

Little League Race Tightens

As Friona's Little League baseball season goes into the home stretch, Brookfield Drilling and Friona State Bank are tied for the lead in the intermediate division.

Brookfield posted two wins during the past week to move back into a tie for the top position, which they had surrendered the previous week to the Bank team.

Brookfield defeated McCaslin Lumber 12-10 Friday night, and then on Monday night took the measure of Reeve Chevrolet, 8-4.

Meanwhile, Friona State Bank was splitting two games, losing to Associated Growers Friday night, 10-6, and coming back Monday night to defeat Star-Hurst, 5-2. Both the Bank and Brookfield now have 6-2 records with only two games remaining.

In third place and still in the running for the league championship is Associated Growers with a 4-3 record. Growers still has three games remaining to play.

In another intermediate game last week, Reeve Chevrolet defeated Star-Hurst, 2-1. The win moved Reeve into a tie for fourth place with Star-Hurst, both teams having 3-5 records. In the cellar is McCaslin Lumber, with a 1-6 mark.

In Pee Wee action this past week, Friona Motors lost its first game of the season but still maintained a one-game edge over Farmer County Pump.

In the only Pee Wee game played, Co-op upset Motors 10-8.

Motors is on top of the league with a 4-1 record, Farmer Co. Pump is 3-2, Ethridge-Spring and Co-op are both 2-3, and Rockwell Bros. Lumber is 1-3.

Hub Grain continued its domination of the Babe Ruth League in last week's action by taking an 8-3 win over Chester-Fleming Gin. Farmer Co. Imp. also handed Chester-Fleming a defeat, beating them 9-7 on Thursday night.

The Babe Ruth standings find Hub Grain ahead with a 4-0 mark, Herring Implement at 2-1, Farmer Co. Imp. at 1-2, and Chester-Fleming still winless at 0-4.

The remainder of the schedule in the Babe Ruth League is as follows:

- July 6--Parmer Co. Imp. vs Herring Imp.
- July 8--Hub Grain vs. Parmer Co. Imp.
- July 13--Chester-Fleming vs. Herring Imp.
- July 15--Herring Imp. vs. Hub Grain.
- July 20--Parmer Co. Imp. vs. Chester-Fleming.

If any of the three leagues finish in a tie, a playoff will be played, says Vernon Scott, director of the baseball program.

Following the wind-up of the regular season play and the playoffs will be all-star games in each league.

Dates for the all-star games and the players will be determined at the end of the season, Scott says.

VOLUME 38, NUMBER 40

SECTION I

Mrs. Clements Postmaster

Mrs. Roy Clements has been appointed acting postmaster at Friona, succeeding Leo McLellan, who has held the position for the past 7 1/2 years.

The appointment was effective June 22.

Just what effect the appointment of Mrs. Clements to the acting postmastership will have on previously announced plans for an examination for a permanent postmaster is not known.

Congressman Walter Rogers announced several weeks ago that the Post Office Department had been requested to conduct an examination with reference to the appointment of permanent postmaster.

However, no further word has been received on the exam.

To be eligible for a permanent appointment, a person must first take the postal examination and have one of the top three scores.

Condition Improved

The condition of John L. (Leroy) Collier, who is in an Amarillo hospital recovering from self-inflicted gunshot wounds, is much improved, according to reports from relatives.

Collier, who is in St. Anthony's Hospital in Amarillo, can now have visitors.

The Friona farmer shot himself in the chest with a gun last Thursday afternoon at his home south of town. The shot missed Collier's heart, and after undergoing surgery, he is reportedly recovering satisfactorily.

THE FOURTH OF JULY, OLD GLORY AND FIREWORKS all go together, or so believes Mike Wooley and Tim Rhodes, who pose here with the items which are symbolic of the day, Mike is the son of Mr. and Mrs. Bill Wooley and Tim is the son of Mr. and Mrs. Aubrey Rhodes.

Fourth Marked Quietly

Other than the usual loud sounds which go with the customary shooting of fireworks, the Fourth of July was marked quietly by most Friona residents.

All but a few of the businesses closed for the day, and for the most part Independence Day activity was limited to short trips and a day at home.

The Friona Police Department said that there were only a few minor disturbances,

mainly from youngsters who were celebrating the long holiday week end holiday with fireworks.

At times, traffic was unusually heavy on the highway through town, but no accident or traffic fatalities were reported in Friona or anywhere in the county.

No special events were conducted locally in observance of the day.

Two Teachers Hired At Friona School

Two new teachers have been hired and two more teachers have resigned at Friona Schools, it was announced this week by Alton Farr, superintendent.

