SANDERSON, TEXAS, FRIDAY, FEBRUARY 22, 1952

NUMBER 1

VOLUME XLV

LISTEN TO LUKE

Who is a loyal Democrat? That is a good question for every voter to answer. Is it the "yellow dog" variety who thinks that the "king" can do no wrong or is it the Democrat who wants to clean up the Democratic party and rid it of the traitors to the party who have so readily taken advantage of office tenure to advance their personal political gains?

Governor Alan Shivers and Attorney General Price Daniel are the Democrats who want to send an uninstruced anti-Truman delegation to the Democratic convention so that the Truman crowd can be disposed of and a real Democrat placed in the Democratic race for President. There is little need for Texans to sit idly by and let Trumanites force a candidate upon our throats in the name of the Democratic party when in reality we all know that he is a traitor to the party.

There are many outstanding Democrats in the country who could be chosen if there are enough anti-Truman delegates to block nomination. There is Dick Russell, Jimmy Byrnes or Harry Byrd, much as I hate to use the first name of Senator Byrd. It is time to begin thinking about our precinct conventions. Let us all see the county chairman get a meeting arranged so that the wishes of the Terrell County voters may be expressed. With an uninstruced delegation coming from Texas it would be possible for the group to swing the election to Eisenhower and have placed on the Democratic ticket in Texas. Ike once said, "I have no end to serve but the good of the United States." That, alone, is sufficient for a platform for the next President of the United States.

The President has been quoted as saying that if Ike was in the White House there was plenty of work for him. The general had a "201" just like any other soldier. Is it possible that all the mud obtained from the general's 201 would be used for something other than sticking to some of the other potential candidates? Senator Byrd stated that \$8,000,000 could be cut from the budget that was submitted by the President for \$85,400,000,000 which would necessarily mean an increase in the already too high taxes that have been placed on the people of this country. The President says it can't be done without hampering the armament program. Chances are Senator Byrd, who has served as a watchdog committee member to see where money went would be in a better position to know if it could be cut than the President who, like a soldier, does not even know what is called for in the budget. A good idea, and it could be done.

It is time to have the Senator state to the people his side of why the budget should be cut and then have the President appear in rebuttal to his reasons for insisting on an enlarged budget. It could be done by having the two men appear, and alone with only the questions they need for their arguments. It would be a safe bet that the Senator would present a much more practical program. Since the budget figures were drawn up and compared for the President's signature, it is altogether possible that he never has taken the time to read it in its entirety.

There have been numerous columns of printed matter appearing in recent publications which tend to bring the attention of the public to some of the unnecessary spending that the government is doing. A recent example of that was when recently the National Production Authority spent \$30,000,000 in sending telegrams to 11,000 businessmen when the same could have been done by air mail for \$834. This wasteful expenditure was handled in this manner under the pretense of a sense of urgency.

There is the story: The NPA wanted to learn the impact of materials allocation on employment. It has routine forms, filled by manufacturers, which provide this information. But this is what it wanted to be sure that it received the information in a hurry so it borrowed two mailing lists from the Labor Department's

Glynn Chandler is pictured above with his grand and reserve champion lambs at the Terrell County F. F. A. Livestock Show here February 9. The lamb at the left is winner of the fine wool division and reserve champion and the lamb at the right is winner of the crossbred division and grand champion of the show. Chandler also won top honors in the ram and breeding ewe divisions. —Times Photo

Texans Urged To Look At Economic Facts Of Federal Government Tidelands Grab

Texans have been outraged at the theical facts of the tidelands controversy — the attempted Federal grab of properties long considered to be the sole properties of this state. On ethical grounds, Texans rightfully would have been incensed had the attempted grab involved but a dollar which

by law belonged to Texas.

Few F. F. A Lambs Place in Show At San Antonio

The Sanderson F. F. A. boys returned from San Antonio last week and reported very stiff competition in the sheep divisions there. The local chapter placed 5th with a pen of 15 lambs. Glenn Chandler and Marion Powers remained in San Antonio this week for the final judging in the sheep classes. Powers placed ninth in the two-tooth Rambouillet ram class and Chandler placed eleventh in the same class. Chandler placed ninth in the Rambouillet ram lamb division and tenth in the Rambouillet two-tooth ewe division. Powers also placed tenth in the Rambouillet ewe lamb division. Local boys received around 26c per pound for the lambs that were exhibited last week, according to reports.

