

Giant Plastic Balloon Falls On O'Brian Farm

Volleyball Battle Boosts Exchange Student Program

Frona High School students have been turning on their salesmanship around town during the early part of the week and the last big push to sell \$1,000 worth of tickets to the volleyball tournament tonight will probably be forthcoming today.

The tournament is being staged in an effort to raise the funds to aid in the exchange student program here. The opening game is scheduled for 6 p.m. Both girls and boys teams from each of the four classes will compete for the school championship.

Tickets for the event are \$1 for adults and \$.50 for students. Donations are being taken also.

Frona is requesting two foreign students for the coming year. Hopes are to obtain a boy and girl.

Three applications to furnish homes for these students were forwarded to the New York office of the American Field Service after a meet-

ing of the Friona Chapter committee last week.

The high school student body has set a goal of \$1,000 in receipts for the tournament. An additional \$300 will be needed if two students are allotted to Friona next year.

The Friona Chapter must send \$650 to the New York office for each student allotted. The funds will go to pay the transportation of the students to this country and for insurance and a \$14 per month allowance.

Cleaners and hairdressers have been donating their services to the present exchange student, Miss Anni Jensen of Denmark, according to Raymond Cook, high school principal.

Since the community has had an exchange student, Friona is now eligible to send a representative to some foreign country as part of the program.

Applications must be made before November for the following year. In order to be accepted in the program, a student must have completed two years of foreign language by the end of his junior year.

There are several plans available for students. There is a vacation time, a six months and a full school year tour offered.

Frona committee members are Mrs. Meryle Massie, Alton Farr, Wesley Foster, Raymond Cook, Mrs. Joe Talley and Mrs. Bill Sheehan.

Lloyd Chesher eases the tractor forward and gently pulls the mass of thin plastic toward the edge of Russell O'Brian's wheat field Friday. The 1,500 pounds of plastic is what was left of a 300 cubic foot balloon released from Holoman Air Force Base recently.

A giant Air Force "weather balloon" ended its fluttering plunge to earth in the wheat field of Russell O'Brian, 10 miles east of Hub, last Friday at 3 p.m.

Officials at Canon Air Force Base reported that the balloon was a large weather balloon but had dropped the package of instruments. It was constructed of very thin Polyethylene plastic with light nylon shroud lines. Its exact dimensions were not available but the weight of the huge mound of plastic was reported to be 300 cubic feet and weigh 1,500 pounds.

Piled into a tightly packed mound about four feet high, the flimsy craft covered a rough circle about 14 furrows in diameter where it landed in the wheat field.

Lloyd Chesher first saw the balloon as it plunged toward the field a few hundred yards from where he was plowing.

"I first thought it was a parachute but I couldn't see a man anywhere. Then, as it got closer, I realized that it was something else," Chesher said. "It looked like a gigantic jellyfish falling upside down," he added.

O'Brian was working at the barn near the house about a quarter mile northeast of the field when he noticed the object in his wheat field.

"I looked out toward where Loyd was working (Chesher is O'Brian's son-in-law) and saw this thing shimmering in the sun. It was directly between me and Loyd and with the torn pieces waving in the air, it looked like butane vapor escaping," O'Brian said.

"I thought sure that the butane tank on the tractor (being driven by Chesher) had ruptured," he added.

After it was determined that the huge pile of plastic was a balloon of some kind, Mrs. O'Brian called the Amarillo Air Force Base but they would not accept the call and she was switched to the weather bureau in Amarillo, according to her report.

Law enforcement officers in this area were notified and arrived at the scene shortly. Department of Public Safety Officers radioed to Canon AFB at Clovis and were told to "pick it up and take care of it" and someone from the base would pick it up when they were in the area.

After a few minutes more radio conversation, a truck and two men were dispatched from the base to get the balloon. When it arrived, it was discovered that the truck was too small to carry the balloon. A large truck and winch had to be sent out later.

The balloon is reported to have been released from Holoman AFB at Alamogordo, New Mexico. It is similar (if not the same kind) to the balloons which must be filled in a deep pit or coal mine and released when wind is very calm. Balloons of this size would be unmanageable in the turbulence of surface winds.

Chesher brought the tractor into the wheat field and pulled the balloon to the turn row. Shroud lines were slipped over a plow and the tractor slowly pulled the slippery, shimmering mass to the edge of the field.

Several officers and men attempted to turn the mass of plastic over and investigate the possibility of the presence of instruments while they were

"To force opinion is like pushing the magnetized needle round until it points to where we wish the North Star stood." ... Dorothy Fisher

I was impressed with the turnout at the watershed project meeting in Hub Tuesday night. It was one of the largest attendances which I have seen at any meeting of that nature during the past six months. I, personally, counted 75 people in the building. Admittedly, a program of this type should draw a larger crowd. But it is better than the 35 to 40 which seems to be the average attendance at such functions -- especially during good farming weather.

I have no real way of knowing how many of the Star subscribers have read the article on the proposed dams which have been carried during the past few weeks, but a newspaper article cannot possibly fully describe the information presented at the Tuesday meeting -- with full impact.

When I first heard of the project, I looked at it with skepticism. Several questions as to the real value of the dams popped into mind.

First, there was the question of what the project would cost people of this county. The answer received was about one cent per acre per year.

Second, how long would the dams last? The answer was from fifty to one hundred and fifty years, depending on the maintenance.

Third, what specific lasting benefits could the county receive from the dams. The actual cash benefit to the residents all along the draw has been estimated by government agents at \$1.25 return for every dollar invested in the project.

In addition, there is the value of the water retained. Every drop of water retained in this county is that much which will be added to the underground supply. It does not have to seep into the waterbearing formation to aid in preserving the water level. If it is used from the lake, an equivalent amount of water will be left underground for future use.

One question is not answered and cannot be answered to my satisfaction until the actual dams are constructed. It is, would a lake, if the dam was enlarged beyond the minimum specifications, contain water all year or would it dry up and leave any fish or other such life mired in the mud? Is there enough water shed into the draw each year to keep the lakes full?

If the answer to the last question is yes, I am of the opinion that we should get behind the project and push it to a reality.

The more I have been able to find out about the project, the more I believe it would be a benefit to the county and general area. As far as obtaining easements for the structures is concerned, I would be most happy to have someone come in and build a \$250,000 structure on my land and then say "Here, it's yours." That is essentially what would occur if an individual granted easements for the dam.

The water and all privileges for use of the impounded water would be his in most cases.

-TH-

I noticed this week that we are going to have a new service offered in Friona very soon. Automatic dry cleaning machines are being placed in Cib's Cleaners and M. M. Elder is opening an automatic cleaning plant where Patton's Laundry was before the building was destroyed through some freak collapse or explosion.

-TH-

I would like to remind all voters that the deadline for absentee voting in the city election is noon, March 31. The law states that absentee ballots can be completed not more than

(Continued on page 2)

Voters-Notice

Absentee ballots for the city election must be picked up or requested from the city manager, Jake Outland, not later than noon, March 31.

Absentee ballots for the school elections may be obtained from Loyde Brewer, county judge and school superintendent.

