## LISTEN TO LUKE

It is appropriate at this season to reflect upon the words of a declaration written 175 years ago.

"When in the course of human events it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and Nature's God entitles them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation."

Those are the words of the first paragraph of the Declaration of Independence. The course of human events in the United States of America should impel every American to ponder those words and resolve to put into action the things that we know to be for the good of the United States. It is time for the country to "dissolve the political bands" whether they be Republican or Democrat when we know they are taking from us one of the inalienable rights of the "pursuit of happiness."

The Fourth of July should remind us that the Congress of 1776 was drafting the Declaration of Independence called upon the "Supreme Judge of the world for the attitude of our intentions."

Now we are associated with a United Nations where there is no appealing to a Supreme Judge. There is no asking for Divine guidance in the deliberations of the sessions of the United Nations. This column can only express the humble opinion of one little man, but if we can believe in the things upon which this nation was founded, then we cannot help but admit that if we leave the Supreme Judge of the world out of our deliberations we can expect nothing but failure. When we place more faith and confidence in the ability of nations and men to maintain peace and harmony than we have in a Supreme Ruler of the universe, we are doomed to destruction. Our forefathers realized the necessity for Divine Guidance.

It is appropriate, therefore, that at a time when our hard-won freedom is jeopardized by the dictatorship of a socialistic bureaucracy that the American people dedicate themselves anew to the principles affirmed in somewhat similar circumstances 175 years ago. We take then with a British tyranny now we have a threat of Communist enslavement which is being coerced by an appeasement of things for which America stands.

The political power of an organized minority has been made singularly clear in recent investigations. Corruption has been sanctioned by men in high offices to their own political profit. Alger was a good example of the scandalous patronage from Washington. Others, equally as un-American, have been protected while we sit in apathy and unconcern as "Hairbrain" and his queer continue to usurp all the power from the county courthouse to the capitol.

P-T-A groups over Texas have been seeking federal aid to schools. There is no need under the sun for the schools should be placed on the "gimme" list. Under God, we don't need the people of the United States make another "Declaration" to tell the lawmakers we want to go back to the American way of living where everybody has a right to make a living, but he also has to work for it; where he has the right to enjoy the freedom conferred and offered by our laws, but where he must respect them and pay them or pay the penalties of violation.

This column has found something new to gripe about. It isn't really new, really, for it has been gripped for a long time, but we kept our fingers crossed with hopes that there would be no serious accident where someone was killed or seriously hurt. We refer to a practice of parking on the edge of the highway in front of a service station. This writer recently got a tank of gas at a service station and as we were pulling out onto the highway we found our vision completely cut off by the parked cars. Now (Continued on page two)

## Mass Meeting Here To Discuss Plans For 1952 Election

Citizens of Terrell County will be given an opportunity to meet and hear specific plans leading up to the general election of 1952 at a mass meeting at the court house Friday, July 13, at 10:00 a. m.

W. D. Bacon, general contractor, of San Antonio, will address the meeting which is under the sponsorship of the Texas Association of Employers with headquarters in San Antonio. R. V. Spears, F. M. Weigand and L. H. Gilbreath are the directors of the local association and have been asked to assist in letting the people know of the plans for the meeting.

There are specific things being done by the association, which, if carried to conclusion, may bring some constructive order out of the general chaos.

All business men, ranchers and wage earners in this area should have an interest in this vital move to organize our efforts for the benefit of the country. Porter Whaley, president and general manager of the association asserts.

## 690 REGISTER FOR CHEST X-RAY HERE

Over fifty more persons took advantage of the free chest x-rays offered this year by the State Department of Health under the auspices of the Terrell County Tuberculosis and Health Association in Sanderson last Thursday and Friday. Six hundred and ninety persons registered for the x-rays during the two days the service was available in Sanderson.

If a positive case of tuberculosis or any chest deformities are determined in the x-rays, the physician named by the person will be notified. The individual will be notified if the x-ray revealed a negative test.

On behalf of the local association, Mrs. H. A. Smith, president, expressed her thanks for the leading committee, the hostesses, clerks, and everyone who in any way contributed to the success of the annual chest x-ray.

## Ministers Named For Bloys Camp Meeting To Be In August

Ministers who will speak at the 62nd annual Bloys Camp Meeting were named when directors of the camp meeting association met at Skillman Grove Sunday of last week.

