LISTEN TO LUKE

As this is being written (Tuesday) there is a dawning of a new day for America. A man of integrity and honor and humility is now in the office of President of the United States. This great man has expressed a deep faith in this country's progress under the guidance and leadership of men who are loyal to the will of God in their dealings with all nations.

President Eisenhower used two Bibles in the inaugural ceremony. One was the Bible he used while a pastor at West Point. The other was the historic George Washington Bible.

The President requested that the George Washington Bible be opened to the following verse: Psalm 127:1: "Except the Lord build the house, they labour in vain that build it; except the Lord keep the city, the watchmen shall be in vain."

The West Point Bible was opened to the following verse: II Chronicles 7:14: "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from Heaven, and will forgive their sin and will heal their land."

General Eisenhower humbly prayed for Divine Guidance when he was preparing for the momentous landing which was the turning point of the late war. We can always know that God will hear prayers from anyone who is willing to listen for an answer. It should be that we seek guidance for our actions rather than ask for sponsorship of a determined plan.

The whole nation is looking to us to do one of the hardest jobs that has ever been thrust upon any one man. His leadership and his selection of capable men to fill important posts will determine the outcome of his administration. This column believes in the brotherhood of man and the Fatherhood of God. There is no Christian faith we know of which does not teach and practice — to some extent — that great doctrine, but the brotherhood of man under the Fatherhood of God is the way we look at it. The brotherhood of man does not imply to me that social and economic conditions must be dictated by a universal head of state which recognizes the Asiatic Soviet Union as a member and let them have a voice in setting the rules of conduct and changes for the world to follow.

We expect to convert the Communists by yielding to their wishes and are on the wrong track. It is our opinion that from here on yielding will come the other way. If we have a man in public office anywhere in the U. S. who is willing to answer the questions as to his loyalty to the U. S., then he should be accepted as disloyal by refusal.

Around town this week: No top hats or homburgs were in evidence on Tuesday, but we did see — as we see every day — a derby — a local business man with what appears to be evidence of a new business in Sanderson, or the change of business from one man to another. Dalton Hogg now makes coffee at 5 a. m. Two prominent ranchmen's picture in a livestock magazine. Lack of much traffic to the emdee's office. Local volunteer firemen busy on the job. School kids teachers grumbling about the term exams.

Cagers Take Three Games In Marfa Against Blackwell

The Sanderson Eagles took all three cage games in their tilt with the Blackwell School in Marfa Tuesday night.

In the first game the "B" team won 54-19 with Juan Olivares top scorer with 21 points.

The girls won their game 33-15 with Maria Silvas accounting for 25 of the girls' scores.

The "A" team won 50-44 after taking over the lead early in the second period and retaining it during the remainder of the game. Eugene Hibbard was top scorer with 19 points, followed by Charles Stegall with 17.

Friday night the three teams will go to Fort Davis to play off the teams from that town for top honors in the "A" game bracket. Fort Davis is undefeated in conference play.

Tuesday night the teams will go to Alpine to play Presidio.

Wednesday night Marfa will bring two boys' teams here to meet the "A" and "B" teams.

Football Letters Awarded To Eagle Squad Members

Twenty-two boys who added to the 1952 Eagle's success were awarded letters last week by C. V. Snowden, Eagle mentor.

Boys receiving jackets were: Tomam Zepeda, Raul Flores, Glynn Chandler, Frank Vasquez, Rosendo Silvas, Galoar Cobos, David Mitchell, Charles Stegall, Odell Carruthers, Tommy Mansfield, Joe Nessmith, James Clark, Jack Savage, Dickie Escamilla, Higinio Pena, Ruben Ochoa, Juan Olivares, Eugene Hibbard, Ruben Escamilla, Matias Gutierrez, Humberto Arredondo and Juan Ramirez.

Kenneth Stutes, Jimmy Talbot, Delis Chalambaga, and Alfredo Chalambaga received reserve letters awards. Jimmy Caroline and Douglas Attaway received managers sweaters.

