LISTEN TO LUKE

Last week — too late for the paper — this column received an anonymous letter filled with Bible references which were intended to refute statements made about our idea of a community meeting for prayer for rain.

Usually we disregard letters where there is no signature or other means of identification of the writer. This one, however, should be given some notice due to the fact that the writer either misunderstood my position or was considerably on the wrong track concerning scriptural references.

First of all, the references only showed that there is an all-wise and beneficent God who is ready and willing to bestow blessings upon his children. All this we agree 100 per cent with Mr. or Mrs. Anonymous, BUT — only if and when it pleases the Almighty that such blessings are opportune.

Irving Berlin has written a beautiful song and called it "God Bless America". We wish he had given it another name for God has blessed America — more than we ever dreamed of — more than any nation on earth. Yes, much more than we have deserved.

It would be a display of impiety and ingratitude if we were to ask for more.

We should be humble and penitent and grateful for the many blessings that we have already received rather than try to get a group together and tell God how to run this universe.

One of the scriptures referred to in this letter was intended to show that God does answer prayers for rain. That particular scripture had a background that Anonymous should read. Elijah prayed for rain to be withheld and it was withheld for some three years; then he prayed for the rain to fall and it just poured down. Now just suppose all the Methapherians in the Synod South of God got together and began praying for rain and there was an old Elijah off somewhere by himself on the other side of the hill praying for it to be withheld.

Look out, Mr. or Mrs. Anonymous, your prayers might be a little on the selfish side and not for the same purpose Elijah had when he prayed for rain.

America has been blessed beyond our anticipation. It has been blessed beyond our ability to utilize those things that we have already received. There are opportunities daily for us to develop some of the untouched blessings that have come to us and we were full of sin and conceit that we failed to recognize them. When we are ashamed of ourselves and quit trying to tell God how to do things we will be in better position to recognize the handiwork of God.

Now we have another side of it to look at — We have another way to Uncle Sam to spend money, that is by providing feed at a low price for ranchmen to buy, if they can find something to use for money; also a means for ranchmen to get rid of their surplus cattle by selling them to the government for canning and children's lunches; also, it gave a lot of people something to do, when they found some back time on their hands between worrying about whether or not they could collect or pay off that bill, depending on which side of the note their signature was on.

I don't know all the answers by means, but seems like the wasteful butchering of cattle, like the wasteful butchering of soldiers, is a foolish way to find a solution to our problems of drought, hardships or depressions.

One ranchman told us that after it was learned that 85 per cent of the ranchmen were broke, our Congress passed a law to kill off the ranchmen, instead of the stock. Well, that would serve the same purpose, wouldn't it. It would help to clear off the indebtedness on that particular person, but at the same time, add an in-

Preliminary Work On Gas Treating Plant Under Way

Fort Stockton Pioneer

Good progress is reported in preliminary work at the site of a carbon-dioxide extraction plant to be built in the Puckett (Ellenburger) gas field southeast of Fort Stockton. Stearns-Roger Mfg. Co. of Denver and Houston, holder of the contract on the first unit of the plant, has been moving equipment at a rapid clip, assembling personnel, and getting preliminary ground work done this month, with expectation that actual construction will get started early in July.

A temporary office is being built at the plant site to house the construction offices, and removal of the present town office in Fort Stockton is expected by the end of next month.

The 58-acre site for the plant has been cleared and the area now is being fenced.

R. R. Reedy, construction superintendent, expects the pouring of concrete footings to start about July 15, and the next sizable expansion of the payroll will come at that time. Men will be added gradually as the work progresses, and labor will be used from this area in every instance possible, Mr. Reedy has said.

The plant will extract unwanted carbon-dioxide from the prolific gas production already assured in four completed wells on the Phillips Petroleum Company's Puckett ranch lease, and additional wells now being drilled are expected to call for further expansion of the plant over a period of the next few years.

Permian Basin Pipe Line Co., a subsidiary of Northern Natural Gas Co., of Omaha, has contracted for the output of the Phillips lease, and it is for Permian Basin that the Stearns-Roger firm is building the extraction plant.

A sixteen-inch line from the Puckett field will take the gas (after carbon-dioxide has been extracted) to a gas processing plant in the Benedum field north of Rankin. There it will be stripped of butane, propane, natural gasoline and other hydro-carbons, and the dry gas will be put into lines that will take gas from other plants to the north and carry it to Denver City for pipeline transport north to Omaha and other markets of the mid-West.