Heading the list of speakers is the veteran minister, Rev. L. D. Anderson, pastor of the First Christian Church of Fort Worth, who will take part in the services for the 30th consecutive year.

Another veteran of many years with the Camp Meeting Association who will be one of the speakers is Rev. S. L. Joekel, representing the Presbyterians. Dr. Joekel is Bible instructor at the Austin Theological Seminary and has been one of the pastors at the Bloys meeting for many years.

Dr. Billy Marshall, president of Wayland College at Plainview, and a dynamic speaker who was one of the preachers in last year's services, will return again this year, representing the Baptists. The Methodist speaker will be Rev. J. Chess Lovern of Laurel Heights Methodist Church, San Antonio. Rev. Glen Groomes of the Lamesa Methodist Church was named to take charge of the young people's work during the annual camp meeting. John Prude will again have charge of the music for the meetings.

Bloys Camp Meeting dates this year have been set for August 14 to August 20. The various big ranch outfits which have operated their "camps" in the past will operate them again to serve the meals to all those who attend the nightly services and live on the grounds during the week.

Mr. and Mrs. W. D. O'Bryant and William Doyle returned home Sunday from a vacation trip to New Mexico, Arizona and Colorado.

DR. PAUL H. TRIPP

Dr. Paul H. Tripp, pastor of the First Methodist Church in Bartlesville, Oklahoma, presents a striking sermon in modern language on the Methodist Hour network radio program, Sunday when he speaks on "Christ Stands by Our Crossroads" at 7:30 a. m. over WFAA.

## OIL & GAS LEASES

Oil and gas leasing activity for the past few days has improved in Terrell County. Most of the land under lease was assigned to the major companies. So far no new locations have been made for drilling.

The closed wildcat on the Goldwire ranch will not put out any information, but it has been learned from authoritative sources that plans are made to put a rotary rig on the location. Freeman is still making hole on the location just east of Dryden.

In recent weeks Corinne Russell Judkins et vir, has leased a total of 33,656.5 acres to Sinclair Oil and Gas Co. This is the largest acreage lease recorded in this county.

Annie Spencer, et al, recently leased to Sinclair 5,120 acres in Block 1, TC Ry Co. original grantee.

Boyd Clayton leased 1,860 acres in Block D, MK&TE Ry original grantee to E. T. McDowell of San Antonio.

R. N. Allen et ux, leased 3,755 acres to Otto Deats of Midland and E. W. Hardgrave, et ux, turned 2,411 acres to the same man in one deal and 6,680.17 acres in another deal. The Allens leased another block of 8,987.5 acres and S. N. Allen and Edna S. Allen turned 1,706.1 acres to Deats. Deats was leasing for Phillips Petroleum Co.

Another lease of 7,293 acres was made by W. H. Wortham to Sinclair. This land is in Block 160, GC and SF Ry Co. and Block D, MK&TE Ty Co. original grantee. Drilling is expected before the end of the year on some of these leases. Much interest has been apparent in the increased activity in leases in recent weeks.

## New Game Laws For Hunters, Fishermen

Fifty-six bills bearing on wildlife were passed by the recent legislature. A tentative check on the measures enacted indicates that only a few have a state-wide effect. Most of them were local bills. The major acts, according to the executive secretary, were those to:

Increase the Game and Fish Commission from six to nine members.

Provide one hunting license at a cost of \$2.15 instead of the old small game license of \$2.00 and the big game license for \$2.15.

Authorize the commission to accept the state's share of the new federal tax on sporting fishing equipment.

Require boat-for-hire operators to furnish life preservers for each person using a rented boat, with game wardens empowered to enforce the law.

Give local courts power to revoke hunting and fishing licenses after game or fish law violations.

Mrs. H. J. Rowlett, Jr., and daughter, Michael, of Roswell, N. M., are visiting here with her parents, Mr. and Mrs. Dick Corder, while her husband, Sgt. H. J. Rowlett, Jr., is in Florida on temporary duty.

## DRYDEN NEWS

Mrs. H. Winston left Monday to spend several days with relatives near Menard.

Mrs. Buddy Rogers and children are spending a few days with relatives near Menard.

Mr. and Mrs. Neal Billings and children of Comstock visited with Mr. and Mrs. Raymond Farley Wednesday morning.

## V. F. W. Losses To San Felipe Sunday, To Play Eagle Pass Here

Joe Vasquez was the losing pitcher when the local V. F. W. team met the San Felipe Indians here last Sunday and lost by a score of 7 to 4.

