

Council Calls Election For April 3

VFD Plans Weekend Candy Shoot

Friena Volunteer Fire Department will sponsor a candy shoot Saturday and Sunday at the skeet range east of town. Events will begin promptly at 1 p. m. and a three pound box of Pangburn's candy will be awarded the winner of each five-man shoot, according to Ralph Shirley, fire chief. Entry fee will be \$2 per shooter for each round. The proceeds from the shoot will be used to help pay for a new truck for the department. Shells will be on sale at the range and guns will be furnished free to those who do not bring their own.

Students Begin Council Race

Politics moved into Friena High School this week. Students are turning their attention from the state and national political races and beginning their own campaigns for Student Council offices. Nominations for the council offices were completed at a school assembly Wednesday at 11:45 a. m. Students will cast their ballots next Wednesday morning during the Home Room period, according to Raymond Cook, principal.

Candidates for president are Max Reeve, Janet Buckley, and Mickey Wilson. Sharon Reeve and Marica Lynn Massie will compete for the vice president's position. Following an explanation of the qualifications for office by Floyd Reeve, outgoing president, the floor was turned over to campaign managers of candidates for short speeches at the Wednesday assembly.

Zahn Joins Senate Race

John Zahn, Farwell real estate dealer, has announced that he will seek election as State Senator from the 30th Senatorial district which includes Parmer County. Zahn, 36, is a Republican who has resided in Farwell for the past five years. "I feel like it is time Texas had a two-party system and feel it would make for a better government to have such a system," he said in making his announcement.

Long, Welch In Race For Demo. Chairman

Wes Long, Hub farmer, has announced as a candidate for Parmer County Democratic chairman. Long joins Nelson Welch, who has served as head of county Demo party for past two years after being elected to the post in '60, in the race. Both men are Friena residents. Welch succeeded Gabe Anderson of Farwell who served for several years prior to 1960. Candidates of Long and Welch are subject to May 5 Democratic primary.

Selection Of Jury Starts Civil Case

Selection of a jury to hear a civil suit brought by Vincent Carr and Warlick Carr against Charlie W. Crisp begins this morning in District Court with Judge E. A. Bills presiding. Prospective jurors were notified at the latter part of last week after the list was completed Jan. 31. Jury list includes: Grady King, J. J. McDonald, John McGehee, James Robinson, Riley Goodnough, Willie Steinbock and Ben Foster Jr. of Muleshoe Route; Mrs. Ray Landrum, Waldon Slayton, Geo. W. Jones, Mrs. Sam Williams, Archie L. Tarter, Friena; Kirt Crume, LaVon Jones, Don Gerles, Raymond Martin, M. A. Snider Jr., Conrad Nelson, Ernest Kube, Bob Hammonds, Mrs. Prentice Mills, Mrs. Willis Hester, W. O. Chadwick Jr., James W. Patrick, Mrs. A. F. Phillips, Sterling Donaldson, Mrs. Delbert Garner, L. L. Cooper, Truett Hardage, Mrs. James D. Roach, Donald Christian, Melvin Terry, A. H. Haseloff and Monty Barrett, Christian; Ovid Lawlis, James R. Boardman, G. D. Anderson Jr., O. M. Hammonds, Jimmy Ware, Mrs. Frank Edwards, Connie O'Brien, Jack Woltman, Bovina; Marvin Lawson (Moved to Amarillo) Friena; Glen Scott, Frank Hinkson, Ewell Mitchell, Lazhuddle; Earl Peterson, Muleshoe; and Mrs. L. L. Norton, Texico Route.

Local officers, Ben Moorman (shades) and Howard Mayfield help Dale Hart (behind truck) transfer mail from the smashed car to another vehicle after Mrs. Vera Day Route 1 carrier, collided with a Kendrick Oil truck Monday morning. Mrs. Day and her brother, Lee Miller (a passenger) were in good condition at Parmer County Community Hospital Wednesday.

Terms Expire For Mayor; Two Aldermen

Friena city council officially called an election for April 3 for the purpose of electing two aldermen and a mayor at the regular council meeting Monday night. Terms of office will expire for Mayor Raymond Fleming and Aldermen Glenn Reeve and Eddie Mell. Other members of the present commission are Bill Nichols, Wright Williams and Kenneth Williams. Mell moved from Friena last year but the vacancy was not filled. Judges named for the election are Nelson Welch and George M. Baker, Clerks are Mrs. Rose Lange and Mrs. Ira Holt. Candidates for the office must file application for ballot with the City Manager on or before March 1. Other official business included the appropriation of \$300 to be used in purchasing a new fire truck for the city. Ralph Shirley, fire chief, requested that the remainder of the money budgeted for new fire fighting equipment be used for the truck purchase. The balance of the required funds was taken from the maintenance fund. The pump and tanks presently on the old truck stationed in the west side of town will be mounted on the new truck. A worn transmission, differential, housing and dangerous mechanical brakes were cited as the major reasons for replacing the truck. "It would cost between \$450 and \$500 to repair the old truck and we still couldn't change the brakes," Shirley said. The new truck will be delivered in about three weeks and the firemen will transfer the tank and pump, according to Shirley. The pump used on the unit is the first pump obtained by the Friena Volunteer Fire Department and is the only pump which will operate while the truck is moving. This feature makes it invaluable when fighting grass fires. Firemen plan to finish painting (Continued on page 2.)

Crash Injures Mail Carrier

Two persons, Mrs. Vera Day, and her brother, Lee Miller, were injured in a car-truck collision early Monday near Kendrick Oil Company when the car Mrs. Day was driving struck the rear end of a Kendrick transport truck. They were taken to Parmer County Community Hospital by Claborn Funeral Home ambulance for treatment of cuts and bruises. Hospital attendants reported Wednesday that Mrs. Day and Miller were both in good condition. The accident occurred as Mrs. Day began her daily run to deliver mail to patrons on Route 1 out of Friena. Mrs. Day has been carrying the mail over this 100 mile route daily except Sundays and holidays for the past four years and this is her second accident.

Legion Hosts Zone Meeting

American Legion Post 206 will host a zone meeting in Friena Feb. 13 at the American Legion Hall at 7:30 p. m. Representatives from the Northern Panhandle area posts are expected to be present at the meeting. Bruce Miller, attorney from Hereford, will address the group. "We are expecting at least 50 representatives at the meeting," Frank Reed, Legion commander, said. A barbecue supper will be served by the American Legion Auxiliary during the meeting. Mrs. Marlene Drake has requested all local members to make a special effort to attend.

VOL. 39, NO. 19 14 PAGES SECTION I

County Stock Show Set For March 8-10

Parmer County Junior Livestock Show was scheduled for March 8-10 by the show committee recently. The event will be conducted in the Friena Bus Barn under the sponsorship of the Friena Lions Club. A large tent will be erected to house the sheep events. Entry fees for the 1962 show have been set at one dollar each for barrows and lambs and two dollars for steers. No individual will be allowed to enter more than one steer or a combination of three animals with a limit of two each in the case of barrows and lambs. Barrows will be received Mar. 8 to open the show. By the afternoon of Mar. 9, sifting and judging of barrows and lambs will be completed and steer superintendent will begin receiving the cattle. Steer judging will be completed in the morning of Mar. 10 and the sale will be conducted that afternoon. "We will sell only the top ten steers in each of the four classes this year," Bill Nichols, show supt., said. Steers are divided into four equal classes according to their weight. Tentative plans are for the sale of 60 barrows and 30 lambs. Entries must be approved by either a vocational agriculture instructor or the county agent before they will be accepted by the show committee, according to Nichols. Show superintendents are: M. C. Osborn, steers; Otho Whitefield, sheep; and Jack Fulgham, hogs. Hay may be purchased from (Continued on page 2.)

JOHN ZAHN Farwell candidate for state senate

John Zahn Opposes 'Socialistic Trend'

John Zahn, Farwell real estate dealer, is fed up with present 'socialistic trends' in the government and has decided to do something besides sit and howl. He filed as a Republican candidate for 30th district state senate seat Monday. Zahn is not an experienced politician but he does not seem intimidated by the monumental task of defeating the incumbent Democratic Senator Andy Rogers in the coming campaign. "Zahn was raised in Democratic surroundings but became a political independent while attending Baylor University. He points to 1951 as the time when the Republic's viewpoint began appealing most strongly. Although he may not entirely agree with the Republican platform, he looks upon it as the only logical means of stopping the "socialistic movement." "The Republican party is the only conservative element left to fight the socialistic trend in our present government," Zahn said. "We've GOT to buckle down and stop the drifting away from the principles on which our government was founded before it is too late" he added. "I do not want to see the government in any business which can be operated by people on a free enterprise basis," he stated. The 36-year-old ex-postmaster of Farwell looks upon the 'New Frontier' as the 'final ruin' of this country. The tall, dark haired Zahn explained his decision to enter the senatorial race very simply: "I am interested in preserving the principles upon which our government was founded and I think the state senate will be a good place to start working in this direction," he stated.

NOTICE!!!!

F. W. Mattox, president of Lubbock Christian College, will present his final lecture on "Communism vs. Christianity" Sunday at 3 p. m. in the High School Auditorium. The first presentation last Sunday was described as "exceptionally entertaining and informative" by persons attending. No admission is charged and it is not considered as a religious program.

