Mrs. Roy Bogusch Hostess for Baptist Womens' Meeting

The Baptist W. M. S. met Monday afternoon in the home of Mrs. Roy Bogusch for the monthly Royal Service program and social meeting. Mrs. L. W. Welch was assisting hostess.

A prayer by Mrs. Claude Bridges followed the singing of the hymn, "The Light of the World Is Jesus" by the group. Mrs. T. O. Moore read and discussed the devotional topic.

Mrs. H. G. Cates was leader of the program on "The Discontent of Asia". Assisting her in presenting the program were Mesdames B. E. Carr, Lloyd Cowan, Hal Tyler, C. W. Schofield, Rodney Cathey, O. D. Gray, V. E. Keyes, S. D. Thompson. The closing scripture was read by Mrs. Ray Thompson and Mrs. Keyes gave the dismissal prayer.

During the social hour, the hostesses served a salad plate with tea and coffee.

Announcement was made of a Christmas party planned for Monday, December 17, at the home of Mrs. J. W. Caruthers, Sr., with Mrs. Claude Hill as co-hostess.

Those present were Mesdames Francis Mansfield, F. A. Weigand, Claude Bridges, C. W. Schofield, Rodney Cathey, L. M. Stanley, O. D. Gray, Lloyd Cowan, V. E. Keyes, S. D. Thompson, Hal Tyler, Ray Thompson, H. G. Cates, T. O. Moore, Annie Nance and B. E. Carr.

Baptist Youths Have Social at Keyes Home

The teachers of the Intermediate Department of the Baptist Sunday School entertained the members of their classes with a social at the home of Mrs. V. E. Keyes Tuesday evening from six to eight o'clock.

The young folks were divided into two groups for a scavenger

hunt and a prize was given to the group returning with the most articles.

Refreshments of sandwiches, cup cakes, and punch were served.

Those present were Jerry McKelvey, Merle and Juanice Gilley, Carolyn Spears, Mary Ann Belcher, Weldon and Carlene Werneker, Patty Gray, Phillip, Carroll Lee and Lacey Eggleston, Shirley Thompson, Maidie and Vivian Moore, Jerry Monroe, Nancy Turner, Gloria Wright, Richard Stanley, Bunny Keyes, and two visitors Jackie Vincent and Sylvia Littleton. Hostesses were Mesdames O. D. Gray, Vada Eggleston and V. E. Keyes.

Mrs. C. C. Mitchell Leads Program For Presbyterian Women

The executive board meeting of the Presbyterian Women of the Church was on Monday afternoon in the Fellowship Hall with the circle meeting following. Mrs. N. M. Mitchell opened the business meeting with the reading of Romans 8, followed by prayer by Mrs. J. W. Byrd. Reports were heard from the various officers and committee chairmen. It was voted that the members bring good used clothing to the church on Monday, November 19, for a box to be packed and sent to Korea. Letters from the Synodical and Presbyterial presidents were read. Those attending the recent meeting of the district conference

'Grandma Moses' Is Topic at Study Club Meeting Thursday

Mrs. F. M. Roark presented a fine arts program when the Evening Study Club met Thursday at the home of Mrs. Roy Deaton with Mrs. W. E. Lea, Jr., as co-hostess.

Mrs. Roark's topic covered the life and works of Grandma Moses. Highlights of her talk were emphasized by the display of samples of block prints and plates. Among the scenes displayed were the famous "Thanksgiving Turkey", "Snow Scene" and "Checkerboard House". Mrs. Roark pointed out that Grandma Moses turned out pictures in batches, like cookies, painting the sky in several pictures at one time, then the green, and continuing thusly until all were completed.

During the business session, Mrs. Dick Sullivan, president, reported that the drive for donations to CARE had been urged by head-

quarters and local members voted to make individual contributions to the cause.

Pumpkin pie, tea and coffee were served by the hostesses to Mesdames M. F. Bader, J. N. Kerr, Jr., E. J. Hanson, F. M. Roark, Dick Sullivan, W. W. Sudduth, J. W. Pate, F. T. Baker, Austin Nance, and Mrs. Roger Rose, a guest.

Mrs. James Caroline Hostess for Meeting of Stitch 'n Chat Club

Mrs. James Caroline entertained the Stitch 'n Chat Club at her home Wednesday afternoon. The birthdays of Mrs. Ernest Haas and Mrs. G. D. Vincent were honored. The hostess served gingerbread and coffee to Mesdames B. E. Carr, Claude Hill, P. P. Courtney, W. F. Frazor, and Ernest Haas.

