NEW SP STREAMLINER RUNNING — The Southern Pacific's new streamlined "Sunset Limited" between Los Angeles and New Orleans, which will go into operation officially on Aug. 29, is now being tested daily. One of the five trains, costing a total of \$2,000,000 each, is shown above as it crossed Southern Pacific's bridge over the Rio Grande at Smeilertown, heading east at 60 miles per hour.

LISTEN TO LUKE

This week a customer of ours remarked that we could write more about nothing than anyone had read after. That is considered a compliment by this department, whether it was meant at way or not. We presumed at the reference was made to last week's column. True there is very little for a subject in at particular column—we were writing about political trash. Since this is not a political column, the subject is foreign to us, maybe we overstepped all ethics when we "hit the ceiling" about candidate who was using the big hearts of loved ones of boys who had given their lives fighting for the principles we believe to be right and to promote peace and enmity for the sake of a few votes. The principle of eating a racial prejudice without justification was too much for us to swallow.

There remains very little time campaigning and since there are no county places to be contested there will be an even lighter race than in the July primary, we predict. Every voter will feel his obligation in the best of good government to go to the polls and exercise his right vote.

Charlie Riggins, Sanderson lawyer, has set a good example beautifying his home. Charlie Riggins credit but this column could believe Mrs. Charlie had something to do with it. Last February the Riggins began improving the small yard back of their place of business and living quarters. The plot was seeded with grass and some soil added to the result today of a beautiful grassy plot. Vines of several blossoming plants and other flowers are added water bill is negligible. —No reason for Caroline read this.)

This column was reminded recently that a local firm had received a large shipment of patent recent weeks. This seems like a good purchase when we look around and see where so much has not been used in recent years. This plug for the patent dealers is free.

Marfa Group To Advertise Sanderson Advertising Rodeo

Marfa, Aug. 16 — A bus-load of Marfa business men will make a trip out of this city to Sanderson, Aug. 25 to advertise the Marfa Rodeo being staged September 1 and 4. The delegation is due Sanderson at 12:00 noon on Saturday. The bus load of Marfa men will have a public address system to tell about the Marfa rodeo, which is to be staged there over Labor Day week end by Earl Jack Sellers of Del Rio. The week end also celebrates the 100th organization of Presidio County, of which Marfa is the county seat. Friday, September 1, to the rodeo, there will be a picnic of county old-timers, a dance festival and a barbeque staged by the Marfa Lions

COMMISSIONERS SET TAX RATE SAME AS FOR LAST YEAR

At the regular meeting of the commissioners court at the court house Monday that body set the tax rate for the county the same as for 1949 — 95c on the \$100 valuation. The total tax for county residents on real and personal property last year was \$3.17 on the \$100 valuation and included a state tax of 72c and school tax of \$1.50. The school tax rate is now at the maximum.

The figures are 58c higher than they were in 1946. The tax rate then set by the county was 72c, the state tax was 37c and the school tax was \$1.50. In 1947 the total tax was \$2.94 — county 72c state 72c and school \$1.50. 1948 taxes totaled \$2.69 with the county's part 77c, state part 42c and school part \$1.50.

The county assessed valuation in 1946 was \$4,347,070 as compared with \$4,340,050 for 1947, \$4,287,570 for 1948 and \$4,130,940 for 1949. This year's valuation will be approximately \$290,000 more than in 1949 or about \$4,420,940.

The county tax for this year is divided 15c for the Jury Fund; 30c for the Road and Bridge Fund 25c for the General Fund and 25c for the Courthouse and Jail Fund.

It is noted that 1949 was the lowest valuation for the 4-year period. This was brought on by the continual decrease in the amount of livestock in the country due to the drought period extending over the same period. There was a continual decrease in the valuation from 1946 through last year and the sudden increase of approximately \$290,000 shows that the ranches are again being stocked up to the pre-1946 level with a total capital outlay of more due to the increase in the price of the livestock accounting for the extreme increase over the 1946 valuation of \$4,347,070.

M. Y. F. of Marfa Dist. Meets Here Sunday

Over forty young people attended the Sub-district meeting of the Methodist Youth Fellowship of the Marfa district of the Rio Grande Conference in Fellowship Hall of the First Methodist Church of Sanderson Sunday afternoon. Several adults and ministers accompanied the youths here from Alpine, Fort Stockton, Marfa, Pecos, Sanderson, Valentine and Van Horn, the towns comprising the district.

Miss Isabel Flores of Sanderson, president, presided at the meeting. Abelardo Gonzales of Marfa, delegate from the district to the recent Youth Assembly in Kerrville, gave a report of the meeting.

