

"A compromise is the art of dividing a cake in such a way that everyone believes that he has got the biggest piece," ... Ludwig Erhard

There are, probably, very few people in the county who did not know of the murder trial conducted in Farwell Monday and Tuesday.

But, had it not been for the attendance of some 72 students from Farwell High School, it is very unlikely that the courtroom would have been more than half full at the most crowded moment during the final day of the trial.

When Judge E. A. Bills learned that the students were in court Monday morning, he asked them to stand and be recognized. He then delivered a very energetic, but brief, account of the development and purpose of our court system.

It seems a shame that we take so little interest in the working of one of the major protective arms of our governmental system.

I would suggest that everyone should attempt to attend a court trial during the near future as the opportunity arises.

For some time I have entertained the idea that the people in the General Telephone Company office in Littlefield were out of touch with Friona.

Monday morning, the repairman came back and changed the number to 3931...which incidentally, is the number listed for Baker in the new directory, published last December.

(Continued on page 2.)

Raymond Cook, Friona High School Principal, (L) discusses the Social Security Program with Hal Geldon, manager of the Amarillo SS office. James McLeroy, president of the Parmer County Teachers Association, is at right.

IN BOVINA MONDAY Social Security Manager Addresses County Teachers

Parmer County Teachers heard Hal Geldon, manager of the Amarillo Social Security Office, discuss the program and the ways in which teachers could participate at their meeting in Bovina Monday night.

Quarter is the equivalent of three months' work. This sets a minimum of about two and three quarters years as the minimum participation for benefits.

40 quarters may be needed. School teachers can not participate in the program until the school board elects Social Security coverage for teachers in the system.

Opposition Absent In Council Race

From all appearances, present candidates for City Council positions will be unopposed in the April 6 election.

office is 30 days prior to the election. The ballot is supposed to be posted at that time.

Committees Named For Stock Show

Friona Lions Club members were entertained by a group from the Hereford Club which was promoting their Minstrel show, March 2-3.

rell, Jr., and Alton Farr will make up the sale committee. Last committee to be announced was the loading and cleanup group consisting of Wes Long, H. H. Horton, Tom Fruett and Lowell Bynum.

Bill Nichols will serve as show superintendent with Flake Barker as assistant superintendent.

A more complete account of the show appears in the Farm and Home section of this issue.

Charles M. Smallwood, Canyon, will judge events. He will speak at the Lions Club meeting next Thursday.

Senior play characters take to the furniture during dress rehearsal (lens face blacking) Tuesday. Shown practicing for the Thursday and Friday presentation of the family comedy, "Angell Brats" are Hank Outland, floor, Karen Turner, Janice Wright, Linda Castleberry, Karen O'Brian, Danny

IN DISTRICT COURT HERE

Jury Assesses Murderer 40 Years Imprisonment

BY TRAVIS HARRELL For Parmer County Newspapers

The "Wheels of Justice" ground out a 40-year sentence to the penitentiary for the admitted murderer of Jesse Dawkins, Bovina, this week.

Judge Bills and sentenced to two years in the penitentiary but she was placed on probation for the period.

The low murmur of voices stopped as suddenly as if a door had been closed against the noise as Judge Bills entered the packed courtroom at 10:37 Monday morning to begin the task of presiding over the trial of a man for murder.

Members of the eighth grade class have completed plans for a Bake Sale to be conducted Saturday. Cakes, pies, cookies and other baked articles will be on sale at the Bi-Wize Drug and Piggy Wiggly.

Collision Injures 1

Newman Jarrell, Sr., was injured slightly in a car-pickup collision Monday morning at the intersection of Seventh Street and Washington Ave.

Gun Club Schedules Team Shoot

Friona Gun Club will sponsor a team shoot at the Trap House east of town on March 11. The shoot will open at 1 p.m.

Full Program Announced For Public School Week

Texas Annual Public Schools Week is here again. For the past ten years this event has been sponsored by public spirited Texas citizens in cooperation with public schools.

Parents and friends of all students are encouraged by Alton Farr, superintendent, to visit school as long and as often as it is possible to do so.

Judge Sets Civil Docket

Judge E. A. Bills scheduled six cases trial in civil court March 12 while he was in Farwell Tuesday.

Smith, Jimette McLean, Pam Roden, Debbie Hawkins, Floyd Reeve and Reggie Hays. The play will begin at 8 p.m. in the High School Auditorium. Tickets are \$1 for reserved and \$5.00 for general admission.

Mrs. James B. Collier was in Dallas last week attending funeral services conducted for her uncle, B. C. Brewer.

Editorial Comment:

MONKEY-BUSINESS

Congress and the American people are being asked to believe that the US sells approximately \$5 billion more in exports than it spends for imports.

In this speech to the AFL-CIO last December 7, President Kennedy said: "We sell abroad now nearly \$5 billion more than we import..."

If this were true, it would be a mighty poor reason to further reduce our already inadequate tariffs and subject US manufacturers of goods of high labor content to still more devastating competition from imports from low-range countries.

But the fact is we do not receive \$5 billion more for exports than we spend on imports. We do not sell \$20 billion worth of exports, even though we do buy \$15 billion worth of imports.

When we deduct \$1.9 billion in goods for which we received no cash and \$1.4 billion more sold under some sort of Federal subsidy, our true export surplus shrinks to \$1,387 billion - a mere 27.6 percent of that \$5 billion figure with which we have been so brazenly beguiled.

It is, of course, the position of the Administration that we must cut import duties at whatever peril in order to protect this huge export volume. But, as has been mentioned before and will bear repeating here, it is not necessary for us to reduce our tariffs to persuade the nations of the earth to accept our gifts and unsecured "loans."

It is not, in short, our favorable trade that is a problem. It is our unfavorable balance of payments. And the only practical method of correction is to reduce our duties but those payments!

County Officials Attend Conference

County judges and commissioners from 89 Texas counties attended the fourth annual County Judges and Commissioners' Conference held on the A&M campus February 18-20.

Attending from Parmer county were Judge Lloyd Brewer and Commissioners Tom Lewellen and Guy Cox.

The "back-to-school" type conference program was developed from suggestions by county officials. Its primary purpose was to give those participating a better understanding of the many problems which county officials must handle in the discharging of their responsibilities.

The three-day conference was sponsored by the County Judges and Commissioners' Association of Texas and the Texas Agricultural Extension Service.

Diane Westbrook Notes Birthday

Mr. and Mrs. Dale Westbrook honored their daughter, little Miss Diane, with party in their home February 21 at 7:30 p.m. She was observing her second birthday.

The honored guest received gifts that were opened preceding the serving of decorated cake and ice cream.

Attending were Mr. and Mrs. Hop Lewis; Mr. and Mrs. Leon Coffey; Mr. and Mrs. Garland Warren; Mr. and Mrs. Eddie Petchinsky; Mr. and Mrs. Bee Westbrook; Jo Ann and Ronnie Altman and Roger Coffey.

Castin''-

Now I must say that I am in very poor shape on Thursday mornings, after a long night of working on the week's issue. In fact, it could be said that I am even further "out" than is usual.

From what I was able to see of the program (stubborn eyelids kept dropping between me and the center of attention), it was very interesting. I understand that the organization is going to need to raise funds for the construction of a scout hut in the near future.

I would say that contributions to this cause would be greatly appreciated -- particularly by the girls. Coffee, hot chocolate and donuts made up the breakfast menu.

Johnny and Susan Spring were guests in the home of Mr. and Mrs. Johnie Bengler last week while their parents were in Arizona.

Reavley Vies For Att. General Spot

Former Texas Secretary of State Tom Reavley, making his first statewide campaign address, described himself this week as "a Democrat... an old-fashioned, independent progressive"...

A 40-year-old Austin lawyer, Reavley is making his first race for statewide office. He was appointed Texas Secretary of State in 1955, served in that capacity for 15 months before resuming private practice.

"I will work at the job," Reavley pledged. "I am asking for this office because I want to be Attorney General. I have no schedule for moving into the Governor's Mansion or anywhere else..."

Reavley put special emphasis on professional qualifications. "If suit were brought against you tomorrow..." he said, "you would want the best lawyer you could find -- not... the best known or most ambitious politician who happens to have a lawyer's license..."

Reavley has been practicing law for fourteen years, handling a wide variety of legal assignments for clients of substantial and modest means. "Except for the 15 months I was Secretary of State, I have been a full-time, working lawyer -- which is precisely the kind of lawyer I propose to be as your Attorney General," he said.

Something To Think About

6th. Street Church of Christ Box 515 -- Friona, Texas

J. Edgar Hoover made a very timely observation when he said, "The greatness of America is spiritual in origin." And then he continued, "Today, the forces of materialism are directing their most concentrated power against the well-springs of our strength..."

Come To Church Sunday

"And He did not many mighty works there because of their unbelief." (Matt. 13:58)

It is not easy to do any kind of work for people who are always complaining. Workmen, assistants, clerks, helpers, all accomplish more and do better work if those for whom they work have faith in them, and express appreciation for their efforts.

Jesus has performed many wonderful works in other towns, but could not in Nazareth because of the unbelief of the people. We likewise can put great limitations on the power of God by our lack of faith.

All we need to do is to accept the moral law of God, to repent, to seek His guidance, and to cooperate with Him. That leads directly to peace, health, happiness, well-being and the material and spiritual welfare of mankind.

Let us pray that we may yield ourselves to Him that He may use us for His purpose instead of our trying to use God for our purpose.

Wayland Singers Present Program At Baptist Church

The International Singers from Wayland Baptist College, Plainview, will sing at the First Baptist Church of Friona, Sunday, March 4 at 7:00 p.m. They will lead the local youth in a Fellowship hour following the service.

dress of different countries, the eight-member ensemble directed by James D. Cram sings both sacred and secular numbers.

The costumes, gifts of international students at Wayland and missionaries in other countries, show clothes craftsmanship typical of the countries represented, and a narrator will tell the story behind the way some of them are worn. Countries represented in costume and song are Japan, India, Hawaii, Sweden, Norway, Nigeria, and Cuba.

Featured in the group are two sisters from Kyoto, Japan, Yoshiko and Emiko Shiga. The talented sisters in their native dress sing numbers from their homeland such as "The Flower Song" and "Lullaby."

Other members of the ensemble are Pat McCarty, Janis Sodeman, and Wendell Hendricks, Plainview; Tommy Lyons, Amarillo; Duane Harris, Joplin, Mo.; and Gary Klotz, Pawnee, Okla.

Repertoire for the group includes "Jan Wahselu" from Russia, "Adios, Marquita Linda" from Spain, Negro spirituals and folk songs from the United States, and songs from other countries.

The International Singers are part of the widely known traveling group from Wayland, the International Choir. The choir has appeared at several high schools and churches in Oklahoma, Kansas, Missouri, and Texas and was asked to perform at the Southern Baptist Convention in St. Louis, Missouri.

International singers of Wayland Baptist College will appear at the First Baptist Church in Friona Sunday at 7 p.m. They will lead an hour program following the regular service.

Army Exhibit Visits Friona

Currently touring the area is the Fourth U. S. Army Recruiting District's "Museum on Wheels." The big recruiter is a 26-foot long house trailer advertising the U. S. Army in "Peace and War," from 1775 to the present.

According to Sgt. Tom Buckley, the mobile unit will be shown in Friona, Texas, at City Park, Mar. 8, 1962.

Sgt. Buckley stated that the traveling museum was designed specially for exhibition purposes, and residents are cordially invited to attend the free presentation.

The trailer, brightly painted red, white and blue, houses the display made up of animated panels attractively portrayed with flashing lights.

The display includes such items as weapons used in and around the Revolution, relics of the Indian wars, 12-inch hand-carved statues of soldiers

in various uniforms dating back to the U. S. Army's inception, and many more interesting items.

Featured with the museum is a slide projector with sound. Viewed from the outside of the trailer, the projector contains 30 slides and depicts some of the many and interesting facets of the U. S. Army.

Sgt. Buckley will be present to welcome visitors and answer any questions on the many benefits available to those in the U. S. Army.

Troubles Plague Candidates For Governor

After the labor unions gave Houstonian Don Yarborough their coveted COPE "Commendation," some sections of the Political Association of Spanish-Speaking Organizations started worrying about joining

the state body in a PASSO pronouncement for Gov. Price Daniel.

First splinter off the block was Hidalgo County Chapter--third largest PASSO unit--which voted 44-16 to make no

endorsement in the governor's race.

Yarborough made no comment as he rounded the Gulf Coast area to line up more support.

He's been conspicuously absent from his Austin headquarters, while all other statewide candidates touch base here frequently to counteract the almost constant presence of gubernatorial candidate Will Wilson and the incumbent who dwells in the mansion.

Daniel almost had trouble getting his campaign off the ground when a Department of Public Safety plane nipped its wing while lifting the governor off Austin ground for a Houston appearance. The party changed to a private plane, and proceeded to inspect the Carl-damaged San Jacinto Monument with representatives from the State Board of Control, Building Commission and State Archives.

Former Secretary of the Navy John Connally also suffered setbacks in his search for support. Bad weather prevented him from landing for San Marcos and San Antonio speaking engagements. When the clouds cleared he carried his campaign to Laredo.

Sen. Jarrard Secrest, democratic candidate for lieutenant governor, followed Connally in to Laredo to speak to PASSO supporters where champion traveler Tom Reavley joined

him to get help for his attorney general's race.

Secrest announced the opening of his Austin office this week with a blaring banner on the avenue leading to the Capitol.

Will Wilson started crowding Daniel's position as patron of Texas teachers. Wilson stated that Texans need to take a "long, hard look at the curricula of our schools -- and then pay a little more attention to the advice of professional educators instead of well-meaning but ill-informed amateurs." He also suggested higher pay.

Another lieutenant governor contender, Sen. Crawford C. Martin, also started keeping shop in the capital city.

A Friday coffee party served as "house" warming for Waggoner Carr, former speaker of the House, who's an attorney general hopeful.

Carr's office is just a block and a half from the Capitol grounds. Les Proctor, another attorney general candidate, has his headquarters in a long silver trailer, across the street from the Capitol.