Walter Loveless Announces For Justice Of Peace

The Parmer County News-papers have been authorized to make the following political announcement. "I publicly announce my candidacy for Justice Of The Peace, Precinct 2, subject to the Democratic primary, May 5. "I have had six years of experience in this office and four years as corporation court judge. I believe I am qualified to fulfill the duties of the office and will do so to the best of my ability. Your vote and influence will be appreciated. Walter Loveless Box 16 Phone 8602

Five Plead Guilty In District Court

Judge E. A. Bills presided over 17 district court cases Jan. 31, in which five men pleaded guilty, all to charges of burglary, Hugh Moseley, county clerk, reports. Jackie Dickerson of Hereford was sentenced to eight years on five charges, with terms to run concurrently, for burglaries in Bovina involving two break-ins a Cicero Smith, and others at Hartwell's, Bovina Schools and Bovina implement. Bobby Rodgers of Friena was sentenced to serve eight years for burglaries at the school, Cicero-Smith and Hartwells. L. D. Locke, Hereford, was also sentenced for eight years for seven offenses, burglary at Associated Growers of Friena; Cicero Smith, Williams Mercantile, Bovina Implement, Three Way Chemical and Wilson Super Market at Bovina and AA Bowl at Farwell. Randall Follis of Dimmitt pleaded guilty to breaking and entering Gladys' Ready To Wear in Farwell Sept. 4 and received an eight-year sentence. Charlie Scott pleaded guilty to a charge of taking 3800 pounds of milled grain from the Charlie Vasek place near Parmerton Dec. 21, and received a four year sentence.

Co-Op Gin Sought For Black Area

A group of Black farmers and businessmen have called a meeting in the Black Community Center Monday at 8 p. m. to determine the desirability of constructing a Co-Op Gin in the area. Bill Carthel, Charles Myers and Travis Stone visited a gin in Odonell recently where they inspected a Gordon-Moss plant like the one under consideration. The capacity of the plant is considered to be 16 bales per hour. It is equipped with dual suction for each trailer with twin lines to the feeder where it reduces to a single stand. Such a gin would need a membership which could guarantee a minimum of 5,000 bales per year in order to make the enterprise worthwhile, according to Myers. Cost of purchasing the gin and putting it into operation is said to be \$250,000.

Editorial Comment:

Political Rats' Nest

There is a rats' nest in Austin which must be cleaned out in the very near future if we are to continue to call our state government a Democratic operation.

In theory, the government in this country is supposed to represent the majority of the people. In practice it represents only those people and organizations with the financial backing to buy enough political power to gain their objectives.

A good example of such practices occurred during the last special session of the legislature.

Threats, outright lies, expensive parties, bribery (now called retainer fees) and political skulduggery were used to keep Senate Bill 39 from reaching the point where it could have been passed by a simple vote of the legislature.

In effect, the bill would place the sale of gas for irrigation purposes under the jurisdiction of the Railroad Commission providing the company selling the gas was already a utility by nature. It would not affect the gas or oil companies not already classed as utilities.

The bill was initiated by the High Plains Gas Users Association, which consists of a group of Panhandle farmers, as an effort to bring their gas rates in line with what is considered a 'fair rate' of return for the gas company.

Dr. E. A. Steinberger, noted gas rate consultant, was asked what he was doing

mixed up with a bunch of communists by the head lobbyist for Lone Star Gas Company when it was learned that he was in agreement with the high plains organization, according to very reliable reports. (Steinberger prepared a report for the organization earlier this year which indicated that Pioneer Natural Gas Company was operating under a higher rate of return than was considered 'fair') Such insinuations are unnecessary—particularly when the only motive behind the remark is personal gain and not a true concern for political affiliations.

Money is and was used to buy the votes of a few representatives. (The exact number is not known.) Although outright bribery is supposedly prohibited, vote buying is still practiced with little attempt at secrecy. A conversation overheard at the door of the senate lobby ended with the statement, "Go back and cast your vote and then go collect your fee."

There is only one group of people who will be able to end the slimy mess in Austin. That group is the state senators and representatives. And a number of them will be elected this year.

The governor or any other political official cannot stop the bribery, lies and graft without the help of the legislature. The senators and representatives must pass the laws and so long as they succumb to the temptation offered by professional bill killers, liars and snakes, the present political rats' nest will continue to stink and contaminate our government.

Use your vote as a broom this year.

Council Calls--

for the truck with the proceeds from the several fund raising projects which they sponsor each year. Their first effort in this direction is a candy shoot Saturday and Sunday at the skeet range east of town.

"I believe we can finish paying for the truck in two or three years," Shirley said.

The council considered the need for a new policy vehicle and directed the city manager to accept bids from dealers. The present police car registers 64,860 miles and has required \$631.93 maintenance during the past six months. It was placed in operation in 1960 and has seen almost continuous operation since.

"I feel it is unsafe to use as an emergency vehicle," Ben Moorman, police chief, stated when asked to give his opinion of the condition of the car.

The council approved the \$3,200 low bid from Galloway Implement Company for a two-ton, flat-bed dump truck to be used in street repair and maintenance.

Of the four bids submitted for the truck, there was less than \$150 between the high and low bid.

O. L. Outland, city manager, and Bill Sheehan, attorney, informed the council of the results of correspondence with Santa Fe Railway in an effort to obtain permission to drill water wells on the railroad property if the need arises in the future. The railroad had requested additional details and background on the request.

Sheehan also suggested that the council pass an ordinance prohibiting the drilling of oil wells within the city limits without a permit from the city. Such an ordinance would be a safeguard against the unpleasant situation now being endured by several towns—should oil ever be discovered here—according to Sheehan. No action was suggested at present.

Request for adjustment of a 1960 tax assessment on a house trailer was withdrawn after the commission explained that they should have the report of a board of equalization prior to any action on their part.

The commission voted to raise the salary of Jean Roberts, city water clerk, \$10 per month after recommendation by the city manager. Mrs. Roberts has completed one year as a city employee.

Purchase of a 10-key adding machine for the administrative office was approved.

Authorization was given to remove the engine from an old ditching machine and mount it at the city pump station for use as an emergency power should the electricity fail. The installation of the engine is hoped to reduce the key rate for fire insurance within the city. The ditching machine was not considered worth the expense of repairing.

Excerpts from the city manager's report for the preceding month show the following:

A concentrated effort was made to get in all tax collections the final two days of the month by making personal telephone calls on each taxlisting that had not been paid. Tabulation as of 1 February 1962 shows \$61,223.27 collected from the \$62,833.94 roll for a 97.4% collection. This leaves a total of \$1,610.67 outstanding as of February 1, 1962. Since that date \$50.18 has been collected leaving a total of \$1,560.49.

Only three building permits were received during the month. All were for move-in, ready-built houses for a total estimated value of \$12,800.

Unusually cold weather with a temperature of -5 degrees below zero on the night of 10 January caused contraction of the ground and street just east of the water tower and thereby caused a 4" water main to separate. Only the Friona Growers and Shippers was affected by the outage and repairs were made after the arrival of more favorable weather on 16-17 January.

Freeze plugs and pins giving away in frozen meters prevented any serious damage to the water meters, however, 24 meters were renovated, cleaned and replaced during the month. Approximately 4,094,691 gallons of sewage were pumped during the period. Eight hundred forty-nine kilowatt hours of electricity were used at an approximate cost of \$8.12.

Of the eight fire calls during the month, only two were inside the city limits for an estimated loss of \$400. The remaining six calls were to rural areas with an estimated total loss of \$5,700.

The two orders for fire hoses, placed during December, arrived at the City of Friona Fire Department on 27 January. Receipt of the siren and two hand extinguishers were still pending.

There were a total of 26 arrests made during the month. Of these, 7 were for drunkenness, 2 for vagrancy and investigation, 9 for traffic violations and the remaining 8 were given traffic warning citations.

After extreme cold temperatures in the middle of the period, over a half inch of rain fell on 25 January to cause the patching of 96 small holes in 5, 6, 7 and 8th streets during the following three days.

Stock Show--

the Lions Club at the show for fifty cents per bale, or showmen may bring their own. Hay will not be given away as has been the practice in the past.

Showmanship awards will be presented to a winner in steer, sheep and barrow divisions in addition to the ribbons awarded

according to placement. No cash prizes will be awarded.

A nightwatchman will be provided by the Lions Club throughout the show.

"We are anticipating approximately 70 steers, 40 sheep and 130 barrows," Nichols said.

The time of the show was set to coincide with Public Schools Week in an effort to prevent

students from missing school unnecessarily. Nichols reported.

"In the past years, the quality of animals has improved and we look for animals of a quality which would be a credit to any show this year," Nichols said.

Participation from all the county FFA and 4-H Clubs is expected.

MR. AND MRS. RANCE GERALD BROWND

Of Interest To ★ THE WOMEN ★

Double Ring Ceremony Unites Erma Drake And Gerald Brownd

Miss Erma Lou Drake and Rance Gerald Brownd were married Sunday afternoon, February 4, in a double ring ceremony at the Friona Methodist Church. Rev. Wallace Kirby, pastor, read wedding vows as the couple stood before an altar centered with a large wedding ring decorated with greenery, white gladioli and red bows. The ring was flanked by bouquets of white gladioli and candelabra holding white tapers. The bride's parents are Mr. and Mrs. Arthur Drake, Friona, and the bridegroom is the son of Mr. and Mrs. R. V. Brownd of Levelland.

