## LISTEN TO LUKE

The Boy Scouts of America celebrate their 43rd anniversary this week. This organization has done a great deal of good in piloting the youth of America in the right ways of life.

The Boy Scout movement is still a potent factor in the life of America. It has a program that can do a great deal of good in the training of boys. There is, however, some criticism of the organization.

This column has taken the responsibility of saying what is going on with things — not for the sake of being a bellyacher — but as a means of correcting things which we feel need correction. The Boy Scout movement, on the troop level, is wonderful. We are a troop sponsor, a troop committee, a Scoutmaster and assistant — all volunteers and without pay. They devote their time and talents to this great movement. But, too often, there are criticisms in the higher phases of this movement which are not in any other organization of its kind.

Management of such a large organization as this business of Scout requires ability. Those who are full-time pay may or may not be good business men. In the proposed budget submitted by this council for the current year there are several items which could have been cut to conform to good business practices. This criticism is not intended to call the attention of executives who are responsible for the ongoing of the movement to the Concho Valley Council.

We are behind the local Scouts. Scoutmaster and his assistant are hundred per cent and we will get to get the affairs in the council office managed on an economic basis. Yet, it is some of our business. When no provision in the budget allowed for the retirement of any of the indebtedness, but increased expenditures in many instances, then it is time for the sponsors and contributors to make an investigation.

Working on the wrong side of the road is dangerous business. There is a short block from Highway 101 to the post-office where the rule is to be for all cars to park on the left side. After attending their chores the drivers must drive on down the street to the right side. It would be better to turn and come to the right way to park. If someone smashes into your car while it is parked or pulling out to the wrong side it would be only your fault. Look around that block and see if you don't think it should be the rule for all to stay in their lane of traffic. Continued to page 2

**MR. LUCE ENVOY** — Playmate, actress and wife of magazine publisher Henry Luce, Lucille Clare Booth Luce, (above) has been named as U. S. Envoy to Italy. Appointment is said to rankle Connecticut Gov. John Lodge, who because of his Italian socialite wife, Francesca Braggiotti, had reportedly wanted the job.

White of Keller, director; Claude McInnis of Byrds, vice president; N. M. Mitchell of Sanderson, re-elected president; and Henry Fussell of Dallas, re-elected secretary. ## MITCHELL NAMED TO HEAD ASSOCIATION FOR ANOTHER YEAR

Unanimous re-election of N. M. Mitchell of Sanderson as president of the Texas Polled Hereford Association featured the business session at the conclusion of the organization's annual banquet last week in Fort Worth.

Claude McInnis of Byrds was elected vice president and Bob Woodward of Sabin and Hugh H. White of Keller were named as new directors. Henry Fussell of Dallas was re-elected secretary.

Fussell reported the association now has 130 members with new ones in prospect and that 275 animals averaging \$702 each were entered in the four sales sponsored by the association in 1952.

The spring sale will be in Marshall, probably in April. It was announced.

Mitchell owns and operates a ranch in Terrell and Pecos Counties.

## 605 POLL TAXES PAID FOR 1953

Terrell County residents did not show as much enthusiasm about the purchase of a poll tax, the voting prerequisite for Texans, this year as last. Mrs. Ed Leatherwood, deputy tax collector, has reported 605 poll taxes receipts issued and eight exemptions.

January 31 was the last day for paying the poll tax.

The usual voting strength of the county is around 1,000 and with the exemptions for those over 60 added to the poll lists, there is not as much loss of eligible voters in this county as has been noted in many other sections of Texas.

## Malone Mitchell, Jr., Places With Two Calves in Show

Malone (Dippy) Mitchell, Jr., placed eleventh with his junior polled Hereford steer in the open show at the Southwestern Fat Stock Show and Exposition in Fort Worth last week. His other steer was given twenty-seventh place in the boys' lightweight class. N. M. Mitchell was the breeder of the two calves.

The eleventh place calf sold for \$43c per pound and the other calf for 40c per pound.

## World Day of Prayer To Be February 20

World Day of Prayer for the churches of Sanderson will be in the First Presbyterian Church on Friday, February 20, at four p. m.