SP Adds Fleet of Car For Frozen Foods

The first 14 cars in a fleet of mechanically refrigerated railroad cars now being built by Pacific Fruit Express Company, are moving frozen foods to market, according to word received here today by J. O. Little, Jr., Agent for the Southern Pacific Lines.

Mr. Little said these cars were loaded in Oregon and that eleven additional cars are scheduled for completion early in July. One hundred and twenty-five of the cars will be in service by early next year.

The cars are designed especially for frozen foods and are capable of maintaining zero temperatures with mechanical refrigerators powered by individual diesel engines.

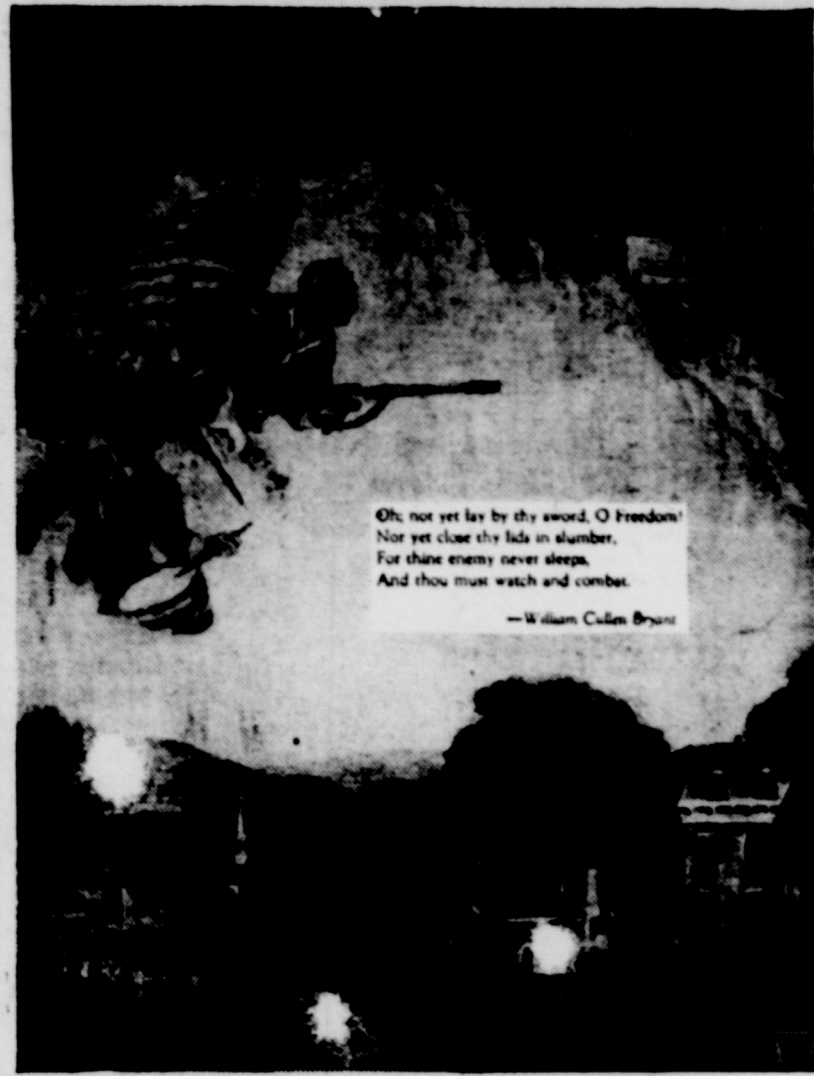

POLLARDS ESCAPE SERIOUS INJURIES IN ACCIDENT

Mr. and Mrs. D. A. Pollard escaped serious injury when their Plymouth sedan was badly damaged in a head-on collision near Charleston, Ind.

The Pollards, who reside in Del Rio, were en route to visit his brother when the accident occurred. Both suffered minor injuries.

Mrs. Weldon Blackwelder has returned to her home in Lubbock after visiting here for several days with her parents, Mr. and Mrs. W. R. Turner, and other relatives and friends.

"If You Can Keep It"

Oh, not yet lay by thy sword, O Freedom! Nor yet close thy lids in slumber. For these enemies never sleep. And thou must watch and comb.

