SANDERSON, TEXAS, FRIDAY, SEPTEMBER 19, 1952

NUMBER 31

VOLUME XLV

LISTEN TO LUKE

A Sanderson institution of long years' service to the homes here has closed. Lynn Harrell, who has served this community for 27 years, has closed Harrell's Dairy. Lynn has sold his cows and equipment and is moving to San Antonio.

Besides losing the house-to-house delivery, Sanderson will be losing a citizen who has been an integral part of every worthwhile project that has been undertaken for the welfare of the community. Lynn has been active in civic work of any kind where the interests of the community could be served.

The new source of supply for milk customers in Sanderson has stated that they have no intention of establishing a milk route for delivery to the homes of Sanderson. People of this area have no desire to be treated as step-children. There are other milk-distributors and it is altogether likely that contacts will be made to get a company or individual here to provide that very necessary service.

In the past year the telephone company took the service man from Sanderson and left the subscribers at the mercy of calling a man from Del Rio or Alpine. We may have to take poor service and inconveniences from quite a few sources, but we don't have to like

One day this week a citizen of Sanderson called this column to inform us that there were three horses in her yard and wondered what to do about them. If we find three horses in our yard we will rush down to the courthouse and make application for some of the subsidies that are being passed out to stock owners.

It sounds like a good deal (unless you wake up from the dream) there is always a payday for the folks we have "given" to us. According to information from the Del Rio PMA office there have been date about twelve per cent of Terrell County ranchmen who have applied for feed relief—more being asked to make application. If this column knows anything about the program it will say that all taxpayers, whether they own stock or not, will be called on to help pay the bill and feed reliefers who are depending on the PMA office will suffer a loss in business and have to pay their part of the tax required for the freight to the ranchers.

We are not jumping on the ranchers. We know that the conditions of the elements have pushed them up against a wall. But under condition of the elements that is going to let them get away from that wall. Money does not buy rain, nor does it buy prosperity, nor does it buy conditions. We have all of the sympathy in the world for a man who is working to better himself in an honest way who is working to make a living for his family and enable them to afford and have some of the things that we call luxuries. I cannot agree that placing a tax on all the taxpayers of the area to feed stock that have all consumed more than their fair share is wise. Going into the amount of taxes for you to pay. The market price for feed which can be bought at Del Rio is approximately \$70 per ton in this area. So somebody is losing.

FOOTBALL GAMES SATURDAY NIGHT

Games from the Alpine Centennial school will come to Sanderson Saturday evening for games with local pee-wees and junior football teams.

The first game will be at six o'clock between the two pee-wee and the second game will be immediately following. The games will be played at the Field.

Local Ranchers Place Orders for Hay Under Emergency Act

The Terrell County Mobilization Committee, which is comprised of the county PMA administrator, PMA committeemen, and the Soil Conservation Service, met Tuesday afternoon at 3 o'clock to approve the first orders for hay under the Drouth Emergency Act. Over 12 per cent of the ranchers of Terrell County have taken advantage of this program to order a total of 310 tons of hay and more orders are arriving daily. This feed should reach Sanderson in the very near future.

It was stated by Joe Kerr, Jr., chairman of the Mobilization Committee, than any other ranchers wishing to order hay should contact J. G. Meredith, PMA administrator, whose office is located on the second floor of the court house.

FREEMAN WELL REPAIRED AND DRILLING AHEAD

Word was received this week from R. E. Freeman, operator of a drilling rig east of Dryden, that the rig has been replaced since the fire recently and is now in better condition than it has ever been.

Mr. Freeman added that they were drilling ahead at 7,480 and still had high hopes for a producer.

DRYDEN NEWS

Mr. and Mrs. R. R. Clark and Beth left Monday for San Antonio where they will spend a week's vacation visiting relatives.

James Rowley is relief agent in Mrs. Clark's absence.

Raymond Farley was in Del Rio Saturday on business.

