Five Generations of Faz Family

Last year on Mother's Day, a picture was made of the five generations of living descendants of the Faz family. Mrs. Beatriz de Faz, the mother, died last Wednesday morning. She was Sanderson's oldest resident, being almost 108 at the time of her death. She had resided here for thirty-nine years. Mrs. Faz is seated in front by her great-great grandson, Alberto Escamilla. In the back row, left to right, are her daughter, Mrs. Guadalupe Faz, 84, a great grandson, Nolberto Barrera, and a grand daughter, Mrs. Esther Marquez. All reside here.

EAGLES SWAMP TOP DISTRICT BASEBALL TEAMS THIS WEEK

The Sanderson Eagles baseball team has been going through the opposition of the district teams like a whirlwind in the last two games played. The Eagles are winding up the season in third place, being behind Marfa and Alpine.

Last Friday Alpine was in Sanderson and lost to the Eagles 15-4 in what was at that time their best game of the season. Alpine got nine hits and made 5 errors and Sanderson got 16 hits and made 3 errors. Vasquez pitched the full seven innings for the Eagles and Alpine used two pitchers to try to stem the tide of the local team's scoring.

Smith, centerfielder, got 2 hits for 5 times at bat; Hope, second baseman, batted 2 for 2; Chamberlain, shortstop, failed to hit out of 3 times at bat; Bustos, catcher, got 1 hit for 4 trips; Zepeda, 1st baseman, got 2 for 4; Olivares, right fielder, batted 0 for 4 times at bat; Banner, left fielder, got 2 hits for 4 batting trips; Silvas, third baseman, got 1 hit in 4 bats and Vasquez, batted 3 for 4.

In the game Tuesday of this week in Marfa, the Eagles downed that team 23-11. Marfa is the top team in the district and lost their first game Tuesday.

Sanderson made 21 hits, got 23 runs and made 3 errors. Marfa got 11 hits, made 11 runs and 2 errors.

Saenz, right fielder, got 1 hit out of five times at bat; Smith, centerfielder, got 2 for 6; Hope, second baseman, got 4 hits for 6 times at bat and 2 of them were doubles; Bustos, catcher, got 4 hits for 5 trips; Zepeda, first baseman, got 1 hit for 5 bats; Chamberlain, shortstop, batted 1000 with 1 home run, 1 triple and 3 singles; Banner, left fielder, got 1 hit for 4 bats; Silvas, third base, got 1 for 2; Olivares, pitcher, got 1 hit for 4 bats. Olivares pitched 6 innings and started the 7th and was relieved by Vasquez for the Eagles. Flores hit a homer with the bases loaded and added 4 to the score for Marfa in the 7th.

The Eagles hit their stride in the Marfa game, according to Coach G. E. Luckenback and played their best game of the season.

Marathon is scheduled to play the Eagles there Friday in the last game of the season, but it is expected that the game will be called off since the outcome would have no bearing on the team standing since Marathon has lost all the games played this season.

New Tax Money Pours Into State Coffers

Austin, April 19 — One million eight hundred thousand dollars receipts under the ten percent tax increases levied by the special session of the Legislature rolled into the State Treasury in March. All the raises became effective the first of March, but Comptroller, Robert S. Calvert, stated that the payments on crude oil tax and other major taxes are not due until the month after they accrue. For that reason, the full force of the new levies will not be felt until April. Products subject to the new higher rates include cigarettes, cement, sulphur, gas, oil, insurance, automobiles, radios, cosmetics, cards, alcoholic beverages, etc. etera.

The raise of one cent per package in the cigarette tax had very little, if any, effect on the number of packages sold. The first seven months of this fiscal year sales were 6.88% ahead of the same period last year and the trend continued through March at the rate of 5.68% increase.

For the first month since August 1949, the omnibus account had enough income to meet all allocations for Public Welfare, Teachers' Retirement, Rural Roads, and Foundation School fund needs.

