SANDERSON, TEXAS, FRIDAY, JANUARY 6, 1950

NUMBER 46

LISTEN TO LUKE

We have something on our mind that has to come off as we enter the new year. Most of our readers are wondering what will have to gripe about for the next twelve months so we start off with the assertion that our possibilities for this year are limitless.

The half century just closed has seen things happen that could never have been conceived of as possibilities. When candidates are in such confusion, tangled, jittery and jammed, we are told there is no future for this world. There is nothing ahead but destruction, we are told. There are too many people for every good job, some say. What's the use?

You have probably heard me one say or read of the fact that the best way of life for everyone to be leveled off so that there will be no favoritism, as there is now.

And too, you couldn't have helped but hear people declare that the world owes them and that a living — that your government should take care of you, and will if you get on the right team.

You have been told that the greatest thing in life is security. We all know that if only security can be had by being incarcerated in one of our prison jails, there must be a distinction between security and freedom.

There are times when you are told, either through writings or through example, that if you can "get away" with something, why not? Others do and get by. The big boys will get by, why are you going to be a sucker, they say. Then, too, you are told that you do get up in the big money you won't be able to keep. Everything "new" has been done so there is nothing you can do.

There is one thing that you can do and when you have heard all these fine talks there is one thing you should do — you should start by kicking their teeth out and letting them know that you live in a free country where you can "make" opportunities. You are an American; you can look them square in the eye and tell them where to go with their communistic and socialistic ideas. We can write our Congressmen and senators and let them know how we feel about this "welfare state" where every man, woman and child must bow to the will of some bureau or agency and accept a handout as our sole for keeping the "Queer Deal" in power.

You'll find the negative questioners and doubters can't face you eye to eye, because your eyes are better, straighter and clearer and righter. As you look them straight in the eye you can say "Nuts to You!" Then, to show them you are respectable you can quietly and gently explain to them that your American citizenship gives you the right to say "Nuts to you!" and to disagree with them and you're not going to let any politician or group leader take that right away from you by any promises of security.

Security! How wonderful that word is — We have all wished for it and we hope the world will always seek security. But friends you have enough sense to know that security for you has to be earned by you to be security. Any other type of so-called security is fake — it has strings tied to it. We must acknowledge that un-self earned security must be paid for in the form of a loss of our precious freedom that we cherish above everything else in America. The only thing in this world we get for nothing — is nothing.

Yes, there is a future in America. We seek security so we may be safe. The only safety we can realize is in building right character. That is true safety which makes life worth living — and makes a life never finished. There is a future for anyone who is lucky enough to be an American. Why? Because there

(Continued on page 4)

Fort Stockton Hospital To Hold Open House Sunday, January 8

FORT STOCKTON, Jan. 4 — A dream of many years will be realized for the people of the Fort Stockton area Sunday, January 8, when they have opportunity to see the modern hospital facilities provided by the brand new \$250,000 Memorial hospital.

With every facility for surgery and clinical laboratory examination, the new hospital will also provide 23 patient beds in its spacious and restfully appointed patient rooms. Attractive public area and a modern kitchen are other facilities provided in the masonry fire-proof structure.

Construction of the new hospital was financed by a Pecos County bond issue, but the hospital will be operated as an open-staff general hospital, designed to help serve the hospital needs of a vast area in the Trans-Pecos country. Surrounding communities not now served by hospitals will be especially invited to view the use of its facilities.

Management of the Memorial Hospital, and the new General Hospital at Iraan, now under construction, will be the responsibility of a six-man board of managers appointed by the Pecos County Commissioners. Court J. A. Casebier, Fort Stockton farmer, is board president, and George Baker, Fort Stockton publisher, is secretary. Additional members are Carl Smith, Fort Stockton, J. R. McKee, Imperial, W. W. Hensley, and W. R. Lanehart, Iraan. Miss Ellen Flynn, registered nurse, and former superintendent of nurses of El Paso General Hospital, is superintendent of the hospital, and has full administrative responsibility. A competent staff of nurses and technical assistants will be on hand to serve the public, both patients within the hospital and those who require laboratory service only.

The medical staff is made up of licensed physicians resident in Fort Stockton, with Dr. C. E. Oswald chosen by other physicians as chief of staff for the coming year. Dr. J. W. Pate of Sanderson, also a member of the active staff, is associate chief of staff, and Dr. Ben A. McReynolds of Fort Stockton will be secretary. In addition to the active staff made up of all other resident MDs, the members of the Big Bend Medical Society are approved for the courtesy staff, and other licensed practitioners may likewise qualify for courtesy staff membership regardless of place of residence.

The hospital will be ready to receive patients immediately after the formal opening on Jan. 8, planned from 2 to 4 o'clock.

Rev. John N. Cash To Preach At Marathon

Rev. John N. Cash will preach at Marathon Sunday morning at the eleven o'clock service.

Rev. Cash returned to Fort Worth after a holiday visit here with his parents, Mr. and Mrs. H. W. Cash and his wife and baby remained for a longer visit. He is a senior at the Southwestern Baptist Theological Seminary in that city and is pastor of the church at Minerva where the family resides.

MIDSHIPMAN DON FRAZOR RETURNS TO PENSACOLA

Midshipman Jerry Detvler and Ensign Kenneth Bernstein of Tucson, Arizona, spent the week end here with Midshipman Donald Frazor, who accompanied them to Saufley Field, Pensacola, Florida, Sunday, where they are stationed with the Naval Air Service. The young men had spent the Christmas holidays at home.

Mrs. Elvora Frazor, who had visited here with her son, W. F. Frazor, and Mrs. Frazor for a week, accompanied them to San Antonio.

DECREASE NOTED IN LOCAL METERS

There were 515 water meters in Sanderson at the close of 1949 and 630 electric meters. An overall decrease of 9 meters of both classifications for the year was noted, according to Jimmy Carline, local Community Public Service Company manager.

However, an explanation may be made in that numbers of Latin-American families who went to the cotton fields had their meters disconnected, and upon their return, a sizeable increase was immediately noted this week.

Review of Business Changes in 1949

The close of 1949 noted several business changes in Sanderson. George Turner became the sole owner of Turners Grocery after buying the interest of his brothers, Jack and Frank Turner.

Turner's Courts, owned by Mrs. Alice Turner, were opened and L. E. Mueller bought Clymer's Courts when Mr. and Mrs. C. E. Clymer moved to Palmyra, New Jersey, recently.

Johnny Whistler closed his drug store and Homer Parker closed the S. P. Barber Shop.

A. G. (Tony) Esqueda closed the Sanderson Bakery.

Mrs. Theron Horton sold the Flower Shop to Mrs. J. W. Downum who moved the business to the Kerr Hotel when the Hortons moved to Hobbs, N. M.

