LISTEN TO LUKE

Some of the outstanding events of the past week which are worth mention are:

The "Show Me" trip to the Big Bend National Park Sanderson given full run down there and representation was as good as expected, then the houseous rain which caught in the park area and which covered all of this section of West Texas.

The action taken by Congress to the elephantine ego of the "Deer Deal Harry" who has set himself up as the man who can do wrong, and can, at his pleasure, do any private property away from anyone and operate it under socialist banner that he has so grandly hoisted in the name of Democratic Party, and under guise of military urgency.

So far, the Congress has referendum proceedings to smother where it will likely dormant until all it forgotten ask our Congressmen how to vote on this measure to rid country of a tyrannical dictator who sets himself above the constitution of these United States.

The great Harry recently said if the newspapers and radios were careful he would take over also, if he considered it the best interest of the nation so, in the present emergency he might also declare that colate sodas, cigars, dried apricots and the like were not the thing for the people of America. We are sure that all the manufacturers of these articles, radio stations owners and the papers are afraid of this and operate their businesses in the way in such a way as to work for the best interest of the nation as a whole.

It is not hard to conceive what newspaper would publish, or a radio would be allowed to say, if two great enlightening meetings were taken over by the Federal authorities.

It seems like we heard somewhere, where freedom of the press and freedom of speech were authorized by a great document of our nation. But then, so some of the other freedoms have heard about.

On Saturday, May 3, the first toward the naming of a standard-bearer for the Democratic Party will get underway in Terrell County. Every voter in this county should make plans to be on at this important convention so that proper delegates named to the county convention when delegates will be named to the state convention in San Antonio.

If you are a qualified voter you should say in the precinct convention and you should accept the responsibility as a citizen for its most important step in the election of a leader. Your vote in general election will not count unless you help see to it that proper delegates have a say in the selection of Texas' delegates to the national convention.

Now comes Mr. Harriman with his hand on his shoulder, to state that he will accept nomination for presidential candidacy on the Democratic Ticket. Most of us remember when Mr. Harriman was before the McCarran investigating committee and didn't remember anything. We think if his memory is better than it was then.

The Democrats can surely find a candidate who has a better memorandum Mr. Harriman.

Precinct Convention To Be Held May 3

Precinct conventions, the first step in the selection of delegates to the National Democratic Convention and choice of the party's presidential candidate, will be held May 3, according to Jimmy Carline, precinct chairman, and W. W. Sudduth, county chairman.

Mr. Sudduth has urged precincts of the county to choose delegates to the county convention, which is scheduled for May 6 at the courthouse. The state convention will be in San Antonio, on May 25, where in turn, delegates to the national convention will be chosen.

Precinct 1, Terrell County, under the chairmanship of Caroline, has posted notice at the courthouse and filed the proper notice with the county clerk for the precinct convention to be held at the courthouse at 2:00 p. m. on Saturday, May 3.

All eligible voters of the precinct are urged to attend.

Uvalde Man, Sanderson Woman Hospitalized After Knifing Fray

Mrs. Elena Rios, local cafe employee, and Manuel Gonzales of Uvalde, were taken to a Fort Stockton hospital Tuesday morning for treatment for multiple knife stabs and wounds. Both the man and woman suffered from loss of blood before being found early Tuesday morning.

Gonzales, who was employed in a sheep shearing crew, was found by Eddie Ochoa, his employer, when Ochoa went to pick the man up to take him to the job. Sheriff J. S. Nance was called when Ochoa found Gonzales in a pool of blood. Dr. J. W. Pate was summoned and found the man with several cuts on his arms and hands and several slashes across his throat and a stab wound in his left breast, according to Nance.

An O. T. Sudduth, Inc., ambulance left with Gonzales for Fort Stockton and later Mrs. Rios was found after it had been reported that she had not come to work and a search revealed her whereabouts.

It was reported that she was found at her home, lying on her bed with her clothing and the bed saturated with blood from cuts and stabs wounds on her chest and across her scalp. Closer examination revealed a portion of a knife blade broken off in her back.