Residents Show Approval Of Flood Control Project

Unanimous approval of a proposed watershed project for Running Water Draw was expressed by the 75 area farmers, businessmen and visitors at a county meeting on the subject Tuesday night in the Hub Community Center.

A. L. Black, program moderator, called for a show of hands of all those persons for and against the proposal following the presentation of a film, slides and discussion of the project. No dissenting vote was cast.

F. F. Calhoun, chairman of board of supervisors of Hale County Soil Conservation District, led the discussion.

He told of a plan whereby federal government will construct "10 to 12" dams on Running Water Draw to be used basically for flood control. The dams may also be used for irrigation and recreational purposes, Calhoun pointed.

Cost estimate is approximately \$250,000 per dam. This cost will be paid by government. A local government, which will probably be county commissioners court in Farmer's case, will cooperate in the project. County government will be responsible for getting easements and rights of way for the dams and water, administering

of distinct advantages of the project was the recharging of underground water supply. Once the dams are completed, (Continued on page 2)

Jaycees Sell Light Bulbs

Frona Jaycees will turn out to light up the town Monday night.

They will conduct a 7-9 p.m. canvass of the community and offer packages of light bulbs for \$2 per package. Each packet will contain eight bulbs -- four 60 watt, two 75 watt, and two 100 watt.

Freshmen Win Friona Track Meet

Frona's freshmen track team out ran, out jumped and out vaulted teams from four other schools to win the Friona track meet Saturday with a 10 point lead over the nearest competition.

The freshmen piled up a total of 94 points while winning

the 220 yard dash, high jump and pole vault. Muleshoe was second with 84 points and a win in the 440 and mile relays. Tullia, Canyon and Hereford rounded out the roster with 83, 76 and 57 points respectively. Danny Murphree won the fi-

nals in the 220 yard dash with a time of 23.7 seconds. He later topped nine feet in the pole vault and emerged top man in the meet with 27 points to his credit. He also placed third in the 100 yard dash and helped with the third place win for Friona in the 440 relays.

Larry Buckley competed in the 440 run but failed to place. Don Dennison of Tullia won the event. Jimmy Sneed, Jackie Clark and George Rushing tried for the 880 yard event win but tracksters from Hereford and Tullia won the ribbons. Ronnie Brookfield raced ac-

(Continued on page 6)

Competition Play Staged For Public

Frona residents will have the chance to see the one-act comedy play "The Importance of Being Earnest" this week. The play is being prepared by the school acting team for competition in area competition in Canyon.

The two free performances are being given to gain practice in performing before an audience and to use the crowd as a sounding board in an effort to iron out the rough spots.

The first performance will be given before members of the Friona Women's Clubs tonight at 2 p.m. in the High School Auditorium.

Another performance will be presented for the public Monday night in the Auditorium.

The cast includes Tommy Sanders, Larry Anthony, Brenda Deaton, Carol Ray, Linda Beaty, Kay Burleson and Guy Lemmond.

Pete Mace is directing the play.

(Continued on page 2)

High School Tracksters Enter Panhandle Meet

High school tracksters will pit their strength and speed against teams from 20 area schools in the Panhandle Track Meet this weekend, according to coach Kenneth Miller.

Opening rounds will begin Friday afternoon. Semi-finals will be conducted Saturday morning with the finals that afternoon. Teams from schools of all classifications will compete with each other without regard to the school class.

The team will stay in Amarillo Friday night at the expense of the Friona Quarterback Club, Miller stated.

The team returned from Lazbuddie Tuesday night after winning three events in competition with Lazbuddie and Springlake.

Floyd Reeve won the 100 yard dash with a time of 10.1 and the 220 yard dash with a time of 23 seconds even.

Gary Sneed finished the 220 yard low hurdles in 23 seconds to win that event.

Everet Gee won second in the 100 yard dash with a time of 10.1 and placed second in the 220 low hurdles with a 23.1 second time.

Dwight Bates won second in the 880 yard event with a time of 2 minutes, 20 seconds. Ronald Awtrey won sixth place in the mile event.

Gary Sneed, Dwight Bates, Everet Gee and Floyd Reeve teamed up to win second in the 440 relays.

Field events were called off because of high winds.

Rex Cowart, new Friona patrolman, listens to a radio bulletin coming in at the city hall while Ben Moorman, police chief, checks the radio log under the mike. Cowart joined the Friona department last Thursday following the resignation of Ed Duke. He moved here from Dimmitt where he was employed on the police force. His wife, Grace, will work at the Farmer County Community Hospital.

Gary Sneed and Kay Burleson show off their basketball letter and jackets. The girls received the jackets Tuesday evening. Boys who lettered in football received the white letter on a red and white field. Boys who did not letter in football received an all-red jacket with leather sleeves. The girl's jackets are red felt with white leather sleeves.

Editorial Comment:

HOW TEST AN AGREEMENT ?

"If we fail to get an agreement on testing, then, of course, as I said, we test," said President Kennedy in answer to a press conference question on the dim prospects of the Geneva disarmament conference.

"I presume," the President continued, "there are others who will test, and I regard that as very risky, in the long run, procedure for the future of the human race."

"On the other hand, if we do not test and others test, that has a risk, I made the determination that that would be the greater risk. Now we are going to try here before the end of April, and we will also continue trying after the tests begin, if we are unable to get agreement before then, because I would much prefer a test agreement than to continue this kind of competition."

The foregoing from President Kennedy is probably the clearest outline we have yet had on basic nuclear policy. And certainly none will disagree with his earnest preference for an end of testing over an endless contest for bigger and bigger bombs and ever-increasing global terror.

It is also reassuring to have this reiteration of his decision to test if others do. However, there are two factors that we hope are not being overlooked at the Pentagon and in the State Department. One is that "others" have tested, and in a big way, during the time we refrained voluntarily on the strength of what we assumed was a "gentleman's" agreement. And this leads up to the second point - for Mr. Rusk's boys to consider: Just how do you make an "agreement" stick with a power that has never honored one before?

The Russians have been "inspecting" us - from end to end and inside-out - for more than 40 years. They will doubtless continue to do so - agreement or no agreement. That we could effectively inspect such a country as theirs under such a system as theirs seems unlikely.

Residents--

They will be turned over to local people, if property owners grant use of their land for the dams and lakes, they will have full benefit of the resulting body of water. They may use it for irrigation, recreation or whatever they see fit.

If it is necessary to purchase land for the project, then

lakes will be controlled by the governing body which backs it financially.

Should a city, for instance, desire to have a larger dam than the plan calls for and thus impound more water it can do so by paying additional cost for larger dam. This money is available through a government agency at rate of 2.6 per cent

interest. It was pointed out at the meeting.

Calhoun told his listeners that construction could begin on the project here in two or three years if there is enough local interest in the six counties which will be included in the project. Counties in the plan, other than Farmer, Curry, and Hale, construction will begin in Curry County and continue eastward. Dams will become increasingly larger as they move downstream. According to estimates, each \$1 spent on the project will be worth \$1.25 to the area included.

Bob Spencer, manager of Clovis Chamber of Commerce, spoke briefly on great amount of interest which Curry County has in the project from a fish and wildlife standpoint.

Castin--

waiting for the Air Force personnel. It seemed that the more effort exerted in trying to straighten out the mass, the tighter it became packed.

