LISTEN TO LUKE

The state of the nation has been discussed over many a cup of coffee before the President finally got around to straightening out on it in his belated talk to Congress. After the talk to Congress, the coffee-cup conversations still go on with the same vigor and effectiveness. The talk, however, has failed to change anybody's opinions on the state of the nation.

Shivers Urges Support Of 'Dimes' Campaign To Begin January 15

Austin, January 9. — Governor Allan Shivers emphasized the impact of polio on the family, community, state and nation in an official designation of the period from January 15 through January 31 for the 1951 Texas March of Dimes. The Chief Executive cited the exhaustion of National Foundation for Infantile Paralysis funds by the record 100,000 cases the last three years. He stressed the state polio fund deficit in caring for almost 2,800 new cases in 1951 alone. "For three consecutive years," said Governor Shivers' proclamation, "Texas children and adults have been heavily attacked by the virus of poliomyelitis. The record shows that 423 more polio patients were reported in Texas during 1950 than in 1949, with 2,778 cases in 1950. "Every penny raised in Texas during the last three March of Dimes campaigns has been spent for patient care of Texas polio patients and supplemented with \$277,000 sent into Texas from other states by the National Foundation for Infantile Paralysis. "Not only was the last year the second worst polio year in the nation's history, but the cost of providing treatment for these patients continues upward along with the tremendous costs of caring for patients of previous years. Funds of the National Foundation for Infantile Paralysis must be replenished in the 1951 March of Dimes. "Therefore, as Governor of Texas, I hereby designate the period January 15 to 31 for the 1951 March of Dimes in Texas, and urge every citizen to contribute as he is able to the success of this worthy campaign."

Eagle Teams Split Two With Fort Davis

The Sanderson "B" cagers split their end of the twin bill presentation on the hardwood at the local gym Tuesday night by a score of 22-21. The Eagles made 12 of their points in the first half to 11 for Fort Davis. The "B" team players and their tallies toward the win were: Pablo Flores 9, Pablo Rios 2, Galor Cobos 1, Roberto Arredondo, Bob Wilkinson, Willie Wolfe, Joe Nessmith and Nicky Hahn. In the game between the "A" teams from the two towns Fort Davis came out on the top end of the 41-26 score. Fort Davis led the ball game all the way with a serious and overwhelming lead at the end of the first quarter that the Eagles were unable to overcome. Bustos tallied 12 points for the Eagles, Flores made 14 points, Stegall netted 4 with Chandler and Mitchell each making 3. Pablo Rios, Cobos, Mansfield, Hill and Pablo Flores were the other Eagle players seeing action in the game.

Goss Speaker For Lions-Rotary Meet

Howard Goss, State Soil Conservation Service representative, who was in Sanderson for a public hearing with reference to the forming of a local conservation district, was principal speaker at a joint meeting of the Lions and Rotary Clubs at the Turner Hotel here Wednesday. Mr. Goss told the civic club members of the advantages of a soil conservation program to all of the citizens of the community, emphasizing the fact that it is upon the products of the soil that the community's economic life exists. Several ranchmen were visitors at the joint meeting of the clubs. Herbert Smith, Rotary president, presided.

NEWS OF SERVICE MEN

Pfc Francis Grigsby of the U. S. Marines, was flown from a hospital in Japan to Oak Knoll Hospital in Oakland, California, this week, according to a letter received by his parents, Mr. and Mrs. F. G. Grigsby. Grigsby was wounded in action in Korea in November and was the first casualty from Terrell County in the present conflict. He wrote that his jaw was wired up and all of his teeth were hurting, he was very hungry but was feeling good and able to walk around soon and a leave to come home following the operation. Grigsby was wounded in the face when a bullet penetrated near the right eye and emerged from the left side of the neck.

In a telephone conversation with Mrs. Prince Dishman, Jr., Thursday afternoon she told Mrs. Grigsby that Francis was to be moved to a San Diego hospital Friday. A. E. Murray of Del Rio, son of Mr. and Mrs. Charlie Murray, is in San Diego, California, after being called to active duty from reserve early this month. He was a veteran of World War II when he was in the U. S. Navy in the submarine service. His wife and two sons are here with the Murrys.

Mr. and Mrs. Ben Martin visited with their son, Ben Edward, during the Christmas holidays since he was unable to get a leave to come home. He is in the U. S. Navy and after completing recruit training at San Diego, was transferred to Moffett Field, California, where he will receive training as an airman on an aircraft carrier.

