## LISTEN TO LUKE

The great nation has given General Eisenhower the greatest popular vote in history. The President will go to a task which is enormously sobering. Something, however, must be said of another great man who became the victim of defeat through errors, the faults, and the shortcomings of others and the constant display of the low type political character by his political leaders. That man, Adlai Stevenson, has great potentialities for the country. He has shown his desire to serve his country, even in defeat, by offering his best to the president-elect. He can, and we hope he will, be at the command of the next President to do anything he can do to help in salvaging the country from the horrible state of corruption.

That General Eisenhower is equipped or short-sighted, or that he will fall in his endeavors, matter how bewildered he may be, but he must have the support of his countrymen. Democrats and Republicans alike, else the election of fear will lead us into a dark and bitterest labor of the steepest leadership and the prayers of a courageous man can a democracy prevail.

Like Governor Stevenson, with the hope of a corrupt party leader thrown off, can lead a great hope to our national hope. That hope cannot ignore the potential of his great leadership and insight into our affairs at home and abroad.

Our prayers, and our support for General Eisenhower, our confidence, admiration and hope go to Governor Stevenson, a great man.

Football again brings to light the fallacies of the school program. Last week the school played a team which is not an unorthodox team taught to children men.

Complaints, to this column — from school officials, are to effect that something must be done about this type of playing or the only other thing left which is to be discontinued the game this district.

On the Sanderson Eagles are not sissies. They can whatever the game puts out all as the next one. But they are taught to be unorthodox in their game. When a team's reputation of taking advantage of a player who is down, then it becomes difficult to officials for the games where a team is involved, then the district teams should prohibit.

It might be a pretty good solution of the local players in some of the other players to a co-curricular "game" to be behind the gym. No, we advocate that kind of conduct we do think that a school coach who will condone and stomping when a player is down should be fired and from further high school.

Weather has brought to the swiftly passing seasons. Signs of Thanksgiving are already in evidence. Soon another assortment of Christmas ties will have to be packed away so that they be sent on to someone the following Christmas. It becomes endless — especially when we receive a Christmas which we recognize as the present the previous Christmas.

It is a solution to that — a which this column tries to enforce — names are the ties so that they will be sent back to the same giver of the Christmas.

## GRID GAME HERE TUESDAY NIGHT TO BENEFIT EAGLES

The Sanderson Lions Club completed plans at their regular meeting last Thursday for a benefit football game to be played on the local gridiron next Tuesday night, November 18, beginning at 8 o'clock. Local men will make up the two teams in a pass and tag fray, scheduled for four periods providing injuries, old-age and other incapacitations do not plague the players. Admission prices are \$1 for adults and 25¢ for school children.

Proceeds of the game will go toward paying for the annual football banquet put on by the Lions. This year to honor the district-winning Sanderson Eagles, the coaches and managers.

W. W. Sudduth and J. A. Gilbreath were named as managers of the two teams and will direct activities in the field in the first half and from a stretcher during the second half. Sudduth's Hood-Orla team is comprised of Marshall Cooke, Eddie Nations, Ruel Adams, C. W. Snowden, Bernie Kerr, H. M. Beckett, Bruce Taff, Monte Goode, Elmo Searcy, K. E. Dick, Tommy Tatum, Jack Turner, George Smith with some more players to be lined up previous to the game.

The Ringlings will be Lee Billings, Troy Druze, C. W. Burdett, Norman Rath, Matt Bader, Austin Nance, H. A. Finger, Philip Cherry, Ed Leatherwood, C. C. Mitchell, Cliff Roark, Jack Green, Sid Surratt and J. A. Mansfield with R. V. Spears as captain. The Ringlings expect to enlist the aid of other local players prior to game time Tuesday.

All boosters of the Eagles who are willing to get into the fun to lead the Lions in their efforts are asked to contact either Sudduth or Gilbreath so that they may be assigned to a team.

The band will be on hand to furnish the musical pulsations for the fans and Lions Greene Cooke and Davis Hinson will be cheer leaders for the two teams.