At the conclusion of the business meeting, refreshments were served and a social hour enjoyed. The fall meeting will be in Van Horn in November.

RANCH H-D CLUB PICNIC FRIDAY

Members of the Ranch Home Demonstration Club and their families will have their annual picnic Friday evening at 6:30 at the ranch home of Mr. and Mrs. Keith Mitchell.

FOOTBALL TEAM, SCHEDULE TOLD BY EAGLE COACH

Coach M. E. England and Assistant Coach C. W. Snowden will have charge of the training of the Eagle football team which will go into one of its toughest pre-conference schedules this year. This is the fourth year here for Coach England and this will be the first season for Snowden.

The designation of the district has been changed to 9-B this year, but the towns comprising the district will remain the same. This district is one of the largest of the state, stretching down Highway 90 from Sanderson to Clint, just east of El Paso and comprises the towns of Clint, Fabens, Fort Hancock, Marfa, Alpine and Sanderson. All if the towns in the district are on the border route U. S. 90.

Included in the non-conference schedule this year are Del Rio, a class A school, Big Lake and Brackettville, all new-comers to the Eagles in grid competition. The Reagan County school, though, being class B, has always boasted a strong team and the Eagles are expecting plenty of competition from that team, as well as the Class A Del Rio High School, and the Iraan team, opponents in nonconference tilts for several years. The Brackettville team will probably place the Eagles against a closer type of competition than any of the other non-conference teams. The town of Brackettville, also on Highway 90, is the town farthest east for competition of the Sanderson Eagles and it can be noted that the distance from Brackettville to Clint, the farthest town west in grid play for the locals, is 435 miles. The game with Brackettville this year, however will be played in Sanderson, while the game with Clint will be played there.

The schedule begins Sept. 15 with the Eagles playing in Big Lake; Sept. 22 Del Rio will come here; Sept. 29, Brackettville here; Oct. 6, Iraan will play in Sanderson and Oct. 13 is an open date.

The conference games begin Oct. 20 with the Eagles playing in Clint; Oct. 27, Fabens plays here; Nov. 3, Alpine there; Nov. 11, Ft. Hancock there and Nov. 17 Marfa will play here.

Boys who are scheduled to make up the roster of the Eagles team are:

David Flores, 2 letters and a coming senior; Joe Nesmith, 1 letter, sophomore; Bob Wilkinson, 1 letter, junior; Willie Wolfe, reserve, junior; O. V. Stidham, Freshman; Eleno Marquez, sophomore. These boys are slated as potential ends.

Ruben Esqueda, 1 letter, sophomore. (Continued to page 5)

PRE-SCHOOLERS MAY ENROLL FOR COMING YEAR

James Caroline, president of the school board, announced Monday that there was a possibility that all youngsters who will be six years of age before November 15 may be able to attend school this year by paying tuition.

The board has decided that if there is room for the students of that age group after the opening of school, they may be enrolled with a tuition of \$54 to be charged for the nine months of the school year.

Supt. Matt F. Bader has requested the parents of any child who will be six before November 15 and who is interested in enrolling the child in school for the current year to contact him within the next ten days in order that a list of the prospective students may be made and parents will be notified later if it will be possible to enroll them this year.

Four first grade teachers will be employed this year and there are over seventy new pupils in prospect for that grade. The enrolling of any additional pupils will be dependent upon the number of scholastics enrolling for that grade at the opening of school for the requirements of the Gilmer-Aikin Bill will have to be met before any pre-school pupils may be taken.

V. F. W. and Valentine To Play Here Sunday

The local V. F. W. baseball team will meet the Valentine team on the local diamond east of town at 2:30 Sunday afternoon. A good fast game is promised the spectators.

The game last Sunday afternoon was postponed when the Fort Stockton team failed to arrive.

MRS. H. C. MONROE HAS MAJOR SURGERY

Mr. and Mrs. M. G. Northcut returned home Monday from San Angelo where they had visited with their daughter-in-law, Mrs. H. C. Monroe, of Iraan, who had major surgery in a hospital in that city Friday. Her condition is reported to be satisfactory.

Deep South Depicted In SP's Streamliner Cars

Four Stops For New SP Limited Train

Only four scheduled stops will be made on this division by the Southern Pacific's new Sunset Limited which makes its initial run Sunday, August 20.

The schedule stops between El Paso and San Antonio, according to A. C. Smith, local T&N passenger agent, are at Del Rio, Sanderson, Alpine and Marfa.

Under the new schedule the new streamlined trains will meet at Marfa and the new Limited westbound will leave Sanderson at 5:55 p. m. and the eastbound Limited will leave at 10:40 p. m.

The new record-breaking schedule which goes into effect Sunday gives forty-two hour service from Los Angeles to New Orleans.