Livestock Show In Fort Stockton 11-13

The Twelfth Annual Pecos County Livestock Show will be held at Fort Stockton January 11, 12 and 13. This year's show, which is sponsored by the Pecos County Chamber of Commerce, will constitute the largest of its kind ever held in Pecos County. The program of events provide for a small animal show Thursday, January 11; the judging of horses, swine, dairy cows, beef cattle, boys' breeding sheep and adult breeding sheep Friday, January 12; and the judging of boys' fat lambs and calves Saturday, January 13. The judging of the Home Arts Division will be held at 10 a. m. Friday. Educational and commercial exhibits are to be shown through Saturday. With recent improved facilities at the grounds and a large number of participants from several counties, officials are expecting a record-breaking crowd. Mr. and Mrs. Sam Webb have moved from the St. Francis Hotel to the Mayfield home. Mr. and Mrs. Davis Hinson are living on the ranch in the south part of the county.

'Baile de Compadres' Shows Gains For G. I. Forum Auxiliary

The "Baile de Compadres", a dance sponsored by the ladies auxiliary to the G. I. Forum Saturday evening was a very successful affair. Music was furnished by Cuco and His Aces from Del Rio. The highlight of the evening was the grand march led by Miss Ernestine Ochoa and Raul Flores. Such forms as the waltz and unwinding spoons were achieved. The organization realized about \$460 from the evening's entertainment with visitors present from Langtry, Fort Stockton, Alpine and other neighboring towns.

Rep. Ken Regan's Secretary Retires

Mrs. Kate Work George, a veteran federal and state employee, will resign as secretary to Rep. Ken Regan on February 1, the congressman's office has announced. She will be succeeded by a former El Paso woman, Mrs. Marjorie Fanning. Mrs. Fanning will be replaced in her present duty as assistant secretary by Mrs. Glenna Lochran of Pecos. Congressman Regan expressed his deep regret at losing Mrs. George, whom he said he came to lean heavily upon during his freshman period in congress. Mrs. George, a native of Mississippi, will have completed 40 years of service of state and federal employment when she steps out on February 1.

Kerr's Go To Relative's Funeral in San Antonio

Mr. and Mrs. Jim Kerr attended funeral services in San Antonio Friday morning for their nephew Peter C. Schiffer, who died Tuesday at his home on the Dewees ranch at Floresville following several weeks illness. They went to San Antonio early Wednesday morning after receiving word of Mr. Schiffer's death and returned home Wednesday of this week.

Mrs. Joe Kerr, Sr., Miss Betty Jo Kerr and Edward Kerr also attended the funeral services. Schiffer, a rancher and executive of an oil company, was a native of San Antonio. Other survivors include his widow, Mrs. Mary Rose Kerr Schiffer; aunt, Mrs. Rosa Dewees, of Floresville; mother, Mrs. Albert Schiffer, San Antonio; three sisters and four brothers.

MRS. J. D. MAY'S FATHER DIES IN TEXARKANA

J. D. May left Wednesday morning for Omaha, Texas, after receiving word that Mrs. May's father, J. A. Ellis, had died Tuesday night in a Texarkana hospital. He had been ill for several weeks with a heart ailment. Mrs. May has been at her father's bedside for the past three weeks. He was a resident of Omaha. Mrs. B. F. Davis and little daughter of El Paso are visiting with Mr. and Mrs. Houston Stokes. Mr. Stokes went to El Paso for them Sunday.

POLL TAX PAYERS FOR 1951 LAGGING

With only sixteen more days remaining in which to pay poll taxes, Terrell County citizens continue to lag in their payments for the privilege of voting. Three hundred and twenty-one poll taxes have been issued by the local tax assessor's and collector's office to date. There are approximately one thousand potential voters in the county and Mrs. Eddie Leatherwood, deputy collector, stated Tuesday that she still hoped a last minute rush could be avoided. Since 1951 is considered an "off-election" year, the poll taxes probably fall short but a poll tax and a vote is considered no longer a privilege but a responsibility of every citizen. January 31 is the last day a poll tax may be paid.