Evidence, according to the sheriff's department, revealed that an attempted murder and suicide possibly would be charged against Gonzales. He is under guard in the hospital where he will stay until he recovers sufficiently to be returned to Sanderson.

Precinct Convention To Be Held May 3

Precinct conventions, the first step in the selection of delegates to the National Democratic Convention and choice of the party's presidential candidate, will be held May 3, according to Jimmy Carline, precinct chairman, and W. W. Sudduth, county chairman.

Mr. Sudduth has urged precincts of the county to choose delegates to the county convention, which is scheduled for May 6 at the courthouse. The state convention will be in San Antonio, on May 25, where in turn, delegates to the national convention will be chosen.

Precinct 1, Terrell County, under the chairmanship of Caroline, has posted notice at the courthouse and filed the proper notice with the county clerk for the precinct convention to be held at the courthouse at 2:00 p. m. on Saturday, May 3.

All eligible voters of the precinct are urged to attend.

'Show Me' Day Gives Sanderson People Access To Big Bend Park

Sanderson Day was observed Saturday at the Big Bend National Park when business houses closed their doors and turned out for the tour of the park.

There were some 150 people fed at the big free barbecue at the park area headquarters. Makings for the big feed were furnished by the citizens of Sanderson and were prepared by the park personnel.

Various tours over the different sections of the big park took the entire afternoon and many returned to the headquarters for a supper which was provided from food left over after the dinner was served.

Rain over most of the park in the afternoon prevented photographing many interesting points, but with the exception of a few cars getting stalled on slick hills and the inconvenience of having to push some out of mud, the side trips were enjoyable.

To see the bounteous rain and splendor and majesty of the beautiful scenery was ample to repay everyone for the slight inconveniences. The visitors were also thrilled by the many species of birds and wildlife to be found in the park.

Preparations for the trip were begun last month by W. J. Ferguson, Jr., when he proposed the educational tour at a Rotary Club meeting and was named as chairman of the planning committee. Other organizations yielded their support to the move, and after the date had been set, the entire town worked for the interest of the tour.

Many of those making the trip were seeing the park for the first time and marveled at the beauty to be found there. Everyone will be more familiar with the facilities and accommodations there because of this trip. Tourists in Sanderson can be informed about what is in the park and directions can be given which will create more interest in the tourists' desire to see what the Big Bend National Park has to offer.

Lions Club Minstrel Said Huge Success

The minstrel show presented by the Sanderson Lions Club Tuesday night in the high school auditorium was considered a success from every standpoint. A packed house attended the show and the spectators were very generous in their applause. Several local men and women who are not members of the club participated in the program.

Rodney Cathey was the interactor and endmen parts were shared by Ruel Adams, Elmo Searcy, Jimmy Carline, J. A. Gilbreath, Bernie Kerr and W. F. Frazor. Other members of the supporting cast were D. L. Duke, C. G. Riggins, Mrs. C. W. Burdett, Mr. and Mrs. Fred Talbot, Mary Lou Carline, Mrs. Alfred Bendele, C. W. Snowden, W. W. Sudduth, Mrs. Ben Causey, Davis Hinson, Jimmy Feltz, Matt Bader, Norman Rath, and Mrs. R. S. Wilkinson, who furnished the piano accompaniment for most of the special numbers. L. E. Jacob and several members of the high school band assisted in the program by furnishing special music.

The local troop of Cub Scouts sold tickets for the minstrel show and received a contribution from the Lions Club, the sponsoring organization. Freddie Baker was awarded a wrist watch for selling the most tickets.

Wolfe Wins 3rd Place In Mile Event in Odessa Region Meet

Willie Wolfe placed third in the mile race at Odessa last Saturday in the Interscholastic League Regional track meet. This was the only event in which contestants from Sanderson placed. The relay team was fifth in the mile event.

High hopes were held for Wolfe's carrying the colors of the Sanderson school to the state meet but he received plenty of hard luck in his race, according to Norman Rath, track coach. Wolfe was fouled in the third lap of the race and was hemmed in by three other runners all through the final lap of the race. The foul disqualified the third man in the race, putting Wolfe's position to number three from number four.