M. E. Duckworth left Monday for Garden City where he will make his home on the W. A. Bigby ranch.

Warrant Officer and Mrs. Zeno Geers and boys from San Angelo spent the week end with her parents, Mr. and Mrs. John Williams.

Bill Holland spent the week end with his family in Alpine.

R. E. Freeman and Mrs. Alice Ross made a business trip to Midland Wednesday.

Mr. and Mrs. Bill Taylor and children of Fort Stockton visited in the Raymond Farley home Sunday.

Bob Walsh has leased a service station in Del Rio and moved his family to that city.

Harrell Dairy Closes After 27 Years Here

Saturday was the last day for milk delivery of the Harrell Dairy which ceased operation that day after 27 years of furnishing milk to customers in Sanderson, Lynn Harrell, former owner and operator, is moving to San Antonio to look after business interests in that city.

Mr. Harrell came to Sanderson in the summer between his junior and senior years in high school and helped his aunt, Mrs. Bessie Harrell, deceased, in the operation of the dairy while he attended the local school during his senior year. Following his graduation he went back to his home and stayed a short time before coming back to Sanderson when he formed a partnership with his aunt in the dairy. He later bought out Mrs. Harrell's interest and has operated the dairy since that time.

Harrell stated that since closing his business, he has threatened to back out on the move owing to the many kind things the people of the town have said. He added that he certainly appreciates the many business associations he had enjoyed here and would certainly miss the people of Sanderson.

Eagles To Meet Marfa In First Home Game Friday

Coach C. W. Snowden, and Assistant Coach Norman Rath stated this week that the Eagles were ready for their coming game, their first home fray, with the Marfa Shorthorns, barring no last-minute injuries or infirmities.

The Eagles suffered a defeat at the hands of the Class "A" Alpine Bucks in that city last Friday night by a score of 26-13, but a much better game was witnessed by those who followed the Eagles on their first flight of 1952 than was indicated by the score. The heavier Alpine team hammered away on the Eagles for two extra touchdowns and one extra point, but the Eagles threatened seriously on two different occasions, lacking the "what it takes" to put the ball over.

More serious than the loss of the game was the loss of Tommy Mansfield, who received a broken collar bone in the third quarter which is expected to keep him out of the playing for several weeks.

Mansfield was injured after carrying the spheroid for a sizeable gain. He was to be one of the stalwart offensive and defensive players.

JON MARK HARDGRAVE BORN SEPTEMBER 11

A son, Jon Mark, was born in Iraan on Thursday, September 11, to Mr. and Mrs. John Hardgrave, their second child. The baby weighed eight pounds.

Mrs. Hardgrave and daughter have been in Iraan with her parents for several weeks and Mr. Hardgrave returned to his ranch Monday after spending several days in that city with his family.

MRS REED HORTON'S GRANDSON BORN SEPT. 7

Mrs. Reed Horton has received word of the birth of a son to Mr. and Mrs. Bill Quinley of Shreveport, La., on Sunday, September 7.

Mrs. Quinley is Mrs. Horton's daughter and the Quinleys formerly resided here.

DAUGHTER BORN TO GENARO VALDEZ FAMILY

A daughter, Dora Alicia, was born on Thursday, September 11, to Mr. and Mrs. Genaro Valdez, Jr., their first child. She weighed six pounds. Valdez is a highway laborer.

Jack Harrell was a business visitor in San Angelo the first of the week. Jack Talbot accompanied him on the trip to enroll in San Angelo Junior College for his freshman year.

ers for the Eagle team this year and his experience will be hampered through the loss of this year's play. He is a junior this year in the Sanderson High School.

The Shorthorns, another Class "A" opponent of the Eagles, will come grazing over Sanderson way after their defeat of the Van Horn team last Saturday night by a wide margin. The score of this game could give an idea of the type of opposition to be expected against Van Horn since they will have played these two non-conference games early in the season with scouts getting the low-down for games within the Class "A" district.

