## Mrs. Boyd Holmes Seriously Injured In Fall From Horse

Mrs. Boyd Holmes was seriously injured Saturday afternoon at her ranch home south of Longfellow when she was evidently thrown from her horse. She had bone surgery Tuesday morning.

With Mr. Holmes, she was riding in the pasture. He heard a disturbance and upon looking back, saw her lying on the ground. Stunned by the impact of the fall, she did not remember what had happened and was unable to move.

Mr. Holmes took a car to the scene of the accident and brought his wife to a local physician for X-rays and examination. She was found to have a dislocated hip and several fractures in the right pelvis.

Mrs. Holmes was taken to San Antonio Saturday night in an O. T. Sudduth and Co. ambulance and will have to remain there in the hospital for several weeks. She was accompanied by her parents, Mr. and Mrs. Ben Stroud, who have remained with her.

## JANUARY IS LAST MONTH TO PAY POLL TAX

January is the last month for the payment of 1948 poll taxes which gives residents the right to vote in any 1949 elections.

School elections are scheduled for this spring and any special elections may come up during the year.

There have been only 317 poll taxes paid for the first half of this month, according to W. D. O'Bryant, chief deputy tax collector. With only fifteen more days left to pay poll taxes, payments will have to be increased considerably to meet last year's voting strength of over 1,000.

Poll taxes are not assessed on the tax rolls and consequently must be paid in person or by mail by each individual.

## PERSONALS

Mr. and Mrs. Lee Kelly returned Monday from Prescott, Arizona, where they had visited in the home of their daughter, Mrs. A. L. Jeffers, and attended the wedding of their daughter, Ruth Ann, to Allan Maddy, January 2.

Mr. and Mrs. W. E. Lea left Wednesday for their home in El Paso after a few days visit here. They have recently returned from California where they visited their son and daughter and families.

Walter Dunlap of Sheffield was a business visitor here Tuesday.

Miss Coy Boatner has returned from El Paso where she took her son, Coy Lee, to have his eyes examined.

Mr. and Mrs. Ed Boykin returned to their home in San Antonio Monday after spending the week end with her parents, Mr. and Mrs. Ray Caldwell.

Mrs. Frank Weigand spent several days in San Antonio last week.

Mrs. W. F. Frazier made a business trip to San Antonio the first of the week, returning Tuesday.

W. M. Druse was in Alpine last week for medical treatment.

Mr. and Mrs. S. L. Stumberg

## LISTEN TO LUKE

Thursday morning—after my information column had been written and put in type—I received a clipping by mail. The clipping was from an unidentified paper and was not dated nor did it have the signature of the reader who so kindly sent the information. It had to do with the merits of TVA.

We appreciate knowing that we have at least one reader, even though that reader chose to remain anonymous. If the reader will drop in at the Times office we shall be happy to show him (or her) the other side of the ledger on TVA.

Comments will not be published without permission—LUKE

## IMPROVEMENTS MADE AT CEDAR GROVE CEMETERY

Cedar Grove Cemetery has recently had some improvements which had added materially to the attractive appearance of the property.

The wrought-iron gate at the main entrance to the cemetery has been installed. "Cedar Grove Cemetery" is inscribed in the arch above the gate. Wings of native rock have been built up to the height of the gate on each side extending out toward the highway for about ten feet.

The entire cemetery plot has been cleaned off and levelled presenting not only a clean appearance but affording good drainage.

Ervin Grigsby, president of the cemetery association, has expressed his appreciation for the donations that make possible the continued improvements at the cemetery.

## LOCAL POSTOFFICE SHOWS GAIN OF 4 PER CENT IN 1948

The local postoffice showed an increase of four per cent in receipts for 1948 over 1947. The receipts for the first 4 months of the year showed a considerable decrease but heavy receipts during the holidays brought the average up sufficiently to show an increase in the year's business.

Receipts for 1948 were \$11,067.38 and for 1947 were \$10,636.78. The money order receipts for 1948 were \$162,180.07.

The highest peak of receipts in the postoffice was for the year 1945 with a total slightly over \$12,000. The heavy mailing of letters and packages to the men overseas brought the increase, according to Clyde Griffith, postmaster.

## SP SERVICE CLUB PLANS 42 PARTY FOR JANUARY 21

The S P Service Club met in the basement of the Masonic Hall Thursday evening. During the business meeting, plans were made for a forty-two party on Friday evening, January 21, at the same place.

Refreshments of cake and coffee were served to thirty-one members.

## Manuel Rodriguez First 1949 Baby

To Manuel Rodriguez goes the honor of being the first baby born in Sanderson in 1949.

Manuel was delivered Sunday morning by Dr. J. C. Kern to his parents, Mr. and Mrs. Reuben Rodriguez. He weighed six and one-half pounds.

This is the first child for Mr. and Mrs. Rodriguez.

returned Sunday night from a two weeks trip to California where they attended the Santa Anita races and the Rose Bowl game and Rose Parade in Pasadena.

Davis Hinson was a business visitor in Alpine Wednesday.

Mr. and Mrs. Pat Harris returned Thursday morning from Houston where Mr. Harris had a medical check-up.