The December meeting on Wednesday, December 5, will be at the home of Mrs. W. F. Frazor.

CALVIN STANSELL VISITS OLD FRIENDS HERE

Calvin Stansell, who has been hospitalized in Sheridan, Wyoming, for several years, visited here with friends Tuesday. He was en route to Brinkley, Arkansas, to make his home with his daughter, Mrs. Carl R. Riddell. The Stansell family was one of the pioneer families of Terrell County and Mr. Stansell was at one time county attorney.

Mr. and Mrs. Riddell accompanied Mr. Stansell on his visit here.

COOKE'S FOOD MARKET

Patsy Harris, Joyce Weber, Virgie McCarley, Ray Riley

TRIPS to the 30th National 4-H Club Congress in Chicago were given four Lone Star State club members for their outstanding records in the 1951 National 4-H Canning, Field Crops, Garden and Girls' Record programs. The state winners and brief outlines of their records follow:

Better methods of doing everyday homemaking skills proved to be a challenge to Patsy Harris, 16, of Plainview. Her selection as state winner in the 4-H Girls' Record program proves that this versatile young miss is a first-rate housekeeper and manager. Patsy has been in club work seven years and has completed 30 projects, among which are poultry, clothing, canning and home improvement. Her record shows 59 garments made, 2,588 jars of food canned, 630 chickens raised, as well as meal preparation and gardening. One of her favorite projects was the refinishing and upholstering of six pieces of furniture for her bedroom. She is active in all community activities, speaking before groups and on the local radio station and gives generously of her musical talents throughout the county. Montgomery Ward provided Patsy's trip award.

Growing a garden has served a three-fold purpose for Joyce Weber, 16, of Victoria, state winner in the 4-H Garden program. Joyce has supplied the family with a variety of fresh vegetables, reduced the cash outlay for food, at the same time promoting relaxation and good health. Her trip award was presented by Allis-Chalmers. During the four years she has carried gardening she has raised 3,265 pounds of food, canning 887 jars of it. She has also been in clothing for the seven years of her 4-H Club work and taught crafts not only to club girls but to adults as well. Mrs. Fonda Graham, county agent, says that Joyce is known throughout her community as a gracious hostess and for her winning smile.

All of these activities are conducted under the direction of the Extension Service of the State Agricultural College and USDA cooperating.

For making an outstanding record in her food preservation project Virgie McCarley, 18, of Quitman, was named State champion in the 4-H Canning Achievement program. Experimenting with new ideas, she has broadened her knowledge of better homemaking methods through her 4-H art. Home canning also has made it easy to follow the nutrition yardstick and keep the budget low. During seven years in club work, she has canned 471 quarts of food; also made 95 garments, improved 24 bedroom articles, and carried a landscaping project for five years. Two years ago she entered East Texas State Teachers College but still carries 4-H demonstrations on canning and clothing and continues active in church work. Kerr Glass furnished funds for Virgie's trip to Chicago.

Utilizing improved field crop methods has earned state honors for Ray Riley, 16, of Hart, in the 4-H Field Crops program. Long hours and much effort went into learning good farm practices and expert use of farm machinery, but the increase per acre production of food, feed and fibre crops has more than compensated. Seven years in 4-H work, and much individual research and experiment, particularly in the field of seed selection, has brought Ray the title of the youngest licensed certified seed breeder in the State. He has completed 56 projects, is an outstanding leader and has trained judging teams for the last three years. A total of 230 acres in field crops has yielded him an average of \$83 an acre. International Harvester provided Ray's Chicago trip award.

Mrs. Wanda Parks and Miss Alinda Eastman are training as operators at the local Del Rio and Winter Garden Telephone Company.

Mr. and Mrs. Troy Druse returned home yesterday from a trip to Bryan where they visited with her sister, Mrs. W. H. Dishman, and family. They also spent several days in San Antonio.

Mr. and Mrs. C. G. Riggins re-

turned home Monday night from San Antonio and Gonzales where they had spent the week end.

Mr. and Mrs. Seth Davenport and daughter, Phyllis Jo, spent the week end here with her parents, Mr. and Mrs. J. D. Nichols.