Escorted to the altar and given in marriage by her father, the bride wore a gown of candlelight deluster satin designed with batteau neckline. The princess lace bodice was enhanced by long sleeves tapering to petal points over the hands. The floor-length skirt was highlighted by sprays of lace that swept to a chapel train. Hand made organza roses and sprays of pearlized orange blossoms held her fingertip veil of silk illusion. She carried a white Bible topped with a pearlized white Cattleya orchid. Miss Betty Drake was her

selection and accompanied Jimette McLean as she sang "I Love You Truly" and "The Wedding Prayer." The groomsmen were Bill Maddox, sister of the bridegroom, was bridesmaid, Peggy Drake, sister of the bride, served as junior bridesmaid. They wore identical red velvet dresses with tulle overskirts and headpieces of white flowers and tulle. Their corsages were Colonial style white gladioli. Rickey Byers of Levelland served as best man and Bill Maddox, Levelland, was groomsmen. Jerry Cass, Friona, was junior groomsmen. Miss Janet Reece of Canyon, cousin of the bride, was the flower girl and ring bearers were Tommie and Rick Shelton. Ushers were Owen Drake, cousin of the bride, and Bobby Birdsong of Levelland.

Miss Lawana Towery, daughter of Mr. and Mrs. Eldon Towery of Route 1, Friona, is one of nine nominees for Homecoming Queen at South Plains College at Levelland. Miss Towery is a 1961 graduate of Friona High School. The coronation of the queen will take place during half-time activities at the basketball game between South Plains and Lubbock Christian College Friday evening, January 9.

Lullaby Shower Fetes Angela Gayle Brooks

Angela Gayle Brooks of Hereford was honored with a lullaby shower in the home of Mrs. M. J. Stacy recently. Co-hostesses were Mesdames Arthur Drake and Russel O'Brian. Corsages centered around baby rattlers were presented to the mother of the honoree, Mrs. Gary Brooks, and her grandmothers, Mrs. Alvin Brooks and Mrs. Mack Bainum.

Following a game session refreshments were served by the hostesses. Those present were Mrs. J. E. McCathern and Mrs. Dwayne Cassels of Hereford, Mrs. Driz Holman of Amarillo, Mrs. G. C. Cogdill and Mrs. Wilbur Cogdill of Clovis. Also Mrs. Thomas Gibson and Ronnie, Mrs. Edward Allen, Mrs. Hoyt Smith and Adelle, Mrs. Lloyd Chesher and Cindy and Mrs. A. S. Grubbs.

Those sending gifts were Mrs. Rene Snead and Janet, Mrs. Kenyth Cass, Mrs. Mayme Adams, Mrs. Bud Elmore, Mrs. Dale Spivey, Mrs. Fern Barnett and Betty, Mrs. Urschel Perkins, Mrs. Artis Fallwell, Mrs. Ronnie Castleberry, Mrs. Charles Bainum and Mrs. Lucy Vestal.

Maggie Hamlin Circle Begins New Studies

"Churches for New Times" is the new topic of studies of the Maggie Hamlin Circle of the Woman's Society of Christian Service of the Methodist Church. Names of missionaries with recent birthdays were read and a prayer for their work was given by Mrs. Ford.

Mrs. Schlenker Hosts Rhea Club Meeting

Rhea Home Demonstration Club members met in the home of Mrs. Malinda Schlenker January 24 at 8 p.m. Mrs. Jack Patterson, president, conducted the business session and Mrs. Shirley Smith gave a council report and recommendations of standing committees of Parmer County Home Demonstration council and this report was accepted by members. Mrs. Cordie Potts gave a discussion on "Your Poll Tax and You."

Friona Woman's Club Elects New Officers

Friona Woman's Club met January 24 for election of officers and an interesting program presented by two foreign

exchange students in this area. Officers chosen during the business session were Mrs. Wesley Hardesty, president; Mrs. Edgar Carney, vice-president; Mrs. Bill Baxter, secretary; Mrs. H. C. Kendrick, treasurer and Mrs. Ed White, reporter.

Party Honors Barbara Baber

Barbara Baber was honored with a birthday party Thursday evening at 7:30. Hostesses for the occasion were Mesdames Frank Baber, Sam Rule, Frank Griffith and J. B. Buske. Party sandwiches, cake and coffee were served to guests. Attending were Frieda Floyd, Janet Rushing, Phyllis Holcomb, Lynda Chandler, Patsy Rule, Karen Hughes, Lorene and Lanore Jackson, Sarah Fallwell, Gail McGlothlin, Mary Ann Roberts, Darlene Wilson, Janet Stevick, Arleta McCellan, Marcella Massey, Martha Wages and the honoree.

Guest speakers for the program were Motee Teren' from Kobe, Japan, foreign exchange student at Dimmitt and Ann Jensen, Friona's exchange student from Denmark. Ann was introduced by Raymond Cook, High School principal, and Motee's introduction was made by Mrs. Hugh Blaylock of Dimmitt. Both girls were dressed in their native costume and spoke about their countries. A discussion period followed.

Hostesses Mrs. Pearl Kinsey and Mrs. Oscar Lange served refreshments to twenty members and guests, Mrs. Blaylock and Mrs. George Webb from Dimmitt & guest speakers.

Lois Chapin-Jimmy Owen Wed In Recent Ceremony

Miss Lois Lynette Chapin and Jimmy Charles Owen were married recently in a double ring ceremony at Littlefield. Parents of the couple are Mr. and Mrs. Doyle Chapin and Mr. and Mrs. Bill Owen of Littlefield. L. C. Chapin of Bloomfield, N. Mex., grandfather of the bride, read the wedding vows for the couple as they stood before an altar decorated with baskets of white gladioli, mums and white candelabra holding white tapers.

At the reception the bride's table was laid with pink net over pink and centered with an arrangement of pink carnations and white tapers. Mrs. Owen is former resident of Friona and attended the Friona schools. She graduated from Sudan High School and attended Lubbock Christian College. Mr. Owen attended Littlefield Schools. The couple will reside near Littlefield where he is engaged in farming.

Baby Girl Born To Jimmie Gores

Sherry Fay, is the name of the new daughter born to Mr. and Mrs. Jimmie Gore of Amarillo, January 27. She was born at 4:06 a.m. in the Northwest Texas Hospital and weighed eight pounds and five ounces.

Grandparents are Mr. and Mrs. H. R. Cocanougher and Mr. and Mrs. R. N. Gore of Friona. The baby has a brother, Russell Ray and a sister, Rhonda Gay.

Collier Families Have Visitors

Out of town guests visited in homes of relatives in Friona last week. They were Mr. and Mrs. George Collier, Gaylene and Archie of Denver; Mr. and Mrs. Herman Tedford, Jerry, Dennis, Linda and Debbie of Fayetteville, Ark., and Mr.

and Mrs. Charles Cason Sr. from Wellington, Texas.

Families they visited were Mr. and Mrs. Preach Collier, Mr. and Mrs. G. A. Collier, Mr. and Mrs. Pug Collier, Mr. and Mrs. Leroy Collier and Mr. and Mrs. Johnny Mars and families.

A reunion luncheon was served Saturday in the home of the G. A. Colliers.

Shower Honors Mrs. Lookingbill

Mrs. Fred Lookingbill was guest of honor at a surprise baby shower Monday afternoon in the Plains Publishers building.

Cake and coffee were served to Mesdames Robert Collier, Jerry Eakins, Matt Brown, Bill Schwab, Glenn Floyd, J. G. Baker, Bill Stephens, Gary Hicks, George Jones, Gary Goetz, Tom Lewellen, Ella Faye Holcomb, Forrest Osborn, Delton Lewellen, Herbert Garth, and Miss Marie Roberson.

Also Claude Porter, Wilbert Varner, Walter Cunningham, Dale Williams, John Getz and W. H. Graham.

Club Members Meet Friday

Several members of the Fun and Fancy Club met Friday afternoon in the home of Mrs. Bill Bandy.

Year books were completed and a social period followed. The hostess served coffee and donuts to Mesdames Rudolph Renner, Lloyd Rector, Lee Renner, Doyce Barnett and Marvin Jordan.

Next meeting will be March 2 in the home of Mrs. Doyce Barnett.

Mrs. Dickinson Buried Saturday

Funeral services for Mrs. Elizabeth Dickinson, 68, of El Monte, Calif., formerly of Amarillo, were held at 10 a.m. Saturday in the Friona Baptist Church with Rev. John Ferguson officiating.

Mrs. Dickinson was born January 24, 1894, in Breckenridge and had moved to California from Amarillo in 1938.

Survivors are three sons, Jess Staples, San Diego; Melvin Staples, Spokane, Wash.; R. V. Staples, El Monte; three daughters, Mrs. Elizabeth Neavill, El Monte; Mrs. Violet Gremstead, Fort Ord, Calif.; Mrs. Donna Tracy, West Covina, Calif.; four sisters, Mrs. Dollie Williams, Hereford; Mrs. Nettie Bell and Miss Francie West, of Memphis, Tenn.; Mrs. Janie Fulk of Amarillo; one brother, James West of Washington, D. C., and 18 grandchildren.

Burial was in the Bovina Cemetery under the direction of Claborn Funeral Home.

Study Club Has Regular Meet

Members of Modern Study Club met Tuesday evening for their regular meeting with Mrs. Dalton Caffey and Mrs. Weldon Dickson serving as hostesses.

Club collect was repeated followed by a brief business session. Mrs. Dan Ethridge was elected as delegate to the convention at Plainview in April. Mrs. Sloan Osborn was chosen as alternate.

New Dimensions Through Knowledge of World Problems was the program theme using the quotation "The Lord has made us neighbors, let justice make us friends." Mrs.

Paul Spring spoke on "The Armaments Race" and Mrs. George Taylor discussed "Foreign Aid Since World War II." Refreshments were served to seventeen members.