The local would-be's and has-beens are making every effort to see that the people of the community get full return in entertainment for their money and will keep plenty of action going on the gridiron to give a full evening of entertainment.

All local supporters of the Sanderson Eagles are urged to make their appearance at the game on Tuesday night.

## Mike Brumbalow To Speak At Football Banquet

Word was received last week end that Mike Brumbalow, athletic director of the Texas Western College, would be the guest speaker at the annual Lions Club Football Banquet to be held at the band house on the evening of December 15.

Brumbalow was the speaker at the Lions Club affair two years ago and was received with enthusiasm by the Sanderson Eagle football team, the honored guests, and the members of the sponsoring organization and their wives.

## C. F. Bode Dies In Sonora Sunday

Charles Fred Bode, 70, died Sunday at 3:22 p. m. in a Sonora hospital with funeral services Monday at 4 p. m. in Del Rio. Rev. T. K. Anderson, pastor of the First Methodist Church of that city, officiated and burial was made in Westlawn Cemetery in Del Rio.

Bode had resided in the Del Rio area since early in the century and was well known in ranching circles. He was retired from active ranching and lived in Sonora until his death.

Mrs. Martin Bodkin of Sanderson is a cousin of Bode and Mrs. John Clark and Mrs. R. B. Mussey are sisters-in-law of the deceased.

Simon Angus Farm, Madison, Kansas, has sold half interest in Prince 305 SAF, above to Robert S. Hays, owner of Hays ranch, Kerrville, for large unimproved sum. This sensational summer yearling Angus bull was Junior and Reserve Grand Champion at the American Royal Livestock Show held last week in Kansas City and at the two recently held National Angus Shows at Lincoln, Nebraska, and Tulsa, Oklahoma, and grand champion where shown elsewhere. Prince 305 SAF will come to Texas for a limited time, after he is shown at the International Livestock Show and Exposition, Chicago, November 25 to December 4. He will assist Mr. Hays \$53,000.00 Chief herd sire, Humplace E. Loomer 1941 in his quality herd of Registered Aberdeen-Angus cattle.

## WILLIAMS NOTES ACCOMPLISHMENTS OF TS&GRA DURING YEAR JUST ENDED

John T. Williams, operator of the Sanderson Wool Commission Co. and retiring president of the Texas Sheep and Goat Raisers' Association, made his report to the association at its fourth quarterly meeting in San Angelo this week. He listed as accomplishments of the organization during the past year: Specifically named improvements in the breeders problem, required sheep dipping for scabies, progress toward elimination of OPS ceiling price and various grading, and the late but satisfactory wool prices.

Earnest Williams, secretary, reported the year's receipts lowest in the history of the organization since 1947 because of the drought

and added that there was little hope now for an increase next year. It was pointed out that 500 new members had been added during the year with new members being added constantly.

Penrose E. Metcalfe was elected as president of the association. He served as vice president last year. Walter G. Downie was among those appointed to nominate new directors for the association to serve in the new year.

At the final session of the Auxiliary Tuesday afternoon, Mrs. Walter Pfleger was installed as president of that organization.

Mrs. Pfleger's home is in Eden. Among those from Sanderson attending the convention were Mr. and Mrs. S. L. Stumberg, Mr. and Mrs. W. G. Downie, Herbert Brown, N. M. Mitchell and Mr. Williams.

Mrs. Stumberg served on the committee which made arrangements for the wool fashion revue when Miss Janet Lee of Austin was named "Miss Wool", the first "Miss Wool" of the entire world.

## F. H. A. Chapter To Monahans Meet

The Sanderson Chapter of the Future Homemakers of America went to Monahans last Saturday to the District II, Area II meeting.

Jennell Littleton, president of the local chapter, was on the program in a panel of experts on "Problems of F. H. A." Miss Florence McAllister, area supervisor of Home and Family Life Education Service, was leader of the panel. Questions concerning the different problems of the chapters were asked from the floor.

Lupe Cardenas served as a voting delegate representing the Sanderson Chapter at the House of Delegates, as neither delegate, Yolanda Esqueda nor her alternate, Ramona Olivares, were able to attend. The House of Delegates is the business meeting. Jennell Littleton was elected district treasurer for the coming year. She was installed in the afternoon session of the area meeting.