Mr. and Mrs. I. B. Rusk and David returned home Sunday night from East Texas where they had visited with relatives and friends for several days.

Low-Down on a high-powered Performer

Let us tell you this:

The Buick pictured here packs more power than you find in any other car of its size and room and price.

That's the power of Buick's newest high-compression valve-in-head eight—the F-263 Fireball Engine, that really gets miles from a gallon of gas.

Add to this the fact that it tips the scales at 3817 pounds curbside—and you begin to see why this big-powered beauty is such a nimble-footed number out on the road.

But that's only Chapter I of the performance story.

There's a big-car feel to the way this trim traveler covers the ground—hugs the curves—holds its course on the straightaway—smothers the bumps with its big soft coil springs on all four wheels.

There's big-car room inside—six-passenger room—headroom, hiproom, shoulderroom, kneeroom, front and back.

Come in, look it over, and we think you'll agree—it's big in everything but price.

And that's where it really shines. If you've shopped around you'll know what we mean when you read the price tags, and what they include in the way of standard equipment that shows up as "extras" on so many others. Such things as an oil filter, air cleaner, vacuum booster, built-in summer ventilation are all yours at no extra charge.

It's hard to believe but it's true. If you can afford a new car, you can afford this Buick at the prices we're quoting today.

Better come in and look this smart buy over.

Equipment, accessories, trim and model vary subject to change without notice. *Standard on ROADMASTER; optional at extra cost on other Series.

- No other car provides all this!**
- DYNAFLOW DRIVE**—saves strain on driver and car
 - FIREBALL ENGINE**—high-compression, valve-in-head—gets more miles from every tank of fuel
 - PUSH-BAR FOREFRONT**—combines smart style and unsurpassed protection
 - WHITE-GLOW INSTRUMENTS**—assure greater clarity, especially at night
 - TORQUE-TUBE DRIVE**—seals the chassis, steadies ride, improves driving control
 - 4-WHEEL COIL SPRINGING**—cushions and levels the ride, saves servicing costs
 - DUAL VENTILATION**—outside air fed separately to right or left of front compartment
 - SELF-ENERGIZING BRAKES**—hydraulic—multiply pedal-pressure five times at brake drum
 - DREAMLINE STYLING**—tapered, car-length fenders, gleaming sweepers on most models
- Plus:** Self-locking luggage lid, Step-On parking brake, two-way ignition lock, Safety-Ride rims, Hi-Poised engine mounting, Body by Fisher
- When better automobiles are built BUICK will build them*

SUCCESS STORY

The thrill of making her own clothes has paid off doubly for Gloria Dawn Watson, 29, of Sioux Falls, South Dakota. She has entered Colorado Woman's College on the \$500 scholarship she won last year in the "Make It Yourself With Wool" Home Sewing Contest for exceptional proficiency in sewing. The 1951 contest is now nearing its climax.

BUREAUCRACY AND THE AMERICAN INDIAN

At a time when so many Americans are being charmed by visions of a Federal welfare state which promises to remove the vicissitudes of life and set up a guaranteed standard of good health, adequate education, economic welfare and security for all, it would be wise for us to take a good look at how well the American Indians, who have lived for a century in such a welfare state, have fared.

For 126 years the Federal gov-

ernment's Bureau of Indian Affairs has been the benevolent guardian of most of our Indian citizens. No Indian under the paternal wing of this "Great White Father" in Washington has had to worry about food, shelter or old age security, regardless of whether he's been energetic or lazy, well-behaved or unruly. The government has provided education—or rather, it guaranteed to do so. Many Indians have declined to enter Reservations or otherwise submit to government paternalism. I have seen numbers of them in Oklahoma who have made their own prosperity and security and are splendid, independent citizens. But the facts about the several hundred thousand Indians under government guardianship provide two lessons which all free citizens should learn and learn well:

1. While wards of a politically-managed bureaucracy our Indian citizens have become a stagnate, if not actually a disappearing race. Their once magnificent pride plus native resourcefulness and unmatched self-reliance has withered. Dependency has stunted their capability. They are the only minority group in America that has failed to make great strides of progress in the last half century.

They are also the only racial group whose members have been wards of a welfare state.

2. On the basis of the 126-year record of the Indian Bureau, political bureaucracy has utterly failed as a caretaker of human hopes. The Bureau's oft-repeated claim of "taking care of the Indians" becomes a shameful mockery when all the facts are known.