GOP HOPES TO BLANKET STATE -- After State Democratic Executive Committee officials slung verbal arrows at the Republicans for not holding primary elections in every county and precinct, the GOPs embarked on a campaign to finance a primary in every county.

Paul Desrochers at Republican State Headquarters said, "We're working like mad to get a primary in every county." Two obstacles stand in the way: Getting funds in about 235 counties where the party has county chairmen, and getting chairmen for the other 19 counties.

Some Republican candidates have a regional flavor -- like the 12 senatorial candidates who hope to represent 67 counties; or the 76 House of Representatives hopefuls for 77 counties; and congressional candidates in all but seven districts. Republican party still wants general ballot representation for the winners among its two gubernatorial candidates, two candidates for lieutenant governor, and those seeking posts as congressman-at-large, commissioner of agriculture, general land office and on the railroad commission.

A step toward solicitations was made by GOP state chairman Tad R. Smith who appointed Dudley C. Sharp of Houston former US Secretary of the Air Force, chairman of the Republicans' finance committee. **WATER STUDY REQUESTED** -- The Texas Water Commission asked Texas Research League to make a study of the commission's operations and the system of dividing the responsibility for Texas' water development among several state agencies.

The problem of water development and conservation in Texas is so great and controversial that the already-burdened League researchers estimate it will be 1963 before they can begin such a time-consuming, comprehensive

"The Pied Piper of Hamelin," a play for children, will be presented at 2 p.m. March 13 in Friona by the University Theatre of Eastern New Mexico University. Johnnie Schlenker, Portales, will play the title role. Among those playing townspeople are Dennis Rhoton and Nina McGuffin, both of Portales; and Robert Rodriguez, River Edge, N.J. The tour will take the troupe to Portales March 2, Tatum March 5, Lovington March 5-6, Plains, Tex., March 6, Seagraves, Tex., March 7, Lamesa, Tex., March 7-8, Capitan March 9, Ruidoso, March 9, and Friona, Tex., March 13.

study. Judge Otha F. Dent of the Water Commission expressed deep concern about meeting water requirements for 1980. Not only is it necessary to develop plans for constructing dams and reservoirs to fill the expected need, but the business of condemning land and building these projects involves as much as a decade. One stage of the long-range development plan includes a \$65,700,000 reservoir on the

lower Navasota River. But supporters have run into the problem of excessive chloride content caused by oil field salt water waste disposal -- a problem repeated in many Texas streams. Water Commission Engineer John Vandertulip will submit a report on the source of this pollution next week. **HIGHWAY SAFETY STUDIES** -- Top engineers and administrators from the state highway departments of Texas, Oklahoma,

Arkansas and Louisiana will gather this week to discuss uniform use of highway signs, street signs, signals and markings in an effort to increase driving safety. Governor Daniel announced that traffic deaths over the past five years have averaged 2,300 below the 1956 toll. There were 2,611 traffic deaths in 1956, and the yearly average since then has been 2,381. Daniel

Dressed in costumes fitting the occasion, Baker Duggins watches Lowell Bynum for some sign as to the answer to one of the riddle games played at the Progressive Study Club's Husband Night affair Tuesday. On the right are M. C. Osborn and Tom Prewett.

Wild Costumes Spark Study Club Meeting

"Around The World In Costume" was the theme for a party given by members of the Progressive Study Club Tuesday evening. Member's husbands were guests of honor for the buffet dinner and social. Invocation was given by Andy Hurst preceding the dinner. The menu consisted of spaghetti and meat sauce, salad, rolls, relish dish, lime sherbert and cookies. "Booby" prizes were awarded to winners of the Baby Picture Contest judged by Travis Harrell. There were 27 entries of club members and their husbands. Prizes were awarded to Danny Mac Balmum "cutest" and Tom Prueett "funniest." Mrs. Newman Jarrell Jr. identified 21 of the 27 pictures.

Mr. and Mrs. Andy Hurst received the prize for best costume. Hurst was dressed as King Saude and Mrs. Hurst as his wife No. 1.

Mrs. Bill Sheehan and Mrs. Hurst conducted a game session including intellectual contests and games.

Hostesses, Mesdames M. C. Osborn, Billy Joe Mercer, Tom B. Jarboe, Tom Pruitt, Martell LeVeque and Lowell Bynum, decorated tables and the entertaining room representing countries around the world.

Honor Roll Announced

Elementary principal, J. T. Gee, released the honor roll for the first four grades early this week. Students maintaining averages required for the honor roll were:

Fourth grade: Sally Sue Howard, Kay Riethmayer, Kathy Anderson, Danny Kendrick, Janet Mingus, Susan Vestal, Connie Huereca, Bobby Thomas and Wayne Schueler.

Third grade: Debbie Molindo, Cyndee Bailey, Kathy Schueler, Lana Morris, David Bynum, Dale Schueler, Janette Cole, Jayn Masie, Patay McVey, Darrell Schueler, Don Fortenberry, Zane McVey, Gay Welch, Sheila Awtry, Glenda Deaton, Mike Buchanan, Kathy Latham, Susan Floyd, Susan Spring and Debra Wyly.

Second grade: Alecia Ragsdale, Deanne Schueler, David Sides, Bill Bailey, Sarah Connelly, Dirk Garth, Vicki Mingus, Leslie Perkins, Rhonda Bauer, Diane Day, Denise Frazier, Andrea Hurst, Jill Riethmayer, Vickie Schueler, and Steve Baxter.

Also Clinton Schueler, Troy White, Fran Dodd, Christine Grant, Sally Kendrick, Janice Milner, Carleen Schlenker, Sheila Struve, Brian Hall, Dave Buske, Deann Dickson, Carolyn Martin, Kathy McLean, Larry Sanders and Lou Whaley.

First Grade: Debbie Benge, Patty Kirby, Benita McAlister, Michael Martin, Gerald Wyly, William Bailey, Cynthia Barnett, Daniel Huereca, Gary Mingus, Niki Nichols, John Lee Rule, David Sanders, Eugena Awtry, Tanya Chester, Carol

Ann Reeve, Byron Lemmond, Tracy Barber, Nancy Martinez, Carolyn Murphee, Vandra Nichols and Holly Welch.

SPORTS AFIELD

Is there any real difference between northern and southern bass fishing? Yes, says Jason Lucas, Angling Editor of Sports Afield Magazine, but only in that certain methods work much better in southern states than in northern. The chief difference is that the farther south you go, the better your top-water lures will work. In the Gulf States especially, many anglers use nothing else — though they'd sometimes do far better by fish-

a large mouthful of plug, spoon or spinner.

A bass hooked at the surface generally fights near the surface, with some spectacular leaps, while one hooked in deep water often won't leap at all. And one taken with a little fly rod gadget leaps and fights much more than one partly gagged by

Size for size, a bass in cold northern water puts up a longer, tougher fight than a southern bass. But they don't run size for size, southern bass averaging considerably larger than northern.

YOUR HOME COMES FIRST!

YOUR HOME COMES FIRST!

Is your family growing and your house shrinking? No space for family activities. No place for the children to entertain? Remodeling can cure the ills of an outgrown house.

Let us tell you how easy it is to remodel a basement family room, make an attic bedroom, add a room, convert an old-fashioned kitchen. We have ideas galore for remodeling no matter what you have to start with. Call us, we'll be glad to give you an estimate.

NEW LIVABILITY FROM YOUR EXISTING HOME

We can show you how to utilize waste space, add to the livability of your home, and increase its resale value.

Complete Building Service

Friona 9911

Bill Nunn, Mgr.

For the town's most optimistic business man I'd like to nominate Os Lange. From the display on his front walk during our recent operation "deep freeze," one might also deduct that he is a firm believer in the power of suggestion.

As Frionans were driving down the streets trying to see where they were going through fogged up windshields, Rockwell Bros. Lumber Yard was displaying a complete array of garden tools. It would probably be interesting to check sales records for the two or three days of low temperatures weather to see whether the idea was sound or not.

In our lost and found department this week, we are busy trying to help Luann Hardesty Hough locate her wedding and engagement rings. It seems that she has misplaced both of them and has no idea where they are.

Anyone knowing the whereabouts of an unclaimed set of rings is asked to call her at Hub 2421.

Next week will be public school week in Texas. Plans are being made by teachers and students for visits of parents and friends during this special event.

Let's all take advantage of this opportunity to learn more about the operation of our schools. A first hand observation of what's going on in the local schools will probably prove informative as well as interesting.

Members of the senior class have put in a lot of time and effort preparing the annual senior play. Everyone who misses seeing "Angell Brats," will be missing an opportunity for an evening of good entertainment at home.

One of the most active organizations in Friona is the Girl Scouts. A long time dream of a number of adults interested in the future of America will soon become a reality.

Several months ago Mrs. Pearl Kinsley donated land for a Girl Scout Hut. Since that time many individuals have worked on the goal of construction of such a building.

In addition to serving as a meeting place for Girl Scouts and Brownies, this building is being designed to serve for other community service projects, too.

Of course, there's still a lot to be done, so anyone interested in contributing to this project in any way can still have a part in it. For more information call Mrs. Russell O'Brian at Hub 2138.

Monday will be \$Day in Friona. Many bargains are being offered consumers by retail stores all over town. In most of our stores storage space is at a minimum, so it is necessary for merchants to mark out of season merchandise down drastically.

Spring and summer merchandise is arriving daily and many persons desire to buy it, so it is imperative that winter items be moved to make display space

available.

Three of Friona's newcomers are Mr. and Mrs. Ed Young and Kim.

The Youngs, formerly of Amarillo, have purchased a house from Mrs. Lucy Welch and he is employed by Glover, Graham and Brown, whose offices are in the American Legion Building.

Apparently Kim, who is only 5, misses her playmates in Amarillo and hasn't had time to make new friends here. Recently she dialed the office number and when Virginia Fulks answered the telephone, she asked for her daddy.

Upon being told that he was not in the office, Kim's answer went something like this, "I really didn't want him, but was just lonesome, so thought I'd call him."

Probably as soon as the weather gets warmer Kim will be so busy making new friends and playing outdoors she will not even get lonesome.

The following is for persons who do NOT have eighth graders in their homes. (Those of us who do already know all this.) All 101 of these class members are making preparations for a gigantic bake sale Saturday.

Cakes, pies, cookies and other baked delicacies will be on sale at Piggly-Wiggly and Bi-Wize Drug. Homemakers can make a holiday from baking this weekend and mothers of eighth graders will be doing double duty.

