## THANKSGIVING, 1949

By Joseph Auslander

We thank Thee for our daily bread,  
For faith by which the soul is fed,  
For burdens given us to bear,  
For hope that lifts the heart's despair.

We thank Thee, Lord, for eyes to see  
The truth that makes, and keeps, men free;  
For faults — and for the strength to mend them;  
For dreams — and courage to defend them.

We have so much to thank Thee for,  
Dear Lord; we beg but one boon more:  
Peace in the hearts of all men living,  
Peace in the whole world this Thanksgiving.

## Firemen Funds Grow After Turkey Shoot

VOLUME XLIII

STEN TO LUKE

Following is taken from  
Congressional and was written  
by a Southern Democrat:

DEMOCRATIC DIALOG

Must I go to work?  
My lucky son,  
Living now on easy street  
Cough from Washington,  
Left it up to Uncle Sam  
Don't get exercised,  
Has to give a damn—  
All been subsidized,  
Sam treats us all so well,  
Feeds us milk and honey,  
Daddy, tell me what the  
going to use for money,  
Worry, bub, there's not a  
is here noble plan —  
Only soaks the filthy rich  
Other, won't there come a  
they run out of cash  
Have left them not a  
things will go to smash?  
In you is shrinking son,  
Money little brat,  
Too damn much think-  
son  
A Democrat.

following figures were  
by John T. Flynn for  
Treasury reports and are  
for your consideration:  
Presidents from Washing-  
ton Roosevelt's eight  
(not including the extra-  
ordinary expenditures of the war  
from 1941 to 1945) have  
a total of \$179,620,113.645;  
Truman, in less than five  
years spent \$191,620,113.645;  
figures up to Truman's  
administration spending in less  
than five years \$11,461,280,546  
than 32 presidents have  
in 156 years.

brings us to a local situ-  
ation where some will criticize  
column for even making  
of it. We agree that the  
figures are preposterous  
an economic standpoint;  
are that something must  
be done to stop this extrava-  
gant expenditure of money that  
will not take care of more.  
Mr. Stiteler will bring a film  
of the Texas A&M-SMU football  
game in color to show to the  
group.

At the banquet announcement  
will be made of the player selected  
as the most valuable by the  
football team and acknowledgment  
of the lettermen will be made.

Mr. and Mrs. Kerr went to  
Rowena Tuesday afternoon and  
funeral services were held in  
that city Wednesday morning.

The American Legion will  
sponsor a dance Thanksgiving  
night, November 24, at the Kerr  
Mercantile Building. Music will  
be furnished by Andy Schroeder  
and his Men of the West or-  
chestra. The public is invited.

It is not a single thing in  
of progressiveness, that  
sum would hesitate to  
and lend any possible  
at when we look at the  
to be derived from the  
that up against the cost  
taxpayers in general as  
the subscribers, then we  
is without question the  
merciful program we can  
have a public service rep-  
resentative here that will go  
any kind of improve-  
ment of the town and area. If  
anybody could see that it  
is justifiable they would  
be lines and supply all  
necessities that is needed.  
They know that the de-  
bts never pay for the  
of lines to say nothing  
of it. If we are surely going  
to pay for it. If we want  
economy in our government  
to stop asking for a handout  
every time one of the bureaus  
decides to spend some more  
money.

Watch Out For The Symptoms!

Laughed out loud when I heard Hoot Davis was down with Chicken Pox. A man of forty-five catching a kid's disease!

So I went to see him, armed with jokes about "second childhood" but forgot them fast when I got there. Hoot looked terrible and had quite a fever.

While we talked, I came to think of how Chicken Pox is a lot like other "diseases"—diseases of the character, such as intolerance, self-righteousness or just plain ignorance. They're excusable in children, but when they come out in

adults they're ten times as bad—and can be mighty "contagious."

From where I sit, we should all watch out for the "symptoms"—little things like criticising a person's preference for a friendly glass of temperate beer—or ale. We've seen personal freedom wither away in other countries, when individual intolerance was allowed to get out of hand and become a nation-wide epidemic.