Dr. J. W. Pate and Dr. J. C. Kern attended a meeting of the Big Bend Medical Society in Alpine Tuesday evening.

Mrs. C. E. Yeates has returned to Sanderson from Kansas City where she has been attending a school of designing.

Mr. and Mrs. C. E. Clymer went to San Antonio last Wednesday and remained there for Mr. Clymer to have medical treatment.

Mr. and Mrs. J. M. Barnett of Valentine spent the week end with their daughters, Mesdames Charles and Harvey Rogers, and their husbands.

Mrs. Elnora Frazier returned to her home in San Antonio after a visit with her son and daughter-in-law, Mr. and Mrs. W. F. Frazier.

ANOTHER TEXAS FIRST — To Mrs. Ozeta Culp Hobby of the Houston Post goes the honor of holding the highest ranking title ever accorded a woman in American Journalism. She received the distinction when she was elected president of the Southern Newspaper Publishers Association at that organization's recent convention in Florida. Mrs. Hobby, wife of Texas' ex-governor W. P. Hobby, is one of the many nationally known personalities who will address the daily and weekly newspaper publishers of Texas on January 22 in Austin during the Annual Mid-Winter Meeting of the Texas Press Association.

## THREE EAGLES CHOSEN FOR ALL-DISTRICT TEAM

At a meeting of the coaches of District 5-B when the all-district football team was chosen, three of the Sanderson Eagles were named to places on the team.

Jimmie Harris was chosen for an end, Jack Harrell for a tackle and Frank Harrell for a back.

Jack Harrell was among the boys chosen unanimously for their positions. Arredondo and Smith of Sanderson also received mention for the first team.

The all-district team named included:

Ends: Vasquez of Marfa, Harris of Sanderson, Clune of Fabens.

Tackles: Reed of Marfa, Harrell of Sanderson, Clune of Fabens.

Guards: Darr of Marfa, Riggie of Alpine.

Center: Cowell of Alpine.

Backs: Cade of Alpine, J. Harrell of Sanderson, Vasquez of Marfa, Riggie of Alpine, Roman of Marfa.

## SANDERSON HIGH SCHOOL RETAINS ASSN. MEMBERSHIP

A recent communication from the director of supervision of the State Department of Education to Superintendent C. G. Bradford informed him that the Sanderson High School would continue its membership in the Southern Association of Colleges and Secondary Schools. The local high school has been a member of the association since 1930.

## MISS LOUISE KLEMER CALLED TO HOUSTON

Miss Louise Klemmer, local ACA secretary, returned to Sanderson Sunday night from Houston where she was called Thursday on account of the serious illness of her father. His condition is only slightly improved.

Miss Klemmer drove a new car home.

## LIONS TO SPONSOR ANNUAL FOOTBALL BANQUET JAN. 19

At the regular meeting of the Lions Club this week final plans were made for the annual football banquet to be at the high school banquet room at 7 Wednesday evening, January 22.

Lions, their wives, football boys and their families are invited

## JAN. 17 DEADLINE FOR DECLARATION OF ESTIMATED TAX

Frank Scofield, Collector of Internal Revenue for the First Texas District, reminded taxpayers that Monday, January 17, will be the deadline for filing Declarations of Estimated Tax for 1948. The final date normally is January 15 but since that date falls on a Saturday this year the filing period is automatically extended to the next official workday.

Collector Scofield explained that this filing date is of special importance to many business and professional persons, investors, self-employed and similar taxpayers who were required to file Declarations last spring but who now want to change their estimate by filing amended Declarations. Most wage earners whose pay is subject to withholding are not required to file Declarations since the withholding substantially covers their income tax, although some wage earners with large salaries or supplemental non-salary income are required to file Declarations.

He also pointed out that many of these taxpayers can "kill two birds with one stone" by filing their final 1948 income tax returns instead of a Declaration. In other words, a farmer, required to file an original declaration or a businessman desiring to file an amended declaration at this time can substitute his regular return on Form 1040, which he might otherwise wait to file on March 15. If he files his return and pays the tax in full by January 17 he can save the task of preparing and filing the 1948 declaration which is due then.

If a taxpayer in 1948 had more than \$100 of income which was not subject to withholding, he was required to file a declaration if his total income (including wages on which tax was withheld) with \$800 or more.

If all of the taxpayer's income was from wages subject to withholding, he was required to file a Declaration if his wages exceeded \$4,500 plus \$600 for each of his exemptions (for example, \$6,300 in the case of a married man claiming exemptions for himself, wife, and one dependent).

## Funeral Services For Mrs. Catarina Fuentes Sunday

Funeral services were held at Saint James Catholic Church Saturday afternoon for Mrs. Catarina Rodriguez Fuentes, 87, who died at the home of her son, Alberto Fuentes, Friday. Burial was in Santa Rita Cemetery with O. T. Sudduth and Co. in charge of arrangements.

Mrs. Fuentes was born in Ocampo, Coahuila, Mexico, April 30, 1871. She had been a resident of Sanderson for twenty-one years, having resided in several other West Texas towns of this area prior to coming to Sanderson. Her husband died in 1905.