The locals will meet the Eagle Pass Bears here Sunday at 2:30.

The teams promise plenty of excitement and competition in this fray Sunday afternoon.

## San Angelo Ram Show To Be July 10 - 11

San Angelo, July 5 — San Angelo's fifteenth annual Rambouillet Ram Show and Sale will get underway at the fairgrounds in San Angelo Tuesday and Wednesday, July 10 and 11.

Under the sponsorship of the San Angelo Chamber of Commerce and the American Rambouillet Sheep Breeders Association, the show and sale will exhibit 574 sheep consigned by 39 breeders from Texas, New Mexico, Utah and New York.

Premiums totaling \$350 will be offered in the show division which feature five classes of judging. Classes include champion ram, two-tooth ram, four-tooth ram, pen of five-tooth rams, and pen of 10 two-tooth rams. Leo Richardson, Rambouillet breeder from Iran will judge the show.

Mrs. Mamie Hagelstein of San Angelo is visiting here with Mr. and Mrs. Ele Hagelstein and son, Chris.

## SPECIALISTS AID RANCHMEN IN BRUSH CONTROL

Improvement and maintenance of established pastures and recovery of the states' range land from non-forage growths are more closely associated in Texas than in any other state because both are basic to problems in animal grazing. In order to identify and delimit the duties in these related fields at the A&M College, Extension Service is served both by a pasture and a range specialist.

Working mainly within areas of permanent or converted grazing lands, the pasture specialist through demonstration teaching and tours and other proved methods during 1950 sought to place pastures among farm cash crops. Among effective means to this end he encouraged the use of quality fertilizers, especially with seeding, and field trials of adapted varieties of grass. In connection with the latter, the specialist acted on behalf of the Texas Agricultural Experiment Station in distributing sprigs of coastal bermuda grass to more than 300 farmers in 71 counties.

During the year more than 70 pasture tours, instigated largely by county agricultural agents and other organizations identified with agriculture, were made with average attendance of about 50 persons. Fully one-third of the formal tours were followed by night meetings for discussion of pasture problems and showing of appropriate color slides.

A pasture management school was conducted in 1950 at Lufkin with 25 agents or assistants attending. During the course students were taken on tours of seven experimental sub-stations.

Texas ranges are native pastures and the grass which finds foothold there has to strive for survival against the uncertainties of moisture and the creeping invasion of brush. According to the extension service range specialists about 65,000,000 acres of Texas range land are infested with mesquite and other varieties of noxious shrubs. The primary problems of management include brush invasion, overgrazing, lack of appreciation by ranchmen for a coordinated range management program and other situations demanding reform. Despite the formidable array, county agricultural agents under the leadership of the range specialists are attacking these problems principally through demonstrations.

In the field of brush control, 1,321 demonstrations involving 402,512 acres were conducted in 126 counties, including mesquite work alone in 63 counties. Of this number, 16 county agricultural agents tested a new type hormone, 2,4,5-T, by hand methods using cut surface, trunk and foliage treatment. A total of 604 demonstrations in proper stocking involving 2,000,000 acres were conducted in 111 counties, while 1,314,000 acres in 126 counties furnished the operating field for demonstrations in deferred or rotating grazing for range recovery on behalf of 559 operators. More uniform distribution of livestock on ranges has followed construction of numerous wells and earthen tanks. At the same time fences have been built so that ranges can be utilized more uniformly, and accordingly better-managed. Meanwhile, agents supervised 1,610 range seeding demonstrations on 181,247 acres.

During the year, county agricultural agents trained 4,200 4-H Club boys in 127 counties in plant and grass identification. Teams from 104 counties took part in 259 contests, while 36 range demonstrations teams gave 86 performances on range management practices and principles, and 335 club boys in 56 counties carried range management demonstration.

Four years ago a range school for county agents was set up with the aid of the Range and Forestry Department of the A & M College. The 1950 class brought to about 100 the number of agents who have attended. Agents studied range plants, ecology, plant succession and range management in the field, information important to the ranchmen they serve.

W. A. Whittle has returned from San Antonio where he had medical treatment.

## Gloria Escamilla Candidate For Queen In District Contest

MISS GLORIA ESCAMILLA

Miss Gloria Escamilla is a candidate for district queen of the ladies auxiliary of the American G. I. Forum. The organization has been selling votes for several weeks to assist their candidate in making a successful race for title of queen of this district.