The 66th annual observance of "World Day of Prayer" will be held on that date in more than 17,000 communities in the U. S. with interdenominational religious services, and in some 113 other nations. Begun in 1887 by Presbyterian women, it is now under the auspices of all Protestant women related to the National Council of Churches. The day's offerings will help provide a spiritual and social ministry in migrant camps, inservice training for ministers engaged in church-centered community work among Negroes in rural areas, and make available religious education and social service for American Indians. Overseas it will aid in support of union Christian colleges in the Orient, publication of 21 Christian magazines circulated among women and children in 25 countries, aid to some 30,000 foreign students matriculating at U. S. colleges and universities, and work among war and disaster victims.

## SP ORDERS 25 NEW PLUSH CHAIR CARS

HOUSTON, Feb. 12 — Southern Pacific has placed orders for 25 new passenger chair cars, raising to 210 the number of streamlined cars the railroad has purchased for its passenger trains since end of World War II, it was announced today by D. J. Russell, president of the railroad.

The new purchases, Russell said, will bring Southern Pacific's expenditures for post-war passenger equipment to a total of approximately \$43,000,000.

Russell explained that about three-fourths of the railroad's passengers last year traveled in chair cars and coaches, indicating an increased demand for low-cost transportation. "Purchase of these new cars is in line with the company's policy of providing best possible accommodations for train services the public wants and will use," he said. The new cars will increase the railroad's passenger carrying capacity to meet civilian and military requirements.

Some of the new cars are designed for special comfort of overnight chair car travelers. Those cars will have seats and leg rests especially designed for comfort when sleeping or reclining. Other cars will have five-foot wide view windows, a distinctive feature of Southern Pacific trains operated in scenic areas. All of the new cars will have foam rubber seats adjustable to various reclining positions.

## EAGLES TO PLAY DECISIVE GAME FRIDAY NIGHT

Following the defeat of the "A" cage teams from Valentine and Blackwell in the last two games, the Eagle basketball squad goes into the crucial game of the season here Friday night when they meet Fort Davis in the decisive game of the season. It is also the last home game for the Eagles.

The winner of the game Friday night, if it is Sanderson, will be the winner of the conference play; and should Fort Davis win, the top bracket will hold Sanderson. Fort Davis and Valentine in a 3-way tie.

Last Friday night Sanderson beat Valentine 43-37 with Olivares scoring 18 points in the "B" game; Maria Silvas was top scorer with 6 points when the Eaglets lost 25-18; Hibbard and Pena shared top honors with 8 each in the 35-32 score ending in favor of Valentine.

Tuesday night Blackwell played on the local gym floor and lost the "B" game 59-23 with Stegall scoring 19 points for the homers; the girls took their game 25-16 with Maria Silvas top scorer with 12 points followed by Yolanda Esqueda with 11; the "A" team won 50-23 with Hibbard making 18 of the total points.

The Eagles will meet the Presidio team in Central gym in Alpine Thursday night of next week.

## Funeral Services For J. W. Carruthers, Sr., Here Wednesday

Funeral services were held here Wednesday afternoon at two o'clock in the First Baptist for John W. Carruthers, Sr., who died at his ranch home Tuesday morning following several months of failing health. Rev. Clifford Spencer officiated at the services.

Born near Dickson, Tennessee, on July 20, 1874, Mr. Carruthers came to Texas when he was twelve years of age. He was married to Miss Teenie Roberts on December 31, 1902, in Grandfalls, Texas. The couple ranched in the Del Rio area for many years before buying the ranch in Terrell County in 1925 and moving here in 1932.

Pall bearers were Alfred Bendele, W. H. Goldwire, J. D. Nichols and the three grandsons, Walter and Odell Carruthers and J. Hal Ogle.

The body was taken to Del Rio in an O. T. Sudduth, Inc., funeral coach and Rev. Clifford Spencer, Baptist minister of Wink and formerly pastor of the local church, held services from the Doran Chapel at five and burial was made in Westlawn Cemetery.

Mr. Carruthers had been hospitalized in Wink for several weeks and was later moved to the home of his daughter, Mrs. J. V. Ogle, in that city. He was brought home by ambulance late Monday afternoon.

## New 1953 Auto Plates Ready for Purchasers

New 1953 vehicle license plates are now available at the office of the tax assessor and collector in the Terrell County courthouse, according to Mrs. Ed Leatherwood, deputy tax collector.