Survivors include seven sons, Pedro Fuentes of Pecos, Eredino of Mexico, Gerardo of Fort Stockton, Antonio of California, and Moses, Jesus and Alberto of Sanderson; also three daughters, Mrs. Santos Perreda, Mrs. Manuela Sarabia and Mrs. Maris Albares also of Sanderson.

## HUMBLE WELL PLUGGED BACK FROM 12,074 TO 11,874

Humble No. 1, J. C. Mitchell, Terrell County wildcat plugged back from 12,074 feet in Pennsylvania shale and lime to 11,874 feet. It was to set a retainer at 9,000 feet and test a gas sand in the Pennsylvania. No shows of oil were obtained.

## BILL MAGILL HAS EMERGENCY APPENDECTOMY

Bill Magill, son of Mr. and Mrs. Billy Magill, is convalescing satisfactorily at his home following an emergency appendectomy in an Alpine hospital ten days ago. Mr. Magill was taken home a week ago.

Miss Marinell Gates spent the week end with her parents, Mr. and Mrs. A. B. Gates. She is a student at Sul Ross College.

## FREEZING WEATHER, .14 INCHES OF RAIN FOR TERRELL CO.

Residents of Terrell County have missed the extremely cold weather dished out by the weather man to North and West Texas areas during the week.

Following the murky weather Sunday, a fresh norther came in that night and sent the mercury down to the freezing zone early Monday. Rainfall totaled .12 inches Sunday night.

The weather moderated shortly after midnight Monday and .02 inches of rain fell. By mid-morning another cold front was moving in and the air has been mist-laden since the wind abated. Freezing temperatures prevailed until Wednesday morning when the mercury started upward and by Wednesday afternoon the sun was shining and the temperature was well above freezing.

There has been insufficient moisture in the county to produce dangerous icy highways. Ice has been noted on grass, weeds and trees in some areas.

Reports of rain over the county varied with several ranchmen reporting one-fourth and one-half inch.

The Fort Stockton highway has been almost impassable all week. Heavy trucks bogged down in the mud and have caused the highway to be closed at intervals. Sections of the road under construction that have had to depend on detours have been very slippery.

The new toll lines recently installed between Sanderson and Fort Stockton have been hard-pressed for service this week. All long-distance calls out of Fort Stockton to the west have come through Sanderson on account of ice-covered and broken wires to the west.

## SANDERSON LOSES TWO ROUND-ROBIN SERIES THIS WEEK

The three teams taken to Marfa from the Sanderson High School for the round-robin series of games last Friday came out losers in the series.

The A string of the basketball boys ended their game with a score of 50-19 in favor of the Marfa team. The B string also met defeat with a score of 38-19.

The girls volleyball team was defeated with a score of 24-19.

The Sanderson teams again were defeated when Alpine came over Tuesday to play in the regular round-robin series.

The first basketball game with the B strings playing, ended up with a score of 29-13.

The Eagles basketball team lost by a score of 35-25 and the girls volleyball team was also beaten by the Alpine team.

## DRYDEN NEWS—

By Barbara Jean Clark

Mrs. Enoch Kocian celebrated her birthday last Thursday with a forty-two party at her home. Those attending were Mr. and Mrs. Robert Pavlica, Mr. and Mrs. R. R. Clark and Mr. and Mrs. Simon Shaw. Coffee and cake were served as refreshments.

Mrs. Dick Hamilton went to Pecos last Saturday to visit her husband who is on duty there. They plan to make their home in Sanderson soon.

Mrs. Fogger Dunagan sold Ben's Cafe to Wade Harrell who plans to take over the fifteenth of this month.

Mr. and Mrs. Ben Estes and family visited with Mr. Estes' family in Millsap last week.

Mr. and Mrs. Charlie Murray of Sanderson and Miss Quinta Holiday of Houston visited Mr. and Mrs. R. R. Clark and family Sunday evening.

## GIRL SCOUT COUNCIL MEETING TUESDAY NIGHT

The Girl Scout council will meet Tuesday, January 18, at the Girl Scout hut at seven o'clock.

THE QUAGMIRE OF TOO MUCH GOVERNMENT

One of the most difficult things to do in today's world is to separate causes from effects — to find the roots of the terrible problems the nations have brought upon themselves. It is the old story of being unable to see the forest because of the trees. Ever since the war ended, we have lived through one crisis after another, domestic and international. We have been plagued by fear one day and picked up by new hope the next. The whole world might be likened to mercury in a tube, shifting violently at any disturbance, and never attaining stability. A thousand books could be written about the difficulties we are in, without touching more than the surface of the material. But, looking at the world from

the best perspective we can now find, it seems clear that the basic problem, which underlies in one way or another all other problems, is this: The trouble with the world is that it has too much government, too much absolute authority. This is not a new situation, unique to our age. The whole history of civilization has been a conflict between the individual and those who wish to enslave him. That conflict has caused innumerable wars, revolutions, economic upheavals, all manner of disasters. But in the present world the technique of enslavement has been perfected. In some cases government maintains its power with the whip and the gun. In other instances it is far subtler — it increases and solidifies its authority through the process of law. But the end result is the same

WEEK'S NEWS

NEW LEGION AUXILIARY HEAD — Mrs. Lee W. Hutton (left) of Excelsior Minn., retiring president presents gavel to Mrs. Hubert Goode newly elected head of the American Legion Auxiliary.