Changes Made To Local Businesses

Several major changes have taken place in Sanderson's only drug store since the first of the year.

The first change was when M. W. Duncan, who has been a pharmacist and pharmacist in the drug store for the past three years, had his name added to the business formerly known as Spears Drug Co. The name of the business was changed to Spears-Duncan Drug Co.

R. V. Spears became half owner of the drug store in February, 1947, and in April of 1948 bought the interest of his partner, C. W. Platt of Marfa. Before coming to Sanderson, Mr. Spears was employed by the C. G. Morrison Co. in Marfa.

Mr. Duncan came to Sanderson in November of 1948 from Trinidad, Colorado, where he had been employed as a pharmacist for three years, and bought an interest in the store.

The store gave up its retail liquor license in recent weeks and has closed out its stock of liquor.

A new sign has been painted on the north and west windows with the new name of the business in red, black and white letters.

Another noteworthy remodeling job is being completed this week with the erection of a new awning on the front of the building occupied by the Peavy Insurance Agency and Riggins Jewel & Gift Shop.

Upon completion, the awning and the front of all the building was painted grey.

GEORGE GEASLIN SERIOUSLY ILL IN HOSPITAL
George Geaslin, Dryden rancher, who was the victim of a stroke suffered ten days ago, remains critically ill in a Fort Stockton hospital. His wife is at his bedside and his daughter, Mrs. Dean Farmer, of El Paso spent several days with him this week.

JACK TALBOT NAMED 'MOST VALUABLE' AT FOOTBALL BANQUET TUESDAY NIGHT

Tuesday night the members of the 1951 Bi-District winning Eagle football squad were guests of honor at the annual Sanderson Lions football banquet. Other guests were Eagle Coach C. W. Snowden, Assistant Coach Norman Rath, Junior Coach Robert Carle and Pee Wee Coach H. C. England; C. C. Mitchell, movie photographer; their wives, the Lionesses, R. S. Wilkinson, Mr. and Mrs. Rodney C. Cathey and Misses Barbara Rose and Mary Lou Cargile, who furnished special music for the program.

Max Baumgardner, coach of the San Angelo College Rams, was the principal speaker for the evening. Football players present were: Joe Nessmith, Tommy Mansfield, Juan Olivares, Raul Flores, Rosendo Silva, Willie Wolfe, Roman Zepeda, Jack Savage, Douglas Atfaway, Galor Cobos, Ruben Esqueda, James Clark, Roberto Arredondo, Jimmy Harrison, Charles Stegall, Bob Wilkinson, Leon Garza, Nicky Hahn, David Mitchell, Higinio Pena, Frank Vasquez, Jack Talbot, Jimmy Caroline and team manager David Flores.

Rev. Olaf Hoggard gave the invocation after which Lion President Frazor gave the welcome address.

Following a dinner consisting of tomato juice cocktail, combination salad, turkey and dressing, potatoes, peas, apple pie, rolls and coffee, Coach Snowden introduced the assistant coaches, members of the football team, Mr. Mitchell and Coach Baumgardner who spoke to the boys and showed a film of the San Angelo Junior College-Hinds College game on January 1.

Jack Talbot, 4-year letterman and tri-captain of the 1951 Eagle team was presented a trophy as the "most valuable" player of the 1951 team, a unanimous vote of

his team mates. Coach Snowden made the presentation.

Talbot is one of five graduating Eagles. He played in the backfield three years and worked in the line and backfield his second year with the team. His shifty running added to his natural speed made a difficult target for would-be tacklers. On several occasions in the past two years Talbot showed only his heels to the opposition for many long touchdown runs on district gridirons.

Supt. Matt Bader received the bi-district championship trophy from Coach Snowden as an award from the players to the school.