Mrs. Long Presents Home Landscaping

Program topic, "Home Landscaping," was discussed by Mrs. W. H. Long at the regular meeting of the Hub Home Demonstration Club Thursday.

Mrs. Bill Chester, hostess, served refreshments to Mesdames W. E. Stringer, Albert Cannon, A. L. Black, Aubrey Cannon, Paul Daniel, E. J. Hall and Long.

Words are an attempt to grip and dissect that which in ultimate essence is ungrippable as a shadow. --Samuel Butler

Eastern Star Meets Monday

Monday night members of the Eastern Star will meet in the Masonic Lodge Hall at 6:30 for a salad supper.

District deputy, Lois Smith, from Olton will be a special guest, and all members are urged to be present.

Miss Karen Treider, daughter of Mr. and Mrs. George Treider, Friona, is the bride-elect of Eugene M. Zinsler, son of Mr. and Mrs. Frank V. Zinsler Sr. of Hereford. Wedding vows will be exchanged March 3 in St. Anthony's Catholic Church of Hereford.

LCC Boasts Record High Enrollment

Lubbock Christian College in Lubbock, Texas, the largest non-tax supported junior college in Texas, reached its fifth consecutive record spring enrollment as classes started for the second regular semester, according to Dr. H. O. Wilson, registrar.

With late registration not yet complete, the enrollment stands at 386, as compared with last spring's 369 total. Fall semester enrollment was a record 438.

LCC opened in the fall of 1957 with 110 students, and it has experienced a steady growth in enrollment, qualified faculty, and physical facilities. Nine hours of summer school work were offered last year, and this summer two terms will make 12 hours of college credit available.

Presently under construction is a men's dormitory for 130 residents and a field house which, when completed, will contain the largest indoor track in the Southwest. A full 100 yard straightway and a 220 yard track will be available for use.

Michael Paul Coker Born February 4

Mr. and Mrs. Paul D. Coker became parents of a son, Michael Paul, Sunday.

He was born in the Farmer County Community Hospital and weighed 5 pounds and 13 ounces.

Grandparents are Mr. and Mrs. Roy Coker and Mr. and Mrs. O. C. Rhodes of Friona.

Great-grandparents are Mrs. Jessie Morgan of Mountain View, Okla., and Mr. and Mrs. V. R. Calder of Carnegie, Okla.

Mr. and Mrs. Les Gibson, Roal and Diane attended the basket ball game in Dimmitt on Tuesday night.

Mr. and Mrs. Joe McCollum of Amarillo visited in the Bill Carthel home Sunday afternoon. Mrs. McCollum is Carthel's sister.

Mrs. David Anderson and Mrs. Finley Pierson of Muleshoe visited in the Dick Rockey home Saturday evening.

Mr. and Mrs. Gene Welch and children were in Amarillo Sunday visiting in the W. H. Welch and the Wayne Welch homes.

Mr. and Mrs. Lester Dean and family have moved to Friona and Mr. and Mrs. O'Neal Greenhouse have moved into the Dean house.

Our community was represented with farmers interested in the Farm Irrigation Gas bill in Austin during the session. Farmers going were: Ellis Tatum, Tom Lewellen, Bruce Parr, Travis Stone, Bill Carthel, Harland Frye and Gene Welch.

Mrs. Fern Barnett, Mrs. T. J. Presley, Mrs. Ralph Price, Mrs. Ellis Tatum, Mrs. Bill Carthel and Davy and Mrs. Gene Welch and Kevin attended the Farmer County HD Council in Farwell Monday afternoon.

Mr. and Mrs. Travis Stone and family and Mr. and Mrs. Harland Frye were in Amarillo Saturday evening.

Black News

By Mrs. Gene Welch

The Black Home Demonstration Club met Thursday afternoon in the home of Mrs. Bill Carthel. Opening exercise, "Going Shopping", was led by the hostess, President, Mrs. T. J. Presley presided over the business meeting. Mrs. Ralph Price was voted as nominee for both, delegate to the district meeting to be held in Pampa during April, and T. H. D. A. chairman for next year. The agent, Miss Ettie Musil, had charge of the program at which time she showed slides on Modern Pruning Methods and also demonstrated several items used in pruning trees and shrubs; such as saws, trimmers, clippers and tree paint.

Refreshments were served to Mesdames Fern Barnett, Helen Fangman, Les Gibson, Beryl Fish, George Frye, Clyde Hays, Rosco Ivie, Delton Lewellen, T. J. Presley, Loyd Prewett, Ralph Price, Dick Rockey, Ellis Tatum, Gene Welch, a

guest, Miss Musil and six children. Next meeting will be February 15, in the home of Mrs. Fangman.

Several children from the community were in the school program Wednesday afternoon portraying Little Red Riding Hood.

Mr. and Mrs. Fern Barnett returned home Monday, after spending two weeks fishing and sight seeing. They returned by way of Lubbock to see their children.

Mr. and Mrs. Les Gibson, Roal and Diane attended the basket ball game in Dimmitt on Tuesday night.

Mr. and Mrs. Joe McCollum of Amarillo visited in the Bill Carthel home Sunday afternoon. Mrs. McCollum is Carthel's sister.

Mrs. David Anderson and Mrs. Finley Pierson of Muleshoe visited in the Dick Rockey home Saturday evening.

Mr. and Mrs. Gene Welch and children were in Amarillo Sunday visiting in the W. H. Welch and the Wayne Welch homes.

Gas Users Review Legislative Efforts

Farmers representing Parmer and 11 Panhandle and South Plains Counties heard a report Tuesday night at the Hilton Hotel in Plainview from David Burgess, President of the Plains Irrigation Gas Users Association regarding the effort made by the group to secure legislation at the recent Special Session of the Legislature.

The legislation sought would have given to farmers the same right of appeal to the Railroad Commission as is presently enjoyed by incorporated cities, towns and villages, when the farmers are served by gas companies who also sell to domestic consumers within the limits of incorporated cities, towns or villages.

The meeting was attended by over 100 farmers and businessmen, including 30 from Parmer County, which was the largest delegation ever present at a Board of Directors meeting of the Plains Irrigation Gas Users Association. Burgess commended the group on the conduct of their effort to secure the legislation in Austin, and the group enthusiastically responded and without exception expressed determination that no effort would be spared until relief had been secured.

The Board of Directors was commended for the effort made at the Special Session of the Legislature, and many farmers present expressed gratification that the legislation went as far as it did, passing both the house and the Senate, and then getting bogged down in the closing hours of the Special Session.

Mr. Burgess reported to the

group that more than 400 busy irrigation farmers and businessmen had paid their own expenses to Austin and devoted their time in a well-coordinated effort to obtain corrective legislation.

Reports from L. W. Lamb, Potter, Randall, Swisher, Castro, Floyd, Briscoe, Deaf Smith, Parmer, Bailey and Hale Counties indicated that the Plains Irrigation Group was rapidly growing in size and that farmers over the entire area had been convinced by the effort made at the Special Session that relief would be forthcoming and that by a strong united effort irrigation farmers could be given the right to have their gas rates reviewed so that they could buy gas at a fair price.

Census Report Shows Rise In Students

According to an announcement made by Superintendent Alton Farr this week, scholastics in the Friona Independent School have increased from 1091 in 1961 to 1166 in 1962.

This increased enrollment will qualify the school for three additional teachers during the 1962-63 school term. In the six year old group, the increase was from 89 to 107.

Since there are about 60 students in the graduating class and will be approximately 110 first graders this fall, this increase alone will call for two additional teachers.

Applying a liberal coat of wax to their skis in preparation for a weekend at Ruidoso are Ricky Hurst (L), Sharen Awtry and Ronnie Awtry. Approximately 25 Frionans have indicated plans to try out the newly opened ski run at Ruidoso this weekend. They will leave Friday night and return Sunday.

NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS

No. 2216
Notice is hereby given to whom concerned that the application of HARLAND H. FRYE, the post-office address of whom is Star Route, Hereford, Texas, was received on the 4th day of December, 1961, in the office of the Board of Water Engineers of the State of Texas. Applicant seeks a permit to appropriate from the unappropriated waters of Frio Draw, a tributary of the Red River in Parmer County, Texas, 444 acre feet of water annually for the irrigation of 1765.2 acres of land in the Capitol League Survey No. 468, Parmer County, Texas, and 48 acre feet for livestock; and to construct a reservoir with a capacity of 492 acre feet, all being more fully set out in said application.

The proposed dam is located at a point which bears N 3 degrees 13' 06" W 920.98 varas from the southeast corner of Capitol League Survey No. 468, on Frio Draw in Parmer County, Texas, and is distant in a southeasterly direction from Black, Texas, about three (3) miles.

Said application was accepted for filing by the Board of Water Engineers on the 8th day of January, 1962.

WE ADVISE A POLICY FROM-

Ethridge - Spring Agency
Friona, Tex. Dial 8511

uary, 1962, as Application No. 2216 and a hearing thereon will be held by the Board of Water Engineers for the State of Texas, in the office of the Board at Austin, Texas, on Tuesday, February 27, 1962, beginning at ten o'clock a.m., at which time and place all parties interested may appear and be heard. Those opposing the granting of said application should file written protests with the Board and the applicant at least five days prior to hearing date, giving their reasons therefor and such other information as is required by Board Rule 305.2. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers of the State of Texas, at the office of the said Board at Austin, Texas, this the 8th day of January, 1962.

Connally Blasts Daniel's Bid For Governor

John Connally, candidate for the Democratic nomination as governor, this week lashed Price Daniel's bid for an unprecedented bid for a fourth term as governor.

