

**LISTEN TO LUKE**

As much as this column has tried to stay out of politics it seems that as the Democratic primary approaches and the Democratic National Convention is in session there is nothing to do but stick our nose into the thick of the fight and write this one column on the politics that fill the air.

We expect to go to the polls Saturday and cast our vote for the men of our choice for county officials, district, and state officials. We will do this for the name of the Democratic Party. We hope we will be able to vote for a presidential candidate on some ticket in November. There is no way of knowing, at this writing, who the nominee for Democrats will be. In all likelihood this year will give Texas an opportunity to establish the two-party system in Texas.

Republican clubs are springing all over the state. That is a sign and should be an inspiration to every citizen of Texas so there will be an opportunity to balance in the political life of the state. This column does not pledge my first loyalty to Harry Truman nor to anyone upon whom he places his blessing. Our loyalty is now and shall always be to the United States of America. It is not to any political party nor to any candidate that we owe our allegiance. There is nothing in the Democratic primary pledge which would keep anyone from supporting the nominees of the primary and then voting national ticket on the other man. I can in conscience do a very thing and without having to make apologies to anyone. Texas has seen a new day dawn in the political life. There has been more oppression on this state by the carpet-baggers today than ever imposed upon us in old post-bellum days of the national carpetbagger.

Regardless of how you vote Friday it is essential that you vote and must have an input in the political life of this state or we will have to endure the tidal waves that steal another four years passage.

There is no violation of law, it is a matter of conscience, it is no violation of judgment for one who has habitually voted for Democratic candidates to do so again Friday. We have got to pick our men for office in every political level. We, as good Americans, must assume our responsibility and think long and hard on every choice on every ticket. We, as Americans, do our own thinking and resolve to the best of our ability to vote a slate of men in every level who will be for the interests of the well-being of the state and nation.

Since we have devoted so much time to the discussion of political questions there has been some let-down on some "close" issues. For instance we did not take a little time out to discuss the fly menace. There is a need for a general fly eradication movement in Sanderson. It should be possible, by some means, to eliminate the fly at the breeding place, and attempt to control the pests by spraying or some similar means. Are there any ideas?

**AND MRS. ED ELMORE RESIDE HERE**

Mrs. Edward Elmore is occupying the rent house being occupied by Mr. and Mrs. Jack Elmore. He is a T&NO fireman. Mrs. Elmore were married in Del Rio a month ago. She is the former Mary Louise McDaniel, the daughter of Mrs. Ora Donnell, and was employed by Interstate Co.

**W. A. WHITTLE BURIED SUNDAY IN SABINAL**

Funeral services were held here Saturday afternoon at four o'clock in the Methodist Church for William Albert Whittle, 79, who died in his sleep Thursday morning at about four o'clock. Rev. J. W. Byrd, pastor of the First Presbyterian Church, officiated at the services. The body was shipped to Sabinal where graveside services were held Sunday afternoon and interment was made in that city.

Survivors include a son, W. A. Whittle, Jr., of Billings, Mont., who arrived here Friday night; two granddaughters in Billings, a grand son, W. A. Whittle, III, of Los Angeles, California; a brother, Emmitt Whittle, of Atlanta, Ga., and a sister, Mrs. Ida Nixon, of Dayton, Tennessee.

Pallbearers were Jack Woodley and Carol McCauley of Sabinal and Mr. Whittle's four nephews, J. B. Faltz and S. B. Hudson of San Antonio, L. C. Hudson and F. K. Hudson of Sabinal.

Mr. Whittle, a native of Tennessee, moved to Houston in 1899 and to this section a year later. He worked for the Southern Pacific Railroad until 1943 when he retired. He was a member of the Railway Trainmen for more than 50 years and was honored by that organization in 1950 when he received a fifty-year pin at a banquet in his honor.

W. F. Frazier, an official representative of the Brotherhood of Railroad Trainmen, accompanied the body to Sabinal and assisted Rev. Gibson, Methodist pastor, in the graveside services.

Attending the funeral services in Sabinal were Mr. and Mrs. W. D. O'Bryant, Jr., and son, William Doyle, Mrs. Mary Lou Keller, Mr. and Mrs. Willie Banner and Mr. and Mrs. W. J. Ferguson of Sanderson.

**Higher S. S. Payments Due In October**

Many people in Sanderson and Terrell County will receive higher social security payments beginning early in October as a result of the social security amendments which President Truman signed into law last July 18.

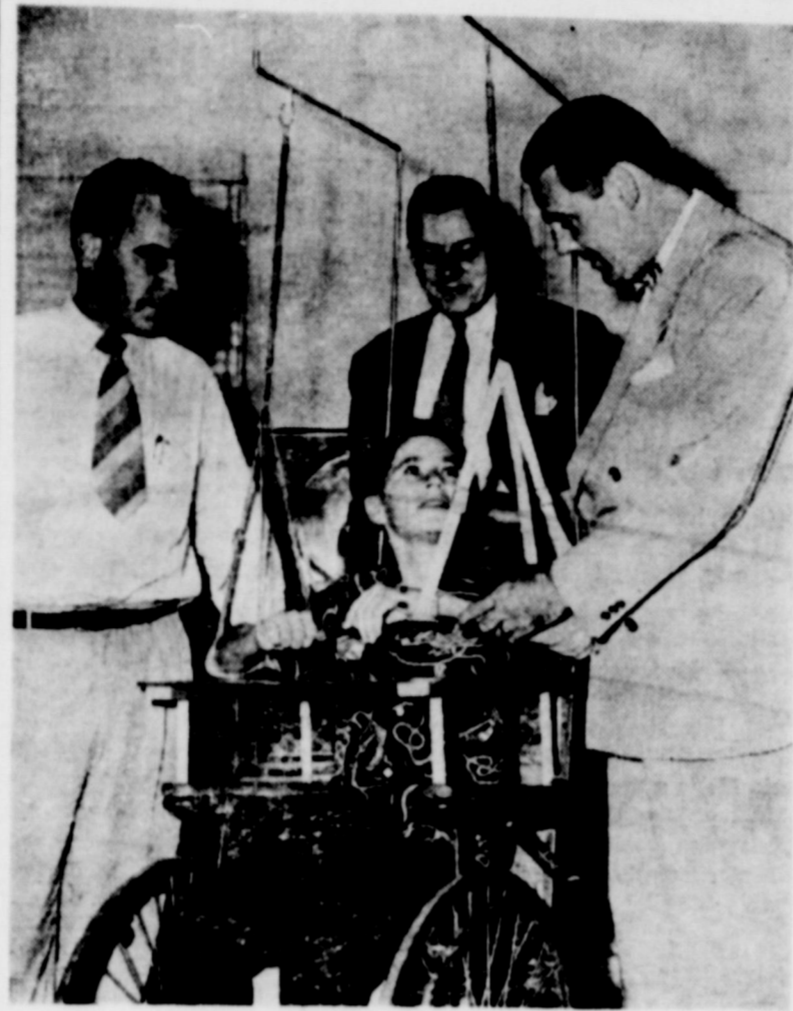

Jack E. Calvert, manager of the Odessa social security office, emphasized that no one needs to apply for the increased payments. "The Social Security Administration is already changing the amounts," he pointed out. "We expect to get them changed in time to have them in the mail October 3, the regular delivery date, but in a few cases we don't meet that schedule, we'll send the regular check and make up the difference in a later check."

Mr. Calvert pointed out that although nearly every family receiving payments would receive an increase, the additional amount would not always be divided among all the members of the family receiving monthly checks. In some cases the entire increase will go to the retired worker.

Under terms of the law, most families will get an increase of about \$5; some will get less and some will get more. A few benefits now being paid and most of those paid in the future, will be based on earnings after 1950 instead of after 1936. The amended law provides a new formula for determining the amount of the payments in these cases. Under it, a retired worker's family benefit would be 55 per cent of the first \$100 of his average monthly income plus 15 per cent of the remainder up to \$300.

**RODOLFO GARCIA BORN ON JULY 19**

A son, Rodolfo Garza, was born here Saturday, July 19, to Mr. and Mrs. Jose Garcia. The baby, their sixth child, weighed ten pounds. Garcia is a laborer.

