LISTEN TO LUKE

Coming from a Methodist family and having been a Methodist some 50 years, I find I cannot share the views of some who have been open to criticize certain things that there are some subversives behind the sacred pulpit cloth.

We know there are many Methodists, some in high places, who are disturbed about the socialistic movement on the part of a few of our people which is apparently not being opposed by our church leaders. It is now time for the laymen to become aroused to the situation and make known their stand.

There is a difference between the advancement of the individual and socialism. Socialism in practice has been proven to be the stepping stones to Communism. Communism is antichurch. Recently Bishop W. C. Martin said, "If there are any Communists in the Methodist Church or in any other church in America, they ought to be exposed and dealt with as such."

It is written about the Methodist Church because that is the church to which I belong—it is as true in other churches. Many times churchmen confuse social advancement with socialism and are duped into lending their name and office to movements that are socialistic if not communistic.

This column has condemned any and all moves that have even the slightest odor of socialism. We condemn the Truman administration for the socialistic trends. We are just as ready to condemn any moves of the present administration which lean in that direction. Secretary Benson has made his plans plain that he intends to see that his department government shall only lend support to help get farmers and ranchers out of the socialistic rut and set on their own feet to operate without government interference. Congress has forced him to yield more of the same things that human was giving us. The end of socialism must start in Sanderson in all other communities. Ranchers who are able to carry their own load have no business asking charity from their neighbors. Those who really are in need of help should be able to get it and have to feel that they are imposing on their fellowman.

Always, where there is a program of bureaucratic administration of funds or help of any kind, there is a chance for graft and corruption. Charges that some schemers in South Texas were siphoning on the government's youth relief program have already been made. Two trade association groups were ready to give evidence in any investigation that might be instituted by federal agencies. And several feed men admitted they have evidence of widespread abuses of the program. These bits of evidence should be used and prosecution of the guilty should be pushed.

Terrell County, so far as we know, is clear of any such charge. We hope it will remain that way. If there are those in Terrell County who would use this program of relief to profiteer then they would be the first to urge strictest prosecution.

Feed dealers throughout the county who have been carrying a legitimate retail business are being hurt by the government's interference. Feed has been subsidized and stored by the government until prices went sky high and the rancher was forced to pay double for feed to put into a sack that had been allowed to rot to a minimum. That kind of economy cannot survive. If price supports go on one item it must be put on others—there is no in price supports short of totalitarianism.

Let's know why we lost the war in Korea. Of course it has never been declared war but we reor-

About 780,000 Pounds Of West Texas Wool Contracted At 60c - 61c In Sharp Spree

Jim Bob Altizer Now Leads Ropers Of U. S. In Points

Mrs. Jack Riggs received word this week that her brother, Jim Bob Altizer, was now leading the ropers of the nation in points garnered at recognized shows of the nation with 10,500 points. Last week it was reported that Altizer was second high, being only 15 points behind the leader.

Mrs. Floyd Smith is also a sister of Altizer.

Altizer is only 150 points ahead of Don McLaughlin, two-year winner of the title of world's champion calf roper, based on the number of points, or dollars, won.

U. S. To Buy Land In Big Bend Park

A bill signed by President Eisenhower last week authorizes the Secretary of Interior to acquire the remaining non-federal lands in the Big Bend National Park.

During hearings, Rep. Regan, 16th Congressional representative, told congressional committees that 8,876 acres valued at approximately \$80,000 would be involved in the deal.

C. W. Meadows, member of the original Big Bend Park Association, which helped to put the area into federal hands for development, has stated that one parcel of land to be bought by the government will constitute about one-half of the non-federal land. The other half is in relatively small plots and is owned by several individuals.

Lon Garrison, superintendent of the Big Ben National Park, said Sunday that all arrangements have been made toward purchasing the privately owned tracts within the park.

Qualified appraisers will value the land, he said. In 1944, the tracts were appraised at \$90,000. At that time the State of Texas gave 98.7 per cent of the park area to the federal government.

Principal tracts to be acquired are in the vicinity of Castalon, where 3,756 acres are held by the Cartledge Estate; 1,280 acres around Soliz, near Mariscal Canyon, owned by Jess Gilmer and Don Thomas, and one section at San Vicente, at the mouth of Boquillas Canyon, also owned by Gilmer.

"Acquisition of the land will clear the way for a park road to be built to Mariscal Canyon, which has been held up because of private land ownership," Garrison said.

Garrison said that 5-1/2 miles of pavement have been completed by the Park Service this year on the route to Santa Elena Canyon, starting from the west entrance toward the Chisos Basin. There is a gap of seven miles between Todd Hill and Burro Mesa.

The road will meet a new state highway south from Alpine at the park's west entrance.

MRS. L. E. PETROSKY TO RECEIVE DEGREE

Mrs. Lee E. (Pete) Petrosky will be among the 135 graduates of Sul Ross College, Alpine, to receive their degrees at the summer commencement on Thursday, August 29. She will receive her Master of Education Degree. Mrs. Petrosky will teach the second grade in the elementary school this year.

Mrs. Eddy Nations and children spent last week in Alpine with relatives.

John T. Williams, local manager for the Sanderson Wool Commission Co. and owner of the Big Bend Wool and Mohair Co. warehouse in Alpine, revealed this week that Jackson Hughes of San Angelo, buying for Emery, Russell & Goodrich of Boston has contracted around 30,000 fleeces at 60 and 61 cents per pound.

This is about the price that is being paid for some 780,000 pounds of wool in the West Texas area, Williams said, and the buyers are busy contracting wool in the many warehouses over the area.

There was very little activity on the 12-months wool from the spring clip of 1953 even though there were some 4 or 5 million pounds stored in West Texas warehouses and unsold. The prices that were offered this week on the long wool were not in line with what growers and warehousemen believed the wool should bring in comparison with the contracted prices offered in the present contracts.

NORMAN E. RATH NAMED PRINCIPAL OF HIGH SCHOOL

Norman E. Rath has been elected high school principal to replace Rodney Cathey who is going to Winters. Mr. Rath has been here for two years as assistant coach and math teacher.