The two new teachers who will join the faculty next year are Wayland Ethridge, commercial teacher, and Mrs. Dalton Caffey, home economics.

Ethridge, whose home is in Muleshoe, will receive his bachelor of science degree at West Texas State College in August and will then move to Friona. Mrs. Caffey, who lives in Friona, will rejoin the faculty after a two

year absence. Farr also announced that Mr. and Mrs. W. K. Huff, who have taught at Friona for the past two years, have resigned to accept similar positions at Wichita Falls.

Huff has been the seventh and eighth grade science teacher and Mrs. Huff has taught high school home economics.

In all, there are still five vacancies in the faculty for the coming year, Farr says.

"We are now working to fill these vacancies and hope to have all of the new teachers hired in the near future," the superintendent says.

Shoot This Week End

The Friona Gun Club has a couple of turkey and ham shoots scheduled for this Saturday and Sunday, July 8 and 9, at the skeet range east of town.

The shoots will get under way each day at 2 p. m. and either a ham or turkey will be presented to the winner of each go-around. Entrance fee for each contest is \$2.

Two Men Fined For Drunkenness

Two Bovina men, Tommy McCracken, 53, and Cecil Crow, 50, were picked up in Bovina last Wednesday by the Parmer County Sheriff's Department, and charged with being drunk.

They appeared before Justice of Peace J. R. Thornton at Farwell and were each fined \$24 and court costs.

(Continued on Page 4)

ONE-YEAR OLD THIS WEEK is the Calvary Baptist Church. Shown above are the new facilities which have been constructed during the year the church has been in existence. The sanctuary has a seating capacity of 270 and the educational unit, at left, seats 200.

Calvary Baptist Marks First Year

Friona's newest church, the Calvary Baptist, will observe its first anniversary this Sunday.

In recognition of the first anniversary, we are working toward an attendance goal of 200 Sunday in Sunday School, says

the Rev. Audye Wiley, who has been pastor of the church since it was organized.

A special service at 2 o'clock Sunday afternoon will feature Bill Sheehan as master of ceremonies, presenting "This is Your Life Calvary Baptist

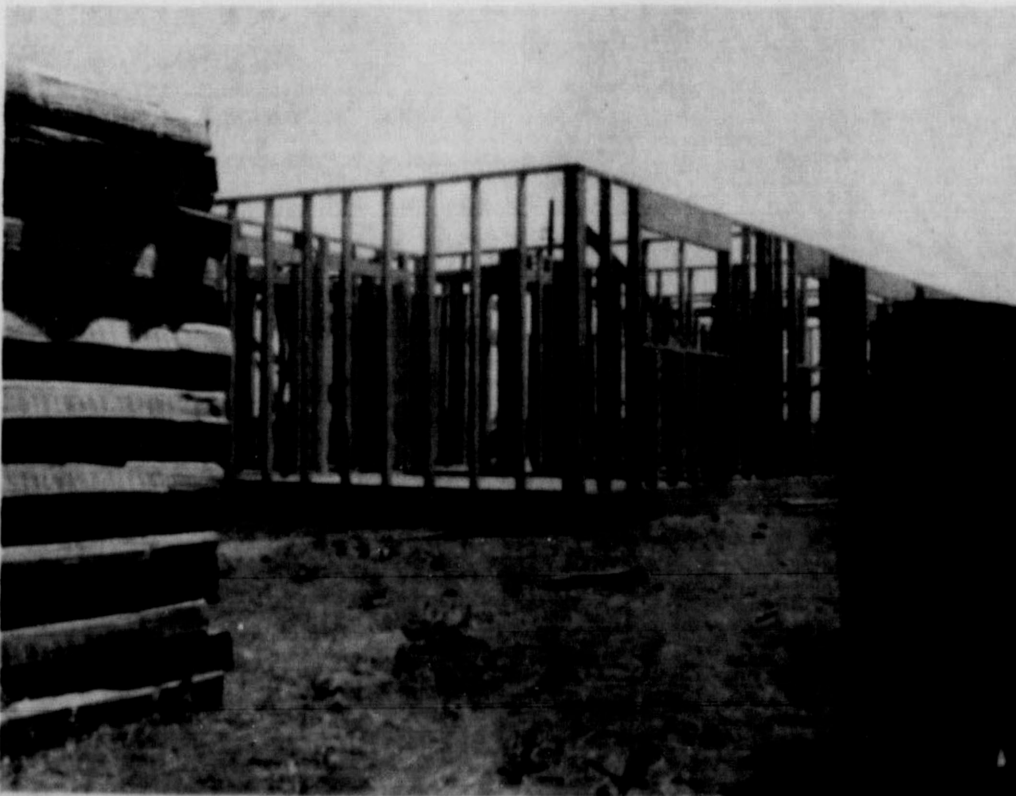

Church." Outstanding accomplishments of the church will be recognized.