He is not qualified to enter the state meet in the mile event by winning third place in the regional.

P. G. HARRIS TO BROTHER'S FUNERAL

Mr. and Mrs. P. G. Harris returned home Wednesday from Wellington where they attended funeral services Tuesday for Mr. Harris' brother, Homer J. Harris, of that city who died Sunday afternoon following a heart attack. They were accompanied by their son, Pat Harris.

Three local girls are competing in a contest for the selection of the Trans-Pecos queen from candidates from eight towns of this area. Posters and boxes have been placed in the local business houses and the votes for the candidates are one penny each.

The local girls in the contest which closes on June 15 are Lupe Cardenas, daughter of Dario Cardenas; Betsy Flores, daughter of Isidoro Flores; Matilde Venegas, daughter of Francisco Venegas. The girls are being sponsored by the local post of V. F. W.

The funds derived from the contest will be used in the construction and redecoration of St. Joseph's Catholic Church in Fort Stockton.

Other towns with competing candidates are Grandfalls, Monahans, Balmorhea, Marfa, Alpine, Marathon and Fort Stockton.

The coronation of the queen will be on July 3 in Fort Stockton.

NEWS OF SERVICE MEN

Pfc James B. Chapman, who was in the recent maneuvers near Fort Hood, visited with his sister, Mrs. E. C. Dennis, in Del Rio on a three-day pass. His mother, Mrs. T. E. Eastman, Mr. Eastman, a sister, Miss Beatrice Chapman, of Odessa and Jack Wilson joined him there for the week end.

Cpl. Raul Flores of Carswell AFB, Fort Worth, left Monday after visiting here for several days with his father, Lolo Flores, and family. Flores has been stationed at Fort Knox, Ky.

Local F. F. A. Team Wins Fourth Place In San Angelo Contest

The Sanderson F. F. A. wool team placed fourth in a wool contest held in San Angelo, Saturday, April 19.

Competing for honors in the contest were eight schools from the West Texas area.

Anson F. F. A. placed first with 943 points, Big Lake, second, with 931 points, Ballinger, third, with 855 points and Sanderson fourth with 848 points.

Members of the Sanderson team were Glynn Chandler, Odell Caruthers, Joe Albert Nessmith and Douglas Attaway. Three of these boys will represent the local chapter at the tri-area contest next Saturday in Lubbock. They will also be accompanied by three boys, yet to be selected, for a livestock judging team.

Glynn Chandler was tenth high individual in the San Angelo contest.

Mr. and Mrs. E. W. DeVolin and daughter, Beth, of Marfa spent Sunday here with her sister, Mrs. Austin Nance, and family. They were accompanied by Mr. and Mrs. C. R. Palmer of Los Angeles, California.

Teachers Elected At First Meeting Of New School Board

In the first regular meeting of the Board of Trustees of the Terrell County Common School District after the recent trustee election, two important items of business were transacted. In the election of officers for the ensuing year, Hugh Rose was elected president of the board and A. J. Hahn was elected secretary. Jimmy Carline has served as president for the past several years and Mr. Rose served as secretary during the past year.

The group also re-elected the following teachers for the 1952-53 school term: Mrs. Herbert Winston, Mrs. Sylvan Walker, Mrs. Vivian Parisher, Bruce M. Spencer, Mrs. A. A. Shelton, Mrs. Lee Petrosky, Miss Melva Gifford, Mrs. W. H. Grigsby, Mrs. Effie L. Gregory, Mrs. Ruth Germany, Mrs. Vada Eggleston, Mrs. H. C. England, H. C. England, Mrs. W. A. Davis, Tommy Tatum, C. BILBO HAS SURGERY

Henry Bilbo had surgery last Thursday in a Houston hospital and his condition is reported to be satisfactory.

Mr. Bilbo suffered a spinal injury in February, 1951, when he fell while working as a B&B carpenter for the T & NO railroad here.

METHODIST W. S. C. S. TO MEET MONDAY

The Methodist W. S. C. S. will meet Monday afternoon, April 28, at 3 o'clock in Fellowship Hall. Hostesses will include Mesdames Ida Bodkin, M. W. Duncan and L. H. Gilbreath. New officers will be installed.

