LISTEN TO LUKE

Last week a group of interested citizens made a trip to the state capital in the interest of the improvement of Highway 90 east of Sanderson. There was a good response to the call for volunteers to go and help in putting the problem before the Highway Commission. There is power in numbers and Terrell County made a good impression on the commission by having a good representation present.

There are some here who profit most by having a good highway to look at the attitude that if they do not take the initiative, they will not reap the same benefits and not have to go to any expense and trouble.

Well, we have found that there is always a certain percentage of the population of any town willing to be parasites and garner in benefits from the efforts of others. At any rate it is apparent that the impression made at Austin by the delegation was worthwhile and it is hoped that the needed work will be undertaken soon.

There was an amusing incident reported while the group was on its mission of community welfare. It seems that one party dug down and bought steak dinners for an entire car load of fellow passengers. When told of the incident the column stated that if proper notice could be produced, we would make mention of it in the paper since it is a commendable act on the part of the citizen. The proof was submitted, properly witnessed and verified.

For the protection of this big-hearted citizen we deem it necessary to withhold his name. If it were made public we realize how far would be the demands of his friends and fellow-travelers for steak dinners.

Sanderson and Terrell County went through the long holiday this week without a serious accident to mar the activities of the occasion. The Fourth, coming as it did on a Friday for many and when the Friday afternoon a long week end score is written it probably will show many pleasant reunions that were marred by tragedy. Every possible warning was issued to prevent these sad occurrences. Some are unavoidable while some are due to carelessness. Terrell County was fortunate and this column had much to write about the accidents that didn't occur. It is a pity that some accidents are crippled, killed or injured as a result of the holiday celebration.

Sanderson enjoys much cooler weather than many sections of the country but the sun shines straight down just the same as it does in Fort Stockton, Alpine or California.

This column attended the roping contests at the arena east of town Tuesday and witnessed some very clever artists of the lariat. A noticeable thing, however, was that most of the horses did a better job than the riders. There were some well-trained horses that were responsible for the some poor points at roping and tying.

One amusing event at the arena was when a young man came out of the chute with his horse right on the calf. The animal kept on the tail of the arena and started across the other end while the competing roper kept swinging his rope but never turning it loose. The roper gave up without so much as making an attempt to get back to the gate with contempt in the world for his faithful horse. We see no reason why, in training a horse for the arena, the trainer cannot teach the horse to throw the rope and tie the calf. It would eliminate the necessity of the horse having to carry excess baggage.

Being raised, so to speak, in the ranching country, this columnist learned to appreciate horse sense and horse sense. When a rider mounts and threatens to blast the horse's brains out because he (the rider) did not know when and where to throw his loop, it is evident the horse should have another rider.

The local roping club will sponsor another show here on August 1. These events bring some good interest to town and interest in the roping increases with each event. If the day had been Tuesday there might have been several more good matches for the spectators. Some ten or fifteen hundred people witnessed the roping events here Tuesday. If the interest continues the August affair should bring out more.

WALTER WALLACE, JR., NAMED TO HONOR ROLL

Lubbock, June 5 — Montie A. Wallace Sanderson sophomore at Texas Technological College, has been named to the spring semester honor roll which is made up of the top one per cent of the student body. Wallace, an agriculture student, made a grade point average of 2.87 out of a possible 3.00.

Brooks Campaigning On 'No New Taxes'

PIERCE BROOKS

Pierce Brooks, Dallas business man, has opened his campaign for Lieutenant Governor with a declaration that he is opposed to any new taxes until the state's financial affairs are put on a sound and sensible business basis and waste and extravagance are eliminated from the operations of the state government.

Brooks declared in his opening campaign address that the state is facing the worst financial crisis in its history. The Dallas business man candidate pointed out that the cost of the state government has increased more than 500 per cent since 1935, while the cost of the Federal government, aside from the cost of World War II, did not increase that much.

Brooks said the big problem facing the state is not political but a business problem and he said it must be attacked from a business viewpoint.