Supt. Matt Bader Attends Annual Education Conference

Superintendent Matt Bader of the Terrell County Schools attended the annual mid-winter conference on education, called by the Texas Education Agency in Austin on January 4, 5 and 6. School problems discussed consisted of new proposed requirements for teachers' certificates, more money for transportation, the streamlining of school reports and records surveys of schools with a high school enrollment of less than 100, and special services offered by the minimum foundation program. Approximately 1,500 school administrators attended the meeting. Numerous proposals and recommendations were passed by the group that are to be presented to the Legislature during the coming session.

DRYDEN NEWS

At a meeting of the ranchmen of the area Wednesday morning those present expressed a desire of placing the question of forming a legal subdivision for a soil conservation district to a vote of qualified resident landowners. The meeting at the courthouse at 10 a. m. was attended by fifty-one interested ranchmen of the area.

Explanation of Tax Dollar of Schools Told By Association

Austin, January 3. — One-half cent less of each state tax dollar went to support Texas' public schools last year than in 1939 despite the tremendous strides made in the school system since the Gilmer-Aikin laws went into effect. "Not only has Texas climbed from very low on the national ladder to near the top in public school education in the first year under the Gilmer-Aikin program, but the state accomplished what amounted to a near-revolution in education without taking a bigger bite out of each tax dollar," Dr. Mortimer Brown, president of the Texas State Teachers Association pointed out here today. In 1939-40 the public school support totaled 30.31 cents of each state dollar spent. During the last school year the schools' share of that dollar was 29.67, or exactly 53 of a cent less. "At the same time, enrollment greatly increased, the number of teachers employed went much higher and the average daily attendance skyrocketed. "The average daily attendance jumped in one year 35,708 under the new school program. Too, it is pertinent to point out that every child in Texas is guaranteed the opportunity of having 175 days of actual instruction per year. There are now 49,628 classroom teachers in Texas schools, Dr. Brown pointed out. That is 4,225 more than in 1939-40. "That makes for better education of our children," Dr. Brown commented. "Classes are now small and allow for more individual instruction. "Too, there were only 156 supervisors, counselors and special services available in 1939-40. Now there are 2,181. Charles H. Tennyson, executive secretary of the Teachers Association, commented that until the Gilmer-Aikin program gave Texas a position near the top in the national education field, a proportionate share of the state dollar was not going to the schools. "We are delighted to find that the vastly-improved school system, and I believe everyone will agree that our schools are far superior to those of such a short time ago as 1948-49, is taking less of the state dollar," he said. "The total cost of the state government during the 1949-50 fiscal year was \$527,252,453. Of that amount, \$156,430,559 went to the vast network of schools. A total of \$145,350,068 was used by the per capita apportionment of the supplementing foundation program and for administration, Tennyson reported. Textbook costs and distribution accounted for \$3,510,723. The free lunch program cost \$3,758,361. The State Commission for the blind used \$117,006. Vocational education cost \$3,794,401, of which \$2,018,657 was federal funds, Tennyson said.

'Blanket Deferment Out For Farm Labor', Gen. P. L. Wakefield

Austin, Dec. 26 — Emphasizing that the draft law provides no blanket deferment for farm workers, Brigadier General Paul L. Wakefield, state Selective Service director, declared today that local boards are required both by law and regulation to consider each agricultural worker's case individually, just as other men's cases are considered.

General Wakefield said that regulations issued by the President provide for a deferred classification for agricultural workers only when the following conditions are met to the satisfaction of the local board:

1. The man must be "employed in the production for market of a substantial quantity of those agricultural commodities which are necessary to the maintenance of the national health, safety, or interest."

2. The production for market of a substantial quantity of agricultural commodities should be measured in terms of the average annual production per farm worker which is marketed from a local average farm of the type under consideration. The production of agricultural commodities for consumption by the worker and his family, or traded for subsistence purposes, should not be considered as production for market.

3. The state draft director observes that "this still doesn't give the complete picture," and added that a man, to be eligible for farm deferment, must also meet the requirements in the section of the Selective Service regulations defining necessary employment.

He quoted as follows: "A registrant's employment in industry or other occupation, service in office, or activity in study, research, or medical, scientific, or other endeavors shall be considered to be necessary to the maintenance of the national health, safety or interest only when all of the following conditions exist:

"1. The registrant is, or but for a seasonal or temporary interruption would be, engaged in such activity;

"2. The registrant cannot be replaced because of a shortage of persons with his qualifications or skill in such activity; and

"3. The removal of the registrant would cause a material loss of effectiveness in such activity."