Cotton, Grain Contest Awards To Be Made

Winners in annual Farmer County FFA and 4-H grain sorghum and cotton production contests will be announced at an awards meeting Friday at 7:30 p. m. in Hub Community Center.

Contests, and the meeting are sponsored by Farmer County Grain Sorghum Producers Association and Farmer County Cotton Growers Association. Cash prizes will be awarded to winners in the contest by the associations.

FFA AND 4-H contests are conducted individually. The two groups do not compete against each other.

A. L. Hartzog and Wes Long are president and secretary-treasurer, respectively of cotton growers. Officers of grain sorghum association are A. W. Anthony, Jr., president and Tom Caldwell, secretary-treasurer.

Mr. and Mrs. Eugene Zinser left last week for Austin, Nevada where they plan to make their home.

Balloon--

20 days and not less than three days prior to the election (according to my book).

Absentee ballots for the city election may be obtained from Jake Outland, city manager, and ballots for the school board election may be obtained from Loyde Brewer, county judge.

Anyone who will not be available to vote in the city election on April 3 and the school election on April 7 may cast their vote by using the absentee form.

Mrs. Patterson Hosts Rhea HD Club Meet

The home of Mrs. Jack Patterson was the scene for the Rhea Home Demonstration Club meeting March 12.

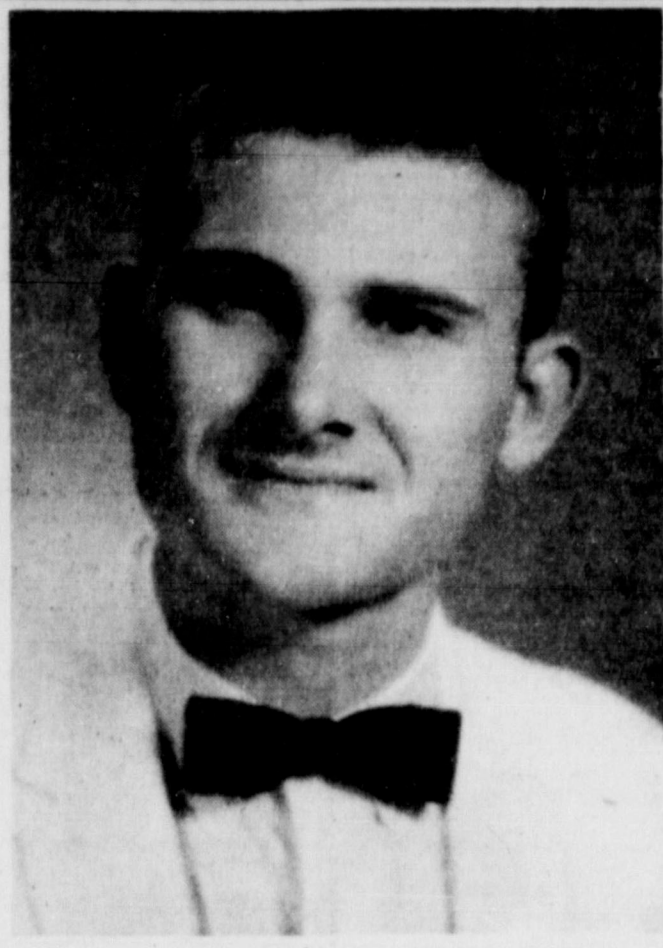

Members met at 8 p.m. and Mrs. Floyd Schueler conducted the opening exercise with a game based on the word Shamrock, pertaining to St. Patrick's Day.

Mrs. Patterson presided at the business meeting. Mrs. Herbert Schueler gave a council report and Mrs. Carl Schlenker spoke on 4-H work.

The next regular meet-

ing will be at 8 p.m. in the Parish Hall and entertainment will be a Stanley party. Each member is to bring a guest.

Refreshments were served to Mesdames Leland Gustin, Shirley Smith, Floyd Schueler, Walter Schueler, Chris Drager, Bill Brandt, Norman Taylor, Herman Schueler, Franklin Bauer, Ray Vanlandingham, Elmo Dean, Herbert Schueler, Carl Schlenker, Ray Martensen, Wilber Renner and guests, Mesdames Norbert Schueler, Leon Rose and John Guyer.

Jimmy Leroy Mabry, son of Mr. and Mrs. James Mabry, formerly of Friona, received an individual honor of scholastic recognition at the annual convocation at Texas Tech Sunday. The service was held in the Tech Union Ballroom at 2 p. m. followed by a reception. Mabry, a Tech senior, is a 1958 graduate of Friona High School. He was one of 154 students cited as scholarship holders. Mr. and Mrs. Mabry attended the ceremonies.

Future Nurses' Clubs Convene For Meeting

Five-hundred teen-age girls will convene in Tyler on March 23-24 and all of them are looking forward to nursing as a professional career. The girls, all members of the Texas Association of Future Nurses, will be attending their eighth annual convention, to be held in Tyler on March 23-24. Future Nurses' Clubs from high school throughout Texas will be represented at the meetings.

American Legion Hall on Friday night and Breakfast on Saturday morning at 7:00 a.m. The theme of the convention will be "Nursing for a Rosy Future."

Special guests at the convention will be: Mrs. Garland G. Zedler, Austin, President of the Woman's Auxiliary to the Texas Medical Association; Mrs. R. C. L. Robertson, Houston, President-Elect, Woman's Auxiliary to the Texas Medical Association; Miss Bonnie Ford, Fort Worth, President of the Texas Graduate Nurses' Association; Miss Stella McCullough, Austin, President of the Texas League for Nursing; Mrs. Frank M. Posey, Jr., Recruitment Chairman, Woman's Auxiliary to the Texas Medical Association; and Mrs. Joan Y. Johnson, Baytown, Chairman, Texas State Committee on Careers in Nursing. These women represent the three organizations which sponsor the Texas Association of Future Nurses.

Headquarters for the Convention will be the Carlton Hotel, Tyler, and the business of the convention will be conducted at the American Legion Hall. Registration will begin at 3:30 p.m., Friday, March 23, at the Goodman Museum.

Miss Mavis Pate, R. N., will be the principal speaker for the convention program and will be heard at 10:00 a.m. on Saturday. Mrs. Lex Neill, Chairman, Nurse Recruitment, Woman's Auxiliary to the Smith County Medical Society, will introduce Miss Pate. Mayor Jerry Nasits of Tyler will give the Welcome Address.

Other activities include a Banquet and Style Show at the

planned by Mrs. Maurine Dunn presented dance selections. They were Lisa Mercer, "The Little Flower"; Melissa Pruitt, "Grandmother's Music Box" and Ann Hurst, "Waltz of a Fairy".

Mrs. Newman Jarrell Jr. gave a reading, "On Teachings" from The Prophet by Khalil Gibran. Others participating in the program were Mrs. Bill Nichols speaking on "The Need for a Universal Language", and Mrs. Juanee Green presented "International Understanding Promoted Through Books".

Mrs. Marion Fite, hostess, served refreshments to those attending.

During Public School Week the club members sold 201 books

Mrs. E. Hall Hosts HD Club Meeting

Mrs. E. J. Hall served as hostess for the regular meeting of the Hub Home Demonstration Club Thursday afternoon in the Community Center building.