—William Cullen Bryant

As Benjamin Franklin left Independence Hall, a woman asked him, "Mr. Franklin, what kind of a government have you given us?" He answered gravely, "A Republic, madam, if you can keep it." In painting this Independence Day scene in Hometown, U.S.A., the artist, E. Franklin Wittmack, has found an echo of Franklin's warning in a quotation from the poet William Cullen Bryant. The historic scene of Magna Charta, the signal light on old North Church Tower, the embattled "rebels" of a great new nation—symbolize the hard-won victories, and the priceless freedom, which, on Independence Day 1953, are given every Hometown in the land—not done to celebrate, but to protect.

DRYDEN NEWS

Mrs. R. J. Ross

MRS. JOE NUSSBAUMER'S MOTHER DIES IN OZONA

Mrs. Joe Nussbaumer, a former resident returned from the Panama Canal Zone to be with her mother, Mrs. S. B. Phillips, of Ozona, who was hospitalized in that city. Her husband, Capt. Joe Nussbaumer, is stationed with the U. S. Air Force in the Canal Zone.

Mrs. Phillips died Monday and funeral services were held Wednesday in Ozona.

D. O. BOSWORTH HOME FROM HOSPITAL

Mr. and Mrs. D. O. Bosworth returned to Sanderson Wednesday morning on the train and Mr. Bosworth is reported to have stood the trip home fine and is resting well. He had surgery in a San Antonio hospital two weeks ago.

Mr. and Mrs. O. D. Gray and children are visiting with relatives in Fort Worth.

Lions Install Officers At Ladies' Night Affair Wednesday

Marvin Kay, deputy district governor of zone 2-T-2 of Lions International, of Alpine, was the installing officer and principal speaker at a ladies' night affair given by the local Lions in the basement of the Masonic Hall on Thursday night.

Bernie Kerr was installed as the president of the local club with a staff of officers including Greene Cooke, 1st vice president; Eddy Nations, 2nd vice president; Elmo Searcy, 3rd vice president; Ruel Adams, secretary-treasurer; Marlon Batson, Lion tamer; H. A. Finiger, tail twister; and C. W. Burdett, Hollis Haley, Jack Green and W. F. Frazor, directors.

Matt Bader, retiring president, was recently named zone chairman of this zone including the Alpine and Sanderson clubs.

About 50 were present for the barbecue supper and installation services.

A son was born in a Fort Stockton hospital on Tuesday, June 30 to Mr. and Mrs. Thurman White, their first child. His birth weight was eight pounds.

Mrs. White is the former Miss Betty Ann Peavy, daughter of Mrs. C. P. Peavy and the late Mr. Peavy.

A son, Lloyd Dean, was born on Wednesday morning, June 24, to Mr. and Mrs. Ray Thompson, their third child. He weighed 9 1/2 pounds. Mr. and Mrs. S. D. Thompson are the paternal grandparents.

A daughter, their first child was born Thursday, June 25, to Mr. and Mrs. Guadalupe Medellin. Her birth weight was seven pounds and she was named Ciria Marta. Medellin is a service station attendant.

Mr. and Mrs. Mevin Bridges are the parents of a daughter, Elizabeth Ann, born here Thursday morning, their fourth child. Her birth weight was seven and one-half pounds. Bridges is employed on the T&NO railroad.

Petitioners Ask For Answer To Story About Segregation

Members of the G. I. Forum Ladies' Auxiliary who were named as petitioners in a grievance of alleged segregation in the Sanderson schools, have submitted an answer to a statement which appeared in last week's Times.

Mrs. R. S. Alvarado told The Times that their attorney, Cristobal P. Aldrete, attended the conference called by the school board on April 16, 1953, and so far as was known, none of the petitioners were notified of the conference and she didn't know Aldrete was in town until after the conference.

Below is a statement from the petitioners with reference to the conference:

"The petitioners appeared personally to Supt. Bader concerning their grievances and asked if it would be necessary to confer with the School Board of Trustees and he stated, 'It would not be necessary to molest them.' That he would take care of the simple matter.

"Visiting the school now and then and knowing that the simple matter had not been settled; the petitioners asked the aid of Attorney Aldrete. The petitioners were not notified of such conference on April 16, 1953.

"All the petitioners have been residents of Sanderson except for Mrs. Flores, who has moved from Sanderson to Andrews to join her husband who was transferred there. She moved some time in March of 1952 at the time her oldest son was a junior in High School.