After the meeting, the girls attended a cold drinks party in the home making building of the Monahans High School.

Those attending from Sanderson were Jennell Littleton, Nancy Turner, Estela Flores, Betty Flores, Lupe Cardenas, Matilde Venegas, Vivian Moore, Carlene Werneking, Sandra Schwalbe, Alicia Torres, Clelia Falcon, Amalia Borrega, Elodia Garza, Mrs. Reynaldo Garza, one of the club mothers, and Miss Margaret Plunkett, sponsor.

Mr. and Mrs. Bruce Taff were week end guests in the home of Mr. and Mrs. Bob Davis of Concan.

## Deer Season Opens Next Thursday For Six-Days' Hunting

Deer season opens Thursday, November 20 and lasts through November 25, a six-day season. Local hunters who normally seek the big game in this area, do not have much hope of obtaining a buck which will be fat enough to eat, owing to the prolonged drought which has prevailed in this area for the past several months.

Hunters from out of this area are expected to begin arriving and passing through about Tuesday. Some of the ranchmen in this area who normally lease their country to hunters from other parts of the state, state that they have many hunters contracted with few vacancies existing.

## County Wildcat Gets Show of Gas

Humble 1 Blackstone in the northeast part of Terrell County, 55-52-CSSD&RONG, has recovered gas on a drillstem test between 3,675-700 feet in an unidentified formation. Gas surfaced in one hour and nine minutes on the two hour test. It was reported Recovery was 200 feet of heavily gas-cut mud.

A 15-minute drillstem test between 2,702-27 feet recovered 170 feet of heavily gas-cut mud.

The well is reported to be drilling ahead below 2,782 feet in shale and dolomite.

## Land Bought For Possible Site of New State Highway Office and Warehouse

## ICE AND FROST HERE TUESDAY

Terrell County's first winter weather has prevailed here this week after a norther blew in Sunday afternoon. By mid-afternoon temperatures had taken quite a drop and the dust-laden north wind continued to blow through the night. Some moderation prevailed Monday afternoon but early Tuesday morning both ice and frost were in evidence and the thermometer registered thirty degrees.

The days have been warmer since Tuesday and the weather clear.

## F. F. A. Boys Attend Grass Judging Contest In Alpine Saturday

Members of the Sanderson F. F. A. Chapter, with their supervisor, Tommy E. Tatum, attended a grass judging contest in Alpine last Saturday and came back with a third place in the senior division and a fourth place in the Greenhand division. The contest was sponsored by the Big Bend Soil Conservation District and the Alpine Chamber of Commerce.

Boys who placed third in the senior division were David Mitchell, Glynn Chandler, Tommy Mansfield. First place was won by Marathon and second place by Alpine.

In the Greenhand division, Stanley Sullivan, Claude Hill, Jr., W. J. Vaughn and Bobby Beckett, alternate, placed fourth place. Pecos was first, Marfa second and Marathon was third.

Seven schools were represented at the contest.

## MASONS TO HAVE CALLED MEETING THURS., NOV. 20

W. M. Druse, master of the local Lodge 988, AF&AM, has stated that there will be a called communication of that body on Thursday night, Nov. 20 at 7:30 for work in the E. A. degree.

All local Masons are urged to be present.

## Eagles Cop District Title When Fort Hancock Falls Under 47-7 Defeat; Grandfalls Here Friday

The Sanderson Eagles clinched a district championship title last week in the defeat of Fabens by a score of 47-7. The remaining game this week and against Grandfalls could not alter the standing of the top-notch Eagle team in conference play.

Fans who were able to be to Fort Hancock to see the Eagles win their game there, were high in their praise of the quality and type of football played by the local boys. They stated that the Eagles were tackling harder and blocking more ferociously than they had at any game witnessed this season.

The first quarter in the game ended scoreless for both teams, but the Eagles found their pace in the second quarter and made 27 points and allowed the Mustangs to score once. The third quarter ended 40-7 and the Eagles kicked up one more score in the final period to end the game 47-7.