LIFE STORY — Ben Park (standing), director of Chicago's trail-blazing 'It's Your Life' documentary radio series, records the fight against rheumatic fever in an interview with youngsters at La Rabida Sanitarium. The daily program, covering all aspects of mental and physical health is sponsored by Johnson and Johnson.

LUCY MONROE, glamorous star of musical comedy and radio, is touring the Veterans Hospital Camp Shows circuit to sing for disabled war veterans.

BORROWED BY WIVES — These new Skipper-knitted tops for men, have knitted tops which double in sports for Tahiti, are frequently "borrowed" by their wives. These "double-knitted" pajamas are made by Wilson Brothers, Chicago haberdashery manufacturers.

JUNIOR BULL BRINGS RECORD PRICE — A 10-month-old Hereford bull was sold for \$33,333.33 at the American Royal Livestock show, Kansas City, Mrs. Inez Carter, Pampa, Texas, favored, was the purchaser.

elect it, weakens our physical security, and our chance for survival.

This is a matter of spiritual values. We have no statistics with which to compare them, no production figures to make other peoples gasp with envy. But it is spiritual values which will turn the scales, one way or the other, in the long run. The real meaning of America is in the hearts of her people, and in the freedom and the dignity of all men.

That, then, is what we have to offer at a time when the world is divided into two camps without a common meeting ground. We cannot offer more. We must not offer less. We must check our own drift toward the totalitarian state where the government becomes supreme and where individual thrift, opportunity, industry, savings, and freedom are lost.

CULTURE CLUB TO MEET JANUARY 20

The Sanderson Culture Club will meet Thursday, January 20, at the home of Mrs. W. H. Savage with Mrs. J. W. McKee as co-hostess. The executive board meeting will be at 2:30 and the regular meeting at 3 p. m.

**ADVANCE RALLY FOR METHODISTS PECOS JAN. 21**

Rev. A. C. Douglas, district superintendent of the Methodist churches of the Pecos district, preached at the morning service at the local Methodist church. Refreshment-dish lunch was served in Fellowship Hall after the service with about thirty-five guests from the local and

Dryden churches in attendance. A brief conference was held with the officials of the church. Rev. Douglas announced plans for the Advance Rally in Pecos Friday, January 21, at eleven a. m. Pastors and laymen from every church in the Pecos district are expected to attend. Bishop W. A. Smith will be in charge of the meeting and other speakers on the program include Dr. Robert J. Smith of Oklahoma City, Mrs. C. W. Mead of Omaha, Neb., Rev. R. Z. Tyler from the

Board of Missions of New York, Rev. Kenneth Copeland of Stillwater, Oklahoma, and Rev. Orbin Turner, conference mission secretary. The General Conference of 1948, assembled in Boston, received reports of the achievements of the Crusade for Christ during the quadrennium then ending. The success was so pleasing that the conference accordingly inaugurated a new quadrennial movement known as the Advance For Christ and His

Church. This movement has two objectives: the deepening of the faith and spiritual life through a teaching and preaching mission, and the expression of that life in a larger ministry to the world. The period of preparation for this movement is from January 1, 1949, to June 30, 1949. The first emphasis will be placed on Our Faith. Ten recommended titles

have been listed under each of the eight phases of Our Faith; namely, Our Faith in God, Our Faith in Christ, Our Faith in the Bible, Our Faith in Love, Our Faith in Prayer, Our Faith in the Holy Spirit and Our Faith in the Kingdom of God. A new typewriter ribbon makes a lot of difference. Get it at the Sanderson Times.

**PICTURED ABOVE**  
In the picture on the left Miss Marinell Gates, representative to the Sun Carnival in El Paso, is pictured on her float in the parade. In the picture above on the right Miss Gates is shown on the right of the aisle on the third row in the middle. David Allen, of Barstow was a visitor here last week end.

**I'm REDDY KILOWATT Your Electric Servant**

You've never seen me before because I've always stayed inside the REDDY-BOX—your electric outlet. Now I'm stepping out so that we can get better acquainted.

I'm the symbol of good electric service... your servant that runs everything electrical.

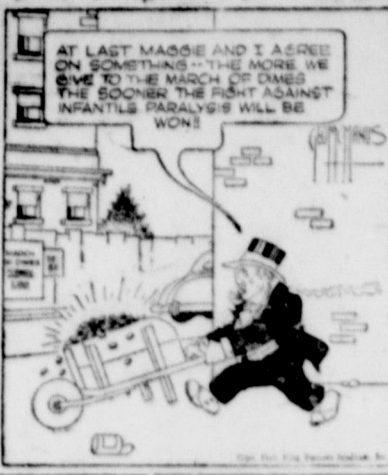

I'm not like anyone you've ever seen before. My body is made of lightning flashes—my nose a light bulb—my ears are outlets—and those two things sticking out of my head are wisps of curly hair. I move silently in my rubber shoes. I move swiftly too, at the speed of 186 thousand miles per second... I'm the fastest thing on earth.

