LISTEN TO LUKE

While the brass is trying to determine who is the aggressor in this war, they are stalling for time as our boys shed their blood on some decision before it is made to get some help to them. The United Nations can't determine who is doing the fighting then that Uncle Samuel made a mistake. If there is no aggression then is no need for fighting. If the boys are fighting and we are over in Korea we must realize that our great country of ours has a lot of talking about what is to be done but there is nothing being done. Raising taxes is not enough. We must either get our men or bring them home.

Last week this column got a letter from our Congressman in Washington. In that letter was a release telling of his achievement in getting a bill passed and signed by the President. This bill will give authority to the long-stationed farmer who has his land damaged by the early freeze are his crop ginned by a saw-grain. That is wonderful. We often wondered when the President would have to get Presidential authority to gin his cotton and where and when he would do so. No, we are not being sarcastic. We are in a tree with a free trade—everything the farmer got was free—he might say, "I told you so."

Our high-hearted men in Washington have been mighty busy for past few years buying votes of the administration under the name of doing our free gifts to taxpayers. Notice the tax increase for the past few years and how much of that money have gotten back, and notice, how long you will probably have to pay such exorbitant rates. It is true that it costs to operate a government. It costs more money to hire men to pay back your money to you as a gift than it is worth to

reporters show that approximately 45 cents out of every dollar goes for taxes. Since the dollar is worth less than that now looks like a grim picture. This kind of writing certainly is as pleasant as writing all the plays or calendars, but one of those necessary evils it becomes our duty to write

PIONEER GROCERY MAN SELLS TO MRS. Z. EDWARDS

A deal was consummated this week whereby Mrs. Zena Edwards purchased the Midget Cash Grocery from W. H. Farley.

Mrs. Edwards, a daughter of Mr. and Mrs. John Whistler, is a native of Terrell County and came back here recently from Monahan where her husband is employed in defense work at Pyote Air Base. She and her four children will remain here to operate the grocery store.

Mrs. Edwards has two children in school and two smaller children besides a son, Robert, who is married and is attending Sul Ross College.

Mr. Farley, pioneer in the grocery business here, first operated a store just west of the little park between the depot and the Turner Hotel. He later moved to the Bohlman Building now occupied by Spears Drug Co., where he had living quarters in the back. His business was destroyed by fire several years and the Farleys got out with only the clothes they were wearing. He has been operating the store at the present location for the past seventeen years.

No future plans have been announced by Mr. Farley.

'A' Cage Team Loses Marfa Game, Wins Over Marathon

The Sanderson Eagles lost their cage game last Friday night with the Marfa Shorthorns on top of the 48-25 score. Marfa was the favored team in this tilt after they defeated Alpine by 11 points and the Alpine team won over the Eagles by a wide margin.

The Eagles showed up better against the Marfa cagers than with the Alpine quintet but still were unable to make much headway against the taller and more experienced players.

David Flores was high pointer for the Eagles with 12 points; Gene Chandler made 5; Bustos and Olivares each made 3 points and Jack Talbot made 2 points.

In the game with the Marathon Mustangs Tuesday night the Eagles won a close fray with a score of 24-18. The Eagles stayed in the lead during all of the game but the Mustangs were always biting at their heels. Sanderson met very close competition throughout the game and the Mustangs showed up well on their ball handling.

David Flores was high with 12 points with Bustos second with 8 and Olivares next with 4. Other Eagles assisting in the win were Rosendo Silvas, David Mitchell and Charles Stegall.

16 MEN FROM 4-COUNTY AREA PASS PHYSICALS

Sixteen men of twenty-one reporting to Fort Bliss for their physical examinations two weeks ago were accepted for service. It was stated at the selective service office in Alpine this week.

Terrell County men accepted include James B. Chapman of Pumpville and Clyde Griffith, Jr., of Sanderson.

Fourteen men from the four-county area will be inducted on February 7. The area board has a call for twenty-two men to report for pre-induction on January 30 and forty-four for February 20, it was further stated.

FIVE MORE DAYS TO PAY POLL TAXES

"It's later than you think," is the warning that has come from the tax collector's office to persons who have not paid their poll tax.

Although 1951 is not a regular "election year," there nearly always are several important elections in "off years." More than likely there is the possibility of an important matter to be voted on during the year.

To date only 424 poll taxes have been issued with a potential voting strength of one thousand in the county.

In addition to the poll taxes, 39 alien poll tax receipts were issued.

Taxpayers should bear in mind the fact that a check cannot be mailed for poll taxes but the husband or wife must appear in person.

Only five more days remain to pay poll taxes, with January 31 as the last day.

After January 31 personal and property taxes will become delinquent and interest and a penalty will be charged.

Railroad Begins Paint Job on All Buildings

All buildings belonging to the Southern Pacific Railroad in Sanderson will receive a new coat of paint, according to A. C. Smith, local agent.

Workmen are now starting to paint the depot and will continue until all the structures belonging to the company have been given a fresh coat of paint, Mr. Smith said.

The company colors of yellow will be applied and the old paint will be scraped. This work will add much to the appearance of the property which was beginning to show need of the new paint.