Rosendo Silva, Eagle half back top scoring honors with three TDs to one each for Roman Zepeda, David Mitchell, Joe Nossmith and Juan Olivares. Zepeda kicked 4 of the extra points and passed to Nossmith for the fifth point after touchdown.

The score by Mitchell was on a pass from Olivares to Nossmith who lateralled to Mitchell just before being tackled. Nossmith's

touchdown was another pass from Olivares.

According to Coaches C. W. Snowden and Norman Rath, the offensive ability of the team is shown clearly in the score piled up by that group of boys. They also were high in their praise for the defensive efforts of Dickie Escobedo, Jack Savage, Glynn Chandler and James Clark.

The 3-district opponents of the Eagles are not known yet, depending on the outcome of the game Friday night between Hornsby and Trent. Should Hornsby win they will be the opponents; but if Trent should win it will make a tie between Hornsby and Robert Lee. Developments will be announced as soon as they become available.

The Grandfalls Cowboys will be in Sanderson Friday night for the last district tussle this season. The Eagles are hoping for a booster, but are expecting some competition and hope to be prepared for whatever may come.

Several of the Eagle players were banged and bruised in the game Friday night with lots of sore ribs and black eyes received from the Fort Hancock players. Singall has a bruised chest and is receiving treatments; Odell Carruthers is on crutches with a sprained ankle and Juan Olivares has been taking it easy at practice sessions with bruised ribs.

The coaches are hoping these boys will be able to get into the fray Friday night.

All of the boys on the Eagle team, the managers and coaches are to be praised for the work in attaining the distinction of district champs. Sanderson has long been one of the smaller towns in this district with many less players in reserve; with the Eagles oftentimes having only two or three reserves in years gone by. But the number of district championships garnered by the group, and the competition they gave to other district winners attests the determination of the boys who have been sporting the Sanderson High School colors over the years.

It has long been the custom of Eagle players to mix well on the gridiron and emerge from all the games they played knowing that they had attained a moral victory even against a score loss by having provided their opponents with plenty of good clean opposition. Their playing, whether they won or lost, was of the highest type of sportsmanlike conduct.

## Holiday Observed For Armistice Day Here

Tuesday was observed as a holiday in Sanderson to celebrate Armistice Day. There was no program or service locally for the occasion.

The post office and bank were closed in observance of the national holiday. Local business houses with the exception of cafes and service stations, planned last week to close on Tuesday. Although a holiday had not been scheduled at the schools, Supt. Matt Bader and the school board decided to give the schools of the county a holiday.

## THANKSGIVING SERVICE AT BAPTIST CHURCH

The annual union Thanksgiving service for Sanderson will be on Thursday, November 27, at 10 a. m. at the First Baptist Church with Rev. John W. Byrd, pastor of the First Presbyterian Church, bringing the Thanksgiving message.

The special offering will go to the Latin-American Methodist Church as has been the custom for the past several years.

LET'S HELP THE PRESIDENT

The election of a new president is only a beginning step by the citizenry. If we are to secure the greatest good from the new administration, citizens will have to make participation in government one of their major responsibilities.

We could be assured of the best possible operation of our government, and the greatest degree of security, if we could apply the Biblical admonition, "It is more blessed to give than to receive."

The people who founded this nation and gave us the great government documents, the Declaration of Independence and the U. S. Constitution, did so through the making of personal sacrifices.

None of these problems has been solved merely by the election of

the grave international problems and is fulfilling his American citizenship responsibility by presenting his opinions publicly. Though his opinions may be contrary to those of recognized authorities, they will be beneficial to the public thinking, and finally to the President of the United States, if they are heard and read by other people.

What we do about the Korean war affects the future life and prosperity of every American. And so does the solution of other major problems. That's why we should, all of us, continue to take an active interest in those problems.

Here are some of the problems toward which our best minds, and all our minds, should be directed daily. How much socialism can our way of life contain and still give individual freedom and the opportunity for progress to all citizens? Where and how can the expense of government be cut, so that our tax burden will be reduced? What is the best way to root out corruption and keep it out of public life? How can a closer, mutually beneficial harmony be achieved between American employers and employees?