RAINS COVER ENTIRE COUNTY

RIDE 'EM COWGIRL — Action aplenty is in store for rodeo fans when the annual All-Girl Rodeo sponsored by the Pecos County Sheriff's Posse gets underway May 12 in the Rooney Park Arena at Fort Stockton. Approved by the Rodeo Girls Association of America, the annual event provides top-notch entertainment and competitive sport for America's finest women performers. Little Jackie Worthington of Jacksboro, a top-notch hand with a rope or in the bronc riding arena, is shown above riding a stormy Brahma. She will be among the featured performers at the three shows here — evenings of May 12 and 13, and afternoon on Sunday, May 14.

Much-needed rain came to some sections of Terrell County Tuesday night with 1.10 inches reported on the official gauge at Sanderson.

Heavy hail was reported at Rosenfeld and light hail at other ranches to the west.

High winds and much thunder and lightning accompanied the rain with some wind damage reported to trees and growing plants.

Claude Hill reported 1.75 inches of rain at his ranch; Buck Hinson and Sid Harkins, none; Monte Corder had .30; Mrs. H. C. Goldwire over 2 inches; R. N. Allen 1.6; Eli Hagelstein 3 inches.

There was no rainfall at Dryden nor in that area.

Rains that fell Wednesday night and Thursday morning seem, from reports available, to be more general over the county with areas that got no rainfall Tuesday night reporting approximately an inch Thursday morning. Two inches were reported in the Big Canyon and Independence country.

At Sanderson .71 was reported.

The rain will soon afford much relief to ranchers with an unusually large crop of lambs on the ranges that were badly in need of rain for grass and weeds.

High temperatures have prevailed during recent weeks and cooler weather will be appreciated. Terrell County was in the path of the dust storms that plagued West Texas last week but received dust in much less quantities than other sections.

Kenneth Moorefield Bitten by Copperhead

Kenneth Moorefield, 4-year-old son of Mr. and Mrs. Ben Moorefield, was bitten several times on top of his foot by a small copperhead snake at his home last Thursday afternoon, according to his father.

He was brought home from a Fort Stockton hospital Saturday night and is convalescing satisfactorily.

The child was watching some laborers in the yard and when his attention was called to the snake by some children who were with him, Kenneth attempted to stomp the snake. The snake was only 7 or 8 inches long and the fact that the child had on socks and sandals also probably prevented him getting the full effects of the venom.

People Missed In 1950 Census Asked To Contact Local Chief

The taking of the 1950 Federal Census in Terrell County was completed by May 1 and the records turned over to the district office in Odessa by A. J. Hahn, Jr., crew chief for this county.

Mr. Hahn was assisted by Mrs. E. W. Martin, Rev. R. A. English and B. F. Davis.

Every effort was made to count every person residing in the county and Mr. Hahn has asked that anyone residing in the county, who for any reason may have been missed or overlooked by the census takers, contact the Sanderson Times or him by letter or phone and someone will take their census.

It will be ten years before another count is made and the official population established in the current census will be the basis for many laws and for provisions of the services for the town and county for a decade.

Club Cafe To Be Closed After 10 P. M. For Redecorating

LISTEN TO LUKE

The President is now on his \$250,000.00 "non-political" tour of the northwestern states. We know his mission is strictly non-political for he has said so and since his first speech in the rain covered nothing but urging support of the Brannon Plan there would be no reason to suppose he would bring anything political into his talks.

The President feels that the people of the United States are entitled to know what is going on so he spends \$250,000.00 of our money to tell us. Looks like a few letters from the White House would have told us the "condition of the country" much cheaper but the postoffice department has already cut so many men off in the economy program that it would have been difficult to have had the letter mail properly handled — so off he goes on a non-political tour.

Speaking of reductions in the postoffice department — we wonder why more dead wood in the department couldn't have been severed if the economy cut had to begin with that department.