Families will bring basket lunches for the noon meal Sunday, to be served at the Church, and Rev. Wiley gives a special invitation to all to attend the

services Sunday.

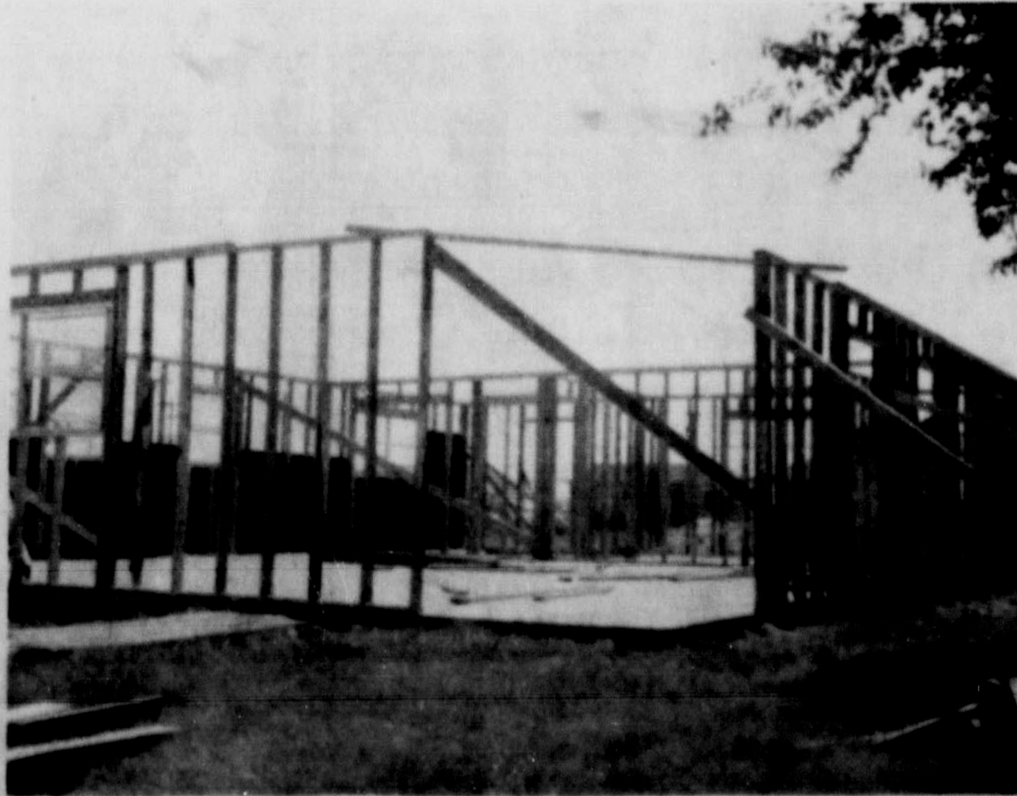

The Calvary Baptist Church was born in the minds of members of the First Baptist Church and was brought about when the First Baptist Church purchased

Residential Construction Picks Up

Building permits issued for the first six months of 1961 were down over the previous year, but indications are that construction is beginning to pick up in Friona. At least, residential construction is, and at the moment, according to

Albert Field, city manager, there are seven new homes in process of being built. The picture at left shows a new home being constructed by George Taylor on Sixth Street. Also, getting in on the act are members of the United Pentecostal

Church who are building a new educational facility (right) adjacent of their church on Fifth Street. The 30x40 structure will include kitchen facilities, rest rooms, and an auditorium to be used for Sunday School and as an auxiliary work room.

3 New Faces On Schedule

When the Friona Chiefs return to the gridiron wars this fall, not only will they have a new coach at the helm but among the 10 scheduled opponents will be three new faces--and each of them should be formidable foe.

The new opponents on the schedule will be Plains, a rugged Class A school from the South Plains; Morton, a AA South Plains school, and Portales, a Class AA school from New Mexico.

The three schools replaces Ft. Sumner, Sunray and Stratford on the Chiefs' schedule.