The letter was signed: Mrs. R. S. Alvarado, Mrs. P. M. Arredondo, Mrs. Curo Perez and Mrs. Olivia Salinas.

V. F. W. Pastes Fort Stockton Team By Score of 11-5

The Sanderson V. F. W. baseball team took their fourth straight game last Sunday by defeating the Fort Stockton veterans by a score of 11-5. The leading batters for the veterans were Rosendo Silvas, Juan Olivares and Higinio Pena, each garnering 3 hits from 5 trips to the plate. The battery for Sanderson were Pena and Olivares.

The V. F. W. will play the Valentine Tigers here this coming Sunday with game time at 2 p. m. The public is urged to attend and is promised a good ball game.

Game Laws Discussed By Hunters, Ranchmen

The Texas Game and Fish Commission has initiated a program of holding public meetings in the Trans-Pecos region for the purpose of affording landowners and hunters the opportunity to discuss the hunting regulations with representatives of the game department.

Under a law which went into effect in 1943, the Texas Game and Fish Commission is empowered to prescribe the open seasons, bag limits, and the means and methods of taking game surpluses in the nine-county area of the Trans-Pecos. This is substantiated by the fact that the supply of any game bird or game mammal of this state is uncertain, and the fact that necessary regulations for taking of same cannot be provided until careful study is given to the current supply, and the fact that such studies and the resulting regulations that may be required by the provisions of this law can best be made and provided by the Game and Fish Commission.

Mrs. Landon Rose has returned to Del Rio to visit in the home of her daughter, Mrs. Sam Draper, after spending the week end here with her son, Hugh Rose, and family and her son-in-law and daughter, Mr. and Mrs. Tol Murrah.

July 4th Events Slated By Legion, Roping Club

The Clarence Hallie Mulkey Post No. 160, American Legion, has completed plans for their big annual July 4 barbecue and members of the organization are seeking donations from area citizens who will have an opportunity to receive a 3500 cfm air conditioner as a gift from the organization.

The day's events will start off with a parade through town at 10 a. m.

The barbecue will be served at noon on the courthouse lawn and immediately following the Sanderson Roping Club will stage a series of rodeo events to please visitors and residents who are rodeo and roping fans.

There will be jackpot ropings.

Rose Sells Butane Business Here

Announcement of the culmination of a business transaction was announced this week whereby Roger Rose transferred his butane gas and appliances business to Bill Moore of Fort Stockton and received in the trade a portion of land in the irrigated farm section north of that city. Mr. and Mrs. C. H. Berry, formerly of Seminole, have moved to Sanderson and are managing the business which will be known as the Sanderson Butane and Appliance.

Rose stated that his present plans were to remain in Sanderson.

The business here will continue to stock the same lines of appliances in addition to their butane gas service and Mr. and Mrs. Berry have extended an invitation to all local residents to visit their store and stated that they would endeavor to give satisfactory service and pledge courtesy in all their dealings with their customers.

The Berrys are residing in the Pierson rent house vacated by the Snowdens.

T. R. ARRINGTON HAS SURGERY WEDNESDAY

Word was received last week from Mrs. T. R. Arrington that her husband was undergoing necessary surgery in a Houston hospital.

It has been reported that Mr. Arrington had surgery Wednesday but no further word has been received from them.

Mr. Arrington, a T&NO engineer, has been hospitalized for several weeks following an injury to his back and Mrs. Arrington has been at his bedside for two weeks.

FROM THE WEST — DROUTH FROM THE EAST — RELIEF

Word has been received in the local Production and Marketing Administration office, that Terrell County is one of the counties to be eligible to receive drought emergency relief, according to Miss Rosannah Green, secretary.

Other information will be made available to area ranchmen as it is received by the local office.

So far the feeds that are available are corn, shelled, at \$1 per bushel; cotton seed cake and cotton seed meal at \$35 a ton.

My Neighbors

"A small town is a place where the neighbors watch your wife for you. The same principle makes local government the best and least costly."

matched ropings, girls barrel races plus several other roping events, and a special barrel race for ten year olds and younger to round out the day's affairs.

The Legion officers stated this week that they were not going to give away valuable prizes this year as they have in the past, but rather will give away a small prize and try to raise money to defray the cost of the barbecue, etc., since many of the local people are hard hit by the drought-caused depression this year. They added they hoped that the conditions might be such next year that will warrant their trying to give away more valuable prizes, as they have in past years.

