile matters that may or may not necessitate court action.

This step was taken in compliance with a recent ruling of the State Supreme Court on a test case from Burnet County. It is thought that while Terrell County had a minimum number of juvenile cases in the past, the board may serve to benefit juveniles brought before it without the cases having to come to the court.

Routine business was taken care of by the commissioners to end the regular session.

## TEX STIRMAN TO BE BURIED IN ALPINE

The body of Sgt. Elton Harris (Tex) Stirman will arrive in Alpine for re-burial Saturday morning from New York. Funeral services will be held at the First Baptist Church in Alpine Sunday afternoon at two o'clock with interment in that city.

Young Stirman enlisted in the army at Sanderson during the late war and was killed in action overseas four years ago in the European Theater of Operations.

He was the son of Mrs. A. B. Stirman and the late Mr. Stirman, long-time residents of Sanderson. Mrs. Stirman now resides in Alpine. Other survivors include a brother, Astelle and a sister, Mrs. Rena Keys, also of Alpine. Bud Stirman of Sanderson is a cousin.

## SELLS 1,000 EWES

Fred Barrett of Marathon sold 1,000 head of solid mouth ewes this week to Sam Bell of Sanderson. The deal was made through Houston Stokes, local commission man. Delivery will be made on the 25th of this month, Stokes said.

Mr. and Mrs. H. K. Rogers of San Antonio left for their home Wednesday after visiting for several days with Mr. and Mrs. Roger Rose.

would mean that 103 changes actually had been written into the constitution since it was formulated 72 years ago.

However, the people usually reject as least one of the proposed changes, and they may do the same thing again.

The proposed amendments submitted by the 50th Legislature are just about the average for the last 26-year period.

The legislature in 1945 submitted eight. However, four each were voted on in two separate years.

The highest number of amendments put to the test in recent years was in 1935, when the lawmakers wrote 13. But seven of them were voted on in August, 1935, and six in November, 1936.

To find as many as eight constitutional amendments on one ballot, it's necessary to go back to 1934, when eight of the 12 proposed changes submitted by the legislature in 1933 were voted on.

The places that the eight proposed changes will have on the general election ballot were determined by a drawing by Secretary of State Paul Brown on August 19.

## News from Dryden

Barbara Jean Clark

Mrs. Raymond Farley was taken to El Paso Wednesday for a medical examination. She returned Saturday but is not improving satisfactorily.

Robert Pavica returned Tuesday from Flatonia where he had been visiting his wife.

There was a Latin-American dance at the Dryden airport Saturday night with music furnished by Techo Romas' orchestra from Del Rio.

Mrs. John Netherland and daughter and son, Evelyn and Melvin, went to Del Rio Friday where Mrs. Netherland had dental work done.

Mr. and Mrs. Jim Condra took their son, Jimmy, to San Angelo for medical treatment. He had surgery Wednesday and is expected to return home within a week.

Mrs. Marvin VanCleave was honored with a pink and blue shower Friday evening at the home of Mrs. Rufus Ross with

Church services will be held on Wednesday nights at 7:30 instead of the regular Friday night services.

## Registration For Selective Service To End Saturday

Registrations for Selective Service in Terrell County totaled 163 Wednesday night. Two more days remain for the registration of 19 and 18-year-olds and indications are that group will swell the total for the ten-day period.

Frank Weigand, who is in charge of the local registration, reported that very few men above the twenty-year-old class are eligible for service with most of the eligibles being found in the 18 and 19-year-old groups.

Registration in the four-county area, for which Alpine is headquarters has totaled well over one thousand.

Men born on or after September 19, 1930, will register on the day they are 18 years old or five days thereafter. This means that men will register with their local postmasters as they become eligible for the draft.

## MARTINS ATTEND FUNERAL IN DEL RIO

Mr. and Mrs. Jimmie Martin attended funeral services for Mrs. Virginia Fair Durham in Del Rio last Friday. Mrs. Durham was a great-aunt of Mr. Martin.

Mrs. Durham died in Los Angeles Sunday after a short illness.

## ROTARY BARBECUE TO BE SEPTEMBER 22

The barbecue planned by the Rotary Club for Wednesday evening, to honor the teachers of the local schools, was postponed to Wednesday, September 22.

## AUTO REPAIR SHOP TO MOVE TO NEW QUARTERS SOON

W. H. Nessmith, owner of the Automotive Super-Service garage, has announced that he will be in new quarters the later part of next week. Mr. Nessmith purchased the building formerly occupied by the Alamo Lumber Company from R. M. Crosby of Del Rio and has been rebuilding the walls with hollow tile and doing extensive repairs.

A channel drain has been installed between his building and the O. T. Sudduth & Co. building on the west. The roof has undergone repairs and Mr. Nessmith says the entire building has been gone over to completely change the floor space arrangement.

The front of the building will be rearranged and gasoline pumps installed in a drive-in filling station. Rotary grease lift will be installed and alemit grease equipment will be used, Nessmith said.

At some later date the shop will install complete body equipment but at the present will do general auto repairing.

Mrs. Bob Walsh as assistant hostess.

Mr. and Mrs. Fogger Dunagan and children made a quick trip to Carlsbad, N. M. Saturday and returned Saturday night.

Mr. and Mrs. Buddy Powell had their infant son in a hospital in San Angelo last week. He is reported to be doing fine at the present.

Dick Hamilton returned Monday from Lubbock where he had been assigned for extra duty.

Mrs. J. M. Bassett and daughter, Mrs. W. W. Newton, and two sons, were here for a short visit the past week.

Mrs. Chester Smith of Sanderson, who formerly lived here, visited with friends Friday evening.

Church services will be held on Wednesday nights at 7:30 instead of the regular Friday night services.

## ASSAULT CHARGED IN GRAND JURY INDICTMENT

A true bill of indictment was returned by the grand jury here Monday when a Latin-American was charged with assault with intent to murder. Another case being investigated by the body was turned back to the County Court charging negligent homicide.

Serving on the jury were Jimmie Caroline, Lee Dudley, Tol Murrah, A. A. Shelton, R. A. Gatlin, Jack Hardgrave, Monta Corder, Herman Couch, Jimmy Martin, Wilson Banner, George Grasslin and H. A. Finger.

Attending the court were District Judge Roger Thurmond and District Attorney Douglas A. Newton of Del Rio.

## VFW WINS LAST GAME OF SEASON

Playing the last game of the season, the local VFWs made their twentieth win of the season Sunday afternoon when they met the Alpine Internationals on the local field. The final score was 8-0.

The VFW has played unusually good games all season. They have lost only three games and have matched games with outstanding teams of this area.