If Miss Escamilla wins the race, she will compete with other district queens at the annual state convention in Austin in August for the title of queen of the state organization.

Miss Escamilla is owner and operator of the Vanity Beauty Shop.

## Port Arthur Minister To Preach at Meeting Of Churches of Christ

Churches of Christ in this area have completed plans for the annual Pecos River Encampment, set for July 6 through the 15th, at the church encampment site on the Pecos River between Sheffield and Iran on Highway 51.

A leading figure in promotion of the annual encampment was the late James F. Black, minister of the Sheffield Church of Christ, who died recently in Del Rio, where he was staying while conducting a revival in Langtry. Mr. Black had handled most of the preliminary planning for the encampment in past years and had accomplished some of the work before his death. Ministers and laymen of the area churches have followed up this work with a complete plan for the annual event.

Clifton Rogers of Port Arthur will be this year's encampment preacher. Song services will be under the direction of Holland Boring, Sr., and Holland Boring, Jr., of Trent, Texas.

Meals will be served on the grounds daily. The daily schedule as announced by encampment planners is as follows:

7 a. m. — Devotional  
7:30 a. m. — Breakfast  
9 a. m. — Teachers training classes  
10 a. m. — Singing for young people

12 noon — Lunch  
2 to 3:30 p. m. — Recreational activities

4 p. m. — Preaching  
6 p. m. — Dinner  
8 p. m. — Singing  
8:30 p. m. — Preaching

A welcome has been extended to all members and friends of the churches to attend any or all of the services. Bring your camping equipment is the only requirement. Meals will be served with ranch-style barbecue and there will be plenty of good water.

## Montie A. Wallace, Tech Honor Student, Goes To ROTC Camp

Montie A. Wallace, son of Mr. and Mrs. Montie Wallace, was on the honor roll at Texas Tech College for the spring semester, being among the upper five per cent of the student body with an average of A-minus.

Wallace is a senior with an agriculture major.

At present he is at Camp Hood, Texas, where he is attending a Reserve Officers' Training Corps summer camp. Satisfactory completion of summer camp and required military instruction at the school will qualify Wallace for a commission as a second lieutenant in the U. S. Army.

## HUGE THROGS IN SANDERSON FOR FOURTH FESTIVITIES

One of the largest crowds of people to assemble in Sanderson for the Fourth of July celebration was in town Wednesday to attend and take part in the various festive means of celebration. A full days program was planned and carried out to furnish a means of entertainment for the throng.

A street parade at 10:30 began the celebration. The parade was made up of cowboys and cowgirls headed by color bearers carrying the flag of the United States and the American Legion. Judges selected the winning junior cowboy and cowgirl as Miss Ada Lee Quigg, daughter of Mrs. Ora Quigg and Robert Roark, son of Mr. and Mrs. F. M. Roark.

The free barbecue on the courthouse lawn, an annual affair sponsored by the Clarence Hallie Mulkey Post of the American Legion began following the parade. Legion officials estimated the largest crowd in attendance this year than ever before. Following the meal, consisting of barbecue, with all the trimmings, salads, cakes, coffee and tea, local merchants gave away merchandise to many of those present.

The Sanderson Roping Club sponsored jack-pot roping, barrel races, matched ropings and kids' ropings at the roping arena east of town. There were some fifty ropers competing in the jack-pot events with close competition noted in the skill of the performers.

In the first go-round of the jack-pot roping Gene Newman and John McMillan tied for first place with a time of 13.0; Ray Wharton was third with 14.1. In the second go-round Jim Bob Altizer set the pattern as the first roper with a time of 11.7; Ray Wharton was second with 12.8 and Johnny McMillan was third with 13.2.

The girls' barrel race furnished a thrill for the afternoon showing top-notch performances by both the animals and riders whose age ranged from 5 years of age up. Dorothy Askins won first place in the event with a time of 18.0; Ginger Magill was second with 18.3 and Mrs. Bobby Walsh was third with 18.6.

A novelty contest featured the business men tying the calves after they had been caught by the ropers. It was a timed event with the contestants being the business men. Only two of the ropers caught their calves which left only two business men, Marshall Cooke and George Turner eligible as contestants in the tying event. Turner took first place and Cooke was second.

In the kids' roping event, open to boys 16 and under, Curley Thompson won first place and Jimmy Condra was second. Several of the boys had hard luck in not being able to tie their calves but the lads were out there getting the practice for future rodeo events.