The attendance of all residents of the county and area is urged at the arena east of town for the roping events and the American Legion invites all to the barbecue at the courthouse at 12 noon.

Business houses of the town will be closed all day, with the exception of cafes and service stations which will remain open to accommodate tourists and out-of-town visitors, according to Mrs. Jettie P. Peavy, secretary of the Sanderson Retail Merchants Association.

Curb Crew To Finish Half Of Projects Here By Next Week

The curb crew working on the project on U. S. Highway 90 through Sanderson will probably be finished with the north side of the street by early next week and will begin immediately on the south side at the east end of town and work toward the west end.

The crew was hampered in their efforts on the west end of the street by the grade which necessitated lowering the curb line much deeper than the present street level.

Much concern was evident on the part of business owners along the main street as to the hampering of their businesses, but service station owners were the only ones who were affected greatly during the work, by having one-half of their drive blocked at a time by the construction.

It was revealed also that the construction of the highway east of town was going according to schedule and the project is still planned for completion this fall.

JIMMY JONES' CONDITION IS MUCH IMPROVED

The condition of Jimmy Jones is reported to be much improved and he has been pronounced out of danger, according to word received from his parents, Mr. and Mrs. J. M. Jones, who had been at his bedside, and returned home Wednesday.

The lad was accidentally shot through the abdomen, the bullet penetrating his liver, while visiting in the home of his grandmother in Teague, Texas, ten days ago. He was moved from the hospital to her home Monday.

It will be several days before the child can be brought home.

BAPTISTS HAVE PICNIC SUPPER MONDAY EVENING

Members and friends of the First Baptist Church and their families enjoyed a picnic Monday evening at the Kerr well.

The group gathered at six o'clock and spread the supper consisting of barbecued weiners, potato salad, pickles, iced tea, cookies and watermelon. A fellowship hour was enjoyed following the supper.

U.N. NO SUBSTITUTE FOR U.S.

"Lessons in Losing" may be the title of a book to be written and studied by nations great and small once the ignoble truce in Korea is concluded. The United States of America, associated in theory with the United Nations, is faced with a no-decision draw after nearly 50 years of negotiating at Panmunjom and after nearly 136,000 casualties. We have been brought to a standstill, some would have us believe, by two economically backward satellites of the Soviet Union — Communist North Korea and Communist China.

From Potsdam to Panmunjom we have come a long way. At Potsdam our former commander-in-chief Harry Truman, commanded the largest aggregation of armed might ever assembled on the face of the earth. At Panmunjom we are about to be told to forget our dead and go home for further discussions in a New York office building where the flag of the U. N. supplants our own Old Glory.

How bitter and how disappointing our South Korean allies feel as they were the only nation besides ourselves to put forth a major war effort against the invading Communists. Their little country is to be artificially severed at the 38th parallel which anyone who has been in Korea can tell you is unnatural, unhistoric and uneconomic.

Our last act in Korea, the Soviets insist, is to round up the escaped North Koreans and Chinese prisoners of war who do not want to be returned to North Korea and Red China for further punishment. The 5-nation commission that is supposed to supervise this calculated inhumanity is composed of two countries that sent no troops to Korea — they are Sweden and Switzerland, Poland and Czechoslovakia that voted Soviet with iron-curtain constancy, and "neutral" India that can be depended upon to vote with Poland and Czechoslovakia.

It is not too hard to forgive President Rhee for letting the prisoners escape their Soviet executors. It is not too hard to forgive President Rhee any outbursts of anger he may have against his once great friend — the United States of America. He has seen us duped, doped and defeated by phony proposals concocted by phony politicians operating at United Nations headquarters in New York and in our own State Department in Washington, D. C.

We have only to remember that President Rhee saw us recall General Douglas MacArthur when he was winning; that when the Chinese Nationalists wanted to fight to win back their homeland they were foretoldly isolated on the island of Formosa; and that when truce seemed possible it was dictated by all elements hostile to the freedom of his people and the success of the United States of America.

Let us pledge ourselves to no more U. N. wars and let us remember, even if the memory of nearly 136,000 dead American

boys is necessary as a grim reminder, that U. N. is no substitute for U. S.