The banquet was served in the band house with the guests seated at a large U-shaped table and a smaller table placed between the opening of the U. Ribbon in black and orange, the school colors, entwined the styrafoam goal posts on the piano with "Eagles" in large letters on the crossbars. Helms and football shoes held the floral decorations on the tables. Plate favors were orange banners on a staff supported by a styrafoam base which held the place-cards. On the banner was printed "Bi-District Champions — 1951" in black.

About eighty were present for the banquet.

Teacher Situation Facing Critical Era In Worst Shortage

Austin, Feb. 17 — Texas schools are facing one of the most critical periods in their history, Charles H. Tennyson, executive secretary of the Texas State Teachers Association, said today, as he outlined pressing needs for new buildings and more teachers over the entire state.

The school population, particularly on the elementary level, is growing at an alarming rate, he pointed out. For example, births in Texas in 1945 — this year's first graders — numbered 156,000. In 1947, births in the Lone Star State jumped to 197,000, an increase of 65,000. If this additional group could be divided into classes of 30 children each, Texas would still need 2,100 additional teachers and classrooms in just the first and second grades.

And the birthrate continues to climb. In 1950, live births numbered 263,678, and the number for 1951 will exceed that figure.

In addition to the birthrate, educators worry about the size of the graduating class as compared to the number of children entering first grade. For instance, this year 156,000 youngsters crowded into the first grade rooms over the state, but only 90,000 graduated from the eighth grade. This left already over-burdened teachers with 66,000 additional children to accommodate in one year.

"The gain is going to continue to increase until at least the 1956-57 school year," Tennyson added. "By that time, the elementary schools must take care of 300,000 children in addition to the ones now enrolled. If 75 per cent of this number enters public schools, it will mean 8,654 additional classrooms."

The average cost of each classroom and related facilities now exceeds \$28,000. Thus Texans must spend \$242,312,000 for buildings and facilities alone if the children are to have desirable schools. And this does not take new facilities to replace undesirable buildings and to relieve already over-crowded conditions. A recent survey made by the Texas Education Agency shows that Texas needs to spend \$540,294,500 to bring the school buildings, facilities, sites and buses up to ideal conditions.

After the 1956-57 school year, the elementary enrollment over the state should begin to level off, but high schools will then face the problems of increased enrollment.

Texas does not face the educational problem alone. A nose count among elementary children over the entire nation showed that grade school population rose nearly three million from 1947 to 1950. In October 1950 the U. S. Census Bureau reported that enrollment in all schools and colleges was at an all-time high of slightly over 30-million persons.

Speake Speaks To Rotary Club Here Wednesday Noon

Sterling S. Speake

Guest speaker at the regular weekly luncheon of the Sanderson Rotary Club Wednesday at the Turner Hotel was Sterling S. Speake, instructor in Retail Credit Procedure in the University of Texas Division of Extension.

Mr. Speake spoke to the club members on the subject "Credit Education."

The speaker is conducting a distributive education training program here under the auspices of the Sanderson Retail Merchants Association.

Cage Conference Play Ends Tuesday; Fort Davis Winner

The 1952 basketball season ended last Tuesday night for the Sanderson Eagles after their game with the Fort Davis "A" team and girls' team in that town.

The girls lost their game to the host team by 24-10 with Janell Littleton winning high-scoring honors.

The Fort Davis quintet won by a score of 66-40 with Charles Stegall making 10 points and Juan Olivares scoring 8.

Fort Davis won the district honors in both the girls' and boys' team. Sanderson was fourth in the district, according to Coach Norman Rath. Miss Earlene McGee piloted the girls' team.

Special Services For Baptist Church On Sunday and Monday

Meetings of interest and importance to every resident in Terrell County are scheduled to be held Sunday and Monday, February 24th and 25th, according to Rev. Claude Bridges, pastor of the First Baptist Church. He has announced that Major Arnold of San Angelo will be the guest speaker and has a message that should be heard by every one in the county.

Rev. Arnold will preach at the Baptist Church Sunday morning Sunday night all the Protestant Churches of Sanderson are co-operating in a joint meeting at the Baptist Church. At this meeting Rev. Arnold will show a moving picture, "The Brain that Counts," and bring a message in connection with the film, according to Rev. Bridges.