"If it were a political problem," he declared, "then seven of my opponents in this campaign for Lieutenant Governor should have been able to do something about it. They were members of either the House or Senate during the period when the cost of state government increased more than 500 per cent and they did not or could not do anything about it. They stood idly by and allowed the cost of government to double, treble, and then reach runaway proportions. What can the people expect them to do about eliminating the waste and extravagance and about getting a full dollar's worth for every dollar spent?"

Highway Group To Meet At Courthouse Here Saturday Night

A meeting of the local Highway 90 Association group has been called for Saturday night at 8 o'clock at the courthouse, according to L. H. Gilbreath, president. The meeting is deemed necessary, President Gilbreath said, to follow up work begun last year and to continue the program started by citizens interested in bettering highway conditions in Terrell County.

After the hearing before the State Highway Commission last week much interest was shown in any move to improve the present east-west highway through Sanderson.

All persons interested in this civic endeavor are urged to be present at this important meeting. Officers for the coming year will be elected and plans for the coming year's work will be outlined.

Absentee Voting Until July 16

Ballots for the July 22 Democratic primary have been prepared under the supervision of Terrell County Democratic Chairman W. W. Suduth.

Absentee voting began officially on July 2 and lasts until July 16. Ballots may be cast or obtained at the office of Ruel Adams, county clerk.

MRS. W. H. McCULLAR IN AUSTIN HOSPITAL

Mrs. D. L. Duke went to Georgetown last Thursday night after receiving word that her daughter, Mrs. W. H. McCullar, was seriously ill with mastoiditis.

Mrs. McCullar spent several days in an Austin hospital but is recovering satisfactorily.

Diane Duke accompanied her mother to Georgetown and Mrs. M. E. Duke of San Antonio, who had been visiting here, returned to her home.

DOUGLAS NEWTON, JR., HAS POLIO AT SCOUT MEET

Douglas Newton, Jr., son of Mr. and Mrs. Douglas Newton of Del Rio, is in a naval hospital in Valley Forge, Penna., with a mild attack of polio, according to reports. The youth was attending the Boy Scout Jamboree when stricken. He has a tender shoulder but no paralysis, according to his parents who are at his bedside.

Douglas Newton is district attorney.

Large Delegation Highway Enthusiasts Get Hearing On Completion Paving On 90

District Judge Roger Thurmond of Del Rio was spokesman for a delegation of Terrell County citizens at a highway hearing in Austin last Friday morning. About thirty interested citizens made the trek to the capital city after the hearing was granted by the Texas State Highway Commission to lay before that body the need for the completion of new paving on the Terrell County portion of Highway 90 east of Sanderson.

League-Leaders Lose To All-Stars Monday

Last Friday night the unbeaten Fire Department softball team won over the Lions for a 7-4 victory in the league play here. Poor support accounted for the heavy side of the score being on the Firemen's alley sheet. The Lions out the league leaders but unlearned runs crossed the plate while fumbling and poor pecking was the order of the day for the Lions.

Smith served from the mound for the leaders and Pate tossed a good game of few scattered hits for the unfortunates. Batson, for the Firemen, led the team for the night in hitting three for five while Branscum was high for the Lions when he hit two for three.

The game Friday night ended the first section of a three-part series leaving the team standings—

	P	W	L
Firemen	4	4	0
Legion	4	3	1
Lions	4	2	2
Railroad	4	1	3
VFW	4	0	4

Monday night the leading Firemen met a delegation of all-stars from the other teams and suffered humiliating defeat. The game was called at the end of the fifth inning because of the unbalanced score.

Smith, star twirler for the red uniforms, was unable to hold down the hitting power and was so far behind that everybody lost their playing spirit and scoring at will made that should have been a good ball game nothing but a comedy of errors.

Entering the second series of games Friday night of this week will bring the two lowest teams of the league together when the Railroad will meet the youthful VFW aggregation.

NEW OFFICERS TAKE OVER ROTARY CLUB

Newly elected officers of the Sanderson Rotary Club assumed the duties of their respective offices at the regular weekly luncheon of the club Wednesday.