FREEDOM MEASURED IN MINUTES

Out of her iron lung for a few minutes, two-year-old Regina Edwards, stricken with polio in 1952, listens intently to the advice of Lois Christianson, a nurse at the Southwestern Polio-mielitis Respiratory Center in Houston. Regina is very young to learn how serious polio can be but the disease that claimed more than 55,000 cases in 1952 seems to prefer young victims. Help is urgently needed to care for polio patients and further research to conquer this disease. Join the 1953 March of Dimes

Green to fish for a few days. The Roses plan to go to Yellowstone Park and the Dakotas, returning home after visiting with relatives in several Texas points.

Airman Temple H. Stumberg with his wife and son left Monday for his new assignment at Cabbiness Field in Corpus Christi. Stumberg has been stationed at Norman, Oklahoma, and had visited here for ten days with his parents, Mr. and Mrs. S. L. Stumberg.

Mrs. Johnny Whistler of Del Rio visited here last week with her sister, Mrs. Ray Thompson, and family. Mr. Whistler came for her Sunday.

Bad Case of the "Ztutters"

My copyboy is out sick. So the editor (me) is taking over some of his chores—which include running the addressing machine on "mailing-out night."

Last week I didn't have the usual number of papers left over for sale at the office. Couldn't figure what had happened—until Chub Zimmer called to ask why he'd gotten 58 copies.

Then I realized—"Zimmer" is the last name the machine prints. Guess I forgot to turn it off... and it just kept grinding out Chub's name on all the remaining copies. That machine just didn't know when to stop.

From where I sit, people are like that sometimes. They often don't know when to stop. Like those who are prejudiced against someone with an accent, perhaps... or against someone who likes a cool bottle of beer with his supper. So, in these columns I try to persuade everyone to "throw the switch" on prejudice so it won't get repeated.

debtedness to those who took over after him.

The government now owns a sufficient quantity of butter and wheat to make a flap-jack big enough to fill up even Little Black Sambo, and now we are going to put up beef, so in case he ever wants a meat pie, we have all the makings

Around town we have noticed a few artesian wells coming up along main street right after a maintainer passed over the water mains... Ed Lacy out bird-nest hunting and reporting some doves in this part of the country... some local drivers already practicing parallel parking... and some drivers out just practicing... a few rain drops Monday afternoon which scared a lot of people into thinking it might end up by getting things wet... a new "grandma" down for early coffee Wednesday morning.

We have internationalists, even after Citizen Truman has stepped down, who would endanger our basic constitutional rights more than anything since the Court-packing bill. These forces are demanding continuance of UN and foreign treaty powers that can now over-ride American law.

This raises one of the greatest constitutional issues since the adoption of the Bill of Right.

The Bar Association - Bricker Amendment must pass both Houses of Congress, two-thirds vote, be ratified by 36 states to safeguard our Republic. The bill will be voted on during the next month. About ten additional votes are needed to assure passage. So far Senator Lyndon Johnson is the only Senator from Texas who is uncommitted. Telegraph, air mail, write or get in touch with him now. Tell him that you, your family and those whom you have aroused to the over-riding importance of this issue, will never forget how he voted on this question.

Rid of its legal terminology, the Bricker Bill is intended to bulwark the sovereignty of the U. S. against subversion by the UN.

The breach of our defenses is in our own Constitution, Article VI

provides that "... all treaties... shall be the Supreme Law of the Land... any thing in the Constitution or Laws of any State to the Contrary notwithstanding."

This Article VI did not envisage these "blank check" treaties stemming from our membership in an international body. Nor could the Founding Fathers conceive of our own State Department declaring (in an unofficial publication under the date of September, 1950) that "There is no longer any real difference between domestic and foreign affairs" — an assertion which if carried to its logical conclusion would make the compulsory labor regulations of Moscow applicable to this country, or our monogamy laws applicable to Moslem countries.

Let's insist that our Congress-

men and Senators vote for the preservation of our American Constitution as supreme to our life.

Mrs. Ed Lacy returned Monday night from a visit with relatives in Burnet and in San Antonio with her daughter, Ginger Magill.

Mrs. Howard Stavley returned home last week from Del Rio where she had surgery and is recovering satisfactorily.

TEA AND SHOWER TUESDAY HONORS MISS JOAN BYRD

Miss Joan Byrd, bride-elect of Carter Raymon Vissotzky of Laredo AFB, was honored with a tea and miscellaneous shower Tuesday afternoon in the ranch home of Mrs. H. A. Smith. Other hostesses were Mesdames E. J. Hanson, O. T. Sadduth, N. M. Mitchell, W. W. Sudduth, W. H. Savage, R. S. Wilkinson, E. F. Pierson and Web Townsend.