Plans were made to attend a demonstration on hat making to be given by Mrs. Phil Crystal in Clovis March 22. The program will begin at 9:30 a.m. New Mexico time and will continue all day. Members are asked to bring sack lunches.

Mrs. W. E. Stringer presented an interesting program at the Thursday meeting on making

purses from fabrics. Refreshments were served to two guests from Lazbuddie, Mrs. Bill Baxter and Mrs. J. W. Baxter and Debra Fallwell and to members, Mesdames M. T. Hukill, T. L. Burleson, John Renner, W. E. Stringer, Edgar Walters, Paul Daniels, Buck Fallwell and Albert Cannon.

Of Interest To THE WOMEN

Progressive Study Club Has Education Program

"Are we Educating for the Space Age?" was the program theme at the March 13 meeting of the Progressive Study Club. "A Time to Read and a Time to Sew" was the quotation used and highlighted by a statement of Lord Brougham, "Education makes a people easy to lead, but difficult to drive, easy to govern but impossible to enslave".

Kelly-Carroll Note Birthdays

Miss Pam Kelly and Terry Carroll were honored with a joint birthday party hosted by their mothers, Mrs. Fred Kelly and Mrs. Veldon Carroll in the Carroll home March 14 from 2 to 4 p.m.

Pam and Terry were observing their third birthdays. After the pair received and opened their gifts the hostesses served cake, ice cream and lemonade.

Others present were Mrs. E. D. Kelly, Mrs. J. T. Carroll, Mrs. Joel Landrum and Brian, Mrs. Richard Adkins, Glen and Danny, Mrs. Dale Williams and Tammy, Sally Tims, Weldon and Jason Kelly and Bobby Carroll.

Rhea Ladies Attend Lutheran Workshop

Seven ladies of Emmanuel Lutheran Church of Rhea community attended a Lutheran Women Missionary League workshop at Canyon Sunday.

"Communism Versus Freedom and Religion" was the workshop theme starting at 2:30 p.m. and ending at 7:30 p.m.

Making the trip were Mesdames Franklin Bauer, Herman Schueler, Herbert Schueler, Chris Goetz, Walter Schueler, Roy Zeischang and Ray Martensen.

Eldon Sparkmans Have Baby Boy

Mr. and Mrs. Eldon Sparkman became parents of a baby boy March 14 at 6:27 p.m.

He was born in the Farmer County Community Hospital weighing six pounds and fourteen ounces. The baby was named Eldon Ray.

Grandparents are Edd Edminston, Muleshoe; Mrs. Marie Edminston of Littlefield and Mr. and Mrs. E. E. Sparkman of Friona.

Shower Fetes Miss Taylor

Miss Peggy Taylor, bride-elect of Valton Howard, was feted with a surprise lingerie shower recently in the home of Mrs. Jerry Loflin.

Co-hostesses were Nelda Douglas and Gayle Knight.

Attending and sending gifts were Billie Rae McKee, Margaret Taylor, Priscilla Hicks, Owen Greeson and Kay McKee.

Shower Honors Dexter Allen

Dexter Allen, young son of Mr. and Mrs. Edward Allen, was guest of honor at a gift shower at the home of Mr. and Mrs. W. V. Elmore Saturday afternoon.

Hostesses were Mesdames Dale Spivey, Thomas Gibson and Lloyd Chesher and Virginia Fuiks. Refreshments of cookies and punch were served following opening of gifts.

Others present were Mesdames A. O. Drake, John D. Sanders, Arthur Drake, Earl Drake, Hoyt Smith, Obra Cole, W. V. Elmore, J. G. Baker, and O'Neil Greeson of Friona and Gary Brooks of Hereford.

Also Donna Baker, Regina Spivey, Ronald Gene Gibson, Cindy Chester and Angela Brooks.

Party Honors Sharon Dean

Sharon Dean was honored with a surprise birthday party in the home of her parents, Mr. and Mrs. Lester Dean, Tuesday afternoon March 6 at five o'clock.

Hostesses were Mrs. Dean and Rose Ann Greeson. They served decorated cake, ice cream and punch following a game session.

Attending were Becky Balls, Linda Davis, Barbara Bracken, Lynn Wilson, Julia Dennis, Karen Osborn, Sheryl Long, Teto Jennings, Jeanne Taylor and Carol Struve.

Local Beauticians Attend Meeting

Three Friona beauty operators, Kathryn Milligan, Pat Fallwell and Dorothy Vaughn, attended a meeting in Hereford March 6, in the Community Room of the First National Bank for an organization of beauty operators in this area.

Unit 10, District One, of the Texas Association of Accredited Beauty Culturists was organized. Guest speakers for the meeting were Geneva Hensley, Dee Griffin and Gloria Griffin, all of Amarillo and Jimmie Jones of Pampa.

Rebecca Wise of Amarillo conducted the election and installation of officers. They are Verna Terret of Hereford, director; Lou Ann Rule, president; Gladys Carroll, first vice-president; Gail McNeese, second vice-president; Pat Fallwell, third vice-president; Mary Helen Askew, secretary; Sunny Hudson, assistant secretary; Carolyn Shelton of Dimmitt, treasurer and Wanda Morris, historian.

Regular meetings will be held the first Tuesday of each month at 8 p.m. in various beauty salons in Hereford.

Rev. Wallace Kirby Attends Conference

Rev. Wallace Kirby, chairman of conference board of ministerial training, accompanied by Rev. Charles Lutrick, Floydada, chairman of commission on christian vocation, and Rev. Harold Perdue of Coahoma, left Monday to attend a conference on christian vocation at McAlester, Okla.

Purpose of the conference is to decide how commission on christian vocations and board of ministerial training can work together to facilitate training of ministers and encourage promising young men to consider going into the ministry.

The group plans to return today.

Attend Theater

Mr. and Mrs. Q. J. Beene of Friona will join the other South Coast Life representatives in this area in attending the Amarillo Little Theater production of "Thunder Rock", March 23.

They are guests of Art Lara, agency manager for South Coast Life Insurance Company in this area.

This is the first of three get togethers to be held this year by the Panhandle Agency of South Coast Life Insurance Company. Mr. Lara said the function is held in recognition of the outstanding efforts by the Company's representatives.

An after theater party follows.

PROMOTE Senator ROBERT BAKER to LT. GOVERNOR

THE STATE OF TEXAS
 District Court of Farmer County, Texas, at the Court House of said County in Farwell, Texas.
 TO: George Wright, et al, Defendant, Greeting:
 You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A. M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 16th day of April 1962, at or before ten o'clock A. M. before the Honorable

dence are unknown to Plaintiff, and if dead, the legal representatives of each of said named defendants, and the unknown heirs of each of said named defendants; the legal representatives of the unknown heirs of each of said defendants, if the unknown heirs of said named defendants are dead, the unknown heirs of the unknown heirs of said named defendants are dead; whose places of residence are unknown to Plaintiff.
 A brief statement of the nature of this suit is as follows,

of Texas; as is more fully shown by Plaintiff's Petition on file in this suit.
 If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.
 The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.
 Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this the 2nd day of March A. D. 1962.
 Attest:
 Hugh Moseley, Clerk
 District Court,
 Farmer County, Texas
 Published in The Friona Star March 8, 15, 22 and 29, 1962.