Coach Kenneth Miller will put his charges through their first workouts on August 14 this year and the first game is scheduled for September 1. The complete schedule for the year is as follows:

- September 1--Farwell at Friona.
- September 8--Friona at Plains.
- September 15--Morton at Friona.
- September 22--Friona at Roswell NMMI.
- September 29--Portales at Friona.
- October 6--Friona at Muleshoe.
- October 13--Tulia at Friona.
- October 20--*Friona at Dalhart.
- October 27--*Friona at Dimmitt.
- November 3--Open Date.
- November 10--Canyon at Friona.

*Denotes conference games

FRIONA**

WITH JUNE

Someone once said, "If life hands you a lemon, make lemonade of it." Think this philosophy is fine and its application led to two of the most pleasant experiences I've had this week.

Monday afternoon I went to the Community Room of the Friona State Bank to make a picture of home demonstration club ladies who were having a meeting there. After the ladies very graciously accepted my intrusion, the flash on the camera would not work properly.

It was necessary for me to return to the office before I could complete my task. The only person there that wasn't particularly interested in the club meeting was Susan Symcox. She was a pretty little girl and accepted my invitation to accompany me to the office.

On the way over she informed me that her family was going to a wedding anniversary party for her grandparents. She was only five, but knew her grandparents lived at Walnut Springs and that their name was Rundell.

When I asked her what her grandfather's name was, she replied, "Oh! They don't either one have any name except Grandmother and Granddaddy Rundell."

Getting acquainted with her and visiting with her was a pleasant experience I would have missed had I not had trouble with the camera.

Then Tuesday afternoon visiting briefly with the Carl Schlenker family and Mrs. Floyd Schlenker turned an unpleasant situation into a pleasant afternoon. About 12:30 Claborn's ambulance went west of town, so I decided to follow it.

After checking I found that directions available to its destination were rather vague, but decided to take a chance on following its course about half an hour after it had left town. After driving west about eight miles, I met the ambulance coming back to town. I had been informed that the ambulance went west to the curve then turned north, so felt sure Carl Schlenker could direct me

from his home. Although he knew nothing of an accident or an ambulance, he was very helpful in calling neighbors and soon found out that it wasn't in that vicinity. Before starting back to town I called in to determine the exact location and stopped at Mrs. Floyd Schlenker's to borrow her telephone.

A quick call to town produced the information I needed, but visiting with Mrs. Schlenker a few minutes more than made up for the irritation I was beginning to feel because I couldn't speedily finish the job I had set out to do.

In Mrs. Schlenker's kitchen I saw something that you rarely see in this section of the country. She had made several jars of apple jelly and butter from apples she picked off a tree in her backyard. The trees were put out by her late husband a few years ago.

Hope this column has better luck finding a dog this week than it did early in May. Marcella Massey, daughter of Mrs. Elaine Massey, who lives in the first house south of the swimming pool has lost her Pekinese and is very anxious to get it back.

If anyone sees or hears of such a dog, please contact Marcella at home or Mrs. Massey at 4811.

Monday will be 5 Day in Friona. Several stores will be beginning July clearance sales and bargains will be found in many articles of summer clothing. Everyone in the area should shop Friona stores before going elsewhere to buy merchandise that is available locally.

Mary Ann Stacy Returns Home

Mary Ann Stacy, daughter of the M. J. Stacys, returned home Tuesday morning. She has been a surgical patient at Baylor Hospital at Dallas for several weeks. She was accompanied on her flight from Dallas to Clovis by her grandmother, Mrs. Bomar Moore of McAllen.

Mr. and Mrs. Stacy and Bomar Moore met the couple at the Clovis Airport. The Moores, parents of Mrs. Stacy, plan to spend several weeks here.

Miss Stacy is convalescing from brain surgery and is reported by her mother to be making remarkable progress.

Miss Bana Gant from Fort Worth is visiting with Suzanne Taylor for several days.

Father Of Frionan Buried Tuesday

Charles M. Anderson of 316 Reid, Clovis, 77, died at his home Saturday morning following a heart attack. Funeral services were conducted from Steed Memorial Chapel at 1 p. m. Tuesday.

Survivors include one son, Clyde of Portales; two daughters, Mrs. Ruth Prather of Clovis and Mrs. Mae Wilson of Friona, four grandchildren and five great-grandchildren. Burial was in Clovis Cemetery.

Second Daughter Born To Smileys

Mr. and Mrs. Ronald Smiley became parents of a baby girl Monday, June 12 at Parmer County Community Hospital. She weighed 7 lbs. 3 ozs. and was named Vickie Gail.