Here are some results of the government's "taking care of the Indians" — as reported by the Marquette League for Catholic Indian Missions:

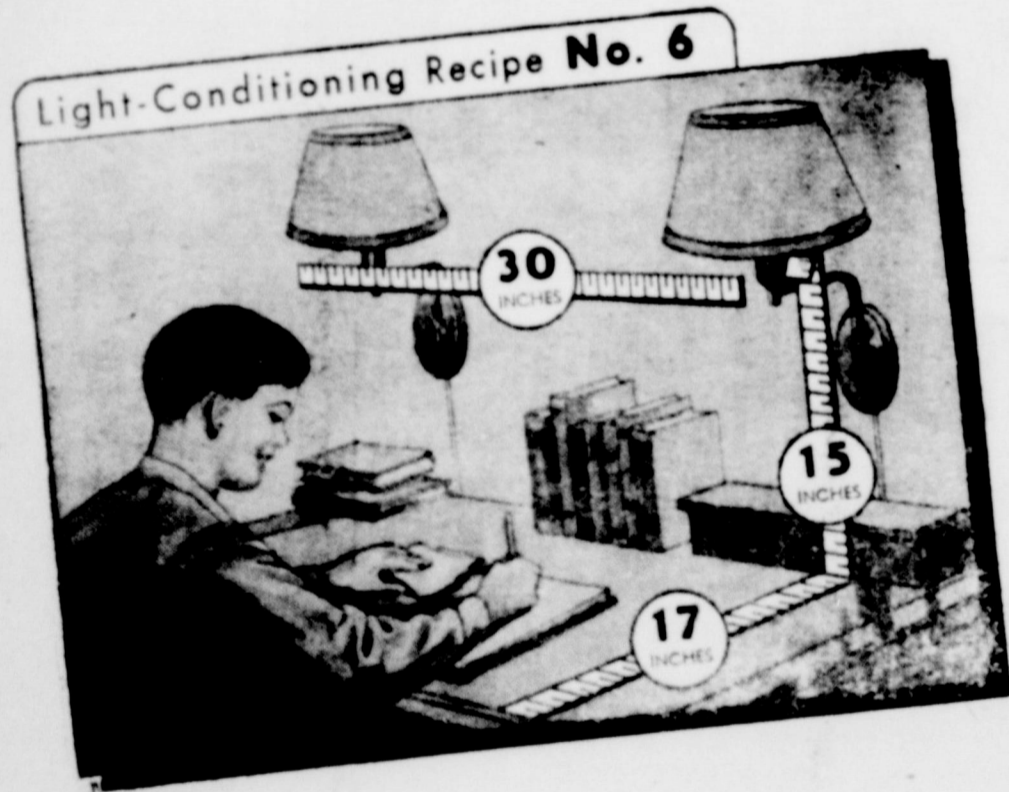

Health, education and welfare standards of the Navajos, (one of the Tribes under government guardianship) have been running downhill steadily for 83 years. The one-room hogans (homes) of the Navajos are windowless, unsanitary, uncomfortable, overcrowded, and the entire family sleeps, eats and lives on the dirt floor! Due to the neglect of the government, tuberculosis and infant mortality have reached what

The LIGHT CONDITIONED study table

A recipe for better grades!

Above is one example of a properly lighted study center. With wall lamps placed as shown and each equipped with a diffusing bowl and 100-watt bulb, an abundance of soft light is provided for home study. This recipe is just one of 22 tested lighting recipes in our new booklet, "See Your Home In a New Light." Each recipe shows you exactly what equipment to use and where to place it to get the best light for a specific seeing task. You just use a tape measure and follow the simple directions.

Free! "Light Conditioning" Recipe Booklet

It's brand new! Includes tested Light Conditioning recipes for reading, sewing, cooking, home study and other seeing tasks. Tells exactly how to light every room in your home. Call at our office for your free copy today!

COMMUNITY PUBLIC SERVICE COMPANY
Your Friendly Electric Company

is believed to be the highest rate in the continental United States. The Navajos are among the sickest people in the nation, with the least amount of medical service, in spite of the fact they are wards of the government.

Seventy-five per cent of the Navajo tribe is illiterate as compared to Negro illiteracy of 16.1 per cent, foreign-born white illiteracy of 1.5 per cent.