Something To Think About

8th. Street Church of Christ Box 515 -- Friona, Texas

the question is, "Why did God accept the one and reject the other?" The answer is given in Hebrews 11:4 "By faith Abel offered unto God a more excellent sacrifice..." So far so good, but what is the source of Abel's faith? The apostle Paul answers this for us in Romans 10:17 "So then faith cometh by hearing, and hearing by the word of God." Now we know why God accepted Abel's offering, he did what God told him to do. And, we know why Cain's offering was rejected, he did not do what God told him to do. Cain helped to instigate one of the most common sins known to man, he put more confidence in human reason than he did in God. He was a tiller of the ground, therefore the fruit of the ground would be a more representative sacrifice for him than the firstlings of the flock. However sound it might seem, this was poor reasoning for the simple fact that God told them what to offer and it was not the fruit of the ground. Men today make the same mistake when they reason that the name we wear is not important. This too is poor reasoning for the simple fact that God has given his people a name and tells us that there is salvation in no other, Acts 4:12.

Have you studied the account of Cain and Abel lately? It is recorded in Genesis 4 and teaches a much needed lesson. We are told that both of these men offered a sacrifice unto God. He accepted Abel's offering, but rejected Cain's. Now

A FALL OUT SHELTER AVAILABLE

The fear of radio active fall-out has prompted many to build shelters. There are many questions which could be asked about shelters such as, Will the shelter be sufficient to protect? What will happen when supplies run out and people must come out from their shelters? There are many problems the fall out shelters pose and much discussion is made today in our nation about it. However, I would point you to what the Psalmist had to say: "God is our refuge and strength, a very present help in trouble. Therefore will not we fear though the earth be removed, and though the mountains be carried into the midst of the seas; Though the waters thereof roar and be troubled, though the mountains shake with the swelling thereof." (Psalms 46:1-3).

I do not condemn protection for our lives, certainly God gave us enough sense to do so but I do question the fact that the people of our nation have turned to the security of fall out shelters, social security, stocks and bonds, and man made shelters which offer shelter temporarily. God is an eternal refuge who never fails to give peace and joy, but we must turn to Him in repentance and faith.

Christ is likened to the Solid Rock, Though the storms, the wind, and the rain came yet the solid rock stood forever. As the group of disciples went across the lake of Gallilee in a small boat and the storm came down upon them while Jesus slept, they toiled to save themselves from the storm. No matter what they did they were incapable of providing their needs. Finally, in despair one awakened Jesus and with fear exclaimed, "Master we perish!" Jesus calmly rebuked the winds, they obeyed His voice, and the storm quieted.

Do we have more faith in man made shelters than we do in God? God's promise is, "I will never leave thee nor forsake thee." It is a comfort to know we can always depend on God to be our salvation.

Let me invite you to turn to Him today by repentance of sin and faith in Christ the shelter in the time of need.

Straining to keep from nudging the cross bar, Dale Milner (top) and Larry Buckley display the form used to win first and second place in the high jump event in the freshman track meet in Friona last weekend. The pair bested 13 other jumpers from area schools in the event.

Mr. and Mrs. Frank Spring returned home last week following a trip to Lake Houston and visiting other points in Texas.

Freshmen--
cross the finish line just seven tenths of a second behind Buttrill of Canyon to clinch second place in the 140 yard low hurdles.
Danny Murphee, Bobby Phillips, Douglas Dodd, and Dale Milner pooled their speed and captured the third place position in the 440 relay. The Friona team dropped to fourth place in the mile relay.
Christensen strong - arched the shot-put 44 feet but lacked eight inches tying the Tulsa entrant for first place. He bested the other 13 entrants to win second place.
John Taylor wound up and tossed the discus 121 feet, two and one-half inches for fourth place honors in that event. The longest toss of 136 feet was made by the Canyon hurler.
Friona's Dale Milner and Larry Buckley leaped three inches higher than competing high-

Week after week carefully tabulated figures published in "Automotive Market Reports" show that Chevrolet trucks are worth more in resale value.

why?

If you were a professional used truck buyer, why would you pay more for one make than another?
There may be several reasons, but among them would be:

1. A greater demand for the product
2. A more desirable product for resale

So if used Chevrolet trucks consistently bring higher prices at auctions all over the country, it means that their quality features pay off for you not only as long as you own them but also when you are ready to trade them—double-wall cabs, doors and side panels, roof insulation, select wood floors, reliable and economical engines, real rugged tailgates, a suspension system that helps prolong truck life.

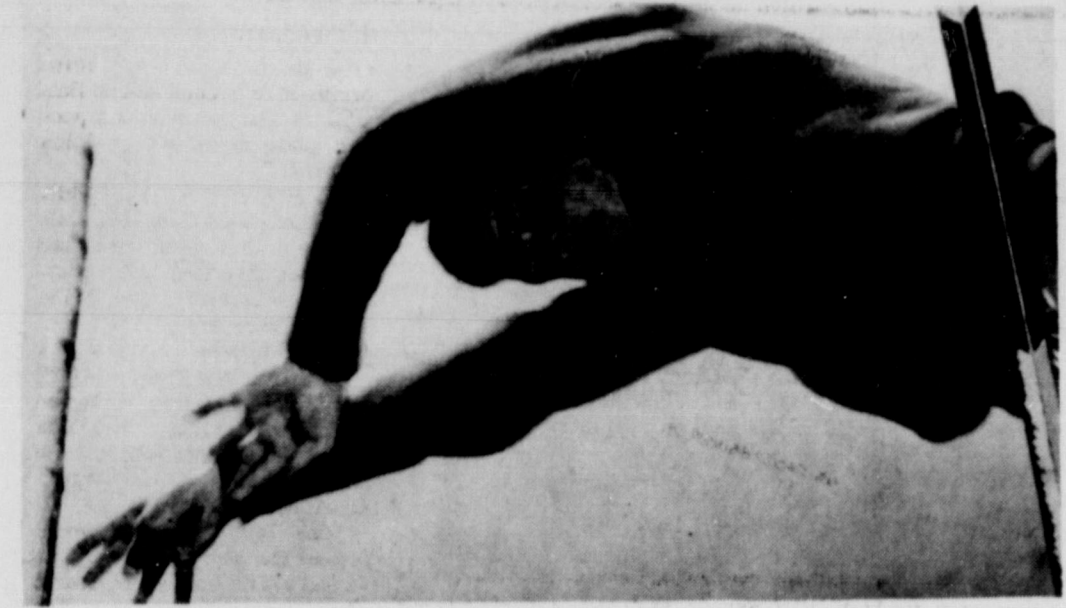

See your Chevrolet dealer for a quality '62 Chevrolet Jobmaster truck.

"Automotive Market Reports" is a weekly authoritative wholesale publication which reports the average prices paid for used trucks and cars by professional buyers at auctions all over the U.S.

See your Chevrolet dealer for trucks that keep working and working and working and working!

REEVE CHEVROLET COMPANY

Friona

Danny Murphee flips away from the pole and slips over the bar in the style used to win the pole vault in the freshman track meet Saturday. Murphee topped 9 feet to win the event.