Continued pressures on the Federal government to increase expenditures could result in a federal tax burden of \$70 billion or more annually within the next ten years unless the public puts a brake on them. This is the conclusion of the Council of State Chambers of Commerce. Here are some of the facts assembled by the Council's research team which lead to that conclusion:

"Scores of new federal spending measures are now being urged upon Congress. If passed, they could add as much as \$25 billion eventually to the nation's annual tax burden.

The President's 1951 Federal Budget Message calls for a total expenditure next year of more than \$45 billion, including \$3 for social security programs financed by payroll taxes. But that's just the beginning.

The proposed budget contains almost \$1 billion (\$956 million to be exact) to initiate 34 new federal spending programs. Many of these would carry on indefinitely and grow much larger. It is estimated that they would eventually add \$4 billion a year to present federal tax burdens.

Then there are the President's proposals for expanded social security benefits and for a national health insurance system, often referred to as socialized medicine. Financed by payroll taxes, they would require an estimated outlay of \$13 billion annually when fully

Eleven Lettermen To Return To Football Team This Fall

According to a tally taken by Coach M. B. England, eleven lettermen will return to the Eagle squad for the fall season. Practice will begin September 1 for the fall season and all boys are requested to keep that date in mind.

The Eagles are facing a tough schedule next year, meeting Big Lake, Brackettville and Del Rio besides the district teams: Alpine, Marfa, Clint, Fort Hancock and Fabens.

Coach England furnished the following list of players and related remarks concerning the Eagles team for the coming year:

Juan Olivares, who played quarterback on last season's team, will be in the backfield this fall and is slated to show up well as a passer and ball handler. He was one of the stalwart passers of the '49 team. He has lettered one year and is now a freshman.

Bob Willinson is now a sophomore and has lettered one year in the center position. Bob is being looked to for a job at tackle and is expected to gain more weight before the coming season.

Jack Savage played defensive center last year and helped some in the offensive at that position showing promises as a good

Former Local Girl Wins Tennis Singles At State Meet

Peggy Robertson of El Paso High School, won the girls' singles title in Class AA tennis in the 40th annual Texas Interscholastic League meet in Austin the past week end. She received a medal and a loving cup as the award.

Miss Robertson won the title with a 6-4, 6-3 edge over Jackie Johannes of Highland Park, Dallas. The finals were played Saturday.

In the semifinal tilt, Miss Robertson defeated Deanne Estes, Abilene, 8-6, 6-3.

She is Arizona State Champion, Texas state champion and Southwestern District champion. Next week she will go to Phoenix to compete in a tournament.

under way. And the cost would increase with the passing years.

Congressional approval is being urged for the Brannon farm subsidy plan. Promoters of this plan have offered no estimates of its probable cost. A conservative estimate by several authorities places it at \$5 or \$6 billion a year.

Legislation authorizing nearly \$2 billion in new public works projects has just been approved by both houses of Congress. This expenditure is to be spread over a period of years. Congress also has before it more than 300 bills providing for a wide variety of new Federal grants-in-aid to states and local governments. If all the programs covered by these bills were to win approval, they would eventually add over \$6 billion a year to the Federal spending budget.

Meanwhile Uncle Sam finds himself with insufficient tax revenues even to balance his 1950-1951 budgets. Latest Budget Bureau estimates indicate a \$5 1/2 billion deficit this year and another of equal size next year. This, of course, unless Congress make substantial cuts in appropriations.

Where, then would the Federal Establishment obtain additional taxes needed to support a 70-billion-dollar-a-year spending program? Except for the Administration's two social welfare measures which would be financed by payroll taxes, the advocates of new spending legislation offer no answer.

blocker and tackler, Jack lettered last year and is now a freshman. He is slated for the pivot spot next season.

George Fisher played tackle last season and may hold down a spot in the backfield with the coming squad. He is a junior and has lettered the last two years with the squad.

Jack Talbot has played in the backfield and line the past two years. He is very capable as a ball carrier and lineman and has done

well in both places on both of offensive and defensive. He is a sophomore this year.