Dr. Herbert T. Wagner (right) and Dr. Louis G. Llewelyn of the National Foundation for Infantile Paralysis, are shown with Dr. Duane A. Schram (left), Medical Director of Gonzales Warm Springs, during their recent visit to Gonzales. Dr. Wagner and Dr. Llewelyn are presently visiting physicians, hospital and health authorities throughout the state during the current high polio incidence. Also shown is Jimmy Meyer, of Shiner, Texas, who is receiving treatment at Gonzales Warm Springs. Dr. Wagner is Director of Hospital Services and Dr. Llewelyn is newly appointed Regional Medical Consultant of the National Foundation.

**WOOL SHRINKAGE TO BE DETERMINED BY CORE TEST**

Core test is being made this week on 100,000 pounds of wool in the warehouses of the Sanderson Wool Commission Co., according to J. T. Williams.

Noel Fry of the United States Testing Co. is making the tests by spot coring the entire lot of fleeces. This test, according to Mr. Fry, will determine the shrinkage caused by the cleaning and scouring process. The amount of dirt and oil lost in the process will determine the percentage of waste.

It is expected that heavy shrinkage will show this year due to the extremely dry weather and lack of vegetation.

Mr. Williams stated that the consignment of wool being tested was sold on the spot test basis.

**Church of Christ Encampment Closes Monday Afternoon**

The Church of Christ Pecos encampment near Iraan closed Monday with a sunrise service and devotional. Approximately 2,000 people from all over Texas and from several states attended during the ten days. There were about 200 young people attending classes each day and twenty baptisms and many confessions, according to Lewis A. Wright, minister of the local Church of Christ.

Contributions for the two Sundays amounted to over \$2,500, he added.

Extensive plans were made for improving the grounds and the construction of more facilities at the campsite.

Wright stated that along with the classes and worship services, there were games, mountain climbing and swimming enjoyed under supervision of adults.

"The Pecos River was used for the baptizing and the singing on its banks was very inspirational. The encampment this year can truly be spoken of as a successful camp meeting," Wright concluded.

**AMONG OUR SUBSCRIBERS**

W. E. Orr of Los Angeles, California, is a new subscriber to The Times; also Mrs. M. A. Robertson and L. W. Welch of Sanderson, and Joe F. Brown of Uvalde.

Renewals have come from Mrs. Maude Sullivan.

**PRIMARY VOTING TO BE SATURDAY**

Plans have been completed for holding the county Democratic primary Saturday. The polls will open at 8 a. m. and will close at 7 p. m. Voting in precinct 1 will be at the courthouse with Jimmy Caroline as judge.

Precinct 2 voters will vote at the Dryden school with Mrs. Johnny Woodward as judge.

Precinct 3 will poll at the Sid Harkins ranch with Keith Mitchell as judge and precinct 4 will poll at Independence.

There is only one race in the county with opposition, but several places on the ballot in the district and state offices are contested and all voters are urged to go to the polls Saturday and exercise their rights as citizens.

**F. F. A. Boys Have Full Program At Summer Meeting**

The Sanderson F. F. A. Chapter held its regular meeting Wednesday, July 16, in the high school building. David Mitchell reported to the chapter on the Sonora Wool and Mohair Show, and Jimmy Harrison gave the financial report. "Richer Range Rewards", a movie on range management, was shown to the group of boys and adults present. The film stressed three major points: 1. Don't graze your range too early in the spring. Allow the young seedlings a change to get started.

2. Leave enough forage on your range to allow for hard times and to provide seed sources.

3. Distribute your livestock by waterings, salt stations and cross fences.

The film pointed out that less trampling and much better distribution of stock can be obtained by having salt stations from one-half to one mile away from your waterings.

Experiments have proven that stock do not go directly from salt to water as many people have believed.

The next movie, "Outbreak", the story of the foot and mouth disease, will be sponsored by the F. F. A. the last of August.

Tommy Tatum, vocational agriculture teacher, stated that the movies are free and the public is invited to attend.

**National Foundation Representatives Visit Texas Polio Centers**

Austin, July 23 — Dr. Herbert T. Wagner, director of Hospital Services and Dr. Louis G. Llewelyn, regional medical consultant of the National Foundation for Infantile Paralysis, are presently visiting various treatment centers for polio patients in the state.

Their itinerary includes Dallas, Abilene, Tyler, Austin, San Antonio, Corpus Christi, Brownsville, Harington, Galveston, Beaumont and Houston, where they will consult with hospital administrators, physicians and health authorities on most effectively meeting the problems caused by the high incidence of polio within the state.

Dr. Wagner stated that as of July 5th, there had been 16 physical therapists and 47 nurses recruited for epidemic services, which reflects one of the problems we are facing.

Dr. Llewelyn and Dr. Wagner commended and heartily endorsed the trend toward treating milder forms of the disease at home. They added that such a course of treatment is often more beneficial for the patient.

So far this year 49 of the 254 Texas chapters of the National Foundation have received \$579,280 from the National Epidemic Aid Fund. Present prospects indicate much more will be needed to fight polio in Texas, and will be forthcoming.

Mrs. Ryo Earksdale left Friday for San Antonio to return her daughter home after she had visited several days here. Her grandson returned home with her Sunday to spend several days.

Mrs. Ira Rutledge returned home Tuesday after spending several days visiting relatives near San Antonio.

Mr. and Mrs. Wallace Henshaw, Jr., have disposed of their ranch holdings and have moved to Galveston.

The Crockett Morrison ranch at Dryden was sold to Ira Deaton of Del Rio. Mr. and Mrs. Wayne Hope, who have been living there, are planning to move.

**Oil Interest Increases With Staking of Goldwire Wildcat**

B. L. T. Co. of Odessa will stake a well, No. 3 Madelin C. Goldwire, to be 1,320 feet from the north and 720 feet from the east lines of section 97, Block 1.

**Funeral Monday For Jesus Faz, Long Resident of County**

Funeral services were held at 4 o'clock Monday afternoon at St. James Catholic Church for Jesus Faz, 63, who died here Saturday night. Burial was made in Santa Rita Cemetery.

Faz had resided in Sanderson for many years. His wife died here two years ago.

Saturday night as he crossed the street to his home about 9:50, he stepped into the path of the car driven by Dr. J. W. Pate who was going west on Highway 90. Since the victim was wearing dark clothing, the car was almost upon him before he could be seen as he stepped into the light, according to a report made by Sheriff J. S. Nance. An O. T. Sudduth ambulance took Faz to Fort Stockton and Faz died en route.

Survivors include one son, Samuel Faz of Sanderson; two daughters, Mrs. Jose Rodriguez of San Antonio and Mrs. Roberto Garcia of Piedras Negras, Mexico. Mrs. Jesus Marquez of Sanderson is a niece and there are many other nieces and nephews.

**Receiver Asked For Brewster Properties**

A receiver for valuable quicksilver properties near Alpine, was ordered last week by U. S. District Judge R. E. Thomason at the request of minority stockholders.

John W. Gillett of Alpine was named temporary receiver, under \$10,000 bond, for Waldron Properties, Inc., and Waldron Quicksilver Properties, Inc. A hearing on the petition for a permanent receiver was set for 10 a. m. on July 28.

Mrs. Sidney Overstreet McKee of Sanderson and Mrs. Mamie Bourquin Hicks, Shreveport, La., asked for receivership to protect their interest in quicksilver claims "that are some of the most valuable in the Terlingua Mining district and in the Southwest."

In their petition, filed by attorneys Ray and Sutton of Alpine the two women charged that the properties are being neglected and wasted since the death on June 16 of E. A. Waldron. Waldron left no heirs, the petition said and no surviving officers of the corporations. He had been president and secretary of the companies and his late wife was vice-president and treasurer.

T. B. Davis of Alpine, who has been serving as acting secretary, joined in the petition asking a receiver to protect company assets. He filed a notice from the Texas attorney-general requesting that the companies' charters be forfeited.

The petition asks that all of Waldron's stock be voided in the companies he organized in 1928.