I'm your economical and willing servant who works long hours at low wages. Whenever you want me I'll be waiting in your nearest REDDYBOX,—electric outlet. Remember, just... "PLUG IN,—I'M REDDY".

Ruel Adams, Clerk County Court,  
Terrell County, Texas.

REDDY KILOWATT  
STEPS OUT TO  
MEET PUBLIC

An energetic young fellow, full of pep and personality, makes his bow as an employee of Community Public Service Co. this week.

His name is Reddy Kilowatt and he makes his home in the hundreds of the electric outlets in this community. He's the fellow who springs forth to do your bidding whenever you snap a switch or plug in an appliance. He is always on the job, and never tires and he has the patience to wait for days and nights behind your outlets, just in case you might need the

smallest amount of service. Of course, Reddy has been around all the time, but he is making his first local appearance in this newspaper this week. You will see him stepping out from his electric outlet home and introducing himself in an advertisement elsewhere in this issue. He is the symbol of electric service and you will be seeing a lot of him in the local power company's advertising from now on.

Reddy Kilowatt is the brain child of Ashton B. Collins, former commercial manager of Alabama Power Co., who conceived him as a means of personalizing and visualizing the invisible kilowatt-hour. In putting Reddy on the payroll, Community is joining numerous other power companies in the U. S. and 14 foreign countries who are making use of his versatile services.

A homey little character, commonplace as an old shoe Reddy Kilowatt talks in everyday language about everyday things.

Not a fixed trademark always appearing in the same pose he moves, laughs, works, expresses emotion. His body purposely takes the lightning flash form associated with electricity in everyone's mind. His nose is a light bulb, his ears are convenience outlets and he moves swiftly and works safely in his rubber gloves and rubber shoes. Although he is slender he is one-third stronger than a horse. (A kilowatt equals 1,000 watts; a horsepower is 746 watts.)

He appears in any dress and in any situation. He can be a chef, a lineman, a salesman, school teacher, factory worker, farmer, or any other personality, but always he is Reddy Kilowatt, electric servant. Unfalteringly cheerful and active he is popular with grown ups and children alike. Reddy's chief job will be to give the kilowatt-hour a personality and to represent electricity as the tireless servant that it really is. His messages will be interesting and informative, designed to help local users get the maximum benefit from their electric service. So look for Reddy Kilowatt in this newspaper and elsewhere from now on. He's a willing and obedient servant — always ready at the snap of a switch.

American Legion Officers To Have Regional Meet

G. WARD MOODY

American Legion Commanders, Adjutants, Service Officers and Membership chairmen from 197 posts in the 16, 17, 18, 19 and 21 Congressional Districts will meet in Abilene Saturday and Sunday January 15 and 16, in the second of five regional meetings called by State Commander William McGraw.

The American Legion's 1949 post activity and membership

program will be discussed. Department Adjutant G. W. Moody of Austin will lead in discussions and Vern Blodgett, Fifth Division Commander, will preside. Others who will participate will be William Solberg, 18th District Commander; P. C. Stacy of Stephenville, 17th District Commander; Charles Gibson of Amarillo, District Commander; T. A. Tenpen of Big Spring, 19th District Commander and George E. van of Kermit, 21st District Commander.

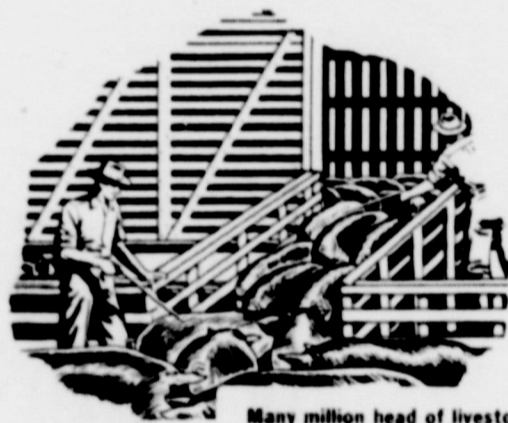

The American Legion in Texas has already passed the 50 mark in 1949 members, Adjutant Moody reports. With that number already signed for the beginning of the new year, a record membership is the goal for 1949.

New Markets are Born  
in a Test Tube

New products are developed, new uses are found for meat and by-products in Swift's Food Research Laboratories. Thus our "scientist-salesmen" help you find wider outlets for your livestock.

Many million head of livestock are marketed annually. Demand for meat from these animals has been increased by Swift research.

From livestock country to city counter, science blazes the trail for a thriving livestock-meat industry. Among these trail-blazers are 400 trained personnel in the Swift research laboratories and test kitchens. Pioneer-scientists, they develop new meat products—find new uses for more and more livestock by-products. Scientist-salesmen, they create new markets—better values for your livestock.

Yes, their work means money to you... millions! The average annual commercial slaughter for the last ten years was over 28 1/2 million cattle and calves, nearly 65 million hogs, and over 22 million sheep and lambs. That's a lot of meat—and it's a lot of by-products, too! Cowhides, pigskins, and sheepskins, by the millions, for everyday leather goods. Well over 50 million pounds of pulled wool annually for cloth and clothing. Thousands of tons of lards and soaps for home and industry. Carloads of animal feeds. Tons of hair for upholstery. The list is almost endless.