Applicants for new licenses who already have Texas plates are required to present their 1952 license receipts and their certificates of title in order to secure 1953 tags.

Those with out-of-state plates on their cars who come from a title state must have their license receipts and certificates of title also, in order to apply for a Texas certificate of title. Plates will be issued at the time application is made for the Texas title.

If from a non-title state, an applicant must have his license receipt and a notarized bill of sale from the person from whom he purchased the car.

Those who register an out-of-state car in Texas for the first time must pay a \$15 use tax when applying for Texas certificates of title, Mrs. Leatherwood stated.

She added: "Any motor vehicle being registered in Texas for the first time will be charged for the remainder of the 1952 registration period. A car registered for the first time in Texas, during the month of February, would be charged for February and March of the 1952 registration period before we can issue the 1953 license plates. The 1953 registration period is from April 1, 1953 to March 31, 1954."

AUSTIN, Feb. 10. — One step in the direction of solving the state's difficult highway problem was taken when the Legislature passed a resolution asking the federal government to abandon its two cents per gallon gasoline tax.

States now levying an income tax have agreed to give up that revenue source if the federal government will stop taxing gasoline. Texas has no state income tax, so Texas has everything to gain and nothing to lose.

The resolution was introduced in the House by Representative Will Lee Smith of Beaumont and in the Senate by Senator Johnnie B. Rogers of Austin.

A campaign to bring about retirement of the federal government from the field of fuel taxation was initiated by Governor Allan Shivers and the National Conference of Governors.

Farm and highway user groups are supporting the campaign.

The resolution urges the governor to send suitable representatives from Texas to Washington to appear before congressional committees and urged repeal.

If the federal government abandons its two-cent tax, the state could impose that additional sum and thus, without actually increasing the gasoline tax, as paid by the consumer, boost Texas' revenues by about \$60-million a year.

That amount has been going to the federal government annually from Texas highway users. But Texas has been receiving only about \$29 million per year in federal aid to highways.

One way to build up highway finances would be to stop diverting road user taxes. Representative Charles Murphy of Houston has offered a constitutional amendment to require that all taxes on motor fuel and lubricants must be spent on roads.

One-fourth of the gasoline tax now goes to the public schools of Texas. If the schools should lose this revenue, they would have to find another source of funds.

Members of the legislature would give a rousing vote of thanks for an acceptable answer to the proper way to finance roads and schools.

We know one thing for sure, though, that we will not permit any black cats to cross our trail, nor will we be careless when handling a mirror on Friday.

### State Teachers Secy. Avows Schools Face Possible Handicap

Austin, February 12 — Charles E. Tennyson, executive secretary of the Texas State Teachers Association, said today that plans for easing the critical classroom shortage will be seriously handicapped if local school districts are required to pay a bigger share of the minimum foundation program. "Local schools already are paying more than 40 per cent of the cost of public education in Texas," Tennyson said, "although those who want to re-arrange the school financing pattern cite only the figures showing that local schools pay about 20 per cent of the minimum foundation program cost. They fail to cite the cost of current operations and repayment of bonded indebtedness."

The big difference in percentages lies in the fact that the minimum foundation program does not represent total school costs. Local school districts must pay many additional expenses themselves, including the cost of new buildings and facilities.

Figures compiled by the Texas Education Agency show that the total cost of public education in Texas during the 1951-52 school year was \$318,965,078. Tennyson said. Local school district paid \$132,832,708 of that amount, or 41.6 per cent. The state paid \$180,918,657 or 56.7 per cent. The federal government contributed 1.7 per cent, or \$5,211,713, mostly for the school lunch program.

"Approximately 33,000 children in our elementary schools must attend classes for less than a full day because of the classroom shortage," Tennyson said. "Our local school districts are putting as much money as is feasible into new buildings. Many plans for new school construction may have to be scrapped if local contributions to the minimum foundation fund are increased."

The limit on local contributions to that fund now stands at \$45,000,000.

"Many other states grant financial aid to schools for construction purposes," Tennyson said, "but in Texas the need for buildings and facilities must be met by the local communities themselves."