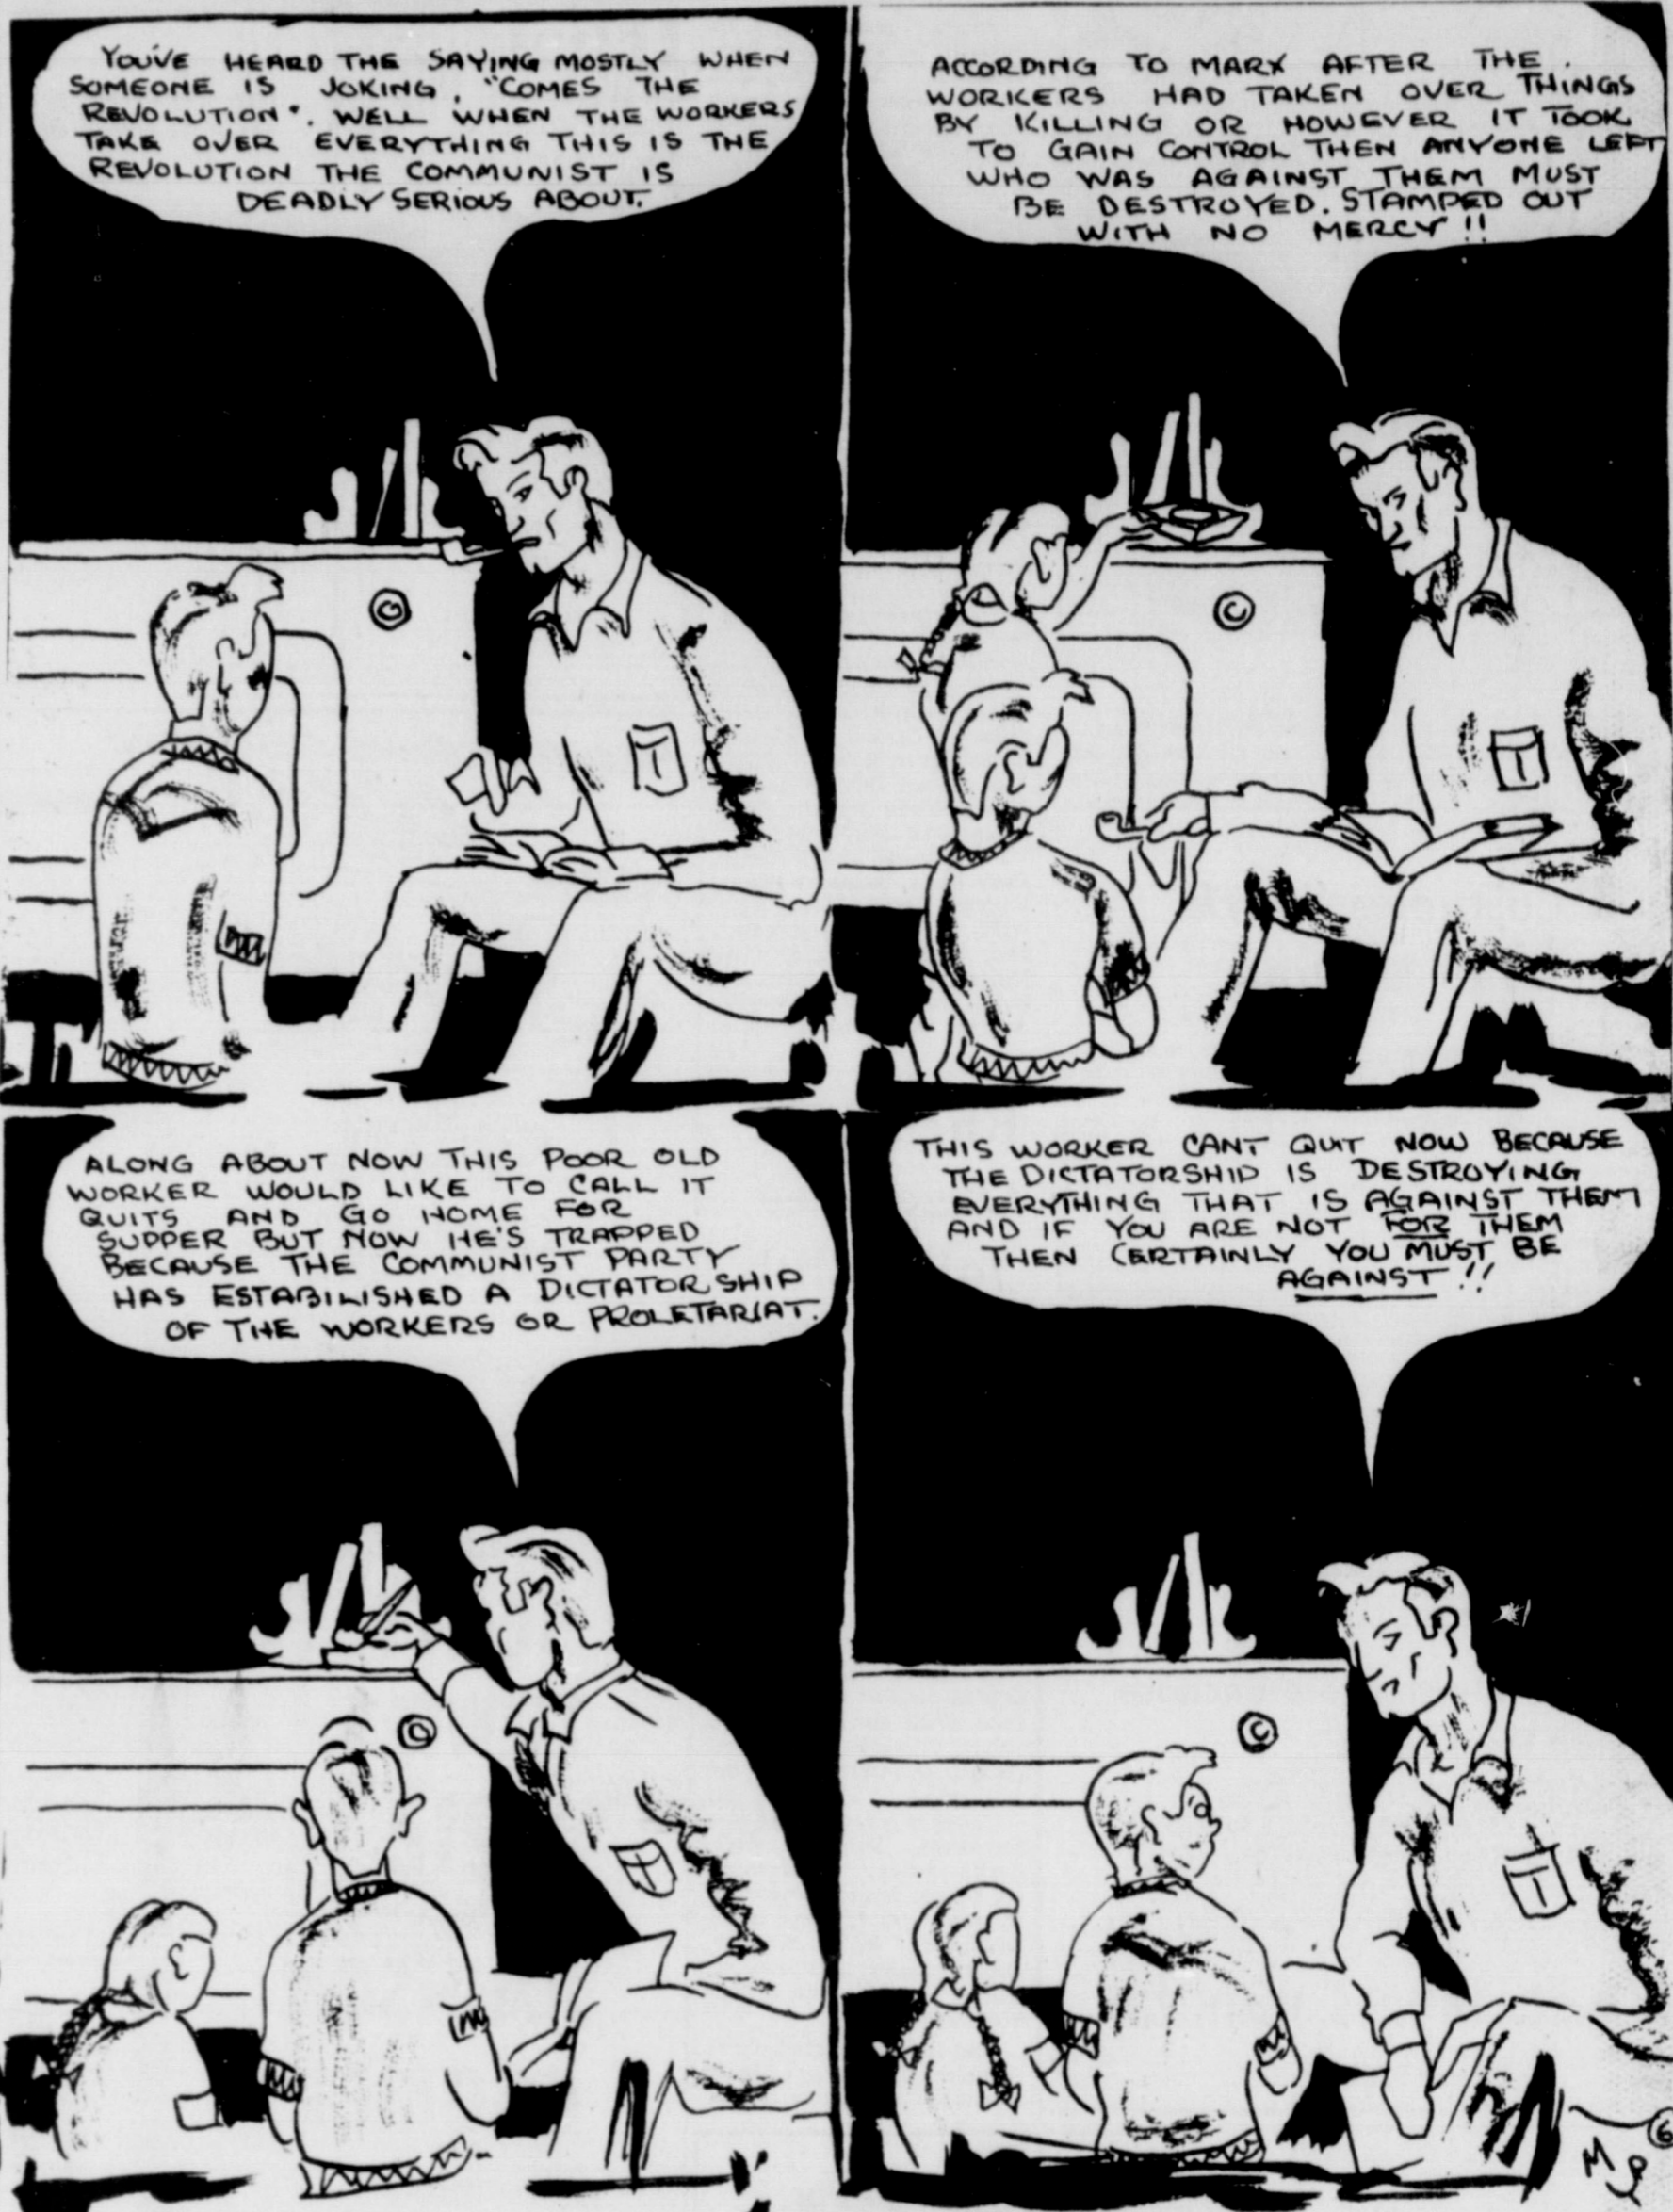

Shop either of these places for your weekend bakery products that will be freshly baked.

ANAHEIM, CALIF., BULLETIN: "Our government based on the Constitution of the United States must be preserved. We are the envy of every Nation in the world, and the Nation most desirable to be conquered since we are in this position. No other form of government can present this way of life nor the opportunities guaranteed by our Constitution."

Big Enough To Accommodate - Small Enough To Appreciate

Phone 9521 Friona

Pictured are foreign Miss Anni Jensen, Denmark; Miss Motoe Terami, Japan and Mario Mendizabal, Bolivia; who were guest speakers at the Modern Study Club program February 20. Standing in the background from left to right are pictured Mrs. Hayden Cason and Mrs. V. J. Zeman, hostesses and Mrs. Mack Bainum, club president.

Foreign Exchange Students Present Study Club Program

Three foreign exchange students around Friona area presented a program at the meeting of the Modern Study Club February 20. They were Anni Jensen of Friona and from Denmark; Mario Mendizabal, Clovis student, from Bolivia, S.A. and Motoe Terami, Dimmitt student, from Kobe, Japan. "New Dimensions in Friend-

ships" was the program theme accented by the quotation, "The mystic bond of brotherhood makes all men one."

Mrs. Howard Ford gave opening prayer preceding the introduction of guest speakers by Mrs. George Jones.

W. M. Massie presented Anni; Miss Lora Mae McFarland of Clovis introduced Mario, and Motoe was presented by Mrs. Hugh Blaylock of Dimmitt. The students each spoke of the way of life in their own country, including high schools and studies, religions, dating, family life, government aspects and cooking and eating. They gave comparisons to the United States and their native lands.

The talks were followed by a question and answer period with members and guests participating.

Hostesses, Mesdames Hayden Cason, V. J. Zeman and Ralph Wilson, served cherry tarts with whipped cream and coffee to those attending. The George Washington motif was used in room decorations and table centerpiece. Mrs. Mack Bainum presided at the serving table.

Twenty-six members and

thirty-one visitors were present. Special guests were Dr. and Mrs. George Prothro, Karen and George, Clovis; Miss Lora Mae McFarland, Clovis; Mrs. Hugh Blaylock, Dimmitt and Mr. and Mrs. W. M. Massie, Marca Lynn and Merlene, Friona.

Dr. and Mrs. Paul Spring spent several days visiting in Arizona recently.

At Yuma they were guests in the homes of Mr. and Mrs. Jimmy Baxter and Mr. and Mrs. Dean Hall.

While at Phoenix the Springs visited Mr. and Mrs. Jack Burton, Mr. and Mrs. H. H. Elmore and Miss Pat Foster, and at Bisbee they visited in the home of the Murl Sylvesters.

Mrs. Lee Spring and Mrs. Paul Spring, representatives from the Parmer County Community Hospital Auxiliary, attended a luncheon at the Hereford Country Club Wednesday.

Mrs. Garland D. Zedler of Dallas, president of the state auxiliary, was guest of honor, Mrs. Lee Spring is president of Parmer County Auxiliary.

Of Interest To THE WOMEN

Cub Scouts Serve Blue-Gold Banquet

Cub Scouts entertained their families with a Blue and Gold banquet Friday night in the Friona Club House.

Theme of the program was honoring past president of the United States. Each scout portrayed the president of their choice and was dressed in appropriate costume.

Decorations were furnished and made by the boys for the entertaining room and tables.

Attending were Weldon Dickson, cub master; Mr. and Mrs. L. D. Taylor, Kenneth and Robin; Elvie Jennings, Ricky and Gay and Joan; Mr. and Mrs. Ralph Taylor; Mike and Jeanne; Mr. and Mrs. David McVey, Zane, Patsy and Linda; Mr. and Mrs. Robert Rule and Douglas and Mrs. Doris Knapp also Mr. and Mrs. John Bingham, Johnny and Teresa; Janell Daniel; Mr. and Mrs. Wes Long, Tommy, Eldon and Sheryl; Mr. and Mrs. Horn and family; Mr. and Mrs. Doyle Cummings, Kirk, Scott, and Terri Sue; Mr. and Mrs. Weldon Dickson and Deann; Mr.

and Mrs. R. L. Houston, Steve, Sharon, Martha and Rolana, Mr. and Mrs. Ralph Shirley; Mrs. Lowell Bynum, David, Barry, Douglas and Phil.

Auxiliary Buys Hospital Plants

The Landscaping committee, Mesdames G. B. Buske, Bill Stewart, Mack Bainum and J. C. Claborn, of the Parmer County Community Hospital Auxiliary recently bought plants to place in the vestibule of the local hospital.

The new plants replace the old ones that were frozen recently.

Zonya Kay Reed Born Friday

Mr. and Mrs. Frank Reed are parents of a new daughter, Zonya Kay, born February 23 in the Parmer County Community Hospital.

She arrived at 3 p.m. and weighed six pounds and two and one-half ounces.

The baby has a brother, Ronnie, and her grandparents are Mr. and Mrs. Clarence Ashcraft of Friona, Mrs. Tilda Ashcraft of Lubbock is a great-grandmother.

Shower Fetes Lonnie Dements

Mr. and Mrs. Lonnie Dement are to be honored with a wedding shower and housewarming in their home at 911 Prospect Thursday evening from seven to nine.

Hostesses are members of the United Pentecostal Ladies Missionary.

PLANS CANCELLED

Plans for the Golden Wedding Anniversary celebration for Mr. and Mrs. Fred Barker, which had been set for March 4, have been cancelled due to the serious illness of Mr. Barker.

Rebekah SS Class Mrs. Black Hosts

Rebekah Sunday School Class members met in the home of Mrs. M. A. Black for their regular monthly Bible Study February 22.

Mrs. Bill Cogdill opened the meeting with a prayer and the 96th chapter of Psalms was the scripture reading for the lesson.

The hostess served refreshments to members, Mesdames C. W. Dixon, Charles Raub, Bert Chitwood, Anna Scott, L. R. Dilger and Eva Roberson and visitors, Mesdames Elmer Euler, James Wilson and John Bradley.