Research found how to derive life-saving pharmaceuticals from animal by-products. Here numbers are important. For example, tiny glands from many thousands of animals must be saved to produce one pound of adrenalin, powerful heart stimulant. To yield one pound of crystalline insulin, vital in the treatment of diabetes, the pancreatic glands of 20,000 cattle are needed. Important, too, is albumin, tuberculosis "detector" recovered from cattle blood—and many more beneficial, all-important medicinal products derived from animal slaughter.

Now recent research has developed an entirely new line of important chemicals from fatty acids. One chemical from fat makes clothing water-repellent. Another is a flotation agent, useful in the separation of phosphates for fertilizers. Another prolongs the life of synthetic tires by causing them to run cooler. And detergents, "soap substitutes," have been recovered for use with hard water in the home and industry. So the list grows, from day to day.

Yes, science performs a direct, very valuable business service for you, the livestock producer. Through new products and new markets, it 1) maintains or improves the position of meat on the American menu; 2) often reduces the price we get for the meat to less than we pay for the live animal; 3) enables the meat packer to pay you more for all your livestock.

City Cousin, little chump—Stuck his tongue on a frosty pump!

Business Must Serve

As you look about your own neighborhood you'll find some men who are assets to the community, others who add nothing to community life. These good citizens may be large operators or "little fellows." You do not rate them by the size of their operations but by their characters, abilities and what they contribute to the good of the community.

This same principle holds true in business. The business that performs worthwhile services to the community is an asset, whether it be a local concern or a big national organization. In our livestock-meat industry both large and small meat packing plants are essential. Two-thirds of our country's livestock is raised and fed west of the Mississippi, where the great grainlands and grasslands are... Two-thirds of the meat is eaten east of the Mississippi, where most of the people live. Large packers are needed to handle the processing and distribution of meat for a nation of 145,000,000 people.

Swift & Company has grown with the expansion of the United States in the past 65 years. That's because we perform services of value to the people of America—to farmers, ranchers, meat dealers, and consumers of meats. We have to be efficient to provide these services. Meat packers have applied to meat products the economies of mass-production and mass-marketing. We have developed one of the lowest cost food distributing systems in the nation. By saving by-products and by reducing waste, we increase the value of producers' livestock.

But so keen is the competition—in both the buying and selling ends of our business—that these services have averaged us, over the years, earnings of only a fraction of a cent per pound of meat.

To all of our friends on the farms and ranches of America, we of Swift send our sincere best wishes for a happy, peaceful and prosperous New Year.

John H. ...  
President, Swift & Company

Homemakers use more and more meat and livestock products, thanks to findings of Swift nutritionists.

Martha Logan's Recipe for PORK AND NOODLES (Yield: 3 servings)  
1 pound ground pork 1 4-oz. package noodles  
1 egg 2 quarts boiling water  
Seasoning 1/2 cup diced green pepper  
Flour 1 cup diced cooked rutabaga  
2 tablespoons shortening  
Combine pork, egg, and seasoning. Form into balls. Roll in flour. Brown in hot fat. Boil noodles, salted water 10 minutes. Drain. Combine noodles, green pepper, and rutabaga. Place in greased 2-quart casserole. Place pork balls on top. Bake in a moderate oven (350° F.) about 40 minutes until pork is well done.

Soda Bill Sez:  
New Year's resolutions are like pigs—they're made to be broken.  
It's not the hours you put in, but what you put into your hours.

QUOTES OF THE MONTH

Animals have done more to make America great than any other one thing. Directly and indirectly animals account for about 80 per cent of the jobs in the food industry, and the food industry accounts for about 55 per cent of the total employment in this country. Chicago Daily Drover Journal

Soil testing with the Illinois tests not only saves the average farmer \$50 for every \$1 spent on testing, but increases food production by using every ton of fertilizing material where it will do the most good. Roger H. Bray and A. U. The University of Illinois

Crossbred or Fine-Wool?

by A. C. Esplin  
Utah State Agricultural College,  
Logan, Utah

Crossbreeding in Western Range herds has long been a discussion point among operators. The advantages of the crossbred over fine-wool are:

- 1) Crossbred ewes are better mothers;
  - 2) they are more prolific breeders;
  - 3) they produce lighter shrinkage wool;
  - 4) they produce high percentage combing wool;
  - 5) they produce better mutton lambs;
  - 6) they are better rustlers on the range; and
  - 7) they are larger sheep.
- The disadvantages reported for crossbred ewes are: 1) they are shorter lived than fine-wool ewes; 2) they lose wool on brush and do not hold fleece when past 3 years of age; 3) crossbred ewe lambs must be sold as feeders and ewes bought for replacement; 4) they are more difficult to herd than fine-wool ewes; 5) they are not as hardy as fine-wool ewes; 6) it is impossible to maintain standards of breeding and uniform wool grades with crossbred ewes; 7) annual death losses are more than with fine-wool ewes.