The Shorthorns, by virtue of their higher classification, are the favored group in the game Friday night, but as against Alpine, the Eagles are expected to give the home folks and the Shorthorns, a taste of the way the game is to be played. The Eagles have been hard at work this week straightening out some of the kinks that showed up in last week's game and a more polished team is expected on the field than that which went up against the Bucks.

The Eagle backfield, consisting of veteran quarterback Juan Olivares and veterans Rosendo Silvas and Roman Zepeda, both "scatters" and probably David Mitchell, a part-time backfielder and end from last year's team, will have a sizeable wall in front of them to show the way. The line, probably the heaviest in Eagle history, will consist of ends Joe Nessmith and Frank Vasquez. Joe was a regular on last year's team and Vasquez snagged several TD passes as well as mid-field chunks to aid the local team pass offense. Jack Savage and Galoar Cobos, both vets of considerable averduois, will play as tackles and James Clark, a hold over from last year's team and Mighty Mite Glynn Chandler will play guards. Chandler was absent from play last year because of a broken collar bone early in the season. At center will be Charles Stegall, first year as a regular with the Eagles.

Playing mostly defensively as stalwarts will be Pinky Carruthers, 200-pound bear fighter and Kenneth Stutes, a graduate from the juniors last year.

Other Eagles who are expected to see plenty of service as substitutes are Ruben Ochoa, Delis Chalambaga, guards; backs Higinio Pena, Alfredo Calzada, Raul Flores, Roman Escamilla; center Juan Ramirez, Dickie Escamilla, Matias Gutierrez and Jimmy Talbot, tackles and Humberto Arredondo, end.

Eugene Hibbard, James Caroline and Douglas Attaway are managers and Jimmy Word is the mascot.

Youth of County Off To Colleges

The time of year when the young people of the community leave for colleges and universities has again arrived and Sanderson is already noticing the absence of familiar faces about town.

To Sul Ross College in Alpine: Harold Haynes and Frank Harrell for their senior year and Miss Beverly Thorn for her junior year. Miss Thorn has attended Texas Western and San Angelo Junior College.

Bobby Cooke has enrolled at Texas Tech in Lubbock for his senior year and Miss Betty Cooke for her junior year. Jimmie Harrison, this year's high school graduate, is at Texas Tech for his freshman year and Kip Gatlin for his sophomore year.

Miss Joan Byrd, Miss Ernestine Jessup and Jose Olivares are in Trinity University, San Antonio; Miss Jessup for her senior year, Miss Byrd for her sophomore year and Olivares for his junior year.

Miss Barbara Rose will enroll at North Texas State College in Denton next week. She is a 1952 graduate of the Sanderson High School.

Billy Gene Hill is at A&M College for his senior year and Bobby Wilkinson for his freshman year.

Don Frazier will attend the University of Texas this year after two years at the University of Oklahoma and Miss Enequina Perez has enrolled in the same school for her freshman year.

Jack Talbot is a freshman at San Angelo Junior College.

Miss Tome Yturbe has enrolled at Texas Western College for her sophomore year and Miss Rose Olivares at San Antonio Junior College for her freshman year.

Claudell and Martha Nell Smith, Sidney Louise Harkins and David Cunningham are attending the San Marcos Academy again. Alejandro Aviles is enrolled at a music conservatory in St. Louis, Mo.

Victoria Garcia is attending Harwood School for Girls in Albuquerque, N. M.

Miss Nancy Peavy is continuing her work at the Baylor School of Nursing; Miss Barbara Clark and Miss Betty Mayfield are in the nursing school of the Baptist Memorial Hospital in San Antonio.

Miss Ginger Magill and Miss Shirley Thompson are attending Draughon's Business College in San Antonio. Mrs. Lala Benavides is attending Durham's Business College in San Antonio.

AMONG OUR SUBSCRIBERS

New subscribers to The Times this week include Jimmy Harrison at Texas Tech College, Vincent R. Bohman of Clayton, Mo.