Mr. and Mrs. J. L. Taylor announce the engagement and approaching marriage of their daughter, Peggy Sue, to Walton Howard, son of Mr. and Mrs. M. L. Howard. Vows will be exchanged April 7 at 7:30 p.m. in the First Baptist Church of Friona. A reception honoring the couple will be in the Fellowship Hall following the ceremony. Local invitations are not being mailed but friends are invited to attend.

Dinner Honors Special Guests

The home of Mrs. J. C. Claborn was the scene of a dinner honoring special guests attending the Foreign Exchange Student program presented by the Modern Study Club Tuesday evening.

Assisting Mrs. Claborn with hospitalities were Mesdames George Jones, Mae Magness, Henry Lewis and Fay Reeve. Attending were Dr. and Mrs. George Prothro, Karen and George Mario Mendizabal and Lora Mae McFarland from Clovis; Mrs. Hugh Blaylock and Motoe Terami from Dimmitt; Mr. and Mrs. W. M. Massie, Marca Lynn and Merlene and Anni Jensen; Mr. and Mrs. J. T. Gee; Mrs. J. R. Claborn; Mrs. Mack Bainum; Frank Claborn; Wayland Ethridge.

Gleaners Class Has Meeting

Members of the Gleaners Class of First Baptist Church met Monday night in the home of Mr. and Mrs. Lloyd Prewett for a devotional and social.

Mrs. Clyde Hays assisted Mrs. Prewett with hostess duties.

Wesley Hardesty presented a devotional using the Ten Commandments for the theme.

Games of 42 were played during the social period and the hostesses served pecan pie ala-mode and coffee to guests.

Attending were Mr. and Mrs. John Burrow, Cordie Potts, Mr. and Mrs. John L. Ray, Mr. and Mrs. T. E. Lovett, Mr. and Mrs. Jim Maynard, Mr. and Mrs. Spencer Hough, Mr. and Mrs. Ed Hicks, Mr. and Mrs. Wesley Hardesty, Mr. and Mrs. Hubert Reeves, Bro. and Mrs. Bill Burton, Mrs. Lucy Jones, Mrs. Pat Busby and Marie Roberson.

T. L. Pools Visit Points In Texas

Mr. and Mrs. Truett Pool were gone a week visiting in Houston and the eastern part of Texas.

They were guests of Rev. and Mrs. C. E. Wilkins and family in Chester, Tex. and visited in the home of Mr. and Mrs. Elbert Martin at Houston.

They were accompanied by Mr. and Mrs. H. R. Carr of Portales, Mrs. Carr and Mrs. Pool are sisters.

Future Nurses Club Has Salad Supper

A salad supper and social entertained members of the Future Nurses Club recently in the home of Mrs. Herschel Johnson.

Assisting Mrs. Johnson with hostess duties were Mesdames Ralph McBroom, W. A. Cochran, Jane Gaskins and Arthur Drake.

Present were Jerre Cochran, Betty Drake, Mary Messing, Janie Gaskins, Kay McBroom, Dorothy Moore and Kay Johnson.

"Something Old, Something New"

Two excellent blue-flowered garden flowers are blue lace flower, on the left and love-in-a-mist on the right. Unusual in form and color, they're easy to grow, excellent for use in arrangements.

Top Dress Wheat NOW

... the easiest possible way with

SPENCER URA-GREEN Nitrogen Solution:

This wheat grower is applying nitrogen the fastest, easiest way yet--with Spencer URA-GREEN solution.

Why It Pays To Top Dress Wheat Early:
Wheat craves a fresh nitrogen supply to resume growth as soon as the young plants awaken from winter dormancy. This is the crucial stage at which the nitrogen URA-GREEN gives is converted into extra bushel-building power.
Wheat responds more profitably to fertilizer than virtually any other crop, according to leading agronomists. That's why it's important to apply URA-GREEN early for a fast spring come-back and a nitrogen growth-boost that lasts clear through to harvest. A Spencer URA-GREEN top-dressing now will pay off in a bonus yield that can easily average 10 extra bushels an acre!

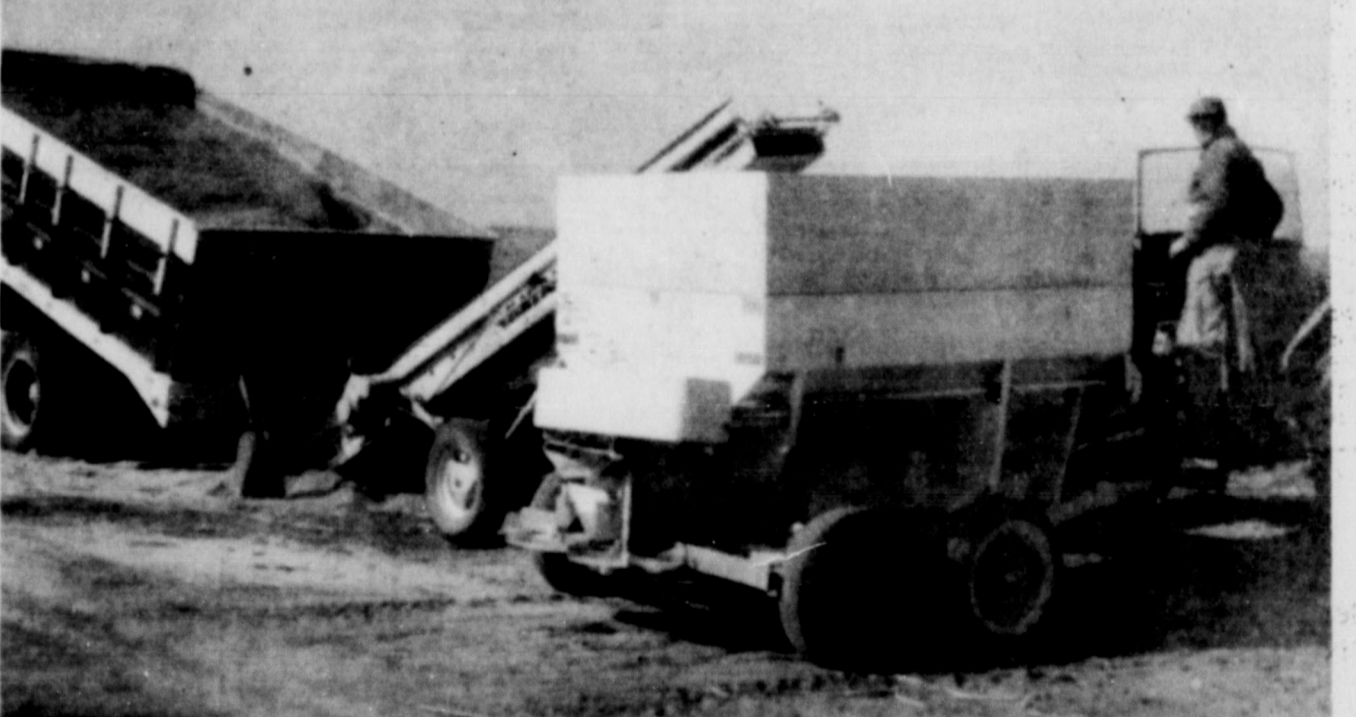

Why It Pays To Do It With SPENCER URA-GREEN:
One application lasts all through the growing season when you rely on URA-GREEN's special blend of all three nitrogen forms. URA-GREEN combines: (1) quick-acting nitrate nitrogen for a fast start, (2) ammonia nitrogen for lasting nourishment, and (3) urea nitrogen that clings to the soil to resist leaching. It's the perfect blend of nitrogen grow-power.
The easiest way to apply nitrogen is with non-pressure URA-GREEN solution. Any tank equipment you have will work well. Just dribble it on. or spray it on. If you prefer, we will apply URA-GREEN for you, or rent you our application equipment. Stop in this week!

Almost 100 high school students took their places in the north hall during a Civil Defense drill Wednesday morning. The fire in the center of the hall is simulated. It was estimated that the 280 students made their exit from classrooms into the hall in slightly less than two minutes after the signal was heard.

Students Complete Civil Defense Drill

Friona's FHA chapter presented an assembly on Civil Defense to the student body Tuesday morning in the auditorium. Jimette McLean explained the purpose of this movement and gave instructions as to what procedure to follow in the event of an oncoming tornado.

Location of the fire extinguishers and first aid kits were also pointed out by Miss McLean. Instruction was given concerning action to take when the five bell alarm was sounded and what position students were to sit in.

At 11 a.m. Wednesday the five bell alarm was sounded and according to principal John R. Cook, "the students responded to instruction excellently." All students filed out into the

halls in an orderly fashion and sat down against the walls. Debbie Hawkins was given emergency treatment for a crushed leg after being carried to the first aid station by Larry Drake and Donald Busby.

Kay Johnson, who had charge of the first aid station, was aided by other student nurses. Beth Akens was treated by Betty Drake after she had fainted. Karen Turner went into hysterics and was treated by Jerre Cochran.

Two fires broke out and were extinguished by Max Reeve and Dewayne Phipps.

Mr. Cook further stated that an outward calm prevailed over the students in spite of the varied emergencies that arose following sounding of the alarm.

Larry Drake and Donald Busby sit in the background after carrying Debbie Hawkins, an accident victim, to the first aid station. Kay Johnson and Carol Coffey administer first aid to the injured simulating civil defense procedure in a drill at the high school building Wednesday morning.

Texas Newsmen Quiz 7 Gov. Candidates

Texas newsmen quizzed seven candidates for governor at a session of Sigma Delta Chi, professional journalism society, and famed early-season campaign sparks.

Gov. Price Daniel took the center position, weathering attacks from nearly all the other candidates, both democratic and republican. All candidates took part except John Connally and Edwin Walker.

A little fire even developed between the three republican candidates. Harry Diehl of Houston said Jack Cox of Breckenridge was "not a Republican--just a conservative candidate."

But two days later, Diehl withdrew from the race, leaving Roy Whittenburg as the only republican primary opponent for Cox.

Don Yarborough and Marshall Formby attacked the Daniel administration as "tired" and "lacking vigor". Daniel came back with a recital of his five-year accomplishments in education, industrialization and other fields.

Will Wilson's approach was that Daniel's entry collapsed the Connally bandwagon by splitting Vice Pres. Lyndon Johnson's organization, and that the only way to get an uncontrolled candidate was to elect Wilson.

Candidates got in more punches in answering tough questions posed by nine newsmen. All of Daniel's opponents made the Governor's unprecedented four-term try a central issue. In the course of questions, Daniel came out for a two-term limit, but with four-year terms for governor instead of the present two.

FRIENDLESS INSECT--A big-hatted crowd of ranchers gathered at an Austin hotel to get more facts on the stockman's dream -- the elimination of the screwworm.

There was no one there to defend the insect.

Ranchers learned from Florida how that state was swept free of this costly scourge by a dramatic program. Florida ranchers covered the state with sterile male screwworm flies thus wasting the female flies' single mating period. First air-plane distribution of flies in South Texas started the day of the Austin meeting.

Texas stockmen are raising \$3,000,000 by voluntary contributions to match an equal amount of Federal money put up by the U. S. Department of Agriculture. The screwworms cost Southwestern ranchers an estimated \$40,000,000 a year in losses.

LIVESTOCK RAISERS GET HELPERS--A committee of five legislators held its first meeting after hearing plans of the Southwest Animal Health Research Foundation.

Speaker James A. Turman appointed Representatives Ray Bartram of New Braunfels, Steve Burgess of Nacogdoches, Stanley Boyesen of Yoakum, Glenn Kothmann of San Antonio and Gus Mutschler of Brenham to assist the SWAHRF in planning its attack on the screwworm fly.

HORSE OF ANOTHER COLOR--Stamford oilman Keith Wheatley seemed to get off the track in his campaign for Railroad Commissioner when he told Austin pressmen that Texans should be able to cast a vote on the return of horse racing to the state.

Wheatley said he is neither for nor against racing, but believes "tax profits from horse racing could do much to aid the old people and the children of Texas."

Gubernatorial candidates are interested in regulating another kind of race. They think limitations should be set on the number of times a governor can run for reelection.

Marshall Formby based his objections to the present lack of limits on the fact that most state projects are operated by commissions whose members are appointed by the governor on a rotating basis. Formby figures that by the end of a second term, a two-time governor has made every state commission appointment and it's time for him to take a rest.

John Connally seconded the charge of commission domination, and said that by the end of a third term, every one of the more than 800 commissioners have been appointed by a three-time governor. He promised that he would ask the Legislature to limit a governor's tenure to two terms if he's elected.

The Texas Department of Public Safety reports that major crime in Texas increased 2.2 per cent in 1961 over 1960, with an estimated total of 203,285 offenses for the year compared to 198,956 in 1960.

Murder and homicide was up 0.7 per cent, rape increased 5.7 per cent, robbery decreased 16.5 per cent, burglary was down 6.7 per cent, aggravated assault increased 0.3 per cent, theft increased eight per cent, and auto theft was down 0.8 per cent.

Murder and homicide was up from 1,080, rape was up from 1,196 to 1,264, robbery was down from 3,560 to 2,974, burglary was down from 56,976 to 53,149, aggravated assault was up from 12,128 to 12,166 theft was up from 108,869 to 117,619, and auto theft was down from 15,147 to 15,025.

"The totals for 1961 mean that one major crime was committed in Texas every three minutes, there was a murder every eight hours, a rape every seven hours, a robbery every three hours, an aggravated assault every 43 minutes, a theft every four and one-half minutes, and an auto theft every 35 minutes," Col. Homer Garrison Jr., DPS Director, said.

"They also indicate approximately a 60 per cent increase in major crimes in our State since 1955--an increase which far outstrips the population increase during this period."

PCA Stockholders Meet March 31

In a recent board meeting the Annual Stockholders Meeting of the Plainview Production Credit Association was set for March 31st, at the Plainview High School cafeteria and auditorium, beginning with a barbecue lunch at 11:00 a.m., entertainment by the Stamps Quartet at 1:00 p.m., followed by the regular association business including the Annual Report of the Board of Directors, the Secretary-Treasurer's report, and the election of one director.