This, as a whole, expresses the range operator's thinking on problems of breeds of sheep and breeding operations. Length of life, density and quality of fleece, uniformity of herd, and herding instincts are considered by the largest number of operators.

IN THE NEWS

Miss Ruth Ann Kelly, daughter of Mr. and Mrs. Lee Kelly of Prescott, Ariz.

Miss Ruth Ann Kelly, daughter of Mr. and Mrs. Lee Kelly of Prescott, Ariz., became the bride of Allan Maddy Sunday.

The bridegroom's parents are Mrs. J. C. McNeil of Phoenix, Arizona, and A. E. Mad-

Wedding vows were exchanged for the young couple in the First Presbyterian Church of Prescott.

The bride, given in marriage by her father, was attired in a white crepe dressmaker suit with accessories.

Her corsage was an orchid and she carried a prayer book.

The matron of honor, Mrs. Culver, of Prescott, wore a blue suit with black accessories and a corsage of white flowers.

Organ music was provided by Naoma Boice.

Mr. and Mrs. Maddy are residing at 118 S. Pleasant Street, Prescott where Mr. Maddy is president of the Western Stores.

The bride is a life-long resident of Sanderson and has been in Prescott during recent years with her sister, Mrs. A. Maddy.

Maddy served five years in the U. S. Navy during World War II.

Chevrolet's biggest newspaper advertising campaign will use 5,972 dailies and weeklies to announce new models January 22.

In the home of Mrs. C. C. Mitchell with Mrs. H. A. Smith in charge.

A nominating committee was named to include Mesdames N. E. Charlton, E. H. Jessup and E. E. Farley.

Mrs. H. A. Smith led the program on "The Church and Its Head" for the regular meeting which followed.

After the hymn "Faith of Our Fathers" had been sung by the group, Mrs. N. E. Charlton gave the closing prayer.

Dainty refreshments of chicken sandwiches, cookies and hot punch were served to Mesdames N. M. Mitchell, J. W. McKee, Sid Harkins, Herman Couch, E. J. Hanson, C. C. Mitchell, H. A. Smith, Lee McCue, E. F. Pierson, H. E. Schroegler, E. H. Jessup, N. E. Charlton, J. W. Byrd and J. D. Nichols.

A. Finger, second high by Mrs. Bustin Canon, low by Mrs. R. S. Wilkinson and traveling by Mrs. S. H. Underwood.

A salad plate with date bars and coffee were served to Mesdames J. D. May, S. H. Underwood, J. A. Mullins, H. E. Fletcher, Roger Rose, C. I. White, H. A. Finger, Mary Lou Kellar, R. S. Wilkinson, James Kerr, Bustin Canon and J. S. Nance.

Mrs. K. HART HOSTESS FOR TUESDAY CLUB

Mrs. Katherine Hart entertained members of the Tuesday Bridge Club and guests at the home of Mrs. Hugh Rose this week.

Orchid and white chrysanthemums were the floral decorations arranged on the dining table.

Mrs. Bustin Canon was winner of high score, Mrs. Austin Nance, second high, Mrs. Lee McCue, low and Mrs. John Harrison, traveling prize.

Mrs. Hart served pecan pie topped with whipped cream to Mesdames W. W. Sudduth, H. E. Fletcher, J. D. May, James Kerr, J. A. Glibreath, S. L. Stumberg, S. H. Underwood, C. P. Peavy.

You Won't Have To Keep This Under Your Hat

I am now associated with Mr. Watkins in the Sanderson Barber Shop - next door to the theatre. I will appreciate the continued patronage of my friends and customers.

Bridge-Luncheon At Mrs. B. Canon's

Mrs. Bustin Canon was hostess for the bridge-luncheon of the Wednesday Club at her home last week.

Carnations and asters were used to decorate the living room where four tables were arranged for the players.

Luncheon was served buffet style at one o'clock. Poinsettias formed the centerpiece for the dining table.

High score was won by Mrs. Mary Lou Kellar, low by Mrs. W. W. Sudduth, second high by Mrs. W. R. Stumberg and slam

prizes by Mrs. Webb Townsend and Mrs. W. R. Stumberg.

Members and guests present included Mesdames Lee McCue, R. S. Wilkinson, W. R. Stumberg, J. W. Pate, W. W. Sudduth, J. T. Williams, James Kerr, Webb Townsend, H. A. Finger, Herbert Brown, Mary Lou Kellar, J. S. Nance, Jimmie Martin, Austin Nance, J. C. Kern, J. A. Mullins and D. F. Sudduth of Plainview.

Rummy Club Meets Tuesday

The Rummy Club met at the home of Mrs. J. F. Gholson Tuesday afternoon. The hostess served sandwiches with a salad plate and coffee to Mesdames George Herzing, H. B. Louwein, Gene Litton, Harvey Rogers, Dick Sullivan, E. L. Hardgrave and Charles Rogers, Jr.