Feature cars that include the ultra-modern French Quarter lounge, the Audubon diner and Pride of Texas Coffee Shop cars for the new Sunset Limited streamliners are beginning to roll over the rails of the Southern Pacific's New Orleans Los Angeles route. The new 42-hour service will be inaugurated August 20 between the eastern and western terminals.

The full-length lounge was designed to suggest the mood of New Orleans' famous Vieux Carre, but in modern setting. The white wrought-iron grillwork accentuates the old French Quarter feeling. The watermelon-red ceiling dotted with white stars lends a touch of Mardi Gras atmosphere.

"The \$15,000,000 investment involved represents a lot of money, but it gives the public the opportunity now to travel coast-to-coast by way of the Old South in extra fast, streamlined trains for the first time," vice-president C. E. Peterson said.

Softball League Finals Go To Third Game Play

After losing the first game of the softball league playoff to the Lions Club Monday night the Firemen came back Wednesday night to whip the Lions to an unmerciful defeat of 22-4. This second game places the teams on an even keel for the final game here Friday night.

Pate, pitching for the Lions, was in trouble in every inning after the first. Team support got worse as the game proceeded until there was utter lack of team coordination. Smith did the mound duty for the Firemen and walked only one man, allowing seven hits.

In the first game of the play-off the Lions took the league leading Firemen to a beating to the tune of 10-9 Monday night.

The Firemen took the lead in their half of the first inning when Leatherwood scored on an error after two had walked. One run in each of the first three innings put the Firemen at a 3-0 advantage but the Lions began to roar in a rally in the fourth bringing in four runs. Firemen came back in the last of the fourth with three runs making the score 6-3. Four more for the Lions in the fifth and 1 in the sixth and seventh gave them a total of 10 runs. The leaders for the season scored two in the fifth and 1 in the last frame for a 9 total.

Pate and Smith did the entire tour of mound duty for the Lions and Firemen respectively. Gilbreath and Maples were on the receiving end of the batteries.

Pate allowed six hits while Smith let ten safeties go for hits. Smith struck out five batters and Pate made 9 go down swinging. Huffman, Lions left fielder, led both teams in hitting when he garnered three for four times at bat.

Local Medical Student Receives Honors

LOYD SMITH

Lloyd Smith, who is a medical student at Southwestern University, Dallas, which is a branch of the University of Texas, has recently been honored by the faculty of the college. Since he was the highest ranking student in his class, he has been relieved of his class duties for the next semester in order that he may teach a class in the university and also work in the school's research department.

Special provision has been made for him to make up his class work next summer. This summer he is taking post-graduate work in foreign languages at A&M College from which he graduated two years ago with high honors. The language study is for scientific studies which Mr. Smith plans to pursue.

Mr. Smith is the son of Mr. and Mrs. A. C. Smith.

FIVE LOCAL YOUTHS ACCEPTED FOR MILITARY SERVICE

Two local young men have enlisted in the Army Air Force during the past week. Harvey Nesmith was sworn into the service last Friday at San Antonio. He is the son of Mr. and Mrs. W. H. Nesmith. Allister Dishman has also enlisted in the Army Air Force at San Antonio. He spent last week end in Bryan with his parents, Mr. and Mrs. P. E. Dishman.

Both the youths are at Lackland Air Base in San Antonio. Mike Barrera has been called into the U. S. Army from reserve status.

Two selectees from Sanderson were accepted in El Paso last week to make up the quota for the four-county Selective Service Board comprising Terrell, Brewster, Presidio and Jeff Davis Counties. Benito Perez, son of Mr. and Mrs. Crenciano Perez, and Enrique Hernandez, son of Mr. and Mrs. Miguel Hernandez, were inducted into the U. S. Army and will report for assignment in approximately three weeks.

ROPING PLANNED FOR AUGUST 20

The Sanderson Roping Club is sponsoring a jack-pot roping, team-tying, barrel race and some matched ropings here Sunday afternoon, according to James Kerr, an officer of the organization.

The roping is planned to begin at 1:30 and plenty of entertainment is assured those who enjoy the sport.

Admission of \$1 for adults and 50c for children will be charged. The public is invited to attend.

Montie Wallace, Jr., Injured When Car Wrecks and Burns

Montie Wallace, Jr., suffered painful injuries Sunday night when the 1948 Chevrolet sedan he was driving overturned twice about four miles west of Sanderson on Highway 90 about midnight, according to reports.

He had spent the evening with a young lady friend and was returning to Sanderson when he apparently went to sleep and lost control of the car. He was alone and was thrown out the car which probably saved him from being trapped in the burning vehicle.