Dr. Sam Morris To Speak at Baptist Church February 1

Dr. Sam Morris will be with the congregation of the First Baptist Church on Sunday, February 1, according to Rev. Claude Bridges, local pastor, who added "Dr. Morris is a nationally known minister, coast-to-coast radio speaker and the greatest force for temperance in America."

"The Anheuser-Busch Brewing Co., the largest brewery in the world, in a report to its distributors, said: 'Sam Morris is easily the most valuable man to the 'drys' who has entered the service of their cause in several generations.' The Beverage Retail Weekly said of Sam Morris, 'We do not exaggerate in the slightest, as those who have heard Morris will bear witness: This man is by far the most dangerous enemy the liquor industry has ever known.'"

"These are only a few of the many testimonies that come to us of the ability of Dr. Morris," added Bridges. "Certainly he is by far the greatest speaker that Sanderson has ever had the privilege of hearing. He will be in charge of the 11 a. m. service and the 8 p. m. service and the public is urged to be present."

PVT. ASCENSION PENA HOME ON LEAVE

Pvt. Ascension Pena is visiting here with his parents following an appendectomy in San Luis, Calif. He is the son of Mr. and Mrs. Carlos Pena and has been in the service for two months and, after completing his basic training, will be sent to a signal corps school.

HANDLING THE NEW BROOM . . .

President Dwight D. Eisenhower and Vice-President Richard M. Nixon, shown above, together with their team of cabinet members, began the job of reorganization which will sweep the path clean for the new administration. The Eisenhower-Nixon ticket garnered votes from both major parties last November to indicate the desire of a 'new broom' by voters.

Third Annual F. F. A. Show Saturday Is Declared Success

From all reports from area citizens, members of the Sanderson F. F. A. Chapter and Tommy Tatum, local vocational agriculture teacher and advisor for the F. F. A., the third annual F. F. A. livestock show staged here Saturday was a success in every way.

The show was held at the Sanderson Wool House and the F. F. A. advisory committee, under the chairmanship of C. C. Mitchell, served a barbecue at lunch to provide funds for future F. F. A. trips.

The Grand Champion lamb was shown by David Mitchell who was also breeder of the animal; Glynn Chandler showed the Reserve Champion lamb, another Mitchell lamb.

The Grand Champion Calf was by Malone Mitchell, Jr., with Malone Mitchell, Sr., breeder; the Reserve Champion calf was shown by Claude Hill, Jr., West-Pyle Cattle Co., breeder.

In the Crossbred division, David Mitchell, 1st; Glynn Chandler, Joe Nessmith and Lewis Wright.

Crossbred Good: — Bill Stavley, Juan Ramirez, Jack Vincent, Nicky Hahn, Stanley Sullivan, Johnny Daniels, Pablo Torres, W. J. Vaughn, Jimmy Caroline, Charles Stegall and Butch Stavley.

Glynn Chandler won the showmanship award for the entire show.

The members of the local F. F. A. Chapter and their instructor have asked that their thanks be expressed to all the people of the area who contributed in any way to making the show a success.

Damage Suit Of Local Man Moved To San Angelo Court

J. A. Kennedy's \$150,000 damage suit against Auto Transport, Inc. was transferred from Federal Court in Del Rio to San Angelo Monday on a change of venue requested by the defendant.

The suit arose out of an automobile accident Dec. 19, 1951, on the 12-mile bridge on U. S. 67, north of San Angelo. Kennedy's wife, Mrs. Carrie Kennedy, died three days after the accident.

The defendant's plea for a change of venue was granted since the accident occurred in the Federal Court district of the San Angelo judicial body instead of in the Del Rio district.

Kennedy is a T&NO pumper.

MRS. H. C. GOLDWIRE MOVED TO BIG LAKE

Mrs. H. C. Goldwire was moved Sunday from a Fort Stockton hospital to the home of her sister, Mrs. W. H. Schooler in Big Lake. Her condition is reported to be steadily improving. Mrs. Goldwire was hospitalized on December 22 following a heart attack.

