Monday Holiday For Most Retail Stores

According to word passed on by the Retail Merchants' Association, most of the business of Sanderson will be closed all day Monday as well as Tuesday, January 1. This will give most of the employees of Sanderson a three-day holiday.

Service stations, cafes and the drug store will not observe the holiday on Monday.

H. M. Overstreet Retires From Railroad Service In Del Rio

Last Wednesday marked the completion of forty-six years of service with the Southern Pacific railroad for Hugh M. Overstreet, 65-year-old yardman of Del Rio, Wednesday was also his 65th birthday anniversary.

A descendant of a pioneer West Texas family, he is well known in this area. Widely known in Masonic circles, he is past worshipful master of the Del Rio lodge and has served as its secretary for several years.

A native of Killeen, Texas, Overstreet started his railroad career as a switchman October 1, 1905. All of his service has been at Del Rio except from 1917 to 1928 when he was employed as yardmaster at Valentine.

Overstreet has no definite plans following his retirement. He is a brother of Mrs. J. W. McKee.

REV. AND MRS. BRIDGES ON THREE WEEKS TRIP

Mrs. J. A. Kennedy Car Wreck Victim, Buried in Bradshaw

Funeral services were held in the Baptist Church at Ovalo Sunday for Mrs. J. A. Kennedy, 71, who died Friday in a San Angelo hospital. Burial was made in Bradshaw with Dr. Albert Lundy, Bible instructor at Hardin-Simmons University, officiating.

Mrs. Kennedy received multiple fractures late Wednesday night in a car-truck collision near San Angelo. With her husband, she was en route to Graham to attend the funeral services for her brother. Their late-model car crashed head-on into an automotive transport on a bridge twelve miles north of San Angelo.

Besides the husband, other survivors include three sisters, Mrs. Hattie Powell of Guion, Mrs. G. A. Postlewait, South Bend and Mrs. A. W. Heath, San Antonio; and a brother, W. A. Slak of Dallas.

Mrs. Kennedy, a native of Parrotville, Tennessee, had lived in Sanderson about three years.

Mr. Kennedy, a local pumpier, is seriously ill in a San Angelo hospital suffering with a fractured hip and other injuries received in the crash.

Approximately Ten Miles F-M Paving North of Dryden OK'd

In Terrell County a farm-to-market paving project from the end of the present paving north of Dryden for a distance of 7.5 miles has been approved. This up to the total amount approved for the present paving extension to approximately 10.5 miles, since the allocation of funds last year has been delayed to go in with the current allocation to save money, possibly, by having both jobs contracted at one time, according to R. S. Wilkinson, county judge.

The right-of-way will be furnished free-of-charge to the state by Terrell County and upon the acceptance of the provisions of the order by the proper Terrell County officials, the State Highway Engineer is directed to proceed with the preparation of plans for the construction and when the right-of-way and funds are available to proceed with the construction and to assume the road for maintenance upon completion of the project.

No Serious Injuries To Passengers Of Overturned Bus

After examination by a local physician, six occupants and the driver of a west-bound bus were released Christmas Eve night after the bus had overturned on the Sanderson Canyon bridge east of Sanderson.

It was reported that the driver of the bus was blinded by an approaching vehicle as he approached the bridge and the bus got out of control and overturned when it went off the highway.

There was extensive damage to the bus.

Rate Raise Rouses Residents' Rancor

Effective January 1, 1952, postal service rates will cause patrons of Uncle Samuel's postoffice to dig deeper for practically every service rendered.

Unchanged in the scheduled rate increase is the three-cent rate for first class letters. Drop letters of the first class for local delivery will be two cents for each ounce or fraction thereof. Postal cards will be placed at two cents each with an additional charge of ten per cent of the value on purchases of 50 or more.

Special delivery charges were upped from 15c to 20c and the minimum registration fee hereafter will be 30c instead of the former price of 25c. Many other changes are included in the new rate change, one affecting the mailing rates for newspapers, but the few listed are the most commonly used.

The rates and additional charges were fixed by an act of Congress, Public Law No. 233, approved October 30, 1951. Postal authorities have no power to make exceptions to the law.