Flowers in shades of yellow, bronze and brown in brass containers were in the living room.

Dainty and attractive arrangements of summer flowers in pastel tones provided decorations throughout the remainder of the house.

Welcoming the guests were Mrs. Smith, Mrs. J. W. Byrd, mother of the honoree, and Miss Byrd, who wore an afternoon dress of white Benberg crepe with large black dots and a corsage of white carnations was pinned at her shoulder.

Presiding at the bride's book to register the guests were Misses Siney Louise Harkins, Nancy Mitchell and Colleen Pierson.

The tea table was covered in a lace cloth over green. An arrangement of gladiolus, asters, carnations and petunias in white and pastel shades further emphasized the decorative theme. Green tapers in crystal holders flanked the centerpiece. Individual cake squares tinted and iced in pastel shades were decorated with a pastel-colored rose with green leaves. Mints in the pastel colors, salted nuts and punch were also served.

Serving the cakes and punch were Mesdames G. K. Mitchell, C. C. Mitchell, Sid Harkins, W. E. Grigsby, H. E. Schroegler and J. W. McKee.

The large assortment of bridal gifts were on display with Mrs. J. D. Nichols, Mrs. Herman Couch and Mrs. W. G. Downie directing the guests to the display.

About sixty guests called during the party hours.

Former Resident Weds in Mexico

Mrs. Bernice L. Erler and George Owen Ridgway, residents of Del Rio, have announced their marriage. The wedding was September 7, 1952, in Mexico.

Mr. and Mrs. Ridgway are residing at 704 East Fourth St. She has lived in San Antonio, Sanderson, and Del Rio for the past few years.

Mr. Ridgway is employed in the postoffice in Del Rio.

Mr. and Mrs. Dee S. Finley, Jr., and children of Fort Worth were week end guests in the home of his mother, Mrs. Clyde Griffith, and Mr. Griffith. Mr. and Mrs. Finley left Monday for Abilene where he will play in a golf tournament, leaving Buddy, Bobby and Patrick for a longer visit with their grandmother.

Make A Hearty Salad And Build A Meal Around It

When you think of salads, you should often think of them in terms of main dishes—for variety, economy and sheer deliciousness! Let this Tongue Barbecue Salad be your inspiration. A hearty, satisfying salad, it brings a new, QUICK way to prepare tomato aspic with canned tomato sauce and lemon-flavored gelatin. Try it and enjoy it! This molded salad with soup, potato chips, dessert and beverage make a complete supper or company buffet.

TONGUE BARBECUE SALAD (Quick Tomato Aspic)

1 package lemon-flavored gelatin	1/2 teaspoon salt
1 cup hot water	Dash of pepper
1 can (16 ounces) tomato sauce	1 cup diced cooked tongue
1 1/2 tablespoons vinegar	1 cup finely diced celery
2 tablespoons sweet pickle relish	

Dissolve gelatin in hot water. Add tomato sauce, vinegar, salt, and pepper. Blend. Chill until slightly thickened. Then fold in tongue, celery, and pickle relish. Pour into 1-quart mold or individual molds. Chill until firm. Unmold. Garnish with crisp salad greens. Serve with mayonnaise, seasoned with horse-radish or dry mustard. Makes 4 to 6 servings.

Shower Honors Newly-Weds Friday

Mr. and Mrs. Bobby Neal Morris were complimented with a miscellaneous shower Friday evening June 19, at Cedar Station. The hostesses were Mrs. T. H. Eastman, Mrs. Jim Turner, Mrs. Richard Turner, Mrs. W. Y. Bengel, Jr., Mrs. Carolyn Coble, Mrs. Jeff Howard, Mrs. J. L. Merritt, Mrs. Joe Lemons and Miss Nancy Jean Turner.

The refreshment table was laid in ecru lace over green linen and centered with a bridal cake which was iced in white, decorated with pink roses and centered with a large white orchid. Mrs. Paul Morris served the cake and Mrs. Hoot Morris presided at the punch bowl. Mrs. Joe Lemons served the coffee.

Miss Martha Nell Smith presided at the bride's book. Mrs. Charles Baker, Mrs. Jeff Howard and Mrs. J. L. Merritt directed the guests to the display of gifts.