"If you are interested in the success and prosperity of Terrell County, you are invited to be present at these meetings," stated Rev. Bridges.

The same picture will be shown in the school and then to the Brotherhood of Railroad Trainmen at 10 a. m. Monday in the basement of the Masonic Hall.

Seismograph Crew Opens Office Here

A Cities Service Oil Company seismograph crew from Sonora have opened an office in Sanderson in the old Whistler Drug Store location next door to the Princess Theatre.

The five man crew, consisting of O. N. Lambright, party manager, S. R. Lake, party chief, G. C. Slough, D. E. Halley and Wayne Armstrong arrived Tuesday. The party expects to remain in the area about 6 months, according to Lambright.

MARCH OF DIMES TOTALS \$1019.21

The March of Dimes drive in Terrell County which closed with the auctioning of two donated lambs at the recent F. F. A. Livestock Show finally netted a total of \$1,019.21 for the fund, according to the chairman, W. W. Suduth.

Besides personal solicitation through the press, donations were solicited by block captains, coffee sales for one day were contributed by each of the local cafes, lubricating oil and cold drinks sales from the Sanderson Gulf Station one day were donated. The sale of the two lambs was the final project to increase the funds received in the drive.

Urgent Request For Early Purchase of License Tags Made

An urgent appeal is being made by Mrs. Eddie Leatherwood, deputy tax collector, for Terrell County residents to start purchasing their motor vehicle license tags for 1952.

To date only 32 license tags have been sold. With the suspension of the recent motor vehicle safety inspection law until September 7, it is no longer necessary to have the vehicle inspected before applying for new license tags. Mrs. Leatherwood stated. It is still mandatory, however, for certificates of title and 1951 license receipts to be presented when applying for new licenses.

Unless the purchase of the 1952 tags goes more rapidly, Mrs. Leatherwood stated that a last-minute rush would be inevitable as new tags must be on motor vehicles by April 1 before they can operate on Texas highways.

Safety Lanes Marked For Street Crossing Around School Block

Safety lanes for crossing streets surrounding the school block have been marked to add to the safety of the school children. Wide yellow stripes at the corners of the block, from the band house to the school grounds and north from the high school building in the center of the east-west street denote the places the students are to cross the streets surrounding the school.

Motorists are asked to be especially careful when approaching these stripes and crossing zones and every effort is being made to get the children to use these safety lanes when leaving the school grounds.

The "slow" signs on the approaches to the school block are still being used to warn motorists of the possible danger of careless children.

New Third Grade Teacher In Local Elementary School

With the securing of another teacher this week, the faculty of the Sanderson schools is again complete.

Mrs. A. F. Gregory of Brownwood is now teaching the third grade, filling the place made vacant by Miss Betty Ann Peavy after she had been placed in the commercial department this week following the resignation of Mrs. C. W. Schofield, who is moving to Beaumont.

Mrs. Gregory has been teaching for four years at ometa, Texas. She began her duties Monday and is residing in the home of Mrs. Lee Grigsby.

NEW DAUGHTER FOR R. C. HALEYS

A baby daughter was born Monday morning, February 18, in a Marfa hospital to Mr. and Mrs. R. C. Haley of Valentine, their fourth child.

Mr. and Mrs. Roy Haley are the paternal grandparents and Sheriff and Mrs. J. S. Nance are the maternal grandparents.

Mrs. D. M. Randall of Del Rio spent several days here last week with her mother, Mrs. Rose Colclough, who was ill.

NEWS OF SERVICE MEN

Pvt. Ricardo Munoz of Sanderson is a member of the U. S. Army force in the joint Army-Air Force maneuver now under way at Camp Drum, N. Y.

Munoz is a motor pool man with Co. C and entered the army on January 24, 1946. He graduated from the Fort Benning Parachute school on March 2, 1951.

Jimmy Clyde Carter of the C. S. Coast Guard left Wednesday for his station in Boston after spending several days here with his parents. Mr. and Mrs. Leslie Carter.

Pfc Colby House of Fort Bliss, is visiting with his parents, Mr. and Mrs. James F. House. He is enroute to his new station at Brook AFB, San Antonio.