"His announcement last week," said Connally, "throws into sharp focus one clearly defined issue—that of perpetuation of one man in control of the governor's office."

"I feel very strongly this is undesirable. Consequently, one of the first things I shall do as your governor is to recommend that the Legislature submit to the people a constitutional amendment preventing any governor from holding office more than two consecutive two-year terms."

"I would like for this to take effect during and to apply to my own tenure. The last thing we need in Texas is one-man rule."

Connally said the governor's speech last week "points up why we need new fresh dynamic leadership in this state. In spite of three terms as attorney general, three terms as governor, and 11 sessions of the Legislature in the last five years, including eight special called sessions that cost the people of this state millions of dollars, the governor once again insists that he needs additional sessions and time."

**Edelman Attends
Press Conference
On Agriculture**

W. L. Edelman, Friona, chairman of the legislative committee, Plains Cotton Growers, attended a press conference of Orville Freeman, Secretary of Agriculture, in St. Louis, Mo. last week.

The conference was called for by Fred Hinkle, president of the Missouri Farmers Association, and was attended by 127 representatives from 49 organizations in 20 states, according to Edelman.

Secretary Freeman explained the long range program aimed at reducing production to a point where present stockpiles of farm produce will be reduced to a level necessary in case of national emergencies.

"For the first time in nine years, we didn't add to the grain stockpile and 260 million bushels was taken from storage to meet the domestic and foreign needs," Edelman reported.

Edelman said he attended the meeting to see how much strength the present program is receiving and view with thought what legislation is needed.

The conference began at 8 a. m. Jan. 31 and five of Freeman's representatives conducted a question and answer period after the Secretary left to attend another meeting.

Two Big Problems Left

**Governor Proclaims
Session Productive**

A hectic final night ended the special session of the Texas Legislature. Two major problems -- loan regulation and appropriations -- were left unfinished.

Senate killed the loan regulatory bill by a two-vote margin, after the House had approved it by 18 votes. It was described by experts as the strongest loan regulatory law in the nation.

Death came to the appropriations bill in the House. It would have provided money to advertise for tourists, repair San Jacinto Monument, repair damages done to state properties fires, pay Senate employees, and finance a number of other items.

Gov. Price Daniel called it a very productive session, nevertheless.

He said it had settled two long-standing issues -- bank escheat reporting and farm-to-market road policy.

Daniel was disappointed about the failure of the loan legislation, tourist advertising, and San Jacinto Monument repairs. But he said he would not call this Legislature back into session in the foreseeable future.

Lawmakers headed for home to file for re-election and begin their campaigns for the same or other offices.

This session set some sort of a record for fast action on bills to solve local problems. These ranged from closing the season on alligators in Orange County, to a score of bills creating new water districts (to undertake drainage, hurricane protection or water supply projects).

Daniel was pleased at the bill changing the name of the State Board of Water Engineers to the Texas Water Commission.

and reworking it into an image of the State Highway Commission. The chief engineer takes over full administrative control, leaving policy matters in the hands of the three-member commission.

Governor Daniel studied a flood of mail, telegrams and phone calls, which he had elicited, and decided that there was a definite public demand for him to try to become Texas' first four-term governor.

WHO SHOULD CENSOR?-- Question of schoolbook censorship was buffeted about by 22 witnesses, when the House Textbook Investigating Committee held its fourth weekly public hearing.

Some 200 persons attended the hearing.

Frank Wardlaw, director of the University of Texas Press, said, "There are no men wise enough to serve as censors." He stated that he would prefer that his children's textbooks be censored by authoritative professors, rather than by unqualified individuals.

Author J. Frank Dobie said "the more textbooks are censored, the weaker they be-

come."

The opinion that regulation of teaching materials by elected trustees has worked satisfactorily was expressed by former Baylor University trustee Joseph M. Dawson.

**Study Club Plans
Art Course Here**

The Progressive Study Club is sponsoring a series of art classes for school students. A meeting will be held in the library of the junior high building at 4 p.m. February 16 for students and their parents, who are interested in enrolling in the course, and their parents.

Basic drawing and working in tempera and/or water color will be offered. A charge of \$10 for ten two hour lessons will be made in addition to the cost of the art supplies.

There will be five divisions. Wana Brewer will teach grades 1-3. Pupils in grades 4-6 will be instructed by Jean Coker,

Phyllis Sanders will teach those in grades 7-9 and students in the 10th grade and up will be instructed by Elizabeth Smith.

Since it will be necessary to limit each group to ten students, Billie Long will teach an overflow class, if the need arises. Formal instruction will begin about March 1.

Instructions concerning the course and supplies will be given at the Friday afternoon meeting. Times and places for the various sections will be worked out and definite arrangements will also be made at this time.

Jim Carl Lillard leaps a few inches higher than his Muleshoe opponent to flick the ball to one of his teammates in the contest last Friday. Tommy Sanders, 23, and Gary Snead, 15, stand ready to break for the goal. The Chiefs won, 49-40.

END SEASON HERE

Friona Teams Play Last Games Friday

Friona's varsity basketball teams will play their final games for the season Friday night when they meet the Canyon teams here.

Both the Squaws and Chiefs won and lost one game during the past week. The loss to Tulla Tuesday left the Squaws with third place in conference play.

The Tulla girls won the district championship by defeating the Squaws 50-58. Dimmitt has captured second place.

The Chiefs were also defeated by the Tulla five in a sea-saw game, 45-36, Tuesday. Bobby Daniel was high Chiefstain scorer with 11 points. Jim Lillard was next with 10 points.

Su-Zan Harper was outstanding Tuesday with 27 points and 100 per cent completion of her free-throw shots. Pam Roden emerged with 12 points against Tulla. Jimette McLean was also cited by Coach Duggins as playing outstanding ball.

Lack of poise in the fourth quarter and failure to control the ball is given as contributing to the loss.

"The girls played a great game, and any failure to play the kind of ball needed to win is my fault as a coach," Duggins stated. "They gave 100 per cent as far as effort was concerned, I am real proud of them," he added.

The Friona girls were leading Tulla at the start of the fourth quarter with a score of 44-45 but were unable to maintain their lead.

Jimette McLean fouled out in the third quarter.

Five of the Squaws will play their last game with the team

Friday when they meet Canyon. The five seniors will start the game, according to Coach Duggins.

They are Su-Zan Harper, Pam Roden, Linda Castleberry, Janice Wright, guards, Joy Ingram, a junior, will complete the starting lineup.

Eight of the Chiefstain team will see their final action Friday. They are Gary Snead, Bobby Daniel, Jim Lillard, Tommy Sanders, Floyd Reeve, Don

Coach Baker Duggins discusses game tactics to Squaw Co-Captains Pam Roden (L) and Jimette McLean. The Squaws were defeated by Tulla Tuesday night and emerged from district play in third place. They will meet Canyon here Friday night for the final conference game.

Janet Buckley makes an underhanded toss and stumbles out of bounds in the contest with the Mule-shoe girls last Friday. She made the goal to add two points in the 44-40 win for the Squaws.

2,432 Pay Poll Tax

A check with the County Tax Collector's office showed a total of 2,432 poll tax receipts issued this year. In addition, 43 exemptions were issued.

This results in 389 more qualified voters in the county this year than in 1961 when only 2,083 receipts were issued.

But the rolls still show a drop of 246 below the presidential election year of 1960 when 2,678 voters paid their poll tax in Parmer County.

Top Dress Wheat NOW ... the easiest possible way with **SPENCER URA-GREEN Nitrogen Solution:**

This wheat grower is applying nitrogen the fastest, easiest way yet—with Spencer URA-GREEN solution.

Why It Pays To Top Dress Wheat Early:

Wheat craves a fresh nitrogen supply to resume growth as soon as the young plants awakened from winter dormancy. This is the crucial stage at which the nitrogen URA-GREEN gives is converted into extra bushel-building power.

Wheat responds more profitably to fertilizer than virtually any other crop, according to leading agronomists. That's why it's important to apply URA-GREEN early for a fast spring come-back and a nitrogen growth-boost that lasts clear through to harvest. A Spencer URA-GREEN top-dressing now will pay off in a bonus yield that can easily average 10 extra bushels an acre!

Why It Pays To Do It With SPENCER URA-GREEN:

One application lasts all through the growing season when you rely on URA-GREEN's special blend of all three nitrogen forms. URA-GREEN combines: (1) quick-acting nitrate nitrogen for a fast start, (2) ammonia nitrogen for lasting nourishment, and (3) urea nitrogen that clings to the soil to resist leaching. It's the perfect blend of nitrogen grow-power.

The easiest way to apply nitrogen is with non-pressure URA-GREEN solution. Any tank equipment you have will work well. Just dribble it on, or spray it on. If you prefer, we will apply URA-GREEN for you, or rent you our application equipment. Stop in this week!

Back-Tag Testing Keeps County Records Current

A new method for screening market cattle for brucellosis will make the job of keeping Farmer County on the modified-certified list much easier, said County Agent Coker today. The county agent explained the new program under six basic points.

Cattle being sold for beef are identified with a special backtag at the ranch or assembly points on the way to market. Blood samples are collected from the tagged animals at the packing plant or other designated points. The samples are then forwarded to a testing laboratory and the results to disease control officials.

Negative animals are credited to herds and areas of origin and veterinarians work directly with herd owners until the disease problem is cleared up. In areas where winter feeding is practiced, at least 80% of all eligible heifer calves retained in a herd each year must be vaccinated, Coker said.