Vickie Gail has a brother, Mitchell Dean and a sister, Cynthia Jean. Grandparents are Mr. and Mrs. D. P. Smiley of Roaring Springs and Mr. and Mrs. Gene Bracken of Friona. Mrs. C. W. Bracken of Friona is a great-grandmother.

Rebekah Family Night Slated

Plans have been completed for the Rebekah family night supper at the American Legion Hall Thursday evening at 8:30. Each family is asked to bring meat, salad and dessert.

Other items to be included on the menu will be furnished by the lodge. Members of the lodge urge all members to make plans for entire families to attend this event.

Guests in the Edelman home Sunday were Mr. and Mrs. Kenneth Poss and Patsy of Plainview. Mrs. Poss is the daughter of Mrs. Mary Officer and sister of Mrs. Edelman.

Farm Facts

8 BALES OF COTTON HAVE BEEN GROWN ON A SINGLE ACRE.

Scout Troop 56 On Camping Trip

Seven boys of Scout troop 56 left Friona Sunday afternoon to spend a week at Camp Don Harrington accompanied by Scout master, Hayden Cason, and assistant master, Preach Collier.

Scouts making the trip were Jimmy Kregg, Ricky Hurst, Ronny Altman, Tim Rhodes, Jim Bob Jones, Kim Buske and Terry Fite.

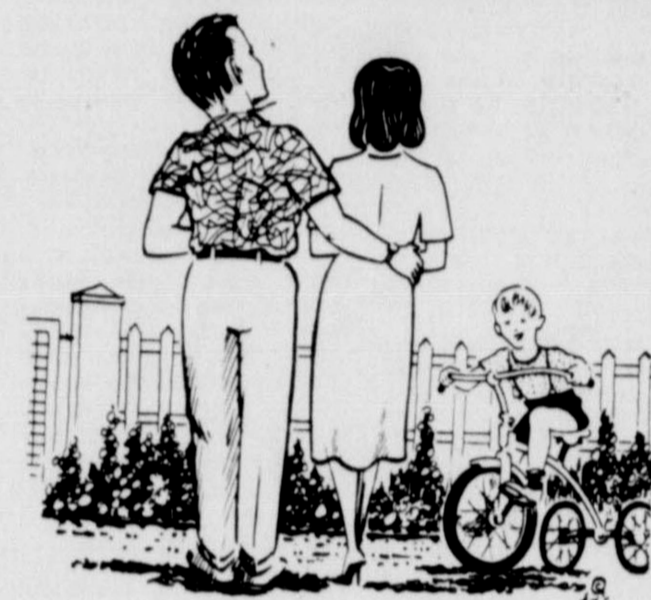

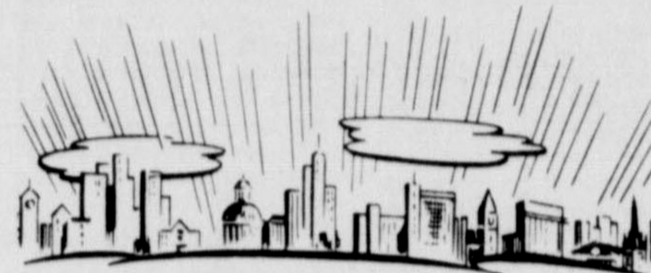

there's **GOLD** in them thar hills

and we put lots of it there

GOLD... represented by Prosperity, Growth, Wealth... abounds in the larger cities today. But it's a sort of non-portable, one-way type of gold—people living in the smaller communities like ours can't just go up into the stone and glass hills and canyons with our burros and bring loads of it home.

As a matter of cold, hard economic fact—this gold—this wealth—in our neighboring metropolises is not for us to enjoy... unless we're ready to move there and live with it. Yet, our Trade, our money... carried to them on our shopping pilgrimages... has importantly helped in their enrichment.

The same money... kept in the trade channels of our own community... will put more gold where we can enjoy it ourselves—the gold of Prosperity and Growth.

THE FRIONA STAR Two Lads Injured In Wreck

RICHARD HAPKE, Editor

Entered as second class mail matter July 31, 1925, at the post office in Friona, Texas, under the Act of March 31, 1897. Published each Thursday.

In Farmer County \$3 Per Year
Elsewhere \$4 Per Year

Symbol Of Freedom . . . A Little Out Of Place ?

Corn And Grain Sorghum Now Under Government Control--
What Next?