Bill House is visiting in Carrizo Springs with his brother, James C. House, and other relatives.

Cpl. J. C. Stout has returned to Moody Air Base in Val Dosta, Ga., after a 15-day furlough here with his parents, Mr. and Mrs. Clem Stuet, and family and other relatives.

John C. White, Commissioner, Demands Correct Weighing Devices Over State

Austin, Feb. 18—John C. White, Commissioner of Agriculture for Texas, today appealed for city and county cooperation to protect the housewife and other consumers against faulty weighing and measuring devices.

"The chances are roughly 1 out of 5 that the Texas housewife is getting her groceries weighed on a scale that is inaccurate," White commented as he released inspection figures for 1951. He said in about 1 out of 4 2-3 cases the Texas motorist is buying gasoline for his car out of a faulty gasoline pump.

"We find some instances of deliberate fraud," he said, "but most violations are the result of careless maintenance. Essentially, the inspection program is not a police action to ferret out criminals, but a service to see that equity prevails in all commercial transactions."

"Regardless of motive on the part of the seller, the consumer—the housewife, for example, should see that she's getting full weight and measure. If she gets short-changed, she's going to yell. She should yell as loud if she gets 'short-weighted.'"

White said these are a few of the things housewives should be aware of:

A scale may be 'fixed' so that the pointer is set 'fast', or ahead of zero.

A clerk may throw an item on the scale and snatch it off before the pointer comes to rest, falsely charging for a higher weight than would be registered if the pointer were allowed to come to rest.

If a fan is placed overhead a housewife is paying for the currents of air hitting the scale.

"If any housewife has a reason to believe a grocery store scale is not showing correct weight," Commissioner White said, "She can drop a postcard to me in Austin and we will make a check at once."

"Prices are high enough these days, and a housewife has a right to get all she has coming to her."

White said the State Weighers Law envisages city and county inspection programs under the authority and supervision of the Weights and Measures Division of the State Department of Agriculture.

the State Department of Agriculture. The state, under the legislative appropriations, can make only "spot" checks, in addition to providing general administration of the entire inspection program, which takes in all retail and wholesale and such other commercial weighing and measuring devices as scales in gins, oil mills, ware houses, etc.

He said in eight cities — Dallas, Austin, Cleburne, El Paso, Fort Worth, Houston, San Antonio and Tyler — have local inspectors working under state supervision.

"These cities," he commented, "are doing a mighty fine job. The number of faulty weighing and measuring devices is substantially lower than in other cities, and the consumer has a better chance of getting all that he is paying his money for."

Mr. and Mrs. Francis Mansfield attended the livestock show and rodeo in San Antonio last week end.

Mr. and Mrs. W. L. Lindley and son, Bobby, are moving to El Paso. He is a T&N fireman.

Mr. and Mrs. James Word visited in Gonzales Sunday with their son, Jimmy, who is a patient at the Warm Springs Foundation. Jimmy was able to take a car ride with them Sunday.

DRYDEN NEWS

Mrs. R. J. Ross

Mrs. J. D. Lowe and son, Marcellos, from Nevada spent Thursday night with their brother and uncle, Simon Shaw.

Mr. and Mrs. John Huey of Sanderson spent Sunday in the John Baker home.

Those enjoying a birthday dinner honoring James L. Merritt and A. A. Shelton of Sanderson in the E. R. Farley home Sunday were Mrs. Ernest Miller and sons, Keith and Duane, and Mrs. A. A. Shelton.

Dr. Otto Silverman of Cincinnati, Ohio, is here visiting R. E. Freeman in the interest of his oil business.

Mrs. Robert Pavlica and son will leave this week end for Flatonia to visit with relatives for a few days.

Mr. and Mrs. Harold Shaw and daughter of Sierra Blanca visited with his father, Simon Shaw, here Sunday.

Mrs. Harvey Eastman, Mrs. Sid Smith and Mr. and Mrs. Clarence Morris spent Sunday in the John Baker home.