Maggie Bustos is a freshman this year and has one letter. With his 220 pounds he is slated for a stellar spot in the line offering plenty of opposition in both of offensive and defensive play.

Joe Nessmith played defensive end last year. He got very little experience but showed up well with willingness. He is a freshman this year and has one letter. He will be given a chance in the pass catching position this fall.

Henry Saenz, the scat-back of the past season, is a freshman and has one letter. He showed up well last year with his ball-carrying ability and elusiveness. Saenz is one of the smallest players on the squad, but was hard to catch if given an opening.

Roman Zepeda, is a 1-letter freshman this year, is fiery on the line and willing to meet equal or larger opponents. He prefers the line to the backfield.

Ruben Esqueda played offensive guard with the '49 Eagles and earned his letter in his freshman year. Ruben has shown possibilities but needs seasoning.

Roberto Arredondo earned his first letter last season in the guard position while he was a sophomore. Roberto is a little slight for his work in the line, but has shown exceptional willingness. Also promising candidates for the coming Eagle team, according to Coach England, are:

Gene Chandler, a senior-to-be, is brought over from last year's B squad because of ineligibility, and has strong possibilities with the coming team. He has shown up well in non-conference games last year in the backfield, showing a definite liking to tackling, blocking and ball carrying.

Silvestre Silva, David Mitchell, Odell Carruthers, Tony Hopper, Rosendo Silva, Colby House and Miles Sullivan are expected to be coming up from the ranks of the B team next year to make their contribution to the strength of the Eagles. Coach England stated that he did not work with the boys on the B team last year and had no opportunity to study the boys' ability singly and make predictions as to where or how they may be used to bolster the Eagles.

George Gann To Seek Re-Election To Precinct Post

George Gann, constable and night watchman for Precinct 1, has authorized the Times to announce his candidacy for re-election to that post.

Gann has been serving the precinct for the past seven years and says that if he is entrusted with the office in the July primaries, he will endeavor to render faithful service in the protection of property.

Since unemployment in other sections of the country has forced a steady stream of transients through Sanderson in recent weeks Mr. Gann says he is continually on the alert for the possibility of burglaries and prowlers.

The rumor seems to be out that the price at "The Beautiette" are very high — that our specially blended oils are exorbitant in price. Mud Lake Gets "Cleared Up"

County officers got a notice from the government not long ago, asking them to change the name of "Turkey Pond" in honor of the real owners Mud Lake. Seems it's a pond, not a lake, by government standards. Because it lies entirely inside our town limits, we asked to do the name-changing ourselves. Figured we'd think up a brand-new name. Mud Lake's really not very muddy — sort of pretty, in fact. County people said go ahead, so we held a Town Meeting. Everyone suggested something. Windy Taylor thought "Taylor Pond" would be nice, because his place borders it—for about 30 feet! But we finally decided to call it "Turkey Pond" in honor of the real owners. From where I sit, naming that pond wasn't the most important thing in the world—but the way we did it was. Everyone offered his opinion and then the majority vote decided it. That's the way it should be—whether it concerns naming a pond, or having the right to enjoy a friendly glass of beer or ale—and when we choose.

JUNIOR-SENIOR BANQUET HELD LAST THURSDAY

The Juniors of the Sanderson High School honored the Spring graduating class with a banquet served Thursday evening in the banquet room at the high school.

The Dutch theme was employed in the decorations. The U-shaped table, which was covered with a white linen cloth, had a large windmill at the end and it was surrounded by grass and small flowers. An arrangement of red, white and blue flowers was on each side and wooden shoes were placed at intervals on the table.

Memory books were at each plate and the nut cups, programs and place cards further emphasized the chosen motif and colors of blue and white.

Following the invocation by Curtis Wise, Bobby Joe Hill gave the address of welcome and Thomas Hill, senior president, gave the response.

Marilyn Courtney and Barbara Rose sang "In a Little Old Dutch Garden," and W. R. Lewis played a trumpet solo.