Only one place remains to be filled on the faculty of the Terrell County schools, according to an announcement made this week by Supt. Matt F. Bader. A teacher for high school mathematics is still open.

Carlton Smith of Ozona has been elected to teach social science and to be assistant coach in the high school.

Following the resignation of Miss Marjean Rogers who taught business administration and high school girls' physical education classes, Mrs. Manetta LaCross was elected this week to fill her place. Mrs. LaCross is the wife of Jimmie LaCross who will teach in the seventh and eighth grades and will coach junior boys.

Mr. and Mrs. Rodney Cathey and children spent the week end in Abilene and Winters.

'Travel U. S. 90' Group Pushes To Swing Tourist Traffic Southward

President Bryan Wildenthal of Sul Ross State College welcomed more than 25 members of the Travel US 90 Association meeting Sunday afternoon, Aug. 9, in the Fine Arts auditorium at Alpine. Following the monthly business meeting of the Mexican Border Trails Division of the association boosting US 90 as America's shortest, most scenic, all-weather cross-continent highway serving the Gulf Coast, the Mexican border, and the sunny Southwest, Dr. Wildenthal invited the travel promoters to a coalition served by the Alpine Chamber of Commerce and then Alpine's Glenn Burgess guided the guests through the halls of the West Texas Historical Museum located on the campus of Sul Ross.

Sul Ross State College band has been invited to participate in the opening of the October or November benefit bullfight staged by the Del Rio Chamber of Commerce in Ciudad Acuna for the purpose of paving the Good Neighbor Highway into Mexico. Dr. Wildenthal indicated that efforts would be made to have the young musicians and corps of

Alonzo Cash Victim Of Airplane Crash Near Coahoma Friday

Funeral services were held Sunday afternoon in Del Rio for Lonzo Cash, 25-year-old son of Mr. and Mrs. Lonnie Cash of Alpine. His cousin, Rev. John Henry Cash, pastor of the Comstock Baptist Church, was in charge of the services and burial was in Del Rio.

Cash died early Saturday morning of injuries suffered in the crash of a private plane one mile south of Coahoma Friday. He was a passenger in a private plane owned by Roy Echols of Coahoma who was injured in the crash when he attempted to land the plane on a small strip on a farm. The engine failed and the plane landed in a mesquite grove. Both young men were hospitalized in Big Spring.

A Korean war veteran, Cash had been out of the service about a year. He was a dairy products distributor at Alpine. The Cash family are former residents of Dryden.

Besides the parents, survivors include a sister, Mrs. E. J. Raines, of Alpine and a niece and nephew.

EAGLE BAND TO BEGIN REHEARSAL ON AUGUST 24

On Monday morning, August 24, at 8 o'clock, the Sanderson High School Eagle Band will begin rehearsals in preparation for the opening of school and the football season.

The first part of the morning will be devoted to drill practice at Eagle Field while the remainder of the session will be spent at the band hall rehearsing music to be used during the year.

Those students who will be in the junior band for the coming year are invited to join the senior band for the music reading sessions which will begin at approximately 9 a. m. each day of the week preceding the opening of school.

Philip Chery is the band director.

MELON AWARDED TO MRS. M. G. NORTHCUT

Mrs. M. G. Northcut was the winner of the large watermelon given away Saturday afternoon at Turner's Grocery to the person guessing nearest to its weight. The melon weighed 70 1/2 pounds and she guessed 70 pounds for the weight.

SCHOOLS TO OPEN ON SEPTEMBER 1

Tuesday, September 1, has been set as the opening date for the schools of Terrell County. The faculty meeting has been planned for Monday, August 31.

High school, and seventh and eighth grade students will register on Friday and Saturday, August 28 and 29. Registration for the pupils of the elementary grades will be on Monday, August 31.

Roping Planned For Sunday Afternoon; Barbecue at 7:30

The members of the Sanderson Roping Club have completed plans for an afternoon of roping and arena events here Sunday at 3 o'clock in the afternoon. There will be a \$1 jackpot roping and a team from Del Rio will be matched against a local team.

Also planned is a barrel race for children under 10 years of age. At 7:30 in the evening a barbecue supper will be served at the arena east of town with Herb Bert Brown in charge of the feed, assisted by Sid Harkins, Mrs. Eldie Leatherwood and Mrs. Jack Riggs.

The charge for the barbecue will be \$1 per plate and the public is cordially invited to attend the roping and barbecue.

Two Aunts Of Local Resident Die In Okla.

Mrs. John Lewis Whistler of Sanderson received word this week of the death of two of her aunts. Death came to the women following an automobile accident near Tulsa, Oklahoma, last Sunday.

The occupants of the car were Dr. and Mrs. Kuhn of Creole Springs, Ill., and Mrs. Kate Jordan of St. Louis, Mo. The two women were sisters of Tom Bates of Tulsa, father of Mrs. Whistler. Dr. Kuhn was not believed to be seriously injured. They were en route to Tulsa to visit with the Bates family.

Mr. and Mrs. Joe Kerr, Jr., and children went to Brackettville, Mr. Kerr to attend a meeting of the REA directors and Mrs. Kerr to visit with relatives. Miss Betty Jo Kerr accompanied them and went on to San Antonio to join her cousin, Mrs. Rose Schiffers, of Floresville, for a vacation trip.

Area Soil Conservation Nears Full-Fledged Operation With Procedure Book Publication

The Rio Grande-Pecos River Soil Conservation District has taken another step toward full-fledged district operations. The program and work plan — a 63-page document describing local conditions, problems, and recommended treatment — has been completed.

The first step was the signing of a petition by 50 landowners requesting creation of a soil conservation district. This was followed

57 Texans Get Antelope Priority; Games Laws Set

Austin — Surprise letters have been sent 57 Texas hunters who missed out on the last regular antelope season two years ago.

They are the gunners allotted permits for the 1951 shoot and then turned in their licenses for personal reasons. Alternates were assigned and the 57 hunters automatically got the hold-over priority.

Chief Clerk Vernon Skagg of the Game and Fish Commission has advised the 57 of their priority rating for the 1953 drawing for the October antelope seasons in both the Panhandle and the Big Bend country.