Mr. and Mrs. James L. Merritt left Saturday morning for Uvalde where Mrs. Merritt will spend several days with her mother, Mrs. Elroy Griffin, and family. Mr. Merritt went on to San Antonio on business and returned home Sunday.

Jim Bob Altizer, Ada Lee Quigg and Jack Riggs of Del Rio, who have been visiting on the ranch for several days, left Monday for Del Rio and San Antonio.

Miss Kathleen Bless of Brackettville has been spending several days visiting on the ranch with Mrs. Ora Quigg.

Mrs. A. N. Coble of Las Vegas, N. M., and Mr. and Mrs. Leon Hann and daughter, Bonnie and Patsy, of Littlefield visited Monday and Tuesday with their son and brother and family, Mr. and Mrs. Ray Coble.

Mrs. Ora Quigg and Miss Kath-

leen Bless left Tuesday night for Uvalde where Mrs. Quigg will have dental work.

Mr. and Mrs. Lewis Cash and Mr. and Mrs. W. Y. Benge, Jr., honored Mr. and Mrs. James Bigby with a surprise miscellaneous shower Tuesday night. Since it was a complete surprise to the couple, the guests met at the Purple Sage Cafe at 7 p. m. and went together to the Cross 2 ranch. While Mrs. Bigby opened the many gifts, the men entertained Mr. Bigby in the water tank in the old-fashioned way.

Several games were played after which the hostesses served cocoa, coffee and doughnuts to Mr. and Mrs. F. M. Wood and children, Mr. and Mrs. Robert Casey of Sanderson, Mr. and Mrs. Jim Powers and Marion, Mrs. Ora Quigg, Miss Kathleen Bliss, Mr. and Mrs. Sam Bell, Jr., Mr. and Mrs. Ray Coble, Mrs. A. N. Coble, Mr. and Mrs. Leon Hann and daughters, Mr. and Mrs. John Baker and family, Mr. and Mrs. Buddy Rogers and children, Mrs. John Neatherlin and Evelyn, Mrs. Ira Rutledge, Mrs. Lula McDonnell, Mrs. Laura Baker, James Merritt, Mr. and Mrs. Jeff Howard and son, Janella Morris, and Mr. and Mrs. Lewis Cash and Mr. and Mrs. W. Y. Benge and children.

Whatever you need

Depend on ALAMO

Check What you need ... We have it!

You can depend on Alamo, because for nearly half a century we've been in the business of studying and supplying the building materials that are best for this climate and our community's special conditions. This means that, today, our shelves and yards are stocked with lumber and materials that are pre-tested and proven best for your needs.

Let us help you... whether you're planning to build, remodel, or do any job — however small or large — which requires building materials. We'll gladly give you the benefit of our experience; estimate quantities and costs of the materials you will need; help you arrange financing, if you wish; and, finally, see that you get prompt and courteous service... plus fair and honest prices.

Come in soon and talk over your plans with us. Perhaps the problem that's bothering you is one that we've met and solved before. Come anytime.

You're always welcome at Alamo.

ALAMO LUMBER COMPANY

Buick even keeps the Sun in its Place

Of course, this new glass — which reduces glare and incoming sun-heat — is a Buick feature in '52

Here Here Here Here

WITH all the new things we've had to talk about in 1952 Buicks, we're just getting around to this one.

It's called "Easy-Eye Glass" — a new kind of glass with a cool, soft, blue-green tint, which filters the sun's rays entering your car — cuts down their glare and heat.

You'll appreciate the "glare control" at any time — and when you hit your first stretch of hot-weather driving you'll find that this glass does a great job of keeping the heat out of your lap.

We know — because thousands of happy Buick owners already have this new comfort feature. The rest of the automobile industry is just beginning to discover what Buick discovered a year ago. It's a great idea, which costs you very little extra if you order it when you're buying a new car.

But this still leaves the other folks with a lot of catching up to do.

You'll look a long way before you'll find anything that approaches a Buick's million dollar ride.

You'll look a long way before you'll find anything so completely satisfying as Dynaflo Drive.

You'll find it hard to match the style and beauty and harmonious good taste of a 1952 Buick's interior trim and fabrics.

And when it comes to what you get for what you pay — we'll gladly match price tags with the field.