Mr. and Mrs. Hollis Haley assumed management of Jimmie's Steak House.

Mr. and Mrs. Bill Goodwin opened the Hi-Way Drive Inn.

Houston Stokes assumed the management of the Loma Alta Service Station and Clayton Stubblefield, former manager, is now manager of the Automotive Super Service Station, formerly operated by A. L. Petty.

Mr. and Mrs. Coy Boatner sold the Sanderson Steam Laundry to M. L. Slade.

"The Beautyette", under the management of Miss Anita Cardenas.

B. F. Davis bought the Empire Cleaners from P. E. Dishman and sons.

Mrs. Mae Starr assumed the management of the St. Francis Hotel, formerly managed by Mrs. E. H. Halley.

Dr. J. C. Kern closed his office here and moved to Burnet.

Mrs. D. E. Elrod bought the Vanity Beauty Shop from Mrs. H. G. Mullings.

Spencer's Body and Upholstery Shop that specializes in the refinishing and upholstering of autos, was opened.

The Retail Merchants Association was organized in Sanderson with 28 members. Mrs. C. P. Peavy was elected secretary-treasurer.

Hill Supply added a shoe repair department with Bill Haines in charge.

One new water well was drilled in Sanderson last year, bringing the total to fourteen producing wells and there is plenty of water available for local use.

Improvements were noted at Cedar Grove Cemetery with new wrought-iron gates and wings of native rock extending from the gates for about ten feet toward the highway.

Mark W. Duncan became a part-owner of Spears Drug Co.

At Dryden, Mr. and Mrs. R. L. Cash are operating the Cactus Cafe and Service Station, Mr. and Mrs. Wade Harrell, Ben's Cafe and Station and Mrs. Tom Herring the Purple Sage Cafe, all under new management since the latter part of 1949.

O. T. Sudduth, Inc., bought the interest of C. E. Harkins and M. C. Dye, who were partners in the O. T. Sudduth and Co.

MRS. W. C. CARGILE AND DAUGHTER TO EL PASO

Mrs. W. C. Cargile and Mary Lou attended the Sun Carnival in El Paso this week. While there they also attended the Sun Bowl game Monday. Lee Cargile is a member of the Texas Western College football squad which played Georgetown University of Washington, D. C., in the Sun Bowl.

Roughly Speaking — What Happened In And Around Town During 1949

Recapitulating 1949 statistics, Terrell County Tuesday found that it had more money, more rainfall, more postal business, more births, fewer deaths and marriages.

Deposits at the Sanderson State Bank at the close of 1949 showed \$1,347,301.66 with \$1,572,138.93 at the close of 1949, an increase of \$224,837.27.

Figures on the increase of postoffice receipts are not available this week, but Clyde Griffith, postmaster, stated that the 1949 business would show a substantial increase over the previous year with about 32% increase in receipts during the holidays.

In the two-year comparison, there were twelve more births this year and nine less deaths. There was one more divorce granted in 1949 and a noticeable decline in marriage licenses from forty to eighteen.

The rainfall for 1949 was at least three times as much as for 1948 which showed about five inches, indicating a real drought year.

Several outstanding improvements and changes were noted in the county during 1949.

Work that has been underway on the Pecos County end of Highway 285 is progressing and work on the Terrell County end of the highway is scheduled to start in the near future. Probably before the end of the year, a new paved highway will be available to the traveling public over that route of 64 miles.

A switch-over was made in the telephone system with common battery type telephones installed and about 150 new installations made in the local board.

The beautiful new First Presbyterian Church and recreation building were completed at a cost of \$35,000. A new electric organ was installed at the St. James Catholic Church.

The Terrell County Common School District purchased the Jim Kerr lots west of the high school and plan to build a new band hall and then move the superintendent's residence to the corner lot, making more room on the school playground. The sale of \$50,000 in bonds after citizens approved a bond election, reduced the interest rate to 2½% and made more funds available for planned improvements.

The War Mothers erected the War Memorial Monument to those who served in World Wars I and II. The organization also hung a service record and honor roll in the hall of the courthouse.

The Scout House for the Girl Scouts was erected on the west side of the courthouse lot and the indebtedness on the building was cleared after the Girl Scout drive for funds in the fall.

A new building to house the equipment of the Sanderson Volunteer Fire Department was erected at a cost of \$3,500. The building is of hollow tile and stucco.

A new hut for the local post of the American Legion was built on lots facing old Highway 90. The building of hollow tile has a kitchen, two rest rooms and a large recreation room.

Relative of Local Residents Buried In Campbellton

Mr. and Mrs. Jim Kerr and Mrs. Joe Kerr, Sr., and son, James, returned home last Thursday night from Campbellton where they attended funeral services for Mrs. Sallie Campbell Edson, a cousin of Mr. Kerr's, who died in a hospital in San Antonio Tuesday afternoon following a heart attack. She had visited in Sanderson several times with the Kerrs.

Mrs. Edson, a pioneer resident of Campbellton is survived by a sister, Mrs. Rose Burke and a brother, Ed Campbell, of that city.

President's Ball January 28 To Open March of Dimes Drive

The annual President's Ball will be held Saturday, January 28, in the Masonic Hall, according to an announcement made by W. W. Sudduth, county chairman of the March of Dimes, this week. Music will be furnished by the Valley Nite Hawks.

Half of the proceeds from the dance will be retained locally and the other half sent to the National Foundation for Infantile Paralysis. With four cases of polio in the county last year, local funds were exhausted in transportation and treatment of the cases.

1949 Rainfall Up To Long-Time Average

The drought that plagued Terrell County and other sections of West Texas for two years was broken early last year and light rains that continued to fall at intervals all of the year finally brought the total for 1949 up to 16.03 locally, as recorded on the official gauge at the Kerr Mercantile and reported by Ervin Grigsby.

For ranching country that is an appreciable amount of moisture for any year, and is near the average for the county over a long period. The rains came in scattered beneficial quantities and occasions to give the maximum benefits.

Probably some ranchmen to the north and west may be able to report larger amounts of rain; and some to the south and east will report even less. However, the entire county is in better shape from the ranchers' standpoint than for several years with no necessity of feeding in sight to carry stock through the winter. Little winter weather has come to the area to date and warm, sunny days have contributed to the continued growth of grass and weeds.

ROSE BUYS RANCH NEAR SANDERSON

The Shelly ranch owned by Jimmy Logan, Alpine, consisting of approximately 20 sections of good sheep range, has been sold to Dave Rose of Brackettville, netting the seller \$17.25 per acre, according to a recent report. Included in the deal was a transfer of some 3,500 acres of land near Brackettville from Rose to Logan. The Shelly ranch is near Tesnus west of Sanderson. It is said to be one of the best sheep ranches in the area.