Freshmen--
jumpers to win both first and second place in the event. Miller topped five feet, three and one-half inches to better Buckley by one-half inch.
Douglas Dodd leaped sixteen and one-half feet to add third place points to the mounting Friona score in the broadjump event.

Second Son For Wesley Barnetts

Mr. and Mrs. Wesley Barnett of Lubbock became parents of a baby boy February 21. He weighed 6 lbs. 13 ozs. and was named Robert Kyle.

Grandparents are Mr. and Mrs. F. W. Barnett and Mr. and Mrs. J. C. McFarland all of Friona. Great-grandparents are Mrs. J. B. McFarland and Mr. and Mrs. R. E. Barnett of Friona and F. E. McMurry of Alamogordo, N.M.

The couple has an older son, Chris.

Carl McCaslin Lumber Inc.
Complete Building Service
Friona 9911 Bill Nunn, Mgr

Think the biggest single bit of excitement in And Around Friona last week was the weather balloon that landed in a field in the Lakeview community southeast of town. Lloyd Chesher was plowing near the spot where it landed and Russell O'Brian was near the scene at the time.

A large crowd gathered in a short time and many residents of that community and the surrounding area got a good look at the object.

Everybody knows that a man's best friend is a dog, but I'm wondering if anyone knows just how to express how a boy feels about a dog that is his constant companion.

Tony Johnson, young son of the Truet Johnsons, wants to share everything he has with his canine playmate. Recently, however, he carried things a little beyond normal expectancy.

After offering the dog half of his doughnut, he said, "Just wait a minute and I will get you a fork."

Bill Kent, a former Frionan who has just returned from a tour of duty with Uncle Sam, has brought and sent back a number of souvenirs from Korea.

Until I viewed some of the things he bought in the Southwest Pacific, I had always thought of chop sticks being made of wood or bone and just being two plain sticks. Some of the ones he has are very fancy and display some fine handwork.

If a person with one of the new upsweep roll hair styles had some chop sticks from Korea, they would make beautiful hair decorations.

Since the Glenn Taylors sold their farm last fall, numerous reports have gone around about where they planned to move. First, it was central Arkansas then southern Missouri. None of us like to see solid Farmer County citizens move off to "foreign" places, so it was good to learn that they aren't moving far.

At the present time they are in the process of moving to a new house into the Drake addition and will soon be moving into it.

New residents of West Loop addition are Mr. and Mrs. Lloyd Messenger and daughters. They moved from Prospect Street into a new home they purchased

from Raymond Fleming on Green Avenue.

Duplication of names makes it difficult for any person who answers the telephones at Friona Star or Plains Publishers. Right now we have three employees named Betty and to further complicate matters, two of them punch tape.

Betty Brown and Betty Wiggins are two of our tape punchers and Betty Lewellen is on paste-up. Then we have Joes. Joe Flores operates the teletype and serves as runner to and from Lovington and Joe Mace sells advertising for the Star. Of course, most of us say "Pete" when we're referring to Mace, so that makes it easier to keep them separated.

Then, we have Frances Collier, who punches tape and Frances Baker, another past-up girl. Linda Costello is a full time employee and Linda Williams is a part time employee.

It is even confusing sometimes when a call comes for Lou Garth, Elva Lou Lewellen or Tommy Lou Goetz. Callers need never be surprised when asked for more information after asking for someone who works here.

With the end of school just about two months away, members of the Star staff would like to solicit cooperation of everyone interested in Frionans, who are graduating.

In our graduation edition we would like to have a story about every Friona student who is graduating from college or preparatory school.

Without assistance from our readers it will be impossible for us to do a good job on this project. Just call 2291 and give us the student's name, school and any other information you have and we will take it from there.

Mr. and Mrs. Earsel Taylor went to Indiana last week to attend the funeral of Mrs. Taylor's brother. They spent several days visiting friends and relatives in Indiana and Illinois before returning home.

Mr. and Mrs. Harold France from Arizona were weekend visitors in the home of Mr. and Mrs. Steve Struve and family. Sunday dinner guests in the Struve home were Mr. and Mrs. France, Mr. and Mrs. Louis Welch and family and Mr. and Mrs. Nelson Welch and family.

County Income Tops \$34 Million In '61

Farm Bureau Starts Membership Drive

Farmer County Farm Bureau opened the 1962 membership drive with a banquet at the Friona School Cafeteria Monday night.

Warren Newberry, American Farm Bureau Staff Member, Vernon, Texas, described the organization as the "largest and most effective agriculture organization in the nation." Newberry was the principal speaker for the occasion.

"I believe that Farm Bureau is the most successful organization today—and I am including labor organizations," Newberry stated. "It is effective because of its size and because other people respect it," he added.

Newberry addressed the group following a variety of musical presentations by the Friona Quartet, Frank Claborn, Wayland Ethridge, Forrest Osborn, and Herbert Day, and a barbecue dinner served by Underwood's.

In his short reference to the

relationship between "big government and agriculture," Newberry referred to government as being a "little like dope."

"A little is good to ease the pain, but too much makes an addict," he said.

"I firmly believe that the legislation now proposed by the Secretary of Agriculture would guarantee poverty for the farmer," Newberry stated. "To tell the farmer how many pounds he could sell—based on past production—would be telling him that he could not grow or increase his farming operation," he emphasized.

Following the close of the meeting, representatives from the six county areas mapped out plans for the drive to obtain the additional 66 members to meet the goal of 540 members.

NEWS FROM THE

FARM BUREAU

BY RAYMOND EULER

Screwworm Program Gets Boost

Jack McCracken, chairman of the Farmer county screwworm eradication program committee says Texas stockmen and others have contributed over one million three hundred and thirty-three thousand dollars to the screwworm eradication program.

"The goal for the State has been set at three million dollars," says McCracken. He urges all of those concerned who have not already contributed to leave their contributions with Joe Jones, Sec-Treas. at Security State Bank or Jack McCracken in Bovina.

The federal government has pledged to match the producer-raised funds in this all important program.

Membership work will have been practically completed by the time you read this. The quota for the year is 540, but we believe it may exceed that by quite a bit before the first of November.

Your membership is solicited and welcomed for the strengthening of the largest farm organization, and the only national farm organization—(membership and organizations in every state but Alaska) but including Hawaii and Puerto Rico. Anyway, this is a way for you to get your ideas on farming on the record. And if your idea is popular with fellow farmers, you may have as many as a million and a half members pulling with you.

Why is it, we wonder, that AP news releases regarding the text book investigations held in Amarillo appeared in only one other Texas newspaper?

Is it possible that there is some suppression of this kind of news in even some localities in our great state? What would you know about the true history of your native state and nation if you had not learned it in

Farmer County Farm Bureau members map out their plans for the 1962 membership drive at the banquet Monday night in the Friona School Cafeteria. Shown here are Raymond

Schlabs, Black (L.), Leland Gustin, Lazbuddie, Ray Martensen, Rhea, Calvin Meissner, Farwell, Grady Nelson, Friona, Grady King, Lazbuddie, and James Norton, Bovina.

Jr. Leadership Club Meets

The 4-H Jr. leadership club met Monday night in the Nelson Foster home with 16 members present.