He said upwards of six hundred buck antelope, almost evenly divided between the two areas, will be allocated for the fall harvest at the rate of one male antelope per hunter.

Persons interested in the seasons should write the Game and Fish Commission in Austin and request a formal application. This application must be received by the Commission with a postmark not later than midnight, August 31, 1953.

The dates for the major game harvest seasons not set by state law were shaped by the Game and Fish Commission meeting in Houston during the first part of August.

The commission recommended that the United States Fish and Wildlife Service divide Texas into north and south zones for the 1953 waterfowl season. It asked for a north zone shooting period beginning October 30 and a south zone season beginning November 13. If zoning is rejected, the commission seeks Nov. 6 for a state-wide season opener.

The commission recommended a 60-day season with bag limits the same as last year — five ducks a day or 10 in possession and five geese a day or five in possession.

It recommended seasons for other migratory game also governed by the Fish and Wildlife Service, asking for a mourning dove season beginning in the north zone on September 1 and in the south zone on October 1. Bag limits would be the same as last year, 10 doves a day or 10 in possession.

The commission suggested a Rio Grande valley white-winged dove season for September 11, 13 and 15 with a 10-bird limit.

The commission set a six day antelope season for the Big Bend area, with possibility of an additional three days if the weather turns favorable and the herd responds. Dates will be October 1 through October 6 for the two 3-day periods for Brewster, Jeff Davis, Pecos, Presidio and Hudspeth Counties, with the season possibly to be extended to Culberson County.

Big game and quail seasons in the Panhandle and west of the Pecos will be the same as last year but the Panhandle quail limit was cut to six a day or 12 in possession. Seasons on game generally in the state at large are set by the legislature.

by a public hearing to determine conservation need and interest. An election was held, in which landowners voted 82 for and 1 against the creation of the Rio Grande-Pecos River Soil Conservation District.

The district was divided into 5 zones or subdivisions, and 5 landowners were elected to operate the district. These landowners or Board of Supervisors are C. C. Mitchell, John Harrison, Herbert Brown, Tol Murrain and Keith Mitchell. The board requested assistance from various state and federal agencies, and Alton Wilhite, SCS representative, was located at Sanderson to assist the district to develop a program and work plan.

The supervisors, with the help of local committees and individuals, have now completed their program and work plan. This document contains the history of the area comprising the district, information on climate, soils, slopes, erosion, vegetation, and other conditions. It lists conservation problems and sets up a guide which agencies assisting the district are obligated to follow.

The program and work plan is not subject to "approval or disapproval" by any state or federal agency. It has been "examined" by the Soil Conservation Service and found to be a sound and adequate document, and the SCS has agreed to furnish available technical assistance to help the Rio Grande-Pecos River SCD carry out its objectives. The SCS and the Department of Agriculture will soon sign a working agreement with the district through which technical help will be furnished the district by SCS.

Soil Conservation Districts are locally organized and operated to assist interested landowners and operators to develop and apply sound soil and water conservation plans. Cooperation on the part of landowners is completely voluntary.

P.M.A. ELECTION POSTPONED TO FRIDAY, AUG. 21

Miss Rosannah Green, local administrator for the Production and Marketing Administration, reported Thursday morning that the election for local PMA officers, originally scheduled for Monday, August 17, had been postponed to Friday, August 21.

The election will name a chairman of the local group as well as committeemen and delegates.

The polling place will be at the court house and voting will be from 8 a. m. to 5 p. m.

All ranch-owners, operators or leaseholders who are participating in or carrying out practices in accordance with programs administered by the county PMA committee are eligible to vote in the elections and are urged to do so.

It was erroneously reported last week that Lee Dudley was a candidate for regular member. The name should have been Lewis Arledge and on the ballot with him will be Clarence Jessup.

Other candidates are: chairman, Joe Kerr, Jr.; vice chairman, N. D. Blackstone, Herbert Brown; regular members, Arledge and Jessup; first alternate, A. A. Shelton and Austin Nance and second alternate, W. A. Banner and Jerry Hayes.

JOY ROSE HAS APPENDICITIS OPERATION MONDAY

Joy Rose had an appendectomy in a Del Rio hospital Monday and is recovering satisfactorily, according to reports. Mr. and Mrs. Roger Rose, her parents, were visiting in Del Rio with relatives and Mr. Rose returned home Tuesday.

Warnings Issued Early For Safety Of School Kids

Fond hopes of parents are wrapped up in their children as they go to school day after day. Perhaps the town's banker, a famous research scientist, a lawyer is in the making. Who knows for sure? But whatever his future, be sure that he is given an opportunity to reach his goal by driving with extreme caution at all intersections and streets surrounding schools, especially during recess periods, and before and after school.

The extent of these street and highway tragedies snuffing out the lives of promising boys and girls of school age and younger, or inflicting injuries that may cripple them permanently, is a thing that every driver should do his best to keep in mind. In a single year, approximately 4,300 school children under 15 are killed and 215,000 are injured. Well over half of them die and an even greater proportion are hurt when struck by drivers who should be fully prepared for sudden emergencies when children are in the streets.

The burden of caution rests squarely upon the shoulders of a driver who is approaching any child or a group of children on a street or highway. Children's actions are never predictable, although we have been able to train them in the ways of safety with some success. Usually it is when a driver is going too fast to stop safely, or thinking of other things rather than the very important job of driving properly, that he kills or injures one or more children of tender years.

The protection of police or adult crossing guards at school intersections has greatly helped in keeping accidents at these places to a minimum. School boy safety patrols have also helped, but a sign at an intersection is even a superfluous warning if one would only realize that the child could run from behind another car; that the speed of the vehicle was too much to stop immediately, which the driver might have to do; that

the child looks to the driver for his safety and depends upon his precaution, rather than stopping to think of the danger of running out into the street or playing in the street.

Most drivers obey signals of caution and respect the ever-present need for alertness and slower driving in zones near schools or play areas, or making a full stop when children are leaving or getting on a school bus, or are leaving or going to the school ground. But even more than that it needed.

To all drivers we say: Cars can't think, and children don't think, so you must!