In Wreck

Two Friona lads, Reggie Hays and Donald Busby, escaped serious injury last Wednesday morning when the brakes failed on a truck in which they were riding and turned over on top of a moving car near Adrian. Busby was treated at an Amarillo hospital following the accident for cuts and bruises. Hays, who was driving the truck loaded with grain, and the two passengers in the car, received only minor injuries and was not hospitalized.

The accident occurred about 11 a.m. Wednesday as Hays approached an intersection of a county road and Highway 66 and discovered that the truck had no brakes.

As he attempted to turn onto the highway, the truck overturned on top of a car in which Mr. and Mrs. Harry Brown of Cherry Valley, Calif., were riding.

Both vehicles were damaged extensively and the 20,000 pounds of grain on the truck spilled on the highway.

The truck belonged to the Lewellen Brothers of Friona, who were in Adrian area harvesting wheat. Hays and Busby were employed by Lewellen Brothers.

Drama Association Will Hold Meeting

The association for producing a great historical musical play about the Texas Panhandle in the Palo Duro Canyon will hold a meeting on Sunday afternoon, July 9 at 3 p.m. in the air-conditioned Branding Iron Theater on the West Texas State Campus at Fine Arts building on Highway 87.

Speaker for the afternoon will be Robert Nail, writer-producer of the great outdoor show "Fandangle" which has run for many years in Albany, Texas. Mr. Nail will talk on "Recruits and Rewards in Outdoor Spectaculars."

Ask your dealer about a real cool extra-cost option—Chevrolet air conditioning.

SPORTS AFIELD

By Ted Kesting

Trophy does, those with racks, are scarce commodities. One female in about 3,000 is the rate of occurrence according to Pennsylvania authorities. — Sports Afield.

Largemouth bass seldom move any distance from the place where they hatched. An exception to the rule was an eight-year-old seven-pounder tagged by the Missouri Conservation Commission on Muncy Cove of Bull Shoals. The next time it was heard from was on the Arkansas portion of Bull Shoals, 18 miles from the tagging site. —Sports Afield.

Ghost Lake in northern Wisconsin produces about 125 muskellunge every season. That's about one musky (30 inches or better) per three acres of water. —Sports Afield.

The Indian antelope, otherwise known as the black buck, stands 32 inches at the shoulder and weighs about 90 pounds. Its tall, beautifully spiraled horns sometimes twist as high as 25 inches. —Sports Afield.

"What are you putting in your pocket, Jack?"
"That's a stick of dynamite. Every time Riley sees me he slaps me on the chest and breaks all my cigars. Next time he does it, he's going to blow his darned hand off."

Borrowing Can Be A Pleasant Experience --

WHAT IS IT?--With the installation of a water system, the greens and fairways of the Friona Country Club Golf course have been planted to grass and are being watered daily. As soon as the grass is up, which should be about 90 days from now, the course will be ready for use.

The patient fumbled his pockets as he stepped into the dentist's chair. "You can pay me later," the dentist said. "I know," the man replied. "I'm just counting my cash before I take the gas."

It's Great to Be **NEEDED**

IN a community like this of ours, you don't have to be rich, or a genius, or the right man's son-in-law, to be useful and respected. Here there is room and opportunity for the fulfillment of every man's true destiny—service to his fellowman—in contrast to the case in great population centers, where it is the role of millions of modestly endowed folks to live out their lives in obscurity.

★ Here there is more satisfaction in living, and broader opportunity for the development of latent genius in leadership. Consequently, from the smaller communities like ours have come virtually all of our country's great men.

It is our obligation to ourselves and to our children and grandchildren to keep our own particular unit of real American life vigorous and intact economically by consistent patronage of home business, that we may preserve this vital way of life... and its contribution to our country's greatness.

Calvary Baptist--

four acres of land in the north part of town.

The church was first organized as the Calvary Baptist Mission on June 12, 1960, and members first met in the American Legion Hall.

Membership grew rapidly and the mission was organized into the Calvary Baptist on July 10, 1960. The church has enjoyed an unusual growth, with 119 members being added since last July.

The present church facilities include a sanctuary which will seat 270 persons and educational space to care for 200.

Mr. and Mrs. Ralph Roden and Mrs. H. L. Outland spent the 4th of July holiday in Weatherford, Okla. visiting with Mr. and Mrs. Jon Mack Roden.

Rainbow Assembly To Have Hobo Day

Friona Rainbow Assembly No. 275 will have a Hobo Day, Saturday, July 8, under the direction of Mrs. Eula Akens. The girls will do odd jobs such as ironing, washing windows, mowing lawns, cleaning house and etc. They will be available during hours from 8 a.m. to 4 p.m. For further information call 5231 before Saturday.