RAIN Breaks Drouth In Terrell Co.

The severe drouth which has prevailed in Terrell County as well as other portions of West Texas was finally broken last week with general rains of varying amounts over the county.

Commencing Friday afternoon, the rains fell in spotted areas and again on Saturday, Sunday and Monday evenings. Some hail was reported in the Dryden country Monday night. Some hail fell in Sanderson Friday afternoon.

The heaviest rainfall reported was in the Big Canyon country where Monte Corder and Clarence Jessup reported three and one-half inches of moisture; Keith Mitchell, 2.8 inches; Roy Rowntree, 2.75 and Lee Dudley reported from 2 and one-half to three inches. The least amounts of rain were to the west and north with Gene Thorn and C. C. Mitchell reporting only one-half inch. The local gauge totalled 1.2 inches for the two days. The last rainfall above light showers reported in Sanderson was on September 9 when one-half inch was gauged and again on September 15 when the gauge showed 1.29 inches.

Local ranchers have been feeding their sheep for months and are expecting to be able to depend on grass and weeds for feed within a short period. Shearing crews have been busy for several weeks and most ranchers are surprised at the good mark-up of lambs, but lamb death losses have been very high.

The Pecos team had only four base runners in the game.

Friday afternoon the Eagles will play the Fort Stockton nine on the local V. F. W. diamond. It will be one of the district games for the locals and the attendance of baseball fans is urged.

The Eagles, under the schooling of Coach C. W. Snowden, are expected to turn in a good season showing on the diamond in conference play this season with the hurling ability of Juan Olivares and Joe Vasquez. The boys have been playing close to errorless ball in their only two games this year and promise a good game Friday afternoon.

ROYAL ARCH DEGREE FOR LOCAL MASONS

The Most Excellent and Royal Arch degrees were conferred on eight candidates from Sanderson at a meeting of the Alpine chapter of Royal Arch Masons last Thursday evening. The candidates were W. M. Druse, M. G. Northcut, D. L. Duke, Marion Batson, T. O. Moore, J. L. Blackwelder, Bruce Taff and R. S. Wilkinson.

Other local Masons attending the meeting were W. F. Frazor, F. H. Talbot, M. W. Duncan and W. H. Nessmith.

LOOSE SPENDING CRIPPLES PROGRESS

With very little assistance from the Federal Government, the United States made tremendous progress during the half century from 1850 to 1900. There were some depression years and hardships but these conditions only temporarily slowed down the dynamic power of private enterprise with its incentives and competitive market system. During the 50 years preceding 1900, the Federal Government was hardly noticeable. It scarcely touched the lives of businessmen and employees, housewives, doctors, lawyers and candlestick makers. The citizenry as a whole was law abiding and possessed of high moral integrity.

The relationship existing between the Federal Government and the states and citizens in 1900 might be likened to the relationship that exists today in many nationwide service organizations. For instance, a local civic club - Lions, Kiwanis, Rotary - holds

membership in a national organization. There is a national headquarters. But it is far away and participates scarcely at all in the local club's affairs.

The local civic club subscribes to the principles set forth in the national charter of its organization, occasionally gets one of its members elected to a national office, sends two or three members to the organization's national convention, and levies an assessment of \$2 or \$3 a year on each member to defray the cost of operating the national headquarters. Otherwise, the local club runs its own business, hardly aware of the existence of the national headquarters. That's about the kind of relationship our citizens and states had with their Federal Government 50 years ago.

In 1900, members of the civic club "U. S. A." - the American citizens - were paying an average of only \$3.88 each in taxes per year to defray the total cost of operating the Federal Government.

STANLEY HILL

Professional Bookkeeping and Tax Service Phone 227J Sanderson

A family of five thus was paying an average of \$19.40 a year in all forms of Federal taxes. Today that's hard to believe. On the basis of the present Federal budget, the bite placed on each citizen is averaging \$477 a year; and a family of five, \$2,375. That's an increase since 1900 of 12,200 per cent in the cost of Federal Government to the individual citizen!