**METHODIST W. S. C. S. TO MEET MONDAY**

Mrs. B. C. Henderson and Mrs. A. B. Gates will be hostesses when the Methodist Woman's Society of Christian Service meets Monday afternoon in Fellowship Hall at 3 o'clock.

Mr. and Mrs. Gene McSparran and family, who have been residing in Van Horn on the West-Pyle ranch, have returned to Sanderson and are occupying the Banner home on Oak Street.

TCRR in Pecos County. This well is approximately 10 miles north of Sanderson and is just north of the Terrell County line.

Drilling is scheduled to begin by July 28 and the well is scheduled to go to 3,500 feet with cable tools.

The Fred Turner No. 1 Noelke, Terrell County wildcat approximately 10 miles southwest of Sheffield, recovered 150 feet of drilling mud with no shows on a one-hour drill-stem test from 9,607-70 feet in lime and chert. All pressures registered zero and drilling continued below 9,676 feet.

The Phillips Petroleum Co. was preparing to drill out all plugs in its No. 1 Glenna, rank wildcat and big gas discovery in Southeast Pecos County. This project, drilled to total depth of 14,522 feet in the Ellenburger has shown as high as 100,000,000 cubic feet of gas per day. Operator will drill out the plugs that were set in the well for testing in various intervals and then take potential test and put on regular production. No. 1 Glenna, deepest producer in the Permian Basin of West Texas and New Mexico is located in section 28, Block 101 TC survey in Pecos County.

**FLY CONTROL HEADS LIST OF HEALTH MEASURES**

Austin, July 22 — The control of the fly menace comes at the top of the list of necessary public health measures which should be applied by every city, community and individual in the state, declared Dr. George W. Cox, state health officer.

The most effective measure for fly control is to prevent their breeding. Flies breed in filth and about eight days are required to complete a life cycle. During her life time of several months, one fly lays from 600 to 1,000 eggs.

To eliminate flies, the breeding places must be destroyed. Manure piles, garbage, and other organic filth furnish the requirements of warmth, moisture, and food necessary for the propagation of the fly. Flies should be kept from contact with food or drink or utensils in which such food and drink are prepared and served. Likewise, they should be kept from access to privy vaults where they pick up the infections, which they later spread to humans by contact with the food and drink, and by unwashed hands and utensils.

See that your windows, doors and porches are screened so that the stray fly from some careless neighbor will not molest your family. See that your grocer keeps meat and other perishables screened from flies.

The use of DDT and other sprays for the control of all varieties of adult flies and fly larvae have come into wide usage. However, their use should be, after all trash and breeding places have been eliminated. Otherwise, spraying will give only temporary relief and a false sense of security.

**RECEIVER ASKED FOR BREWSTER PROPERTIES**

A receiver for valuable quicksilver properties near Alpine, was ordered last week by U. S. District Judge R. E. Thomason at the request of minority stockholders.

John W. Gillett of Alpine was named temporary receiver, under \$10,000 bond, for Waldron Properties, Inc., and Waldron Quicksilver Properties, Inc. A hearing on the petition for a permanent receiver was set for 10 a. m. on July 28.

Mrs. Sidney Overstreet McKee of Sanderson and Mrs. Mamie Bourquin Hicks, Shreveport, La., asked for receivership to protect their interest in quicksilver claims "that are some of the most valuable in the Terlingua Mining district and in the Southwest."

In their petition, filed by attorneys Ray and Sutton of Alpine the two women charged that the properties are being neglected and wasted since the death on June 16 of E. A. Waldron. Waldron left no heirs, the petition said and no surviving officers of the corporations. He had been president and secretary of the companies and his late wife was vice-president and treasurer.

T. B. Davis of Alpine, who has been serving as acting secretary, joined in the petition asking a receiver to protect company assets. He filed a notice from the Texas attorney-general requesting that the companies' charters be forfeited.

The petition asks that all of Waldron's stock be voided in the companies he organized in 1928.

**GEORGE GANN'S GRANDSON DIES OF POLIO IN NEBRASKA**

George Gann received word that his grandson, Archie Gann, Jr., of Omaha, Nebraska, had died following an attack of polio. The child was nine years of age. Mr. Gann was unable to attend the funeral services in that city last Thursday.

Ben Edward Martin is in Sanderson on a leave until July 29. He is stationed at Moffett Field, California. Mr. and Mrs. Ben Martin, his parents, met him in El Centro, California, and accompanied him home Saturday.

#### CONSPIRACY EXPOSED!

It is not easy to accept the reality of an international conspiracy working secretly in America to capture all of us and make us prisoners of an iron-fisted and brutal dictatorship. Even after the New York court conviction of the 11 Communist leaders, the sensational Alger Hiss exposure and conviction, and the recent series of books, by ex-Communists, it's still difficult for the average citizen to fully realize that the Communist conspiracy inside America is real, not fictional.

That's because most of us in a sense live in a small world — in the orbit of our personal activities. What we read, and yet do not see and feel, is far away; it simply doesn't touch us. Our lives have not been personally touched so far by the Communist conspirators, although our future has certainly been affected. Even President Truman himself labeled as a "red herring" charges by some of his political opponents that Communist conspirators were working inside important departments of the Federal government. Later Hiss and others were exposed and convicted.

The Communists and their dupes wish to keep as many Americans as possible thinking that the Communists forces in America are harmless. If all America should come to realize the full facts of the conspiracy our country would become extremely unhealthy for Communists and fellow-travelers; the Reds would be chased out, out-

lawed. So the Communists have infiltrated many sections of the press, radio and other communications to spread propaganda, hoping to keep the public hoodwinked about the conspiracy. They have succeeded in getting widely circulated publications and commentators to denounce individuals and organizations who are working to expose the conspirators and their dupes.

The clearest set of documented facts exposing the conspiracy appears in the report just released by the Senate Judiciary Committee, an utterly responsible body of Senators drawn from both political parties. The report shows, with indisputable documentation, how the Communists worked their spies and dupes into strategic positions in our Federal government, and how as a result America suffered the loss of China as an ally against world Communism.

The Judiciary Committee conducted exhaustive hearings, examined 20,000 documents, took the testimony of 66 witnesses. U. S. NEWS and WORLD REPORT said: "The loss of China represents the greatest defeat in U. S. history . . . In its report, the Judiciary Committee finds a conspiracy, Communist-inspired, that led to (this) American defeat. High American officials were duped. Policies were influenced that gave Communists their greatest victory."

Here are a few of the Judiciary Committee's conclusions as published in the report: "Members of the small core of officials and the staff members who controlled the Institute of Pacific Relations were either Communist or pro-Communist . . . The names of eminent individuals were by design used as a respectable and impressive screen

### PERSONALS . . .

Mr. and Mrs. Lee Dudley visited with his parents in Sheffield last week end.

Mr. and Mrs. Col Coates spent last week in Colorado Springs, Colorado, where they visited in the home of Mr. Coates' brother, Charlie Coates, and family.

Mrs. Roy Harrell went to Ozona Friday to spend two weeks with her daughter, Mrs. W. H. Chandler, and family.

Mr. and Mrs. M. W. Duncan returned home Saturday from a vacation trip to San Antonio, Fredericksburg, and San Angelo where they visited with relatives.

Mrs. Willis Martin and children left Saturday for a two weeks vacation trip to East Texas. Her mother accompanied them on the trip.

Mrs. K. E. Dick who is employed in Fort Stockton, her daughter, Patricia, and her mother, Mrs. J.

for the activities of the IPR inner core, and as a defense when such activities came under scrutiny . . . Owen Lattimore was, from some time in the 1930s, a conscious articulate instrument of the Soviet conspiracy."

The Senate Judiciary Committee further state: "Many of the persons active in and around the IPR, and in particular, though not exclusively, Owen Lattimore, Edward C. Carter, Frederick V. Field, T. A. Bisson, Lawrence K. Rossinger and Maxwell Stewart knowingly and deliberately used the language of the books and articles which they wrote or edited in an attempt to influence the American public by means of pro-Communist or pro-Soviet content of such writings."