Hunting, Fishing Licenses To Go On Sale Soon

Fishing and hunting licenses for the new fiscal year beginning September 1 will be distributed soon, according to the License Clerk for the Texas Game and Fish Commission.

He said the supplies, totaling over one million separate licenses, will be shipped to approximately 1,800 county clerks and licensed deputies in 254 Texas counties by August 20.

Both hunting and fishing licenses must be renewed for the new fiscal year which begins at midnight, August 31.

First sizable demand for the hunting licenses will center around the north zone mourning dove season beginning September 1.

The main hunting permit costing \$2.15 is the popular one for resident Texans because it covers both big game and small game.

The License Clerk noted that the paper tags again will be used for big game since the proposed metal tags are still being tested as to their practicability.

Mrs. M. W. Duncan went to Fort Stockton Sunday afternoon to join her sister, Mrs. Virgil Matlock, and daughters of San Angelo, on a trip to Colorado. They will be gone for two weeks.

Mrs. Joe Chandler and children of Independence are spending a few days in town with her mother, Mrs. Lena Stavley.

Salt In Water Can Prevent Cramps Caused by Heat

Austin — If your work is such that it causes excessive perspiration, add a pinch of ordinary table salt to each drink of water you take to help prevent heat cramps. This is advised by Dr. George W. Cox, state health officer, to prevent a possible increase in the number of heat victims as the Texas thermometer hits 95 degrees and above.

Laborers, mechanics, farmers and ranchmen as well as white collar workers whose work causes them to sweat profusely, are in danger of having their body salt content become deficient with resulting heat cramps or heat fag. Salt is a prominent constituent of sweat; the body may lose as high as 40 to 50 grams of salt during hot days and excessive perspiring.

In industry, a method of preventing heat cramps is to take a tablet of pure salt or a mixture of salt and dextrose with each drink of water. Workmen whose duties require muscular exertion should be especially careful to add more than the usual amount of salt to what they eat and drink.

Salt deficiency may be prevented by taking salt in various ways. Where prepared tablets are not available, table salt may be added to each drink of water. Milk is a source of salt and will help to make up for the deficiency caused by sweating. Alcoholic drinks should be avoided.

Heat cramps is characterized by pains in the abdominal region, headache, and in severe cases, by nausea and vomiting. The body

temperature remains about normal, likewise the pulse rate. Body salt losses occur without the knowledge of the individual until there is a deficiency; then the abdominal muscles begin to cramp.

Joe N. Brown Returns From Third Korean Tour With U. S. Navy

Joe N. Brown, BM3, of the U. S. Navy, wrote his mother, Mrs. Francis Mansfield, this week that his ship was at Alameda Air Station and that he would probably be home about September 10.

Brown is on the Navy seaplane tender, the U. S. S. Corson, one of the first warships to return to the U. S. since the cease-fire order in Korea. This completes the third tour of Korean duty for the ship, ending a 41,000 mile cruise which began nine months ago.

Although the Corson is speedy and heavily armed so that it may function as a destroyer, which it resembles, is actually a floating machine shop. Thousands of patrol planes, both American and British from the red Chinese coast and also forward areas, have flown to the Corson for service. The Corson also rushed to the aid of any patrol bombers downed in dangerous waters. She was "home" for the 75 crewmen of the five flying boats and her own crew of about 250.

Mr. and Mrs. Norman Rath and Sherry returned home Saturday from their vacation trip to South Dakota and to Austin where they visited with relatives. Sherry had spent the summer with her grandparents in Madison, South Dakota, and accompanied them home.

PERSONALS

Mrs. John Harrison is in El Paso with her parents, Mr. and Mrs. Y. Long, of Del Rio while Mr. Long recuperates from recent surgery. He will be hospitalized for at least ten days more.

Mrs. J. E. Dewees and Mrs. C. Schiffers of Floresville spent the week end here and in Fort Stockton with relatives and attended the Kerr-Michel wedding.

Mr. and Mrs. Marvin Allen and children are on a vacation trip to Colorado.

Mr. and Mrs. Joe Kerr, Jr., and children moved this week to the new home recently purchased from Dr. and Mrs. J. W. Pate. Mr. and Mrs. Edward Kerr will occupy the house which they vacated.

Miss Carolyn Spears returned home Friday from Houston where she had visited with relatives.

Beth and Johnnie Green returned to their home in Eagle Pass Sunday after visiting here with their grandmother, Mrs. Maud Sullivan, and their other grandparents, Mr. and Mrs. John Green.

Troy Druse was a business visitor in Pecos Monday afternoon.

Supt. M. F. Bader and San Antonio and Austin. Mr. Bader will return the last of the week and Bader will go by train to San Antonio to join his mother for a visit in Hondo and San Antonio.

Sharon and Donna Wooten returned home Monday from Del Rio where they had visited with relatives for several days.

Mrs. Seth Davenport of Uvalde returned to her home Wednesday after spending ten days here with her parents, Mr. and Mrs. J. D. Nichols.

Enjoy LOW-COST ELECTRIC COOKING

It costs less than you think to cook electrically — only \$2.25 per month for the average family. So why stay tied to less modern methods? Switch to cool, clean, low-cost, electric cooking...

WITH THIS LOW-COST Hotpoint ELECTRIC RANGE

New, 1953 Full-Size Super-Oven Model — with Deep-Well Thrift Cooker

INSTALLED IN YOUR KITCHEN

FOR ONLY **\$219.95**

Highlights and Sidelights FROM YOUR State CAPITOL

Austin — Texas politics appear calm on top.

Only an occasion ripple indicates the seething turmoil under the surface.

Such a ripple is the announcement by George W. Sandin of Austin, secretary of the State Democratic Executive Committee that the group will meet September 11 in Mineral Wells.

Small space was occupied in the newspapers by the announcement, which was casual in tone.

Sandin said the purpose of the gathering was mainly "finding out what the members might have on their minds."

What they might have on their minds might be plenty. It would involve whether the "Shivers conservative" people would retain control of the Democratic Party in Texas, or whether the "liberal-loyalist" faction would regain control.

Hopefuls in the political races of next year were concerned — especially candidates for state and national offices.