Bob Kerr is president, replacing Bill Ferguson who was serving the unexpired term of I. G. Robertson who moved to San Antonio a few months after taking office. Herbert A. Smith, who has been acting as secretary-treasurer, is now the club's vice-president and L. H. Gilbreath has assumed the office of secretary-treasurer.

The club will meet next week at the Kerr west end of town for a barbecue supper. All club members are expected to bring their families.

Churches Of Christ Pecos Encampment Opens July 7

Sunday, July 7, will mark the opening of the Pecos River Encampment of the Churches of Christ with July 16 as the closing date. The encampment ground, where several families maintain cabins, are near Sheffield. Plenty of shade and water are available for those attending the camp.

James F. Black, minister of the Sheffield Church of Christ, has announced that Clifton Rogers will do the preaching during the encampment and Robert N. Albee will have charge of the educational program.

Each day's program opens at 7 a. m. with a devotional and breakfast is served at 7:30. There are services each afternoon at 4 and in the evenings at 8:30.

KAREN LEE McSPARRAN BORN TUESDAY, JULY 4

A little daughter weighing seven pounds and one ounce was born Tuesday in a Fort Stockton hospital to Mrs. Dorothy Weddle McSparran. She was named Karen Lee.

Lee G. McSparran, father of the infant, was the victim of a plane crash which took his life seven months ago.

Mrs. E. McSparran of Sanderson is the paternal grandmother and Mr. and Mrs. C. C. Weddle of Fort Stockton are the maternal grandparents.

acted as leader for the group and introduced Judge Thurmond who made the plea in behalf of the highway enthusiasts. Pictures of the antiquated stretch of road were exhibited for the information of the commission members and a resume of the expenditures incident to the advertising this all-weather route by the Border Trails Association was also presented for the attention of the commissioners and the highway engineer.

The group received a very courteous and encouraging hearing and was assured that all the evidence of the needs here would be given careful consideration.

Right-of-way for the new improved paving has already been obtained and the surveys was made several years ago. It was pointed out that all indications were that beneficial results could be expected from the hearing.

Directors of the Border Trails Association who were enroute to the hearing held a meeting in Del Rio Thursday evening. Plans were made for an extensive advertising campaign to solicit east-west traffic to avail themselves of the facilities offered on this splendid route.

16th Congressional District Gains Over 53 Percent In Population In Last Decade

The 16th Congressional District, comprising 19 of Texas' western-most counties, gain 123,188 in population during the period from 1940 to 1950 on the basis of census figures released the first of the week. Its percentage of gain—53 1/2—is expected to be among the highest in the state. In 1940 the 19

counties had population of 230,700, while currently the figure is at 353,888.

Though paced by El Paso County on the far west and the "oil" counties of Midland, Ector, Winkler and Ward in the northeast corner of the district, the gain in population was spread over 15 of the 19 counties.

Population losses were sustained only in Presidio, Jeff Davis, Loving and Glascock counties, all being areas depending largely on agriculture.

El Paso, the "city" of the district grew from 96,810 in 1940 to 130,003, but Austin grew still faster and edged El Paso into sixth place among Texas cities.

Odessa had the most spectacular growth of any larger town in Texas, with an increase of more than three times. It jumped from 9,573 in 1940 to 29,432 in 1950. The 200% gain still was far below the expectation of many Odessa citizens, who had been estimating the city at 40,000 or more.

Midland, the oil office capital of West Texas, had what would have been a spectacular growth anywhere except in the shadow of Odessa. It jumped from 9,352 to 21,614 in the decade.