His back was sprained and he had a bad cut under one arm and on his face and numerous cuts and bruises. The physician who attended him stated that he seemed to have no serious injuries.

Young Wallace is the son of Mr. and Mrs. Montie Wallace who reside on the Downie ranch.

NO SERVICES SUNDAY AT PRESBYTERIAN CHURCH

There will be no Sunday School or preaching services at the First Presbyterian Church Sunday in order that the members may attend Boys camp meeting.

IS THIS A RECORD TO BE PROUD OF?

1. Failure to support our allies in Korea

Ken Regan voted twice against economic aid to Korea. The first time, the proposal was defeated by one vote — 192 to 191. He voted against it again when it was finally approved by Congress. If dollars had been spent sooner in Korea, the United States probably would not be spending the lives of our young men there today.

2. Failure to look after the farmer's interests

The Pace Bill is designed to make the growing of cotton a monopoly of the worn out areas of the South at the expense of the 16th Congressional District. Ken Regan said he was against the Pace Bill. He voted to amend it, and lost. Then he switched around and helped to keep it alive by voting against sending it back to a committee.

3. Failure to support a fair minimum wage

Ken Regan voted against the 75-cent-an-hour wage standard approved by the last Congress for employees of business concerns engaged in interstate commerce. Instead, he supported a Republican-sponsored compromise proposal designed to keep down the wage scale and to fill the law with loopholes. Ask yourself: 'Can a working man support himself and his family on less than \$6.00 a day?'

4. Failure to fight high freight rates

The Bulwinkle Bill, which was sponsored by the railroads, allows the railroad to fix freight rates with only the formal approval of the Interstate Commerce Commission. It was another move to keep high freight rates pinned on the Southwest. Ken Regan not only failed to fight the measure. He voted for it.

5. Failure to provide facilities for veterans

Ken Regan took office at a time when construction of a Veteran's Hospital in the 16th Congressional District — near Ysleta — seemed to be a certainty. Today, plans for the hospital have all but been abandoned. In addition, the number of beds allotted to veterans at William Beaumont General Hospital has been drastically reduced.

Would Spraying Now Be Helpful To Sanderson?

It has come to the attention of the Times that many people in Sanderson are interested in trying to find a means of spraying the town to rid the community of the flies that have been swarming for several weeks. The interest is both in a financial way, to pay for the project, and also in a means of using a spray that will successfully do the job.

Mention has been made of the unsuccessful use of DDT after several sprayings and the improbability of trying the use of that chemical for the fourth year running, and substituting in its stead chlordane, which is said to be more effective on flies, mosquitoes, etc.

The price of chlordane runs approximately \$9.00 per gallon of the chemical that mixes with 250 gallons of water for the correct solution for spraying. Rough estimates range at 50 gallons of the chemical or 12,500 gallons of spray, or \$450 as the necessary amount to effectively spray the town and surrounding breeding places of the insects. It was also found that DDT runs approximately the same amount for the necessary quantity, thus eliminating any difference in the cost of the solution as an argument for the use of one or the other.

Spraying in the past years has been done by men in the town who were interested in seeing the flies destroyed and in making the town a cleaner and more healthy place to live, if possible. The financing was done by the county and the American Legion and ranchmen donated the use of their sprays and pickups for the purpose and in many cases furnished their time and labor in doing the work. Public contributions were sought—but without the aid of proper organization and the cost was lowered to some extent by the amount of the contributions.

It has been learned that in one neighboring town a civic club sponsoring such a project, collected \$1 from each home in the community and thus financed the spraying which was done by airplane. This method is also successful, but opinions vary as to the effectiveness of this type of spray as compared to that done with a wet solution on the ground, getting the chemical directly on the breeding places of the insects as well as on their usual resting and lighting places.

The use of a spray has been

Test-Tube Lamb Born At A&M College

Lots of little lambs, with fleeces as white as snow, may yet come from the black sheep of the barnyard, according to reports from the Animal Husbandry Department of Texas A & M College. Birth of a lamb through an "egg

dump is a live breeding place for the insects at all times.

This could be one of the main sources of the flies that are swarming over the town.

The Times, and the people of Sanderson who are interested in seeing that some project gets under way soon to eliminate the flies, is open to suggestions from the readers and inhabitants of the community for a ways and means of accomplishing the project.

It seems that no civic or fraternal group of the county should be the sole expense-bearer for the spraying of the yards and premises of the citizens. Such a task should be borne by the people themselves, directly and immediately!

Mail your suggestions for financing the campaign to The Times—it may be the one we have been seeking.

Any ideas or information on the effectiveness of the various sprays would be welcomed!

transfer method" has been achieved at A & M according to a report in the Journal of the American Veterinary Medical Association.