Gen. Wakefield stressed that deferments based on agricultural and other civilian occupations are not permanent. "They are issued for one year or less," he said, "and local boards have instructions to classify a registrant as available for service whenever the cause for his deferment ceases to exist."

Edward Wheeler has been inducted into the U. S. Army and reported to the reception center at Fort Sam Houston this week.

KITCHEN MEMO BY JEAN CLARK

No matter how sweet a tooth you have, once in a while your taste buds appreciate tartness. Cranberries are tart but here we supplement them with pineapple for a Cranberry Pineapple Pie. The amount of sugar added isn't enough to make the filling sweet. Combine 1/2 cup sugar, 2 tbsps. flour, 1/4 tsp. salt. Add 1 1/2-cup whole cranberry sauce and 1 9-oz. can (1 cup) crushed pineapple. Mix well. Pour into pastry-lined pie plate, dot with 1 tbsp. butter or margarine. Cover with remaining pastry and don't forget to slit the pastry top. Bake in a hot gas oven (425°F.) for 30 mins. Yield: 1 9-inch pie.

Such laundry as towels, corduroys, bedspreads that don't need ironing when they're dried in the laundry basket to wrinkle. Fold them and put them away as soon as you take them out of the dryer.

Beets won't lose their gay red if the long taproot leaves and an inch or two of stem are left on.

Recently approved by the American Gas Association's Testing Laboratories are new gas furnaces which may be installed in such confined spaces as closets—especially convenient for the new basement-less homes.

Pickle-making? Follow the Hawaiians' lead and add curry to sharpen the flavor. A pint jar takes about 1-1/2 tsp. curry powder.

Bread toasted under the broiler has a certain crisp taste that's delicious. Preheat broiler about 3 minutes, put bread on broiler pan about three inches from flame.

Car Maker Boosts Record to 25 Million

A giant cake lettered with the production milestones of the company marked Chevrolet's observance of its twenty-fifth millionth automobile. Above, T. H. Keating, general manager of the division, watches his top assistants light the candles (l. to r.) E. W. Ivey, administrative assistant to Keating; W. J. Scott, general manufacturing manager; W. E. Fish, general sales manager, and E. H. Kelley, chief engineer. Registering an achievement without precedent in the history of the auto industry, Chevrolet built its 25th millionth car on January 11, its 24th millionth June 30 and the 25th millionth December 22. The last milestone was reached with new 1951 models.

gifts are our most dangerous friends

I believe that opportunity is more important than security.

I believe that the welfare state will lead us into socialism and maybe communism.

I believe that the nation's first line of defense is a sound, solvent economy at home.

I believe that federal governmental spending, if continued, at the present rate, will bring political chaos through bankruptcy.

I believe that you cannot accept government money without government dictation.

I believe that accepting government aid is like taking drugs — pleasant at first, habit forming later, damning at last.

I believe that the expression "It's going to be spent, so I might as well get mine" is un-patriotic.

I believe that the only way to stop government extravagances is for each one of us to give up his own pet project for government aid.

I believe that it is my personal duty to oppose any man who tries to prostitute patriotism with governmental gifts.

I believe that I owe it to myself to determine the effect of each new government proposal upon my personal freedom.

MRS. HUGH ROSE HOSTESS FOR TUESDAY CLUB

Mrs. Hugh Rose entertained the Tuesday Bridge Club at her home this week. Mrs. H. E. Fletcher held high score at the conclusion of the games and Mrs. Ora Quigg was second high with Mrs. J. A. Glibbreath low and Mrs. J. S. Nance and Mrs. S. H. Underwood winning slam prizes.

The other three guests were Mesdames Jimmy Martin, J. T. Williams and Tol Murrah.

The hostess served apple pie a la mode and coffee.

Baptist W. M. S. Has Bible Study at Church

The Baptist W. M. S. met at the church Monday afternoon for Bible study with Mrs. V. E. Keyes as leader in the absence of Mrs. A. D. Brown, who was ill.

"The Doxology" was sung as the opening prayer. Each member participated in round-table readings of the Bible study taken from the New Testament.

During the business session, reports were given by the officers. The group discussed and voted to not divide the society into circles. The name of the "Margaret Fund" student was revealed by Mrs. Keyes. She also introduced a new project for the group — providing and furnishing living quarters for a ministerial student. Action will be taken on the project at a later date.