The figures by counties in the 16th District follow:

Brewster County 7278, gain of 800 over 6478.
Crane County 3956, gain of 1115 over 2841.
Crockett 3963, gain of 1154 over 2809.
Culberson 1814, gain of 161 over 1653.
Ector, 41,947, gain of 26,896 over 15,051.
El Paso, 197,909, gain of 66,842 over 131,067.
Glascock, 1090, loss of 103 from 1193.
Hudspeth, 4276, gain of 1127 over 3149.
Jeff Davis, 2084, loss of 291 from 2375.
Loving 227, loss of 58 from 285.
Midland 25,621, gain of 13,900 from 11,721.
Pecos 9877, gain of 1692 from 8185.
Presidio 7328, loss of 3597 from 10,925.
Reagan 3104, gain of 1107 from 1997.
Reeves 11,694, gain of 3688 from 8006.
Terrell 3171, gain of 219 from 1952.
Upton 5288, gain of 991 from 4297.
Ward 13,256, gain of 3681 from 9575.
Winkler 10,905, gain of 3864 from 6141.

Griffin Asks Election To Office Received By Appointment

JUDGE MEADE F. GRIFFIN

A veteran of World War I and World War II, who was appointed by the late Governor Beauford Jester to the Supreme Court, is running for his first elective term to the state's highest judicial office. He is Judge Meade F. Griffin of Hale County.

Judge Griffin has been an attorney in private practice since 1935 in Plainview. He remained in that capacity until he was appointed to the Supreme Court as Associate Justice on April 1, 1949, except for the time spent in service in World War II.

Record Crowd Here For July Fourth Celebration

Crowds estimated at between 1,200 and 1,500 were on hand Tuesday at the courthouse when the American Legion was host to a free barbecue for all local and out-of-town people. Beans, pickles, salads, cakes, tea and coffee were served with barbecued goat and beef to the record crowd.

After the meal was served O. J. Cresswell was given a \$500 bond. Mrs. Ida Bodkin received the purebred Hereford bull calf donated by N. M. Mitchell and Tommy Seals of Del Rio received the 270 calibre Model 70 Winchester rifle.

The barbecue followed a parade down the main street. Entered in the parade were mostly children competing for the prize for the best-dressed junior cowboy and cowgirl. The prizes were won by Robert Roark and Ada Lee Quigg. The crowd adjourned to the roping arena east of town at 2:30 in

the afternoon for roping contests staged by the Sanderson Roping Club. A record crowd was on hand for the past time pleasure and it was noted that most of the crowd stayed for the full run of the scheduled matches despite the heat and dust that was prevalent at the arena.

Calf-roping, the first event for the afternoon, had forty-four contestants and moved with better than average precision. The ropers were making their loops count in the majority of attempts and few of the ropers received no-time from the arena judge. Competition was kept throughout the entire event.

Kay Black of Ozona was winner in the calf roping with the time of 12 seconds. Howard Westfall, Jr., of Ozona was second with 13.1 seconds and P. C. Perner of Ozona was third with 13.3 seconds. Also in the race for the jackpot and setting a pattern for other ropers were Baker McGilvery with a time of 13.4, Bud Cox with 14.3, Bubba Mathias with 15 and Joe E. Chapman with 15.1.

The second event was the girls' barrel race. The contestants entered in the event and their time in the race follows: Ora Quigg, 18 seconds; Billy Stewart, 19.3; Evelyn Ann McGilvery, 17.2; Lela Stewart, 19; Francis Stewart, 19; Miss Taylor, 18.1; Esther Condra, 18.2; Beverly Thorn, 18.3; Ann Edwards, no time; Beverly Whistler, 27; Janell Littleton, 22; Aida Faye Sanderson, 22.5; Ginger McGill, 18.2; Evelyn Ann McGilvery was first, Ora Quigg second and Miss Taylor third in the event.

In the ribbon-roping event there were 52 entrants causing much interest on the part of the spectators after Jim Bob Altizer set a mark of 11 seconds for the following contestants to shoot at. This time was equaled by Howard Westfall and Billy Neal came up with the time of 11.1 to take third money in the event. Other close times were 11.4 for Jim Condra; 12.3 for Damon McGilvery; 13.2 for Sam Bell, Jr. and 15.2 for Bobby Sherrill.