"The net effect of IPR activities on the United States public opinion has been such as to serve international Communist interests and to affect adversely the interests of the United States . . . Owen Lattimore testified falsely before the subcommittee with reference to at least five separate matters that were relevant to the inquiry and substantial in import."

Every American should read this Senate Judiciary Committee report. It should be brought into college and high school classrooms throughout the nation next September. For your copy write: The Government Printing Office, Washington, D. C. Ask for Senate Report No. 2050, 82nd Congress, 2nd Session.

### WHERE'S IT TAKING US?

H. Beverly, spent the week end here with Mr. Dick.

Mr. and Mrs. H. A. Thorn visited with relatives in Eden and Brady and with her niece in Corpus Christi who is ill, returning home Wednesday morning.

L. M. Wooten has his left arm in a cast this week after fracturing his wrist while on the job last week. He is a T&NO brakeman.

Mr. and Mrs. F. G. Grigsby left Monday for a vacation trip to California where they will visit with Francis Grigsby in Los Angeles

and with Mr. and Mrs. Prince E. Dishman, Jr., and Mr. and Mrs. Bob Lea. They were accompanied by Mr. and Mrs. W. E. Lea of El Paso.

Mrs. F. T. Baker and children spent the week end here, returning to Alpine Sunday.

Mrs. Homer Hill of Sierra Blanca spent last week here with her parents, Mr. and Mrs. J. D. May. Her husband came for her Saturday and spent the week end.

Word was received Sunday from surgeons of the Scott and

White hospital in Temple that the infant son, Jessie Leo, of Mr. and Mrs. W. D. Talbot, had not shown any good results from the recent brain surgery he underwent there but that he would remain for a few more days of observation.

Marine Sgt. Jimmy Harris is in the William Beaumont Hospital in El Paso for a medical check up.

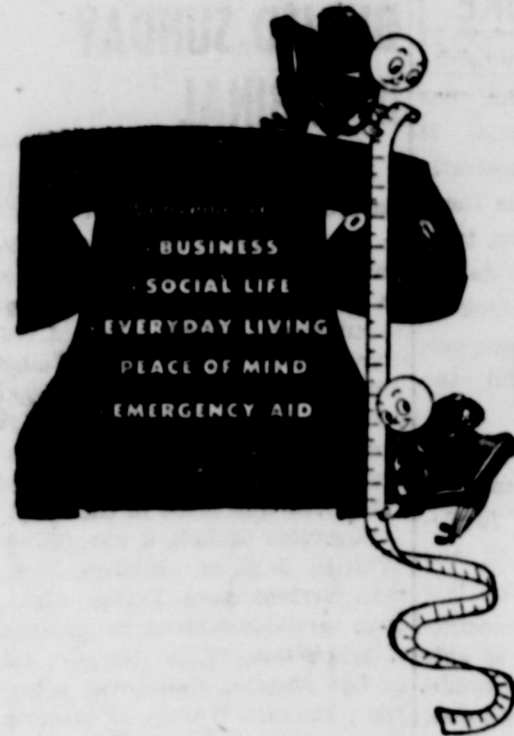

Mr. and Mrs. Frank Hovell and baby daughter of Houston visited here last week end with her parents, Mr. and Mrs. Carlton White. Their son, Mel, who had visited here for several weeks with his grandparents, accompanied them home.

Mr. and Mrs. Fred Hoey of San

Antonio spent Sunday here with her parents, Mr. and Mrs. J. Mitchell and returned their daughter, Mary Ann who had been visiting here with her grandparents. Guests in the home of Mr. and Mrs. M. Garcia last week were Mr. and Mrs. J. Garcia, Mr. and Mrs. Thermal, California, and her brother, Staff Sergeant and Mrs. Victor Parada of Dalton Georgia. Mr. Parada is to leave soon for an assignment in France.

G. C. Medley, manager of the dry goods section at the Mercantile Co., has returned to work after his vacation, several days of which were spent in Lubbock.

New GMC Model 470—powered by the sensational new "302" gasoline valve-in-head 145 h.p. engine. Also available as cab-over-engine.

GASOLINE 1 1/2 TO 30 TONS  
DIESEL 2 1/2 TO 35 TONS

## TOPS IN PAY LOAD!

If you use gasoline-powered tractors in the 45,000 GCW class, here's big news. This new GMC Series 470 will haul more pay load than any other vehicle of its rating with comparable standard equipment—up to more than a half-ton than some!

That's because GMC has found new ways to take dead weight out of truck design by advanced engineering.

One example is GMC's sensational new "302" valve-in-head engine that delivers 145 h.p. at 3200 r.p.m. It weighs less than other engines of equal power by as much as 500 lbs. Yet it's the highest-compression gasoline truck engine ever built—gives you extra mileage from regular fuel!

Come in. Compare them—in power, in pay load, in rugged long-life construction—against all the rest!

Then check the price and you'll agree: nowhere else will so little buy so much in a 3- to 4 1/2-ton truck.

HERE'S YOUR PAY-OFF ON A GMC 470

UP TO A HALF-TON LESS WEIGHT HERE MEANS UP TO A HALF-TON MORE PAY LOAD HERE

Same weight-saving in cab-over-engine model

**Smedley Confident Of Win in Texas Supreme Court Race**

Austin, July 22 — "I am particularly gratified by the encouragement and support given me by lawyers and business and professional men in the cities where I have lived," said Judge Graham B. Smedley today, in commenting on his race for the Texas Supreme Court.

Smedley, who has the reputation of a gentle and modest man out of court, and a "scrapper" in court, when aroused, has been accorded a vote of confidence by his fellow lawyers and laymen alike. In a recent poll taken by the State Bar, Judge Smedley received 5,177 votes against 598 for his opponent.

A statement endorsed by business and professional men read, in part: "Knowning Judge Smedley to be a man of the highest character and a judge of the first rank, we respectfully urge the voters to keep Judge Graham B. Smedley on the Supreme Court."

Smedley began his career on the court in 1933 when appointed by the Supreme Court to the Commission of Appeals. In 1945, when the court was increased to nine members, Judge Smedley accepted a place as associate justice.

**RALPH YARBOROUGH**  
DEMOCRAT FOR GOVERNOR

An honest, fearless lawyer, former district judge and assistant attorney general of Texas; an ex-serviceman and school teacher; a home owner, church and civic worker; and a family man. Yarborough can and will make TEXAS Governor of whom all can be proud. He is mature, sincere, diligent and able.

(Pd for by Joe Phipps)

**'IKE' DEMOCRATS NOT BARRED BY PRIMARY VOTE**

Folks who want to vote for General Eisenhower for president, but would also like to have a voice in the election of their district attorney and county commissioners, have a date with a polling booth July 26.

That's the day of the first Democratic primary, and in order to vote in the primary — an election set up and financed by the Democratic Party of Texas — each voter must take this pledge:

"I am a Democrat and pledge myself to support the nominees of this primary."

The pledge says nothing about supporting all of the nominees of the Democratic party, and there will be no presidential nominees listed on the primary ballot.

**No Moral Barrier**

Thus there is no legal or moral barrier, as far as the party pledge is concerned, to prevent a person from voting in the Democratic primaries in July and August and voting for the Republican candidate for president in the November general election.

However, there is a legal issue to be considered by persons planning to vote in the July 26 Democratic primary and attend a Republican precinct convention that same afternoon.

Texas Democrats, whose votes are being wooed by the Republicans this year, have this situation staring them in the face:

A new state law provides a penalty of from \$100 to \$500 for anyone convicted of participating in the primary or convention of more than one party on the same day.

At the same time, Texas Democrats who feel no Democratic presidential candidate likely to be nominated will be satisfactory to them and thus desire of switching allegiance to the GOP and attending Republican precinct conventions, face the opposition of disenfranchising themselves on the choice to attend a convention July 26.

In Texas, the men chosen as party nominees in the Democratic primaries are as good as elected. At any rate, they have been up to now. Failure to vote in a Democratic primary, therefore, means the voter loses the right to have his say on who will represent him in the legislature, be he Governor or United States senator, sheriff or district clerk.