A short after-dinner speech was made by Supt. J. G. Barry. The group sang "Auld Lang Syne" to close the program.

Forty-two guests were present, including, besides the members of the two classes, the members of the high school faculty, Supt. Barry and the room mothers, Mrs. C. P. Peavy and Mrs. Clarence Chandler.

HIGHWAY DEPT. OPENS WAR ON ROAD ACCIDENTS

Editor's Note. — The following article is one of a series released to attempt to lower the traffic fatalities on Texas highways. Knowledge of the significance of road signs, highway markers and accident statistics, we hope, will, in some way, help the department in their work.

The Texas Highway Department is pulling no punches in an all out war on rural traffic accidents that exacted a toll of 1,396 lives, left an estimated 24,926 injured and maimed, and resulted in an estimated economic loss of \$43,710,600 during the year 1949. Taking note of this tremendous toll of human lives and property, a safety-conscious Highway Commission has decreed that every possible measure within the power of the Highway Department be applied to make Texas highways as safe as possible for all who use them. The decree of the Highway Commission was not an idle one; it was backed by an appropriation of \$500,000 for center lines, lane lines, and barrier lines for no-passing zones during the year 1950 alone. This sum will be applied on some 25,000 miles on the state highway system on which the center lane lines are

marked and about 23,000 miles on which the barrier stripes for no-passing zones are marked. These lines are just one of many weapons the Highway Department is employing in the battle for traffic safety.

Have you as a motorist ever thought of the meaning a center line on a pavement should convey to you. It should tell you that the right-hand half of the road is yours; it should tell you that it was not put there as a challenge to your driving skill to keep one wheel on it; and it should tell you that when you cross it to overtake and pass another car that you should be sure the other half of the road ahead of you is clear.

Failure to observe the simple but important meaning of the center line can result in a tragic end for you. Last year on rural highways there were 3,625 accidents caused by thoughtless drivers who were on the wrong side of the road, and they were not even in the act of passing another car — just driving on the wrong side of the road for no good reason. These needless accidents cost the lives of 253 people and maimed and injured 2,316 others and caused property damage of \$7,927,400.

Passing when the road ahead was not clear cost the lives of 46 people; maimed and injured 462

WEST TEXAS is the greatest section of our great nation — a sprawling empire rich in cattle . . . rich in cotton . . . rich in oil . . . rich in scenic beauty . . . rich in the possibility of agricultural, industrial development. Today, it stands on the threshold of full maturity.

As never before, West Texas must have forceful, efficient leadership in our national government. This is no time to tolerate ineffectiveness. Neither is it a time to gamble on inexperience. West Texas needs a congressman who is capable of making himself heard . . . a man who can get the job done — now.

PAUL MOSS IS THAT KIND OF A MAN.

As a member of the National Finance Committee of the Democratic Party in 1948, Paul Moss demonstrated his ability to work with our key Democratic leaders.

As judge of the 70th Judicial District of Texas, he has displayed a keen knowledge of the law and a deep feeling for his fellow man.

As a businessman — president of the Southwest Broadcasting Co. — he has shown a clear understanding of the principles of sound business . . . and sound government.

As a cattleman and oil producer, he possesses a first-hand knowledge of the industries that form the backbone of the Southwest's economy.

In all of his activities, Paul Moss has shown himself to be a man of energy, integrity, and the highest moral character.

Paul Moss won't need 20 — or even 10 — years to grow big enough to handle the job he seeks this summer. His presence in Congress will assure West Texas of immediate prestige — prestige that seniority alone could never guarantee.

A vote for Paul Moss is a vote for the future of West Texas. That's why —

PAUL MOSS
IS THE MAN FOR
CONGRESS

The International Silver Company has been voted the 1950 Gold Award of the Fashion Academy for its many outstanding achievements in designing sterling patterns, it was announced this week by C. G. Riggins, owner of Riggins Jewel & Gift Shop.