In 1900, after a period of the greatest economic progress a people had ever known, the nation's debt was only \$1,263,000,000, amounting to a mere \$15 per person for the 76,000,000 population of that day, or \$75 for a family of five. Thus, in these 1900 figures on the per capita debt (\$15) and cost of government (\$3.88 a year), we see that the activities of the Federal Government were small, an insignificant factor in national progress. A growing nation, a progressing nation, was scarcely aware of the existence of a Federal Government. That's an important fact to remember.

In contrast today, our Federal Government is a great sprawling, dominating bureaucracy - interceding in everybody's business, it seems; getting in everybody's pocketbook; smothering out local self-government and citizen independence. In 50 years we have gone a long way into government regimentation bit by bit. As a people, we have made economic progress but the sound portion of this progress has been made in spite of and not because of the growth and big spending of the Federal Government.

Today our future economic progress is seriously jeopardized. With the expenditure of the present 1952 budget of \$71,594,000,000, the national debt will be \$260,222,000,000 averaging \$1,733 per person. When we consider this together with the average yearly tax of \$477 per person, we see in true light how the present income and future income of every family is being crippled by big spending government.

It is true of course, that quite a bit of spending in recent years has been due to war and the threat of war. It is also true that dishonesty, graft and waste on a huge scale has been uncovered. The fact is apparent that with honesty, good management and common sense in handling of public funds the proposed budget could be cut in half. We, as citizens must take action to curb the power and wasteful spending of the Federal Government - as a measure of self-preservation.

How Accurate Sould Your Watch Be?

In the U. S. Observatory at Washington there are several Riefler clocks which have been built and installed at a great expense.

These clocks have been mounted on concrete piers sunk deep in the earth to avoid vibration. They are housed in a room which is kept always at a certain temperature! Every 28 seconds they are automatically wound by electricity. They run by vacuum. Yet, in spite of all precautions which human ingenuity can devise, these clocks do not keep perfect time.

The fixed stars are nature's own time keepers. They alone are absolutely accurate. Through nightly observations of the stars, corrections are made in the variations of these clocks so that the nation may have its time as nearly correct as humanly possible.

The public, ordinarily unaware that the keeping of perfect time is a mechanical impossibility, grievously errs in expecting absolute accuracy from a watch. Stumped and rattled about, subject to extreme variations of temperatures and positions, wound at any time or not at all, and allowed to run with the accumulated dirt of years and the absence of any trace of oil, a watch which keeps approximately good time is indeed a marvelous machine.

Pocket watch accuracy should not be expected or demanded from a wrist watch because its smaller mainspring does not possess the power to drive the mechanism with the same continuous uniformity. Consider that one minute variation a day means only one beat variation out of 1440, or a deviation from perfection of less than 1-10,000, therefore the following may be accepted as denoting the time-keeping accuracy to be expected from a wrist watch: One-half minute a day is very good time. One minute a day is good time. Two minutes a day is standard government time required of a large strap watch.

Mrs. W. H. Dishman and daughter, Patricia, left Friday for their home in Bryan after visiting here for two weeks with her parents, Mr. and Mrs. Pat Harris, and other relatives.

IT'S THE LAW in Texas A public service feature of the State Bar of Texas

HOMEOWNERS MAY BE LIABLE FOR ACCIDENTS ON PREMISES

Can a homeowner be held responsible for accidents that happen to other people while they are on his property? Lawyers say it is difficult to state a hard and fast rule about liability for such accidents because of the facts differing so much from case to case. However, some conclusions can be drawn by noting how the courts have decided in specific cases which have been brought before them.

A postman delivering mail slipped on a child's roller skate one morning. He sued the homeowner for damages. The court held that the delivery of mail is for the benefit of the homeowner and that he must take care to remove any conditions on his property which would make the delivery of mail dangerous.

Then there was the case of the meter-reader who slipped and fell

on the basement steps and the courts held the owner responsible because the steps were defective.

On the other hand, a guest sued her host because she slipped and fell when she stepped on some beans strewn about the owners' living room. The host's children had been playing with bean-shooters on the day she chose to visit. The court held in this case that the host was not liable for her injury.