Funeral Services In Fort Stockton For Mrs. Adelia Moore

Funeral services were held in Fort Stockton from the First Presbyterian Church Friday afternoon for Mrs. Adelia Moore, 81, the mother of Mrs. Montie Wallace of Sanderson.

Mrs. Moore died in an Alpine hospital Wednesday, December 28. She had been a resident of Fort Stockton for thirty years.

Besides the daughter here, other survivors include a son, Curtis Moore of Fort Stockton; three daughters, Mrs. Floyd Benson of Quitaque, Mesdames Jim Gus Nevans and J. Harrison Dyche of Fort Stockton; also six grandchildren and six great grandchildren.

Roy Bogusch Home; Improving Slowly

Mr. and Mrs. Roy Bogusch returned home Friday from a Hondo hospital where he was hospitalized for ten days following a car accident.

Mr. Bogusch will have to remain in bed for at least two more weeks. His condition is slowly improving. He has chest injuries, broken ribs, and four broken toes and a chipped heel which has necessitated the foot being in a cast and traction.

Jack Bogusch, their son, who was cut and bruised in the same accident, has completely recovered.

Dr. D. M. Randall Opens Clinic Here

Dr. D. M. Randall is this week announcing the opening of a clinic at his home in Sanderson. Office hours will be from two to five in the afternoons except on Saturdays and Sundays, and by special appointments.

Dr. Randall will specialize in the treatment of chronic and crippling diseases and the use of electrical and physiotherapy treatments.

Dr. Randall stated that he hoped to find more adequate quarters for the operation of the clinic in the near future.

Attend Relative's Funeral Friday

Mr. and Mrs. J. Garner and Mr. and Mrs. A. C. Garner returned Friday night from Bertram where they attended funeral services for their uncle, John Garner, who died in that city Thursday.

They received word Thursday morning that his condition was considered grave and left immediately for Bertram, but death came before their arrival.

W. H. CHANDLER HAS FRACTURED ANKLE

W. H. Chandler of Ozona, son-in-law of Mrs. Roy Harrell, is in a San Angelo hospital with a fractured ankle.

While unloading butane from a truck at Ozona Monday, the hose went wild with pressure and the nozzle struck his ankle.

LICENSES AND DIVORCES NOTED FOR COUNTY

During 1949, 18 marriage licenses were issued by the county clerk in Terrell County. This is not indicative of the number of weddings for the year as several obtained their licenses in adjoining counties.

During 1949, there were seven divorces granted.

82 BIRTHS AND 21 DEATHS IN COUNTY FOR 1949

According to records for the past year, Terrell County's population is increasing at the ratio of about 4 to 1.

During 1949, 82 births were recorded in the county and 21 deaths. Probably the ratio would run even higher when it is noted that several babies were born to local residents in hospitals of adjoining towns and other cities.

Freddie Talbot Accidentally Shot Saturday Afternoon

Freddie Talbot suffered a very painful injury when he accidentally discharged a 22 calibre pistol Saturday afternoon. He was with his wife and baby, was visiting her relatives in Balmorhea and he was with several men on a rabbit hunt when the accident occurred.

The bullet penetrated the lower left abdomen and emerged from the left thigh but struck no bones. He was hospitalized in a Pecos hospital, and his parents, Mr. and Mrs. Fred Talbot, visited with him Sunday.

Word received from his bedside Wednesday was that he was resting more comfortably.

Huge Radish Grown By Mrs. J. W. McKee

Conclusive evidence of the fertility of local soil was furnished again this week when Mrs. J. W. McKee brought a huge radish to the Time office.

The red radish measures 11½ inches in circumference and is 8 inches long.

Mrs. McKee grew the vegetable in her garden and it clearly shows the second growth. The radish is firm and not pithy, which is unusual for large radishes.

B. H. Moorefield To Houston Hospital

Ben H. Moorefield left Tuesday for Houston to enter the company hospital for treatment.

He was stricken ill while on the job a week ago, but was considerably improved when he left.

Mr. Moorefield is a stationary fireman at the power plant for the T&N.

MARVIN A. ALLEN, JR., FIRST 1950 BABY IN COUNTY

Terrell County's first 1950 baby, Marvin Ardy Allen, Jr., was born Monday morning, January 2, at 6:35.

He weighed five pounds and at present, is in an incubator at his home.

The Allen have three daughters.

Mr. and Mrs. C. T. Martin and their grandson, Billy Fred Grimes, left Sunday night for their home in Enterprise, Alabama, after visiting here in the home of their daughter, Mrs. Albert Weigand.

Miss Mary Allen, who had spent the holidays here with her parents, Mr. and Mrs. R. N. Allen, left last Thursday for San Antonio where she visited for several days with her sister, Mrs. Wayne Carmichael before returning to Abilene Christian College.

American Legion 'Tides of Toys' Drive Underway

Collection of toys for the "Tide of Toys" campaign, under the sponsorship of the American Legion, has begun here, Post Commander Troy Druse has announced.

Persons who wish to donate toys for the drive are asked to leave them at the Sanderson Times or give them to a Legion member.

George N. Craig, national commander, has asked that local Legion groups accept and send only sturdy toys, which will be able to stand rough treatment in the long shipping. He points out that war-like toys or electrically powered toys are not suitable for overseas shipment.

With overseas shipment scheduled to start not later than January 7, donors are urged to bring the toys in as soon as possible.

Many European children of today never have had a single toy with which to play. Born in the midst of war or in war's hunger-pinch aftermath, they have known little of the normal joys of childhood. They have been given food through our government's vast aid program and private contributions. Now, by the Legion's TOT program some of the happiness our own children enjoy so abundantly at Christmas time may be shared with them.

The plan calls for each Legion Post to collect toys from the children of its community, each child being asked to give one of his Christmas toys for some toyless child in Europe. To each toy should be attached a note from the child who gives it to the child who receives it, making it a personal gift from child to child.

Polio Poster Children Form March of Dimes Honor Guard

1950 drive, following nation's worst epidemic, will be led by Wanda Wiley, escorted by poster children of past four years.

1946: Donald Anderson, Ore.

1947: Nancy Drury, Ky.

1948: Terry Tullos, Miss.

1949: Linda Brown, Texas

1950: Wanda Wiley, Texas

MARCH OF DIMES poster children whose plight and progress depict the fight against polio will tour seven cities in the 1950 drive, January 16-31. They will make a concerted appeal for greater contributions to provide effective continuation of patient care, research and educational programs sponsored since 1938 by the National Foundation for Infantile Paralysis.

