LISTEN TO LUKE

The other night this columnist had a most unusual dream. Now we never put too much stock in attempting to interpret dreams. It creates a bad situation at times.

Take for instance the time we named we were in the midst of a group of beautiful girls — all clad in what purported to be play suits. We were at a loss to find out what, if anything, they were about to do. About the time we were going to suggest a game for all to play, along came a rather large, womanly type, matron of something of our own age. She was clad in a dress that was represented to us as a dress. Where they got the name especially on that particular dress — we could never imagine. There was any slack at all in it, but it was all in the wrong place. In any way, to make a long story short we never could make any sense out of that dream. It has tried us a great deal.

But the dream that has caused this column to come into being was more recently when I dreamed I had a letter from Joseph Stalin. It will be impossible for me to give the correct context of the letter since so many thoughts of its interpretation have tended to confuse me as to the exact words. In instance it ran something like:

The Kremlin in Moscow, U. S. S. R. The date was left blank with a note saying that since there was no Christ there could be no D.

Listen to Luke, Sanderson Times, Sanderson, Texas.

You have ranted and raved till you are sick to the stomach. Why don't you try to find something better than Harry and Dean and shall to cuss and discuss. You totally in ignorance about the setup anyway and it is only adding confusion to a hopeless cause.

It should be clear to you by now that if the United Nations should attempt to bomb the Chinese in Manchuria I would immediately start dropping bombs on Sanderson, Texas. You should be so nosy, for Dean and I worked this whole matter out in detail. We have agreed to let men come into Korea and kill two or three million Chinks who would weaken them down to nothing. Of course, the expenditure of men from the U. S. would be great and the resources would be greatly diminished, the morale of the troops would be low, and taxpayers (bless their hearts) would begin to get enough of the and my dear U. S. S. R. could get into the picture and take the whole shebang without firing a single Russian bullet.

It is clear that your country would send practically all of its aid to India while India sends aid to the Communist hordes. Don't feel bad about that for know India is a step-child of Britain and surely you don't let Harry or Dean to neglect benefits that can go to your close ally.

It is very depressing to the mind to know that such news items as The Sanderson Times had stoop to do the things you had to say about the policy of men in authority in your country who have worked into our minds of things for so long that we can't see any other way out.

They have definitely taken the against appeasement of any — they have told the people of the United States their stand on any kind of appeasement so long that they believe it themselves. They will not give to appeasement in any form — of they may let the Communists have everything we ask for it won't be called appeasement.

Will you hush up Listen to Luke — nobody listens anyway. Sincerely yours, in the red, Joe.

After receiving that letter in my mind I have been a bit uneasy about that there was something after all. Who knows when (Continued on page two)

Fewer Scholastics In County Shown By 1951 Census Here

A drop in the total number of scholastics was noted in Terrell County with the completion of the 1951 census figures by Mrs. Winnie Magill, census enumerator. There is a total of 709 scholastics in the county, children who will be between the ages of 6 and 18 before September 1, which is 75 less than for 1950, which showed 784.

With a large crop of war children reaching school age this year most communities are noticing a large increase of pupils due to enter school for the first time in September and already are making plans for an increased number of teachers, new buildings and two half-day classes per day for the first grades. In Terrell County there are only 51 new scholastics, children who will be six by September 1. This means 27 less new scholastics than were counted last year. There are 21 less children among the 7-year-olds and 2 more 8-year-olds. In 1950 there were 78 6-year-olds, 82 7-year-olds and 67 8-year-olds. The 1951 census showed 61 7-year-olds, and 69 8-year-olds.

ELECTRICITY RATES ADVANCED BY C. P. S. IN ALL LOCATIONS

Community Public Service Company has announced an increase in electric rates in all of its companies in Texas according to James Caroline, power company manager, who said the new schedule would represent an increase of 10 per cent to each class of user. It would amount to slightly less than 2c per day to the average residential customer, he said.

"This is the first time since the company began operating here that we have asked for an increase in electric rates," Caroline said. "We have reduced rates a number of times, the last two times in 1946 when we thought the inflation of the war years had ended.

We were mistaken in thinking that inflation had ended in 1946 but we have been able until now to keep rates at 1946 levels through reducing our fixed charges by refinancing at lower interest rates, through increased use of electricity from existing facilities, and through the use of automatic devices, labor-saving equipment and other operating economies.

"We have now exhausted the possibility of further savings from these sources, and with our costs far above pre-war levels and still rising, we must secure additional revenue from increased rates, just as other businesses have to do.

"Since the Korean War costs have taken another jump and in spite of price control efforts they are continuing to edge higher. Compared to 1940 prices, we are now paying 150 per cent more for poles, 111 per cent more for copper wire, 47 per cent more for transformers, 75 per cent more for cross arms and 90 per cent more for wages. The average unit cost of residential electric service in this area has dropped 23 per cent during the same period, while the cost of living has increased 76 per cent.