**VISEFOR FROM UVALDE**

Mrs. Marjorie Farley of Uvalde spent the week end here with her mother, Mrs. Ruby Duncan, and family. She was accompanied by Mrs. Johnny Bazelle of Crystal City and Mrs. Mary Jo Bazelle and daughter, Katherine, of Uvalde. Mrs. Farley's daughter, Sherry, and Mary Elaine Duncan returned with them for a visit.

**Gov. Shivers Gives Parting Shot At Opponent This Week**

A parting volley at his opponent before leaving to attend the National Democratic convention in Chicago, Governor Allan Shivers said he had been blamed for everything from "the potato shortage to the polio epidemic."

The governor warned the voters that the "mud-slinging of the Washington picked opposition will be increased" while he was out of the state.

"They'll go any limit to misrepresent the truth and smear my friends, my family and me," the governor said. "They'll go to any extreme to blame me for everything."

"This campaign for governor by the opposition has been one of the most vilifying, mud-and-dirt-slinging campaigns I have ever known. I hope the time never comes when the people of Texas select their candidate for governor in such a way — the one who can get the most mud on him and sling some of it at the other fellow.

"It appears to me you can judge the future by the past — that the candidate who does that could only conduct his office as he has conducted his campaign."

Governor Allan Shivers this week accused his opposition of making "fantastic" charges in a last-minute effort to minimize the greatest farm-to-market road building program in Texas' history.

"The record shows that during my administration, there have been more miles of paved rural roads completed in Texas than anytime in history," Governor Shivers said. "And this is just the beginning — the program is just getting started."

"Yet in a desperate effort to confuse the people, this Washington-picked candidate for governor has plucked a lot of figures out of thin air, pieced them with some utterly ridiculous conclusions and passed them out as true facts."

Governor Shivers said that a tabulation of the distribution of state highway use tax money to counties revealed that \$365,182.00 had been channeled to Terrell County for road building purposes in the county during the Shivers administration.

The figures show that since Shivers became the state's chief executive, a total of \$56,700 had been

spent or is being spent in Terrell County for the construction of six miles of farm-to-market roads. In addition, the expenditure of \$165,600.00 for eleven more miles of paved roads has been authorized for this county and construction will begin in the immediate future.

These figures prove conclusively that the Shivers administration has consistently supported local governments in their efforts to give rural areas paved roads, it was stated.

Governor Shivers has repeatedly said that he favors a paved road within sight of every farm and ranch house in Texas. The fact that the state already has plans to build eleven more miles of farm-to-market roads in this county alone is proof enough that there is going to be no let-up in the road building program in this county, it was said.

A breakdown of benefits received during Governor Shivers' administration by this county from highway use tax money further shows that the county has received \$67,899 in license fees, \$57,112 has been paid this county in road bond funds, and \$17,870 paid by the state to retire bonds for this county.

The figures above do not include money spent by the state to build primary or main highways in this county.

State-wide since Governor Shivers took office, the state has spent \$102,797,972 for the construction of 7,632 miles of farm-to-market roads. Still to be built for which \$45,385,900 has been authorized are 3,654 miles of additional rural highways.

The figures compiled and statement issued before Governor Shivers left for Chicago to attend the National Democratic convention.

Miss Enedina Perez is employed in the office at the Pierson Butane Co.

**Judge Yarborough Outlines Plans For Program as Governor**

Austin, July 22 — "By their votes Texans will show they believe it is time to change governors in Texas," Judge Ralph Yarborough said Tuesday, in commenting on the upcoming election.

"After shaking hands with thousands upon thousands of Texans," Judge Yarborough said, "I'm absolutely certain of Saturday's outcome."

The candidate for governor has great faith in old-fashioned stump speaking and handshaking. In his stump speeches, Judge Yarborough outlines his plans for:

1. Dams to save flooded waters of Texas' rivers for time of drought;
2. Cooperation with and aid for local district in a soil conservation program;
3. Improving and extending the farm-to-market roads program;
4. Granting cost-of-living salary increases to school teachers and improving the public school program;
5. Removing the constitutional limit on old age pensions;
6. Prohibiting a state income tax and any increased sales tax;
7. Re-establishing the narcotics division of the Department of Public Safety;
8. Improving the state public health program, which is 44th in the nation;
9. Regaining the Texas tidelands;
10. Eliminating waste and corruption from state government; and
11. Restoring honor and integrity to public office.

Judge Yarborough speaking tours have taken him over 12,000 miles of Texas highways.

**VISIT COX FAMILY HERE**

Mr. and Mrs. Billy Ray Watson who had been on a wedding trip to Santa Fe visited with Mr. and Mrs. Weldon Cox Sunday. They were en route to Alpine where she will attend Sul Ross College this summer. Mrs. Watson, the former Miss Delores McCright, of Sweetwater, has been a frequent visitor in the Cox home.

Office Supplies at the Times

**Bascom Giles Boasts Vet Land Program**

Bascom Giles, Commissioner of the General Land Office of Texas, stated that the \$1-billion Texas Veterans' Land Program which he sponsored has far exceeded his expectation both in number of applications and accomplishments to date.

As originator and administrator of the Texas Veterans' Land Program, Commissioner Giles has supervised the purchase of thousands of farm and ranch tracts for Texas veterans. Giles proposed the veterans' program in an unprecedented address by a state official before a joint session of the legislature.

The personable Giles, a native of Travis County, points out that during his administrations the two Texas school funds have been increased by more than \$260,000,000.

Commissioner Giles' experience in the General Land Office dates back to his graduation from Austin High School; he was employed by the state department almost immediately. With the exception of two years, when he was seeking promotion from the ranks by the Texas electorate, he has given continuous service. His election in 1938 was regarded as the biggest political upset of the election.

Since then he has never had serious opposition and has received the highest vote given any candidate for any office in a Democratic primary.

When Giles first became land Commissioner the Permanent Public Free School Fund was \$56,000,

000. It is now almost \$200,000,000. The University of Texas and A&M Permanent Fund has been increased during his tenure from \$27,000,000 to \$144,000,000.

**My Neighbors**  
By BILL PAULSON

"I read that 17,000,000 people are getting government checks every month, but that don't keep 'em from wantin' more credit!"

Mr. and Mrs. J. F. Cox of Fort Worth arrived Saturday to visit with their son, Weldon Cox, and family.

**Let's Re-elect**

For A Second Term

# ALLAN SHIVERS

FOR GOVERNOR

**THE TRUTH ABOUT OLD AGE ASSISTANCE**

Governor Allan Shivers wrote and helped pass the first Old-Age Assistance Law in Texas.

He stands for equitable distribution of funds for the needy.

Two years ago he was one of the leaders who tried to get more money for the aged, a cause that failed because the voters disapproved a constitutional amendment.

Governor Shivers has, in the past and will in the future, advocate making available to our deserving aged citizens not merely enough for a meager existence, but sufficient funds to carry them through the evening years of life as proud, dignified citizens.

An increase of \$5 in each pension check is due next October.

**THE TRUTH ABOUT COUNTY ROAD FUNDS**

Farm-to-market road building has been the greatest in history during the Shivers administration.

During Governor Shivers' administration, Terrell County has received \$365,182 rural road benefits from state highway user taxes as follows:

License fees \$67,899, road bond surplus \$57,112, bonds paid \$17,870, construction of farm-to-market roads \$56,700.00, authorized but not under construction \$165,600.

In this county, 6 miles of farm-to-market roads have been built, and an additional 11 miles have been authorized for construction, for a total of 17 miles.

Governor Shivers administration has consistently supported the Terrell County road building program and will continue to do so in the future.

THERE IS NO SUBSTITUTE FOR EXPERIENCE

Let's Re-elect

# BASCOM GILES

COMMISSIONER of the GENERAL LAND OFFICE

**HIS OUTSTANDING RECORD**

- ★ More Than TREBLING the Permanent Public Free School Fund. Was \$54,000,000 Now almost \$200,000,000
- ★ Increased University of Texas and A&M Permanent Fund. Was \$ 27,000,000 Now \$144,000,000
- ★ SPONSORING and administering the \$100,000,000 Veterans' Land Program... 25,000 homes provided for Texas Veterans.
- ★ ACTIVELY fighting U. S. Government seizure of Texas tidelands for 14 years — longer than any other State official.