President R. L. Bowen of the Community Public Service Company, left, congratulates Jimmy Caroline, Sanderson manager for the firm, after presenting him with a gold service pin for 26 years of service with the company. Caroline has the longest service record of the 13 West Texas employees of the company awarded service emblems at a dinner in Kermit recently. Combined service of the 13 employees was 212 years.

Suspects' Freedom Short After Jailbreak Early Wednesday

Two young men, whose addresses were given as Richmond, Texas and Baltimore, Maryland, were picked up Monday on suspicion by the local sheriff's department. They were driving a car that was found to have been stolen in California. The boys were placed in the local jail to await the arrival of federal officers.

The youths were placed in one of the cells in the top of the courthouse and Wednesday morning early made their escape from the cell and building. The boys were reported seen on the road toward Dryden and Sheriff J. S. Nance and Deputy J. A. Mansfield left in search of the escapees. Sheriff Nance reported that he passed the boys just east of Dryden but before he could stop the car they had left the highway and went to the rough country. Search by officers on foot and by plane failed to locate the boys all day Wednesday and road blocks were set up early Wednesday evening to try to stop their escape.

The boys were taken off of the east-bound bus early Wednesday night by officers holding the road. They had lain up in the brush all day and caught the bus as it came along the highway. They also stated they had attempted to catch a freight train, but that it was going too fast for them to get on.

Sheriff Nance had not attempted to ascertain the manner of their escape Wednesday night.

The boys are being held in a more secure cell to await the arrival of federal officers.

Appeal Made To Support Dimes Drive Beginning January First

Governor Urges Aid Patient's Appeal

Stresses Need For Dimes Contributions

Austin, Dec. 27 — Governor Allan Shivers emphasized the impact of polio on the family, community, state and nation in officially designating the period from January 2-31 for the 1952 March of Dimes.

In an official memorandum, bearing the Seal of Texas, which was signed December 26, the Chief Executive cited the heavy expenditures of March of Dimes funds by the National Foundation for Infantile Paralysis in combatting four consecutive years of heavy polio incidence.

"As a result of these attacks," Governor Shivers added, "thousands of patients from previous years as well as approximately 75 per cent of those stricken during 1951, have required financial assistance from the National Foundation for Infantile Paralysis."

"No one can predict when this upward curve of polio incidence will be curbed."

"Texas county chapter of the national foundation continue to spend annually large sums of money in patient care and health education."

"During the March of Dimes, its sole source of revenue, the National Foundation for Infantile Paralysis asks for generous voluntary contributions to continue its laboratory research, professional and health education, and patient care programs."

W. W. Sudduth, Terrell County Chairman of the March of Dimes drive, stated Wednesday that the recent combined drive for the Gonzales Warm Springs Foundation and the March of Dimes netted approximately \$325 and is so small amount, as compared with previous years, that it would be necessary to again ask for contributions to this cause. The combined drives were planned in hopes that a sufficient sum would be received to eliminate one of the annual drives of the closely-related institutions.

The annual amount collected by the March of Dimes has been between \$700 and \$800, according to Sudduth, and with the polio incidence as high as it has been, it is presumed that as much will be needed in 1952 for the care and prevention of the disease as was needed in the year just ended.

Sudduth added that letters seeking contributions would not be mailed this year in an effort to cut down on the expenses of the drive and that jars would be placed in the businesses of Sanderson and Dryden to collect money for the drive. The letters would be mailed, however, he stated, if the jars do not net what is considered a sufficient sum for the drive. Any contributions may be mailed to Mr. Sudduth for the drive and all contributions are sorely needed and will be greatly appreciated by the officials of the National Foundation for Infantile Paralysis and the victims of the disease.

Rolena Johns Graham

SAN BENITO, TEXAS

Ed. Note: — The following is a story — an appeal — written by a polio patient. The directness of the appeal is worthy of note and the necessity of the cooperation of the citizens is vividly portrayed in this story.

I'm just a little shaver and of course folks don't pay much attention to me, but Mister, I'm just like all kids. I like baseball and football and you know what, once when our team scored I got so excited I wear my chewing gum.

I like marbles, gosh, you ought to see my aggies. I like funnies, too, an I'd like to romp with my dog "Stumpy." Daddy says he's not much of a dog but all the same I like him — he understands me. When I sit all quiet like he sneaks up close to me. Sometimes he sits up on his haunches and whines like he is sorry — and sometimes he just licks my hand.