METHODIST W. S. C. S. TO MEET MONDAY

The Methodist Woman's Society of Christian Service will meet on Monday afternoon at 3 o'clock with Mrs. Roger Rose and Mrs. Hugh Rose as hostesses. The meeting will be in the Fellowship Hall.

50 Per Cent Of Voters Must Secure Polls By Jan. 31 To Equal Par

Off-year indifference has apparently hit the poll tax department of the Terrell County tax collector's office with only 329 taxes paid through Tuesday, January 21, is the last day for securing a poll tax and he has urged prompt payment among the delinquent voters in order to avoid a last-minute scramble in the office, and the possibility of overlooking the purchase of the right to vote in Texas, Terrell County or local elections.

Under stimulus of election year interest, 875 poll taxes and exemptions were issued last year. A thousand votes or better is considered average for the county, including the folks over 65 who have a free vote.

Drilling Ends On Terrell Gas Well

Western Natural Gas Co. No. 1 M. H. Goode estate has been completed in the northeast part of Terrell County for a 24-hour potential of 650,000 cubic feet of gas.

Production was from perforations in casing between 5,490-656 feet opposite the Pennsylvania strata. The well is located 600 feet from the north and 1,980 feet from the west lines of 27-161-GS&S1 and is a south offset to a Western Natural Gas Co. producer which was completed at 9,140 feet for 6,500,000 cubic feet daily and is one and one-half miles northeast of another shut-in gas well.

Need of Teachers Stressed in Session Of Legislature

Austin, January 18 — The 53rd Texas Legislature was urged to improve the teacher salaries in order to attract the 11,000 additional teachers that will be needed in Texas public schools the next eight years.

Inadequate salaries are main reason schools cannot find teachers for the classrooms being built for increasing enrollments, said Charles H. Tennyson, secretary of the Texas State Teachers Association.

Tennyson said Texans should be shocked by the fact that the state now has fewer teachers in 1952 than in 1952, though the state's population is expected to increase 325,000 over its present level by 1950-60.

He questioned whether the average 1951-52 teacher salary of \$2,800 was adequate to hold men and women in the important profession of educating Texas' boys and girls. Income tax and retirement deductions cut that average to \$2,279 in take-home pay, and this had a purchasing power of \$1,150 dollars in terms of the 1935 to 1939 dollar, Tennyson observed.

PECOS VALLEY MINISTERS JOIN IN PRAYER

At the meeting of the ministers of the Pecos Valley District of the Methodist Church in session at Carlsbad Tuesday, the group voted to wire President Eisenhower following his inauguration, as follows: —

"Twenty-five ministers of the Pecos Valley District of the New Mexico Conference of the Methodist Church in session at Carlsbad, N. M., today join you in your prayer at your inauguration involving the blessing and leadership of Almighty God in a crusade of righteousness and integrity for our nation that it may lead the world toward peace and brotherhood."

AUTO LICENSES TO GO ON SALE ON FEBRUARY 2

New automobile license plates have arrived for Terrell County. Passenger car license numbers will begin at 5250 and carry the letters BY. The numbers for commercial trucks will begin with 13-5400.

The license will be available on February 2 and must be purchased and on all motor vehicles in operation by April 1.

Since certificate of title and the 1952 license receipt must accompany all requests for 1953 licenses, Mrs. Ed Leatherwood, deputy tax collector, is urging the owners of all motor vehicles to have the necessary credentials ready to use when the license plates may be purchased.

"No inspection stickers will be required to buy license plates this year," Mrs. Leatherwood added. No new vehicle inspection schedule has been released for 1953, she said, and it would be impossible to get all vehicles inspected by the April 1 deadline.

Two prominent area legislators have predicted the controversial inspection law will be taken apart and revised in the approaching session of the legislature.