BASCOM GILES OUTSTANDING RECORD MERITS HIS RE-ELECTION

(Paid for by Joe Adair)

### WHERE EISENHOWER STANDS

By RAYMOND PITCAIRN, Editor  
Americans for Eisenhower

#### IKE AND CAPITALISM

Where does Ike stand about "Capitalism?" Eisenhower's speech to 3500 newspaper boys at Philadelphia on October 6, 1948, made in defense of capitalism, is a gem. In it Ike the statesman talks to the nation's youth in words they understand. For Ike was himself a newspaper boy in Abilene, Kansas, and he has kept the common touch.

#### Who Are Capitalists?

"Hello, boys I am proud to be with you tonight. . . . You fellows, in your job of delivering newspapers, must have had a chance to read in them a lot about a class or group of men called capitalists. Often they are referred to in terms of anything but respect. They are called anything but gentlemen. In fact, they are called the source of all our evils.

"But now you are capitalists. You have exercised the right of a free American citizen to save a portion of what he has acquired by his own efforts and put it aside for a rainy day or possibly for your schooling or a bicycle—what difference does it make? You are a capitalist the second that you save any money.

"Now because of that I congratulate you fellows heartily, for to my mind a capitalist, far from being someone to condemn, in this country is one who by his own efforts in the past has made it possible for this country to be what it is today. The accumulated savings of this nation by investment and reinvestment have established these great newspapers that you boys carry to your clients and have given you a chance for a job.

#### The Rights of Newspaper Boys

"You read a lot about people who say, 'Why have property? Let the government have it. Then they will take care of us all when we are old.'

"Now, men, here is something to remember. There is a bunch of rights and privileges that you enjoy that they do not have in some nations.

"One is the right to talk and say what you please as long as you tell the truth; to go to the church or the school you please; to take the job you please and to work at it as long as you please, and if you don't like it to quit when you please. And no one can stop you.

"Now remember this. All of these rights are like a great stone arch. Remove one and all the rest fall. When you do not have the right to save money like you are doing, you are going to have no right to speak as you please, to worship as you please, to go to the school you please. Indeed, you will do as you are told.

"The people who forget the value of these rights forget what American initiative, courage, and resourcefulness have done."

#### An American Sergeant's Idea

Ike then went on to tell the inspiring story of an enlisted ordnance sergeant who had an idea which contributed greatly to the winning of the battle of the Normandy invasion. Dramatically and simply he told the boys how the sergeant had given the idea to his captain, the captain to General Bradley, and Bradley to him. "Then," said Ike, "we rushed to the sergeant.

"Now that sergeant contributed more with his idea to win the battle of Normandy than any other single operating person I can think of.

"And boys, I ask you this. In what country of the world would there be the enlisted man who would have the initiative, the ingenuity, the resourcefulness to think of the idea, and above all have the courage, the upstanding self-confidence to come forward and present his idea and win a great battle."

#### HEALTH FOR ALL—

#### THE TB PATIENT'S 'MEDICAL DISCHARGE'

There are many similarities between a soldier who has been in armed conflict and a former tuberculosis patient whose disease has been arrested.

The soldier who has been in combat as part of a victorious army has helped conquer a military enemy. The former patient has emerged victoriously after combat for his own survival against the vicious enemy, tuberculosis.

Each man had special equipment which he used in the different types of battle. The service man was equipped with arms and ammunition to protect himself against

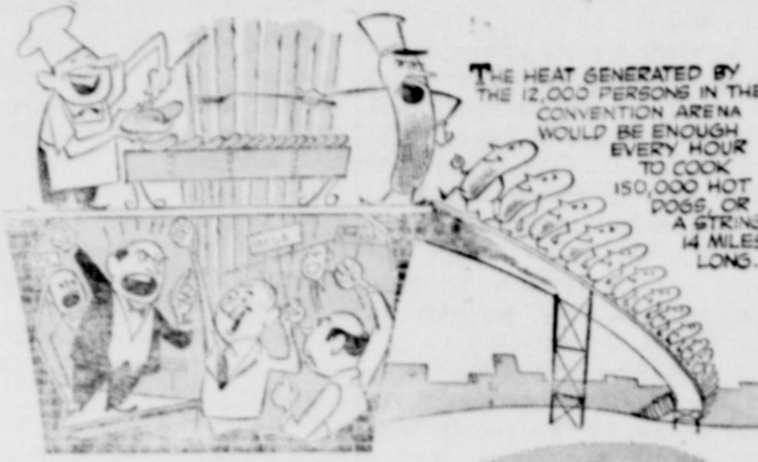

this country's foe. The patient's natural resistance to his TB enemy was strengthened by weapons like complete physical rest, mental relaxation, a balanced diet, and good hospital care, all of which helped him win out.

Both men learned that conforming to discipline was of paramount importance. The military man obeyed the orders of his commanding officer because he knew he would have little chance of contributing to victory or even of coming out of combat alive unless he did so. The ex-patient followed the advice of the doctor, as the surest means of conquering his disease.

Patience and perseverance played major parts in the victories of both types of fighters. The uni-

### CONVENTION NOTES

The 1952 political conventions are the first in history to be air conditioned. While delegates may still get "hot under the collar," they can't blame the heat or the humidity. Here are facts compiled by engineers of Carrier Corporation, which manufactured the air conditioning equipment for the International Amphitheatre in Chicago.

THE HEAT GENERATED BY THE 12,000 PERSONS IN THE CONVENTION ARENA WOULD BE ENOUGH EVERY HOUR TO COOK 150,000 HOT DOGS, OR A STRIKE 14 MILES LONG.

COMFORT WILL BE THE KEY NOTE OF THE 1952 CONVENTIONS. AN ACE OF COOLING COULDN'T REMOVE 1000 QUARTS OF MOISTURE PER HOUR FROM INSIDE THE CONVENTION HALL.

CARRIER REFRIGERATION MACHINES IN THE AMPHITHEATRE CREATE A COOLING EFFECT EQUIVALENT TO REMOVING EVERY DELEGATE WITH A SEVEN-POUND CAKE OF ICE EVERY HOUR, OR SPREADING A LAYER OF ICE THREE FEET DEEP OVER THE ENTIRE ARENA FLOOR EVERY MORNING.

formed man stayed in battle until the enemy was routed. The tuberculosis patient stuck with his hospital treatment until his illness was arrested.

We associate courage, stamina, and the will-to-win with the military veteran who returns to civilian life after conflict is over. The same respect and admiration has been won by the patient who has doggedly fought his tuberculosis enemy, and won.

The service man returns to his community, benefitted by his experiences in military service, ready to resume civilian life. The patient who has received his medical discharge from the tuberculosis hospital also returns a respected and useful community member. He has proved himself superior to the deadly enemy, tuberculosis, and won back his priceless possession of health.

This column is sponsored, in the interest of better health, by the Terrell County Tuberculosis and Health Association.

#### TIPS ON JURY SERVICE

Thousands of Texans are called each year as prospective jurors in our many state and federal courts. When chosen to serve, very few of these violate their oath with intentional misconduct. But honest mistakes have all too frequently brought the sincerity and ethics of an individual juror into question.

Usually such errors arise from his misunderstanding of his function as a judge — for the jury is judge of the facts in the case before it.

Like Casar's wife, the juror must not only avoid wrong, but must also avoid any appearance of wrong. Otherwise, his integrity and honor may be brought into question by actions which are actually innocent but appear censurable to those who view them. By observing the following simple suggestions, the juror may be sure he is maintaining the highest of ethics, in which no possible fault may be found by others:

Hold yourself aloof from all persons (except other jurors) in any way connected with the trial of the case. That means that you should not mingle nor talk to the lawyers, witnesses, parties, nor the judge, even though the discussion is wholly unrelated to the trial.

Do not discuss the case nor permit others to mention it to you or in your presence during the trial. If anyone insists upon talking about the case after you have explained to him that you are a juror and must not listen, report the matter to the judge immediately.