The method involves transfer of fertilized ova from an outstanding ewe to a less desirable one. The resulting lamb has the high-grade characteristics of its parentage, in spite of the fact that nearly all of its development takes place in an inferior ewe.

The idea is to free the superior animal for another cycle of ovulation and fertilization, so that she can initiate the reproduction of several offspring in a year.

This technique also has been used successfully in dogs, and efforts are being made to accomplish the same thing in cows.

KOREAN FLIGHT ANSWERED BY REGAN'S FRIENDS

WISDOM BY VOTING AGAINST AID TO KOREA IN 1950

At the end of World War 2 in August 1945 United States troops and Soviet troops were in Korea.

In December 1945, at a meeting in Moscow, it was agreed by the

United States the United Kingdom and Soviet Union that Korea should be placed under the trusteeship of those three powers and China for a period not to exceed five years. Commanders of the United States and Soviet were to meet and agree on the formation of an all Korean provisional government but agreement proved impossible.

Four years have passed and the present conflict is noting more or less than an attempt by the North Koreans to force a Soviet inspired form of government on the South Koreans instead of allowing the

whole of Korea to operate under a form of government recommended by the United Nations.

Ken Regan was joined by 191 other members of Congress when he voted against sending economic aid at such a late date. The vote was not for military aid. The money saved by their vote can now be used to supply the men who have been sent to Korea in the hopes of putting an end to such aggression. Such aid as might have been sent in January or the following months would no doubt have fallen into the hands of the North Ko-

reans and been used for the purpose of equipping or supplying their Communist army.

Will the opponent of Ken Regan, if elected, spend the funds of our Government in the extravagant manner that money has been expended during his campaign?

The advertisement in the Sanderson Times of August 4, 1950, does not express any sympathy to those wounded or to the loved ones of those who have been killed in Korea. Besides being unkind this advertisement was most unscrupulous. Every real citizen

of our country resents such acts. Let's show our resentment by voting for Ken Regan. He is "on the job" and not engaging in cheap politics.

Sudduth, Inc., Gets Refrigerators for Sanderson

O. T. Sudduth, Inc., received a carload of Servel refrigerators last week end from their wholesaler in Fort Worth. This is the first time that such a large stock of appliances has been received by a local firm for retail trade.

Thirty-two refrigerators in all sizes and styles will offer a wide variety of selection of the gas type units, Sudduth said. He added that the purchase of such a large quantity was necessary to be able to obtain the large variety of the various types of the units that would be necessary to supply the demand of the customers; and it was the policy of the firm to endeavor to have plenty of the necessary merchandise for their customers.

The firm is in the process of completing a large storage and working room in the back of the building and hopes to enlarge their display room to accommodate more items of merchandise. The addition to the building is on concrete and extends the full width of the present building.

A carload, 32 — of Servel refrigerators is shown above on the docks at the T&NO freight warehouse in Sanderson after unloading by O. T. Sudduth, Elmo Searcy, O. Oathout and Genaro Valdez, from left to right. The car of refrigerators is the first such shipment of merchandise received in Sanderson for retail.

Jack Savage, 1 letter, Sophomore; Charles Stegall, Freshman and Jimmy Harrison, Junior will be looked at for possible jobs at center.

Maggie Bustos, 1 letter, Sophomore; Galar Coos, Freshman; Miles Sullivan, Freshman are potential tackles.

Back material will be Jack Talbot, 2 letters, Junior; David Mitchell, Freshman; Gene Chandler, Junior; Enrique Saenz, 1 letter, Sophomore; Juan Olivares, 1 letter, Sophomore; Glynn Chandler, Freshman; Tommy Mansfield, Freshman; Rosendo Silvas, Freshman; Raul Flores, Freshman; Sylvestre Silvas, Sophomore.

Coach England said they plan-

ned to put more emphasis on the weight of the players than experience as some of the lettermen are too small to carry the full burden. The plans for the pre-season predictions pend development after practice, he said.

Snowden will be in charge of the line in coaching and intends to develop more aggressiveness than was shown in the past season. Competition for all of the positions is expected to be keen this year to keep a spectacular and hustling team this year. Some shifting is expected to take place to fill one of the guard positions.

Coach England announced that

the T would be used in offensive play again this year and in all probability Olivares would call the plays. The backfield this year will miss the services of George Fisher

who has moved from Sanderson and was expected to fill one of the half positions this year.

The Eagles are going into the season with new uniforms. They are orange with black numerals and have alternate jerseys of black with orange numerals to use if the occasion demands. The uniforms this year are equipped with foam knee-pads to aid in the protection of the players and several new plastic helmets have been

added to fully equip the team with type of maximum-protection for the head.