A dance at The Kerr Mercantile Co. building Wednesday evening closed the festivities for the day. A good crowd, good music and plenty of fun was reported by the patrons of the evening affair. Andy Schroeder and his Men of the West furnished the music.

The American Legion and the Roping Club officials and members asked that The Times express their thanks to all those who in any way helped to make the celebration of the Fourth in Sanderson a success. The organizations sponsoring the events have been carrying the responsibility of the plans and financing the means of celebrations in Sanderson for several years and the officers stated that they were glad to be able to carry on their projects from year to year, but could not do it without the support and cooperation of the citizens of the town.

## REV. BYRD TO PREACH HERE SUNDAY

Rev. J. W. Byrd with Mrs. Byrd and Joan will arrive home the last of the week from a vacation trip to Virginia, Ohio and Florida. They were gone for a month and report a wonderful trip with lots of rain and beautiful country in the places they visited.

Rev. Byrd will preach at both services Sunday at the First Presbyterian Church, according to a letter received Tuesday.

there may be some drivers who want to pull out on a busy highway without looking to see if a car is coming on that side of the road, but we prefer to put off collecting our insurance as long as possible.

Last Thursday Governor Shivers signed a new election law that will be the finish of a long fight to give Texas voters a freedom from the shackles which bound Texas Democrats to the national Democratic party and the Democratic national convention.

The new law, which goes into effect January 1, clears out many defects and eliminates certain unworkable provisions. Procedure for prompt action in dealing with irregularities that may arise in the primaries is provided for in the new law, as well as many improvements over the existing laws.

If you haven't noticed the new law you will do well to familiarize yourself with some of the provisions. As an example, the law, after January 1, will permit Texas Democrats to place the name of a Republican or Independent national candidate on the ballot as a Democrat in Texas.

The Texas vote, to be sure, is contingent upon the nominees on other tickets. This column feels that, so far as Texas is concerned, Hairbrain will not fare so well in Texas in 1952.

COURT ORDERS RACE WIRE INFO HALTED IN TEXAS

Austin, July 4 — The past week witnessed Texas' biggest crackdown on gambling and organized crime.

The House Crime Investigating Committee held closed hearings which blew the lid off secrets of the Maceo gambling syndicate in Galveston and revealed an annual gross income in excess of \$3,000,000 from slot machines, tip books, dice tables, roulette, horse race betting and related businesses. A public hearing is tentatively set for June 25.

Attorney General Price Daniel who helped the committee in its investigation, followed through with a law suit against the 16 Maceo partners, Southwestern Bell Telephone Company and Southwestern Associated Telephone Company, to stop horse race gambling information from being brought into Texas over telephone wires.

District Judge Jack Roberts of

Advertisement for Dr. C. L. Basket, Optometrist, located at Foster Bldg., Losoya Street, Del Rio, Texas.

Austin granted Daniel's request for a temporary restraining order and set the hearing for a temporary injunction for June 18.

By 3 o'clock on the afternoon of filing suit the five elaborate Maceo gambling parlors had closed down because their wire service had been stopped by the court's order.

Daniel's suit was similar to the one he brought in 1949 against Western Union Telegraph Company and the Teas "front" for Continental Press which resulted in the first state-wide injunction in the country against using telegraph wires for transmission of gambling information.

Daniel alleged that the gambling information was being assembled from race tracks throughout the nation by "a so-called news service known as the Continental Press." He said "this organization is substantially influenced and in some places controlled by the Capone Crime Syndicate, which steals or otherwise obtains racing information from most tracks in violation of state laws . . ."

Daniel said his assistants and investigators had been working on the case for months, but that they had withheld action until the Crime Investigating Committee could complete their preliminary hearings on the Maceo operations. He said the committee hearings had been very helpful in completing certain phases of the case.

Solon Fights Waste In Procurement Of Military Necessities

Washington, June 25—Rep Ken Regan was asked by the Robert Sub-committee, now investigating military procurement, to appear before it this week and discuss his findings in wasteful procurement, as Regan presented to Congress earlier in the session.

Regan scored heavily what he termed "ridiculous extravagance of the procurement section." Regan, who served in the last two wars, collected considerable information on this subject from his experience and from friends he knew then in service and from civilian sources of the moment.