Politically and otherwise, a great deal depended on the governor's decision as to whether or not he will run for another term, seek some other office, or retire from the public service.

Several potential candidates are awaiting for the governor's announcement before completing their own plans.

Some of the "experts" have said that Shivers will try for a third elective term as governor, because in that position he could exert his influence most effectively in keeping Texas on the "conservative"

side with respect to national politics.

A meeting of the executive committee at this time indicates that the political forces are beginning early to prepare for next year's three-sided campaigns, with competition from both Democratic factions and from the Republicans. Otherwise, there was the business of replacing two members of the executive committee.

Scheduled in federal court is the National Labor Relations Board's attack on the Texas "right to work" law.

Federal Judge R. E. Thomason of El Paso ordered Attorney General John Ben Shepperd to appear and testify in regard to an injunction suit filed by the NLRB.

The board by its suit is undertaking to prevent the attorney general from enforcing parts of the law as applied to a San Antonio collective bargaining case.

Texas' law in this instance is in conflict with the national labor relations act, the NLRB contends.

Behind the NLRB action are two injunctions forbidding the International Fur and Leather Workers Union of the United States and Canada from participating in an election to be held by workers of the Nelson Tanning Corporation of San Antonio.

Under the present Texas laws labor unions are prohibited from operating in the state without first filing a detailed financial and operational report with the secretary of state. And union organ-

PIERSON BUTANE COMPANY

Compare the PERFORMANCE!
Compare the PRICE!

GENERAL MOTORS LOWEST PRICED EIGHT

In all-around performance, Pontiac compares favorably with any car—and you get this performance along with an unsurpassed record for dependability, economy and long life. But Pontiac compares with the finest cars in other ways, too: in handling ease, in comfort, in roominess. All this makes Pontiac's low price even more remarkable. And not only is Pontiac priced right down next to the lowest but it also saves you money every mile you drive. And to top off Pontiac's low cost you can look ahead to its assured high resale value. Why not come in and let us prove it?

Dollar for Dollar you can't beat a
Pontiac

F. M. WEIGAND SANDERSON, TEXAS

See How Much You Get At So Very Little Cost!

PONTIAC'S GREAT POWER PLANT
This powerful, high-compression engine gives you more power than you'll probably ever need. Pontiac engines are famous for delivering years and years of wonderful miles with only routine attention.

DUAL-RANGE HYDRA-MATIC
Lets you choose the performance you want, when you want it: alert response in city traffic or gas-saving cruising on the open road.

122" WHEELBASE
No car so big is priced so low—and this long wheelbase means extra roominess and a more solid feeling of security.

POWER STEERING
Parking's simple with Pontiac's Power Steering, which relieves you of almost all steering effort but at the same time requires absolutely no change in driving habits.

BODY BY FISHER
Pontiac's de luxe interiors are keyed to body color. Appointments and conveniences compare with the finest. There's ample room to stretch out and relax. *Optional at extra cost.

A DISTURBING TEXTBOOK ANALYSIS

There has just come to my attention a highly professional analysis of sociology textbooks which should be read by every school teacher, college professor and parent in America. It brings to light shocking facts about some textbooks now widely used in high schools and colleges of the country. The author, Dr. A. H. Hobbs, professor of sociology at the University of Pennsylvania, says some of the most widely used sociology textbooks are distorting facts, using devious and subtle techniques to convince high school and college youth—

1. That religion should discard mysticism, supernaturalism, ritual and tradition and "adjust to conditions of modern society" by concentrating on crusades against certain economic and social conditions.

2. That educational practices and principles of which involve discipline or drill, and the teaching of traditional beliefs about the government, the family or the economic system are inefficient and harmful.

3. That government should actively provide people with security, equality, happiness, and developed personalities; that increased governmental control over business and industry is the most important thing toward attainment of the desired goals, but that such controls constitute only one phase of broader social planning.

4. That maldistribution of wealth and income, and unemployment, are the outstanding characteristics of our private enterprise economic system; and that government control of business and planning by "social engineers" will eliminate maldistribution and will provide people with security.

5. That social controls which operate in relation to the family, religion, and traditional forms of education are irrational and give rise to "cultural lag"; and that rationality should be the criterion of social control.

6. That social controls in America are no better or worse than those in other countries — which include Communist Russia and Socialist Europe.

7. That the rising divorce rate may be a good sign — it is more nearly a harbinger of family reorganization than an index of disorganization; and that "companionate marriages are desirable.

8. That heredity and innate tendencies are relatively unimportant in personality formation and motivation; and that personality is formed largely through "cultural conditioning."

Dr. Hobbs cites other controversial conclusions which he contends are fostered by the most

widely used sociology textbooks. In his work he analyzed the content of 83 widely used texts which he considered as constituting the "heart" of college and high school sociology — the most swiftly expanding course of American education. His book is entitled: "The Claims of Sociology: A Critique of Textbooks." The publisher is The Stackpole Company of Harrisburg, Pa.

Attention is directed to this comprehensive analysis of sociology textbooks because if sufficient numbers of today's generation of youth are weaned away from the basic elements of our American way of life — faith in God, our Constitutional Republic, and our private enterprise economic system — some form of Socialism will be established.

This would be playing right into the hands of the Communists and Socialists — when, as a matter of fact, this nation's best hope for continuing freedom and progress lies in our on-coming generation's gaining a clear enough understanding of the value of these basic American elements not to be led astray by doctrines which would destroy them. America has an unusually large percentage of its population in high school and college — more, in numbers, than all the other nations combined. It is this group from which our nation's leaders must come. Therefore, it is this group that naturally has the highest priority on the Communist list for penetration.

Hearing Aid Specialist To Be Here for Clinic

Acousticon Hearing Aid specialist, J. C. Hammer, of San Angelo will show the amazing new all "TRANSISTOR" hearing aid at a free clinic in the Turner Hotel on Thursday, August 20, from 1 to 4 p. m.