The term of Leroy Durham expires this year. The nominating committee elected by the stockholders last year met February 19th, and nominated Leroy Durham for re-election and John Norfleet, who lives 10 miles west of Edmonson, for this position on the board.

The present board is Leroy

Durham, president, Henry Hayes, vice president, Grady Shepard, D. S. Anderson, and Don Garrison.

Olan Alexander is Secretary-Treasurer and General Manager; Fred Conner is Assistant Secretary-Treasurer and Assistant General Manager.

Troubles Plague-- credited the joint efforts of groups interested in traffic safety with the preservation of many lives.

'ARCADE' DUE IN AUSTIN-- U. S. Chamber of Commerce President Richard Wagner will head the team of national chamber officers, committeemen and staff specialists who will land here March 8 on an "Arcade for Citizenship Action."

This will be the first Texas stop in the Arcade's sixth annual cross-country series of public discussions on legislative matters.

Calvary Baptist Plans Revival

Former Gov. Allan Shivers is chairman of the Austin Arcade which will begin at the Municipal Auditorium at 9:25 a. m. and continue until 3:30 p.m. Delegations from all over the state are planning to wing in for the panel conferences and \$7 luncheon.

SHORT SNORTS

Eight hundred high school students invaded Austin Friday for the 1962 State Youth Leadership conference, where they'll compete for \$5,000 in scholarships as representatives of 5,000 distributive education students, working in retail, wholesale and service projects.

Governor Daniel called on the Texas Tourist Council, State Parks Board, Highway Department and Game and Fish Commission to work out a proposal to establish a park and game preserve in the Big Thicket area of East Texas.

Calvary Baptist Church will be cooperating with other churches in town in a Simultaneous Evangelistic Crusade March 11-18. Evangelist Bob Harris of Lawton, Oklahoma will lead the Crusade in the Calvary church while Mr. Ladson Worley of Amarillo will be leading the singing.

Members of the church will gather for cottage prayer meetings Thursday night, March 8, in the homes of Sam Bailey, W. S. Crow, Clarence Monroe, and Bill Sheehan.

The Brotherhood also plans to have a Breakfast for the men of the community during the Crusade, the date will be announced later.

The Sunday School under the

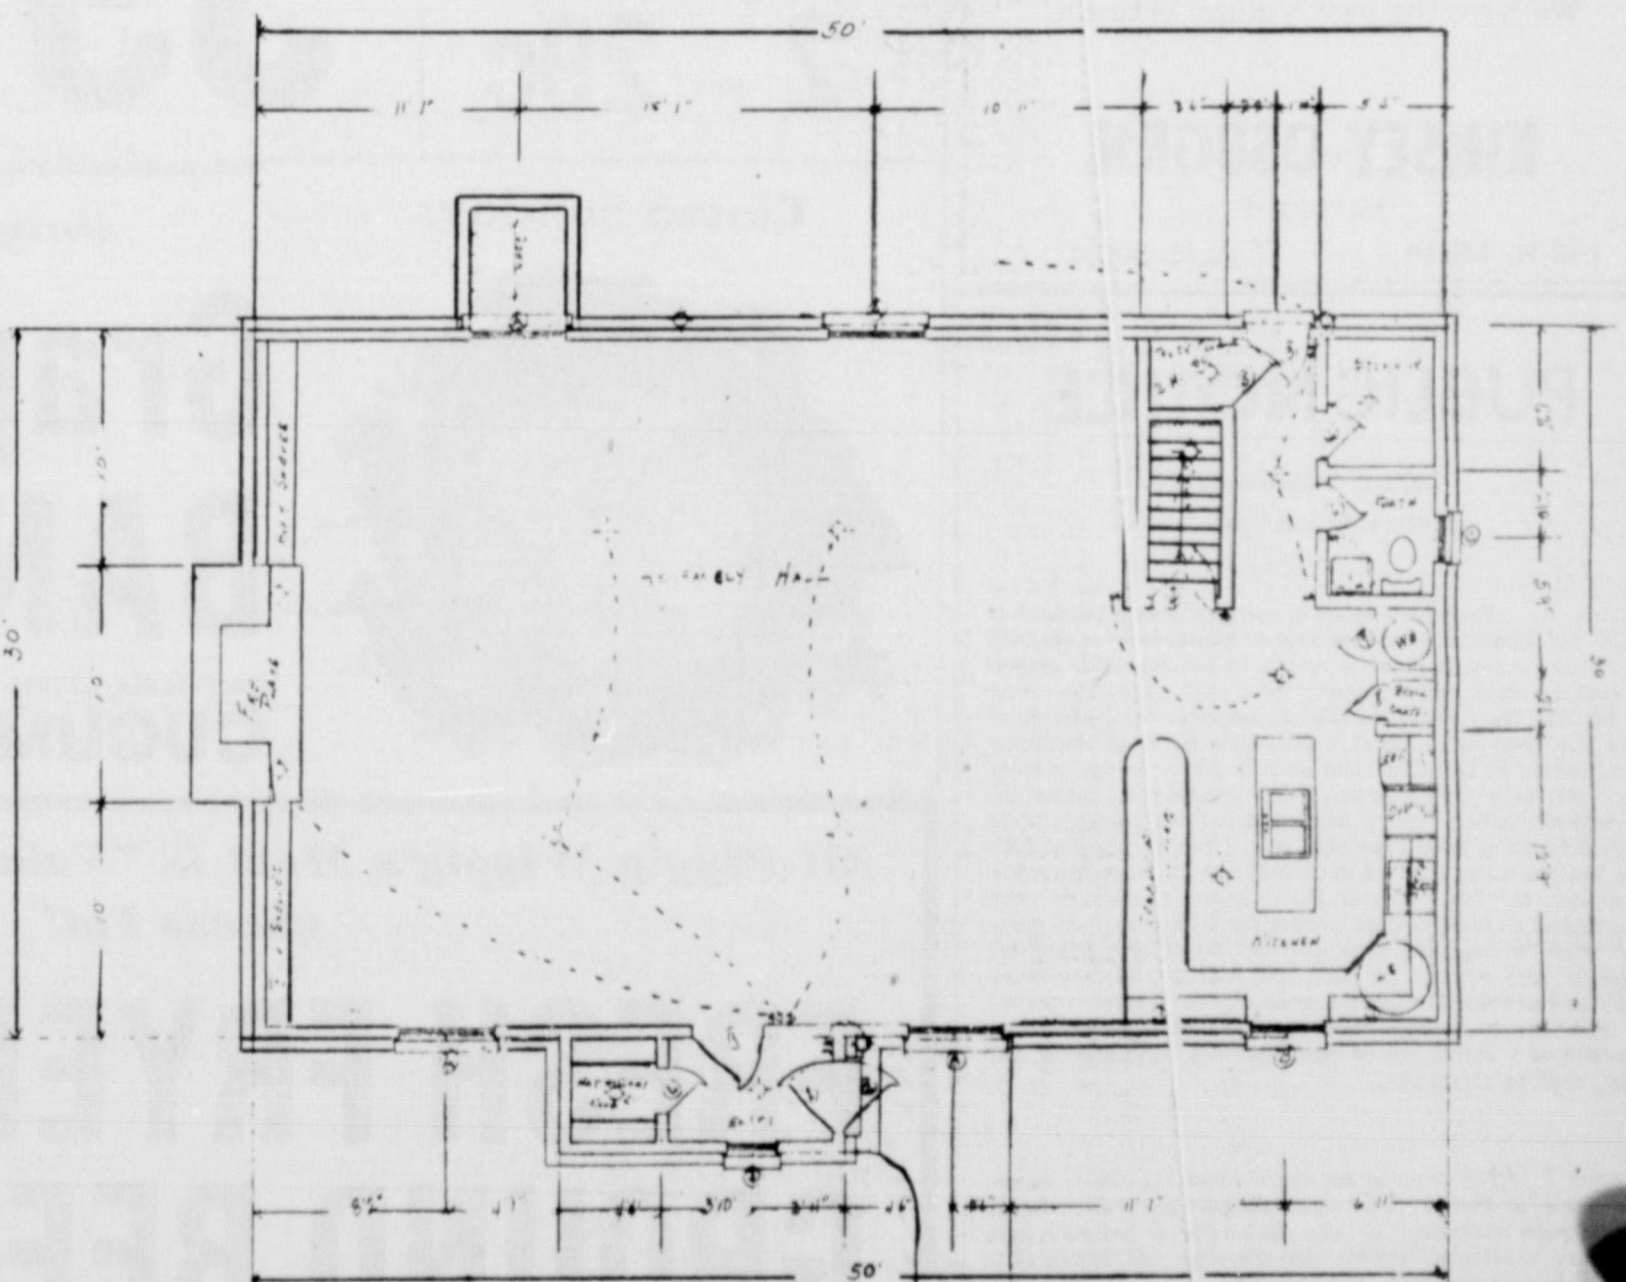

direction of Doug. Connelly will be engaged in a program of "Sunday School at Night" each night during the Revival. Each department will meet for devotional at 7:30, then divide into their respective classes for prayer groups. The junior boy or girl who brings the most visitors to the Revival will be awarded a nice Bible by the pastor.

The Church extends a Welcome to everyone to attend any or all of the services.

Patrol Investigates 11 Accidents Here

The Highway Patrol investigated 11 rural accidents in Parmer County during the month of January according to Sgt. Roger Rosebee, Patrol supervisor of this area.

These wrecks accounted for one person killed, five persons injured, and an estimated property damage of \$8,270.00.

The Highway Patrol supervisor pointed out that rural motor vehicle traffic deaths, injuries and accidents increased in the 31 county Panhandle district during January, 1962, as compared with the same month last year. Fourteen deaths were chalked up last month as compared to six that were recorded in January, 1961. 81 injuries were reported this January with 51 for last year. A total of 162 rural traffic accidents were investigated as compared to 127 for January, 1961. "This trend can get us off to a bad start, unless motorists assist every way they can

in helping to keep these grim statistics to a minimum," the Sergeant stated.

The Highway Patrol Sergeant reminded motorists that Texas law requires all registered motor vehicles to have valid inspection stickers displayed by midnight April 15 and the best way to avoid the long line expected in the last minute rush is to have your vehicle inspected now.

Mr. and Mrs. Wilton Wilks of Plainview visited in the home of Mrs. Ella Faye Holcomb and girls this week. Mrs. Wilks and Mrs. Holcomb are sisters.

Mr. and Mrs. David Carson returned home Friday after spending several days visiting in south Texas. They were guests of Mrs. Carson's parents, Mr. and Mrs. J. L. Gober, in Mission.

PUBLIC NOTICE

Extract, Ordinance #81, City of Friona, Texas

Section 4. - There is hereby levied and assessed a tax of \$2.00 per annum on every dog kept or maintained in the City of Friona, Texas, such tax to be paid by the owner or keeper of such dog on or before January 1st of each year. The owner of any dog shall exhibit to the tax assessor or collector of said City certificate from a duly licensed and practicing Veterinarian to the effect that such dog has, within at least sixty (60) days prior thereto, been vaccinated against the disease of rabies. Every dog shall be vaccinated against such disease at least once each year. Upon payment of such tax and the submission of the certificate of vaccination for such dog, the Tax Collector shall issue a receipt therefor and deliver an identification number for such dog. Such number shall be kept in a book provided for such purpose and opposite such number the name and address of such owner shall be recorded. The identification number shall be attached to such dog by a badge showing such number and shall be attached to a collar placed upon such dog in a manner that same shall be permanent.

Section 7. - The owner of any dog who shall willfully permit the same to run at large upon any public street, alley or public park unattended, or who shall fail or refuse to have said dog vaccinated against the disease of rabies as in this ordinance provided, shall be guilty of a misdemeanor, and upon conviction in corporation court be fined in any amount not to exceed \$100.00, and each day's violation shall constitute a separate offense.

The vaccination, taxing, registration and tagging of dogs for 1962 will be at the fire station, Friona City Hall, between the hours of 1 PM and 6 PM on the 9th day of March, 1962. Dr. Gene Cope, licensed veterinarian, Hereford, Texas will be present to administer the vaccination. Tax \$2.00, vaccination \$2.00 for a total charge of \$4.00 per dog.

THE HIGH PLAINS FARM AND HOME

Gets 40 Years -

"Are you familiar with the suspended sentence law in Texas," Wayne Bagley, defense attorney, asks prospective juror Kirt Crume. "No-oo, I don't suppose I am," Crume replied.

Fidgeting slightly from side to side, Davis entered a plea of guilty to the charge as read. The judge then asked the standard questions to determine if force, fraud, promises of pardon or parole or suspended sentence or threats had been used to persuade him to plead guilty.

"No, sir," was the reply. "Then you are just pleading guilty because you are guilty. Is that right?" the judge asked.

"Yes sir," came the answer. The judge then admonished Davis the penalty for the crime with which he was charged was not less than two years imprisonment in the state penitentiary, or life imprisonment, or any number of years in between, or possibly, a death sentence.

"Knowing this, do you still plead guilty?" the judge asked. "Yessir, I'm guilty, your honor," Davis replied, staring at the judge, then dropping his eyes to the floor where he scuffed the toe of the tan house-shoe on his right foot.

But under Texas law, punishment must be prescribed by a jury, in cases where the death penalty is warranted, even though the defendant submits a guilty plea.

The judge excused the venire from the courtroom while individual jurors were examined and approved by the attorneys.

Just as the first prospective juror was called, the presence of a group of students from Farwell High School was brought to Judge Bills' attention. He asked them to stand and be recognized. Approximately 72 students were present.

Each juror was asked if he knew the defendant or his counsel -- along with several other questions--by the district attorney. In turn, the defense attorney, Wayne Bagley, attempted to determine if the juror agreed with the suspended sentence law in Texas which provides that a jury may recommend suspended sentences in cases where five years imprisonment or less is assessed.

Of the first 17 men called, three were excused. No women were called for the jury. Within two hours, twelve men had been selected and at 1:10 p. m. Monday, the court was adjourned until 2:30 for lunch.

