Neal Hufford Enters Legislative Race

NEAL HUFFORD

The political pot began to boil in the legislative race when Neal Lawrence Hufford of Sanderson authorized the announcement of his candidacy this week. Hufford is seeking the post of representative of the 100th Legislative District of Texas which is now being filled by Mrs. Dorothy Gillis Gurley of Del Rio.

Mr. Hufford, 34, was born in Raton, N. M., and has been employed on the T&NO Railroad since 1941. He, with his wife and two children, have lived in Sanderson for the past eight years. A student of the American Extension School of Law, Chicago, Mr Hufford feels that he is qualified to fill the office as representative because of his knowledge of the present laws and his interest in tribution of the tax burden.

"There are many matters legislation that have been left undone," Hufford stated, "and I feel that with the people's interest at heart and an understanding of the needs. I could represent the people of this district with credit to the office.

"In a state as large as Texas and with the natural resources we have, I can see no reason for our state finances being inadequate to maintain the needs of all departments of government," he said, "with the proper equitable taxation, particularly as applies to the natural resources and certain transportation industries.'

Hufford is a member of the Methodist Church of Sanderson and holds membership in the B of LF&E. His two children, a daughter, Cecil, age 11; and a son, Larry, 8, are attending the public schools in Sanderson

the hen and the egg question which came first? Does purchasing power or production come first? It's a good question. Let's go back to the beginning. God created the Heavens and Earth. Then Adam and Eve were created. They were placed in a world with natural resources on every side, but no wealth. They couldn't buy a thing. To survive they had to devise ways of getting food, clothing and shelter from the fields, the forests, the animals, and streams Thus they had to produce. They had to take a natural resource and make it into a usable commodity. Then it was worth something. Then it was wealth.

Men and women everywhere are deciding that Chevrolet for 1954 gives more for the money than any other car in its price range. Here are the reasons why . .

New style-more beauty of line, contour and color-with stunning new Bodies by Fisher and luxurious new modern-mode interiors. Now power-more pickup, more passing ability, more smoothness vanced 1954 engines—the thoroughly proved "Blue-Flame 125 engine teamed with Powerglide (available on all models at extra cost) or the thoroughly proved "Blue-Flame 115" engine!

New economy-yes, even stronger gasoline savings-because bell of these great high-compression engines are designed, engineers and built to wring more power from every charge of fuel. Moreover, these new Chevrolets remain the lowest-priced by

in their field, again this year. Come in . . . see and drive the new 1954 Chevrolet . place your order now!

with your TELEPHONE bill?

OUT OF YOUR TELEPHONE BILL last year was paid an average in Texas of \$42.36 per telephone in taxes. Of this amount, almost half - \$18.96 - was Federal excise or "luxury" tax. This tax we simply collected and turned over to the Federal government, at the rate of 15 per cent on your local service and long distance calls costing less than 25 cents, and 25 per cent on long distance calls costing 25 cents or more. If you subtract this tax from your bill, doesn't the actual cost of your telephone service look like an even better bargain than you thought it was? SOUTHWESTERN BELL . A TEAM OF 27,000 TEXAS