Similar cases where social calls resulted in disaster involved a guest slipping on a small scatter rug, and another overnight guest who slipped and fell in a shower. Both cases were decided in favor of the homeowners - not the visitors.

From these cases it may seem that the law is usually more strict about accidents befalling tradesmen and others who enter your premises in the line of duty, so to speak - postmen, laundrymen, meter-readers, delivery boys and the like - than it is in the cases of those who enter your home for purely social reasons.

This does not mean that a homeowner is absolved of all responsibility for injury to his guests. If he knows a dangerous condition exists, he has a duty to correct it and can be held liable for accidents which might happen if he doesn't. For example, a rotted tree branch fell to the sidewalk, injuring a passerby. The general rule here is that the owner was

responsible because he knew of the defective condition and should have remedied it.

The law is especially zealous in protecting small children. In many situations where no liability would be imposed for injury to an adult, you may be held responsible to an injured child. If you have a piece of machinery, a pond or some other apparatus or condition attractive and dangerous to a child on your property, it may be your duty to take special pains to keep the children away from it.

Fortunately, not everyone who falls down the front steps gets up and rushes off to sue his host. However, a substantial body of law has grown out of this type of negligence case. This is not surprising when you realize that more fatal accidents occurred in and around the home last year than from traffic accidents on the highways.

Business and Circle Meeting Monday For Presbyterian Women

The executive board of the Presbyterian Women of the Church met Monday afternoon in the Fellowship Hall. Mrs. J. W. Byrd, president, conducted a worship service and the business session followed.

The budget for the year was presented by the stewardship chairman, Mrs. W. G. Downie, and accepted. Mrs. J. D. Nichols, vice president, presented each of the members with new workbooks for the year. Mrs. R. S. Wilkinson, treasurer, gave a summary of the previous year's expenditures. Mrs. N. M. Mitchell, chairman of spiritual growth, presented her plans for the year's work, including the time of Bible study and urged each member to observe the week of spiritual enrichment. Mrs. C. C. Mitchell, chairman of World Missions, presented the white Cross and overseas aid, specifying that hand towels were the present need for hospitals. Tentative plans to observe a family night in May were discussed.

Following the business meeting, the circle met and Mrs. N. M. Mitchell led the program, presenting a Bible study from the Book of Colossians, the subject being "Understanding the Background of Colossians." She also talked on "Higher Education."

Those present were Mesdames J. D. Nichols, R. S. Wilkinson, W. H. Savage, J. W. McKee, W. G. Downie, C. C. Mitchell, E. F. Pierson, N. M. Mitchell, K. E. Corder, and J. W. Byrd.

The next meeting will be on April 28.

Mrs. Tol Murrah Hostess Tuesday For Bridge Club

Mrs. Tol Murrah entertained the members of the Tuesday Bridge Club and guests at her home this week. A profusion of Spring flowers decorated the party rooms with the arrangements of multi-colored petunias, snapdragons and iris particularly attractive.

High score prize was presented to Mrs. J. S. Nance, second high to Mrs. Bernard Kerr and low to Mrs. Austin Nance. Slam prizes were held by Mrs. Kerr and Mrs. J. A. Gilbreath.

Schedule For 1952 Flower Show Here Revealed by Club

The schedule for the sixth annual flower show to be held Saturday, May 3, from three to five-thirty in Mrs. James Kerr's garden is as follows:

Arrangement classes: — "America the Beautiful" fruit, vegetable or combined (not over 1 foot by 2 feet).

"God Bless America", all white, silver container permissible.

"Be It Ever So Humble" containers of earthenware, iron, copper, etc, with simple flowers.

"America Today" for modern homes.

"Colonial Bouquet" — "Our Native Land" native material in natural containers, natural material in metal or pottery containers.

"Our Native Land" for children 3-6 and 7-10, arrangements of wild flowers and native materials. Miniature American scene in flat box not over 2 feet square, scene can be early American, colonial, modern, or western. Use any available material and keep to scale as well as you can.