Members of the jury were Grady King, Kirt Crume, Lavon Jones, Don Gerles, M. A. Snider, Ovid Lawlis, Conrad Nelson, Ernest Kube, J. J. McDonald, Bob Hammonds, Weldon Slayton and James W. Patrick.

When court convened, Judge Bills told the jury that it was up to them to decide the amount of punishment to be assessed to Davis.

"Since he has entered a guilty plea, your sole duty will be to determine, from the evidence presented, what punishment is to be assessed," Judge Bills told the jury.

The district attorney again read the indictment and Davis again entered a guilty plea.

Ottis Foster, New Mexico State Trooper, was first called to the witness stand. He testified that he was called on Dec. 8 to the scene where a pickup containing a body was found. He identified six pictures as

being taken of the scene and body. He stated that the bullet hole was not discovered in the body until it was undressed at the mortuary.

Sheriff Charles Lovelace was notified of the discovery because the pickup bore Parmer County license plates, according to Foster. The pickup belonged to Paul Hall, Dawkins' employer.

Young attempted to enter three pictures showing the body in the pickup as exhibits four times but the judge sustained an objection by defense on grounds that the only purpose of the pictures would be to inflame the minds of the jury.

Dr. I. D. Worrell, Clovis, testified that he took the pictures of the scene and identified the photographs.

Next on the witness stand was Dr. R. T. Spencer, Clovis, who stated that in his opinion, the cause of death was a bullet wound through the heart.

He said that the bullet entered to the right of the spine and just below the shoulder blade and came to a halt about one quarter of an inch beneath the skin of the chest after passing through the heart--although he did not open the body to trace the path of the projectile.

He testified that death would be almost immediate from such a wound. Although he could not be positive, he estimated that Dawkins had been dead about 10 or 12 hours before he examined the body. The cold weather could have kept the body from deteriorating for as much as 24 hours.

Spencer said that no other bruises were found on the head to indicate that the man had been knocked unconscious.

Lovelace stated that he knew Dawkins for about four years before identifying the body in the mortuary in Clovis after he was called. He said that he found the murder weapon between the panels of the wall in the Davis apartment.

W. E. "Razz" Renfro, Texas Ranger, identified the rifle as the murder weapon referred to in the statement of confession previously given to the sheriff by Davis. He also supported the sheriff's statement that he warned Davis that anything which he said would be used against him and that he didn't have to say anything.

From testimony of Dave Dawkins, Jesse's brother; Nellie Mae Thomas, convicted accessory after the fact; and Davis the chain of events surrounding the murder can be pieced together into one story.

Davis' wife, Lillian, entered the Harlem Cafe, which was operated by Davis, on the night of Dec. 8 and did not like what she discovered. She and Davis began quarreling and she pulled a small pistol and shot at Davis. But she missed. He then began "whipping her" and continued to beat her until she "needed a doctor."

She got loose and ran outside and he ran after her, but they both fell and she got away.

Davis then went to his home and got the rifle and went to Dave Dawkins' house (whose wife is the sister of Mrs. Davis) and searched the house for Lillian. He was told that they didn't know where she was but that she

"... And knowing this, do you still plead guilty?" questioned Judge E. A. Bills. "Yessir, I'm guilty," Hershel Gene Davis replied.

was with Jesse a short time before. (Actually, she was on the way to the hospital in Friona.)

Davis returned to town and stopped at the cafe. He shouted at Jesse and asked where his wife was. Dawkins replied that he didn't know. Davis called him a liar and fired a shot. Two witnesses said that he fired at Jesse but Davis testified that he just shot in that direction.

Dave Dawkins and another witness, Abraham Young, were sitting in a nearby car when the shot was fired.

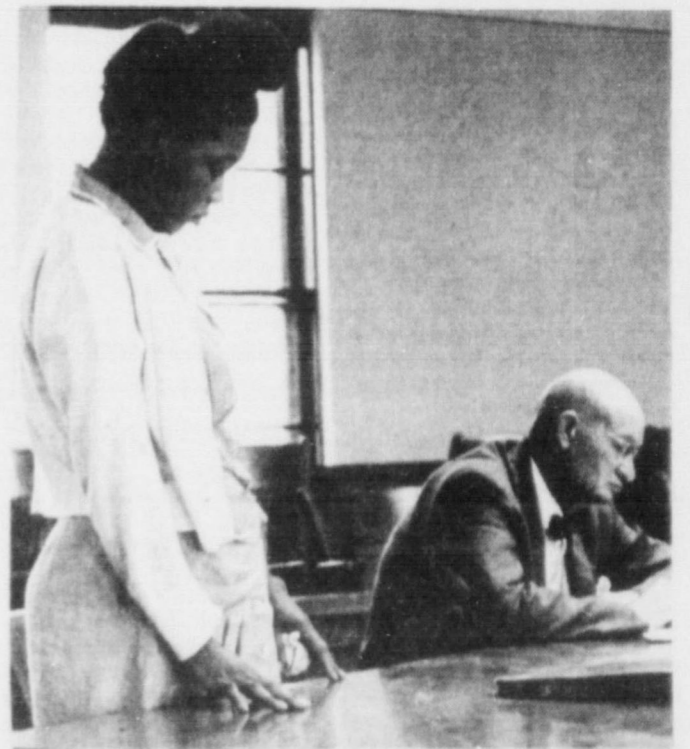

Jesse ran around the building and got away. Davis told Lillie Mae Thomas, a waitress, to close the cafe. He then took her home. A short time later, he came back and got her and drove around. He saw the pickup being driven by Jesse and started after it. About two miles north of Bovina, he overtook Jesse.

When Davis -- with Miss Thomas in the car with him--stopped, Jesse was supposed to have been at the back of the pickup. According to Miss Thomas, he raised his hands in the air when Davis got out of the car with the rifle. Davis said he had his hands in his pockets.

Davis and Dawkins argued for a minute and then Dawkins "whirled" and Davis shot. According to Davis' written statement, he knew that he had hit Dawkins with the bullet. In his verbal testimony on the stand, he didn't know if he hit Dawkins.

Dawkins fell forward near the back of the pickup and Davis got back into his car and drove back toward Bovina. According to Davis, Miss Thomas said that she thought he (Dawkins) was going on because she could see the taillights of the pickup. Davis took her to her house and a short time later, after talking to Deputy Sheriff Minter and not mentioning shooting, he returned for her. The couple returned to the scene and she helped him load Dawkins' body in the pickup.

She followed in the car while Davis drove the pickup to Clovis by way of Pleasant Hill. During the ride, the body was on the floorboard of the pickup, face down. Davis said that he had intended to get Dawkins to the hospital and didn't know that he

"I hereby sentence you to two years in the state penitentiary..." Judge Bills droned as Nellie Mae Thomas, admitted accessory after the fact (to murder), stands with head bowed late Tuesday afternoon.

was dead until after arriving in Clovis.

The district attorney accused him of knowing Dawkins was dead because he placed him face down on the floorboard of the pickup and drove the long way to Clovis over rough roads.

The pair left the pickup in Clovis and returned to Bovina in Davis' car. Davis was taken into custody by Parmer County officers on Dec. 9. Nellie Mae Thomas was later apprehended in Roswell.

On the basis of this evidence --brought out in detail--the jury deliberated 70 minutes and returned with the recommendation of a 40-year prison sentence. Immediately after the court-

room was cleared, Judge Bills called for the case against Lillie Mae Thomas. The murder charge against her was dropped in view of the testimony by her and Davis in the Davis trial. On the second charge of accessory after the fact, jury trial was waived and testimony from the Davis case was permitted to hear on the case. Within 30 minutes -- after short statements from Sheriff Lovelace and Miss Thomas--she was given a minimum sentence of two years in the state penitentiary. In view of her "cooperation with officials in the Davis case" and other supporting circumstances, the judge placed her on probation for the period.

"Yes, this is the rifle. Here is my mark," W. E. "Razz" Renfro, Texas Ranger, states as District Attorney Jack Young looks on. Davis, the defendant, sits hunched forward in his chair in the foreground.

"I doan know if he was like that, Hershel Gene Davis, defendant, replied when the District Attorney showed him pictures of the body in the pickup and asked if they showed the body

like it was put into the pickup. Members of the jury lean forward in rapt attention as the story unfolds.

"And he shot him in the back with his hands in the air," thundered District Attorney Young, demonstrating the position of Jesse Dawkins when he was shot, as he presented his arguments for the jury.

Stock Show Plans Near Completion

Small Rule Changes Made By Committee

The main topic of conversation among the junior livestock growers is the Farmer County Junior Livestock Show scheduled for March 8-10.

FFA and 4-H members will begin arriving at the Friona bus barn March 8 with their barrows and sheep to open the show. An ever increasing number of boys are registering their stock with County Agent Deryl Coker and vocational agriculture teachers for the largest county show.

Entry fees for the show have been set at one dollar each for barrows and lambs and two dollars each for steers. No individual will be allowed to enter more than one steer or a combination of three animals with a limit of two each in barrow and lamb divisions.

Entries must be approved by either the county agent or an agriculture instructor, according to Bill Nichols, show superintendent, before they will be accepted by the show committee.

Division superintendents are M. C. Osborn, cattle; Doyle Cummings and Orho Whitefield, sheep; Jack Fulham and Keith Brock, barrows.

A large tent will be erected to house the sheep show, according to Nichols.

Hay may be purchased from the Lions Club at the show for fifty cents per bale, or entrants may bring their own hay. The hay will not be provided free as has been the practice in the past. The change was initiated to prevent the excess waste common in the past.

A nightwatchman will be provided by the Friona Lions Club for the entire show. No showman will be allowed to remain in the barn past the 10 p.m. curfew, according to Nichols.

Showmanship awards will be presented to the best showman in each of the three divisions in addition to the ribbons awarded according to placement. No cash prizes will be given.

Sheep and barrows will be judged March 8 and 9. Steers will be received in the afternoon of March 9 and judged in the morning of March 10. The sale will be conducted in the

afternoon of March 10. Tentative plans are to sell the top ten steers in each of the four divisions, divided equally by weight, and 60 barrows and 30 lambs.

Bill Flippin and Jack Howell will serve as auctioneers for the sale.

The show is sponsored by the Friona Lions Club.

Approximately 70 steers, 40 sheep and 130 barrows are anticipated for the show.

The time of the show was set to coincide with the public schools week in an effort to prevent students from missing school unnecessarily, according to Nichols.

Charles M. Smallwood, professor and head of the Agriculture Department at West Texas State College, will judge the events. He received his B.S. degree in Animal Husbandry from Oklahoma State University in 1949 and his M.S. from Texas A&M College in 1950. He is currently working toward a Ph.D. at Texas A&M.

Smallwood was formerly head of the Animal Husbandry Department at Murray State Agriculture College, Tishomingo, Okla., where he assisted in establishing the first Double Registered Bull Test in the United States.

Professor Smallwood coaches the WT livestock judging teams. His teams have won several state, regional, and national contests in the past three years.

New Insurance Program on Cotton

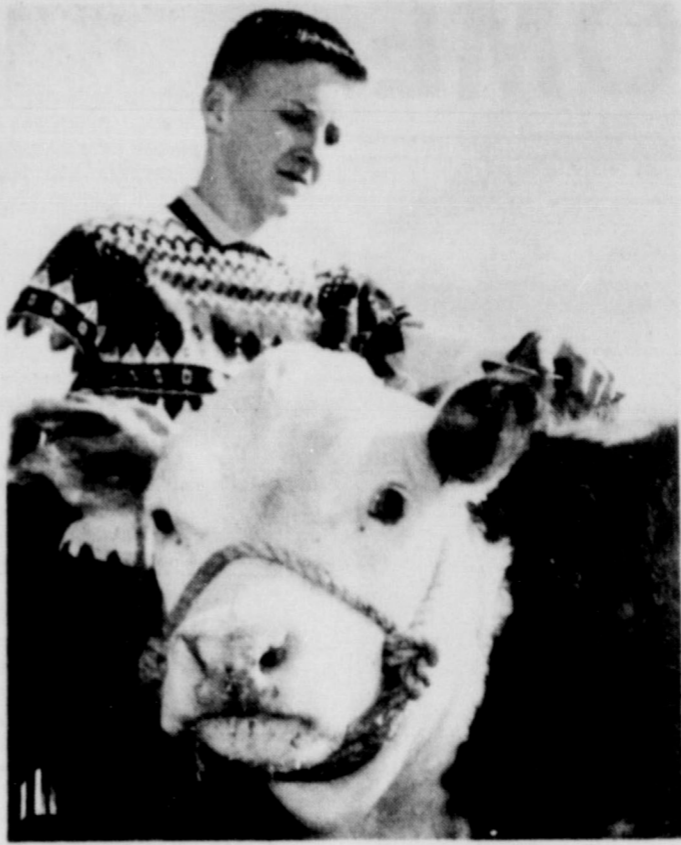

Federal crop insurance in 1962 will offer an improved cotton insurance program to both dryland and irrigated growers in Texas and New Mexico, according to Secretary of Agriculture Orville L. Freeman. For the first time a new irrigated grain sorghum insurance plan will be offered in several High Plains counties. Other expansions have been made in federal crop insurance, and still more are expected in the near future, says Secretary Freeman.

Glen Herring works with his 650 pound Hereford calf which he has entered in the Farmer County Junior Livestock Show March 8-10.

Danny Black gets his 920 pound Hereford ready for the stiff competition at the stock show in Friona next week. The 10-month-old calf will be pitted against some 70 steers in the largest county show.

Tim Herring, Friona 4-H member, brushes up his six-month-old, 800 pound calf in preparation for the county show in Friona.

SCD Work Broadened

Secretary of Agriculture Orville L. Freeman has announced the updating and broadening of the agreement which provides the official basis for co-operation between the USDA and local soil conservation districts.

According to the announcement, the USDA is now ready to enter into this revised agreement which will offer help to districts "in conserving and improving soil, water, vegetation, wildlife and related sources, and in reducing damage by flood and sedimentation."

The new memorandum will be used with all newly formed districts. Agreements with existing districts will be re-negotiated using the new document as rapidly as they wish to do

so, the Secretary said.