SECOND SON BORN TO JOE RITCHEL OF HOUSTON

Mr. and Mrs. Joe Ritchel of Houston are the parents of a second baby boy born in that city December 11. He weighed seven pounds and was named Joe Ritchel, III.

Mrs. Ritchel is the former Miss Wilma Lois Moorefield.

Mrs. B. H. Moorefield spent several days in Houston with her daughter and family.

No wonder they're calling them "TOP CHOICE FOR 'FIFTY'"

They're greater in power—higher in compression—a standout in styling—dreams to drive—and now there's a Buick beauty for 1950 to fit practically any budget

No, we just couldn't hold back the whole big Buick line for 1950.

They're too good-looking—too much fun to drive—too jam-packed with stepped-up, higher-compression, ready-to-ramble power—to be kept under cover.

So maybe you've already seen some 1950 Buicks on the highway.

Maybe you've noticed the extra "git up and travel" they have—glimpsed the wide, curving windshields (one piece in most models)—noted, approvingly, that the typical Buick taper is now found in all Buick fenders.

Maybe you've even heard some things...

That there are more than a dozen-and-a-half models to choose from. That there are three power plants in the Buick line—all of higher compression, all stepped up in power.

That all models are big and roomy inside—some rear seats are better than a foot wider than before!—yet in every instance, shorter over-all, so easier to handle, park and garage.

Above all, maybe you've heard of exciting news on price...

That Dynaflo Drive, for instance—standard on ROADMASTER models, optional on all others—now costs 20% less than on 1949 models.

POWER NEWS WITH A REAL PUNCH!

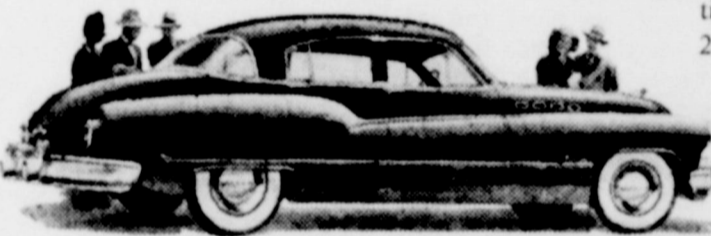

Here's just one part of Buick's three-way power story for 1950—the brand-new F-263 valve-in-head straight-eight. Packing a wallop that makes the SUPER a stand-out performer of the season, here is still higher compression and still greater power in no greater over-all size. You'll get this new engine on all SUPER models, in 124 hp with Synchro-Mesh transmission, 128 hp with Dynaflo Drive.

That in the full line—SPECIAL, SUPER and ROADMASTER series—there is a Buick to fit practically every budget above the very lowest!

Pictured above is the 1950 SUPER 4-door Sedan, one of the new Buick body types for 1950. At your Buick dealer's are more actual models, the whole story on others.

Hadn't you better see him—right now—and see if you, too, don't find Buick "top choice for 1950"?

LOTS OF LUGGAGE SPACE, plus a high-fashion rear-end treatment, grace the Buick tourback Sedan models for 1950. This is the ROADMASTER, and above is the SUPER version of this much-wanted 4-door, 6-passenger Sedan.

Phone your BUICK dealer for a demonstration—Right Now!

Women Again Chosen as Poster Girl For March of Dimes Drive

March of Dimes poster children of the past four years will form an honor guard to escort the 1950 March of Dimes poster child, Wanda Wiley of Austin, on a tour of seven Eastern cities on behalf of the National Foundation for Infantile Paralysis during its forthcoming drive, January 16-31. It was announced today.

The five children, all of whom have been helped with March of Dimes funds, will lead the nationwide appeal for greater contributions to continue patient care, research and education programs sponsored since 1938 by the National Foundation. The appeal of poster children from the past emphasizes the need for increased funds following the nation's worst polio epidemic of 1949.

Eight-year-old Wanda Wiley of the second consecutive poster child chosen from Texas to symbolize the annual March of Dimes. Her selection points up the fact that polio may strike again in successive years and that, while the majority of patients make quick and complete recoveries, thousands, like little Wanda, face a prolonged and costly uphill fight long after the epidemic has subsided.

Wanda was stricken in 1948, two weeks after her 16-year-old sister was hospitalized with polio. Both girls were respirator cases for several weeks; both were sent to Georgia Warm Springs Foundation for convalescent care, with all expenses paid by the Travis County chapter of the National Foundation. More than \$8,000 in March of Dimes has been expended to date for the care and treatment of the two Wiley sisters. Wanda is now able to get about on crutches and in a wheelchair. She is the daughter of Mr. and Mrs. N. E. Wiley, 708

Webberville Road, Austin.

Wanda's honor guard in the 1950 March of Dimes includes the 1949 poster girl, Linda Brown of San Antonio who will celebrate her fifth birthday on January 13. Stricken three and a half years ago, Linda has only a slight limp today as evidence of her bout with polio. Home treatments, regular hospital checkups and corrective surgery have steadily improved her condition. She is the daughter of Mr. and Mrs. Leonard Brown, Jr., 234 Cromwell Drive, San Antonio.

The other poster children participating with Wanda and Linda in the 1950 March of Dimes are: 5-year old Terry Tullos of Laurel, Miss., 1948 poster boy; 7-year old Nancy Drury of Louisville, Ky., 1947 poster girl; and 9-year old Donald Anderson of Warm Springs, Oregon, 1946 poster boy and first polio patient ever chosen to symbolize the national appeal.

Terry, stricken in 1945 before he had learned to walk, has made continuous progress in overcoming crippling after-effects and now has progressed sufficiently to discard one of his two leg braces. He is the son of Mr. and Mrs. Clarence Tullos of Laurel.

Nancy, victim of the 1944 Kentucky epidemic, has completely recovered from her polio attack. Regular physical therapy at home and in the hospital for several years has restored her limbs to full functional use. She is the daughter of Mr. and Mrs. Frank Drury, 2533 Rowan, in Louisville.

Donald, stricken in 1943, wears a body brace part-time and has never been hampered from participation in active sports. He is still under medical treatment and visits the hospital clinic for checkups every six months. He is the son of Mr. and Mrs. Edward Anderson, Warm Springs Indian Reservation.

FEC LUIS RODRIGUEZ STATIONED IN JAPAN

Private First Class Luis Rodriguez, son of Mr. and Mrs. Petra Rodriguez of Sanderson, is at the present time serving with the famed 31st Infantry Regiment, of "The American Foreign Legion", of the 7th Infantry Division, stationed at Camp Crawford, Hokkaido, Japan.

Pfc Rodriguez is assigned to Company K as a rifleman in the third platoon.