Five Teenagers From Ft. Worth Taken Here With \$300 Of Loot

Five teenagers from Fort Worth ranging in age from 14 to 18 were picked up here Monday by local officers on suspicion and admitted to the theft of from \$200 to \$300 in merchandise from a mercantile store in Quemado. The loot was in their possession at the time of the arrest.

Officers from Eagle Pass came to the teenagers Tuesday and the case is being held for officers from Fort Worth. It supposedly belongs to the parents of one of the youths.

Sheriff J. S. Nance expressed extreme concern in the number of teenagers who have been apprehended here recently and the complete lack of respect for the laws of the land as well as lack of respect for those who are put in office as law enforcement officers.

He stated that in spite of all the arguments of child psychologists, experts on today's youth, and others who voice their opinion as to the qualifications of today's youth, that he is in complete disagreement with them since the trend of things has been the continual decrease in the age of the lawbreakers that the law enforcement officers are forced to apprehend or arrest.

Funeral Services Here Sunday For Mrs. Carmen Torres

Funeral services were held here Sunday afternoon in the St. James Catholic Church for Carmen Torres, 92, who died at her home Saturday morning following a lengthy illness. Burial was made in Santa Rita Cemetery with O. T. Sudbuth, Inc., in charge of funeral arrangements.

Mrs. Torres was a native of Mexico and came to Sanderson in 1906. She had made her home with her sister, Mrs. Sara Torres, for many years.

FIREMEN CALLED MONDAY MORNING TO RED BLUFF

Volunteer firemen were called out Tuesday morning at about 10 to a blaze at the Red Bluff Service Station. The fire was in the rest room and its origin was unknown.

Employees of the station had the blaze extinguished prior to the arrival of the firemen. All of the damage was to the interior finish of the room.

Highlights and Sidelights FROM Your State CAPITOL

By Vern Sanford Texas Press Association AUSTIN, Jan. 10.—Austin's big show—the 53rd Legislature—is now well under way.

The legislators got down to real business this week. Last week the members convened for only one day.

They heard the message of Gov. Allan Shivers. And in the House, Speaker Reuben Senterfitt appointed committees.

Then the House and Senate adjourned until this week.

Even so, progress was ahead of schedule. Usually, House committees cannot be appointed for some time after the election of a speaker.

But, Senterfitt's election was assured in advance. Thus he was able to have his appointments ready on the opening day.

Texas can increase its spending for necessary services without large boosting of taxes.

That was a cheerful note in the governor's address to the members.

More money is coming in from existing revenue sources, so that the governor's recommended \$172,529,000 for general revenue appropriations is within the officially estimated state income for the next two years.

The budget is about \$6 million higher than the present level of state spending.

Additional money for roads, Governor Shivers believes, should come from another penny-a-gallon tax on gasoline. Otherwise, if the Legislature wants to spend more money, it should increase the natural gas transmission lines "if it can be done in a legal way," the chief executive said.

He recommended salary increases for state workers and teachers, and the construction of a \$6,725,000 tubercular hospital plant and buildings at the Texas School for the Deaf.

Freed from the legislative halls after adjournment, the newcomers among the solons were invited to attend an orientation seminar conducted by the University School of Law.

Twenty-five speakers, including public officials, university professors, lawmakers, and others told the freshmen legislators something about their jobs.

But it was old stuff to Senator George Moffett of Chillicothe. He is in his 23rd year in the legislature and has served longer than any other lawmaker in Texas history.

The runner-up is C. E. Nicholson of Port Neches, who has served 22 years in the House.

Another veteran is Rep. S. J. Isaacks, 83, of El Paso. He was sworn in for the first time on January 13, 1903, but has not served continuously and is now in his 9th term.

Helping the House with its business is Chief Clerk Clarence Jones of Trenton, who was re-elected to that position without a contest. Former Representative Onfar Briggs of Denison defeated Former Representative W. A. Swindell of Commerce, 74 votes to 71, for sergeant-at-arms. But, Swindell will be chief doorkeeper. Fred Caldwell of Austin was re-elected reading clerk.

