Brotherton has been that buyers dip their sheep before census of those present that this measure alone would account for stopping some of the spread in the immediate future.

Deep concern has been expresse among stockmen circles of the future of the sheep and wool growers' industry in Texas and the possibilities of a market in the immediate future for the coming lamb crop. It is understood that some states have already put a ban on Texas sheep coming into their borders without first complying with very strict sanitary measures. This can expected in other states unless the stockmen of the state make a united and concentrated efforton the part of the entire industry to banish the mite from all state flocks and set up a Cake and pie by the slice will be sanitary code with sufficient teeth

Bendele Recovering From Gun-Shot Wound

The gunshot wound suffered by Alfred Bendele last Wednesday ofternoon was not as serious as at first feared and he will probably be brought home in a few days from an Odessa hospital where he has been undergoing treatment

Bendele was wounded in the left leg above the knee while with a party of deer hunters on the Circle Dot ranch when a gun was accidentally discharged. First aid was given by a nurse in the party until medical aid could be secured and about three hours after the accident he was taken to the hospital in Odessa when it was feared that a nerve had been seriously injured

Mrs. Bendele and her parents, Mr. and Mrs. W. P. Riley, of Hondo, who have been with him, returned home Sunday for a few hours and reported his condition as very satisfactory

Judge Cunningham was telling about a taxi ride he took over to the County Seat last week. The cab was all littered with cigarette butts, plus candy and gum wrap pers. This sanoyed the Judge and be spoke to the driver about it.

To his surprise the cabman answered right back. "Don't blame me," he said "Fast as I clear this taxi out, the fares just mess it up again. I like a clean cab as well as anybody, but a man has to have some co-operation!"

Judge figures the fellow was in the right, and maybe we ought to do a little campaigning with the public. I agree with him - that's why I'm writing this article.

From where I sit, it's important for us to remember the fellow who's going to get in the cab after we leave it. Because he pays the same as we do, he's got the same right to a clean, comfortable ridejust as he has the same right to enjoy the beverage of his choice (be it coffee, beer, lemonade, or

200,000 freshmen can't be wrong!

We believe that something has happened in 1950 that you should take to heart.

Ever since this year's Buicks were introduced, their big bulge in sales has come from people who traded other makes of cars for this bounteous beauty.

The total is more than 200,000.

That's 200,000 "freshmen" added to the roll call of Buick owners-200,000 people who must have sized up the current version of the cars they owned, and decided that Buick offered more thrill, more comfort, more satisfaction for the

Beyond that, of course, there were other hundreds of thousands who already owned a Buick and bought a new one this year. But we're speaking here of new owners only.

We can name many reasons for this landslide - including Fireball power an incomparable ride - and Dynaflow Drive.*

We can remind you that the Buick SPECIAL, SUPER and ROADMASTER just about blanket the range of a car-owner's aspirations-matching prices with many sixes in the lower brackets-matching distinction with the finest in the fine-car field.

We might add that Buick prices are doubly attractive-since their list prices include many features customarily on the "extra" list.

But why try to spell out all the reasons Buick wins in a showdown? The proof of the pudding is

in this great car itself. Better come in - look it over - and find out what an unbeatable buy it is.

REDDY KILOWATT

Your Servant of the Century

The toughest household jobs are easy when Reddy Kilowatt does the work.

Reddy is on duty 24 hours a day. He never loafs and never asks for a day off. He's one-third stronger than a horse and travels with the speed of light. He's The Mighty Atom in Person.

He's the lowest-priced servant in town, too, still working for pre-war wages of a few pennies or fractions of pennies per hour for each job performed.

That's Reddy Kilowatt power for you—the biggest bargain in your household budget!