Forty-one ropers entered the goat roping event which was won by Kay Black with the time of 12.1. Howard Westfall, Jr., was second with 12.4 and P. C. Perner was third with 13.3. Other close time were Will J. Murray with 15 seconds and M. Netherlin with 15.1.

In a matched roping event putting P. C. Perner against Buster Babb, Babb won out easily over Perner on best single calf time, total time and number of loops thrown. Babb's best time was 15 seconds with a total of 113.4 for six calves. Perner's best time was 18 seconds with a total time of 210.3 on six calves.

A four-calf match was arranged between P. C. Perner and Kay Black which was won by Perner. Best time for a calf was by Perner with 13.1 and a total of 66.4. Black's best time was 14.3 with a total of 79.6.

The Sanderson Roping Club expressed their pleasure in being able to bring such a fine display of roping, sportsmanship and ability to the holiday crowd and offered an invitation to all who entered any of the events to return again to Sanderson any time in the future and were assured a cordial welcome.

The dance at the Kerr Mercantile Co. beginning at 9 o'clock, was well attended. Music for the occasion was furnished by Andy Schroeder and his Men of the West Orchestra. The dance ended at one o'clock, closing the celebration of the holiday for the day.

The American Legion expressed thanks to all who helped in any way to help make the occasion a success. They expressed regret that some of the out-of-towners and local people were turned away because of lack of food but assured all that next year the tables would be filled with food in anticipation of even a larger crowd than was on hand this year.

All Quiet Here For 4th Celebration

Local peace officers reported an exceptionally quiet July 4th celebration here with no accidents, injuries or misdemeanors or complaints. The local officers are grateful to the people who were in Sanderson all day Tuesday and Tuesday night for their sane and considerate behavior and lack of lawlessness and petty misdemeanors on the part of the public as a whole.

No automobile accidents of any consequence occurred in the area, ment officials.

RANCH H-D CLUB TO MEET JULY 21 AT DUNCAN HOME

The Ranch Home Demonstration Club will meet Friday, July 21, promptly at 10:30 at the home of Mrs. M. W. Duncan with Mrs. A. W. Pope as assisting hostess for the noon luncheon. Members may bring pickles, olives, etc., if they wish.

All members are urged to be present for a very important business meeting and to be on time.

Ben Ramsey Asks Support On Basis Of Experience

BEN RAMSEY

Ben Ramsey, candidate for lieutenant governor and former secretary of state, last week completed another chapter in his person-to-person hand shaking tour of the state.

Ramsey found considerable interest in his program for economy in government, blacktop roads to every farm home, soil and water conservation and rural telephones at reasonable rates.

Ramsey is campaigning for the office of lieutenant governor, the presiding officer of the state Senate, on the basis of his experience. Ramsey served in both the House and Senate before he became Secretary of State, a position he resigned in February in anticipation of making the race for lieutenant governor. He was appointed as secretary by the late Governor Beauford H. Jester.

Lieut. Jolly Harkins Gets Promotion In U. S. Army Reserve

Word was received this week of the promotion of Lieutenant Jolly Harkins to the rank of captain.

Captain Harkins has been in reserve since his separation from the service after the war and his new promotion is in the Adjutant General's Department, USAR. He recently was on a tour of duty in Washington.

Conception Valdez Honor Graduate From California High School

Miss Conception Valdez of Gonzales, California, graduated from the Union High School in that city with valedictory honors on May 26. She was a recipient of several awards and scholarships for her scholastic honors.

She sends greetings to her local friends and former school mates. She will enroll at the University of California in the fall.

Miss Valdez, who resided in Sanderson until four years ago, was valedictorian when she graduated from the Sanderson Elementary School in 1946. She is the daughter of Mr. and Mrs. Ramon V. Valdez.

Funeral Friday For Mrs. J. T. Herring At Junction, Texas

Funeral services were held in Junction Friday afternoon for Mrs. Elizabeth Bishop Herring, widow of the late J. T. Herring, who died in Kerrville Thursday after a long illness. She had spent recent years in Del Rio and Kerrville with her children.