A disgracefully lopsided amount of the Indian Bureau's annual bud-

get of approximately \$40,000,000 goes for administration salaries—to keep the politically faithful on jobs. Inefficiency, corruption and political jurisdiction strife have been trademarks of the Indian Bureau.

The Rev. Bernard A. Cullen, of the Marquette League, one of the best informed authorities on the plight of these wards of our government, says: "We have driven the Indian into an abysmal pit of darkness and misery, and the very

least we can do is lower the ladder of opportunity to help him climb out into the sunlight and know again the pride that was once his."

Freedom of opportunity for the Indian and the unfettered opportunity to redevelop his self-reliance and pride, — these are the best gifts within the province of our nation, not more bureaucratic paternalism. The Indian is not inherently a second-class citizen. If reborn into independence,

he could do equally well for himself as the millions of immigrants have done who came to America penniless and illiterate. But with the continued political guardianship of a Federal bureau taking away all of their natural instincts and characteristics the American Indian would become, as would any other branch of the human race, mere creatures — with final extinction probable.

Brought to you each week by *Sally and Johnny O'Mala*

Paint Right

For New Comfort and Pleasure in Your Home

With today's new paints and colors you can make your home more livable for all the family... give tired rooms a lift... actually modernize your home's appearance inside and out. But to get the utmost

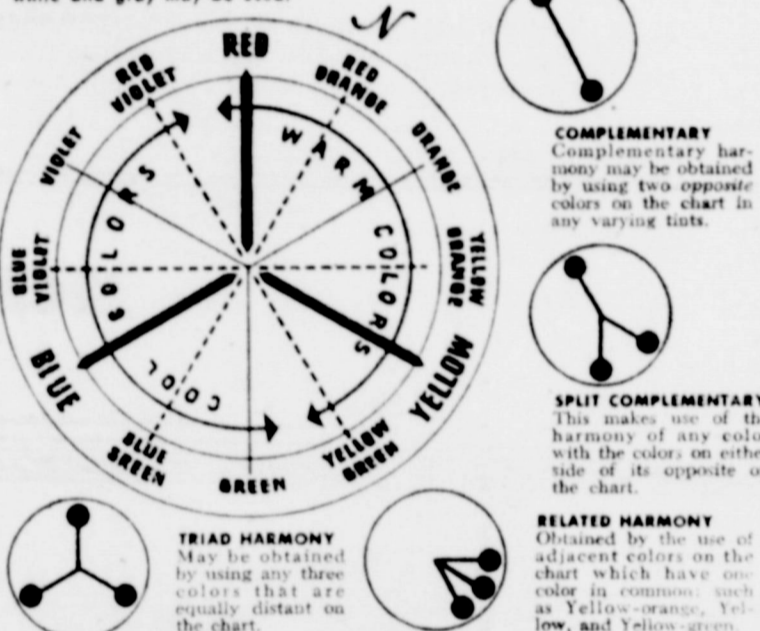

"Pretty as a Picture" inside or out. In beauty and protection, be sure you use the right paint.

EASY WAY TO INSURE COLOR HARMONY

The simplified chart below shows the relation of the basic primary, secondary, and tertiary colors... which, of course, can be intermixed to create any number of more subtle colors. The small circles show four simple examples of color harmony. Of course, all colors may be used in any of their varying shades, and in any standard color harmony, the neutrals, black, white and gray may be used.

Placing of colors on this chart is based on exposure to sunlight, with the warm colors for the cool light of the north, and the cool colors for the warm light of the south. This is a good general rule to follow in choosing colors for the various rooms... but always choose shades of colors that YOU like, that reflect YOUR personality.

HOW TO CHOOSE THE RIGHT PAINT

Paint manufacturers have developed decorative finishes and protective coatings that are right for every surface. The best advice you can obtain will come from your local lumber or paint dealer who has had broad experience with paints in your locality, under your climatic conditions.

EXTERIOR WALLS
Use ready-mixed oil-base exterior house paints for exterior wood surfaces.

ROOFS
Use special shingle paint or stain on wood shingles. Use rust-inhibitive primer and good metal paint on metal roofs.

PORCHES, ETC.
Paint porches, pillars, floors regularly to avoid rot, rust, and expensive replacements.

CHIMNEYS
Don't neglect. Use special water repellent paint.