Rev. and Mrs. R. A. English spent Monday and Tuesday in Pecos where they attended the district conference of the Methodist churches of the Pecos Valley.

## Eagles Begin Football Season With Victory Over Pecos 'B'

### W. D. HUNTER, COUNTY PIONEER, DIES WEDNESDAY

W. D. Hunter, 77, died in a Corpus Christi hospital Wednesday morning after a brief illness. Mr. Hunter had been in failing health for several months and was visiting his sister, Mrs. Claire Moody, when he became ill.

Funeral services were held in Corpus Christi at four o'clock Thursday afternoon with the Gage Mills Funeral Home in charge of the arrangements. Interment was made in that city.

Mr. Hunter had long been identified with the history of Terrell County. With his wife, he came to Sanderson from Rock-springs at the turn of the century and was one of the organizers of Terrell County when Pecos County was divided. His son, Terrell, was the first Anglo-American baby born in the newly-organized county and was named for the county.

He served as county surveyor for many years. At one time he owned a large tract of land property in Sanderson but over the years disposed of all of it but the home place which he occupied until his death.

Besides his son, Terrell, who lives in Washington, he is survived by a daughter in Tucson, Arizona. The son arrived in Corpus Christi prior to his father's death.

### Drive For Funds For Girl Scouts Planned Oct. 1

Plans were made for a drive to raise funds for the Girl Scouts of Sanderson at a called meeting of the Scout Council at the Community House Tuesday evening.

Mrs. H. A. Finger presided at the meeting and reports were given by the members attending the area meeting in Pecos Sunday afternoon. Mesdames Victor Littleton, Sam Bell, J. A. Gilbreath and Finger, the council voted to retain membership in the Permian Basin Area of Girl Scouts.

A committee went to the meeting of the Commissioners' Court Monday morning and permission was given for the erection of a Girl Scout hut on the northeast corner of the courthouse property, the landscaping and upkeep of the lot to be borne by the council.

It is hoped that a hut can be erected at an early date in order that the troops may have a meeting place. There is a troop of Brownies and one of Scouts and a troop of Senior Scouts is planned.

The financial drive will be made the first week in October and is the only time that funds will be solicited for Girl Scout work here during the year. Mrs. Sid Harkins will head the drive.

The Junior Woman's Club is sponsoring the Girl Scouts and reported \$117 profit from the cold drink concession at the Lions softball field during the summer.

Members attending the meeting included Mesdames H. A. Finger, Sam Bell, J. T. Williams, Sid Harkins, Ed Leatherwood, J. C. Kern, W. H. Grigsby, Dick Sullivan, Gene Banner, C. C. Mitchell, J. A. Gilbreath, Vic Littleton, and Dr. J. C. Kern and W. W. Sudduth.

### INTERSTATE CAFE UNDER NEW MANAGEMENT

Mr. and Mrs. H. H. West have assumed management of the Interstate Cafe in the T&NO depot. They took charge last Saturday.

Mr. West has been in Sanderson for several weeks and was employed as night man at the cafe. Mrs. West and their ten-year-old son, Houston, arrived two weeks ago from Mobile, Alabama, where the Wests have operated a grocery business.

### SEASON OUTLOOK GOOD FOR FAST EAGLE SQUAD

The beginning of football season in Sanderson was very successful for the local Eagle squad. They romped all over the Pecos "B" team to the tune of 26-0 Saturday night in their grid opener. It was a beautiful night for the great American sport, very little wind, and just enough chill to remind the spectator that this is football season again.

Homer Hill, the black and orange flash of the local team, scored the first touchdown in the first quarter on an end run that began on the 50-yard line. Chamberlain kicked the extra point. Hill again showed his heels to the Pecos team in the second quarter two times on a pass from Chamberlain and another brilliant end run. One extra point conversion failed and the half ended 20-0 for the Eagles.

No score was made in the third quarter.

The fourth quarter displayed more talent of the Eagle nine when Jack Harrell, fullback, scored the fourth touchdown for that team. The attempt at conversion failed again.

The Eagles had two touchdowns aborted because of illegality. The backfield was in motion on one play that ended the other side of the Pecos goal line and Homer Hill retrieved the ball in back of his own goal and ran the length of the field to have the play called back because the ball had been whistled dead before the run began.

Friday, September 17, the Eagles will go to Marfa to contest the Shorthorns in their first conference game of the season.

It will give the fans a chance to see the Eagles' class of football against a conference team of their own standing. It is expected that the locals will make a good showing since their team is bolstered by the return of many seasoned players as compared to a comparatively new team in Marfa. Marfa will have the added advantage of their recruits from the Blackwell Junior High School there since the combining of their Latin-American and American students in all their grades, plus the added advantage of playing on their home field.

It is hoped that many of the local fans will be able to accompany the team to Marfa and show their support to them and boost them to another district title.

### YOUNG LEASES GAINES COUNTY SCHOOL LAND

Tandy C. Young of San Antonio was successful bidder on the oil and gas lease for Terrell County School Land in Gaines County Monday. The Commissioners Court asked for bids on the property and Mr. Young was high with \$2.00 per acre on the 708.48 acres. Terrell County schools own half interest in the land.

Other school land there has been going at \$1.00 per acre.

### R. P. LEE SELLS FWEES AND LAMBS

R. P. Lee of Dryden shipped 4,000 ewes and 1,500 lambs to his Leota, Kansas, place, according to a report received Wednesday.

He sold a string of lambs to E. A. Nicewonger and sons of Leota, 1,500 ewes to Ed Burr of Tribune, Kansas, and 2,000 head of lambs to Luke Trued of Tribune.

Mr. and Mrs. Lee Dudley and their guests, Mr. and Mrs. R. C. Robertson of Houston, made a trip to Fort Davis and New Mexico for several days last week.

Mr. and Mrs. Charles Horton of Lamesa are visiting relatives here this week.

### Listen to Luke

(Continued from Page One)

by the designated route as laid down by that constitution. Our system has worked very successfully in the past and to show you what we mean we are quoting from another paper some facts.

This nation numbers only six per cent of the population of the world yet has for its convenience:

- 70 per cent of all automobiles.
- 50 per cent of all telephones.
- 45 per cent of all the coffee.
- 34 per cent of all the coal.
- It uses:
- 56 per cent of all the silk.
- 53 per cent of all the coffee.
- 51 per cent of all the rubber.
- It produces:
- 62 per cent of all the oil.
- 53 per cent of all the corn.
- 50 per cent of all the cotton.
- 32 per cent of all the copper.
- 30 per cent of all the iron.