I'll bet my Daddy is the best fisherman ever was. We used to go way up in the mountains to fish. Soon as we got things unpacked we'd stick trout flies all over his hat and mother would say "Jim, don't you dare ever make fun of my hats." Then he'd put his hat on all crooked and say, "Come on Jimmy, this is no place for a couple of he-men. Let's go fishing." He would grab my hand and away we'd go and I'd almost spit my pants trying to take long steps like daddy.

When we'd get to a good looking spot — little quiet pools or ripples — daddy would pull his waders up around his hips, step down into the stream and then wink at me and say, "Watch sharp Jimmy, I'll show you how to catch 'em. I'm going to catch the granddaddy and he'd say, "Nope, I have changed by mind. I'm going to leave old granddaddy right here for you to catch when you get big enough to wear my waders."

I wish you could see my daddy shoot birds, mister. I'll bet he's the best dog-gone shooter in the country, maybe in the whole wide world. He was teaching me to shoot. He used to call me Jimmy Retriever because when he'd shoot a bird I'd get it for him. Sometimes I'd pick off the feathers.

We used to have a lot of fun — Mom and Dad and Sue and me. But, well, things have changed at our house. Dad and mom keep trying awfully hard to laugh like they used to but it doesn't sound the same — it isn't bubbly any more — leastwise not to me.

You see, mister, I guess I won't ever romp with Stumpy any more. And I won't be able to wear daddy's waders or catch that old granddaddy fish. I won't be able to go shooting or retrieve daddy's birds. And I can't play marbles — or do any of the things boys like to do, like play baseball or football.

And Sue, well Sue was my sister — Sue isn't here any more. Sue and I had polio and Sue, well she died. Me? — well, they say I won't ever walk again. So you see, Mister, how things have changed.

All I can do now is read the funnies, listen to the radio and rub old Stumpy's head. Good thing I can use my hands, isn't it? I told you Stumpy understands — he gets as close to me as he can and looks right at me as if he was saying — I know all about it Jimmy. I miss Sue, too — I know you can't play — but I'm right here by your side.

Folks won't pay much attention to what I say but they'll listen to you. So please won't you tell them not to forget to do their share. They don't seem to forget, I suppose. They sure wouldn't if they knew just how a guy feels when he sees other fellows running and playing, doing all the things you love to do — but can't ever do.

NEW YEAR RESOLUTION NO. 1

OUR GRAVEST DANGERS

As we enter a new year grave problems and dangers confront our nation. The gravest danger of all lies in the fact that so many Americans do not recognize nor understand the true situation.

Well, what are the actual facts? After winning World War II just six years ago and at great cost in lives and resources, and then losing the peace, we are now in a shooting war with the Communists which our military leaders say we cannot win at the present time.

Russia now rules a billion people, she has the atom bomb and a bigger and perhaps better air force than we have. A powerful Communist Fifth Column in America has been permitted to steal our military secrets and is ready to sabotage our factories and transportation systems when Stalin gives the word.

Our government is taking approximately 30 per cent of the national income in taxes; citizens are working, on the average, of one-third of the time, to pay taxes. The national debt is \$280-billion—about \$7,000 on every family in the nation.

Inflation is crippling the purchasing power of the dollar; in fact the dollar is worth less today than at any time since the Constitution was adopted 162 years ago. Inflation is undermining thrift, endangering our whole eco-

nomie life. And government policies are feeding inflation, not heading it off.

Nearly 25,000,000 people are now regularly getting checks from the government. More and more people are getting the "gimme" disease. The virtue of self-reliance, which built America, is becoming a casualty of the times.

It now requires 2,500,000 civilian workers to staff the Federal bureaucracy. The salaries alone amount to \$8-billion a year—nearly two times the total federal taxes collected in any year before 1940.

Studies made among school student bodies in many sections of the nation in 1951 indicate that our schools and colleges are turning out a generation of young men and women, who, while qualified along special lines, are not well educated, are not aware of the comparative advantages of the American economic system, do

not understand how it works, and are therefore easy marks for the propagandists seeking to change our way of life into a government-operated welfare state. Nationwide polls show the adult public to be woefully uninformed on economic facts.