Four daughters and four sons survive, including the son, Tom, of Sanderson. Mr. and Mrs. Herring and son, J. T., attended the funeral services.

New School Laws Prove Profitable

Austin, July 5—Texas' new school laws, in force one year, have had desired effect of providing better education and of bringing more and more children into the classroom.

Average enrollment skyrocketed more than 100,000, L. P. Sturgeon, state associate commissioner of education, said here today.

"A renewed interest among educators in getting children into the schools, plus more attractive programs offered the pupils have had the desired effect," Sturgeon said.

"The spotlight of publicity that was thrown upon the schools while new education laws were being studied by the public and enacted by the last legislature has caused Texans to take more interest in their schools than ever before.

"An illustration of this is the fact that in some districts members of civic clubs have designated themselves as attendance officers. They have been extremely helpful to the school administrators in urging attendance so that Texas children can have a better education.

Every district in the state has waged intensive campaigns to get children in school and keep them there, Sturgeon said.

Schools have expanded or instituted classes in shop work to interest older children.

Sturgeon also reported that in-

roads are being made on the problem of regular attendance of Latin American and Negro pupils. Itinerant workers are prone to leave their children in school only two or three months of the year, at most, Sturgeon pointed out.

Some districts which have heavy Latin American and Negro populations reported gains in attendance of 15 per cent and more during the last school year as compared with less than 5 per cent state-wide gain.

But even with the increase in attendance, there are still approximately 150,000 children of school age in Texas who are not enrolled, Sturgeon said. These are children whose parents are starting them in school a year late or older children who do not enter high school.

One of the most serious problems confronting school districts is

lack of classroom facilities, according to Charles H. Tennyson, executive secretary of the Texas State Teachers Association. Surveys by that organization and state school officials show that 50 per cent of the school districts this year increased their facilities. Many others will add more classrooms in 1950 and 1951, Tennyson said.

"These necessary additional facilities will be made available due to increased revenue obtained by the schools through the new and equitable laws which produce more funds, from both state and local taxes, Tennyson said."

First of the Fine Cars in Value

The Car that puts your Best Foot forward

WE think you'll agree that the whole story of an automobile isn't told in its power, its room, its styling, even in its ride.

There is the all-important point about what a car does to you—and that's where ROADMASTER really shines.

For you can't slip into this bonny beauty's broad seats without feeling like somebody pretty special.

When you take its neat wheel in your hand—when you cut loose, with a toe-touch, the rich baritone of its big Fireball straight-

eight power plant—when you feel the smooth surge of its Dynaflow-cushioned take-off—

Man, then you know you've got a real automobile!

And don't overlook this:

That graceful sweep of chrome along the fender—found on no other car made today—is a mighty eye-catching note of distinction.

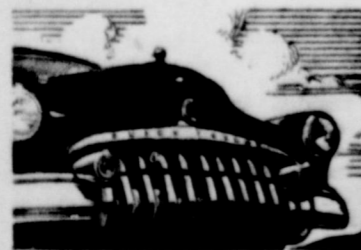

Those four Ventiports, too, cause many a head to turn—they mark you unmistakably as the owner of the biggest and best Buick built—a car as fine and rich as any man has need for.

There are a lot of good, solid,

dollars-and-cents reasons for making ROADMASTER your choice over any other car:

Its size. The commanding performance of its 152-hp Fireball valve-in-head straight-eight engine. Dynaflow Drive standard. A ride that's quite matchless in its gentle softness. Distinguished styling from bold, protective front end to gleaming "double bubble" taillight.

But if you're ready for a car that's more than just an automobile—if you want one that puts your best foot forward in any company—that's the real reason for seeing your Buick dealer quickly—to talk turkey about a ROADMASTER.

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Kelly-Hackney Wedding June 5 in San Antonio

Mr. and Mrs. Lee Kelly returned to Sanderson Saturday night after a wedding trip and will be at home here.

The marriage of Mrs. Isabella Kelly and Mr. Kelly was in San Antonio on Monday, June 5, at the home of the bride's daughter, Mrs. M. H. McCammon. Rev. G. H. Thompson, pastor of the Beacon Baptist Church, was the officiant for the quiet home wedding.