Last year's Eagles won 2 district games and lost 3 and won 2 non-district games and lost 2, making a season record of 4 wins and 5 losses.

Coach England said that no team is now looming as a district champion. Alpine will have the biggest squad in numbers with their feeder system worked out to

supply the "A" string. In pre-season predictions Sanderson is on an even level with the other teams of the district and is expected to make an excellent showing in competition.

Practice will begin September 1 at 8 a. m. All boys who are anticipating going out for football practice are urged to keep the date and time in mind and be on hand for the issuance of the uniforms and equipment on that date.

FIRST OF THE FINE CARS IN VALUE

BIG MOMENT - with a Double Impact

It's a big moment when any new car rolls up to your door and you start out fresh and spanking bright.

Think, then, what it's going to mean when that new car is a ROADMASTER like this one pictured here.

You'll swing wide the door and slide into a car that's truly fine—and looks it.

You'll put foot to treadle and touch off the might of a great, 152-horsepower Fireball straight-eight that's ready to master any road—or anything it meets there.

You'll have the silken magic of Dynaflo Drive to simplify your

driving, ease your way. A handsome flexible steering wheel, automatic windshield washers, soft Foamtex cushions, and many other items that are "extras" elsewhere are standard equipment here.

But even while you enjoy all that, you've a still deeper satisfaction enriching your pleasure.

For here you have not only a fine car, but a sound and frugal investment as well.

You have paid less per pound than any comparable car costs—and automotive men will tell you price per pound is the soundest measure there is of solid, thoroughgoing merit.

FOUR-WAY FOREFRONT. This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

WHO STARTED THE KOREAN WAR?

My 'anything-for-a-vote' opponent seeks to create the impression that I am to blame for the Korean war. The reason is obvious. For him to have suggested that the Communists are to blame would have offended his 'left wing' supporters. And every 'left-winger' in the district is against me. They know where I stand on their issues. It is also well known that I have voted for and supported every measure for the armed defense of our country since my election.

KEN REGAN

Who So Violently Opposes My Re-Election?

A man also is known by his enemies. I'm proud of some of the enemies I have in this campaign.

The radical labor leaders who get their orders from outside this district are against me. They know I do not favor repeal of the Taft-Hartley law and the labor big-wigs in the East have given the command — 'Beat Ken Regan.'

The 'Uncle Joe' admirers are violently against me. I like it that way. I'm strong against them.

I believe in looking an issue in the eye. I certainly haven't been infallible in all my votes in Congress — but I haven't been afraid to stand up to be counted.

My opponent with his 'anything-for-a-vote' campaign has unhesitatingly come out in favor of lower freight rates. But he won't tell you how he stands on Taft-Hartley and other issues which involve arming our soldiers for war.

A New Low For West Texas Politics

The Congressional race in this district has reached an all-time low. The 'anything-for-a-vote' candidate has ducked and dodged every basic issue in the campaign and contented himself with money expenditures in an effort to buy a seat in Congress.

His workers have broken up political meetings. They have campaigned to arouse racial prejudices. Now the 'money-does-it' candidate has added spilled American blood to enrich his political advertising. I have returned to West Texas from Washington and am ready to fight this campaign on whatever level is forced upon me.

What About Private Lives?

My private life has long been open to inspection. The 'money-does-it'-hired boys have peeped through keyholes. But they did not see anything they could use against me. So they directed their propoganda in other directions.

They did find that the Regan family had been ready for military service. It was my privilege to serve in this country's armed forces in two World Wars. I am qualified, fit and able to serve again either in the military service or as your representative in Washington during these critical times. Having been a soldier, I know the needs of a soldier.

WHY RE-ELECT KEN REGAN?

I think I have done a good job as your representative. I have voted the way I believe the majority of folks in this district would have me vote.

I voted against additional economic aid to Korea because I could not believe further funds should be given them for delivery to the Communists.

At least the guns being used against our soldiers were not bought with dollars from America.

I have been on the job and if you should honor me by returning me to Congress, I'll continue on the job.

I am not committed to any group that will embarrass my vote on issues involving Americanism or the freedom and individual rights of the people of West Texas.

Nither am I committed to where my vote would be denied to any measure preventing stoppage in the manufacture of war equipment.

RE-ELECT KEN REGAN YOUR CONGRESSMAN

(Paid Pol. Adv. by Ken Regan in his own behalf)

**Mrs. N. M. Mitchell
Hostess For
Presbyterian Circle**

The circle meeting of the Presbyterian Women-of-the-Church was held at the ranch home of Mrs. N. Mitchell Monday afternoon. Mrs. Mitchell presided, opening the business meeting of the executive board with the reading of Psalm 100. Mrs. E. F. Pierson led the prayer.