We all get hot under the collar occasionally about the lack of interest some of our good citizens take in politics. We wonder how they could consider that they have any holler coming if things don't go to suit them. Then we think of what a joke politics makes of itself in Texas.

It is hard to say which party is the bigger joke.

The Republican party state convention certainly was a contender for the honors as a farce when at Waco the delegates voted whole counties by proxy — one man could vote several counties even though he didn't live in any of them.

The States' Rights convention in Dallas last week, attended by self-appointed delegates, went through the motions of holding a convention so that they may be able to qualify under the law as a political party and get a

### NO CURE FOR A HEADACHE

By COLLIER

place on the ballot in the general election.

Now the great state convention of the Texas Democratic party in Fort Worth. After careful thought and much pondering I am forced to declare them champion and biggest joke of them all.

What makes it the biggest farce is the fact that the meetings are attended by some of the most brilliant lawyers and statesmen, and the party is governed by certain legal restrictions, and no one pays any attention to the law unless it is on his side.

Attorney General Price Daniel has said that the state election laws are inadequate and that he has no power of enforcement. Those attending the state con-

ventions know the law and are considered law abiding citizens in their home communities, but about every two years when in convention, every law, whether written or implied in a sense of fair play, is discarded.

There is more honor in the average football game than is displayed on the floor of our political conventions.

The average American consumes 187.4 quarts of milk in a year.

### Magazine Gives Three Issues To Texas Industries

Texas will receive the most extensive treatment ever accorded any state by a national magazine with publication this week of the first of three issues of Holiday devoted principally to the Lone Star State.

Scores of articles and photographs will depict varied phases of Texas life, outline its history, and trace the growth of the agricultural and industrial empire contained in its borders.

From El Paso to the East Texas oil fields, from the Panhandle to the Valley—the state's cities and rural sections and their people and way of life will be surveyed.

J. Frank Dobie, noted historian, leads the parade of well-known Texas authors who interpret their state to the nation in articles that will fill nearly a hundred pages. Hart Stilwell, Green Peyton, Lewis Noydye, Robert Easton and nationally-known writers from other sections, have contributed stories.

In analyses of personalities who wear the Texas brand, Holiday pictures a typical Texas wildcatter and a cattleman. It details the history of the Texas Ranger, and touches on the state's hunting and fishing preserves.

The series of three Texas issues of the magazine commences with the October number, to be published September 15. That issue carries the first half of a 2-part article by Dobie entitled "Explaining Texas," and articles on Houston, Dallas and Fort Worth, and hunting and fishing. A double-page decorated map of the state is to be found in the October issue.

R. N. Allen and daughter, Anna Lee, returned Monday from Abilene where they took Mary Alice to enroll at the Abilene Christian College for her Junior year.

Harold Surratt is leaving the first of the week for Logan, where he will enroll at the Utah State Agricultural College for the coming year.

Mr. and Mrs. I. G. Robertson, Mrs. L. W. Swift and daughter, Ann, and Mary Elaine Duncan were visitors in Fort Stockton Sunday.

Mrs. Maude Sullivan has returned from San Angelo where she had visited her son and his family for several days. Her son, Pat, a student at Texas Tech, joined her for a visit.

Mr. and Mrs. J. Riley Dunman of Del Rio spent the week end with Mrs. Dunman's mother, Mrs. J. R. Blackwelder and other relatives.

Harriet Ann Pierson left Sunday for Austin to enroll at the University of Texas for her first year. She is the daughter of Mr. and Mrs. E. F. Pierson.

Mrs. H. C. Goldwire returned Thursday morning from El Paso where she had been for ten days to have dental work done.

Mrs. Elsie White left Thursday for Dallas where she will attend Rush Week at Southern Methodist University.

Mr. and Mrs. R. N. Allen, Jr., and two children of Paint Rock spent the week end here with relatives.

## Treasured moments of Texas History

It was in 1901 that "Spindletop" startled the world with its magnificent gushers, a treasured moment of Texas History which gave it its first really great oil field and changed its entire destiny. This discovery, and the succession of discoveries that followed it, made Texas one of the world's largest sources and producers of this invaluable raw material.

Three generations of taste-wise Texans have enjoyed the fine quality of Texas' Own PEARL Beer. In those treasured moments of relaxation it has become traditional to say, "Bottle of PEARL, please!" Enjoy it yourself.

A PART OF TEXAS HOSPITALITY SINCE 1885

**BOTTLE OF PEARL, PLEASE**

**RITCHEY BROTHERS, Distributor**

What do the masses of the Russian people — 200,000,000 individuals who make up Stalin's enormous reservoir of manpower — think of the policies of the Kremlin? Are they as bitterly opposed to the West and all its interests as the controlled Soviet press and radio indicate? Do they believe that communism is the hope of the world and that capitalism must be destroyed by any means or another? These and kindred questions have long occupied the minds of those concerned with the USSR problem. The difficulties that lie in the way of answering them conclusively are obvious — Americans have had extensive contact with the rank-and-file Russians, and the Kremlin has made it steadily more difficult in Russia to know the people. One of the most interesting of the answers recently appeared in the Saturday Evening Post in the form of an article titled "In Defense of the Russian People." It was written by Alexander Barmine, who was once a Soviet general and diplomat, but came to this country in disillusionment before the war. During the war, he entered our army as a private and later served with the OSS. Mr. Barmine's title pretty well explains his thesis. He believes that we make a terrible mistake when we consider the Russian masses and the Russian leaders to be tarred with the same brush. This attitude, he says, rejects the Russian people as potential allies of the democratic world in its crucial struggle with the Soviet totalitarian empire. These people, he says, are not the authors, or the principal victims, of the Kremlin's crimes. If Mr. Barmine is correct, the Russian masses have been ruthlessly and efficiently enslaved by their masters. Stalin, accord-