Pfc Rodriguez entered the army at Fort Sam Houston, Texas, on June 15, 1943, and he completed his infantry basic training at Fort Sill, Oklahoma. Rodriguez served with the army during the war and was in the invasion of Normandy, the battle of North France and the Rhineland. He has served with the 31st since February 11, 1948.

Pfc Rodriguez plans to make the army his career.

Miss Lizzie Belle Phillips of Del Rio is visiting friends here.

is no one, we repeat, no one, who can set the boundaries of any American except that American himself.

The world will change for better — because we want it to be better. Despite what you may have been told the world ahead of you is brighter, finer, richer, and filled with more opportunities than ever before.

Your obligation is to make it better, brighter, bigger. Only if you give to the world more than you get out of it, can you fill that obligation. That is only a tiny price to pay for the great privilege of being alive and living and growing.

Now we are going to start this year off by some suggestions for, what we believe, is to make Sanderson and Terrell County a better place. We have found in Sanderson one failing that we have hesitated to mention, but since we set out to stick our neck out — even if it get cut off, so here goes: There is a lack of cooperation among the dif-

Hadacol Helps Textile Worker Stay On Job

The great textile mills of the Carolinas are booming again with shifts working day and night to turn out the nation's finest materials, and HADACOL is doing its part to keep folks on the job.

Many textile workers have reported the wonderful relief which HADACOL with its five B vitamins and four important minerals. This worker, a young father employed by the great Cannon Mills at Kannapolis, N. C.

Jay W. Barnhardt, Route 3, Box 343, Kannapolis, N. C., is 30 years old and the proud father of two children. His work in the Cannon Mills calls for a great deal of standing up.

"I had been ill for several years," said Mr. Barnhardt as he explained how close he came to having to give up his work. "I suffered with a weak stomach. It became worse and worse with gastric disturbances. I just could not hold food and no food agreed with me. I could not sleep and finally I became so sick that my legs got weak as I worked in the mill each day."

Mr. Barnhardt, like so many sufferers, had tried many preparations without relief, when he heard about HADACOL.

"After the second bottle of HADACOL I began to feel better and to regain the weight I had lost," said Mr. Barnhardt. "My digestion became normal again and today I am as well as ever. My legs no longer bother me. I eat and enjoy my food. I sleep well and have plenty of energy."

Mr. Barnhardt has taken several bottles of HADACOL and now takes the famous vitamin and mineral preparation to help stay well. He has had his wife take it with wonderful results and has recommended it to his friends in the mill.

Mr. Barnhardt suffered from a lack of B vitamins and the minerals which HADACOL contains. HADACOL comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

A lack of only a small amount of B vitamins and certain minerals will cause digestive disturbances. Your food will not agree with you. You will have an upset stomach. You will suffer from heartburn, gas pains and your food will sour on your stomach and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the signs of lack of B vitamins and minerals which HADACOL contains. And if you suffer from such a deficiency disorder, there is no known cure except the administration of the vitamins and mineral, which your system lacks.

It is easy to understand, therefore, why countless thousands have been benefited by this amazing tonic, HADACOL.

ferent churches of this town. We are not trying to tell you who is to blame but regardless where the "chips may fall" we can make that assertion without fear of contradiction. We hope the various congregations of this town will be able to "practice what they preach" and show a brotherly spirit with each other. If the various church leaders of Sanderson will come together for a jam session and talk this thing out we feel that great good could result from such a meeting.

Last week we had a letter from a new subscriber in California who offered a bit of constructive criticism on the news policy of this paper. We always welcome such letters and hope to give our readers just the kind of news they seek. This subscriber suggested that this paper should have a roving reporter to gather news from the other towns in the county. This reader doesn't know that Dryden is the other town in Terrell County. If we but had other towns we would be glad to include them in our coverage.

Our next closest neighbor is Marathon the "Gateway to the Big Bend Park and even though it is in another county we would be glad to publish news from that town if there is a demand for it in reader interest. Anyway, thanks for the suggestion.

Texas Production Groups have shown their independence by paying off the Federal indebtedness of more than \$8,000,000. This is the spirit of Texas as it has been expressed since we had a Texas. The Federal loan was put to good use and has proved an investment in Texans' ability to take advantage of opportunities and make them pay off. We are glad that debt is paid. Now the Home-Owned groups can go forward with a worthwhile program without the help of the federal government.

It is the opinion of this writer that the formation of the baseball team in the local school will add much to the education of the boys in a sports field. Baseball is among the tops in national sports and is looked upon as one of the outstanding games for individual players' ability to stand out among his team mates as well as showing a very thorough coordination of a nine man unit that must work toward the success of all to form a successful team. Each person on the team will have the chance at one time or another during the games to be responsible for the expert and correct way to play the game and a sportsmanship of the highest degree can be developed on the diamond. We are glad to see the formation of a ball team and hope that it meets with the success of anticipation in games won and lost and development of the boys.

THE STATE OF TEXAS TO: MANUEL MORALES GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 6th day of February, A. D. 1950, at or before 10 o'clock A. M. before the Honorable District Court of Terrell County, at the Court House in Sanderson, Texas.

Said plaintiff's petition was filed on the 7th day of December, 1949.

The file number of said suit being No. 2112.

The names of the parties in said suit are: Oralia Lopez Morales as Plaintiff, and Manuel Morales as Defendant.

The nature of said suit being

Texans Pay Back Last of Government Money

Pictured above is L. Roy Prescott, treasurer of the Production Credit Corporation, looking at the twenty-one checks for \$5,000.00 each, which on December 3, 1949, retired the last dollar of the almost \$8,000,000 the Government had invested in the Texas associations.

DIRECTOR TELLS WHY ASSOCIATION ABLE TO PAY OUT \$8,000,000 LOANS

OLD GLORY, Jan. 3 — Farmers and ranchmen have proved that they can be as good businessmen as anybody, J. B. Pumphrey of Old Glory pointed out.

Pumphrey, a Stonewall County stock farmer, is a director of the Stamford Production Credit Association and the production credit representative on the 7-man board of directors of the Farm Credit Board of Houston.

The 36 Texas production credit associations today are paying back to the U. S. Treasury the last cent of the \$8 million advanced to them as capital stock under the Farm Credit Act of 1933.

"When the government helped us get started in business and

substantially as follows, to wit: Suit for divorce, Plaintiff alleges bona fide residence in Texas for more than one year; continuous residence for six months prior to filing of petition in Terrell County, Texas. Marriage to defendant in the year of 1945, that they have been separated for more than two years, abandonment of Plaintiff by Defendant with intention to abandon.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 23rd day of December A. D. 1949.

Given under my hand and seal of said Court, at office in Sanderson Texas, this 23rd day of December A. D. 1949.