"Many of the other states help pay school construction costs," Tennyson said. "In recent years, Virginia set aside \$45,000,000 for that purpose while Washington appropriated \$40,000,000, North Carolina \$25,000,000 and Delaware \$13,000,000. California recently made available, in two separate moves, \$55,000,000 and \$70,000,000 to help local school districts meet building costs, in addition to \$250,000,000 earmarked for a long-range building program. Massachusetts pays up to 65 per cent of the construction costs for school buildings."

The local school districts in Texas have made no plea for similar grants, Tennyson pointed out. On their own initiative, they are doing their best to alleviate the critical classroom shortage which forces 33,000 students in elementary schools to attend classes for less than a full day.

Tennyson said there is no danger of state control of education when the local schools themselves are paying 40 per cent of the education bill.

"It should be noted," he said, "that the Gilmer-Aikin bills protect local control to the fullest extent and not a single bill has been introduced in the legislature

MISS ERNESTINE JESSUP

**Ernestine Jessup's Betrothal Told At Tea Saturday**

To announce the engagement and approaching marriage of her daughter, Miss Ernestine Jessup, Mrs. Ernest H. Jessup entertained with a tea in her ranch home Saturday afternoon from three to six.

Arrangements of King Alfred daffodils decorated the party rooms. Mrs. Charles W. Carson, Sr., mother of Miss Jessup's fiancée, Charlie W. Carson, Jr., joined the hostess and honoree in the receiving line to welcome the guests. Miss Jessup wore an afternoon dress of aqua with a yellow corsage.

Signatures were secured for the bride's book by Miss Beverly Thorn.

The refreshment table was covered with an Italian outwork linen cloth made by the hostess. A bird cage formed of white satin ribbons and white flowers was in the center of the table and the betrothal news was revealed on wide white satin streamers extending from the cage. Written in gold glitter on the streamers was "Charlie" and "Ernestine" and the nuptial date, March 7, 1953.

Presiding at the tea table were Mesdames D. L. Duncan, A. D. Brown, W. G. Downie, G. C. Murray of Iraan, J. H. Loehausen, J. W. Byrd and J. D. Nichols. Other members of the house party were Mesdames E. W. McSparran, Noel James, Gene Thorn and H. E. Schroegler.

The other book reviewed was "African Heritage", by Emory Ross.

The free-will offering for the Foreign Mission work in Africa was given. Following the review, cookies and coffee were served to those present, including Mesdames R. E. Corder, J. D. **Cardinal Spellman Writes Of Visit With Capt. Ray de Busk**

Mrs. Ray de Busk, who with her two sons is making her home here while her husband, Capt. Ray de Busk is on a tour of duty in Korea with the A. A. F., received the following letter this week from Francis Cardinal Spellman, archbishop of New York.

She and others who have seen the letter thought it was a very thoughtful gesture on the part of one as busy as the high-ranking prelate of the Catholic Church.

"I have recently returned from a visit to the Far East Command where I was privileged to meet thousands of American boys in the Army, Navy, Air and Marine Corps in Japan, Korea, Okinawa, Formosa and the Philippines. Among those I visited was one very dear to you from whom I received a commission to bring you affectionate greetings which I am happy to do with this letter.

"The spirit of our boys was deeply inspiring as they perform their duties as soldiers in defense of our beloved country. I assure them of the admiration, the love and support of all of us at home, and reminded them that they are not only soldiers of the United States, but also soldiers in Christ's Army with the obligation of living good lives and winning the battle for their souls' salvation. I implored them to be faithful to the teachings of their religion and to try always to walk in God's Holy Presence.

Uniting myself in prayer with you I ask, in turn, that you send my greetings to your loved one."

**From where I sit... by Joe Marsh**

**Just a Little "Outdated"**

Back in December we sent out our yearly calendar. It listed the last date for renewing drivers' licenses, and things like the dates for registering to vote, when the hunting and fishing seasons open — even suggested you note down the wife's birthday, too.

I figured dates like these were important to keep in mind — and this was a good way to do it. Unfortunately, it now turns out I never really paid close attention to my own calendar!

Not 'til today that is — so here I am not able to drive the car this weekend until I get my driver's license renewed on Monday!

From where I sit, I guess good advice, like charity, should begin at home. I'm always advising all of you to worry less about your neighbors (what they do, or sit, and whether or not they should enjoy a temperate glass of beer) and pay more attention to whether you yourself are doing the right thing. Guess I'll "make a note" to follow my own formula!

Joe Marsh