Do not commence your deliberations until you have heard all of the evidence from both sides, the argument of the lawyers, and the court's charge. You should not mention the case except in the jury room when all other jurors are present.

Do not become a private investigator. All properly admissible evidence will be brought before you. Do not try to search out additional evidence you believe to have been omitted. Do not even guess or speculate about facts you believe.

Be attentive to the evidence as it is presented. If you are to properly aid the other jurors in settling the fact questions, it will be necessary to listen carefully to all evidence presented.

Do not guess at the judge's opinion of the facts. You are the judge of the facts. He is not allowed and will not try to invade your province. His rulings on admissibility of evidence reflect no ideas or opinions on any fact question.

You should not mention or discuss your own personal experiences, or any knowledge that you may have of similar transactions. If you should disclose such information to others serving on a jury, the court would have to grant a new trial.

Accept no favors from and bestow no favors upon any person

interested in the trial. However innocent the conduct may be, it will raise doubts in otherwise undoubting minds, and may even be subject to more serious insinuations and charges.

## Vacation time? Yes!

... but not for me!

This may be vacation time for most folks, but it's the busiest time of the year for me.

Back in the days when lighting was my principal job, I worked hardest in the fall and winter. Now, midsummer is my hectic season. Fans, evaporative coolers, air conditioners, refrigerators and home freezers are in extra heavy use and keep me working overtime.

Naturally, the more hours I work, the more my monthly pay. But the increase is small compared to the comfort I bring. And I'm still the lowest-cost servant you can hire.

### Mrs. S. H. Underwood Entertains Bridge Club Tuesday

Mrs. S. H. Underwood entertained the members of the Tuesday Bridge Club and additional guests at her home this week, arranging three tables for the series of card games. Coffee and cold drinks were served during the afternoon. High score prize was won by Mrs. Austin Nance, second high by Mrs. W. W. Sudduth and low by Mrs. James Kerr. Slam prizes were held by Mrs. Nance and Mrs. McCue.

The hostess served refreshments home made ice cream and pineapple cake.

Those present included Mesdames B. A. Kerr, W. W. Sudduth, John Harrison, H. A. Finger, J. A. Gilbreath, James Kerr, J. D. May, Austin Nance, J. W. Pate, F. M. Mark, Lee McCue and Miss Betty Kerr. Mrs. H. A. Smith and Mrs. Joe Kerr, Sr., were tea guests.

### Bridge-Luncheon for Thursday Club at Quigg Ranch

Mrs. Ora Quigg entertained the Wednesday Bridge Club at her home last week. After lunch had been served to her guests, three tables were arranged in the living room for the card games.

High score prize was presented to Mrs. J. A. Gilbreath, second high to Mrs. S. H. Underwood, low Mrs. W. R. Stumberg. Slam prizes were held by Mrs. Joe Kerr, and Mrs. Vic Littleton.

Those present included Mesdames S. L. Stumberg, F. M. Wood, J. Pate, J. A. Gilbreath, Jimmy Martin, Joe Kerr, Jr., Vic Littleton, Willie Banner, S. H. Underwood, W. R. Stumberg, James Kerr and Kathleen Bless of Del Rio.

### Birthday Party Friday for Carolyn Martin

Mrs. Willis Martin entertained a party at her home Friday noon to honor her daughter, Carolyn, on her ninth birthday.

Her Carolyn had opened her birthday gifts, Mrs. Martin read letters to the guests and later took them to the theatre.

Lunch was served with the birthday cake.

The guests included Linda May, Gwen Carter, Cecil Hufford, Vaughn Haynes, Kathleen Ferwhite, Daria Freeman, Lois Gross, Glaysd Albrecht, Ron Wooten, Cinda Martin, Peter Thorn, Mrs. Peggy Sullivan, Cecelia Yeates and son, Ed, and Mrs. E. W. Martin.

### Baptist W.M.S. Meets Sunday Afternoon

The Baptist W. M. S. met Monday afternoon for a Royal Service. Mrs. M. G. Northcut, Jr., had the program on "Liberty and Justice for All."

Following the singing of the hymn, "America," by the group, V. E. Keyes led in prayer and O. D. Gray gave the devotion.

Those assisting in presenting the program topics were Mesdames G. Cates, Ray, Thompson, T. Moore, V. E. Keyes, J. A. Mans, Lloyd Cowan, T. A. Hunter, and Mrs. Sullivan and S. D. Thompson.

During the social hour, Mrs. and Mrs. Keyes served coffee and strawberry parfait pie.

J. G. Meredith was welcomed as a new member and additional guests were Mrs. F. M. Wood and Mrs. Buster Thompson of Richmond.

Mrs. L. F. Parker, Jr., and Mrs. Antonio are spending their vacation here with her parents, Mrs. Ed Wagner, and family.

Mrs. B. J. Glassford of Del Rio, who were vacationing in Texas were callers at the office Friday.

Mrs. Jamie Kothmann and her uncle, H. G. Cates, and family were visitors Wednesday afternoon.

### MARY WOLFF BRIDE SUNDAY OF CHAS. H. TISETH

MRS. CHARLES TISETH

In a double-ring ceremony Sunday afternoon at four o'clock in Saint James Catholic Church, Miss Mary Josephine Wolff became the bride of Charles Harold Tiseth.

Rev. John Oskosky, chaplain of Hotel Dieu, El Paso, officiated for the marriage rites.

The bride is the daughter of Mr. and Mrs. Joseph William Wolff of Sanderson and the bridegroom is the son of Mr. and Mrs. I. O. Tiseth of Cibola.

Arrangements of white gladiolus and asters decorated the altar of the church.

Mrs. R. S. Wilkinson played the traditional wedding marches and accompanied D. L. Duke, who sang, "Ave Marie," following the ceremony.

The bride, given in marriage by her father, wore a ballerina-length gown of white nylon net over taffeta, with bouffant skirt and lace bodice. A knife-pleated ruffle of the net outlined the round yoke of illusion. Her shoulder-length veil of illusion bordered in lace banding cascaded from a coronet of pearlized orange blossoms. Her colonial bouquet of Shasta daisies and asters was backed with green and white caladium leaves and tied with white satin streamers.

Miss Gloria Escamilla, maid of honor, wore a ballerina-length gown of aqua net with full skirt and fitted strapless bodice and a stole of the net was draped around her shoulders. Her corsage was of yellow Shasta daisies and she wore yellow opera pumps.

Cinda Martin carried the bridal bouquet. Her gown of white net over taffeta, caught at intervals with white satin bows, was fashioned with a full skirt and large bertha on a fitted bodice.

Willie Wolff, brother of the bride, was best man.

Following the ceremony, a reception was held in the banquet room of the Turner Hotel. An arrangement of daisies and asters, flanked by white candles in crystal holders, was on the piano. The refreshment table was covered with a white cloth of linen and hand-crocheted lace. The three-tiered bride's cake, topped with a miniature bride and groom, was at one extremity of the board and the crystal punch bowl at the other. Assisting with hostess duties were Mrs. Ben Dawson, aunt of the bride, Mrs. Elton Loden, Mrs. Leslie Carter, Mrs. H. W. Chamberlain, Mrs. Jimmy Merritt and Mrs. George Turner.

For her going-away costume, Mrs. Tiseth chose a blue crepe dress, white hat, spectator pumps and matching bag. After a short wedding trip to San Antonio and Corpus Christi the young couple will reside in Sierra Blanca where he is a car man for the T&NO.

Mrs. Tiseth is a May graduate of the Sanderson High School and has been employed at the Turner Hotel Coffee Shop.

The bridegroom's brother, Otto Tiseth, Jr., accompanied by Alvin Shutz and Ruben Remmler, all of Cibola, were here for the wedding.

### Vicki Littleton Has 'Dress-Up' Party For Tenth Birthday

A group of friends of Vicki Littleton gathered at her home Saturday afternoon for a dress-up party, the occasion being her tenth birthday. After the girls had staged a "style show", pictures were made and then they played "gossip".