Miniatures. Do any of the above classes in true miniature, not over 3 inches.

Patio tables. Complete outdoor table.

Cultural Classes: — Classes will be provided for all of your specimen entries, perennials, biennials, bulbs, flowering shrubs, annuals, etc. Remember that foliage, stem, form and condition counts as well as distinction of variety and size. Please bring 8 to 10 stems of all small varieties (pansies, violas, etc.) Containers for specimens will be provided at the show.

House plants: — There will be classes for potted plants you wish to exhibit. Pot plants must have been in exhibitors possession for at least three months.

Rules: — Entries will be accepted from 9 to 11 a. m. Saturday, May 3.

Exhibitors please state to which class entry belongs.

Entries in the cultural classes must be proven by exhibitor and should be properly named.

Material for arrangement classes must be grown or borrowed and not be bought — with two exceptions, "America the Bountiful" and "Patio Tables."

Exhibits may be moved after the show between 5:30 and 7.

All arrangements are to be made at home, minor repairs can be made at the time you bring your entries.

Any material in the arrangements may be curled or treated, but do not use artificial material and ribbon.

Sweepstakes awards will be given for the greatest number of blue ribbon points in the cultural and in the arrangement classes.

Anyone in the community may enter flower specimens or arrangements, potted plants, etc., and they will add much to the beauty and success of the show.

Admission to the show will be free and the patronage and cooperation of all flower lovers is solicited by the members of the Garden Club who are sponsoring the show.

May 1 Set As Children's Health Day in Texas

Austin, April 24 — Children's Health Day will be observed throughout the state on May 1, in the hope of insuring that tomorrow's children will be sturdier than were those of yesterday.

In Texas, state health officials are shooting for a record of benefiting an even greater number of handicapped children than the 4-320 which were cared for under the state's crippled children program of 1951.

It will mean new hope for the child with the club foot, a cleft palate or harelip, a crippling burn, or a curved spine.

State Health Officer George W. Cox, whose department has administered the program since 1945 said many people "don't realize they can get state financial assistance for the physical restoration of many crippling conditions."

PERSONALS . . .

Miss Beverly Thorn, San Angelo College sophomore, spent last week end here with her parents, Mr. and Mrs. Gene Thorn.

Mrs. M. W. Duncan returned home Sunday from San Angelo and Fredericksburg where she had visited for ten days with her parents and her sister, Mrs. Virgil Musick, and family Her mother, Mrs. T. A. Brizgo, accompanied her home.

Mr. and Mrs. J. R. Rowntree of Amarillo, who have spent the past four months in Midland, spent the week end here with his brother, Roy Rowntree, and wife on the Circle Dot ranch.

Mrs. Maude E. Hollums and Mrs. J. Sam Hale of Floydada left Tuesday for their home in Floydada after visiting here for several days with their brother, M. W. Duncan, and Mrs. Duncan.

Mr. and Mrs. H. A. Smith are expected home today from San Antonio where he attended the district Rotary conference in that city for two days.

Charlie Murray has returned home after an appendectomy in a Houston hospital. He is recovering.

P-T-A TO MEET MAY 1

The Sanderson Parent-Teacher Association will have the last meeting of the 1951-52 term of school on Thursday evening, May 1, at 7:30 in the high school auditorium.

New officers will be installed by Mrs. J. W. McKee and retiring officers will give their annual reports.

IN THE 1952
Mobilgas Economy Run
New Ford Mileage Maker SIX Thriftiest in its Field

Again this year . . . Ford was first in gas economy over all cars in its price class in the Mobilgas Economy Run. In this toughest test, a Ford Six with Overdrive (optional at extra cost) averaged 53.855 ton-miles per gallon and 25.463 actual miles per gallon. A very important contributing factor is Ford's Automatic Power Pilot which squeezes the last ounce of power out of every drop of gas. Pound for pound, Ford's All-New Mileage Maker Six is definitely the most economical low-priced car to run!

*The AAA Contest Board determines the winner by a "ton-mile per gallon" formula to insure equal chance for all cars in each class regardless of size and weight. Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by number of miles traveled, divided by number of gallons consumed.