There are several housing units here belonging to the company all of which will receive paint before the job is completed.

House, the son of Mr. and Mrs. James House, left for the States the next day. Gates' group has been moved to quarters where he finds the food and lodging better than on the old ship where he has been quartered since being stationed in Sasebo which is a base for U. S. ships plying between Japan and Korea.

Pvt. Edward Wheeler has reported for duty at Camp Polk, La., where he has been assigned to a heavy tank battalion Wheeler, the son of Mrs. Grace Wheeler, was inducted into the service in recent weeks.

Mr. and Mrs. Marvin Robertson received a call Friday night from Pfc Marvin Forney, who was formerly employed at Robertson's Garage. He had arrived at Brooke General Hospital, San Antonio, after being flown from Japan where he was hospitalized after receiving serious abdominal wounds in Korea. Forney had served with the U. S. Engineers in Japan for a year before going to Korea in July.

NEW POLIO RECORD SET IN TEXAS FOR PAST YEAR

Austin, Jan. 17 — Texas wound up 1950 by setting a grim new record in polio incidence — 2,778 cases for the year.

Never before in the state history have so many cases been reported during a 12-month period. Eight cases occurred during the last week in December.

That in itself is significant, for not a single week passed that did not see at least one case of the so-called hot weather disease being diagnosed in some part of the state.

The total 1949 incidence of the dread disease reached 2,355 cases establishing a record up to that time. But there were 53 weeks in 1949 instead of the normal 52 and that figure includes cases occurring all 53 weeks.

Two hundred and three counties of the state's 254 were involved in the 1949 outbreak. That's comparable to the 201 counties which experienced polio in 1950.

The counties of Coleman, Harris, Jefferson, McCulloch, Nueces, Tarrant and Tom Green each reported a single case of polio the last week of the year. A Veterans Administration hospital had one case as the year ended, bringing the total for the week to 8 from all sources.

The disease reached its peak on August 12, when 131 Texans fell ill. That marked the greatest single weekly incidence ever to be reported.

At that time State Health Officer George W. Cox ruefully predicted that 3000 cases would be diagnosed before the year ended. He missed that estimate by 222.

Twenty-eight counties had 20 or more cases; ten had more than 50 cases; six had more than 100 cases; and three counties — Dallas, Harris, and Tarrant — had more than 200 cases each. Those three areas represent the most populous regions in Texas.

Early in the polio season, Dr. Cox pledged the facilities of the entire State Department of Public Health to local communities in combating polio. The health agency's laboratories and field personnel, working in cooperation with civic organizations and local health units, were credited with keeping the epidemic from reaching even greater proportions.

State health department death records show 201 polio deaths through the first 11 months of 1950, and 192 deaths from that cause during all of 1949. Complete death figures are not yet available for December, a department spokesman said.

'B' Eagles Win At Marfa; Take Game From Marathon Here

Last Friday night in Marfa the "B" Eagles cage team nosed out in front of the junior Shorthorns by a score of 16-15 in a game that was closely contested all the way. Sanderson was leading by a slim two-point margin at the half with the score rocking back and forth all the game. Bob Hill and Tommy Mansfield each scored 6 points for the Eagles with Willie Wolfe scoring 2 and Joe Nessmith and Roberto Arredondo scoring 1 point each. Other Eagles seeing action with the "B" team were Pablo Flores, Galor Cobos, Charles Stegall and Pablo Rias.

The Eagles made a better showing against the Marathon "B" team in the local gym Tuesday night when they downed that quintet 29-8. The Eagles held the young Mustangs to 4 points in each half of the game, making 15 and 14 points in the two halves for themselves.

Joe Nessmith led the "B" team in points netted with 10; Rios scored 6; Bob Hill, 5; and Pablo Flores and Galor Cobos making 4 each.

BANK DEPOSITS SHOW INCREASE

A comparison between the quarterly statements of the Sanderson State Bank at the close of the fourth quarter of 1950 finds the bank in a better financial condition at the end of 1950 than in 1949.

The total resources on December 31, 1949, were \$1,706,265 and on December 30, 1950, \$1,895,771 with larger amounts noted in every item of resources but loans and discounts which showed almost \$5,000 less.

Many items in the liabilities and capital accounts showed a decrease for 1950 with the common capital stock decreased from \$65,000 in 1949 to \$50,000 in 1950. Demand deposits rose from \$1,323,017 to \$1,487,442 and time deposits decreased from \$67,172 to \$66,070. There was an increase of almost \$161,000 in the total of all deposits in 1950.

C. W. Burdett Building New Home Here

C. W. Burdett has begun construction on a new home out on Highway 90 west of town on a location affording an unusually pretty view of the hills to the west and north.

The Burdetts have six lots at the location and are building on the front half of the site. The house will be of cinder tile and contain three bedrooms, two baths, a living room and kitchen. A large workshop will adjoin the two-car garage which will have full concrete floor and will also be constructed of cinder tile. The house faces west.

DANCE AND COFFEE SALES TO BOOST MARCH OF DIMES

The annual March of Dimes dance will be Saturday evening at the Kerr Building with music to be furnished by Cuco Garcia and His Aces of Del Rio. Admission will be \$2.50 per couple.