Sentence prayers closed the meeting.

Those present were Mesdames Annie Nance, S. D. Thompson, Hal Tyler, V. K. Keyes, O. D. Gray, T. O. Moore and L. M. Stanley.

The next meeting will be a Royal Service program at the church with all members urged to be present.

Meeting Monday For Church Officers

Byrd.

Texas Venture In Education • 1876-1951 Our first state college — Texas A. and M. is now in its seventy-fifth year

Much of the credit for taking Texas out of the mud of its horse and buggy days and developing the vast network of highways which were necessary to its industrial growth goes to the late Dean J. C. Nagle, affectionately known to generations of students at the A. and M. College of Texas as "Dean Jimmy." A Virginian, educated in Texas and Pennsylvania, he came to A. and M. as an assistant professor of Civil Engineering in 1892, two years after the first studies in road building had been pioneered at this school. As head of this department from 1894 until 1913 and again from 1917 until 1922, he developed the school's division of highway engineering which wielded great influence on the development of Texas highways. He also served as Dean of Engineering and Director of Texas Engineering Experiment Station during the 1917-22 period, when much pioneering of Texas road development was done by these agencies. On the groundwork he laid, his department developed to such a position of leadership that today two of the three members of the Texas Highway Commission, the state highway engineer, half of the state highway department's district engineers and a third of all its professional engineers are A. and M. graduates.

Mrs. H. C. Goldwire, who had been visiting with relatives in Cristoval and Big Lake, returned home Monday. She was accompanied by her sister, Mrs. G. J. Gause, of El Paso.

Mrs. D. M. Randall left Saturday for a business trip to New York City. Dr. Randall and her mother, Mrs. Rose Colclough took her to San Antonio and returned Wednesday.

Mrs. Dick Sullivan Entertains Canasta Club Tuesday P. M.

Mrs. Dick Sullivan entertained the Canasta Club at her home Tuesday afternoon. High score prize was won by Mrs. Gene Litton with Mrs. F. G. Grigsby holding low score.

Dutch cherry cake and coffee were served by the hostess.

Guests included Mesdames Weldon Cox, Howard Stavley, Gene Litton, Ross Stavley, F. A. Weigand, W. E. Stavley and F. G. Grigsby.

Cost of Living Index Scores All-Time High WASHINGTON, Nov. 29 (AP) — The government's cost of living index Wednesday rose to a new all-time high. Nearly 1,000,000 workers whose wage contracts are tied to the rise and fall of the index will receive a pay hike of 2 to 3 percent.

The new index, covering prices as of Oct. 15, was 174.8 per cent increase of 0.6 per cent since Sept. 15.

It was 0.2 per cent higher than the previous peak of 174.5 in August and September 1948.

The figure on July 15 was 172.5 per cent of the 1935-1939 period.

NO one needs to remind you how prices have gone up, but there's one thing you buy that's still cheap — your dependable electric service.

Despite soaring costs of everything it takes to bring electricity to you, the average price per kilowatt-hour of electric service was never lower than it is today.

Greatly increased use of electricity plus careful business management have so far helped us hold the line against inflation. But as our costs continue to rise, it's becoming more and more difficult all the time.

SP Officials Cites '50 Achievements

Southern Pacific rolled up more ton-miles of revenue freight movement in 1950 than in any other 12-month period with the exception of 1948 and the peak years of World War II...

This was revealed by President A. T. Mercier in a year-end review of the railroad's achievements, made public here by E. A. Craft, executive vice president of the company's lines in Texas and Louisiana.

A heavier volume of traffic, beginning in March, was caused by a greater demand for goods and materials throughout the nation, Mr. Mercier pointed out. "The Korean crisis," he continued, "started a buying rush in June which resulted in a sudden demand for transportation services. Never in Southern Pacific's history had business activity attained such high levels in the territory served by the company's lines."

More streamlined passenger train cars were placed in service by Southern Pacific in 1950 than in any other year, the rail president said. New streamliners inaugurated were the five complete trains necessary to maintain daily Sunset Limited service between Los Angeles and New Orleans, and the twin Cascade night trains between San Francisco and Portland.

In spite of heavy freight traffic in 1950, the net operating income of the Southern Pacific Transportation System for the calendar year, according to best present estimates, will equal a return of only a little more than three and one-half per cent on the value of transportation properties, Mr. Mercier announced.