RUEL ADAMS Clerk Court Terrell County, Texas (SEAL) 44-31c

told the farmers and ranchmen they'd have to pass on loans totaling millions of dollars a year, a lot of people thought we could not do it," he said.

"A lot of us thought the same thing," he added.

But the Texas production credit associations' loss record of less than 5 cents for each hundred dollars, or 1-20th of one per cent, on a volume of over \$900 million loaned out in 16 years of operation has proved the worth of the farmer-rancher loan committee idea, Pumphrey pointed out.

"When you get to thinking about it, it stands to reason that a farmer ought to be a better judge of another farmer's ability to earn money than anyone else," he said.

"More than that, when you are in a cotton country, you'll find the loan committee is made up of cotton farmers. Around Amarillo, wheat farmers and ranchmen. Beaumont, rice farmers and cattlemen. In the lower Rio Grande Valley, cotton farmers and citrus growers. Around San Angelo, sheep, goat, and cattle raisers. You can't beat that.

"In production credit we've hit on a sound system," he added. "When we go to make a loan, we pay more attention to the man, his character and proven earning ability, than we do to what he has as collateral. We don't want to foreclose on him, we want him to be able to repay his loan from what the loan helps him to produce. Once we take on a man, we figure on sticking with him."

Pumphrey explained that each production association is oper-

ated by a 5-man board of farmer-rancher directors elected by the farmer-rancher stockholders. Each association employs a manager and fieldmen who are under the direct supervision of the directors. In addition to the 36 association headquarters in Texas, 111 branch offices have been set up to cut down on borrowers' travel.

"We've been member operated for 16 years," he said. "Now that we've bought out the last cent of government capital stock, we're 100 per cent farmer and ranchman owned as well."

McCULLAR-DUKE WEDDING DEC. 31 IN SAN ANTONIO

The chapel of the First Baptist Church in San Antonio was the scene of the wedding of Doris Duke and Wilbur H. McCullar, Saturday, December 31, at ten o'clock in the morning with only close friends and relatives in attendance.

The bride is the daughter of Mr. and Mrs. D. L. Duke of San Antonio and Mrs. L. L. McCullar of Beaumont.

Rev. Perry Webb, pastor, directed the exchange of marriage vows using the double-ring ceremony.

Tall baskets of white gladioli and fern decorated the altar with branched candelabra holding white tapers to each side.

Doris Duke, brother of the bride, acted as usher and, after lighting the candles while Mrs. Frank Kilgore, organist, gave a muted interpretation of "The Lord's Prayer."

The bride's father, D. L. Duke, sang "I Love You Truly" as a pre-nuptial solo.

The bride, given in marriage to her father, chose for her wedding a navy blue suit with which she wore a dainty pink-trimmed white nylon blouse, white-trimmed white hat, navy bag and shoes and white gloves. She carried a white Bible which was topped with a bouquet of stephanotis perfumed with a white orchid from which cascaded white satin streamers with white split carnations tied in lovers' knots. She later wore the orchid for a corsage for her going-away costume.

Miss Carol Collier of San Antonio, the bride's only attendant, wore a maroon wool suit with many accessories and a corsage of blue gladioli.

Immediately following the ceremony, an informal reception was held at the home of the bride's aunt, Mrs. Bryan Naylor, Mrs. Kenneth Barnes of Kilgore, cousin of the bride, registered the guests in the bride's book.

The lace-covered refreshment

table was centered with an arrangement of gypsophila and lilies of the valley and a similar arrangement was on the buffet.

Mrs. L. C. McCullar, sister-in-law of the groom, presided at the silver coffee service. The four-tiered wedding cake on a nest of white ruffled malline, was decorated in white and pink roses with silver leaves and dragees. For a bit of sentiment, it was topped with a miniature bride and groom that were on a cake served at the golden wedding anniversary of the bride's maternal grandparents. Mrs. Bryan Naylor, Jr., served the cake.

Mrs. McCullar is a life-long resident of Sanderson, graduating from the Sanderson High School in 1948. She has attended Sul Ross College and the University of Texas.

Mr. McCullar is head of the music department of the Georgetown High School. He has a B. A. degree from the University of Texas and was band director here for two years.

After a short wedding trip, the young couple will be at home in Georgetown.

Out-of-town relatives attending the wedding included Mr. and Mrs. D. L. Duke and Diana; Mrs. L. L. McCullar of Beaumont, the bridegroom's mother; Mrs. E. A. McCullar of Austin, grandmother of the groom; Mrs. A. N. Hulsey of Fort Worth, grandmother of the bride; Mr. and Mrs. L. C. McCullar of Beaumont; Mrs. Kenneth Barnes of Kilgore.

AMONG OUR SUBSCRIBERS

Renewals for the Times this week have come from Jimmy Martin, and R. J. Ross of Dryden; Mrs. W. D. Chandler of San Antonio; J. L. Richmond of Fort Stockton; Betty Lou Frazier of Dallas, Mrs. A. D. Brown, W. F. Frazier, Jimmy Hatchel, Mrs. D. L. Duncan, J. C. Green, Lolo Flores, Mrs. W. E. Grigsby, all Sanderson; Mrs. Henry Bochat of Del Rio.

Mrs. J. W. Pate and sons, Bart and John, returned home Wednesday morning from Dallas where they had spent a week visiting relatives.

Baptist W. M. S. Meets Monday

The Baptist W. M. S. met at the church Monday afternoon with Mrs. Clifford Spencer as leader of the program.

During a short business meeting, Mrs. A. D. Brown gave a discussion of stewardship in homes and churches. Current news on missions was given by Mesdames O. H. McAdams, Brown, Spencer and S. D. Thompson.

Those present were Mesdames T. O. Moore, B. E. Carr, Annie Nance, S. D. Thompson, Clifford Spencer, A. D. Brown and O. H. McAdams.

A Royal Service program will be given at the meeting next Monday.

DRYDEN NEWS

By Barbara Clark

Mr. and Mrs. B. J. Raines and daughter visited with Mrs. Raines' parents, Mr. and Mrs. Lonnie Cash, and Alonzo during the past week.

Mr. and Mrs. Simon Shaw returned Monday night from San Antonio after spending the week end with Mr. Shaw's father who is ill there.

Mr. and Mrs. E. W. Streetman and family spent the holidays with relatives in Luling and Grapeland.

Mr. and Mrs. Tommy Gordon and son left Monday to be at the bedside of Mr. Gordon's grandmother who is critically ill in Oklahoma City.

James Clark returned home Monday night from San Antonio after spending the past week with his grandmother, Mrs. Jesse Hayes.

Mr. and Mrs. Don Allen and children went to San Angelo Thursday to visit with relatives for several days.