Mr. Kelly and the late Mrs. Kelly and Mrs. Hackney and the late John Hackney were married at a double wedding in Victoria, Texas on May 7, 1913.

Attending the bride and groom were her daughter, Mrs. McCammon, and his brother, Earl E. Kelly.

The couple made a four week's trip to Corpus Christi, El Paso, points in New Mexico, California and Oregon where they visited with relatives.

Mr. Kelly is tonnage clerk for the T&NO.

Mrs. Mary Lou Kellar Hostess For Tuesday Bridge Club Monday

Entertaining the members of the Tuesday Bridge Club and guests, Mrs. Mary Lou Kellar was hostess at her home Monday afternoon.

Floral decorations in the living room were of sweet peas and sunflowers with an arrangement of lilies on the dining table.

Coffee and tea were served to the guests before the games began.

Caution In Buying, Preparing Food Stops Food Poisoning

Austin, July 3.—Food poisoning and the spread of food-borne diseases can be things of the past, State Health Officer George W. Cox asserted here today.

"People need only remember three things to bring about the end of the food poisoning disease classification," Dr. Cox declared. "Buy food from safe sources, prepare it in a sanitary fashion, and serve and store it correctly."

He said state laws covered the sale of contaminated food to the housewife, but "only the homemaker can see that food is properly stored and cleanly prepared for serving to the family."

There is a difference between food infection and food intoxication, he pointed out.

Food infection comes from eating or drinking a product contaminated by a germ. Dysentery, typhoid fever, para-typhoid fever and tuberculosis are examples. Animal parasites can also gain entry to the body in this way. That, the doctor said, is how people get trichinosis and tapeworm.

The growth and multiplication of certain toxin forming bacteria in unrefrigerated foods bring on food intoxication, according to the explanation. That is the source of staphylococcus infection and deadly botulism. Some kinds of mushrooms and certain shellfish are also poisonous.

Some poisonous substances may be accidentally introduced into food, Dr. Cox said. "For instance, rodent and insect poisons, spray residues on fruit and vegetables, and poisons from metal containers."

To point up the deadliness of some food poisons, he related the story of the housewife who suspected some home-canned green beans she had just opened were tainted.

"She barely tasted one of them, but it killed her in a matter of hours. Such instances are rare but do occur."

Mr. and Mrs. Clyde Crozier and children, Mary and Bob, and his brother, Glenn Crozier, all of San Antonio are guests of her stepmother, Miss Bessie Harrell, and other relatives here this week.

A Business Man for a Business Job

10 to 15 Years ... ARE REQUIRED TO GET AHEAD IN CONGRESS

Look To the Future with FRED HERVEY

OF EL PASO

Fred Hervey at 40 is the only candidate with time to attain the seniority and influence that men like Ewing Thomason, John Garner and Speaker Sam Rayburn earned in Washington.

History proves that youth gets ahead in Congress. Henry Clay went to Congress at 28; Daniel Webster at 31; John Calhoun at 29; Vice-president Barkley at 31.

Fred Hervey is young enough to work up to important positions on Congressional committees. His youth gives him another asset. He has the health and vigor to work long hours at his job in Washington.

Fred Hervey has come up the hard way. He has common sense and good business judgement. He is a successful businessman and can apply practical business administration to our government. Government is big business and we need representation by men who realize when we tax a dollar we can only spend a dollar.

Fred Hervey served in the Pacific with the Navy for 17 months. He understands the veterans' problems.

An employee profit-sharing plan is a part of Fred Hervey's business. His employees have liberal vacation and sick leaves, liberal pension and group insurance benefits. Fred Hervey cooperates with employee organizations.

Fred Hervey has been active in civic affairs. He was co-chairman of the El Paso Red Cross campaign in 1948, campaign chairman in 1949, and chairman of the El Paso Red Cross Chapter in 1950. Fred Hervey's honesty, integrity and ability are established.