A legislator, like anybody else, has to look out for himself. Thus it was that both houses finally passed Senate Bill No. 1, which appropriates \$750,000 for mileage

Baptist W. M. S. Meets Monday For Program and Social

The Baptist W. M. S. met Monday afternoon in the church for a Royal Service program. The group sang the hymn, "In the Light" and prayer by Mrs. O. D. Gray followed. Mrs. T. O. Moore gave the devotional.

Mrs. A. D. Brown was leader of the program, using the subject "Baptist Women Around the World." Assisting her in presenting the program were Mesdames O. D. Gray, Maude Sullivan, Bill Nading, T. A. Hunter, J. L. Blackwelder, V. E. Keyes and H. G. Cates.

After the singing of the hymn, "Come Women, Wide Proclaim," Mrs. S. D. Thompson gave the dismissal prayer.

During the social hour, refreshments were served in the church dining room by Mrs. Thompson.

Mrs. G. R. Smith and Mrs. L. W. Cowan were also among those present.

Mrs. James Kerr Hostess For Bridge and Luncheon

Mrs. James Kerr entertained the Wednesday Bridge Club in her home this week serving luncheon at one o'clock. Evergreens and mandarin berries provided the decorations in the party rooms.

High score in the bridge games was held by Mrs. Herbert Brown, second high by Mrs. S. L. Stumberg and low by Mrs. W. W. Sudduth. Mrs. Stumberg and Mrs. J. T. Williams held the traveling prizes.

Those present were Mesdames W. R. Stumberg, Herbert Brown, Tol Murrash, W. W. Sudduth, R. S. Wilkinson, S. L. Stumberg, J. T. Williams and a guest, Mrs. Mary Lou Kellar.

and per diem pay of members and employees and expenses of the session.

As the session moved along, there seemed to be a fair chance that no new taxes would be imposed upon the people.

In his opening speech, Speaker Senterfitt echoed Governor Shivers' sentiments on economy. "Let us demonstrate that economy is truly an essential part of good government," he said.

Then, in his committee appointments, Senterfitt showed that he meant business — economy business. For example, he named a conservative, Rep. Max C. Smith of San Marcos, as chairman of the appropriations committee which passes on legislative spending.

Texas' top state officials are more than irked over President Truman's latest move. They are plain mad!

Truman's last-minute act of his administration in turning the tidelands over to the navy was proclaimed by Governor Shivers as sour grapes and an attempt to get back at Texas for choosing Texas-born Ike as President, over Truman's candidate.

Land Commissioner Bascom Giles termed the action an outrage and Attorney General John Ben Shepperd declared the state might file an injunction.

The President's act did not increase his popularity around the statehouse.

President Eisenhower has said, not once but often that he favored returning the tidelands to Texas and that he would sign such a bill if passed by Congress.

Truman twice vetoed such legislation.

ALL ABOARD FOR RUSSIA!

Authentic information now is coming out of the Soviet Union, from behind the Iron Curtain, giving striking evidence of the complete failure of Socialism's key promise — to provide a paradise for the wage earners. That was Karl Marx's rallying cry and it has been the bait dangled before the wage earners by all Socialists in America and abroad since Marx wrote his Communist Manifesto.

Socialism's rosy promise to the wage earners, ironically, has failed most miserably in Russia, the very country which holds itself up as the perfect example of 100 per cent government ownership of the tools of production and distribution. And it has had 35 years of trial and error in Russia, under the most rigid application of pure Socialism, to prove its case.

Documented Facts

Anxious to get some concrete documentation on the failure of the Socialist economic system in Russia to raise the living standard of the wage earners, I wrote our State Department in Washington, requesting authentic facts from behind the Iron Curtain. They have supplied the facts, and the picture they paint of the workers' plight under government ownership of the production and distribution facilities ought to convince any American that Socialism is the worst possible way of life.