Updating USDA's assistance to districts comes on the 25th anniversary of the district movement. In Texas, 182 soil conservation districts, including 98 percent of the state's privately owned agricultural and forestry land, have entered into agreements with USDA for help in conserving soil and water resources, says Lynn Pittard, extension soil and water conservation specialist.

Secretary Freeman made the first public announcement of the revised memorandum of understanding in an address before the annual convention of the National Association of Soil Conservation Districts, held recently in Philadelphia.

The Bexar County Medical Examiner reported officially last year that 85% of all traffic victims in that county had been drinking.

Grain Bins Make Bad Playgrounds

It is just as dangerous for children to play in bins of shelled corn as it is for them to wade in a swirling, swift-moving river according to a Farm Quarterly report on a safety warning given by Dr. N. J. Wardle, associate professor of agricultural engineering at Iowa State University.

"A cornbin presents the same undertow and dangerous pockets that cause so many drownings," Dr. Wardle says. "When corn is being removed from a bin a suction develops which can mean certain suffocation for youngsters and is also capable of burying a man."

"After a portion of the grain has been removed, a pocket sometimes forms in the bottom of the bin and, although the top layers look solid, a misstep can trigger a slide that will put its victim to the bottom and pile tons of corn on top of him."

If you must get in a full grain bin, tie a rope around your waist and be sure to have someone on the other end of it strong enough to pull you out.

FOR FARMERS

County Meet Aimed At 4 Vital Topics

Many questions pertaining to fertilizer, irrigation levels, grass production or cost and returns in crop production, will be answered at a county meeting of farmers in Hub Community Center Friday at 2 p.m., according to County Agent Deryl Coker.

Coker has scheduled four major speakers for the county-wide meeting and has asked that area farmers make a special effort to attend.

Bill Gunter will discuss rates and placement of fertilizer on cotton and grain sorghum; time of applying fertilizer on cotton and grain sorghum; and fertilizer carry-over.

Dave Sherill will follow with a discourse on irrigation level's effect on fertilizer rates and times of irrigation on cotton and grain sorghum.

Jim Murphrey is scheduled to discuss cost and returns in crop production and will be followed by George Warner with a discussion of a subject which is gaining attention in the county with every passing day--grass production.

"This program is for the benefit of county farmers and I hope to see every seat filled at the center Friday," Coker said.

ANHYDROUS AMMONIA

Also Weed Killers

RED BARN
FERTILIZERS - CHEMICALS

Also Agricultural Chemicals

RED BARN - LIQUID NPK 6 - 18 - 6

ADVANTAGES:
 1. Contains all major essential plant food nutrients.
 2. 100% available. This liquid fertilizer is fast acting and economical. Red Barn NPK is ready to go to work when it is applied. It also resists leaching. Special applicators apply the fertilizer in bands, reducing phosphate fixation to a minimum.
 3. When applied with Red Barn's big dual rigs, the liquid NPK will help stabilize the Anhydrous Ammonia even when applied under adverse conditions, i.e. in wet, trash or dry, sandy soils.
 4. No heavy sacks to carry. Less labor--just pump in. Cover more acres per day.
 5. No need to make large investments in fertilizer spreaders or sidedress equipment. Just lease our applicators and taxwise this is 100% deductible.

Amarillo Hearing Scheduled On Potato Marketing Orders

Farmer County potato growers may be faced with marketing orders this year.

Chemicals Give Control Over Sorghum Midge

During the past year, tests were conducted by the Texas Agricultural Experiment Station to find a practical chemical control for the sorghum midge. Since grain sorghum planted early in the season usually does not become infested with sorghum midge, the plants used in the tests were planted during the late season.

Paper bags were used to cover the terminal of each plant one day before the heads emerged to regulate midge-laying activities. Bags were removed for 24 hours from 10 plants for 10 consecutive days to expose each head to midge oviposition. It was determined that egg laying by midge occurs most frequently on the third day following head emergence. By the end of the fourth day after emergence, approximately 90 percent of the egg laying is complete.

From this information, it was determined that insecticides should be applied to sorghum heads 1 to 4 days after emergence. In the tests, plants that were treated soon after emergence showed much greater yields than those treated when the heads were in the partial bloom or full bloom stage.

Several insecticides were tested, and most gave good results. Of those tested, however, only Dibrom, endrin and toxaphene have been approved for use on grain sorghum.

Complete results of these tests are contained in Experiment Station publication FR-2206, "Control of the Sorghum Midge on Grain Sorghum." A copy of this publication may be obtained from the Agricultural Information Office, College Station, Texas. Ask for it by name and number.

A hearing on a proposed National marketing agreement and order for potatoes has been called by the U. S. Department of Agriculture.

Amarillo has been selected as one of the seven cities where a hearing will be held. It is scheduled April 6 and 7 at the Amarillo Municipal Auditorium, 5th and Buchanan Streets.

First session of the hearing will be held March 12-17, 1962 in the New Commodore Hotel, 42nd Street and Lexington Avenue, New York, N. Y.

The national program was proposed and approved by the National Potato Advisory Committee at January and February meetings in Washington. The Advisory Committee was called by Secretary of Agriculture Orville L. Freeman at the request of industry representatives to study marketing problems facing the potato industry and to recommend plans for market stabilization. The national marketing order was one of its proposals.

The program would include all Irish potatoes grown in the 48 contiguous states. Recommendations would be made by the National Potato Administrative Board, initially composed of 46 members, representing season producing groups, processors, chippers and shippers would be represented by a seasonal or special committee which would make recommendations to the Board regarding its group or segment of the industry.

The program would authorize grade, size, quality, maturity, pack, container and labeling requirements for potato shipments. It would also include authority which would limit amounts which handlers may purchase from or handle on behalf of producers.

Allotments would be based upon the amounts purchased from or handled on behalf of producers in the two highest years in the base period 1959, 1960, and 1961. Subsequent to

1962 the base period would be the average of the highest two of the three years immediately preceding the year for which volume regulation is contemplated, excluding 1962 from each base period.

The order would include a marketing policy establishing national cull regulations for fresh market and food processing. The cull regulations would be in effect at all times but could be modified, suspended, or terminated upon recommendation of the Board.

Inspection or other forms of evidence may be required on shipments when they are regulated.

If sufficient evidence is presented at the hearing to provide a basis for a program, and if the Secretary of Agriculture approves, the proposed order will be submitted to a referendum among growers in the production area.

March Plentifuls Can Give Meals Spring-Like Touch

Fresh eggs and milk can give March meals that sprightly, spring-like touch, suggests the Texas Agricultural Extension Service.

Both are on the U. S. Department of Agriculture's list of plentiful foods for this breezy month. Also among the plentifuls are potatoes, peanuts and peanut products, and dry beans.

Eggs are the March feature. That's because spring production is increasing and farm prices have been running 20 percent lower than both last year and the 1947-49 average. For economy, nutrition and good eating, you'll do well to serve eggs often. Besides, March is both Egg Month and Better Breakfast Month.

The whole array of dairy foods will be plentiful, as milk production begins zooming to a springtime peak. Use plenty of whole milk, evaporated milk, skim milk, dry milk, half-and-half, cream, butter, buttermilk and all the many different cheeses available in abundance. Even though milk cows on farms are the fewest since 1909, production per cow has increased 30 per cent in the last decade to provide an ample supply of milk for all.

Plentiful potatoes also come in numerous styles -- fresh, canned, instant, dehydrated, frozen, chips and in processed combinations with other foods.

Peanuts, raw and roasted, remain in excellent supply. USDA says more of last year's crop found its way into peanut butter, peanut candy and salted peanuts. Especially plentiful among economical, nutritious dry beans, pinto and red kidney beans, and black-eyed peas.

HD Agent's Notes

BY MISS ETTIE MUSIL

Have you ever wondered how well-dressed you were? Good grooming is something to think about while dressing. After you have dressed, forget about how you are dressed.

A well-groomed person meets people much more easily and associates with them more pleasantly. He or she thinks more about what is taking place around his or her friends, rather than wondering and worrying how he or she looks. To help you know when you are well dressed use Rule of Fourteen to check yourself. Everything you wear that is visible to others should add up to a total of not more than 14 points. Now check yourself how well dressed you are.

Dress of one piece counts 1 point, a suit 2 points, buttons 1 or 2 depending how decorative they are, hat 1 point, veil 1, flower 1, each different color 1, hose 1, dark heels 1, shoes 1, bows 1, buckles 1, straps 1,

purse 1, trim on purse 1, gloves jewelry pieces 1, scarf 1, coat or wrap 1.

The basic one-piece dress would count one. A figured or plaid would count up to five, depending on the number of predominate colors. A basic frame of hat is 1 point, a feather or flower would count 1, so would a veil. Each different color adds a count to a hat.

If you like fancy hats then you should choose very simple suits or dresses. Two earrings counts one. Two hose are one as are plain shoes. The trim and style of shoes adds a count. The combination of engagement and wedding rings count 1 point.

After you have used this rule for a few times, you will become skilled in varying your accessories. But don't fall too far under the count of fourteen or you may appear under-accommodated. Count 12 to 14 for smartness.

Is chicken your family's favorite?

Texas 4-H Youth Will Try to Top '61 Records in New Year

Memories of Congress Fresh in Minds

Eight ambitious Texas teenagers who swept to state and national awards in their 4-H Club projects in 1961 will try to encompass the 4-H motto of "making the best better" in their club work in 1962.

Memories of the exciting time they had during their all-expense paid trips to the 40th National 4-H Club Congress in Chicago are still fresh in their minds.

They went sightseeing, attended banquets and a pop concert, saw comedian Danny Thomas, and met other 4-H'ers from every state in the nation and Puerto Rico.

One of them, Carolyn Garrison, 18, of Silverton, came home with a \$400 college scholarship given to her by the Allis-Chalmers Manufacturing Co., Farm Equipment Division, as one of eight national garden winners.

The other seven are Gary Cooley, 17, of Lyford; Dickie Rychetsky, 17, of Robstown; Novalene Imler, 16, of Conroe; Ronald Keith, 19, of Cleburne; Ted Neumann, 18, of Waco, and Dick Plank and Caroline Brumley, both 16, and both from Hereford.

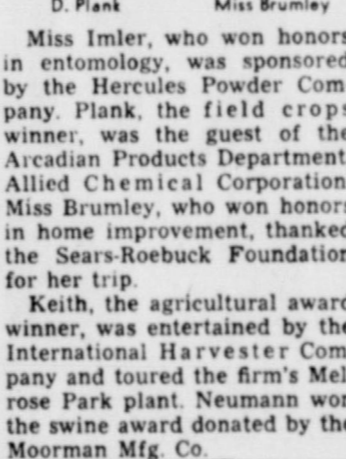

There was also time for window shopping on Chicago's famed State Street and gazing up at the city's skyscrapers. Sightseeing stops included the exciting Museum of Science and Industry overlooking Lake Michigan.

The eight were among the 31 member Texas delegation that attended the big 4-H meeting in the Conrad Hilton, world's largest hotel and the congress headquarters. Altogether the state had four national winners at congress, held the last week in November.

The Texans attended a concert in Orchestra Hall, conducted by Arthur Fiedler, that featured two 4-H soloists, and danced at three elaborate parties given in their honor.

They received the all-expense Chicago trips as awards for being named the state's top winners in their projects.

Cooley, the beef award winner, was the guest of E. I. du Pont de Nemours & Company Inc. Rychetsky, the safety award winner, had his trip donated by the General Motors Corporation.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

The third annual Oklahoma Citizenship Seminar for High School Students will be held on the campus of Oklahoma Christian College, Oklahoma City July 9 through 13 this year. If enough interest is shown we believe directors of this county may find a way to send from one to four students. We hope it develops that way, anyhow. Primary qualifications for candidates to attend are: Character Scholarship, Leadership ability and Public Speaking Ability.

Nominations would be made by the school administrators. We believe this would be one of the most interesting and profitable five days a high school student could spend anywhere. We will announce soon whether this county Farm Bureau will participate in the sponsorship of some students for the seminar. If it does, it will have to begin soon, because applications are accepted on a first come first served basis. Either boys or girls who qualify can be accepted if they meet the general qualifications mentioned above.

Four hundred and seventy five of the nation's 487 Production Credit Associations are now completely farmer-owned. There is only \$475,000 of government owned stock in the other twelve associations. We remember several years ago when Farm Bureau was asked to help sever government interest in these associations they became self sustaining. They had asked and got government aid in beginning, but they wanted their independence as soon as they could operate without that aid. They have done exceedingly well.

Regarding the administration backed farm labor recruitment bill, Farm Bureau told the subcommittee that the basic concept that the federal government should perform the functions of a crew leader and labor con-

tractor, and engage in writing labor-management contracts is wrong.

Mrs. Davis will appreciate your sending your bills in immediately upon dying because it will save her and other workers time, and your Farm Bureau money which can be put to use in serving you better.

CONSIDER THIS: For the Lord giveth wisdom; out of his mouth cometh knowledge and understanding. Proverbs 2:6

FOOTSAVING EDUCATION

by James E. Edwards

Not all children's feet have the same amount of "yield" on weightbearing.

In fact, there's considerable differences in change of foot size and shape on weight-bearing or activity among children. For example, some feet are naturally more rigid or less yielding; others are very elastic - and some are extremely so (the latter are called "flaccid" feet). In two children of the same foot size at rest, both may show a half size increase in length on weightbearing . . . but one will show a greater spread at ball and heel. There are many such variations or differences, such as at waist or instep or arch, or even the breadth span of the toes. (Cont.)

The HAPPY HOMEMAKER

BY JUNE FLOYD

Some homemakers refrain from growing houseplants because of the inconvenience of keeping them watered properly during vacation time and other times when no one is at home. This problem can be solved for long periods of time by purchase of a newly developed device, which is on the market at garden supply houses.