WINDOWS and TRIM
Use special "Trim and Trellis" paints for longer color retention.

LIVING ROOM
Use paint suited to your materials in any of the new flat or deep tones.

HALLS, ENTRIES, ETC.
Use enamels and other tough surfaced materials to withstand wear of heavy use.

BEDROOMS
Use bright, fresh finishes that lend themselves to your decorative scheme. Paint walls and woodwork.

BATH
Use gloss paints and enamels for woodwork.

KITCHEN
Use modern color schemes and paint regularly for cleanliness and improved working conditions.

Sally Says:

To make a room seem larger use light colors throughout. To make it seem small and cozy mix your paints in darker tones.

Use cool colors, gray, blue, blue-green or green in rooms that tend to be hot in summer. Ivory yellow, peach, beige, and coral will warm a room that lacks light.

The end walls of too-long rooms can be brought closer together by painting them in darker shades of the side wall colors. In the same way you can make high ceilings seem lower by painting them in darker shades than the wall colors.

If you want to tie two rooms together, reverse the color scheme. Just put the ceiling color of one room on the walls of the other and vice versa.

Johnny Says:

Look out for moisture: It's paint enemy No. 1! It's the most frequent cause of paint blistering and peeling.

If your paint looks like an alligator's skin with heavy square check marks, it's usually because the undercoat did not dry sufficiently.

If your paint sags and wrinkles, it's caused by paint with too much oil, or paint applied in too-thick coats. It may also happen when paint is applied to a glossy surface that has not been "cut."

If your paint flakes and cracks you'll usually find the flaking occurs over pine knots. Knots should be coated with aluminum paint or special sealer. Cracking is caused by the difference in the shrinkage of the paint film and the wood. Thick paint films crack more easily than thin.

All But Impossible to Believe!

Standard equipment, accessories and trim illustrated are subject to change without notice.

It is very difficult to believe—but, each month, there are literally thousands of people who pay as much for their motor cars as it would cost them to buy Cadillacs . . . and, yet, they don't get Cadillacs.

As we said, this is very hard to believe—but the reasons for it make it more or less understandable.

In the first place, a great many people simply don't know what a Cadillac costs. They don't understand that the lowest-priced Cadillac actually costs less than certain models produced by numerous other manufacturers.

They only know that Cadillac is the world's most renowned motor car—and they assume, from this, that it must also be exclusively priced.

Too, some people get discouraged because they can't walk in and order a Cadillac and get immediate delivery—as they can with so many other makes of cars.

This, too, is largely due to a failure to get all the facts and think them through to the inevitable conclusion.

You have to wait a while for a Cadillac because so many people want one—and want it so badly that they are

willing to wait for it. And that, in turn, is because Cadillac is recognized everywhere as the Standard of the World.

So if you want a Cadillac—and research indicates that a vast percentage of motorists do—come in and talk with us about it.

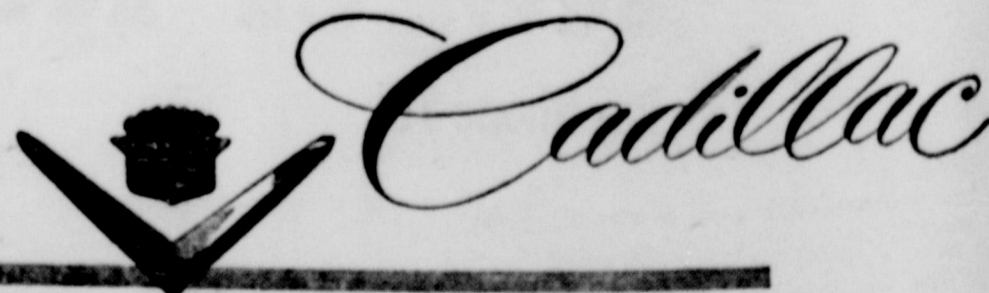

We'll give you the facts concerning comparative costs. And we will also talk frankly with you about delivery dates, so you may know about what to anticipate.

You really owe it to yourself to do this. For, surely, you don't want to pay the price of a Cadillac—and still not get one!

If we already have your order for a Cadillac—stand firm in your conviction—for each day brings you closer to your heart's desire.

It is true, of course, that you can get quicker delivery on other makes of cars. But, in all the world, there is no other car like Cadillac.

So be patient—and you will have your reward!