**SHARP DECLINE DUE TO FOLLOW WAR-TIME HIGH**

By John R. Stockton  
Professor of Business Statistics,  
The University of Texas

When the wholesale price index of the Bureau of Labor Statistics passed the previous all-time peak reached in 1920, the question inevitably arose as to whether prices could maintain this level. Since economic forecasts have tended to be highly inaccurate, it is perhaps better merely to refer to the past record and let it supply the forecast. The above chart shows every major war in which the U. S. has been engaged has been accompanied by an inflationary rise in prices. And every wartime inflationary rise in prices has been followed by a sharp decline.

Wars cause inflation because they are financed by government borrowing in one form or another. It is generally true that taxes are increased, but a substantial portion of war expenditures have always been financed by the expansion of credit. New purchasing power is thus put in the hands of consumers at a time when the government demands for munitions prevent a corresponding increase in the supply of goods available for consumers to buy. The result of this situation is inevitably a rise in the prices of available goods.

During World War II the rise was held in check by price control supplemented by rationing, but with the end of price control at the end of the war, the inflationary factors were free to push prices upward.

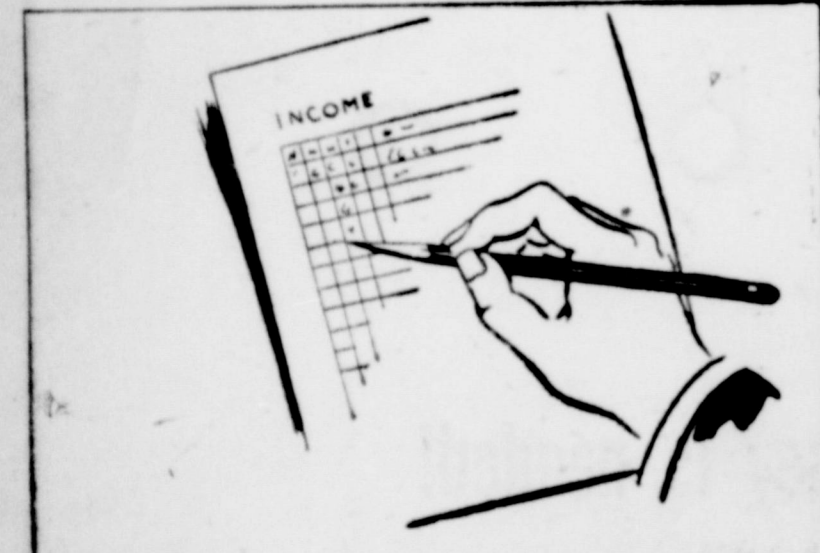

The end of the rise in prices after past wars has followed the same pattern: rising prices have tended to absorb some of the excess purchasing power, and at the same time the production of consumer goods increased with the ending of the demand for munitions. By 1920, following World War I, the supply of goods had caught up with demand, and it was suddenly discovered that there was a surplus of all kinds of commodities. Farm products were the first to feel the effects of these factors, but the other commodities followed. The index of wholesale commodity prices dropped from 165.8 in August 1920, to 93.5 in August 1921. Similar drops occurred after the Civil War, the War of 1812, and the Revolutionary War. It is always dangerous to base a forecast on the assumption that history will repeat, but with the pattern so definitely established it would be foolish not to watch carefully for a repetition of the pattern of four previous wars. Many details of the present situation are different from past wars, but the basic factors are the same.

In planning an investment program, the trend of the price level is an important factor. The logical time to buy property or invest in ownership equities, such as common stock, is when the trend of the price level is upward. As prices rise the value of the property will increase. When prices are falling, the value of common stocks and property tends to decline, but purchasing power of money invested in bonds increases as price level drops. If a \$75 savings bond was held for 10 years during which the price level rose 50 per cent, the \$100 received by the owner of the bond would buy as much as \$200 would buy bought 10 years earlier. Not only does the bond-holder receive interest on his investment, but purchasing power of the investment increases in the same proportion as the price level declines. Since it is important that the bonds be absolutely safe, in periods of falling prices, U. S. Savings Bonds are ideally suited as a hedge against inflation.

**HI-YO, LITTLE BEAVER!**—Eleven-year old Don K. Reynolds of Van Nuys, Cal., will do trick riding and foping at the Southwestern Exposition and Fat Stock Show rodeo in Fort Worth January 28 through February 6. The rodeo and movie star, who will play 'Little Beaver' in forthcoming Red Ryder films, is shown here astride his two matched Palominos.

From where I sit... by Joe Marsh

**We Both Won This One**

Blew my top the other morning when I discovered a shirt I'd put on had two buttons missing.

"Joe," the missus says, "do you ever read what you write? For a man who writes newspaper pieces all about tolerance, you sometimes show a lot of race prejudice."

"Race prejudice!" I holler. "No one can accuse me of that." "I mean prejudice against the entire human race," she interrupts with a smile. "Why get mad at the world over two little buttons? That took the wind out of me."

From where I sit (as I told the missus that evening), a lot of us sometimes get too worked up over little things... little differences of opinion or taste. One person prefers beer or ale, another prefers cider or lemonade. But why criticize the other fellow just because his tastes aren't the same as ours? "That sounds more like you, Joe," she laughs, snipping off a thread. (It so happens she was sewing on buttons.)

Joe Marsh