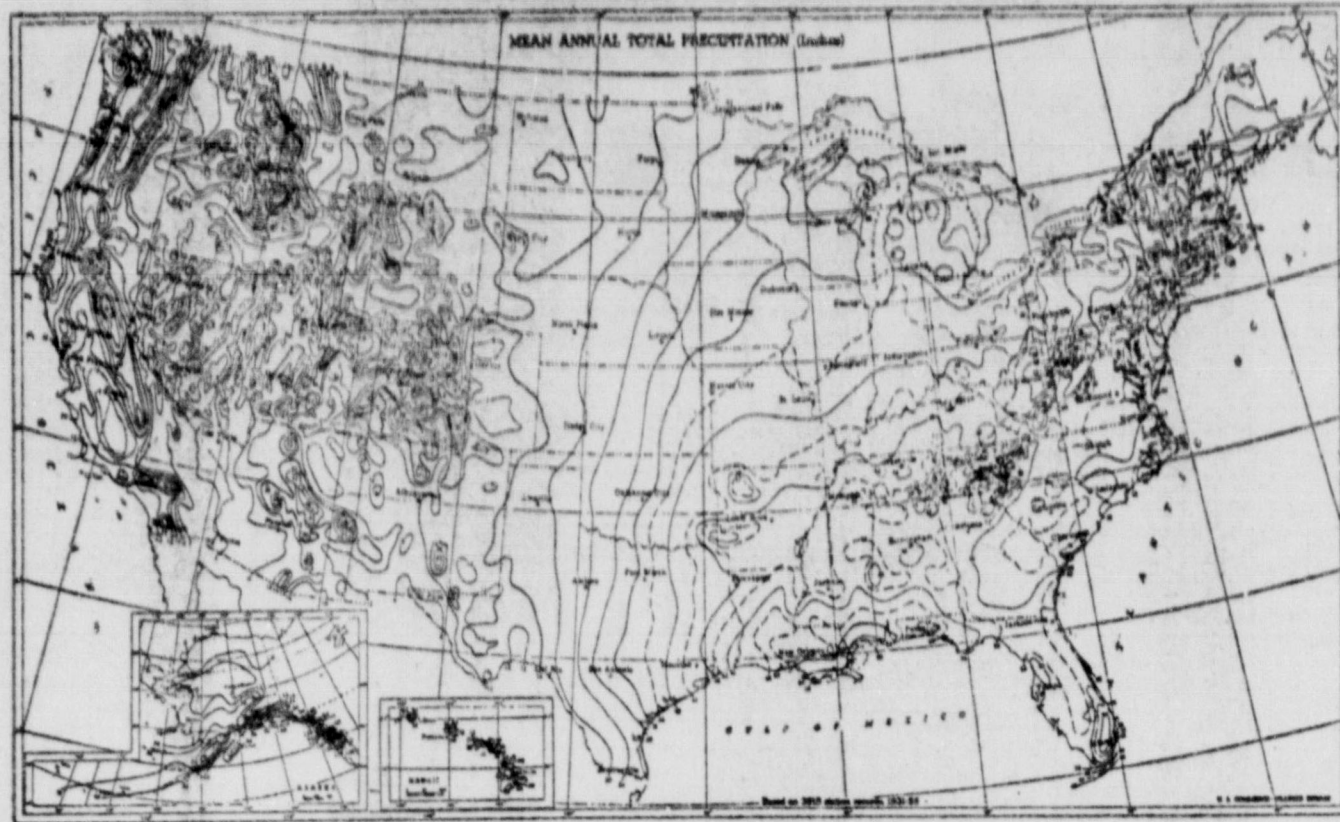

These automatic plant waterers are made in shapes of animals. Bodies of the animals are hollow and have small tapered stems, which are inserted in the soil, are also hollow. All you need do is fill the animals with water and the seepage will take care of your plants for you while you are away.

never worry about locking the key inside the automobile. Such a gadget can also be used for extra house keys.

Then there are magnetic hooks, which attach themselves instantly to anything made of steel, metal cabinets, stoves, autos or refrigerators. You may use them to hang cups, bottle openers, pot holders, tools or anything you want at your fingertips without any hole drilling you may move or remove them at your will.

Our apologies this week go to everyone who experimented with the recipe for Lemon Chess Pie that ran in last week's Happy Homemaker column. 1 1/2 cups of sugar should be added to the list of ingredients. Most homemakers have made a lot of angel food cakes, but did you ever make an angel food pie? If not, you will probably want to try the following recipes.

Angel Food Pie
4 egg whites

3/4 cup sugar
1 1/2 teaspoons vanilla
1 cup heavy cream
1/2 cup nuts, ground

Beat egg whites very stiff; add 1/2 cup sugar and 1 teaspoonful vanilla. Four into Graham cracker crust and bake in preheated 300 degree oven 30 minutes. Cool.

Combine 1/4 cup sugar, nuts, whipped cream and remaining vanilla; pour on top of cooked mixture, then refrigerate.

Angel Chocolate Chiffon Pie
2 egg whites
1/8 teaspoon salt
1/8 teaspoon cream of tartar
1/2 cup sifted sugar
1/2 cup pecan pieces
1/2 teaspoon vanilla

Beat egg whites, salt and cream of tartar until soft peaks form; add sugar and beat until stiff. Fold in chopped pecans.

Spread meringue mixture in and around the rim 1/2 inch of a greased 9 inch pan to form the crust. Bake at 300 degrees for 1 1/2 hours. Cool.

2 tablespoons sugar
6 oz. semi-sweet chocolate drops
3 tablespoons milk
4 eggs, separated

Melt sugar, drops and milk. Stir and cool. Add yolks, 1 at a time, and beat well after each addition. Fold into stiffly beaten egg whites. Pour into meringue shell and chill. Top with whipped cream slightly sweetened with powdered sugar.

Lazbuddie 4-H

Lazbuddie 4-H elected to tour the Friona livestock show at their meeting Feb. 15.

The group met in the Lazbuddie School Cafeteria. Danny Miller called the meeting to order and minutes were read and approved. Mike Hinkson led the group in the 4-H pledge. Miss Ettie Mustil, County home demonstration agent, presented a program on landscaping and the group played into several games.

Fishermen Warned To Buy Licenses

Spring weather has kindled the urge to fish, and fishermen are reminded that a fishing license is required in most instances, according to J. B. Phillips, coordinator of law-enforcement for the Game and Fish Commission.

This applies to both resident and non-resident fishermen, fishing in fresh water or salt water, except for persons fishing within their own county with an ordinary pole and line, or persons under 17 or over 65. Persons fishing within their own county with any type of winding device are required to buy licenses, also.

The Texas license fee, at \$2.15, offers an inducement to non-residents, because it is the only fishing license in any state available to non-residents at the same price as to residents. All other states charge additional fees for non-residents.

Existing commercial bay-bait shrimp boat licenses will ex-

pire March 1, and a new license covering the boat and trawl must be obtained by that time. New licenses will be effective March 1, and any person commercially taking shrimp for bait in bays must have the license, and it must be bought before the expiration date, March 1. The license costs \$30.00 and is good for one year.

Scholarships Offered For Good Road Essay

The Texas Good Roads Association announced today it will sponsor a \$400 Scholarship Essay Contest for senior students in Texas high schools as part of the observance of National Highway Week (May 20-26).

Callan Graham of Austin, executive vice president of the association, said the contest will encourage more wide spread understanding of the benefits of better highways to our state and will reward winning students with the following prizes:

First place -- a \$250 scholarship to the college or university of the student's choice, plus an expense paid trip to Austin for the student and parent or guardian to receive the reward.

Second place -- a \$100 scholarship.

Third place -- \$50 scholarship.

Funds for the three winning scholarships have been set aside in an Austin bank. Honorable Mention certificates will also be awarded to worthy essays.

The contest is limited to seniors in Texas high schools. Entrants must use the title, "What Better Highways Mean to My Community," and limit the essay to 500 words or less. En-

tries must be mailed by April 30 to the Texas Good Roads Association, Suite One, Perry-Brooks Building Austin, Texas.

The essays will be judged by a committee consisting of Graham; Dr. DeWitt Reddick, director of the School of Journalism at The University of Texas; and D. C. Creer, State Highway Engineer. Winners will be announced before or during National Highway Week in May.

Graham said information on the contest is being forwarded to school superintendents and high school principals, and that anyone desiring information may also write to the T. C. R. A. in the Perry-Brooks Building, Austin, Texas.

The sponsoring association has for half-a-century been a non-profit, non-partisan citizens group devoted to the encouragement of sound highway policies and good highways.

Texas Cotton Producers Emphasize Cost Cutting

The past year wasn't what cotton growers in many Texas counties would classify as a good one, but for the state as a whole, lint yields were the second highest on record, 348 pounds an acre. Thus, low yields in some areas were offset by record yields in others.

Fred Elliott, extension cotton specialist, in his 1961 annual report highlights some of the past year's achievements. He said the 7-Step Cotton Committees, working on all levels, continued to be a major factor in the progress made by the producers of the state's most important crop. Since the program, initiated 16 years ago by the Texas Agricultural Extension Service, has been operating, lint yields have climbed from 134 pounds an acre to 1961's 348 pounds. But perhaps of equal or even more importance have been the changes in production and harvesting, ginning and soil management practices.

The specialist reported that an estimated \$68 million plus was saved last year in harvest costs through the use of machines -- 33,089 stripper harvesters and 4,782 spindle pickers. Harvesting machinery doesn't come cheap, the specialist said, as verified by the expenditure of over \$32 million in 1961 alone for new picking and stripping machines.

Growers saved another \$27.7 million in labor costs through the use of 50,605 rotary hoe

equipped tractors and chemicals for weed and grass control. Spot-otting of Johnsongrass was used on approximately a quarter million acres of cotton in 163 counties and spot-spraying of the same pest with water carried chemicals was used on 136,700 acres. Lat-eral oiling saved up to \$25 an acre on hoe bills and was used on more than 86,000 acres in 75 counties.

Defoliant or desiccants were used on 61,555 farms in 170 counties to prepare cotton for machine harvesting. The use of moisture meters, a recent introduction, expanded rapidly and 136 were used in 41 counties as an aid in quality improvement.

Last year, county agents in 207 counties assisted producers with all phases of the 7-Step Program. County program building committees were also active in planning county work and emphasis in many counties was placed on the use of cotton burs for soil improvement and to reduce fire hazards. Burs were spread on 17,306 farms in 126 counties. A few years ago burs were commonly burned as waste. A ton of burs contains about \$7.50 worth of plant nutrients and their application has raised lint yields by as much as 25 percent.

A team of extension specialists -- cotton, entomologist, cotton gin, and at times others -- was used to carry educational information to the counties.

The team conducted 157 meetings attended by 13,252 producers. County agents in their followup work held almost 2,100 meetings with an attendance of approximately 53,000. County agents and committees also enjoyed the cooperation of newspapers, radio and television stations for getting needed information to producers and supplied them with more than 2,100 stories, 2,250 radio and 39 television programs.

Cotton is still the state's most important crop and the progress made has materially aided the entire economy of Texas, the specialist concluded.

Test Foreign Grass Seeds At Station

Interest of foreign scientists in the High Plains Research Foundation is in evidence from the contributions they have made of seeds of a number of different crops. The plant introduction nursery of grasses and legumes is one of the recent projects aided by foreign interest.

Forty-two of the fifty-six grasses were received from the Central Rainsland Research Station in Anglo-Egyptian Sudan. Each strain or variety will be observed for a period of two or three years. Some of the Sudan introductions look very promising. Further tests will determine if they can withstand the winter climate.

Sixty-four of the annual and perennial legumes were also received from the Sudan Station. Several different strains of creeping alfalfa were included in the nursery planting. All of these legumes will be observed and evaluated over a period of years to determine their adaptation of the High Plains area. A few strains may offer promise as dryland legumes, thereby, meeting an often stated desire by dryland farmers.

WITH THE COUNTY AGENT

DERYL COKER

Time flies, and it won't be long till planting time. Some farmers will be buying seed in the near future, so I am listing some yield data and blooming dates on some grain sorghum hybrids at the Bushland Experimental Station.

These results do not necessarily give a sound basis for changing a variety already proven successful on your farm, but if you are not satisfied with your variety this data might be of help to you.

Late-maturing and earlier-maturing, vigorous hybrids performed well under irrigation. For hybrids of different maturities, there usually are differences in total amount of water required and also in the distribution of that water. Although the highest yields were obtained from late hybrids, more water may be required by them than by slightly earlier hybrids. Several hybrids yield about the same but differ by 5 days or more in date of blooming. The need to consider facts other than yield is emphasized by these comparisons.

Several plant characteristics other than yield should be considered in the selection of hybrids for a particular area or location. Some are difficult to measure. Earliness, fast head drying, standability and disease resistance may be as important as yielding ability in reducing the hazards of production. RS 608 is relatively low in yielding ability but is planted on a considerable acreage in West Texas because it possesses desirable characteristics other than yield.

Head smut became serious for the first time in West Texas in 1960. Percentages of head smut in the Bushland irrigated test are shown above. All hybrids had some head smut infection, but there were large differences among hybrids. RS 609, which is rated as resistant, had a 6 percent infection. Infected plants in RS 609 could have been caused by impurities

in the seed or different races of the organism that may have been present.

The data reported provide some of the information needed in the selection of hybrids adapted for an area or type of farming. There seldom is a "best" hybrid from the standpoint of yield alone. Although a hybrid has the highest average yield, generally, it should be considered equal to the several hybrids that are closely below it in average yields. Hybrids, with the highest averages also were those that were fairly consistent in producing high yields in a majority of the tests. If certain environmental conditions can be predicted or controlled, hybrids with specific adaptation may be preferred, but, in general, it is much safer to use hybrids that perform well under a range of conditions.

Strict sanitation is the most effective barrier between the dairy cow and the organisms which cause mastitis, explains A. M. Meekma, extension dairy specialist. The only practical way to prevent the spread of mastitis, he says, is to keep it from reaching udder tissue.

EXCEPTIONAL OPPORTUNITY
Refilling and collecting money from New Type high quality coin operated dispensers in this area. No Selling. We establish accounts for you. Car and references desirable. \$600 to \$1900 cash required. Seven to twelve hours weekly nets excellent monthly income. More full time. For personal interview write P. O. Box 2753, Boise, Idaho. Include phone.