Renewals have come from J. O. Little, Jr., Jack Hayre and Howard Stavley of Sanderson; W. H. Savage, Jr., of Austin, Henry Bailey Motor Co. of Alpine, Emmett Young of Dryden.

Volunteer Fire Department To Put Equipment In Top Shape

County Wildcat Gets Salt Water

The Fred Turner No. 1 Noelke well in the northeastern part of the county reported logging salt water and shows of gas in the Ellenburger formation this week.

The Recovery on a one and one-half hour drillstem test between 11,546-667 feet was the 1,500-foot water blanket, of which the bottom 1,400 feet was cut with gas; 8,600 feet of salt water; and 1,000 feet of salt water-cut drilling mud, cut with gas. Open flowing bottomhole pressure was reported to be 2,500-5,300 pounds; 15-minute shutin pressure, 6,300 pounds.

Corrected top of the Ellenburger formation was set at 11,290 feet on an elevation of 2,687 feet by electric logs.

It was reported that the project would plug back to 2,750 feet and set 5 1/2 inch casing at that point. Tests would be run, following the setting of casing, in the San Andres lime above that point to determine the value of shows of oil which were logged in samples and indicated by the electric logs.

An unofficial report is that another rig has been moved in to the north of the Dryden-Sheffield highway in the same vicinity as the Noelke well.

An exact location of the proposed well is not available at this time.

JOBS AVAILABLE ON RAILROAD HERE

P. F. Satterwhite, trainmaster for the T&NO in Sanderson, announced Wednesday that jobs were now available on the railroad for firemen, brakemen, clerks and telegraph operators. He stated that no experience is necessary as the railroad will train applicants for the jobs and pay them from the time they begin training. A high school education is required of applicants.

Satterwhite added that there was a future in railroad employment and asked that all interested contact him at the local depot.

BILLY GENE HILL TO CHICAGO AG MEET

Billy Gene Hill has enrolled at A&M College for his senior year after attending an international agriculture meet in Chicago the first of the month.

Two representatives were chosen from each college in the U. S. having an agriculture department and Hill, in company with Dr. McNeely of the agriculture department of A&M College and the other representative, an East Texas student, attended the meet.

Drive To Raise Funds Needed For Repair And Operation Cost

Greene Cooke, president of the Sanderson Volunteer Fire Department, announced this week that both trucks operated by the local fire department are undergoing complete check-ups and repairs are being made where needed. He also stated that new hose was needed for one of the trucks and that both water tanks had to have new bottoms welded into them because of holes which had rusted through and made it impossible to hold water from one call to the next.

At a recent meeting of the directors of the department, a report from Fire Chief W. W. Sudluth revealed that it was going to take a lot of work and finances to bring the equipment back to standard and up to par. He pointed out that the tanks had to be repaired, new hose had to be purchased, new ruzzles were needed, and a drying rack was badly needed so that proper care could be given the hose each time it was used. With such care the hose will give many more years of service than when simply rolled up wet and stored on the trucks.

It was pointed out by some of those present that the first fire truck was purchased some twelve years ago, and that the second unit was purchased six years ago. With his equipment the fire boys have saved many times over in property the initial cost of the equipment, and have maintained a good fire record credit which has saved the property owners of Sanderson many thousands of dollars in the over cost of insurance premiums.

Mr. Cooke stated that help was needed to raise enough money to pay for the repairs and the continued efficient operation of the department. With the younger men of the town offering their services free of charge to develop an efficient fire-fighting unit, he feels that the property owners and those who have household furnishings and loved ones to be protected should be willing to make available funds which are needed for the department. This is more especially true, he stated, since the fire-fighting equipment belongs in part, to each and every resident of this county.

L. H. Lemons, owner of the Best Cafe, announced that a total of \$31.83 was contributed to the Gonzales Warm Springs Foundation fund drive as a result of coffee sales at the cafe last Wednesday.

Half of the coffee was donated by the DeCoty Co. of El Paso and Harrell's Dairy donated the cream, with the entire proceeds from coffee sales going to the fund.