News letters from the Presbyterian President, Mrs. E. E. DeWees of San Antonio, were read. It was announced the Synodical Training School would be held August 16 through 22 at Mo Ranch; that while no more reservations could be made at the camp grounds, lodging would be available in surrounding communities, from which points the grounds were easily and quickly reached.

It was voted to hold the annual church picnic on September 8 on the church patio, the school faculty and their families to be special guests. Mrs. J. W. McKee is the chairman of the menu committee. Mrs. McKee opened the meeting of the circle with prayer. Mrs. Hal Rowlett, Jr., conducted the program which was a Bible study of Hebrews' prayers, from Isaiah 26 and 37. She used Psalm 27 read in unison, as the opening prayer. The Mizpah benediction closed the meeting after the singing of "A Mighty Fortress Is Our God" and "Onward Christian Soldiers."

The day being Malone Jr.'s birthday, candles were lighted on his birthday cake during the social hour following and the group sang "Happy Birthday." The hostess served a salad plate with iced cake and Mesdames E. F. Pierson, H. E. Schroegler, E. J. Hanson, Judith Streigler, Bobby Lee McCue, H. J. Rowlett, Jr., W. Byrd, Garland Inmon, Keith Mitchell, and Mrs. Leota Hill. Also present to share Malone Jr.'s birthday were Keith and Mary Lee Mitchell, Mickael Rowlett, Nancy Mitchell, Floyd Hill and Paula Kay Hart.

The next meeting will be at the ranch home of Mrs. Herman Douch on August 28 at 3:30 p. m.

**Birthday Party For
Linda Frazier**

Monday was Linda Frazier's second birthday and her grandmother, Mrs. Ruel Adams, invited several of her neighborhood playmates and their mothers to join in celebration of the occasion. The little guests played with toys on the lawn and later a small table and chairs were arranged for the serving of the birthday cake and ice cream.

Those present were Joe Neal and Jerry Kerr with Mrs. J. N. Kerr, Jr., Edith McSparran and Mrs. W. T. Frazier; Pixie and Mrs. J. A. Mansfield and Ruth Ann Frazier.

**KAY WILLIAMS
HONORED ON
EIGHTH BIRTHDAY**

Mrs. J. T. Williams entertained at her home last Friday evening honoring her daughter, Kay, on her eighth birthday. A period of games on the lawn was enjoyed by the little guests.

Supper was served on the back lawn with the menu consisting of hot-dogs, salad, potato chips, lemonade, cake and ice cream. Favors were coin purses.

Those present were Linda Mullins, Sharon Wooten, Vicky Little, Mary Elaine Duncan, Lee Ann Youngblood, Patsy Chamberlain, Melinda Gilbreath, Barbara Sudduth, Paula Kay Hart, Susan Harkins, Terry Jean Hodgkins, Travis Williams and the honoree, Kay Williams. Mrs. C. P. Peavy and Miss Nancy Peavy assisted Mr. and Mrs. Williams.

**Mrs. Ora Quigg
Hostess For Bridge
Club Tuesday**

Mrs. Ora Quigg entertained in compliment to the members of the Tuesday Bridge Club and several guests this week at the home of Mrs. Mary Lou Kellar.

Cold drinks and coffee were served to the guests before the series of games were begun for the afternoon's diversion.

Mrs. Garland Inmon was winner of high score; Mrs. J. A. Gilbreath won second high; Mrs. H. A. Finger was low and Mrs. Inmon and Mrs. Jimmy Martin held slam prizes.

Zinnias in colorful arrangements decorated the living room and the dining table was centered with a bouquet of queen's wreath.

The hostess served a salad plate with tea and coffee to Mesdames J. W. Pate, James Kerr, Garland Inmon, S. H. Underwood, C. I. White, James Caroline, S. L. Stumberg, J. A. Gilbreath, H. A. Finger, Mary Lou Kellar, H. E. Fletcher, Tol Murrah, Roger Rose, J. S. Nance, Jimmy Martin, Mrs. J. E. Simomns of Gladewater was a tea guest.

**Mrs. G. D. Vincent
Hostess for Stitch 'n
Chat Club Meeting**

Mrs. G. D. Vincent was hostess for the meeting of the Stitch 'n Chat Club at her home Tuesday afternoon. In observation of her birthday, Mrs. W. E. Stavley was presented with a lovely assortment of gifts.

The hostess served gelatin salad with devil's food cake and iced tea to Mesdames Weldon Cox, W. F. Frazier, Gene Litton, W. E. Stavley, and Miss Betty Lou Frazier of Dallas, a guest.