This new Electronic Miracle completely eliminates all "B" batteries and vacuum tubes — operating costs slashed to almost nothing. It is the finest, lightest hearing aid transmitter ever created by Acousticon during their over 56 years of service to the hard of hearing. A woman can tuck this tiny transmitter in her hair and a man can hide it behind his lapel. Some sell for as little as \$74.50.

If you cannot come to the clinic call hotel for home appointment. (adv.)

CULTURE CLUB TO MEET ON AUGUST 20

The Sanderson Culture Club will meet Thursday, August 20, in the Fellowship Hall of the Methodist Church for the first meeting of the club year. Mrs. M. B. Wilson and Mrs. W. H. Savage will be co-hostesses.

Mrs. R. E. Corder Hostess Monday For Presbyterian Women

The Presbyterian Women of the Church met Monday afternoon in the home of Mrs. R. E. Corder. In the executive board meeting that preceded the circle meeting, Mrs. J. W. Byrd led the opening prayer and Mrs. C. C. Mitchell called for the little white bonnets that the members are making for a mission station in Africa. Plans were made for the annual church picnic on Friday, September 4, in the patio of the church. Six members were present.

Mrs. E. F. Pierson was program leader for the circle meeting that opened with the hymn, "What a Friend". Following a prayer by Mrs. G. K. Mitchell, and a few minutes of silent meditation, the Lord's Prayer was recited in unison. The lesson from the book, "Portraits of the Master" was taken from the sixth chapter of Mark and presented Jesus as the Savior of all. Mrs. J. W. McKee gave the dismissal prayer.

The hostess served meringue shells filled with peach ice cream and iced tea to Mesdames J. W. Byrd, C. C. Mitchell, W. H. Savage, N. M. Mitchell, J. W. McKee, Sid Harkins, H. A. Smith, G. K. Mitchell, Roy Deaton, E. J. Hanson and two guests, Mrs. Leola Hill and Mrs. T. R. Arrington.

OFELIA OCHOA HAS BIRTHDAY PARTY

Mr. and Mrs. Pablo Ochoa, Sr., honored their daughter, Ofelia, on her twenty-third birthday last Wednesday when they served a Mexican supper in their home. The guests enjoyed a period of games and dancing for the evening's diversion. Ice cream, punch and cake were served later in the evening.

The guests included Misses Tere Marquez, Marta Calzada, Kiki Sanchez, Ernestine Ochoa, Emma and Betsy Flores, Amelia Borerger, Elodia Garcia, Gloria Gutierrez, Aurora Ochoa and the honoree.

Tompkins-Allen Wedding Friday In Cleburne, Texas

Miss Evelyn Allen of Fort Worth and Robert Lyle Tompkins were married in the East Side Church of Christ in Cleburne, Texas, last Friday evening. The bride is the daughter of the late Mr. and Mrs. N. D. Allen and the granddaughter of the late Mr. and Mrs. W. H. Mansfield, all of Sanerson.

Johnny Richter, minister, read the ceremony. Miss Amy Tompkins, sister of the bridegroom, was the bride's only attendant and Jake Tompkins of Arlington was his brother's best man.

The bride wore a gown of French lace and nylon tulle with an off-shoulder scalloped neckline and yoke of illusion. The full lace redingote was scalloped down both sides in front and the underskirt was of pleated nylon tulle and was worn over satin and crinolines. Her veil of French illusion was attached to a lace and pearl calotte. She carried an orchid on a white Bible. N. R. Hawkins of Itasca gave the bride in marriage.

After a reception in the Tompkins home, the couple left on a short trip and will reside in Cleburne.

Mr. and Mrs. Marvin Allen and children attended the wedding of his sister, also her aunt, Miss Winnie Mansfield, and her two cousins Mary Jane and Eva Bentley.

Bible Study For Baptist W. M. S.

Continuing the Bible study on "The Second Coming of Christ", Rev. Claude Bridges, pastor, taught the lesson Monday afternoon when the Baptist W. M. S. met in the church. The lesson subject was "Signs of the Age End."

Those present were Mesdames T. O. Moore, S. D. Thompson, T. A. Hunter, Claude Bridges, Lloyd Cowan, and A. D. Brown.

Eligible Draftees Warned to Report Changes in Status

Austin — Any young married man registered with a draft board had better be on the alert about reporting children in his family or the expected birth of a child.

On August 25th and thereafter, fathers are not deferrable because of their children. Draft boards have this new regulation following an executive order of President Eisenhower.

Those who now have children, and those who are expecting the birth of a child, are deferrable; likewise, those who become fathers or expectant fathers before midnight, August 24.

But these men who are fathers and expectant fathers before August 25th must act at once to advise their draft board in writing. If they fail to perform this important duty required by draft regulations, they will be liable for the draft simply because they failed to advise their boards of the facts.

In the case of expectant fathers, a certificate from a licensed physician must be secured stating the child has been conceived, probable date of delivery and evidence upon which positive diagnosis of pregnancy is based.

Brigadier General Paul L. Wakefield, state draft director, urges all married men who come under the provisions of this new regulation to act at once if they wish to retain their deferred status.

Mr. and Mrs. Hollis Haley took their baby to Pecos Tuesday for a medical check-up.

izers must file a report and secure an organizers' card before conducting their soliciting activities in Texas.

Another Texas law under attack is the driver responsibility act.

The test is going to the U. S. Supreme Court.

D. C. Gillaspie of San Antonio is contesting the law, after registration of his family car was suspended because his son, who was driving it, figured in a traffic accident.

Under the law as it now stands, the son must show financial responsibility before the car can be driven by anyone.

The Texas Supreme Court up-

held the validity of the law, Associated Justice G. B. Strickland cleared the way for the case to go to the U. S. Supreme Court.

Mel and Karen Jan Howell of Houston are visiting here with their grandparents, Mr. and Mrs. C. I. White. The Whites met their son-in-law and daughter, Mr. and Mrs. Frank Howell, in San Antonio Friday and brought the children to Sanderson Sunday. Mrs. C. I. White accompanied her son to Sanderson to visit with his daughter, Mrs. Bill McElroy, and family.

Dr. and Mrs. J. W. Pate and sons returned to Sanderson Saturday morning from a trip to California. They left Sunday night for Dallas where Dr. Pate plans to have surgery.