Under the new method, counties can be recertified if at least five per cent of all breeding cattle in the county are tested each year or a total of 15 per cent for each three-year period, the county agent explained. Only female cattle three years of age or older are back-tagged and tested.

If we fail to qualify under this method, the animal disease eradication division must come into the county at the end of three years and check 20 per cent of the herds and 20 per cent of the cattle in these herds not participating in the backtag program until a 15 per cent total has been reached. All pure-bred breeders or registered breeders also will be required to test 20 per cent of their cows over a three year period if they cannot qualify by testing at least 15 per cent cull cattle.

It will definitely be to your advantage to participate in this program, for you will never have to retest your herd unless you come up with some reactors at the testing station. Then the state or federal veterinarian would work with you to clear up your herd.

Cattle owners desiring more information on the new plan will be invited by Coker to come by his office for additional information on the program. The county agents office will keep a supply of backtags available for anyone in Farmer County.

James Norton (L) and his brother, Darrell, discuss the yield of their Sudan which is being thrashed in the background. The Nortons raised about 100 acres of the grain and have managed a yield of between 2,000 and 2,500 lbs, according to

Darrell. The huge mound of straw in the background will be fed to cattle for a supplement. The operation was located about five and one-half miles north of Farwell last week.

THE HIGH PLAINS FARM AND HOME

Signup Opens For '62 Feed Grain Program

Growers of corn and grain sorghum may sign up to take part in the 1962 Feed Grain Program starting on this coming Monday, February 12, 1962. The signup period will extend from February 12 through March 30, 1962.

Operation of the program will be similar to the 1961 Feed Grain Program. Likewise, its objectives are the same -- (1) To increase farm income; (2) to further reduce the excess feed stocks; (3) to reduce Government costs of farm programs; (4) to reduce the risk of serious overproduction of meat, poultry, and dairy products; and (5) to assure consumers of fair and stable prices for these products.

All producers of corn and grain sorghum are eligible to take part in the feed grain program, which calls for the diversion of acreage formerly

planted to one or more of these crops into an approved soil-conserving use. The program is voluntary, but program participation by farmers who produce these feed grain crops is required if they want to be eligible for price support on their feed grain crops, including oats and rye.

For corn and grain sorghum, there must be a minimum reduction of 20 per cent from the farm's 1959-60 average acreage of these crops and the producer must not exceed the farm's barley base. For barley, there must be a minimum reduction of 20 per cent in the farm's average 1959-60 barley acreage, and the producer must not exceed the farm's corn and grain sorghum base.

Producers of oats and rye will be eligible for 1962-crop price support if they comply with either the corn-grain sorghum

program or the barley program. Farmer County led the nation in participation under the 1961 Feed Grain Program and it appears that this will be repeated in 1962.

Farmer County Totals for 1961 were as follows:
 Feed Grain Base 251,798
 Planted Acres 169,598
 Total Underplanted 82,200
 Acres Earning Payment 71,042
 Total Payments Earned \$3,234,534.32
 Average Payment per Acre \$45.50

It is to be noted that plantings were reduced by approximately one third and it is estimated that a reduction of 20 per cent in production was made.

Survey Aimed At Purchases Of Rural Family

A scientifically selected group of Texas rural families will be asked soon to report on the things they bought in 1961, it was announced today by Mr. Cary D. Palmer, State Agricultural Statistician.

Questions about their purchases will be asked as part of a nation-wide Survey of Consumer Expenditures, first of its kind in 20 years. Information about families on farms and in towns under 2,500 population will be gathered by the U. S. Department of Agriculture and similar information from families in metropolitan areas will be gathered by the U. S. Department of Labor.

Results of the survey are expected to be used by Government in guiding legislation and policies, and by people in industry and business to determine consumer needs.

FOOTSAVING EDUCATION

by James E. Edwards

Take a look at some facts which a Shoeman lives with...

but facts which many have failed to see in full perspective. A child's foot is different in shape and size when at rest and when bearing weight. It's different in shape and size when at the heel, ball, waist, instep, arch, toes. The foot is different in size and shape when running than when standing. It takes on new shapes and sizes in jumping, climbing, sliding, kicking, etc. We repeat: an active foot has many shapes and sizes. Yet the shoe, with only one shape and size, must adapt to that many shaped foot. (Cont.)

 Clovis, N. Mex.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Kenneth Holm of the Department of Interior reported to a committee: "Water is becoming a more precious asset every day we live. In every area of the nation the demand for clean, fresh water threatens to outrun the available supply.

Today Americans are consuming 60 per cent of our fresh water supply. By 1975, with our tremendous growth in popu-

lation, we will be consuming 90 per cent of the supply presently available. The U. S. Geological Survey predicts that by 1980 we will be using 600 billion gallons per day. This is double the present rate."

On July 28 the Texas Board of Water Engineers presented to Governor Price Daniel a plan for development of Texas Water resources to meet the anticipated water needs of the State to 1980. The board warned that "despite the water development projects completed in the past, Texas' water problems continue to grow in magnitude and complexity," and that "additional development of our water resources will be essential to provide for a rapidly expanding

population and an accompanying expansion of industrial capacity."

The board's reports reveal that "through proper development, Texas has adequate water to meet its municipal and industrial needs in 1980 and sustain agriculture and other uses," but that its studies "indicate that continuous planning and increasingly comprehensive studies will be essential to bring about development of the state's water resources

necessary to meet its needs beyond the year 1980."

All studies, federal and private, point to the next 10 to 15 years as being crucial in the development of the state's water resources to meet our needs. This will require intelligent and informed leadership in every community in Texas. The future of Texas and every Texan rests on what is done about water in the next decade. TEXAS WATER, December 1961.

Bovina Farmer Has Bumper Corn Crop

B. L. (Billy) Marshall, who farm east of Bovina, has demonstrated how corn can be profitable on the High Plains. From 500 acres, a total of 54,

158 bushels of 14 percent moisture corn was harvested last year, for an average of slightly more than 108 bushels per acre. The yield ranged from 98 to 148 bushels.

The High Plains is noted for high yields of grain sorghum, cotton, and wheat. Corn has not been a major crop on the Plains, but Marshall's experience clearly demonstrates that corn

need not take a back seat. Marshall also has the distinction of having been the largest producer of sesame in the U. S. In 1958 he had 450 acres that produced 1150 pounds per acre.

It is a direct result of having grown sesame that enabled Marshall to this year become the number one corn producer on the High Plains. Having planted sesame successfully for several years, he felt he should rotate his acreage to another crop. The emergency feed grain legislation in 1961 established grain sorghum acreage quotas based on production records for the previous two years. That means that Marshall had a very small production record for an acreage basis.

Marshall investigated corn and negotiated a contract with Texas Sesame Growers at Muleshoe to produce 500 acres of "Food grade" corn. That is corn used in food products such as tortillas and cornchips. These corn meal products have made tremendous gains in popularity throughout the country.

Under terms of the contract, Marshall was to be paid \$2.25 per hundred based on a moisture content of 14 percent. Seed Growers agreed to be responsible for drying the corn.

A major part of the corn used for food purposes is white corn and Marshall agreed to plant 305 acres to white varieties. He said this caused some anxiety on his part because he felt he could get higher production from yellow varieties. However, it turned out that Marshall's best yield was 148 bushels, which was planted to a white hybrid, Asgrow 105-W.

Marshall planted 195 acres of Texas 30 yellow corn, 85 acres to Texas 17-W and 220 acres in Asgrow 105-W. He planted almost 16 pounds of seed per acre, and he planted the entire 500 acres between April 20 and May 5.

Early planting of corn on the High Plains has been recommended by experiment stations. Marshall is convinced that early planting was one important reason for his success in corn. Marshall irrigated his corn crop with one preplant application and three applications of

water during the growing season. The amount of water used was about the same as he would have used for grain sorghums.

This bumper crop of corn was harvested with a Big C Gleaner combine with a four row cornhead attachment. Marshall started harvesting October 21 and finished the harvest on November 11. His neighbors in the Bovina area verify Marshall didn't slow down for "water or coal". The maximum amount harvested in one day, beginning at 10 o'clock in the morning and stopping at 10 o'clock at night, amounted to 230,000 pounds.

Four trucks were required to haul the corn from the farm

to Muleshoe. The moisture content during the harvest varied between 15% and 30% with the average at about 17%. Marshall feels his harvest method was the most efficient and allowed the earliest possible delivery of his corn crop.

Marshall has been farming in the Bovina area since 1952. He owns 560 acres in Farmer County and in 1961 rented an additional 560 acres. Marshall is a member of the Farmers Union, Billy and his wife, Ernestine, are active in the Church of Christ at Bovina where Billy also serves as an elder in the congregation. They have three children, Joyce age 15, Billy age 13, and Meloney age 9.

WITH THE COUNTY AGENT

DERYL COKER

Greenbugs develop to large numbers under certain conditions and may cause serious losses. These plant lice suck sap from plants of all small grains. Infested fields may have small "deadened" areas during the winter. Later, greenbugs in these spots may continue to increase and soon migrate throughout the field. In some cases, entire fields of grain are killed. Greenbugs cause more damage when wheat or small grains are suffering from deficient moisture in mild winters and cool springs. The

might be expected irrigated wheat can withstand larger populations of greenbugs without a marked loss in yields.

Results of experimental tests during the past 5 years indicate the most benefit from applications of insecticides on wheat resulted when they were applied in March and April. It is impossible to outline specifically the condition under which insecticides should be applied for greenbug control. However, the information presented in the accompanying table may serve as a guide for treatment.