Morality in public life has taken a plunge to the lowest level in our history. Congressional committees have heard testimony that federal taxes in many sections have been "fixed" for political favorites and for bribes. Gangsters and racketeers have gained political respectability through party contributions. Corruption, dishonesty and dishonor have made a winding dirty trail through the government. Political parasites, plying their trade in Washington with the assistance of high officials, have become rich. Few have been brought to the bar of justice.

Yes, the problems and dangers confronting our nation are grave. And the gravest of all is public apathy. If I were permitted three wishes for the new year they would be (1) for a rebirth of spiritual values, a rededication to the Christian principals, a truly righteous uprising against corruption; (2) the cutting 'nha!' of the huge flow of taxes into Washington. Like sugar, a big lump of money draws flies—green flies off the refuse dump—and the germs they carry pollute and contaminate the nation. The power to tax has become a destructive force. We must control it and drive off the green flies. The third wish is (3) for the outlawing of the great conspiracy against America—the Communist Party.

Electricity Makes a Happier Farm Home

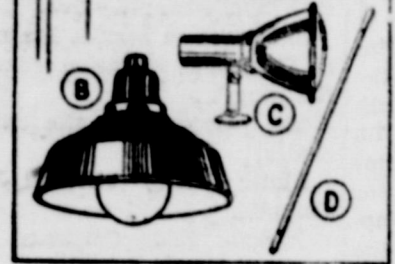

... and it pays Full Dividends in Better Living and More Production

No matter what you want to do on your farm or ranch, there is almost sure to be a modern way to do it better... electrically. Household and farm chores that once were drudgery become pleasant tasks with the help of electricity; but, even more important, electricity actually increases farm production and profits.

WHAT ABOUT YOUR FARM LIGHTING?

Fewer accidents, protection against frosty, and less time required for chores are just a few of the advantages of modern farm lighting. Good lighting provides water safety and increases production.

NEW LAMPS YOU CAN USE

- A. FARMYARD LIGHT. For barnyards, garages, and other outside uses. B. FLOODLIGHT. For driveways, barns, and emergency night work. C. STERILAMP. With germ-killing rays effective in controlling airborne bacteria in poultry houses, dairy barns, etc. D. DUSTLIGHT LAMP. For haylofts, feed rooms, etc., where atmosphere may contain ignitable dust.

DO IT FOR LESS WITH AN ELECTRIC MOTOR

Efficient, modern electric motors are the most economical help you can hire. They will do most any type of labor-demanding farm jobs including: Feed Grinding, Corn Shelling, Grain Drying, Wood Sawing, Hauling, Silo Filling, and Water Pumping.

HOW MANY Electric Servants are working for you?

ELECTRIC RANGE The trend is to electric cooking on farms because it is clean, safe, dependable and economical.

ELECTRIC REFRIGERATOR New refrigerators do a better farm job. They combine frost-free with refrigeration.

ELECTRIC MILK COOLER New models assure efficient, low-cost milk cooling, provide faster cooling with trouble-free operation.

ELECTRIC WATER HEATERS Assure the ample supply of hot water you need for conduct your station.

ELECTRIC HOME FREEZER A farm investment that soon pays for itself in time and food saved. You'll live better with a home freezer.

ELECTRIC WASHER New conventional and automatic models now make light work of one of the farm's hardest chores.

SALLY SAYS:

If you're bothered by grease splattering over stove and walls when you fry, try turning the colander upside down over the frying pan. It will permit grease to escape, yet prevent splatters from getting on the stove.

Did you know that rainwater dates won't stick to your grinders if the grinder is scalded thoroughly just before you use it?

When you've spilled food on the open coils of your electric range, don't try to wash it off. Let it char, then a soft brush will remove it easily. Never use a stiff brush or sharp instrument to clean the open coils of your electric range.

JOHNNY SAYS:

When your hammer head goes loose, it's because the wood handle dries out and shrinks. Rubbing the top of the handle with a mixture of glycerin and water will cause moisture to penetrate and swell the handle to a tight fit.

One of the easiest ways of tightening loose screws is to remove the screw, stuff the hole full of steel wool, and replace the screw. This is also an excellent way to get screws to hold in plaster.