Before we look at the facts, let's examine the Russian economic system to be sure we understand that it is a Socialist system. Marx, the Socialist founder of Communism, emphasized that a Socialist economic system would be necessary. Under it, the government would own and operate the facilities of production and distribution. Later, he thought, the state would "with-er away," and there would be no government, only "social control." So for 35 years Russia has been a Socialist state. It calls itself the Union of Soviet Socialist Republics. Its economic system is like the Socialist system of England; only it is more advanced.

The Tollers

In 35 years under government ownership, here's what our State Department reports: "Soviet workers have to put up with whatever labor conditions their one and on-

ly employer (the state) dictates. Wages are fixed. So are prices and working hours. Labor discipline is strict and any breach of its numberless provisions is severely punished. All jobs are frozen. Leaving the place of employment without the express permission of the management is punishable by imprisonment for from two to four months; or, in defense industries, up to eight years."

Of course there are no labor unions, and no right to strike. Since 1938 every worker has been required to have a "labor book" with detailed data on his employment history. "This internal passport," the State Department reports, "enables the boss to control the worker effectively at all times. To sum up: Labor is defenseless against the monopolistic employer — the omnipotent state. It is hedged in by punitive legislation. It is under constant pressure to increase output."

The Payoff

The \$64 question is: Has the sweat and toil of the Soviet worker, not to mention his loss of freedom, been compensated by a better way of life, a higher standard of living? The answer is a big NO! There has been no improvement in the living standard since the Socialist government took over all private property 35 years ago. Today the Russian factory worker must work nearly an hour to earn enough to buy one pound of potatoes. Under privately owned, competitive enterprise, the American factory worker does it in two minutes.

Instead of the state gradually withering away, as Marx promised, it gets more powerful and brutal. A powerful bureaucratic class has grown up. In it are selected members of the Communist party which numbers only 6,000,000 members. These rulers live richly. The other 194,000,000 Russians

are economic slaves. This is full Socialism in practice — government ownership. The facts should alert all Americans, especially the wage earners, to resist further government encroachment into the realm of production and distribution. That is the road to economic slavery.

World's newest V8 with a million miles behind it

HERE, in literal fact, is the most advanced V8 engine ever placed in a standard-production American automobile.

It is the first such V8 to reach an 8.5 to 1 compression ratio, and the first with a dynamic flow muffler that cuts power loss to zero.

It is the first V8 to utilize vertical valves together with a 12-volt electrical system instead of the usual 6. It is also the first designed with new "T" type intake manifold to replace the "Y" type conventionally used in V8s.

It is, quite simply, the first V8 Fireball Engine—the engine that brings electrifying performance to the greatest Buicks in fifty great years—the engine that powers the 1953 Buick ROADMASTER with 188 hp., and the 1953 Buick SUPER with up to 170.

Naturally, this spectacular new V8 has been proved — by eight years of developing, testing, improving, perfecting—

and by more than a million miles of driving through desert, mountains, cities and plains. Only then did Buick engineers mark it: Released for Production.

But these hard-to-please engineers gave these Golden Anniversary Buicks far more than new power.

They gave them, too, a still finer ride, more superb comfort, new braking power and handling ease — and a sensational new Twin-Turbine Dynaflo Drive* that adds new quiet and whip-fast getaway to absolute smoothness.

Nothing, we believe, will do more justice to your automobile dollars — or to your love of magnificent motoring — than a visit to us right now.

Anniversary of O. E. S. Chapter Observed At Meeting Tuesday

The anniversary of the chapter was observed when the Eastern Star Chapter met Tuesday evening in regular session.

The chapter was organized on January 11, 1911. The only two living charter members are Mrs. Ida Bodkin of Sanderson and Mrs. Birdie Scanlon Smith of Pueblo, Colorado. Neither was present.

Other older members of the chapter are Mrs. Annie Nance, who was initiated in 1912; Mrs. Annie McClymont of Douglas, Ariz., initiated in 1913; Mrs. Harry Newton and Mrs. J. C. Green, initiated in 1917; Mrs. Lee Grigsby in 1918.