"The new schedule will bring back our rates to a point slightly lower, on the average, than the rates that prevailed in March of 1946 before the two reductions we made later in that year," Caroline said, and represents the minimum needed by the company to meet present conditions and provide good, dependable, electric service. We feel that if prices become stabilized, we will be able to make it through with the small requested increase.

"We earnestly hope, along with other citizens, that control of inflation will be accomplished."

Cordless PBX Installed at Kerrs

With the installation of a cordless PBX system in the Kerr Mercantile Company store this week by the Del Rio and Winter Garden Telephone Company, the newest and latest in that type of equipment has been made available to the store in its remodeling and modernizing program now in progress. Inter-communication may now be made with all departments of the store and the offices.

According to O. H. McAdams, manager of the local telephone company, this is the only system of its kind in town and the only other PBX board is at the Turner Hotel.

Mr. McAdams stated that it has recently become known that there are more telephones per capita in Sanderson than perhaps in any other community in Texas. With a population of approximately 2500, there are 465 telephones here. There has been a large increase in telephones since the cut-over from the magneto type telephones to the common battery system as was installed two years ago.

Sanderson now has four direct tolls to Fort Stockton, three to Del Rio and one each to Marathon and Comstock.

There is probably also the long distance rural section of telephone installations in Terrell County than in any other section of West Texas. It is one hundred miles between the telephones in the extreme east and west sections of the county and seventy-five miles between the north and south extremes, according to McAdams.

The McAdams came to Sanderson in 1925, purchasing the local telephone system from the late J. W. McKee and Mrs. McKee.

Mr. McAdams left Tuesday night on a sixty-day leave of absence, going to his recently purchased farm near Round Rock.

Mrs. Winnie Magill returned to San Antonio Monday to receive medical treatment. Her son, Pvt. Bill Magill, left Wednesday for Camp Polk, La., to receive a medical discharge from the army.

Mrs. J. R. Blackwelder is night clerk at the Turner Hotel.

Funeral Services Here Monday For J. C. Halbert

School Board Votes To Discontinue Independence Unit

In a meeting of the Board of Trustees of the Terrell County Common School District, No. 1, held May 11, 1951, the board voted unanimously to discontinue the operation of the Independence School located in the northeastern part of the county beginning with the 1951-52 school term.

The enrollment of the Independence School for the larger part of the 1950-51 school term has been only four students. The average daily attendance for the first eight months of the school year was 4.22 students. Since the number of teachers that a school district may employ under the Gilmer-Aikin Laws is based on this average daily attendance of the district, the low average daily attendance in the Independence School will not justify the district in maintaining a school at Independence at this time, according to the members of the board.

The Independence School will remain closed until such a time as enough students are available in that area to operate a school under the Gilmer-Aikin program.

Mrs. Charley Chandler has been the teacher at the Independence School for the past seven years. The classrooms are at the Chandler ranch headquarters.

one of the two boys who drove him to a place on the Bullis Gap road where they abandoned him and took his car and money.

The car was recovered in Phoenix, Arizona, several days after the alleged crime and all of the 6 accused defendants were returned to Terrell County where they have been held in jail since that time.

Iverson's testimony in court Monday revealed that he was in a state of drunkenness at the time he stopped on the highway to render aid to a car that was stopped and that he failed to remember the events that happened afterward and the relation of the purported facts by the defendants was all that was available as to the continuity of events following the time Iverson stopped on the highway.

Charges against the youths of robbery with firearms were dismissed because of the lack of sufficient evidence and the charges of car theft were dropped from this court because the evidence indicated that this alleged crime took place in Pecos County.

A Pecos County grand jury indicted Sarrett and Singleton and Shelby Mitchell, James Geyer and Miss Betty Jo Britt on charges of car theft.

District Judge Roger Thurmond, District Attorney Douglas A. Newton, Court Reporter Miss Belle Sutherland and Bryan Montague were here from Del Rio for the court. Montague was appointed by the court to represent the defendants.

bombs will rain this way. The President says his way of handling things will be our only safe course to follow to keep the bombs from falling and in the same talk to the heads of Civilian Defense he urges the expenditure of several billions of dollars for bomb shelters that would be clear across town for most of us if a raid were to come.

We do believe in preparedness—that's why we carry all the life insurance we are able to pay for—but if the course that has been planned will keep us safe from raids then we won't need the bomb shelter.

The more I think about the mess we are in the less I think about it and the prouder I am that we are in America where we can, if necessary, change horses and ride on. We have men in America who are capable of taking over the reins—even after we have drifted downstream, and safely guiding us to our own way of life that has been desecrated on the altar of political greed.

Pumpville citizens are proud of their new church bell. That group of fine folks down there have gotten together and built a nice church, belfry and all, but they were looking forward to the time when a bell could call them to worship. Now that is possible after four years of waiting.

The bell that was formerly used as a warning signal when a train

was entering the village so that children could know to clear the track, is now installed in the new church for call to worship.

Goode-Vasbinder Rites In Del Rio In Presbyterian Church

Miss Mitzi Vasbinder became the bride of Monte H. Goode, III, last Thursday afternoon when Rev. M. H. Applegate, pastor of the First Presbyterian Church in Del Rio, officiated in the single-ring ceremony.