Next time you have to re-point a window try using the back of a pointed can opener, (the type that punches a hole in the can). The triangular shape of the opener's point just fits the space to be filled and you can control the amount of putty by the angle at which you hold the opener.

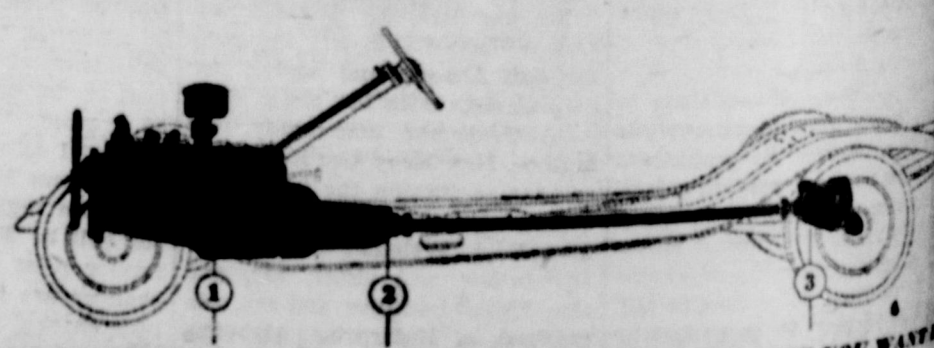

What a Wonderful Thrill To Drive!

The Great New 1952 Pontiac Spectacular Dual-Range Performance

The only way to fully appreciate Pontiac's wonderful new Dual-Range performance is to try it for yourself.

There has never before been anything quite like this combination of Pontiac's high-compression engine, the new GM Dual-Range Hydra-Matic* and Pontiac's high-performance, economy axle. You can select, with a flick of your finger, exactly the power you want, when you want it, where you want it—instantly, automatically!

When you combine this basic engineering advance with Pontiac's beauty, economy and durability you can see why dollar for dollar you can't beat a Pontiac. Come on in and drive it!

THE POWER YOU WANT • WHEN YOU WANT IT • WHERE YOU WANT IT

Miss Billie Corder Married Sunday To William R. Ruggles

Ray, John W. Byrd was the officiant for the wedding ceremony Sunday afternoon at four o'clock when Miss William Wood Josephine (Billie) Corder became the bride of William Randolph Ruggles, son of Mrs. Ella R. Ruggles of New York City and Frank Ruggles of Toronto. The bride is the daughter of Mr. and Mrs. E. Corder of Sanderson.

The candlelight ceremony was in the First Presbyterian Church. Small silvered pine trees were grouped in the altar space and placed around the auditorium at intervals. Five and seven-branched candelabra were arranged on either side of the altar with a central arrangement of white dahlias and mums in a large brass bowl on the altar table.

Sprays of mistletoe entwined the brass candelabra and were tied with the loops and streamers of white satin ribbons caught in the pews down the center aisle. The candles were lighted by David Mitchell, cousin of the bride.

Mrs. R. S. Wilkinson played the traditional wedding marches.

The bride, given in marriage by her father, wore a gown of white tulle and marquisette over white tulle, made with sweetheart neck and short full-gathered sleeves. The bouffant skirt of ballerina length was accordion pleated. The finger-tip veil of illusion fell from a cap of white tulle. She wore white satin slippers and a single strand of pearls. For something old, borrowed and blue, she wore a small ring belonging to her mother tied to a blue garter and a six-pence in her shoe. Her crescent-shaped bouquet was of gardenias.

Mrs. E. J. Rowlett, Jr., the sister of the bride, was her only attendant and wore a gown of white net over a blue tulle slip with embroidered strapless bodice and stole of the net was draped around her shoulders. She wore a bandeau of the net, carried a bouquet of white carnations, and completed her costume with blue satin slippers.

J. M. Corder, uncle of the bride, was best man. Ushers were C. C. Mitchell, cousin of the bride, and Sgt. Hal J. Rowlett, Jr., her brother-in-law.

Following the wedding, an informal reception was held in the home of the bride's parents. The table in the dining room was covered with a white nylon net cloth with a ruffle of the same material extending to the floor. An arrangement of white gladiolus and mums was on the buffet. The three-tiered cake was served by Mrs. Mary E. Mitchell after the bride and groom had cut the first slice. Punch was served by Mrs. Ed Harkins and coffee by Mrs. N. M. Mitchell.