### SUBMERSIBLE CRAFT WAX INTO ADULthood

The U. S. Navy's first submarine, the USS HOLLAND, was invented and designed by John P. Holland and accepted by the Navy in 1900. In the upper photograph the HOLLAND is shown buttoned up and starting to submerge. In the past 48 years of the Navy's century and a half of existence as a Department of the United States Government, development of undersea craft and warfare has culminated in such post-war submarines as that shown in lower picture. She is the USS Pomodon, SS-486, improved fleet-type U-boat

ing to him, has 14,000,000 of his countrymen in concentration camps. He has a secret police force of 2,000,000 members, with almost unlimited power to imprison and execute, who keep the nation in line. So, he says, "when we judge the conduct of the individual Russian, we must keep in mind the shadow of the secret police behind him." "It is certainly true, as Mr. Barmine points out, that the Russian people have for centuries been engaged in bloody

struggles for human rights. The final overthrow of the monarchy was followed by a short-lived democratic state which the organized Bolsheviks in turn destroyed. They then established themselves through a planned

reign of terror in which millions were incarcerated, or condemned to forced labor. One of Mr. Barmine's most startling statements is that the Allies, during the last war, actually helped to keep the Rus-

sian people in chains. His story is that, as the war approached its end, desertions from the Russian army were reaching disastrous proportions from the Kremlin's viewpoint, and that millions of Soviet citizens, prisoners of war and others, were refusing to go home. At Yalta, he says, Stalin successfully persuaded Roosevelt and Churchill to guarantee the return of every Soviet citizen in Europe who had left the USSR after 1927 for any reason. This agreement was, apparently, kept to the letter. Mr. Barmine thinks that most of those returned were executed and their families sent to concentration camps. He says that many killed themselves rather than face repatriation. He terms the agreement "a most gigantic violation of the sacred principles of political asylum."

What his thesis adds up to, then, is that "the Kremlin regime is a giant with feet of clay. All its arrogance and hysterical name-calling are the result of fear and insecurity." The Russian people, in his view, are held in bitter and unwilling subjugation by the small proportion of the population which constitutes the Communist party, and by the infinitely small percentage which is trusted with real authority by the Politburo. That leads him to his main point, which is: "Current American is on the wrong track as long as it refuses to draw a clear line between the totalitarian regime and the Russian people. If this policy of arousing indiscriminate anti-Russian feeling

persists, Stalin may well succeed in selling this war to the Russian people as a war of self-defense. We can have hundreds of millions of people on the totalitarian side of the Iron Curtain as our allies if we do not take from them the hope of liberation."

The viewpoint expressed by Mr. Barmine is held by many others — even as it is considered wrong and wishful by others still. In any event, it seems certain that the brutalities of the Kremlin, both within and without its established borders, must have generated enormous hatreds. This would in part ac-

count for Russia's growing isolationism — and for the Kremlin's determination that the Russian people shall not be allowed any contact with or knowledge of the "corrupt" democracies. In the long run, the spirit of internal revolt may be a trump card in the grim game that is now in progress between the West and the East.

Mrs. Ernest Jessup, Lowell and Ernestine, went to Rocksprings Sunday to visit Mrs. Jessup's mother, Mrs. K. E. Fred. Lowell remained for a longer visit, Mrs. D. L. Duncan accompanied them on the trip.

From where I sit... by Joe Marsh

### "Farming" Versus "Ranching"

Talked to some editors who run my column in their papers—in states where there's mostly cattle and sheep raising—about the differences there might be between farming and ranching.

And they told me: "Joe, there's no real difference between cattlemen and farmers. We make our living from the land like your folks do; we have the same 4-H Clubs and Granges; the same problems of prices and marketing."

"When it comes to recreation, we have the same liking to get to-

gether now and then for a barbecue and a friendly glass of beer."

And from where I sit, that about sums it up. Ranchers may have different names for things or grow different crops. But all over America folks who work the land share those common traits of hard work, sober moderation, and good fellowship, whether they're growing cattle for beef, or barley for good American beer and ale.

Joe Marsh

## A Crop to Cultivate

America is famous for good crops. But finest of all is the bumper "crop" of 11,000,000 boys and girls growing up on our farms and ranches.

Trained teachers and leaders are helping cultivate this bumper crop. Vocational agricultural teachers in over 7,000 high schools do their part. Most of these schools have Future Farmers of America chapters. Membership of F. F. A. is 250,000. In their "outside classroom" work they receive additional on-the-job training from their vocational agricultural teachers. They learn to accept leadership responsibility. On graduation, many go directly into farm or ranch management. Others go on to agricultural college.

County agents and over 180,000 unselfish volunteer leaders do another great job through the 4-H Clubs. Through 85,000 local 4-H Clubs, more than 1,750,000 boys and girls get invaluable training. Advice, encouragement, know-how from practical experts. Their projects keep them abreast of what is new in agriculture. They learn through doing. Achievement and leadership become habits.

It is well that American agriculture has these leaders and teachers. By teaching the business and science of farming, they are helping make life on farm and ranch rich and profitable for a new generation of Americans. They are showing them the way to economic security and a good way of life. Better farm planning; power machinery; scientific modern methods; control of weeds and plant and animal pests. . . All these our farm and ranch youth are learning. In many ways they are qualifying themselves to be better managers of land and better businessmen. They are increasing their knowledge of science and selling—of machinery and markets—of costs and conservation.

Swift & Company has always been proud to encourage farm youth activities. We shall continue to do so. We have no doubt or fear for the future of America. For, properly cultivated, this crop will ripen surely into our nation's richest harvest.

### A HUNDRED CENTS MAKE A DOLLAR

Have you sometimes wished to know Where meat dollars really go?

Of each wholesale dollar spent, You get seventy-nine per cent.

For your livestock, wool and hides, And all by-products besides.

Wages, operating cost a-plenty . . . Take another even twenty.

After all the rest is spent The packer profits just one cent.

### Livestock and Meat Prices

Livestock is marketed when it is ready. The supply of animals coming to market at any one time is controlled by your decisions as producers. These decisions may have been made months previously, depending on your breeding and feeding program. The weather—blizzards, storms and droughts—also have a bearing on when you market your animals. Meat packers have no control over the supply of livestock. The meat packer must sell meat and by-products for what they will bring. When people have to economize, they spend less money for meat. Consumers, retailers and meat packers reduce their bids. The prices of both meat and livestock fall accordingly. But when people make more money, they are eager to buy meat. Then buyers all along the line increase their bids. And the prices of both meat and live stock rise accordingly. For each meat packer and each retail meat dealer knows that if he does not pay a little higher for the livestock or meat he wants, somebody else will—and get the business. Thus the old law of supply and demand—plus competition in buying livestock and selling meat—forces price changes in meat to be reflected quickly all the way back to the livestock on the hoof. At all times the market price is a balance between the supply of livestock and the demand for meat.

### 16MM SOUND FILMS FOR YOUR USE

"Meat Buying Customs" "A Nation's Meat" "By-Products" "Livestock and Meat" "Cows and Chickens . . . USA" Five informative films about the livestock-meat-packing industry. A few open dates remain for September and October. We'll be glad to send a descriptive folder which gives all details. Write Agricultural Research Dept., Swift & Co., Chicago 9.