Mrs. W. T. Bondurant and Gladys and Mrs. Emma Gregory left Tuesday for Kerrville to attend a Presbyterian encampment.

**Betrothal Announced
Of Miss Naomi Batson
And Temple Stumberg**

Mrs. Raye Batson of Denton is this week announcing the engagement and approaching marriage of her daughter, Naomi, and Temple Stumberg, the son of Mr. and Mrs. S. L. Stumberg of Sanderson.

Miss Batson, who formerly attended North Texas State Teachers College of Denton, will receive her degree from Sul Ross College next week.

The wedding is planned for Wednesday, August 30.

**Petrosky-McMillan
Wedding In Alpine**

Saturday afternoon at three o'clock in Our Lady of Peace Church in Alpine, Miss Betty Jean McMillan became the bride of Lee Edward Petrosky. The bride, the daughter of Mr. and Mrs. E. A. McMillan, former residents of Sanderson when he was principal of the elementary schools, is a former teacher in the Sanderson High School.

Mr. Petrosky is the son of Mr. and Mrs. Walter P. Petrosky of Columbus, Texas.

Nuptial music was provided by Miss June Joyce at the organ and she accompanied Miss Jean Slover who sang "Ave Maria."

Baskets of white gladiolus and daisies decorated the altar.

The bride's gown of blue lace had an accordion pleated skirt and there was a white orchid atop the white Bible which she carried.

Mrs. Dorothy McMillan, matron of honor, wore a pink dotted Swiss dress with white accessories and carried a colonial bouquet of daisies.

Miss Elaine Parker, maid of honor, was similarly attired wearing a pink dotted Swiss dress.

Jimmie Reed of Ozona served as best man and Elmer McMillan, groomsmen.

Mr. Petrosky, a former switchman with the T&N here, has been attending Sul Ross College for the past year.

Gail and Warren Lee Billings returned to their home in Del Rio Saturday after visiting here with their grandmother, Mrs. Lizzie Billings, and other relatives.

PERSONALS

Mr. and Mrs. Hollis Haley have completed their move to the Ike Billings ranch near Langtry. The house there has had some additions built on and a redecorating job.

Mrs. D. O. Bosworth returned Friday from San Antonio where she had spent a week with her daughter, Mrs. M. R. Williams, and family.

Mr. and Mrs. D. R. Branscum and boys visited in Sonora last week end. En route to Sonora Saturday night, about five miles out of Sheffield, their car skidded on gravel and side-swiped a rocky ledge breaking all of the glass on one side of the car and estimated damage to the fenders and body in the amount of about \$300. None of the family was injured.

Mr. and Mrs. P. V. Corcoran returned home last week from a vacation trip to Jackson, Mississippi, where they visited with her sister, Mrs. A. B. Carr, and family and to LaFayette, Georgia, where they visited with her brother, V. A. Long, and family. They were gone for two weeks, returning home via Houston where they spent several days.

Mrs. Angus Nicolls and Miss Mary Nell Higgins left Saturday for a business trip to San Antonio and Dallas.

The Kerr Mercantile Co. will be closed on August 30 and 31 for annual inventory.

E. F. Pierson left Sunday for a business trip to Lubbock.

ANNOUNCING

We will continue in business, as usual, under the manage-
ment of "Ditty" Louwien and the supervision of Mrs. D. M.
Randall, who is leaving soon to open an office in San Antonio
as an outlet for the Randall Laboratories. Anyone who knows
Ditty knows she is one of the BEST! extremely capable — well
trained and a specialist in permanent waving! So there is
nothing to prevent the Salon from operating on the same high
level of service and courtesy as it has in the past.

The Beautiette is your best bet for all around BEST
WORK and the BEST SALON AND HOME SUP-

Pre-School Exams By Physicians Urged For Children

Thousands of children throughout the country will soon be going to school for the first time. Great preparations have been made for this and many of the youngsters have new clothes and some unfamiliar new tools, like pencils and note books.

Unfortunately for some of these would-be pupils, the most important part of the child's preparation for school life will be skipped. This is the complete medical checkup which every child who is entering school should have.

To get the most out of his attendance, the child should be in sound mental and physical condition. Many parents who wear well, but who neglect the child's pre-school medical checkup, may be sending that child to school into a strange new life — with one or more serious handicaps.

Many of the imperfections of early childhood could be corrected if discovered early in the life of a child and treated promptly. Where the parents' budget would be strained by the extra expense of a medical checkup, advantage

should be taken of hospital or clinic facilities in the community.

Among the handicaps some children face are poor eyesight, impaired hearing, faulty posture, speech defects, injured hearts, nervous and behavior disorders, diseased tonsils, foot deformities and malnutrition.