The couple left by train for a wedding trip and will make their home in New York City where Mr. Ruggles is employed by the Sinclair Refining Co. Mrs. Ruggles is a copywriter in the radio-television department of McCann-Erickson, Inc., a New York advertising agency.

The bride is a graduate of the Sanderson High School and also received her B. A. degree from the University where she was a member of Alpha Phi.

Wedding guests from out of town included the bridegroom's mother, Mrs. Ella R. Ruggles of New York, Sgt. and Mrs. H. J. Rowlett, Jr. and daughter of Rowlett, N. M.

TURKEY DINNER AND PARTY FOR THURSDAY CLUB

Departing from the usual custom of their parties, members of the Thursday Club enjoyed a turkey dinner at the home of Mrs. S. H. Underwood last week, each guest bringing some dish for the dinner. The guests were served from the buffet and seated at quartet tables.

Christmas decorations were used in the party rooms.

At the conclusion of the bridge games following the dinner, high score prize was presented to Mrs. Floyd Smith, second high to Mrs. Jack Laughlin, low score prize to Mrs. P. P. Courtney and slam prizes were held by Mrs. R. G. Stegall and Mrs. J. D. May.

Gifts were exchanged from the Christmas tree.

Guests included Mesdames Willie Banner, Roger Rose, H. E. Fletcher, P. P. Courtney, John Harrison, M. H. Goode, Jr., C. I. White, Jack Laughlin, J. D. May, G. H. Mayfield, Ora Quigg, Hugh Rose, A. H. Zuberbusler, R. G. Stegall, I. B. Rusk, S. H. Underwood and Floyd Smith.

Christmas Party Thursday For Culture Club

Mrs. H. C. Goldwire entertained the Sanderson Culture Club at her home Thursday afternoon with Mrs. Wes Kirby as co-hostess.

Unusually attractive Christmas decorations were in evidence in the party rooms. A spray of evergreens and pine cones was caught to the mantle with a large red satin bow and candles on mounds of evergreen mingled with red Christmas ornaments formed the mantelpiece.

Christmas cards were arranged around the double door to the dining room and festoons of pine boughs, cones and ornaments were tied with red bows. Arrangements of yellow and bronze chrysanthemums flanked by a huge candle were on the coffee tables.

Mrs. L. E. Arledge was program leader and told the story of the origin of Christmas. A medley of favorite Christmas songs and carols was played by Mrs. M. B. Wilson. The story, "The Other Wise Man," by Henry Van Dyke, was told by Mrs. J. H. Lockhausen.

Members participated in the club's Christmas project, a cash donation for the Gonzales Warm Springs Foundation.

The hostesses invited the guests

to the dining room for refreshments. The lace-covered table had a Della Robia wreath for the centerpiece. Red candles in crystal holders and a large Santa Claus figure, complete with sleigh and reindeer, was on the buffet. Christmas colors and motifs were stressed in the refreshments, napkins and confections. Mrs. O. H. McAdams served the salad and Mrs. T. R. Arrington the punch. A frozen wreath of greenery and candied Christmas fruit floated in the punch bowl.

Members present included Mesdames A. D. Brown, James Caroline, W. T. Attaway, T. R. Arrington, L. H. Gilbreath, L. E. Arledge, M. W. Duncan, H. E. Estle, J. W. McKee, J. H. Lockhausen, W. H. Savage, M. B. Wilson and guests, Mrs. O. H. McAdams of Round Rock and Mrs. Frank Warren.

Patient's Appeal—

(Continued from Page One)

again. Makes a fellow feel all shivery and cold and aches inside. Sometimes when daddy and I went fishing or hunting and we walked a long way I'd cry a little at night because my legs ached. Now sometimes I cry because they won't ever ache any more from walking or playing.

A lot of kids who have polio run and play again. But some die — like Sue — and some won't walk again, like me. But a lot more of them will live to walk again and play again if people will just remember to give to the March of Dimes.

So please, mister, won't you tell them about Sue and me and tell them not to forget? Tell them not to let the polio kids down. The next one might be theirs.