Bobby Tomlinson, president called the meeting to order and the pledge was led by Reba Lesly.

Richard Chitwood gave an informative talk on the points by which members will be judged in the method demonstration contest. The county contest is set for March 31.

Vivian and Reba Lesly gave a demonstration on making lemon cheese cake. This is the one they will give at the county contest.

Games were enjoyed and refreshments of pop and cookies served.

the class room? A knowledge of the history of society and government is necessary for the correct understanding of the present and future.

We are, incidentally, of the opinion that text books used in our schools of this county probably are above the average in quality. You parents of school children should make it your business to know. It is as simple as reading the history book of your child. If it is not basically the same as you read as a student, chances are there is something wrong.

A recent letter to a temporarily disabled farmer from the Labor Department gave him a temporary exception to allow Mexican Nationals (2) as tractor drivers for (60) days provided they were paid not less than (\$1.00) per hour.

The exception was made on the "sole basis of the farmer's physical condition to allow him to hire and train domestic workers during the 60 day period" he was expected to be disabled. Does this sound like the United States of America to you, Mr. Farmer?

CONSIDER THIS: He that followeth after righteousness and mercy findeth life, righteousness, and honor. Proverbs 21:21

THE HIGH PLAINS FARM AND HOME

Hearing Revised For National Potato Order

Beginning dates for the last four of seven hearing sessions on a proposed National Potato Marketing Agreement and Order have been changed, the U. S. Department of Agriculture announced today.

As previously announced, public hearing sessions will be held at the New Commodore Hotel, 42nd Street and Lexington Avenue, New York, N.Y., beginning March 12, 1962; Secor Hotel, Jefferson and Superior Streets, Toledo, Ohio, beginning March 19; and Radisson Hotel, 45 South 7th Street, Minneapolis, Minn., beginning March 22, 1962.

The remaining sessions of the hearing have been rescheduled as follows: Latter Day Saints Hall, 140 North Garfield Street, Pocatello, Idaho, beginning March 27; American Legion Hall, 1301 17th Street, Bakersfield, Calif., beginning April 5; Auditorium, Public School Administration Building, 910 W. 8th Street, Amarillo, Texas, beginning April 12; and Henry Grady Hotel, 210 Peachtree Street, Atlanta, Ga., beginning April 17.

The first day of the New York session of the hearing will commence at 10 a.m., local time, and the first day of the sessions in the other cities will commence at 9 a.m., local time. Each session will continue as long as necessary and, instead of specific termination dates as previously scheduled, will be terminated as determined by the presiding officer.

Despite adverse weather conditions during cotton harvest season, Farmer County grossed over \$34 million from the three major crops during 1961, according to compiled reports.

Direct income from cotton, grain sorghum and wheat grossed \$31,528,070 for the county. With the inclusion of diverted acres payments on grain sorghum, the total income is raised to \$34,762,604. This diverted acres payment and the higher price received for grain sorghum will account for the increase over the \$30 million average for the past two years.

Cotton production fell 10,000 bales below the 65,000 which was estimated for the county during the growing season. Heavy snow and ice retarded the maturation and reduced the grade of cotton produced.

According to a recent report from the Texas Employment Commission, 55,000 bales were ginned from the county. This amounts to about \$7,700,000 for lint at the average of 28 cents per pound and \$1,064,250 for seed at the average of \$44 per ton for a total of \$8,764,250 income from cotton.

Grain sorghum production equaled an impressive \$15,263,820 for the county when figured at the gross of \$1.80 per hundred pounds. The payments for the 20 per cent lay-out resulted in an additional \$3,234,543 for Farmer County farmers, according to the Agriculture Stabilization Office in

Farwell. Payments for the diverted grain acres far exceeded those for other crops during the year.

Wheat production brought an additional \$7.5 million to county income, according to an adjusted report.

The addition of the \$4.5 million said to have entered the county as a result of livestock production brings the total county income to \$39,262,604.

Income from produce and vegetables produced in the county has not been compiled or made available to date but is expected to be very close to the 1960 figure.

Scruggs Cited By Cattlemen

The Texas and Southwestern Cattle Raisers Association's Outstanding Service Award was presented to the president of the organization which initiated the screwworm eradication program in the Southwest, Tuesday, March 20, during the 85th annual TSCRA convention at Houston.

C. G. Scruggs of Dallas, president of the Southwest Animal Health Research Foundation received a leather plaque bearing the inscription, "For Outstanding Service To The Beef Cattle Industry." The plaque was presented by Leo Weider of Victoria, chairman of the public relations committee, and TSCRA first vice-president.

HD Agent's Notes

BY MISS ETTIE MUSIL

Do teen-agers really care? A study was made recently in 3 New York state schools in regard to the interest teen-agers had in the use of money. Of the 339 ninth-grade students surveyed more than 100 boys and girls asked about automobiles and life insurance. Sixty-four were concerned about ways to save for retirement.

A total of ninety per cent of the boys and girls were saving money. Like our local teen-agers they spent their money for school expenses, recreation, snacks, contributions, books and magazines -- in that order. In the study they wanted to provide their share in earning their expenses.

In another study in Massachusetts by the Extension Service Agents, they interviewed 52 girls, their parents, and the management of 52 stores in 9 cities. This study was made whether teen-agers should be encouraged to start charge accounts?

They found that only 1 out of 3 girls felt that a charge account would be a valuable experience in learning to handle money. Another third of the girls said that "it depends" on an individual's judgement and on her willingness to accept the responsibility. The rest of the girls interviewed thought parental consent should be necessary. Perhaps they were thinking of who would have to pay the bills.

When the parents were interviewed they were even more cautious in starting charge accounts for their daughters. Their reasons were several. It's hard to decide what she needs and what's a luxury. This involves the ability of good

judgement of what is a need or a want. The parents did not feel that credit would teach a child to

save before buying. Parents felt that it was their duty to take care of a teenager's needs. They thought it was bad to start the habit of credit too early.

Even the teen-agers aren't sure whether it's the right thing to do. In the study some of the store personnel interviewed, approached the early charge accounts with caution. In talking with you mothers

and many of your sons and daughters, I know of your sincere interest in teaching them the value of money. Many of our youth have their own bank accounts and savings accounts for their college education.

You may need some extra help to set up their checking accounts, how to write checks, (Continued on next page.)

WITH THE COUNTY AGENT

DERYL COKER

Several farmers have agreed to keep result demonstrations for 1962. This I appreciate very much. Not only are you helping yourself by finding what will pay on your farm, but you are helping your neighbors and community.

We still need more results on crop demonstrations pertaining to phosphate levels, varieties, tillage practices, placements of fertilizer, and different irrigations on levels on cotton.

If you could keep a result demonstration, I would like to work with you on it and obtain the results. These results will be published before the 1962 crop is planted.

Anyone who keeps a result demonstration should have a soil test analysis to see what the soil test calls for. If you do run or plan to run a demonstration I will send in a soil test for you with no charge or cost to you. If you decide to keep a result demonstration come by the office or write me, and we will work it out to where it will require very little extra effort on your part.

Also, if any of you have phosphorus on some of your wheat and some without phosphorus and are side by side I would like to have the results.