Wednesday of this week Jimmie's Steak House had a similar project and Mrs. Dalton Hogg contributed \$14.41 to the fund from the sale of coffee and doughnuts.

Local Cafes Give Coffee Sales To Gonzales Project

MRS. O. D. GRAY'S MOTHER DIES IN FORT WORTH

Funeral services were held in Fort Worth Thursday of last week for Mrs. R. L. Adkinson, mother of Mrs. O. D. Gray, who died in that city Wednesday.

Mrs. Adkinson had been in failing health for three years and was ill for two weeks prior to her death.

Mr. Gray joined his wife in Fort Worth after she was called back to her mother's bedside. He was in a Houston hospital for an eye examination following a slight injury.

Pictured above are the 1952 Sanderson Eagles who will play their first home game Friday night at Eagle Field against the Marfa Shorthorns in a no-district game. Pictured back row, left to right — Matias Gutierrez, Dickie Escamilla, Humberto Arredondo, James Clark, Odell Carruthers, David Mitchell, Jack Savage, Ruben Ochoa, Juan Olivares, Galoar Cobos, Charles Stegall, Joe Nessmith. Middle Row — Rosendo Silvas, Jimmy Talbot, Ruben Hernandez, Jimmy Caroline, Humberto Pena, Joe Arrieta, Douglas Attaway, Ruben Escamilla, Delis Chalambaga, Juan Ramirez, Eugene Hibbard, manager. Front row — Kenneth Stutes, Alfredo Calzada, Raul Flores, Glynn Chandler, Roman Zepeda, Tommy Mansfield, Higinio Pena, Roman Escamilla, and Frank Vasquez. Seated at front is Jimmy Word, mascot of the Eagle team.

THIS MAN IS WHIPPED

Last week in Little Rock I visited a small business. The owner has a problem that he can't solve. No one person can solve it. The unified action of millions of citizens would be required. My friend's problem is high taxes. His story and his problem is one that should concern every American.

Twenty years ago he made his living working flat on his back on the grease-spattered concrete floor of a little neighborhood garage, probing the insides of road-worn automobiles. He was a mechanic's helper. But he was ambitious. Occasionally he would buy a junk-heap car and at nights work it over mechanically. Then he'd advertise it in the paper. Each sale brought a few dollars profit. On such shoestring financing, and with a large capacity for work, he gradually established a little one-man business. By 1940 he was making a comfortable living, had remodeled his home and was looking forward eagerly to expanding his business and employing other persons.

Can't Get Ahead

When I visited him last week he grinned good-humoredly and said:

"I guess I've got 'the small businessman's blues.' He explained that although his business was better than ever before, and his annual gross profit larger, the problem of taxes had him 'whipped.' His gross profit each month for the past three years had been between \$1,000 and \$1,500. And yet he is not getting ahead sufficiently to give him the sought-after feeling of security.

"Every three months," he said, "I've got to scrape up \$900 to \$1,000 for federal income taxes. Taking it out of operating capital is not easy. There are only my wife and I at home, but my household expenses are just about double, in dollars, what they were four or five years ago." He pays a healthy state income tax, a number of state and federal fees for doing business, and has to employ an accountant to keep the various records required by the state and federal governments.

In a Rut

"At the end of each of the last five years," he laments, "I found that my bank account had only a few hundred dollars more in it than when the year began. And inflation more than cancelled out this gain. It's not so much the problem of making money. I could make more. I could expand my business, employ two more men and probably boost my gross profits at least 30 per cent. I want

to do this. "But in any business expansion you've got to invest capital, and there always is an element of chance. I would take the chance if it weren't for the fact that if I did boost my profit 30 per cent I would then be in an income tax bracket in which I'd be working half of my time to earn money to pay taxes; and in the end I would have only a few hundred dollars more each year. It's not worth it. So I'm in a rut. Taxes and the high cost of living have whipped me into submission. I've no incentive for further progress."