Refreshments of cake and ice cream were served by Mrs. Littleton, assisted by Mrs. Billy Holland, after Vicki had opened her birthday gifts.

Those present were Gwen Carter, Cecil Hufford, Barbara Sudduth, Sharon Wooten, Mary Elaine Duncan, Darlene McDonald, Gwen and Carol Holland and Melinda Gilbreath.

NATIONAL PRESS BUILDING WASHINGTON, D. C. By Anne Coode

Plentiful cabbage prompts me to remind you of the myriad ways to vary the ever popular cole slaw. Start with grated cabbage, then add crushed pineapple, grated carrot and real mayonnaise. Or chopped onion, green pepper and mustard-with-horseradish and mayonnaise. Or diced apple, celery and mayonnaise.

To '52 brides, a turkish towel placed in the bottom of the sink is good insurance against chipping or breaking your "best" china. A rubber nozzle on the faucet also prevents a good many accidents.

Prepare tender young beets this quick and delicious way. In the bottom of a saucepan place 1 tablespoon vitaminized margarine per serving, top with peeled, diced, raw beets, a sprinkling of salt, pinch of sugar; then tuck wet outer leaves of lettuce or cabbage over beets. Cover and cook gently for 15 or 20 minutes. Beautiful color and marvelous flavor!

If it's time to freshen up your treasured feather pillows, remember to air them thoroughly but not to sun them. Sun causes the feathers' natural oils to dry out and destroys their resiliency.

As a labor-saver make enough pastry dough for two pies. The second part will keep in the refrigerator for several days if wrapped tightly in waxed paper.

Is the house getting a fresh paint job soon? If so, remember to protect the shrunkeny fabric from any paint splashes. The best way is to tie it back with ropes, then cover carefully with cloths.

There's no good reason why clothes can't be passed on from one child to another as long as they don't look like hand-me-downs. Oftentimes, an old play suit or dress will look almost store new if given fresh color with all-purpose dye. Try it!

White organdy, so sheer and fragile, is very much in the summer fashion picture. It appears in collars of all sizes and shapes, fills in the necklines of suits, makes up bodice tops and shirtwaists. And some of the prettiest afternoon and evening dresses are also in white organdy.

Have you tried fried chicken in the oven? Yes, in the oven, like this: Roll cut-up chicken in seasoned flour, place in a shallow baking pan and dot generously with vitaminized margarine. "Fry" in a 400 degree oven 15 minutes on one side and then 15 on the other. So crisp and delicious!

To improvise a ring mold for rice, spinach, noodles or meat loaf, place a small pyrex custard cup, greased on the outside, in the center of a deep baking dish. This could also be used as a mold for potato salad.

Ellis McDougal and Montie Wallace have gone on a fishing trip to Guaymas, Mexico. Mr. McDougal's sister, Mrs. Leader, of Elgin, is keeping store while he is away.

Mr. and Mrs. S. R. Foster accompanied by their son-in-law and daughter, Mr. and Mrs. Jack Owens, and children, all of Big Spring, spent the week end here with his sister, Mrs. Joe Hill, and family. Mrs. Fannie Belle Jarrett of Dallas, who had visited here with her sister, Mrs. Hill, for several weeks, returned with the visitors.

### Queen of Fort Stockton Contest

MISS LUPE CARDENAS

### LUPE CARDENAS CROWNED QUEEN OF TRANS-PECOS

Miss Lupe Cardenas is shown above in her coronation robe when she was crowned Trans-Pecos queen at a dance given in Fort Stockton on July 3. Miss Cardenas was the winner in a popularity contest staged between representatives from several area towns. She was the Sanderson representative by virtue of winning the most votes in a local contest sponsored by the Fierro-Garza Post of the Veterans of Foreign Wars. The funds from the contests will be used for the furnishing and decorating of St. Joseph's Catholic Church in Fort Stockton.

Rev. Fr. Casey of Fort Stockton crowned the queen. The grand march was played by the orchestra of Rudy Gutierrez. Miss Magdalena Suvilla, representative of Grandfalls, and her escort, Ramon Chavez, entered first and then Miss Senaida Ureta of Fort Stockton, runner-up, and her escort, Leopoldo Casas, Senaida Gonzalez was the flower girl and Gommie Urias, the crownbearer. Two little trainbearers preceded Miss Cardenas and her escort, Juan Jose Arredondo, of Sanderson. The first dance number was dedicated to Miss Cardenas.

### Mrs. Matt Bader Entertains '51 Club Thursday Afternoon

Mrs. Matt F. Bader entertained the '51 Bridge Club at her home Thursday afternoon.

Arrangements of mixed summer flowers decorated the party rooms. Punch and coffee were served to the guests before the series of games. High score was held by Mrs. H. A. Finger, second high by Mrs. F. M. Roark, low by Mrs. Vic Littleton. Slam prizes were held by Mrs. Finger and Mrs. R. S. Wilkinson.

Mrs. Bader served a salad plate with tea and coffee to her guests, including Mesdames J. O. Little, Jr., F. M. Roark, B. A. Kerr, R. S. Wilkinson, John Harrison, Vic Littleton, James Kerr, J. W. Pate, W. W. Sudduth, I. B. Rusk, H. A. Finger and Joe Kerr, Jr.,

Jerry Kirby of Christoval is a guest of his aunt, Mrs. H. C. Goldwire.

Dan Farley of Brackettville visited here last week with his brother, B. C. Farley, and other relatives.

Ray Hodgkins and family arrived in Sanderson Sunday from Washington, D. C., and will establish residence here in their home after August 1. He will do general bookkeeping and accounting work for local businesses. His family is visiting her father on the ranch.

Mrs. Virgil Ogle of Wink spent the week end here with her parents, Mr. and Mrs. John Carruthers, Sr., and with Mrs. Carruthers and Eva, is attending the Baptist encampment at Paisano this week.

**Dr. S. N. Williams Dentist Sanderson, Texas**

### Me—Advising a Banker!

The Missus and I were invited to dinner over at Balesville the other night. I sat next to a banker from the state capital.

"Mighty nice country you've got down there," he says. "Don't be surprised if I come to live there myself. In a few years I plan to get away from everybody, buy a farm and just take it easy."

"Well," I told him, "we'd like to have you. But when someone plans to buy a farm and 'take it easy' he often winds up working harder than ever. It takes work to run a farm right no matter how many

hands you can afford to hire.

"And from where I sit," I continued, "you won't 'get away' from people either. Neighbors are plenty important in a farming community—whether it's helping one another out or just friendly visiting over a sociable glass of beer." "Hard work and neighbors dropping in all the time?" he asks, looking at me over his glasses. Then he smiles and says, "Sounds wonderful. You've just sold me on a farm."

# Now's Business? GREAT - with prices like ours

This is—to coin a phrase—a "shopper's market."

Folks are taking a keen look at what they get for what they pay—and they're taking a double look at price tags.

That's the kind of market where Buick really shines.

Do you know why?

Buick prices are down within easy reach of the folks who buy what's known as "the low-priced three."

Fact is—a big chunk of Buick sales comes from the folks who trade in one of this low-priced trio.

For very few extra dollars, they're getting a lot more automobile.

They're getting more power—and the thrill that goes with it.

They're getting "big-car" comfort. They're getting a ride that cost a million dollars and more to develop.

They like the room, the fabrics, the extra appointments they find in the smart-stepping beauty pictured here. And they like Dynaflo Drive.\*

They like the way it handles. They like the way it's engineered. They like the belt they get out of touching off the power of its Fireball 8 Engine—and they like the miles they get from a gallon of fuel.

So Buick sales are booming. Not just the SPECIAL—but also the SUPER and ROADMASTER. Folks find that each one is the buy in its field.

When we tell you that business

is great, we can back up that statement with figures. More people are buying Buicks than any other car at their price or above.

Why don't you come in and see for yourself what's behind this popularity?

If you can afford a new car, you can be the proud owner of a Buick.

Equipment, accessories, trim and models are subject to change without notice. \*Standard on Roadmaster, optional at extra cost on other Series.

**Sure is true for '52**

When better automobiles are built

**BUICK**

will build them