### Martha Logan's Recipe for DINNER SIZE HAMBURGER

- 1 pound hamburger
  - 1 3/4 cups soft bread crumbs
  - 1 egg
  - 1/2 cup chopped onion
  - 1/4 cup milk
  - 1/2 teaspoon salt
  - 1/2 teaspoon pepper
  - 1 tablespoon fat
- Mix together all ingredients until well combined. Form into 4 large patties. Heat fat in heavy frying pan. Brown patties slowly on each side. Cover pan tightly, lower heat, and cook ten minutes longer. Serve with horseradish sauce, barbecue sauce, or tomato sauce. (Yield: 4 servings).

Soda Bill Sez: Words are handy tools to explain experiences—but they're no substitute for experience.

### New Idea in Junior Feeding Projects

by T. W. Thompson, State 4-H Club Leader, Montana. Boys and girls are trying out a new kind of livestock feeding project. In several states—including Montana, Nebraska, Colorado and Indiana—people are enthusiastic about it. Here is how it works. The boy or girl buys an average lot of feeder steers or lambs, from a uniform herd or band. The number bought is usually 3 or more steers, 15 or more lambs. That depends on finances, feed supplies and equipment available.

These lots of animals are bought at a central market. They are taken home and fattened. Careful records are kept of feed costs and rates of gain. At the end of the feeding period, they are shipped back to market. They are sold on Junior Marketing Day. Boys and girls consign their animals to commission firms of their own choice. Upon arrival the animals are penned separately, according to ownership. Each lot is graded and weighed separately. Then all animals are assembled in pens according to grade. They are sold for slaughter in the usual manner used on that market. The boys and girls profit according to the market value of their animals.

Sponsors claim the following benefits: (1) It is practical. (2) It promotes better farm feeding methods. (3) Boys and girls learn about market grades of livestock. (4) They learn about central markets and their operation. This new idea in junior feeding is not intended to take the place of feeding for show. It is a separate project, to give youngsters practical experience in feeding for market.

### It's a Two-Way Road

In my work with farmers and ranchers I have visited just about every part of this country. I can't begin to count the number of times I have traveled out of Chicago and back

—to the range country of the West . . . through the Corn Belt states . . . the wheatlands . . . the cotton country—Florida, Maine, Washington, California and all the other states in between. I do not know how anyone who travels much can help being impressed with the need for team play in America. As farmers or ranchers, your prosperity depends to a large degree on the ability of workers in industry to purchase the food and fiber you produce. Likewise, city businessmen know that your power to purchase their products is equally important to them. And all of us depend on the men in the mines, in the forests, in the steel mills, and oil fields.

But what we are apt to overlook is the fact that it is the earning of a reasonable profit which keeps all these businesses going, and all of us at work. Of course, profit rates vary. That depends on many things, including volume of

business done. For example, here at Swift & Company we process millions of pounds of agricultural raw materials each year. On each pound handled, we earn an average profit of a fraction of a cent. Few could stay in business on the margin we meat packers earn. But whether one's business volume is large or small, some profit is essential to any individual or any enterprise.

And here's another thing. Often I hear someone say—"Those farmers are the lucky ones—completely independent!" I can't agree with them. I know, and you know, that you on the land are independent—but only to a certain degree! Of course, cities couldn't exist without the products of farm and ranch. Maybe you could produce your own food, clothing, shelter and fuel. But country living would be pretty grim without cars, telephones, radios, fences, tractors, windmills and modern labor-saving, comfort-giving equipment. It is a two-way road! Our standard of living in America is something we are all proud of. It is the result of the profit system and of good team play.

F. M. Simpson, Agricultural Research Department

THE SANDERSON TIMES

Entered at Post Office, Sanderson, Texas, July 26, 1908, as second class mailing matter, Under Act of Congress March 3, 1879

Freedom of Press Cannot Be Paid By Government Subsidy

Among the privileges we enjoy as Americans, free speech, and free print are of first rank. Most of us prize these and the other freedoms, though we give little thought to them. We just take them for granted.

Freedom of the press is one of those freedoms. We are benefited by this freedom every day. The information that helps make intelligent citizens comes to us freely. Our press is not curbed nor restricted by the ill-conceived notions of some tyrant or dictator.

Why the small price of newspapers and magazines? Just the paper and printing costs would amount to as much as we pay for them! Does a fearsome dictator pay the difference? Does a tax-rich bureaucracy foot the bill just to keep itself in power?

These things are accomplished through advertising. Advertising thus becomes one of the basic features of American democracy. It is easy to see that the advertising space sold by the publishers of newspapers makes it possible for a publishing enterprise to pay its bills.

the major service of increasing constantly the already high standard of living which America enjoys. Our industry depends upon advertising to do its share in the efficient distribution of all the things that it makes in meeting the needs and desires of the people.

Not only does advertising sell goods, it also sells the desire to improve. Americans have never wanted to become stasis. Advertising has helped us to expect improvements, to want better things. When people have no desire for better living standards, then your great output of factories will have to stop.

These facts show us that the business of advertising has an important bearing upon our freedom of press. If we cherish freedom of the press, we must also respect our publications as business enterprises. We need to understand that expenses of gathering news from all over the world for American readers, are paid in large part by revenues from advertising space.

I say these things because there are those who attack the American way by the sneak method. These destroyers (from within and without) will not attack freedom of the press. They know we cherish it, but they will attack advertising. They will not attack our high standards of living, which they envy, but they will attack the profit idea without which American initiative and enterprise would cease to give us jobs and goods.

Mr. and Mrs. Al Donaubaer of Alpine spent the week end with her mother, Mrs. Dorothy T. Lindley.

Mr. and Mrs. Theron Horton went to Monahans Tuesday morning to meet Mrs. Horton's sister, Mrs. Jack Gant and little daughter, Gilda Lee, who will visit here for several weeks. Mrs. Gant is from Ardmore, Oklahoma.

The Clarence Halley Mulkey Post of the American Legion and Auxiliary enjoyed at get-together at the Kerr well west of Sanderson last Thursday evening. Hot dogs, beans, fritos, coffee and cold drinks were served to approximately eighty.

Dr. J. A. Hoffman, Marfa veterinarian, was in Sanderson Monday of this week.

State Ranger Forest G. Hardin has been assigned to Sanderson for duty and will make his home here. Mrs. Hardin is now in El Paso but will move to Sanderson as soon as living accommodations are available.

Mr. and Mrs. O. T. Sudduth returned Sunday night from Fort Stockton where Mrs. Sudduth had visited her mother, Mrs. H. D. Price, for several days.

minor operation in a San Antonio hospital Monday morning. Mr. Charlton is there with her.