Have you had a good look at the '52 Buicks? That's something you ought to do soon.

Equipment, accessories, trim and models are subject to change without notice.
 *Optional at extra cost — available on most models. (Not presently available in Massachusetts.)
 **Standard on ROADMASTER, optional at extra cost on other Series.

Sure is true for '52

When better automobiles are built

Nuptials Saturday In Del Rio For The Roy Barksdales

A Del Rio justice of the peace officiated for the marriage ceremony Saturday morning in that city when Mrs. Laura Wehrmann became the bride of Roy Barksdale.

The couple was attended by Vic Mason and her sister, Mrs. Euno Jaye, of San Antonio, Barksdale's uncle, Charlie Schley, also attended the wedding.

After the wedding, Mr. and Mrs. Barksdale left for a trip to San Antonio and other points and will be at home on the Barksdale ranch near Dryden.

The bride was employed here as a nurse for the late Mrs. F. N. Harrell for many months and has been employed at the Highway Mercantile in Dryden since January 1. Mr. Barksdale has been a prominent rancher of that community for many years.

Baker - Ogle Wedding In Loving, N. M.

Mr. and Mrs. Charles Baker are making their home in Dryden following their marriage last Thursday. Mrs. Baker, the former Miss Betty Ray Ogle, is the daughter of Mr. and Mrs. Ray Ogle of New Waverly, Texas, and Mr. Baker is the son of Mr. and Mrs. John Baker of Dryden.

The single-ring wedding ceremony was performed in the First Baptist Church of Loving, New Mexico, Rev. E. N. Parker officiating. Mrs. E. N. Parker and Richard Turner of Sanderson attended the couple.

Mrs. Baker has been employed in the Del Rio and Winter Garden Telephone Co. and Mr. Baker is an employee of Rufus Ross, dirt moving contractor of Dryden.

Wednesday Club Meets At Home Of Mrs. J. T. Williams

Luncheon was served at one o'clock Wednesday afternoon to the members of the Wednesday Bridge Club and guests who met at the home of Mrs. J. T. Williams.

In the series of games which followed, Mrs. Ora Quigg was the winner of high score, Mrs. Bustin Canon, second high, Mrs. James Kerr, low. Slam prizes were held by Mrs. H. E. Fletcher and Miss Kathleen Bliss of Brackettville.

Those present were Mesdames Austin Nance, Herbert Brown, Tol Murrah, J. W. Pate, H. A. Finger, S. H. Underwood, Bustin Canon, F. M. Wood, Mary Lou Kellar, Ora Quigg, W. W. Sudduth, H. E. Fletcher, W. R. Stumberg, James Kerr, Gay Howard of Marfa and Miss Kathleen Bliss of Brackettville.

Mrs. G. H. Mayfield Hostess Thursday For Bridge Club

Mrs. G. H. Mayfield was hostess last week when the members of the Thursday Bridge Club and guests met at her home. Coffee and cold drinks were served to the guests upon arrival.

Mrs. Roger Rose was winner of the high score prize, Mrs. James Caroline, second high, Miss Kathleen Bless, low and slam prizes were held by Miss Bless and Mrs. John Harrison.

The Valentine motif was noted in the appointments for the serving of refreshments consisting of a salad plate with tea and coffee and Valentine cookies.

Those present were Mesdames M. H. Goode, Jr., Jack Hinton, James Caroline, J. D. May, H. E. Fletcher, Hugh Rose, Floyd Smith, S. H. Underwood, A. H. Zuterbueller, Roger Rose, John Harrison and Miss Kathleen Bless of Brackettville.

W. H. Goldwire returned home Sunday from Fort Worth where he had visited for several days with Mr. and Mrs. L. R. Gant and other friends.

P. P. Courtney has returned home from Houston where he had a medical check-up. He is improved in condition and will report to the hospital again in thirty days.

Mrs. E. W. Martin returned home Sunday from El Paso and is convalescing from recent surgery. Mr. Martin went to El Paso for his wife and daughter.

