Terrell Citizens Buy \$75,432.75 In Savings Bonds

The people of Terrell County bought \$75,432.75 worth of U.S. Savings Bonds during 1948, according to a year-end report by Harry Owens of Dallas, state director for Savings Bonds. During the same period, the people of Texas bought \$196,448,587.50 worth of these securities.

Mr. Owens said that Texans now oun more than \$1.5 billion worth of Savings Bonds which earned \$42,372,000 in interest in the year.

To illustrate the practical aspects of thrift, as represented by the Savings Bond program, Mr. Owens pointed out that the the squad of 35 men would be annual interest from bonds held by Texans, if converted into residential construction, would build 4,237 homes costing \$10,000 each, or, if considered in terms of higher education or wages and salaries, would give a fouryear college education to 14,124 students at the rate of \$750 per | year year, or provide an income of \$225 per month for a full year J. Sul Ross Lobos Give Tangerine Trophy To School At Assembly

At a special assembly of the student body and faculty of Sul Ross College and the citizens of Alpine last week, Coach Paul E. Pierce representing the coaches and the undefeated Sul Ross Lobos of 1948 presented President R. M. Hawkins with the Tangerine Bowl Classic trophy which was won by the flip of a coin after Sul Ross had tied with the Thorobreds of Murray State College, Murray, Kentucky, 21-21 on the evening of January 1 in Orlando, Florida.

After Coach Pierce's presentation speech and Dr Hawkins' acceptance statements on behalf of the Board of Regents, the faculty, the students the students, and friends of the college, Dr. Hawkins stated that each of presented with a wrist watch as soon as possible.

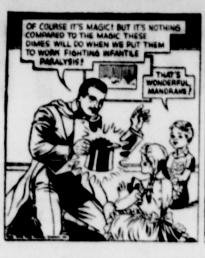

Both speakers lauded the Lobos for the victories, sportsmanship and good will created for Sul Ross during the season

LINDA'S THANKS

Help Sought In Preventing Epidemic Of Mumps in Texas

AUSTIN, January 20, -Commenting on the necessity for individual cooperation in effecting the control of mumps, now widespread throughout the state, Dr. George W. Cox, state health officer, emphasizes the fact that the contagion factor is present before any symptoms appear, and strict isolation of all patients is the surest means of controlling this disease.

Mumps is transmitted by direct contact with an infected person or articles freshly conthe mouth or nose of persons having the disease. It takes from 12 to 26 days for mumps to manifest itself after infection occurs. The disease can be easily transmitted, but one attack usually establishes permanent immunity and second attacks are very rare. at the Sanderson Times

The most easily recognizable characteristic symptom of the disease is a painful swelling of the salivary glands. Sometimes there is an involvement of other portions of the body causing disusually accompanied by a temperature rise which more often than not is mild.

"Patients suffering from the disease should be isolated from other member of the family immediately upon the suspicion that mumps exisits, and the family physician should be called in promptly," Dr. Cox said. "In the meantime, complete rest taminated by the secretions of in bed is indicated. The doctors gins, Lee Kelly, J. C. Green, Mrs. orders should be followed strict- Raymond Farley and Arnett Ross ly. COUNTY RESIDENTS transferred to Texas from other CONTRIBUTE TO MARCH OF DIMES

Letters were mailed last week to the residents of Terrell County by W. W. Sudduth, local chairman, soliciting donations to the March of Dimes. January has been designated for several years as the month for funds to be raised throughout the United States. To date approximately \$150 has been contributed by citizens of Terrell County.

All money contributed to the March of Dimes will be used for the treatment and rehabilitation of victims of polio. To date, no cases have originated in Terrell County. However, many other counties in Texas have not been so fortunate as the dreaded disease has reached an all-time high for 1948. Money has been