From where I sit... by Joe Marshall
Harvesting a Better America
Rubbed my eyes yesterday when I saw Hop Jackson's truck in Bill Morgan's alfalfa field... helping Bill get in his cutting.
Since they've been carrying on a friendly argument for years (over how much fertilizer to use per acre of alfalfa), I had to ask Hop what was going on.
"Got my own crop in safely last week," he says. "And since Bill's boy is at the summer encampment of the National Guard, I figured the least I could do was to help him out. After all," Hop went on, "there's no argument over how important the National Guard is to all of us."
From where I sit, a fellow farmer, who's too old to get in the Guard, can still vote, do a turn at jury duty, and respect other rights. Even a little thing like respecting a neighbor's right to have, say, beer or buttermilk dinner is important if we want to keep America strong. We have to be on "guard" in more ways than one these days!
Joe Marshall

In Southwestland more people drink PRICE'S MILK than any other brand!
Milk... the just-about perfect feed... is at its best when it's Price's. A refreshing mealtime and between-meal beverage. Price's farm-fresh, richer-tasting goodness makes it a favorite with youngsters and adults alike. Enjoy a quart a day, ular or homogenized... in car-ton or bottle... you choose top quality when it's price's!
Price's products, in the widest selection of dairy products in the Southwest, are sold at your favorite food store.

Want to be nimble, smooth and quick?
TT Dynaflow* does the trick!
WE have just the place for you. If such is your desire.
It's at the wheel of a 1953 Buick with Twin-Turbine Dynaflow.
And we suggest you hold on to your hat and your heart when the action starts—for here's what happens:
You press the pedal and, from a standing start, you're up to a legal 30 mph before you have time to breathe but twice.
Or, you're in the thick of traffic—moving smoothly, easily, quietly. Then, when it's safe to do so, you move instantly into the clear with the greatest of ease—in one progressive build-up of velvet acceleration—without a single gear shifted or a clutch pedal pushed.
That, sir, is the big thrill command you get in any 1953 Buick SPECIAL, SUPER or ROADMASTER with new Twin-Turbine Dynaflow.
For this fully automatic drive now has two turbines where one did the trick before. Two turbines for instant getaway response—with whisper quiet—and with infinite smoothness through all ranges.
Of course, a lot of able power goes with this smooth, quick getaway—the highest horsepower and compression ratios, Series for Series, in all Buick history.
And so does big room. And the supreme comfort of the Buick Million Dollar Ride. And the superb handling ease of finely balanced weight. Even Power Steering* is at hand to make parking and turning still easier.
Why not drop in on us soon and sample one of these great new 1953 Buicks with TT Dynaflow? It's an experience — and a value story — too good to miss.
*Standard on Roadmaster, optional at extra cost on other Series.

MRS. EDWARD HUDSON KERR
wed in Fort Stockton

Fort Stockton Rites Unite Popular West Texas Couple Last Week

Mr. and Mrs. Edward Hudson Kerr will be at home in Sanderson on their return from their wedding trip the last of the week. The couple was united in marriage Tuesday morning in the St. Agnes Catholic Church in Fort Stockton. The bride, Miss Rosella Mitchell, the daughter of Mr. and Mrs. William Carpenter Mitchell, Sr., of Fort Stockton and the bridegroom the son of Mrs. Joe Kerr, Sr., of the late Mr. Kerr of Sanderson.

The Rev. Fr. Francis Casey officiated in the double-ring ceremony, reading the vows before an altar banked with fern and baskets of white gladioli and carnations. Carson Benedict of Fort Stockton sang "Ave Maria" accompanied by Mrs. Dan Crump, pianist.

The bride, given in marriage by her father, wore an ankle-length dress of tulle and alienen lace over tulle. The fitted bodice was fashioned with a sheer shoulder-wide lace edged with lace encrusted with beading. The finger-tip veil illusion was caught to a cap of lace encrusted with pearls. White ribbons tied with white satin streamers were on the white Bible which she carried.

Miss Betty Jo Kerr, sister of the bridegroom, was the maid of honor. Her ankle-length gown was burnished gold nylon tulle over tulle. The strapless ruffled bodice with satin cummerbund was edged in the back. The nose-length veil was studded with rhinestones.

FORMER RESIDENT GETS DEGREE IN CALIFORNIA

Word was received this week that Robert L. Chandler, graduate of the local high school in 1945, and son of Mr. and Mrs. S. Chandler, former resident now living in Amarillo, had received a degree of Doctor of Dental Surgery from the University of Southern California on June 13.

Chandler is practicing dentistry in Hawthorne, California.

Another son of the Chandlers, Mr. G. is with the U. S. Marine Corps in San Diego, California, and is a drill instructor.

TEA SATURDAY HONORS GUEST, MRS. M. MILLER

Mrs. H. A. Smith entertained with an informal tea in her home Saturday afternoon to honor Mrs. Marshall Miller of San Antonio, a guest in the home of her parents, Mr. and Mrs. W. R. Stumberg.

Colorful summer flowers provided floral decorations in the living room.

The green linen-covered tea table was centered with an arrangement of white gladioli and daisies.

The green and white colors were repeated in the refreshments of sandwiches, cookies and punch. About twenty-five guests called during the tea hours.

Mr. and Mrs. L. R. Dorsey of Big Lake spent Sunday here with her sister, Mrs. H. C. Goldwire, and with Mr. and Mrs. W. H. Goldwire and family.

Mr. and Mrs. Paul McKelvey have moved from the Mansfield duplex to the Ferguson rent house formerly occupied by the late Frank Sheffield.

SHOWER THURSDAY HONORS RITA SILVAS

Miss Rita Silvas, bride-elect of Rodolfo Zepeda, was honored with a bridal shower last Thursday evening in St. James parochial hall. Hostess were Misses Elena Calzada, Annie Cardenas, Nieves Lopez, Gloria Marquez and Ernestina Ochoa.

Refreshments of cake, cookies, and punch were served to the thirty guests present.

Office Supplies at The Times.