This column and all the resources of the Harding College National Education Program will be devoted to examining facts relating to such problems in the months ahead. This is one way we can aid the new president in his terribly important job.

Health Program Urged In Schools By Dr. Geo. W. Cox

Every school should have a definite school health program. Situations such as, the kind of drinking water, the lighting, seating, ventilation and cleanliness of the schoolroom, and personal practices of the teachers and children are the basis of the school health program, said Dr. George W. Cox, state health officer.

Every school has tremendous opportunities to promote the health of its pupils and of its community. From early childhood to early manhood and womanhood most children are enrolled in schools and are under the supervision of school staffs for a substantial part of the day for approximately half of the year. The conditions under which they live in school, the help which they are given in solving their health problems, the ideals of individual and community health which they are taught and the information and understanding that they acquire of themselves are factors which operate to develop attitudes and behavior conducive to healthy, happy and successful living.

Schools alone, however, cannot enable children to attain all the desirable goals of individual and community health. Considering the

magnitude and multitude of the diverse and continuing efforts that must be made to satisfy the health needs of the children, many people and groups, in addition to the schools and health departments, should be interested in promoting health.

Parents have a prime responsibility. Physicians, dentists, nurses, social and welfare workers organizations, such as medical, dental, nursing societies, and voluntary health agencies should all lend their support to local and state health departments in their effort to secure a better health not only for school children but the community as a whole.

NOTICE — The auxiliary to the B of RT will have a ham supper in the basement of the Masonic Hall on Wednesday, Nov. 19 at 6:30 p. m. All trainmen and their families are invited.

Misunderstanding of simple driving rules by numerous motorists is one factor which places Texas at the top in the number of traffic deaths. Possibly the most mystifying of all traffic rules to the average driver are those relating to "right of way" at an intersection. In trying to understand the law regulating intersecting traffic, it is best to start off with the premise that all streets are of equal dignity, legally speaking. Traffic signs and signals may vary this rule somewhat, but when in doubt it is safest to assume that all drivers crossing your path have a claim to the right of way equal to your own. Obviously, however, in many cases one driver or the other will be legally entitled to the right of way. When it becomes necessary to determine right of way in a particular situation, the driver who reaches the intersection first, or who is going to get there first, is ordinarily favored. But when two automobiles are an equal distance from the intersection, that one approaching from the other driver's right normally has the right of way. Some intersections are known as "courtesy corners," having a stop sign or a flashing red signal facing each direction of approach. The first driver reaching the corner and coming to a complete stop will normally have the right of way over other vehicles not already at the intersection. However, other fellow's courtesy, and be sure to keep a "proper look out" and have your car under "proper control." At intersections involving one through street and another street having a stop sign, a driver approaching the stop sign and coming to a full stop is ordinarily said to have the right of way over vehicles approaching on the through street but not already in the intersection. However, this last rule must be qualified by saying that you should not proceed, cross or turn onto the through street until you can do so without interfering with oncoming traffic. In other words, if an approaching car will arrive within the intersection before you are completely clear, wait just a little longer. The same rules apply to entering a highway from a side road containing a stop sign. Many drivers violate the rules of right of way covering left-hand turns at intersections. When turning left, you should always be on

LOCAL BOYS MEET IN KOREA BOMBER BASE

Evidence of the smallness of our world of today was brought to mind again this week in a story from Korea as told by Dick Lewellyn of San Antonio.

Recently Capt. Harry Lewellyn, a bomber pilot who is stationed in Korea, was one of a crew sent on a secret bombing mission. The members of the bomber's crew came from several different squadrons, no one knowing the nature of his orders until all reported at a designated air strip. Capt. Lewellyn was assigned as pilot and when the co-pilot took his seat who should it be but Capt. Horace Shelton of Sanderson. Warm greetings immediately were in order and as the two men took turns at the controls of the bomber, their conversation drifted back frequently to their school days and associations in Sanderson.