Attention Rainbow Girls: The formal meeting, July 17, has been set up for 3:30.

Mrs. Ella Dukes returned to her home in Lubbock after spending a week in the home of her parents, Mr. and Mrs. R. G. Wiley.

Guests in the home of Mr. and Mrs. Elvin Wilson last week were Mr. and Mrs. Hughes Millard and daughter, Darshan, from Faith, S. Dak. Mrs. Millard is the sister of Mr. Wilson.

Jill Blackburn of Albuquerque has visited in the homes of her grandparents, Mr. and Mrs. Howard Mayfield and Mr. and Mrs. T. E. Blackburn, and other relatives and friends the past two weeks.

"So your girl friend jilted you when you told her about your rich uncle?"
"Yeah, now she's my aunt."

WOMAN WHO CAN DRIVE -- If you would enjoy working 3 or 4 hours a day calling regularly each month on a group of Studio Girl Cosmetic clients on a route to be established in and around Friona, and are willing to make light deliveries, etc., write to STUDIO GIRL COSMETICS, Dept. JW-42, Glendale, Calif. Route will pay up to \$5.00 per hour. 37-4tc

SHERIFF'S SALE THE STATE OF TEXAS County of PARMER

NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable 99th District Court of Lubbock County, on the 22nd day of June 1961, by the Clerk of said Court for the sum of Five Hundred Sixty-seven and 10/100ths--Dollars with 6% interest thereon from June 19, 1958, till paid, plus \$75.00 attorney's fees and costs of suit, under a judgment, in favor of Plaintiff in a certain cause in said Court, No. 34,376 and styled MUNICIPAL INVESTMENT CORPORATION, Plaintiff vs. OTHO M. HAMMONDS and wife, JOYCE HAMMONDS Defendants, placed in my hands for service, I, CHARLEY LOVELACE as Sheriff of Parmer County, Texas, did, on the 29th day of June 1961, levy on certain Real Estate, situated in Parmer County, Texas, described as follows, to-wit: Lot 10, Block 24, Original Town of Bovina, Parmer County, Texas, And levied upon as the property of Otho M. Hammonds and wife, Joyce Hammonds, and that on the first Tuesday in August 1961, the same being the 1st day of said month, at the Court House door of Parmer County, in the Town of Farwell Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said order of sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Otho M. Hammonds and wife, Joyce Hammonds.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Friona Star, a newspaper published in Parmer County. Witness my hand, this 29th day of June 1961. CHARLEY LOVELACE Sheriff Parmer County, Texas. 40-3tc

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Friona Star, a newspaper published in Parmer County. Something To Think About

6th. Street Church of Christ Box 515 -- Friona, Texas

"Knowledge does not comprise all which is contained in the large term education. The feelings are to be disciplined; the passions are to be restrained; true and worthy motives are to be inspired; a profound religious feeling is to be instilled, and pure morality inculcated under all circumstances. All of this is comprised in education."

This statement, made by Daniel Webster, has great value for our day. The church of our Lord is the greatest educational institution the world has ever known. Matthew's account of the Great Commission emphasizes this: "Go ye therefore and TEACH all nations, baptizing them . . . TEACHING them to observe all things whatsoever I have commanded you . . ." (Matt. 28:19-20) Unfortunately, some very serious mistakes have been made in the process of teaching men the gospel. They are being taught a great deal of Theology, but little Christianity. The emphasis is being placed on the "mint, and anise, and cummin" and the weightier matters of the law, "judgement, mercy and faith" are being neglected. Too much emphasis is being placed on "profession" and not enough on Christian living. Too many religionists are trying to make the pattern (the gospel) fit the product (our way of life). This cannot be, and the plea of the New Testament church has always been, "Thy will, not mine be done; speak Lord, Thy servant heareth."

M. Alvin Askins, Pastor Assembly of God Church

come to church sunday

Travelers approaching the little country village of Insweller, Germany, admire the tall steeple of a Protestant church outlined against the sky. If it is nearing service time they may even hear tolling of the bell which summons people to worship. Their steps may quicken at thoughts of attending church in this country town. But anticipation turns to disappointment as they enter the village, for there is no church! Only a lofty steeple rising abruptly from the quiet street, and a bell rings out to send villagers to a neighboring sanctuary two miles away.

Have you ever thought what it would be like to live in a churchless community? It would without doubt be more noticeable than a steeple without a church.

It is true that the devil has done everything within his power to ruin the church and its testimony. He would be glad to see every town without any churches. We thank God that the devil has not succeeded in our town. We still have churches.