He was questioned particularly about the large quantities of paint, which Regan said had been purchased in too great amounts and in too small sizes to keep satisfactorily. He declined to reveal the name of his friend in the paint in-

dustry who had supplied him with facts and figures. He is what Regan termed, "an honest taxpaying citizen, who does not wish to appear before your committee, but who simply wants to see that we prevent these wasteful occurrences from happening in the future."

Regan said he had learned that instead of 6 million gallons of paint, the military had bought 7 and 1-2 million gallons and received bids only on two million. If it had received what it sought, it would have "dried up the market," Regan said. The bids came when

there was a shortage of paint, said out of 1200 paint manufacturers in the country, only 60 were asked to bid.

Regan suggested that in the future, the purchasing be done in areas where the paint is to be used rather than elsewhere with added expense then of shipping and storing it.

Many towns of Texas are doing something to control flies. Sanderson should do something. Health should be our first consideration.

## How to make Wise Tracks to a Beauty

How do you buy a new car? Are you one of those people who buy on love at first sight? Or do you check cars feature for feature, price for price—then pick the one that gives you the most for your money?

Whichever you are, we'd like to suggest that you come in and see our 1951 Buicks. It's a sure bet you'll go for the swift, smart look of a SPECIAL, SUPER or ROADMASTER—fall seriously in love with the pace and power of its bonnet-filling engine. And it's a cinch you'll go for the room and richness of those Buick interiors—the serene smoothness of Dynaflo Drive® and all-coil springing.

But don't let your emotion be the only

judge—get the practical picture too.

Note that the power that gives you such a big kick here comes from Buick's famed valve-in-head Fireball Engine—which means you get a lot of miles from each gallon of gas you buy.

Note that the silken ease you enjoy with Dynaflo® goes hand in hand with real money savings in maintenance costs.

Above all, note what a Buick's price tag includes—how much more sheer automobile you get in a Buick than the same money would buy elsewhere.

How about making tracks to our showroom right soon—checking thoroughly into the matter—and see if you don't fall in love with a smart-buy Buick?

### NO OTHER CAR PROVIDES ALL THIS:

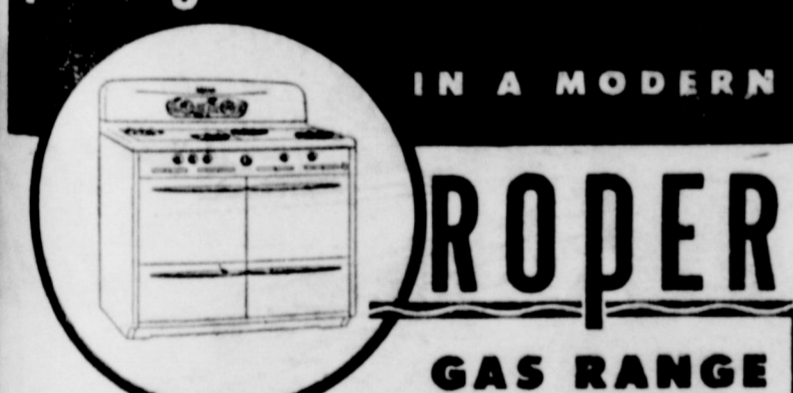

- DYNAFLOW DRIVE® • FIREBALL ENGINE
- 4-WHEEL COIL SPRINGING • DUAL VENTILATION
- PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
- WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING
- BODY BY FISHER

Hot Weather Hints For Cool Living

Austin, July 3 — "Good health in hot weather may be largely a matter of personal choice," according to Dr. Geo. W. Cox, state health officer, as he called for Texans to take life as it comes in the summer and live with it as comfortably as possible.

"These modern scientists can drop ice from airplanes to make rain, and they can forecast weather several days in advance, but nobody has figured out a way to keep the thermometer from rising sky high in a hot summer afternoon," Dr. Cox said.

"Therefore, Dr. Cox continued, a few common sense practices will help us to live with summer and like it. Texas summers are hot and the hottest part is still ahead, so one needs to remember certain things that are good hot weather practices.

"For example: drink plenty of cool (not ice) water; eat moderately of simple, but a wide variety of foods, exercise daily in the fresh air and have plenty of air in sleeping rooms; take a fair amount of salt to replace large losses through perspiration; avoid alcoholic drinks and get plenty of sleep. Keep clean and do not worry. Do not over eat.

"One of the essentials of summer comfort is the daily bath to wash away perspiration and with it body wastes eliminated through the pores, and to relax tired muscles and strained nerves. There is nothing better than a leisurely bath followed by a short rest."