Guests were greeted by Mrs. Eastman, Mr. and Mrs. Bobby Morris, Mr. and Mrs. Sidney Smith and Mr. and Mrs. Clarence Morris.

Approximately 90 guests called during the evening.

RANCH CLUB TO MEET TUESDAY MORNING

The Ranch Home Demonstration Club will meet Tuesday morning at 10:30 in the home of Mrs. W. F. Frazor. Members are requested to bring a school-girl lunch. Mrs. M. W. Duncan will be co-hostess.

LUNCHEON FOR GARDEN CLUB ENDS CLUB YEAR

To close the club year, Mrs. W. T. Bondurant and Mrs. W. G. Downie entertained the Sanderson Garden Club members and guests with a luncheon in the home of Mrs. Bondurant Saturday at 1 o'clock.

The buffet luncheon consisted of individual chicken pies, asparagus congealed salad, iced tea, hot rolls and strawberry pudding.

The centerpiece on the dining table was of fruit and leaves in a milk-glass container and the service was also of milk glass.

Mrs. Chester Kilpatrick of San Antonio, a nationally accredited flower show judge, spoke on color harmony in flower arrangements, demonstrating her lecture by making three arrangements.

Members present were Mesdames H. E. Ezelle, Joe Kerr, Jr., J. W. Pate, S. L. Stumberg, R. S. Wilkinson, J. J. Harkins, and J. O. Little, Jr. Guests were Mesdames J. W. McKee, W. H. Goldwire, W. H. Savage, Sr., W. H. Savage, Jr., of Austin, Monte Wallace, James Kerr, J. W. Byrd, Herman Couch.

Sheer, sheer 12-denier nylons are making stocking fashion news. Gossamer-like you can hardly see them, yet they're as closely knit as some of the heavier ones. You'll love them for spring and summer sandal-type shoes.

This time of year broiled chicken, fresh spring peas and little new potatoes are at their best. My favorite way to prepare the chicken is to brush it generously and frequently while broiling with this mixture: Melt three tablespoons vitaminized margarine, add juice of 1/2 lemon and 2 tablespoons chopped fresh parsley, salt and pepper.

Try caper mayonnaise on your next salmon salad. Gives a Sunday-special flavor you'll like. Here's how: Add 2 tablespoons of the juice in the caper bottle to a cup of real mayonnaise. Mix mayonnaise with flaked salmon and other salad ingredients. Serve additional caper mayonnaise over salad and garnish with capers.

Looking ahead to vacation time, as you collect new summer frocks remember that light weight, easy-to-care for fabrics such as the synthetics, pure silk, jersey and sheer wools are easiest to travel with. Two basic colors with a third for accent simplify the number of accessories needed.

YANKEE BUCCANEER
Another swashbuckling adventure comes roaring into the Princess Theatre Friday and Saturday with Jeff Chandler, Scott Brady, and Susan Ball in the starring roles. The film is "Yankee Buccaneer" and brings to life, against the thrilling and colorful pirate backgrounds of the 1820's, a little known but very important episode of United States Naval history. You have seen Jeff Chandler as a stoical Indian Chief, a handsome Bedouin tribesman and a reckless Army lieutenant, but this show tops his previous characterizations in both color and scope by putting him into the romantic raiment of an early day naval officer and later into colorful pirate costume. The story concerns a naval frigate under orders to turn pirate and chase down a gang of buccaners in their lair. How a Portuguese countess forces her way on board ship and how this misadventure leads to the capture of the pirate chieftans is material of which this action-packed sea saga is made.

Public Cautioned On Causes of Dysentery

Austin, June 23 — Commenting on the unusually high incidence of dysentery in Texas at the present time, Dr. George W. Cox, State Health Officer, described dysentery as being an infectious disease characterized by diarrhea, pain in the

abdomen, and toxemia. It is caused by a specific bacteria or germ. The germs cause inflammation of the lining of the intestinal tract which produces pain throughout the abdomen and the discharge of mucous stools that frequently contain blood and mucous. Toxemia results from absorption of the poisonous substances produced by the germs.

"The germs gain entrance to the body through the mouth," Dr. Cox said, "and then make their way into the intestines in the same manner in which food does. When they reach the intestines they find conditions favorable to their growth and there they establish themselves at the expense of the patient, infecting and producing their harmful effects."

"Food protection and adequate sanitary measures are more urgently needed now than ever before if we control the possibilities of epidemic dysentery in this state."