"Growth and improvement of railroad plants must continue," he went on, "in order to fill the expanding needs of the nation and to meet the competition of other carriers, many of them subsidized from the public purse."

He referred specifically to intercity trucks, air lines and inland waterways as carriers which he said, do not pay their full share

LeBlanc Thanks Newspapers for Cooperation

Senator Dudley J. LeBlanc

Oklahoma City. (Special) Senator Dudley J. LeBlanc, manufacturer of Hadacol, thanked more than 400 members of the Oklahoma Press Association at their meeting here this week for the important part played by weekly and small daily newspapers in the tremendous success of Hadacol.

The Senator described how he had parlayed \$2500 in borrowed money into the \$7,000,000 in assets LeBlanc Corporation, of Lafayette, La., in two and a half years.

"One big reason for my success was that I kept pouring my money back into advertising just as fast and sometimes faster than I made it," said Senator LeBlanc.

He explained that Hadacol uses more than 6500 weekly newspapers on monthly schedules and announced plans for increasing his budget in this field.

of the cost of public facilities they use. This subsidized competition, he declared, is actually supported in part from taxes paid by the railroads.

Southern Pacific placed a total of 4,116 new freight train cars in service in 1950 in addition to rehabilitating many of its cars, it was stated. Since V-J Day the railroad has placed orders for 28,630 freight cars, of which 23,511 are in service. Also, as half owner of Pacific Fruit Company, SP has shared the cost of 10,100 new refrigerator cars ordered in the same period.

Outstanding in 1950 was the company's rapid progress in dieselization of the railroad's motive power, it was emphasized.

Southern Pacific received 94 new diesel locomotives in 1950 and has 43 on order for delivery in 1951. The company now has 444 diesel locomotives of all types in service. The railroad's commitments since V J day for rolling equipment of all kinds (including one-half of the cost of refrigerator cars) now total \$318,000,000.

J. A. MULLINS MOVE TO LAFAYETTE, LA.

Mr. and Mrs. J. A. Mullins were in Sanderson last week to move their household goods to Lafayette, La., where they will reside. He was promoted to a traveling engineer for the Southern Pacific railroad.

The Mullins have sold their home to Mr. and Mrs. Herbert Brown who will occupy it as soon as interior decorating is completed. Mr. and Mrs. Dewey Lowe will occupy the Duncan house vacated by the Browns.

ORVAL OWEN ATTENDS BROTHER'S FUNERAL

Cox Urges Health Exams To Insure Year of Health

Austin, Dec. 27 — This is the time to plan for the new year that is just around the corner, says Dr. George W. Cox, state health officer.

This is the time for the person forty and over to take stock of the situation as far as he is concerned. The best way to prepare for a continuing happy life is to begin early. An important thing is the periodic check-up by your doctor. A health problem discovered early is always easier to correct. Prevention is the watchword.

The principal foes of health to confront in the middle years are heart disease, cancer, high blood pressure, hardened arteries, diabetes and arthritis.

Heart disease is the leading cause of death. A person with a damaged heart should learn his limitations and not exceed them. Many persons with heart disease lead useful and productive lives by following their physician's instructions.

Cancer is the second leading cause of death. Many types of cancer can either be cured or brought under control if found early and diagnosed. This is another important reason why the periodic medical check-up is a "must."

Diabetes is a condition in which the patient cannot use sugar. Did you have the Free Diabetes Test during "Diabetics Detective Week", November 12-18, if not, go to your physician now and have this test.

Three of the diseases common to the after forty group are concerned with the circulation of the blood. These are apoplexy, hardened arteries, and high blood pressure.

From where I sit ... by Joe Marsh

Never quite got the hang of how to play chess myself, but I'll say this for the game—it started one of the strongest friendships I know of: between Dad Wilson in our town and a fellow in Sudbury, England.

The two of them have never met or seen each other—but for eight or nine years they've been playing chess by mail together. Dad puzzles over the Englishman's latest letter, takes a couple of days to think it over, and then airmails a chart of his next move.

Friendship—Four Thousand Miles Apart

Dad always thinks best with a mellow glass of beer beside his chessboard. And the fellow in England writes that he does the same. "Almost as if we were in the same room," says Dad contentedly.

From where I sit, you can talk about diplomacy and foreign policy, but it's often little friendly things—like a game of chess or a glass of beer—that can make for tolerance and understanding between people of different nations.