Parents of the bride are Mr. and Mrs. L. S. Vasbinder of Sander-son, and Mr. and Mrs. M. H. Goode, Jr., prominent Terrell County ranch people, are parents of the groom.

White baskets filled with blush carnations were at either side of the chancel steps with white tapers in burnished brass candleholders flanking the altar. Carnations formed the background for the nuptial space.

Gary Vasbinder, brother of the bride, lighted the tapers. Mrs. M. H. Applegate played the pre-nuptial music and the traditional wedding marches.

The bride, given in marriage by her father, wore a gown of blush pink sheer organdy over pink satin. The fitted bodice had a small rounded collar and the long fitted sleeves were fastened with buttons of self material. The five-tier skirt extended into a slight train in the back. Her shoulder-length veil fell from a fluted coronet of pink organdy and she carried an orchid showered with orchid satin ribbons shot with lavender stock.

Her matron of honor was Mrs. D. Bolner of Del Rio who wore

a blue gown featuring a stole with fitted bodice and bouffant skirt. Her flowers were blue asters worn as a wristlet.

The maid of honor, Miss Janie Turner of Sanderson, wore an orchid frock similar to that of the matron of honor and her wristlet was of purple asters. Sherri Sue Green of Del Rio, the junior bridesmaid, wore a white organdy floor-length gown and carried a pink colonial bouquet of Ester Reed daisies.

M. H. Gode, Jr., father of the groom, was the best man and the groom's brother-in-law, C. E. Yeates, of Sheffield, was the groomsman. Ushers were Cy Banner of Sanderson, and V. D. Bolner of Del Rio.

Following the wedding a reception was held in the home of Mr. and Mrs. E. D. Green. Guests were received by Mrs. Vasbinder, mother of the bride, who wore pale green with picture hat and a shoulder bouquet of iris, and by the bride and groom.

Mrs. M. H. Goode, Jr., mother of the groom, wore navy with shocking pink carnations.

Mrs. G. W. Cottle presided at the bride's book.

The table was laid in an exquisite outdoor linen cloth and centered with a low bowl of white asters and Shasta daisies. The tiered pale pink wedding cake was topped with double wedding bells tied with pink and orchid ribbons. Small wedding bells outlined in silver dragees adorned the lower tier of the cake and were interspersed in the ruffled pink net encircling the confection. Mrs. R. K.

Green served the cake after the bridal couple cut the first slice and Mrs. Robert Green poured the punch.

After a wedding trip, the couple will be at home in Colorado City, Colo. For traveling the bride wore navy blue sheer with pink accessories. An orchid formed her shoulder bouquet.

Mrs. Goode was reared in Del Rio and was graduated from the Del Rio High School in 1948. She moved with her parents to Sanderson eight months ago and has been employed by the Del Rio and Winter Garden Telephone Co.

The groom is a sergeant, serving with the Rangers of the armed forces, and is stationed at Camp Carson, Colorado. He is a graduate of Schreiner Institute in Kerrville and later attended A&M College. He entered the armed forces in November 1950.

Attending the wedding were Mr. and Mrs. M. H. Goode, Jr., Frank Stavley, Miss Janie Turner, Liz Phillips, Mrs. E. McSparran, Cy Banner, Mrs. Wilson Banner, Mr. and Mrs. W. E. Lea, Jr., Mr. and Mrs. C. E. Yeates and son of Sheffield, and Mr. and Mrs. Herbert Brown as well as the bride's parents, Mr. and Mrs. L. S. Vasbinder, and her sisters Cheryl and Paige, and her brother, Gary.

Mr. and Mrs. M. H. Goode, Jr., of Sanderson entertained the Goode-Vasbinder wedding party at a rehearsal dinner Wednesday evening in McFarlane's Cafe at Del Rio.

Attending were the bridal couple, Rev. and Mrs. C. H. Applegate, Mr. and Mrs. V. D. Bolner, Mr. and Mrs. C. E. Yeates of Sheffield, Cy Banner, Miss Janie Turner, Mrs. H. C. Green, Gary Vasbinder, Sherri Sue Green, and Mr. and Mrs. L. S. Vasbinder.

From where I sit... by Joe Marsh

"One For The Book"

Miss Reynolds, our town librarian, really put a smart-aleck morose in his place last week — right in center of town, corner of Main and Walnut.

Her car stalled, tying up traffic. Most drivers just waited quietly — realizing she couldn't help it — but one fellow kept blaring away on his horn.

So Miss Reynolds gets out of her car, walks over and says sweetly, "I'm afraid I can't start my engine. If you'd like to try I'll stay here and lean on that horn for you." That stopped him!

From where I sit, a lot of us are sometimes a little overeager to "sound off" before we really understand what it's all about. Let's try to see the other fellow's side in whatever he does — how he votes, what he thinks, whether his preference is for a glass of beer or buttermilk — rather than simply blast out anyone who "gets in the way" of our ideas in these matters.