There will be a Swine Short Course for anyone interested in Swine Production at Texas A&M College, located at College Station on April 2-3, 1962. "Raising more pigs on less

feed--with more valuable carcasses at slaughter time" is the major objective of the program. Selection and breeding programs with special emphasis on the use of production and carcass information in selecting breeding animals will be one of the major discussion areas. This is truly a well rounded program with presentations in all areas important to successful hog production, including feeding, disease, housing, equipment and marketing.

A hearing on the Proposed National Potato Marketing Order will be held Thursday, April 12. The hearing will be held at the Auditorium, Public School Administration Building at Amarillo, Texas, commencing at 9:00 a. m. and will continue as long as necessary.

All potato growers should study or make themselves familiar with this marketing order and vote on it as you see fit.

HD Agent--

and how to check their bank statements. We have a number of publications in the office that are easy to understand.

Write, call, or come by for these "aids". Just ask for "How to Use Your Bank", "Where Do You Get Your Money?", "Plan Your Spending", "Invest in Yourself", "Using Credit", or "Personal Money Management Record".

If your son or daughter have a charge account you may want to help them have a better understanding of this business transaction. We have an "eye-opener" bulletin, "Using Consumer Credit - A tool or a trap?" Remember all bulletins are free, but do have much valuable information.

With Spring officially here we'll be spending more time in the garden, yard, and flower

"MAN IS LEARNING"

Legislative Proposals Analyzed In Amarillo

Farmers and grain dealers throughout the High Plains area will have an opportunity to hear legislation currently before Congress, analyzed by national leaders, Monday.

The information and education of Wheat Growers and the Grain Sorghum Producers As-

sociation. The meeting will be at the Herring Hotel, Amarillo, beginning at 9 a.m. through 12 noon.

Dr. John A. Schnitker, Economic Analyst on Secretary Freeman's Staff, Washington, D.C. will evaluate and discuss the "Food and Agriculture Act of 1962" which is generally referred to as the Administration's bill, calling for continued price supports, acreage adjustment and gradual stock reduction together with reduced Treasury outlay.

The "Cropland Retirement Act of 1962" which is commonly referred to as the "Soil Bank Act," calling for diversion of whole farms from production and a rental payment for voluntary participation will be analyzed by a nationally known speaker now being selected.

The "Projected Economic Outlook and Need for Effective Farm Policy" will be discussed by the head of the Department of Agricultural Economics at Texas Technological College, Dr. J. Wayland Bennett.

The presidents of the two sponsoring organizations, Mr. Frank Moore of Plainview and Mr. Kenneth Kendrick of Stratford, stress that there will be ample time for discussion of comments and questions from the floor. They urge that anyone seeking further information about current farm programs take full advantage of the opportunity to receive first-hand information from these nationally known experts who will be at the meeting.

Directors of the Grain Sorghum Producers Association will hold their regular annual meeting and election of an Executive Committee at 1:30 p.m. also on Monday, at the Herring Hotel.

Steelworkers' Gains

NEW YORK (UPI) — During the period from 1946 through 1961, steelworkers in the nation received 13 increases in basic wage rates, not including six cost-of-living increases. Steel Facts reports.

Swine Short Course Program Announced

A breeding and selection program for swine producers which will result in more pigs; more pork on less feed and the highest quality carcass at slaughter time will be featured at the 11th annual Swine Short Course.

According to T. D. Tanksley, Jr., extension swine specialist, the meeting will be held on April 2-3 in the Memorial Student Center on the campus of Texas A&M College, and he recommends it without reservation to anyone interested in swine production.

Three out-of-state speakers will be featured. Bernard Collins, Clarion, Iowa, is described by Tanksley as a very practical commercial hog producer and one whose opinions are highly regarded throughout the nation. He is also president of the Iowa State Swine Producers Association.

W. C. Haase is a swine specialist for Swift and Company, Chicago, and is one of the top marketing experts in the industry, according to Tanksley.

The third is one of the nation's best known research workers on swine breeding, Dr. J. A. Whatley from Oklahoma State University.

Other speakers will include leading swine producers of Texas and members of the College's Animal Husbandry Department, School of Veterinary Medicine and Agricultural Extension Service.

Various aspects of performance testing will be discussed during the first session which gets underway at 9 a.m. Tanksley believes the discussion by Drs. Wayne Moore and Harold Redmond, leading off the afternoon session on April 2, will be worth the trip to College Station. They will report on "Infectious Micro-organisms Found in Contest Pigs on Arrival at A&N and Disease Conditions at Slaughter."

Awards will be presented to the owners of the winning entries in the 1962 Carcass Contest during the evening's program. The second day's discussions and tours will deal with problems and subjects of common interest to all hog producers.

Lazbuddie Showmen Draw \$5,784.35 In County Show

Lazbuddie FFA and 4-H Club students won four champion spots and grossed \$5,784.35 at the Farmer County Junior Livestock Show in Friona recently.

Theresa Seaton showed a Hampshire hog which was chosen as the grand champion of the show. It was purchased for \$229.20. Steve Foster received \$118.75 for his champion South Down Lamb while Mike and John Ward sold their Fine Wool champion for \$88.74. Steven Young received \$114.50 for his Medium Wool champion.

Lazbuddie animals were purchased by 13 Friona businesses two from Muleshoe, three from Farwell, one from Bovina, six from Lazbuddie and two county-wide organizations.

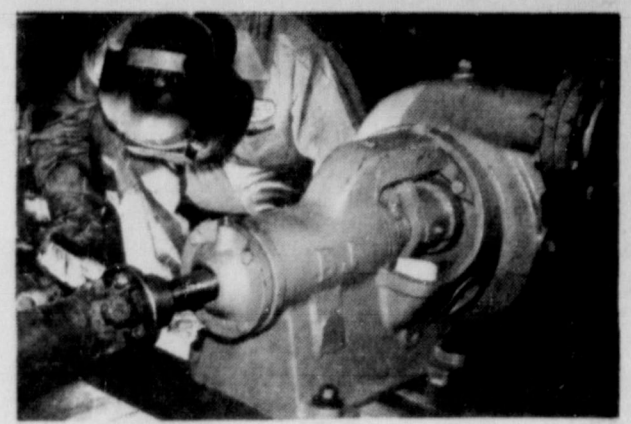

Marianna Gammon won the showmanship award in the lamb division.

4-H Club Begins Contest Plans

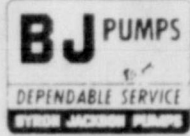

Farmer County 4-H Club members are making plans for the annual County 4-H Method Demonstration Contest to be held March 31, at 9 a.m. in the District Courtroom of the Courthouse.

Fifteen minute demonstrations may be presented in Beef Cattle Business, Dairy Foods, Community Improvement, Electric, Entomology, Farm and Ranch Management, Cooperative, Field Crops, Forestry, and Landscape Plant Identification. Others include Poultry Marketing, Public Speaking, Farm and Home Safety, Soil Water Range Conservation, Tractor Operators, Vegetable Preparation and Use.

NEW YORK (UPI) — A consumer testing organization is using women drivers to test mechanical and electronic gear to evaluate how trouble-free the Volkswagen auto is.