Mrs. J. Hinton Feted At Party Wednesday

As a farewell courtesy to Mrs. Jack Hinton who is moving to Jewett, Texas, Mrs. M. F. Bader and Mrs. Robert Curle entertained with a bridge party Wednesday afternoon at the Bader home which was decorated in arrangements of vari-colored stock for the occasion.

The high score prize was presented to Mrs. B. A. Kerr, second high to Mrs. Hinton and low to Mrs. H. E. Ezelle.

A gift was presented to Mrs. Hinton.

The hostesses served a salad plate with coffee to Mesdames H. E. Ezelle, A. J. Hahn, Vic Littleton, M. W. Duncan, F. M. Roark, E. J. Hanson, B. A. Kerr, Jack Hinton, J. O. Little, Jr., and Andrew Lowary of Montana.

LOCAL TEACHERS TO BETA IOTA MEET

As a feature of the program based on the theme for the year, "Intercultural Appreciation," the honorable Ruben Riestra, consul in Mexico, spoke on "Education in Mexico," at the meeting of the Beta Iota Chapter of Delta Kappa Gamma which was held in Alpine Saturday afternoon.

A business meeting at three o'clock preceded the program, the First Christian Church affording the meeting place.

Mrs. Matt Bader and Mrs. W. H. Grigaby were on the hostess committee. Mrs. R. A. Gatlin and Mrs. W. H. Savage also attended the meeting.

Mrs. I. E. Rusk and son, David, left last week for Long Beach, California, to spend several weeks with her sister and family while David recuperates from a recent illness.

LOWEST PRICED 100% automatic CLEAN-WATER WASHER

BENDIX
Economat
Automatic Washer

It takes clean water to wash clothes clean. With the Economat, dirty water, soap scum and suspended dirt go down the drain, so your fresh-washed clothes stay clean.

UNDERTOW AGITATOR WASHING
The familiar agitator and Bendix exclusive Wondertub create an amazing new washing action. Clothes and suds are drawn deep into hot, cleansing, undertow currents.

FLOATAWAY-FLUSHAWAY DRAINING
Heavy soil drains out the bottom; light soil rises to top and drains down through the hollow agitator. Dirty wash water never filters back through clothes.

VACUUM DRYING
The wonder-working Wondertub gently extracts water from clothes. There are no deep creases, no broken buttons and your hands never touch water. The complete washing-rinsing-drying cycle is 100% automatic.

NO WRINGER! NO SPINNER! NO BOLT DOWN!

Only **\$229⁹⁵**
\$4.50 down — 11.84 monthly

Fly Control Urged By Health Officer

Austin, February 19—This is a story about flies, told by a man who despises them for the disease they spread. "Flies are one of the few species of life which does absolutely no good on this earth," State Health Officer George W. Cox charges. "Other insects are annoying, but they earn their existence by pollinating plants or by feeding on less desirable forms of life. But not flies."

He says the black swarming insects have but one saving grace: their short lives. A fly reaching maturity in the spring won't have long to live to annoy autumn picnickers. One reaching adulthood in the fall might make it through the winter, but by spring he'll be aged and feeble, too old to pestle folks out to witness the wonders of the fresh new season.

But during its lifespan, Dr. Cox says, a fly is extremely prolific. If a single pair begin their family in April, and if all their progeny live, there would be countless millions by fall.

"That's no pipe dream," the doctor said. "It's based on the most accurate entomological evidence." In case you have ever wondered how far a fly can fly, Dr. Cox has the answer to that one, too. He says entomologists have found an energetic one can cover up to 15 miles in one day without the aid of wind currents. How did they find out?

They trapped one, fed him radioactive phosphorus and set him loose. Retrapped, experimenters used a Geiger counter to make the identification. He was 15 miles from the starting point.

There's only one answer to the fly problem in Texas, Dr. Cox believes.

The 1952 Ford Series F4 truck cab and chassis is designed for heavy-duty hauling. The 112-horsepower 229 cubic inch V-8 or the 112-horsepower Big Six engines are available as the power units for the Series F4 Ford truck.

leaves. He says cleanliness, using chemical science as a 'tool, will keep them under control. "And start now," he advises. "This weather is ideal for fly breeding." He doesn't like flies at all.