Contributions to the March of Dimes are coming in slowly, according to W. W. Sudduth, chairman, and he has urged that all Terrell County citizens bring or send in their contributions at once for the campaign quota to be met. Every effort is being made to raise a substantial amount for taking care of the present deficit in the polio fund and to build up the county fund.

Monday will be coffee day in the March of Dimes campaign, W. W. Sudduth, drive chairman, said Thursday.

The Best Cafe, Club Cafe, Turner Hotel Coffee Shop, and Jimmie's Steak House all will give the proceeds from their coffee sales Monday to the March of Dimes.

This is the first time that so many cafes have cooperated in such a project here. For several years the Best Cafe has given the proceeds of one day's coffee sales to the drive.

A sizeable sum is anticipated from the coffee day project.

Wednesday Sudduth announced that thirteen contributors had mailed in a total of \$170.00. He has asked that the contributions be mailed in as soon as is convenient so as to finish the drive.

When polio strikes, very few families can afford to pay the entire cost of patient care. This may range from a few hundred dollars up to \$15,000 or more, depending upon the degree of physical involvement and the months or years necessary to the treatment. March of Dimes money is a God-send available to everyone who needs it.

For example, March of Dimes funds amounting to \$17,000 have helped one Texas boy stricken in 1948. Hospital and physical therapy charges came to over \$11,000, nursing almost \$5,000.

Everyone giving this year to the Terrell County March of Dimes is asked to remember that the National Foundation for Infantile Paralysis today faces its greatest patient load, at a time when the value of the dollar has decreased to its lowest level. More money than ever is needed to pay for hospital care, professional help, iron lungs, hot pack machines and braces.

Teenager Gets Appetite Back; Thanks Hadacol

HADACOL Supplies Vitamins B₁, B₂, Niacin and Iron Which Her System Lacked.

According to Sara Loraine Beck, Box 252, Coker, Alabama, when a person is only 15 years old and feels terrible, can't eat or sleep the way they should, it's mighty bad. That is the way Loraine says she used to feel, but that was of course, before she started taking HADACOL. Loraine found that taking HADACOL helped her system overcome deficiencies in Vitamins B₁, B₂, Niacin and Iron, which HADACOL contains.

Here is Loraine Beck's own statement: "I was run-down, sick and skinny, and weighed only 90 pounds before I used HADACOL. I would not eat because I had no appetite. Now I weigh 123 pounds and have an appetite. I feel a lot better. I have been taking HADACOL 10 months and am still taking it. I am 15 years old. HADACOL has done me lots of good."

DE-LIGHT-FUL!

Delightful is the word for Lone Star. For Lone Star is truly a *delightfully* light beer. Because it's brewed without added sugars or fattening syrups, Lone Star is light in color, light in aroma, light on your system. A natural, all-grain beer, Lone Star is also double-aged by slower, costlier aging processes to develop that double-mellow flavor. You'll taste a delightful difference when you "Take a Break" for a cold Lone Star, Texas' fine, light beer.

Regan Host To Texas Grid Star On Capitol Visit

Washington, Jan. 18 — No Congressman has been prouder of introducing a constituent in the Capital than Representative Ken Regan, 16th District, was this week when he presented Bud McFadin, of Iraan, All-American tackle of the University of Texas, who was here to get the Knute Rockne Memorial Award. It is believed that McFadin is the first Texan to receive this honor.

McFadin was shown about the Capital by Congressman Regan and introduced to Speaker of the House, Sam Rayburn, Senator Lyndon Johnson, and many more. Then Regan accompanied the football player to the Touchdown Club banquet, which is the mecca for all the sports' great of the nation.

This year it turned out to be a regular Texas party, Regan reports. McFadin was presented the award for being the outstanding American line man in football in 1950 by Speaker Rayburn.

All the great and near-great who shook McFadin's hand agreed that he looks the typical American conception of a great football player. One even suggested that he should be modeled in bronze for posterity.

The souvenir programs of the banquet stated this about the Texas athlete: "When Bud enrolled in the University of Texas the paper stated that 'The great West Texas man hunt is over.' This all-time All-American (6'4") has been proclaimed by all who have watched him as the most devastating tackle in the game today. Besides his size and great strength, he is speedy and agile, and has never missed a minute's play because of injury."

Right Under Our Nose!

Sometime back, we got word from the Governor, asking if we wanted to use the State Fire Inspection Team—a group of experts they send around to communities to inspect public buildings.

We sent a letter saying: "Okay! Give us the once-over!" They came down, all right—last week.

After the inspection, we got their report. Came out pretty well, all told. Town Hall and the School were O.K. Post Office just needed more sandbuckets. In fact, everything got a clean bill of health, except—the Fire Station!

From where I sit, we volunteer firemen had just been too busy keeping everyone else on the ball—and not realizing our own firehouse was not up to snuff. Like the man who worries so much about his neighbors—about whether they work hard enough, about whether they can really afford their new car, about their enjoying a temperate glass of beer—that he forgets to take a good critical look at himself now and then.