Time of year	plant height	No. greenbugs per linear foot
Feb.	3" - 6"	100 - 300
March	4" - 8"	200 - 400
April	6" - 16"	300 - 800

greenbug reproduces rapidly at temperatures between 55 and 75 degrees F. Its natural enemies, however, reproduce very slowly when the temperatures are below 65 degrees F. Thus, in cool weather the greenbug may increase to enormous numbers while the number of its natural enemies increase slowly.

Make a minimum of five counts, each consisting of 1 linear foot of row, at random while walking diagonally across the field. More counts may be necessary where large acreages are involved. Greenbugs should be shaken from the plants onto a piece of paper or cloth and counted.

The necessity for applying insecticides for greenbug control depends on such factors as the number of greenbugs present, size and vigor of plants, variety, temperature, time of year, moisture conditions, state of growth and presence or absence of parasites and predators. As

Texas ranks fourth among the 50 states with 1,175 credit unions.

Tropical storms at sea generate winds up to 210 miles per hour.

OLFS Slates Anniversary Celebration

Oklahoma Lane Farm Supply will celebrate its fourth anniversary Saturday with all-day activities.

Highlight of the occasion will be a supper which is open to public at Oklahoma Lane Community Center beginning at 7 Saturday evening.

Free coffee and donuts will be served throughout the day at the store with visitors welcome to participate in nationwide Case "Showcase." A total of \$30,000 in Case farm equipment and other prizes will be awarded in the national contest.

Several door prizes will be awarded at the supper and program which will follow Saturday night. Wendol Christian, manager of the business says, "Program will feature entertainment and films. Harold Carpenter will serve as master of ceremonies."

Further details about the program are offered in this issue of High Plains Farm and Home.

According to The Machinist, "Cal Calipers says he keeps reading in the papers where Brigitte Bardot is retiring, but he never thought so."

Proudly exhibiting their ribbons won in the Fort Worth Fat Stock Show last week are Lazbuddie students Paul Wilbanks (top, left), Calvin Mason, Jimmie Dale Seaton, Tony Haber, Gary Eubanks (bottom, left), Charlotte Seaton, Linda Gleason and Gary Brown.

Lazbuddie Students Win In Fort Worth

Lazbuddie students walked off with a sizable number of ribbons in the Fort Worth Fat Stock Show last week. Area students placing in the show are as follows:

Lightweight Duroc -- 1st, Tony Haber; 3rd, Calvin Mason
Middleweight Duroc -- 1st Jimmy Dale Seaton; 8th, Tony Haber.
Champion Duroc -- Jimmie Dale Seaton,
Lightweight Hampshire -- 2nd, Calvin Mason; 4th, Jimmie

Dale Seaton; 11th, Charlotte Seaton; 16th, Gary Eubanks.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Maybe we shouldn't ever even think of it, but we can remember the time when, if an employee got too sorry for his job and there was a fellow anxious to make a good hand, the sorry one was fired and the new one hired. Now, however, if a fellow gets a suggestion for improving his efficiency or increasing his output, he runs to his union boss and insists on a raise, or improved working conditions, both of which he usually gets, thus teaching his employer that he should not be meddling in the area of his employee's business.

On January 19, 1962, the President of the United States issued an executive order okaying unionization of federal employees. Since nearly all of them already have immunity to being fired under Civil Service, they will probably be quite brave in their demands they make to

their employer for more pay and less work.

If the U.S. Labor Department has its way, farmers will soon be required to ask when he may hire a new man, put him to work, and at what pay for how many hours. The regulations already in effect in some truck farming activities require the farmer to be prepared to pay a minimum of two hours wages if he so much as asks his employee to get up in time to report to work and then finds the weather has changed enough to prevent beginning of the work. Of course, if they get to work a few minutes before conditions develop to stop them, they get three hour's pay.

As you all know, the Irrigation Gas User's Association bill failed to become law. We believe it should have succeeded. We hear there may be some new legislators in some of the districts because of some of the happenings. This is one instance, but every voter should watch the vote of his legislator in Austin and Washington so he will know whether he is the right man to keep, come next election time.

It's no secret, Farm Bureau opposes the new administration

Record Crowds Attend Record Book Workshop

Fifty families were represented during the series of farm record book workshops conducted last week in Farwell, Bovina and Friona on January 29-31.

Teaching these workshops were James Murphrey of Amarillo who is Area Farm Management Specialist with the Texas Extension Service. Mr. Murphrey stated, "You cannot measure your real success of your farming operation by the cash you have at the end of the year. You have to check on your net worth unless you keep good records."

Records that are needed for good management practices include permanent records, ex-

pense and income records, and enterprise or activity records. For permanent records a journal listing of all permanent documents should be made. Write a brief description of the context of the documents and where they are to be found. A safety deposit box can be used to file all documents of long-range benefit.

Such legal matters to be included in the journal would include deeds, taxes and when paid, mineral and or water rights, easements and right-of-ways, and proof or verification of transactions of accounts payable or received.

For family protection a listing of life, fire, casualty, and hospitalization insurance should be made. A list of the companies, when premiums are due and for whom these policies are made should be filed in the permanent journal.

Agreements, partnerships, leases, rentals, contracts, and other working relations should be legally recorded.

Windbreak Tree Deadline Nears

Saturday is the last day that orders can be made to the Indian Mound Nursery in Alto, Texas for the Texas Forest Service for windbreak trees. Orders must be received by the nursery before this deadline.

Some 17 species of trees or shrubs are available to the Texas landowners at a cost of \$1.50 per hundred. These trees and shrubs may be used for windbreaks and soil stabilization.

Order blanks for these trees are available upon request from the County Extension Service Agents in Farwell. Orders must be for 100 or more trees or in multiples of 50. Payment must be sent with the order. Send check or money order payable to the Texas Forest Service. Don't forget to include \$.03 tax with each order of 100 trees for \$1.50.

After sending in your order start saving one gallon tin cans to plant the seedlings immediately upon arrival. For more information contact Miss Ettie Musil or Deryl L. Coker in Farwell at the courthouse.

Crow Enrolls As LCC Frosh

One student from Friona is among the student body of 400 that enrolled for the spring semester at Lubbock Christian College, Lubbock, Texas, according to E. R. Higgins, director of admissions, LCC, a Christian liberal arts junior college in its fifth year of operation, last semester had 438 students.

The student from Friona is Larry Crow, a freshman accounting major, son of Mr. and Mrs. Clifford S. Crow, Box 199. Larry graduated from Friona High School in the spring of 1961.

Stories written by first graders in Mrs. Lemmond's room.

This is about Lincoln. He chopped trees. He read a book. He sat by the fire. He was in war. Lincoln was a big man. He was a boy. Lincoln lived in a log cabin.

Carol Denise Morgan

This is about Lincoln. A man shot Lincoln. Lincoln lived in a log house. Lincoln was the 12 president. Lincoln like boys and girls too. Lincoln chopped trees down. Lincoln read the book.

Thomas Huereca

About Lincoln. Lincoln lived in a log cabin. Lincoln chopped trees. Lincoln was strong. Lincoln got shot. Lincoln's mother died. Lincoln read his book. Lincoln was the president.

Taxpayers Required To Report Dividends

Dividends received by taxpayers during 1961 must be reported on federal income tax returns, John J. Sloan, Administrative Officer, for Internal Revenue Service, Lubbock, Texas, said today.

He explained: "If you own stock in a corporation, the payments you receive out of the company's earnings and profits are called dividends and must be reported in your tax return. "Usually, dividends are paid in cash, but if paid in merchandise or other property, they are taxable at their fair market value. "You must report those divi-

dents credited to your account as well as those which you actually receive.

"You also must report the dividends on your stock which is held in the name of your broker.

"Your distributable share of dividends from partnerships, estates and trusts must also be reported."

Taxpayers with questions on this subject may get Document No. 5060, "Investment Income," by calling Porter 5-5706-7-8.

A recently ordained bachelor minister was explaining to the bishop why he resigned from his first charge.

"There were 34 girls, old maids and widows there and all eager to marry the pastor," he said.

"You know," said the bishop, "there is safety in numbers." "Not me," replied the minister. "I found it in Exodus."

Something To Think About

6th. Street Church of Christ Box 515 -- Friona, Texas

We are told that during the Crimean war a very heated battle was being waged for the possession of a certain hill. Through some strange circumstance the Standard-bearer made his way to the top of the hill ahead of the fighting troops who were compelled to fall back. At once the commanding officer gave the command to the subordinate officer, "Bring down the Standard to the troops!" The reply came back from the captain saying, "No, bring the troops up to the standard."

The great need in the world today is to bring the troops up to the standard in spiritual matters. There is a great secular movement to bring the standard of God and of the New Testament church down to a level of mortal man, but the plea of Christ is for all men to come up to the standard of God. Evidence continues to mount that verifies a decline in the morality of our nation. The sanctity of the home is below that of a few years ago. The religious world is tragically divided because men have insisted that we lower the standards rather than make a determined effort to reach up to the standards of the living God. The admonition of the scripture is "Set your affection on things above, not on things on the earth." (Col. 3:2) The plea for unity, and the search for security is of little effect until we "bring the troops up to the standard."

Come To Church Sunday

SOLDIERS OF THE CROSS

"Do not think that I have come to bring peace on earth; I have not come to bring peace, but a sword," (Matt. 10:34, R. S. V.)

These words were said by the Prince of Peace, the one who told us to turn the other cheek, to love our enemies, to be good to those who despitefully use us, to forgive those who sin against us and to return good for evil. What do they mean?