# WEEK'S NEWS

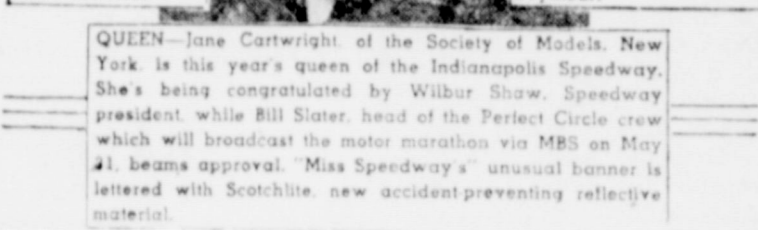

**NO MINNOW, THIS**—A 53 1/2 pounder leads the field for channel bass caught this season at Oregon Inlet, N. C. 53 1/2 inches long and 18 inches in girth. It was landed by Tom Ficklin, Raleigh, N. C., who has entered it in regional contests.

**EISENHOWER LEAVES ARMY**—General Eisenhower at ceremony at Fort Meyer, near Washington, D. C., as he takes leave of the army to assume his new duties as President of Columbia University, New York City.

**COIN DOTS**—Gail Russell, screen star, wears this gown of dusty pink tulle with silver coin dots in Paramount's "Night Has A Thousand Eyes". The gathered strapless bodice is held to the voluminous skirt by a cascade of the same material.

**QUEEN**—Jane Cartwright, of the Society of Models, New York, is this year's queen of the Indianapolis Speedway. She is being congratulated by Wilbur Shaw, Speedway president, while Bill Slater, head of the Perfect Circle crew which will broadcast the motor marathon via MBS on May 31, beams approval. "Miss Speedway's" unusual banner is lettered with Scotchlite, new accident-preventing reflective material.

## Banners Hosts For Barbecue Honoring Son, Cy Banner

Honoring their son, Cy, who left for Austin to enroll in the high school of Saint Edward's University, Mr. and Mrs. Wilson Banner, Sr., were hosts to a group of friends at their ranch home Thursday evening Barbecue with all the trimmings was served from tables arranged in the back yard. Swimming was also enjoyed later by the guests and home-made ice cream was served with cake before they departed for their homes.

Those present were Liz Phillips, Delores McCright, Doris Lee Cooke, Janie Turner, Cecelia Goode, Robert Joe Dishman, Bobby Cooke, Walter Paul, Tom Breeding, Herman Paul, Mr. and Mrs. Jack Turner, Mr. and Mrs. W. A. Banner and Mrs. E. McSparran.

## MRS. J. B. HARRELL DISLOCATES SHOULDER

Mrs. J. B. Harrell tripped over a vine in her yard late Saturday afternoon and received a dislocated left shoulder when she fell. She was watering the flowers in the back yard at her home when the accident occurred. She was alone and was unable to make her cries for aid heard by her neighbors. Mrs. Fred Talbot saw her and went to her assistance. Mrs. Harrell is able to be up and is resting comfortably.

## JOHNNY CATES HOME FROM SAN ANTONIO

Mr. and Mrs. Herbert Cates returned last Thursday night from San Antonio where they had taken their little son, Johnny, for corrective treatment for his leg. After three weeks they will return for further treatment. Mrs. J. L. Lawson of Detroit, Texas, and Mrs. Ida Cates of Rochelle, Texas, mothers of Mrs. Cates and Mr. Cates, accompanied them home for a visit.

## AMONG OUR SUBSCRIBERS

New subscribers this week include B. C. Pate of Sulphur Springs, San Angelo Marble and Granite Works, Doris Cooke, Wilson Banner, Jr., and Mary Alice Allen. Renewals have come from J. F. House, Mrs. Fred Garrison of Burnet, Mrs. W. H. McDonald, B. F. Anderson, Wilson Banner, Mrs. D. L. Duncan and G. E. Babb.

Mr. and Mrs. C. G. Bradford went to San Angelo Sunday to meet their son, Jimmy, who had traveled by bus to that city after visiting for two weeks with relatives in Fort Worth and Commerce, Texas.

## SANDERSON P-TA HAS FIRST FALL MEETING THURS.

Mrs. John W. Byrd gave the invocation when the Sanderson P-TA met in the high school auditorium Thursday afternoon for the first meeting of the current school year. Supt. C. G. Bradford gave the welcome address and introduced the teachers. Mrs. E. H. Jessup gave the welcome from the P-TA.

Mrs. N. M. Mitchell was program leader and presented Miss Ernestine Jessup for two piano solos and Miss Mary Lou Carline gave a reading. Two State Highway Patrolmen gave a very interesting discussion on "Safety". After the resignation of Mrs. Walter Thorn as second vice-president and membership chairman, Mrs. J. O. Little was appointed to take her place.

Mesdames James Caroline N. M. Mitchell and C. C. Mitchell were named as a committee to confer with the Lamar P-TA and work out plans for the school year. It was decided that each room would have a Latin-American room mother for the Latin-American children.

A Gold Seal certificate was presented to the P-TA by Mrs. Sid Harkins in recognition of the excellent rating on the Goal Sheet prepared last spring. Room attendance was won by the First Grade.

At the next meeting on the evening of October 14, there will be a tea for the faculty and P-TA.

## Methodist Women Begin Mission Study

The Methodist Womens Society of Christian Service began the fall mission study course Monday afternoon when the meeting was held at the church. Using the text "On Our Doorstep," Mrs. J. W. Pate, study leader, presented a very interesting discussion of our United States dependencies. Nine members were present.

The study will continue for six weeks, the meetings to be at the church each Monday afternoon.

Mrs. C. P. Peavy and Betty left Sunday for Lubbock where Betty will enroll at Texas Tech for her freshman year. Harvey Nessmith accompanied them on the trip.

## Plans for Bible Study Made At Presbyterian Meet

The women of the Presbyterian Church met at the home of Mrs. Hal Rowlett, Jr. Monday afternoon with the meeting of the executive board preceding the circle meeting. Plans were made for the Bible study to be presented in six lessons, the meetings to be at the church each Wednesday afternoon beginning September 22. Mrs. J. W. Byrd will teach the course on studies in Exodus.

The annual church picnic was announced for Saturday, September 25, at the H. A. Smith ranch at 7 p. m.

Mrs. W. E. Grigsby led an interesting program on eight prophets of the Old Testament entitled "The Prophets Point the Way".

During the social hour, Mrs. Rowlett served dainty sandwiches, molasses cookies, tea and coffee from a tea table which had a beautiful yellow bowl of roses for the centerpiece.