Miss Louise Kiemer returned home Tuesday from Houston where she had visited with her parents for ten days.

Mrs. J. L. Anderson of Rock-springs visited with her son, B. F. Anderson, and family during December and has returned home.

At the Schools

The classes of the schools of Terrell County resumed work Wednesday morning at nine o'clock after two weeks of holidays for the Christmas season. Twelve new pupils were enrolled in the Sanderson grade schools Wednesday.

Mrs. Austin Nance is teaching for Miss Loreet Loftin who is on a sick leave.

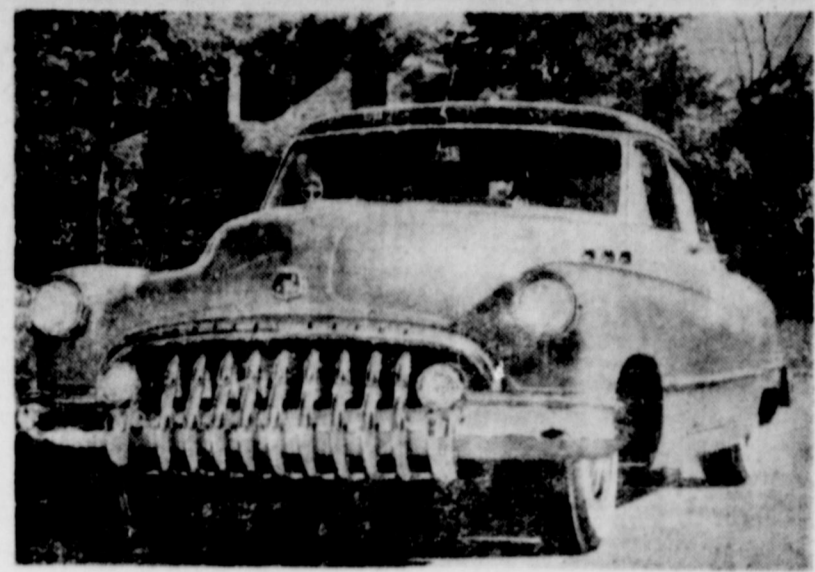

Boys of the high school who were interested in forming a high school baseball team here began their practice Wednesday afternoon under the supervision of Supt. J. G. Barry. This is the first attempt that has been made locally to organize baseball in the high school, and Mr. Barry stated that he saw no reason why it could not be done.

Playing equipment for the team was ordered several weeks ago and is on hand for the beginning of the practice.

Supt. Barry has long been a follower of the sport in an active and passive way and is well known in high school baseball circles and many independent town team circuits for his ability to produce ball players and ball teams. He is still active to some extent on the diamond himself, maintaining a critical eye toward the playing aspects of the game.

The Sanderson Eagles basketball team will begin their conference play on Tuesday, January 10 here with Marfa. The volley ball game will begin at 6, followed by the Juniors basketball game at 7 and the varsity basketball game at 8. The outlook for the Eagles' basketball season could be much improved as they have been defeated early in two tournaments and are playing in a very tough conference for basketball. It is hoped that the taste of defeat on the part of the Eagles will urge them to vengeful winning during the conference play. Marfa is one of the strongest basketball teams in the district and the outcome

Buick from Stem to Stern

This sturdy looking bumper and grille combination graces the front end of the complete line of 1950 Buick automobiles. Other distinctive features are the full taper-through front fenders, wrap-around bumpers with bomb-shaped bumper guards housing the parking light and direction signal indicators in front, and back-up lights in the rear, and identifying name plates on the front fenders. The cars have completely new bodies, and a new and more powerful engine is under the graceful hood of the new Super sedan shown above.

of this game might well predict their chances during the coming games.

The Eagles will play Alpine

in the local gym Friday night of next week, with volley ball, junior and varsity basketball scheduled for the evening.

Mr. and Mrs. H. O. Harrison and sons, Herman and Wayne, have returned to their home at Leming after visiting here with her sister, Mrs. James House, and family. Bill House, who is a student at Southwestern University, Georgetown, accompanied them home.

Bobby Lee McCue has returned to San Antonio after spending ten days here with his parents, Mr. and Mrs. Lee McCue.

Miss Vera Cotton of Sterling City is visiting her sister, Mrs. W. H. Nessmith, and family.

Mr. and Mrs. Elmo Searcy spent last week end in Brady with her sister and family.

COMING OR GOING...

SMARTER THAN EVER...

AGAIN THIS YEAR THE BIG VALUE IS DODGE!

You could pay a thousand dollars more and still not get all the new beauty... extra room... famous ruggedness of this great new Dodge

HERE'S BIGGER VALUE in smart new styling... in ease of handling... in comfort... in sound engineering. And in actual dollars and cents, too, because the big new Dodge costs just a few dollars more than the lowest-priced cars.

Despite its smart, low, graceful lines outside, Dodge is higher, wider, longer on the inside to give you the roominess that spells solid comfort... that means extra room for your head, your legs. Less overhang front and rear makes parking and garaging simpler, easier.

See this great new Dodge. Sample the flash performance of the powerful high-compression "Get-away" Engine... the smoothness of Dodge Fluid Drive. Come in today.

NEW BIGGER VALUE DODGE

Just a few dollars more than the lowest-priced cars!

NEW VALUE! You'll thrill to the smoothness of Dodge Fluid Drive, Gyro-Matic, to free you from shifting, optional on Coronet models at moderate extra cost.

B-R-R-R! NOT EVEN AN ESKIMO WOULD TRADE PLACES WITH HIM!

COLD? You bet it's cold on an icy pole in the teeth of a biting wind! But weather can't stop C. P. S. Co. trouble shooters when emergency repairs are needed to maintain your electric service.

Winter or summer, day or night, when storms unavoidably disrupt electric service, you can be sure that C. P. S. Co. linemen are on the job, doing their best to repair the damage in the shortest possible time. They don't expect any praise or thanks for this. They're simply doing the job for which they've been trained.

So, if your lights should flicker or go out during a storm, think of the men on the icy poles or exposed to the wind and rain. Regardless of personal discomfort, they'll be working hard to restore your service as quickly as is humanly possible.

TAXES THOUGHT ABLE TO KILL PUBLIC INITIATIVE AND PRIVATE ENTERPRISE

The gravest and most far-reaching internal issue this country faces is the cost of its government. And all issues, it is probably the least understood.

At a time when the Federal government's income is at a near-record peak, and when the burden of taxation borne by the people is without precedent in days of peace, the nation is unable to make both ends meet. It is running a heavy deficit which will be added to the towering national debt—a debt which is a direct obligation upon every man with an income, a piece of property, or material resources of any kind.