Mrs. J. W. McKee a charter member of the Ozona chapter who transferred to the local chapter from Rocksprings, told interesting and entertaining stories dating back to horse and buggy days when official visits by district officers over a large area of West Texas had to be made by that means of transportation.

Yeates-Tricek Rites Read Tuesday Here

Judge R. S. Wilkinson officiated in the single-ring ceremony which united in marriage Mrs. Oradell Tricek and Charles E. (Boscoe) Yeates Tuesday morning at ten o'clock in the home of the bridegroom's mother, Mrs. H. W. Halsell.

The bride, the daughter of A. D. Haverland of Paige, Texas, was a resident of Austin.

For her wedding the bride chose a dark green suit with purple accessories and her corsage was of white chrysanthemums.

Mr. and Mrs. Halsell attended the couple. Mrs. Halsell wore a black crepe dress with black accessories.

An informal reception followed the wedding with only members of the immediate families present.

The couple will reside in Kerrville where Mr. Yeates is a driver for the Kerrville Bus Co.

Mrs. M. W. Duncan Elected President Of Culture Club

The Sanderson Culture Club met Thursday afternoon in the home of Mrs. M. W. Duncan with Mrs. W. F. Frazor as co-hostess.

Following the report of the nominating committee, new officers were elected to include Mrs. M. W. Duncan, president; Mrs. R. A. Gatlin, vice president; Mrs. W. H. Kerby, treasurer; Mrs. A. H. Zuberbuehler, recording secretary; Mrs. W. F. Frazor, corresponding secretary; Mrs. H. A. Smith, historian; Mrs. L. H. Gilbreath, reporter. In the absence of the president, Mrs. T. R. Arrington, who was ill, Mrs. H. E. Ezelle, vice president, presided during the business meeting.

Mrs. J. W. Byrd gave a very interesting discussion of "International Relations - How We Can Teach It At Home."

During the social hour the hostess served refreshments of congealed chicken salad, cookies, tea and coffee and nuts. The refreshment table was covered in a hand-crocheted cloth over pink with a centerpiece of white aster mums flanked by pink tapers in crystal holders.

Those present were Mesdames J. H. Loehausen, W. H. Kerby, J. W. McKee, A. D. Brown, R. A. Gatlin, M. W. Duncan, W. H. Savage, J. W. Byrd, L. H. Gilbreath, and Mrs. Norman Rath, a tea guest.

HEALTH FOR ALL—

Who Needs Chest X-Rays?
For centuries tuberculosis was known as the "white plague" or "consumption". It killed at will. And for those it struck there seemed to be little hope, and practically no help.
Today, more is known about tuberculosis than ever before, possibly more than about any other infectious disease. Not only is the specific cause known, but the ways in which the bacilli pass from one person to another, from the sick to the well, are known. Prevention is possible. Diagnosis is possible at an early stage, when recovery is the rule. Cure is possible.
In spite of this increased knowledge, tuberculosis is still the No. 1 killer among infectious diseases. An estimated 400,000 Americans have active tuberculosis. Of these, there are 150,000 persons with active TB for whom health authorities have no records. Most of the persons do not know they have the disease, do not know they are possibly spreading it to others. And in this country TB is spreading at the rate of 115,000 persons a year.

What can be done about it? The chest X-ray is an important part of the answer. For TB often strikes without obvious symptoms and signs of whatever damage it has started in the lung will show up on the X-ray film. The chest X-ray is the first step toward early diagnosis. It can detect signs of the disease early, when it is easiest to cure. Of course, a diagnosis of tuberculosis is never made on evidence of a chest X-ray alone. When X-rays show suspicious shadows, the doctor makes additional tests to determine whether a person has tuberculosis.
Tuberculosis can strike anyone, at any age, in any walk of life. It is best not to wait until the obvious symptoms appear. Everyone has his best chance of finding TB early, when it is easiest to cure by getting chest X-rays regularly every year.