Members present were Mesdames J. D. Nichols, W. G. Downie, E. E. Farley, W. E. Grigsby, J. W. McKee, H. E. Schroegler, Lee McCue, H. A. Smith, E. J. Hanson, E. F. Pierson, J. W. Byrd, C. C. Mitchell, N. M. Mitchell, W. H. Savage and Hal Rowlett.

## Layette Shower For Mrs. M. G. Northcut, Jr., Thursday

Mrs. Henry Wise was hostess for a surprise shower at her home last Thursday afternoon honoring Mrs. M. G. Northcut, Jr. After a period devoted to appropriate games and contests, Mesdames T. E. Rhoades and Bill Goodwin were awarded prizes which they presented to the honoree.

Mrs. Northcut was presented a basket of gifts.

The hostess served cake and ice cream in colors of pink and white to approximately twenty guests.

## Stitch 'n Chat Club At Mrs. G. D. Vincent's

Mrs. G. D. Vincent was hostess for the regular meeting of the Stitch 'n Chat Club at her home Tuesday afternoon.

Pear salad, cake and tea were served to Mesdames Ben Causey, Gene Litton, P. P. Courtney, Ray Turner and Houston Stokes.

Mrs. Eno Prejean and two children of Liberty are visiting her father, R. B. Mussey, and other relatives here this week.

## WOMANS CLUB RESUMES REGULAR MEETINGS

Mrs. J. N. Kerr, Jr., and Mrs. J. O. Little were hostesses for the regular fall meeting of the Sanderson Womens Club when the group met at the Community Center Thursday evening.

W. H. Grigsby, president, presided at the business meeting. E. A. Finger gave an interesting discussion of American citizenship, awarding prizes to the winners.

Club members participated in a parliamentary drill conducted by the parliamentarian, Lee Hardgrave. Mesdames served a salad with tea and coffee to which were present Mrs. W. A. Roy Deaton, H. A. Finger, Gilbert, W. H. Grigsby, E. Hardgrave, C. E. Harkins, J. M. Mitchell, John Victor, Littleton, John W. W. Sudduth, Dick and Mrs. S. A. Berkley.

## G. Galloway and W. Thompson Wed Saturday

Clifford Spencer, pastor of the Baptist Church, was officiating minister at the wedding of Miss Gertrude Galloway of San Antonio and C. W. Thompson Saturday evening at 8 o'clock. The double-ring ceremony was read at the Baptist Church.

Mrs. Burns and Mrs. Alda Powers of Dryden attended the wedding.

Thompson is employed by Zachry Construction Company and is residing at the Hotel.

## Bummy Club Meets At Home Of George Herzing

Bummy Club met at the home of Mrs. George Herzing Thursday afternoon with Gene Litton winning high honors.

Hostess served sandwiches, pie and ice cream to Mrs. H. B. Louwein, Dick Lee, Lee Hardgrave, Gene J. F. Gholson and Welton.

## CULTURE CLUB TO MEET SATURDAY AFTERNOON

The meeting of the Sanderson Culture Club which was postponed from Thursday afternoon will be Saturday afternoon at the home of Mrs. J. W. Byrd with Mrs. E. W. Hardgrave assistant hostess. The executive meeting at 2:30 will precede the club meeting at 3 p. m.

## SON BORN TO MR. AND MRS. R. C. HALEY

Mr. and Mrs. R. C. Haley have announced the arrival of a son weighing eight pounds and five ounces and born in a Del Rio hospital Sunday morning. The infant has been named James Roy for his two grandfathers, J. S. Nance and Roy Haley.

The Haleys have two other children, a boy and a girl.

## ALPINE AVALANCHE STARTS NEW VOLUME

Last week the Alpine Avalanche started its fifty-eighth year of publication. D. C. Bennett, present owner, has been owner-publisher for the past 23 years.

Publication of the Avalanche was started in the days when Alpine was becoming accustomed to its change of name from Murphyville and was one of the West-of-the-Pecos cowtowns.

## OMISSIONS

Four omissions were made in the list of college students last week: Bill Savage and Douglas Smith who will attend the University of Texas and Edward Chastain who will attend Sul Ross College. Also Harold Surratt, who will attend Utah State Agricultural College.

Miss Louise Kiemer of the local ACA office spent last week with relatives in Houston and Wichita Falls.

Mrs. Mary Mitchell left Tuesday for San Antonio on a business trip.

Mr. and Mrs. A. C. Smith returned last week from a vacation trip to Dallas, Avery and other points in north Texas. They went by Austin for their son, Douglas, who had attended summer school at the University of Texas and he went to New Orleans for a visit with friends before enrolling at the university for the fall term.

Robert Joe Dishman passed through Sanderson on the train Friday night en route to San Diego, California, to enter boot training after enlisting in the navy air corps. Willie Grigsby and Noel Stirman, who also enlisted in the navy air corps arrived in San Diego two weeks ago.

Miss Marjorie Stivey of Austin was a week end guest in the home of Mr. and Mrs. W. H. Savage. Bill Savage accompanied Miss Stivey back to Austin and returned Tuesday to spend a few more days at home before enrolling at the University of Texas for the coming year.

Mrs. Roger Rose and Joy spent Saturday and Sunday in Del Rio with relatives.

SCOUTS ADOPT ROUND-UP RATING PLAN

"It's round-up time" in the Concho Valley Council for all Cub Scouts, Boy Scouts and Senior Scouts in the twenty-six county territory.

The organization and extension committee with Bob Adams of Texon as chairman and serving as foreman, has issued a call to all Cubmasters, Scoutmasters and Senior Advisors to take part in the "rating plan" in a vigorous manner.

The plan is based on a ten-point program including attendance, membership advancement, committee meetings, program literature, hikes and camps, community "good turns" and uniforms.

The contest is on in each of the nine districts during the months of September through December. The score cards are mailed to the committee members and will show the program progress each month. The ratings will be known through the council publications and newspapers.

"Each district will have a winner and the winning unit will be presented a felt pennant at the District Round-up barbe-

Thrifty-minded cooks are turning to poultry for main dishes instead of higher-priced meats and they are especially proud of Roast Duck stuffed with Orange Sweet Potato Stuffing. Combine 3 cups hot mashed sweet potatoes with 1 tsp. salt, 1 cup lightly packed bread crumbs (corn bread if possible), 1 cup peeled diced oranges, 1 tsp. grated orange rind, 3 tbs. melted fat. This is enough stuffing for a 4-5 lb. duck. Lightly stuff neck, fold skin over back, fasten with skewers. Body cavity should be lightly stuffed, closed with skewers, then laced with string or thread. Fold wing tips under and tie ends of legs together. After placing on rack in shallow roasting pan, let excess fat escape by pricking skin across back, around legs, wings and tail. Roast uncovered in slow gas oven held at 325° for 2 hrs. Serves 4-6.