Killing Incentive

Here we have an example of the killing of the very incentive that has provided the driving force in the building of America through making more jobs and producing more goods. Big government and big taxes are doing it. As I walked from my friend's place of business, I began thinking about government's dominant place in our lives. In the last 30 or 40 years it has become an economic crutch for about 25 million people now directly and indirectly are on government payrolls, a powerful controlling influence in the whole social, economic, and business pattern of the nation. More and more the population is coming to be dependent on government for more and more things that used to be done by the people for themselves.

Let's suppose that a band of Americans felt that socialism and enslavement were inevitable here and they picked up and moved to an island in the Pacific to start a new nation. What kind of government would they advise on their island? Would it be set up to abolish the hardships of primitive living and provide cradle-to-grave security? Or would it be a small non-burdensome government restricted to keeping the peace and protecting individual freedom? If they chose the latter they would be doing exactly what another group of Americans did — 345 years ago. These were the first American settlers, of Jamestown and Plymouth Rock. When they got around to forming a government its principal functions were to keep the peace, protect individual freedom and promote the general welfare. It promoted the general welfare not by taxing away incentive but by enlarging incentive. That's how America grew up. It is the key to human progress.

HEALTH FOR ALL—

TUBERCULOSIS — KILLER OF YOUNG PEOPLE

That most death-dealing of all infectious diseases, tuberculosis, has a fondness for young people. While it can strike at any age, it leads all diseases as a cause of death in the age group from 15 to 35. However, not only does TB kill, it robs young people of precious, productive years.

With the young as well as older people, "early detection means early cure" is still the rule in controlling tuberculosis. Because TB is almost without symptoms at the start, it may go undetected until it has reached an advanced stage and frequently until after it has been communicated to others, but it can be detected by X-ray. Thus, regular physical examinations, including X-rays are imperative for all adults.

Once discovered, proper treatment, preferably in a tuberculosis hospital, is necessary. There a patient can get the complete rest that is so essential and, in addition, he will not spread his germs to others. The hospital is also the best place for bed rest to be supplemented with drugs or surgery if the doctor thinks it advisable.

Admittedly, hospital care, with a possible long period away from school or job, may hardly seem inviting to the young person who is eager to get ahead with his studies or career, but it will prove the wisest step.

The far-seeing young patient sometimes can make his hospitalization period doubly beneficial—physically and career-wise. For example, at one sanatorium, a 23-year-old airplane mechanic, advised that he had to abandon the aircraft field, took a correspondence course in airplane drafting and mechanics and secured sufficient training to obtain employment in this capacity on a full-time basis after his discharge from the hospital.

For young and old, TB is now preventable and curable. Thanks largely to the efforts of the medical and nursing professions, official health agencies, and the voluntary tuberculosis associations affiliated with the National Tuberculosis Association, a great deal is being done to control and prevent TB. Every adult should get regular physical examinations including chest X-rays and, if active TB is diagnosed, should go to a hospital and remain there until completely cured. If tuberculosis is found in the early stages and properly treated, there is every chance for a recovery that will permit a full and useful life.

Conference Here Tuesday Afternoon For Baptist Workers

The members of the local First Baptist Church were hosts Tuesday for the meeting of the district workers' conference. The theme of the meeting was "The Second Coming of Christ" and Dr. Hershel Ford of El Paso brought the main address at the conference.

At noon the ladies of the W. M. S. served lunch in the basement of the Masonic Hall with about 85 present.

Following lunch, there was a meeting of the members of the W. M. S. of the district with Mrs. Cox of Pecos, president, presiding. Mrs. Blunt of Rankin was elected district president for the new year.

About thirty delegates were registered from churches in Monahans, Pecos, Odessa, Sheffield, Pecos, Grandfalls and Ozona.

Birthday Party Saturday For Buddy Roark

Mrs. F. M. Roark entertained with a party at her home Saturday evening from seven to nine to honor her son, Buddy, on his twelfth birthday.