RULES DIFFER IN DIVIDING COMMUNITY ESTATES

The death of an intestate person (one who has made no will) may give rise to many problems regarding distribution of his separate estate. Last week we investigated the manner of dividing the community estate upon the death of a husband or wife. Now we shall see that, where separate property is involved, a completely different set of rules applies in determining heirship and apportioning the estate among the rightful claimants.

As a basis for our search of the law, it may be well to recall that the separate estate of a husband or wife includes property owned by either before marriage, and that which is acquired after marriage by gift or inheritance. Any other property acquired after marriage is presumed by law to be community property until the contrary is proved.

Now let us get on with the problem. Here is a general idea as to how your separate property will be divided if you do not make a will with contrary provisions prior to your death.

If your husband or wife survives and if, in addition, there are surviving children or descendants of previously deceased children, the children and their descendants immediately obtain a full (fee) title in two-thirds of the real estate involved. The surviving spouse receives a life interest in the remaining one-third of the real property, which passes on to the children and their descendants upon the death of the spouse.

The rule for distributing personal property — cash, stocks, bonds, furniture, or any other items not constituting real estate — is different. Here the surviving spouse gets full ownership of one-third, and the children and their descendants inherit the balance.

Now, suppose your husband or wife survives, but there are no surviving children or their descendants. In this case the surviving spouse inherits all of the personal property involved.

With regard to real estate, the survivor obtains full title to one-half, and the other half is divided between your mother and father, if both survive you. If only one of them survives, he or she receives only half of this portion, and the other half (or one-fourth of the entire real estate) will be divided among your brothers and sisters (and their descendants) who survive. If there are no surviving brothers and sisters and their descendants, then the one surviving parent inherits the full one-half.

Where no parent survives, but there are brother and sisters and descendants, the full one-half is divided among these survivors.

And, if there are no parents or brothers and sisters (and their descendants) surviving, then the surviving husband or wife inherits all of the real estate.

Mrs. I. B. Rusk and David visited with friends in El Paso last week for several days while Mr. Rusk was in the city on business.

Can You 'Afford' To Have Polio? —

The dimes or dollars you give to the March of Dimes constitute the best investment in polio protection an American citizen can make.

By no stretch of the imagination can this uniquely American institution be called a charity. It is, rather, an inspiring example of how enlightened individuals can protect each other and themselves from the bankrupting assault of an enormously expensive disease.

Even if the Terrell County Chapter of the National Foundation for Infantile Paralysis did no more than pay the cost of treatment for every polio patient who needed it, the March of Dimes would not be a charity. If it were, then four out of five patients would be "charity cases". For few of us indeed can pay costs that may run above \$50 a day, and in some cases, add up to more than \$20,000 per year.

But your March of Dimes investment does more than pay the treatment bills. It buys and transports iron lungs, it finances the training of skilled professional people, it meets the cost of transportation, salaries and maintenance of nurses recruited for service anywhere in the nation, it finances the most determined scientific onslaught ever waged by volunteers against a disease, it seeks to inform the public about the problems of polio and protection against it.

All of these are vital services of direct benefit to patients, and public alike. . . whether we are well-heeled or down-at-the-heel.

This means that all of us, whether we can "afford" to have polio or not, are investing in our own protection when we join the March of Dimes.

Send in your check today, payable to March of Dimes, to W. W. Sudduth, local chairman of the drive.

Mr. and Mrs. Harry Newton have been in El Paso for the past ten days for him to have surgery.

Mrs. W. P. Riley of Hondo, who has been recuperating from a car accident in the home of her daughter, Mrs. Charlie Cash, in Pumpville, was brought to the home of her daughter, Mrs. Alfred Bendele, Sunday. Mrs. Riley is improving steadily and will enjoy visits from friends again.

Mrs. F. M. Weigand returned home Monday from San Antonio where she had spent several days while taking treatments for an ear infection. Mrs. Henry Mansfield accompanied her on the trip.