Housewives who want leisure, yet must serve tasty meals on time, have learned to plan entire oven meals cooked by clock control. All they do is set the clock which automatically lights the oven burner, then automatically turns off the gas when the meal is done. The clock can be set hours ahead of time so that the cook can walk out of the kitchen and let this mechanical servant do the cooking for her.

The removable drip trays underneath the top burners of your gas range are as easily cleaned as a dish. Just wipe with warm soapy water, dry thoroughly on bottom and top before replacing.

If two tbs. starch are added to the last rinse water for tea towels, there'll be no lint left on glassware or dishes to mar their gleam.

A Buffalo Going Into the Oil Business

PORT ARTHUR, TEXAS—Passing the camera like a black streak, this young buffalo bull charges from an unloading chute into grounds of the Gulf Oil refinery. He is one of six bison "employed"—probably for the first time in oil industry history—to crop grass around tanks and pipelines. These one-time "kings of the prairie," along with 100 odd Brahma cattle, cows and horses, are being pastured for neighboring ranchers on refinery property, where they save many thousands of dollars in grass cutting bills. But they make risky charges for any but experienced cowhands like E. V. "Bart" Ownby, mounted.

TS&GR MEET AT A&M IN OCTOBER

Texas A & M College will be host to the directors, others members of the Texas Sheep & Goat Raisers' Association and their wives at College Station October 15 and 16 for the third quarterly meeting of the association. All sheep and goat men, whether directors of the organization or not, are invited, according to Clayton Puckett, Fort Stockton, association president.

The animal husbandry department, under its head, Dr. J. C. Miller, will have charge of the program after the regular business meeting. This meeting offers a good opportunity for the livestock producers in this section to see the type of training offered our young men and to observe the equipment and facilities available for this in-

struction," Puckett stated. "Dr. Miller and others in the department have drawn up a very interesting program.

The college has set aside part of Walton Hall, one of the larger dormitories, for the use of visitors that week end. As the college housing authorities must know before October 1 how many will want dormitory fa-

cities Puckett suggested that those desiring to attend should notify Ernest Williams, association secretary, San Angelo, immediately so he can get the names in before October 1. The rooms are equipped with two single-decked beds, he said, and the couple occupying one room might want to choose the couple for the other room. There is a bath between each two rooms. If two couples want adjoining room Williams should be notified to that effect.

As the program will begin the morning of Friday, October 13, arrival should be planned for Thursday night or afternoon.

According to Dr. Miller a dance will be given for the visitors on Thursday and Saturday nights and the annual A & M rodeo will be put on Friday night.

Saturday afternoon the visitors may see a football game between TCU and A & M. Sufficient tickets have been set aside and can be obtained after arrival at College Station.

Here's proof the Gas Refrigerator

STAYS SILENT LASTS LONGER...

Only Servel is Guaranteed for 10 years

More and more Texas families prefer Servel for Servel is the one refrigerator that offers permanent silence, longer life—and proves it with a ten-year guarantee!

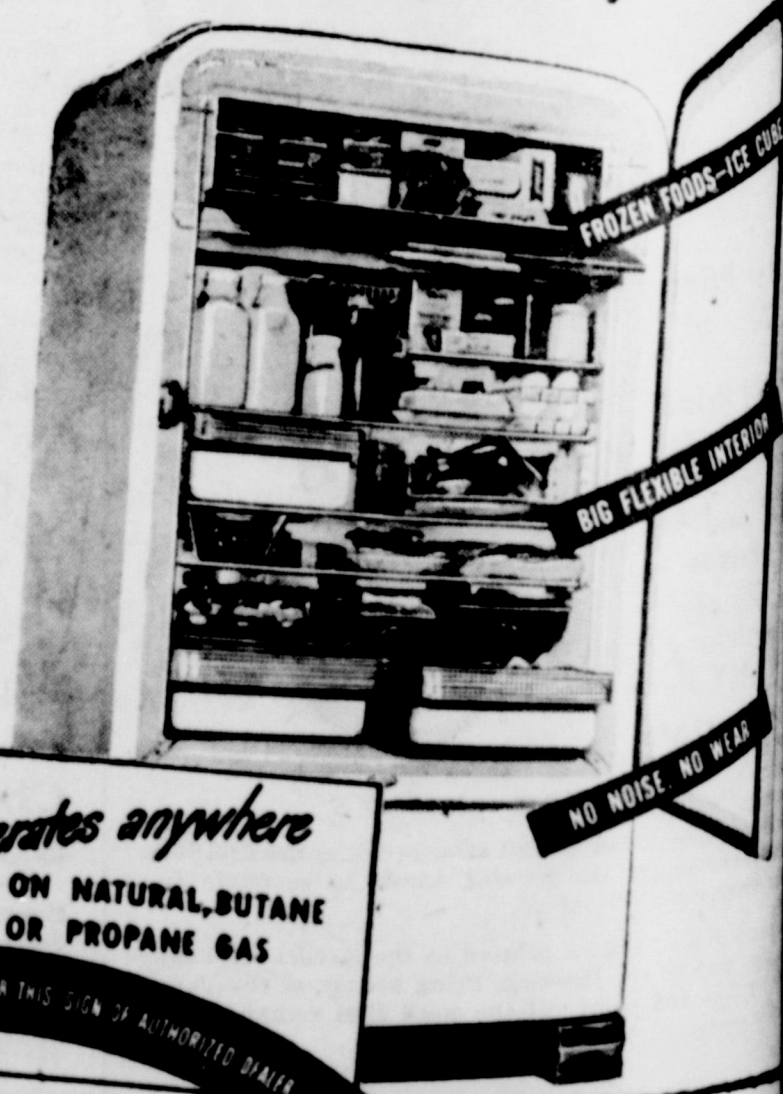

Why is it possible to guarantee this modern refrigerator for ten years? Servel has no moving parts in its freezing system. No motor or machinery that can wear or cause noise. A tiny gas flame (butane gas, natural gas or manufactured gas) does the work. So the Gas Refrigerator stays silent, lasts longer. And actually, among its 2,000,000 delighted owners many tell us, "Still silent, worry-free, after 20 years!"

But a different, simpler freezing system is only part of the story. The new Servels bring you every new food-keeping feature, too. Come see the famous Gas Refrigerator—first choice of more and more Texas families. See it today.