There is, of course, a glib answer to all of this. It is: "Tax the rich man and the rich business—let them carry the load for the rest of us." But the fact is that we could tax the rich into financial extinction and the proceeds wouldn't even come close to paying the bill. It is the tens of millions with moderate means—not the few with large means—who are hurt by extravagant government.

But that is not the end of the story. Something infinitely ominous is quietly happening in this country. Taxes are killing our economic growth.

A recent article in one of the famous news-type describes this. Sales of common stock in industry largely determine whether we shall have good times or bad, an expanding economy or a static economy, more employment or less in the future. Yet, the magazine says, last year trading in stocks accounted for only four per cent of the national income where, in the 55 years prior to 1930, it averaged more than 40 per cent. This means, the magazine goes on, that "if most of our corporations were not already in existence, it would be impossible today to create them." The money that once went into the enterprises upon which our living standards and our world leadership are built is being taxed out of existence.

This is but one of the illustrations out of many that could be cited. Every individual whose income is above the subsistence level knows how onerous taxes are. Practically everyone talks at one time or another about the cost of government and how something must be done. But

talk is generally the beginning and the end of it.

This brings us to a fundamental fact. Wasteful, excessively costly government is simply a symptom of a condition of overwhelming significance. That condition cannot be described in cold figures. It exists in the minds and hearts of the people.

In the last twenty years, there has been an insidious change in our concept of government. We have turned to it to perform tasks which always before were the duty of the individual and the local government, to protect us in every way. We are losing our independence. We ask our government to protect our health, build our homes, care for us if we are unemployed, and see us through all the way from the cradle to the grave. We ask it to provide more and more goods and services. The polite term for this "gimme" habit is "the welfare state," a softer name for socialism. The welfare state always leads to one of two conclusions. It impoverishes and enslaves the people and subjects them to ruthless dictatorship, as in Eastern Europe. Or, finally, the people rid themselves of its worst manifestations, as the voters of New Zealand and Australia recently did. But, even in the latter case, the wealth of the nations has been dissipated, and the tentacles of government have been woven so tight that it may take generations to recover.

Therefore, taxation directly affects all our liberties. Excessively expensive government is always super-government. It is paternalistic government. It is, in its more advanced stages, government by terror. The Russian revolution was fought in the name of the common man. And now, in that huge "people's state," tens of millions of common men and women live miserably in medieval darkness, and real liberty is unknown.

The basic troubles of the world, from war to human want, can in one way or another be charged to too much government. All-powerful government is simply a reflection of the loss of individual self-reliance, initiative, pride, independence of spirit, the will to work—the qualities which made possible the founding and the growth of this republic. We, as a people,

are fortunate that we have not yet gone so far on the "welfare state" road that we cannot turn back. We can still save ourselves from the final disaster that has overcome so much of the world. But we, as a people, must do it ourselves. Big government will not do it for us. We must ask ourselves this question: "Are we willing, in return for a mirage of material security, for which we pay through exorbitant taxation, to sacrifice those liberties for which men have fought for two thousand years?"

Mr. and Mrs. R. G. Stegall and son spent Tuesday at Marathon with her mother and other relatives.

Citizens of Sanderson and Terrell County

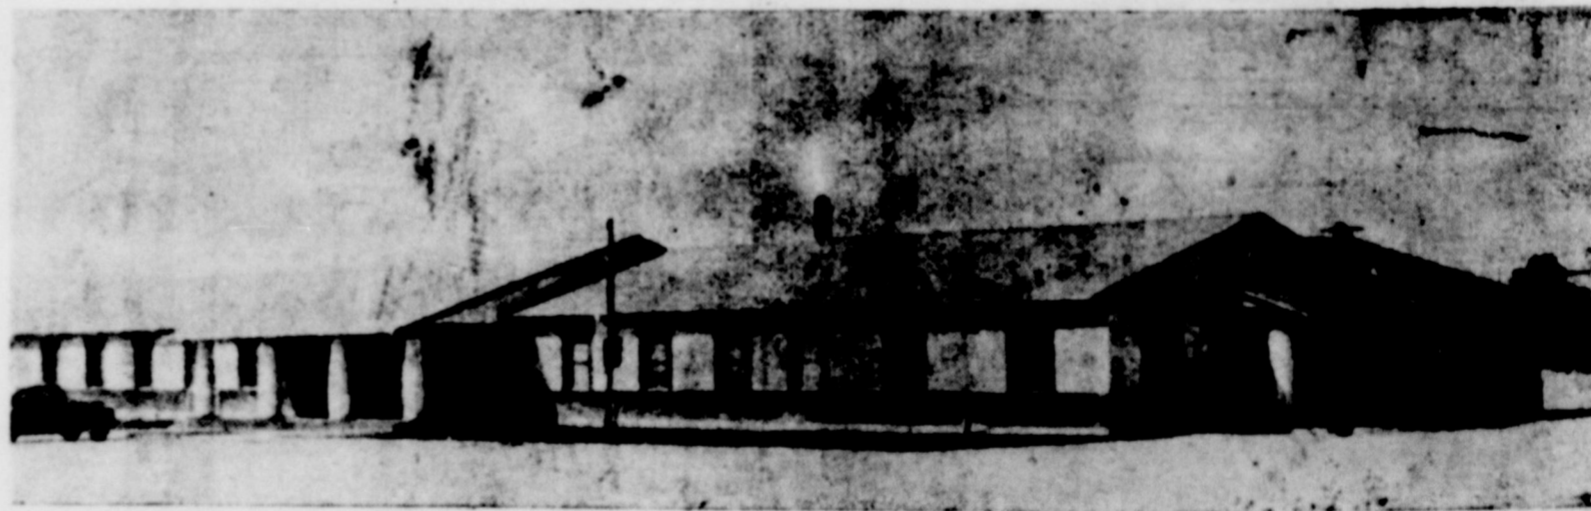

Are Cordially Invited To Attend the

FORMAL OPENING OF

MEMORIAL HOSPITAL

SUNDAY, JANUARY 8, 2:00 to 4:00 p. m.

FORT STOCKTON, TEXAS

The people of Pecos County join in this invitation to everyone in Terrell County to see the beautiful new Memorial Hospital on Spring Drive in Fort Stockton.

This new \$250,000 structure, just completed, and equipped with the best and newest of surgical, laboratory and clinical devices, will be operated as an open-staff hospital, available to anyone in need of hospital service.

A capable staff is headed by Miss Ellen Flynn, R. N., former superintendent of Nurses in El Paso General Hospital, as its superintendent; and by Mr. Fred Deerfield, R. T., as laboratory X-ray technician.

Twenty-two beds, mostly in private rooms, are available to help meet the needs of the residents of many communities of this area which do not have hospital facilities.