Only boys were invited to his party and they enjoyed a period of games. Refreshments of sandwiches and punch were served with the beautifully decorated birthday cake, holding twelve candles.

Those present were Bob Spears,

Dr. S. N. Williams
Dentist
Sanderson, Texas

Classes in tap, ballet, and acrobatics will be resumed in the near future for boys and girls of all ages, including pre-school children.

Cpl. F. Benavides, Lala Escamilla Wed Sunday Morning

Miss Lala Escamilla became the bride of Cpl. Fernando Benavides in a double-ring ceremony performed Sunday morning at nine o'clock in St. James Catholic Church. The bride wore a floor-length bridal gown of white satin and lace. Her shoulder-length veil of illusion was attached to a crown of pearlized orange blossoms. She carried a white rosary.

Mr. and Mrs. Jose Falcon attended the couple. Rosario Morales was the ring bearer.

Following the wedding, a reception was held in the home of the bride's mother with about one hundred guests present.

Mrs. Benavides is the daughter of Mrs. Bernarda Postas. She graduated from the Sanderson High School in 1951 and is attending Durham's Business College in San Antonio. Cpl. Benavides, the son of Mr. and Mrs. Paul Benavides, of Boerne, Texas, is stationed at Fort Hood, Texas.

Mrs. P. P. Courtney Hostess Friday For Bridge Club

Mrs. P. P. Courtney entertained the Thursday Bridge Club in her home last week when the meeting was postponed until Friday. Arrangements of zinnias and tithonias decorated the living room

where three tables of players enjoyed card games after cold drinks had been served.

High score prize was presented to Mrs. J. A. Gilbreath, second high to Mrs. S. H. Underwood, and low to Mrs. G. H. Mayfield. Slam prizes were held by Mrs. Underwood and Mrs. Lee McCue.

The hostess served a salad plate with coffee and iced tea to Mesdames M. H. Goode, Jr., Ben Martin, H. E. Fletcher, Mary Lou Keller, M. F. Bader, Lee McCue, I. B. Rusk, S. H. Underwood, Roger Rose, J. A. Gilbreath, J. D. May, and G. H. Mayfield. Mrs. Bruce Spencer, Mrs. F. H. Talbot and Mrs. John Huey were tea guests.

Evening Study Club Meets in Olaf Hoggard Home Thursday Night

The Evening Study Club met last Thursday evening in the home of Mrs. Olaf Hoggard with Mrs. L. E. Arledge as co-hostess.

Mrs. Dick Sullivan discussed "Americanism" following a brief business session with Mrs. J. A. Gilbreath presiding.

The hostesses served refreshments of lemon icebox cake, tea and coffee.

Those present were Mesdames Weldon Cox, W. A. Davis, J. A. Gilbreath, Vic Littleton, Roy Deaton, H. A. Finger, Dick Sullivan, C. W. Burdett, J. W. Pate, W. H. Grigsby, W. W. Sudduth, Joe Kerr, Jr., and W. E. Lea, Jr.

Supper Sunday Night Honors Don Frazor

To honor Don Frazor who left Monday for Austin to enroll in the University of Texas, a group of friends gathered at the home of his parents, Mr. and Mrs. W. F. Frazor, Sunday evening for a covered dish supper served in the back yard.

Frazor, who was recently placed on reserve status after service as a pilot on a Navy Corsair plane, showed colored films made in Korea, Japan, Hawaii and local scenes.

Those present were Mr. and Mrs. Dudley Harrison, Mr. and Mrs. Troy Druse, Mr. and Mrs. John Harrison, Mr. and Mrs. M. W. Duncan, Mr. and Mrs. L. H. Gilbreath, Dr. and Mrs. J. W. Pate, Mrs. Jettie Peavy, Melinda Gil-

breath, Miss Gertrude Christoph, Mr. and Mrs. W. F. Frazor and Don.