Jerry Kirby of Christoval, who had been visiting here in the home of his aunt, Mrs. H. C. Goldwire, returned home Thursday. Mrs. Goldwire accompanied him to San Antonio for a medical check-up. Her nephew, Pvt. Ray Dorsey, of Big Lake, stationed at Camp Dix, N. J., brought her home Saturday and returned to Big Lake Monday.

Mr. and Mrs. H. A. Finger and Perry returned home Sunday night after a week's vacation on the Texas coast and with her mother, Mrs. Maude Herndon, of Eastrop.

Jack Laughlin returned home last week from Temple where he had been with his mother who had major surgery ten days ago. Mrs. Laughlin is improving satisfactorily, according to reports. Mrs. Laughlin remained in Temple with her mother-in-law.

Mr. and Mrs. M. H. Jones of Marathon and Mr. and Mrs. Urbie Standie and daughters of Marfa were week end guests of Mr. and Mrs. R. G. Stegall. Mrs. Jones is Mrs. Stegall's mother and Mrs. Standie is her sister.

FRANK TURNER TO BE ORDAINED IN SPECIAL RITES

Frank Turner will be ordained to the full gospel ministry in special services planned for Wednesday, August 19, in the Baptist Church. In the same service, J. A. Mansfield will be set apart as a deacon in the church.

Turner, a life-long resident of Sanderson, is a ministerial student at Howard-Payne College, Brownwood, and with his family, established residence in that city a year ago until he finishes his college training.

Rev. Glen Bales, pastor of the First Baptist Church in Alpine, will deliver the ordination sermon. The charge to the church and the candidates will be given by Rev. R. L. Wittner, district missionary, and Rev. Claude Bridges will examine the candidates and give the ordination prayer.

A cordial invitation has been extended to everyone to attend the service when the two members of the local Baptist Church will be consecrated for special work.

CORRECTION

Last week it was erroneously reported in The Times that the examiner for drivers' licenses would be in Sanderson on September 2. The corrected date is September 11.

NOTICE

The Kerr Mercantile Co. will be closed all day Saturday, August 29, for inventory.

PERSONALS . . .

Mrs. K. C. Corie left last week end for her home in Longview after visiting here for several weeks with her mother, Mrs. D. O. Bosworth, and Mr. Bosworth.

D. O. Bosworth was in Fort Stockton Tuesday for medical attention.

Mr. and Mrs. Roger Rose are swapping homes with Mr. and Mrs. John Reiningger of Del Rio. The two families plan to move about September 1. Mr. Reiningger is a T&NO engineer and they formerly resided here.

Mrs. Carlton White sprained her ankle Tuesday and is confined to her home.

Jimmie Lee Haines was born Tuesday in a Sonora hospital to Mr. and Mrs. Bill Haines. The infant weighed 7 pounds and 9 ounces and is the third child for the family.

Mrs. Elton Loden of Hondo is visiting here with relatives.

Mrs. R. J. Ross

Louise Burdwell of Fort Worth and her aunt, Mrs. A. A. Shelton, of Sanderson visited relatives here Tuesday.

Mrs. Zeno Geers and children of Victoria and Mrs. Melvin Chandler of Kent are visiting their parents, Mr. and Mrs. John Williams.

Wade Allen Warren of Big Lake is spending several days with his grandmother, Mrs. Simon Shaw, and Mrs. Shaw.

Sheryl Rath of Sanderson visited with Beth Clark Tuesday.

Mrs. Clyde Young returned home Monday after spending several weeks in New York City visiting her mother, Mrs. Lula Davidson, and two sisters.

James Clark is now working as an operator on the T&NO at Uvalde.

People from Dryden who attended funeral services for Alonzo Cash in Del Rio Sunday were Mr. and Mrs. Jim Powers, Mrs. Robert Favlica, Mrs. Raymond Farley, Mrs. Ernest Miller and boys, Mr. and Mrs. R. J. Ross and son, Mrs. Lora Mae Smith and Ruth Marie, Miss Evelyn Netherland, Mr. and Mrs. T. H. Eastman, George and Estes Adams.

LEE McCUE IN

FORT WORTH HOSPITAL

Lee McCue, Terrell County rancher, had major surgery in a Fort Worth hospital last week and has remained in a serious condition following a stroke Wednesday night, but was reported to be somewhat improved last week end.

Mrs. McCue has been in Fort Worth with her husband, visiting in the home of her son, B. L. McCue, and family.

A letter written from Mrs. McCue Monday stated that he was able to sit in a chair and doing exceptionally well, according to attending physicians.

ganized our economy, raised our taxes, drafted our boys, spent \$20 billion to keep the police action going and suffered more than 100,000 casualties in killed and maimed. That's war in any language. That is defeat.

According to testimony by two great generals who were on the ground and knew the score, we could have won the war twice, and no authentic voice has denied it. But the diplomats stopped the generals cold. Isn't it time to find out if that is true and if so why? McCarthy is after the State Department group which conceived, and the persons who executed, the plot by which China was delivered to the Reds. That's the source of our present woes.

AMONG OUR SUBSCRIBERS

There are three new subscribers to The Times this week: F. F. Baudoin of Sanderson; Charles W. Carson, Jr., of Barksdale and B. L. McCue of Fort Worth.

Renewals have come from D. A. Pollard of Del Rio; David G. Small, Long Beach, Calif.; E. H. Jessup of Sanderson.

The Sanderson Times

This demonstration showed me the way to a better deal!

I'd been planning to buy a higher-priced car until I found out all Chevrolet offered—
and how much I could save!

You get more power on less gas
That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide® models, you get the most powerful engine in Chevrolet's field — the new 115-h.p. "Blue-Flame." Gearshift models offer the advanced 108-h.p. "Thrifty-King" engine.

And it's the lowest-priced line
A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

You're "sitting pretty" behind the wheel
Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around
You look out and down through a wide, curved, one-

piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

Biggest brakes for smoother, easier stops
An easy nudge on the pedal brings smooth, positive response—right now! Chevrolet's improved brakes are the largest in the low-price field.

It's heavier for better roadability
You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

You get greater getaway with the new Powerglide®
A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

Let us demonstrate all the advantages of buying a Chevrolet now!

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!