I believe they mean when Christ comes into our lives, we should never again be satisfied with seeking our own comfort, pleasure and luxury. This is not to say we should not have pastime and pleasures, but that they shall no longer be our objectives; that our goal should be to propagate the gospel and, the "Good Tidings" of the story of Jesus.

It means that we shall take up our cross and follow Him, and as Paul says: "Endure hardness, as a good soldier of Jesus Christ," (II Tim. 2:3)

ORDER FOR CITY OFFICERS' ELECTION

THE STATE OF TEXAS
CITY OF FRIONA

I, R.L. Fleming, in my capacity as Mayor of the City of Friona, Texas, do hereby order that an election be held in said City on the 3d day of April 1962, for the purpose of electing the following officials for said city:

Mayor Two Aldermen

That in accordance with an order adopted by the City Council of said City, said election shall be held at the following place in said City, and the following named persons are hereby appointed officers for said election.

In Election Precinct No. 1, at City Hall Building, in said City with Mr. Nelson Welch, Presiding Judge; Mr. George M. Baker, Judge; Mrs. Rose Lance and Mrs. Ira Holt, Clerks.

That said election shall be held in accordance with the Election Code of this state and only resident qualified voters of said city shall be eligible to vote at said election.

That the City Secretary shall give notice of said election by posting a copy of this order in each of the election precincts of said city, which posting shall be done not less than 30 days prior to date fixed for said election.

That immediately after said election is held, the officers holding the same shall make returns of the result thereof to the City Council of this city as required by the Election Code of this state.

A copy of this order shall also serve as a writ of election which shall be delivered to the above appointed Presiding Judge for said election.

R. L. Fleming
R. L. Fleming
Mayor

NOTICE OF CITY OFFICERS' ELECTION

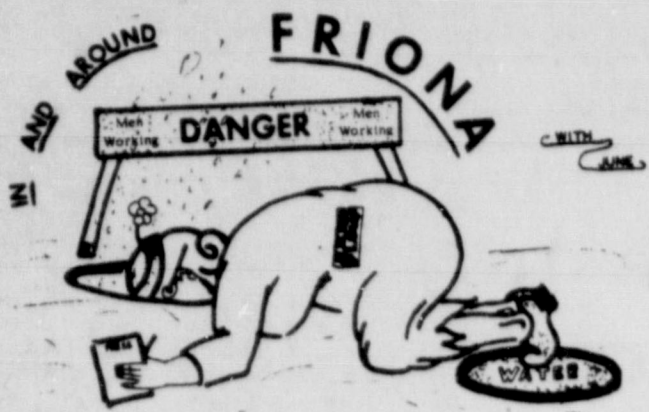

STATE OF TEXAS
CITY OF FRIONA

TO THE RESIDENT QUALIFIED VOTERS OF THE CITY OF FRIONA, TEXAS:

TAKE NOTICE that an election will be held on the 3d day of April 1962, in the City of Friona, Texas, at the place, in the manner, and for the officials set forth in the attached copy of an order for City Officers' Election, duly adopted by the Mayor of said City on the 5th day of February 1962. Said attached order for the City Officers' Election being made a part of this notice for all intents and purposes.

Arley L. Outland
Arley L. Outland
City Secretary

---Individuals interested in filing for the above official positions must file application for ballot with the City Secretary on or before 1 March 1962

Generally speaking the saying, "If it is available anywhere, it is available in Friona," is true. One phase of education that we have not been able to apply this saying to on an overall basis has been in art.

Members of the Progressive Study Club, some of whom are artistically inclined, have been concerned over the lack of art instruction available to anyone who has been interested, have decided to do something about this situation.

Any student in Friona who is interested in taking an art course will soon be given the opportunity to do so. A complete story about teachers, date of registration, fees for the course and other pertinent information may be read elsewhere in this week's star.

Farm friends of ours who are building or planning new homes are equally divided on the question: To move to town or not to move to town. Louis and Imogene Baxter are in the process of building on West Sixth Street.

Cordie and Helen Potts have plans for a new home and it will be on location of their present home in the Rhea community. Since both of them have lived many miles from town all their lives, paved roads have brought them as close to town as they choose to be.

Perhaps they feel the pleasures of being farm dwellers outweigh the inconvenience of commuting.

An amusing incident took place recently in our town. This little story has nothing to do with the availability of telephone service. When young General Lee Cranfill III was born at the local hospital one day last week, his father Dr. Lee Cranfill was most anxious for all members of the Cranfill-McFarland families and a few close friends to be informed about the event.

Of course, since Lunell Horton, who is a sister of Mrs. Cranfill, lives just across the street from the hospital, she was one of the first persons he called. It seems that Lunell had gone on an errand and couldn't be reached immediately.

Next on his calling list was Doris McFarland Barnett of Lubbock. After the doctor had imparted the good news to the Barnett family, he continued his announcements on the telephone.

Before he got back to the Horton number, Doris called Lunell and told her about the birth of the baby. As far as I know, this is the first time news of the birth of a new son to one sister has been relayed to a sister, who lives less than one block from the hospital, by a third sister who lives more than 100 miles away.

The way I heard the story the Cranfills plan to call their son Guy. This is probably to avoid confusion of names of grandfather, father and son. Since the grandfather is generally known as "Preach", and the father is Lee, they might have just called the baby General.

A local third grade teacher has been putting forth special effort to teach her pupils more about the art of addition. One morning last week, she wrote a problem on the board which was designed to test their ability to comprehend reading problems.

It had to do with a rabbit hunt, which was included in the problem to make it more interesting. As the pupils entered the room she explained the meaning of the problem to those who had difficulty understanding it.

One pupil had a particular difficult time trying to figure out the answer. Finally, the teacher said, "If John killed 4 rabbits, Mary killed 3 and Bill killed 2, then you put them all together, how many would you have all together?"

After some thought on the subject, he said, "I don't know, but are you sure you aren't going to get those rabbits mixed up?"

Several young Frionans are in El Paso this week showing calves. We're expecting some of the animals to be close to the top when the judges start announcing their decisions.

Removal of the remains of the crumbled automatic laundry building across the street from the bowling alley makes that section of town look much better.

The eye sore caused a lot of comment from strangers in our vicinity and local residents were beginning to tire of answering questions and making explanations when they were asked, "Why doesn't someone clean that mess up?"

Some members of the civic organizations who sponsored a lecture on communism in the auditorium at 3 p.m. Sunday were disappointed at the lack of interest shown by local residents.

The speaker, Dr. F. W. Mattox, president of Lubbock Christian College, is considered by many to be one of the outstanding lecturers in the Southwest on the subject.

Everyone who missed the lecture last Sunday afternoon will have an opportunity to hear the second lecture at the same time and place Sunday.

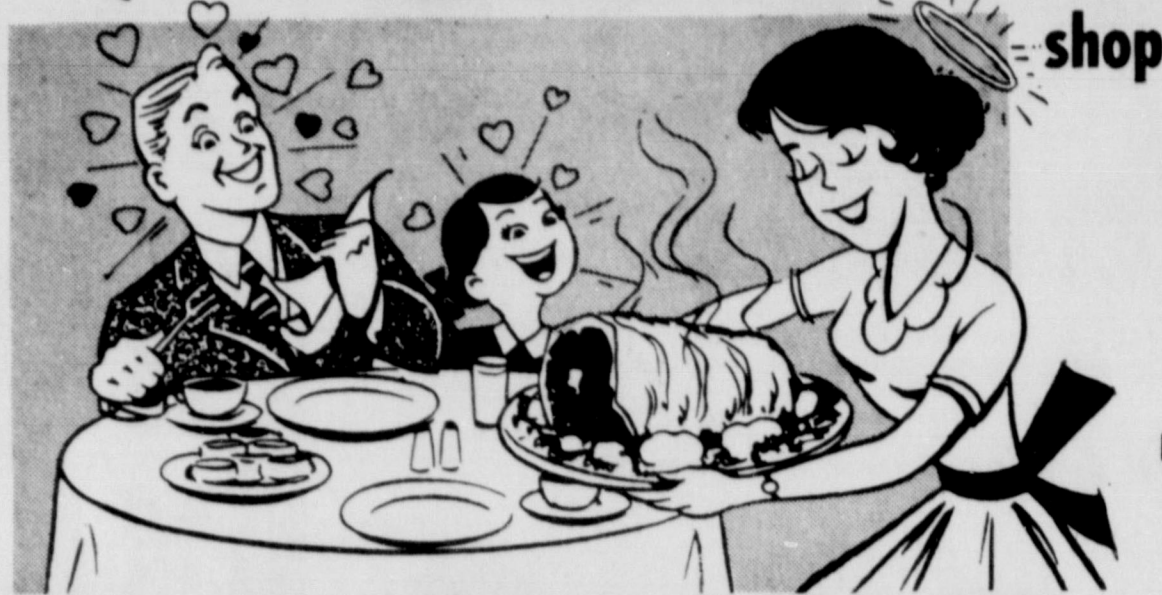

Sponsoring organizations are the Chamber of Commerce, Friona Lions Club and PTA. You are invited by these groups to attend the lecture.

Taxpayers who had retirement incomes during 1961 may be entitled to "retirement income credits" on their federal income tax returns. This retirement income credit can be as much as \$240.00 for an individual taxpayer.

Taxpayers with questions on this subject may get free Document No. 5018, Retirement Income and Credit, by contacting their IRS office.

A fellow left a will recently proving that he was one of the smartest people of his generation. The will simply read: "Being of sound mind I spent all my money."