Bridge-Luncheon At Herbert Brown Home For Wednesday Club

Mrs. Herbert Brown was hostess for a bridge-luncheon at her home this week to entertain the Wednesday Club. Floral decorations of yellow chrysanthemums and snapdragons were noted in the party rooms.

Following a luncheon served at one o'clock, three tables of players enjoyed the series of card games.

High score was presented to Mrs. J. W. Pate, who with Mrs. Tol Murrah, held slam prizes, second high to Mrs. James Kerr and low to Mrs. Joe Kerr, Jr.

Those present were Mesdames Bustin Canon, H. A. Finger, James Kerr, W. R. Stumberg, R. S. Wilkinson, Joe Kerr, Jr., Tol Murrah, J. W. Pate, S. L. Stumberg, J. T. Williams, F. M. Wood and M. F. Bader.

Jim Turner Has Birthday Party

Mrs. Frank Turner, assisted by Mrs. Horace Shelton, entertained with a party Wednesday afternoon at her home, the occasion being her son, Jim's, fourth birthday.

Games were enjoyed by the little guests. The pink birthday cake

was served with ice cream and punch.

Those present were Geradine, Junior and Nicky Nading, Collins and Diane Holmes, Billy and Pam Haines, Kathy Blackwelder, David and Bill Lea, Nicki and Kay Northcut, Cinda Martin, Pixie Mansfield, Bill Turner, Don Cowan and Alice Turner.

Mothers present were Mesdames James Blackwelder, L. T. Lea, M. G. Northcut, Jr., B. J. Haines, Giles Holmes, Bill Nading, J. A. Mansfield, Jack Turner and Elton Loden.

Since Wednesday was also Mrs. Turner's birthday, she was remembered with several gifts.

METHODIST W. S. C. S. TO MEET MONDAY

The Methodist Womens Society of Christian Service will meet Monday, September 22, at 3 o'clock at the home of Mrs. H. C. Goldwire, with Miss Eva Billings as co-hostess.

Mr. and Mrs. S. R. Coffey spent Sunday and Monday in Bandera and Tarpley.

Stop Taking Harsh Drugs for Constipation

End Chronic Dosing! Regain Normal Regularity This All-Vegetable Way!

Taking harsh drugs for constipation can punish you brutally! Their cramps and griping disrupt normal bowel action, make you feel in need of repeated dosing.

When you occasionally feel constipated, get gentle but sure relief. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. It's all-vegetable. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, oldest and one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, acts mildly, brings thorough relief comfortably. Helps you get regular, ends chronic dosing. Even relieves stomach sourness that constipation often brings.

Try the new 25¢ size. Money back if not satisfied. Mail bottle to Box 250, N. Y. 18, N. Y.

11 Body Styles...18 Models

FORD'S FIRST with the MOST!

FIRST in POWER!
Ford's 110-h.p. Strato-Star V-8 is the most powerful engine . . . the only V-8 offered in a low-priced car! Ford's 101-h.p. Mileage Maker Six is the industry's newest, most modern Six!

FIRST in RIDE! For the first time, in the low-price field, you can enjoy a truly fine-car ride! Ford's new Automatic Ride Control with its diagonally mounted rear shock absorbers and new spring suspension gives you a bump-leveling, highway-hugging ride.

FIRST in STYLE! This longer, lower style leader has the newest, most advanced body in the industry! It's styled to stay beautiful for years, and it's quality-built to stay young.

FIRST in CHOICE! Ford offers the widest choice by far in the low-price field. 18 models . . . 11 body styles . . . 2 engines: V-8 or Six . . . 3 transmissions: Fordomatic, Overdrive or Conventional . . . and the most body, upholstery and color combinations.

FIRST with the NEWEST! You'll find Ford has made more advances for '52 than any other car in its price field. You get new features like Power-Pivot Clutch and Brake Pedals, suspended from above, to allow more foot room, eliminate dusty, drafty floor holes. You get Center-Fill Fueling for easier gas filling from either side. F.C.A.