Have you ever thought of spacious churches without any people? The church depends on your presence to help fill the sanctuary. A blessing awaits you when you do attend. Why not attend the church of your choice this Lord's day?

M. Alvin Askins, Pastor Assembly of God Church

JAN EDELMON, daughter of Mr. and Mrs. W.L. Edelman, Friona, has been named as making the semester II honor roll at the University of New Mexico College of Education by dean, Dr. Chester C. Travelstead. Jan is a 1958 Friona High School graduate and is a junior in the University.

Doris Schueler Is Birthday Honoree

Mr. and Mrs. Gilbert Schueler and Mr. and Mrs. Walter Schueler were host to a backyard picnic at the home of the Gilbert Schuelers honoring their daughter, Doris, on her birthday, Tuesday evening.

Following the picnic the group joined others from the Rhea community for ice cream and cake and a fireworks display.

Couples Return From Vacation

Mr. and Mrs. Bud Reed and Mr. and Mrs. Sam Williams recently returned from a two weeks vacation in Truth or Consequences and Raton, N. Mex. They spent most of their time fishing and resting.

Present were Mr. and Mrs. Herbert Schueler and son; Mr. and Mrs. Raymond Schueler and family; Mr. and Mrs. Norbert Schueler and family; Herman Schueler; Mr. and Mrs. Franklin Bauer and family and David Reif, of Liberal, Kansas.

Problems Of Friona Subject At Meeting

Rev. Alvin Askins spoke on "Problems of Friona" at the Interdenominational Women's meeting Friday, June 30, at Union Congregational Church.

Mrs. Bill Nazworth presided at the service with Mrs. Clyde Osborn giving the opening prayer. Hymn organist was Mrs. Carl Maurer.

Mrs. David McVey presented the devotional and a special hymn was sung by Mrs. Wm. Boone accompanied by Mrs. Roy Miller at the piano.

Following the benediction ladies of the Congregational Church served coffee cake and coffee to guests.

Treat your driving as a life-and-death matter. It IS!

Mr. and Mrs. S.B. McSwain of Plainview announce the engagement and approaching marriage of their daughter, Beverly Ann to John Ted Sanders, son of Mr. and Mrs. J.D. Sanders, Friona. The wedding will be Sunday, August 27, in the chapel of the First Baptist Church in Plainview. Miss McSwain is a graduate of Plainview High School and is a senior music major at Wayland Baptist College. Mr. Sanders is a Friona High School graduate and is also attending Wayland where he is a junior math major.

Mrs. Arthur Drake Gives Book Review

Wednesday morning, June 28, the first meeting of the Mekka Circle of WSC was held in the home of Mrs. Guy Latta, circle chairman.

Mrs. Arthur Drake presented a review of Faith Baldwin's book, "Testament of Truth." The story parallels a year to a house and each month as a room. She began with the month of June, the first year month in the WSC year. Carefully summarized excerpts of a chapter was given to each one with a birthday of every month. Mrs. Drake led listeners from room to room and introduced the month and reader of each excerpt.

Mrs. James Boyle gave the devotional, "Our Neighbor's Neighbor." Mrs. Lucy Vestal

4H Club Girls Finish Project

Lazbuddie 4H Club girls met in the home of Mrs. Harvey Blackston Monday, Tuesday and Thursday afternoons of last week to finish making pleated skirts and plain blouses.

Girls attending were Charlotte Seaton, Carol Ann Miller, Judy Kesler and Katie Blackstone. Mrs. Blackstone is leader of the 4H club.

Recent guests in the home of Mr. and Mrs. J.T. Gee were Mrs. Gee's parents, Mr. and Mrs. T.F. Rodgers of Lubbock. Also their little granddaughter, Robin Houston of Canyon.

Mr. and Mrs. C.D. Holmes were recent visitors in Friona. Mr. Holmes is Superintendent at Vanderbilt Schools and was formerly Supt. of Friona Schools.

Mr. and Mrs. J.G. McFarland and boys and Mr. and Mrs. Deon Awrey and family returned home Tuesday after spending several days at Tres Ritos.

Mrs. Leo Pleszewski of New York is a guest in the home of Dr. and Mrs. Paul Spring. Mrs. Pleszewski is Mrs. Spring's mother.

Of Interest To THE WOMEN

Miss McLean Home From Girls State

Miss Jimette McLean recently returned home after representing Friona at Girls State. She was elected senator and appointed to the city council.

Jimette was one of nineteen girls from the 18th District that met at Amarillo and traveled by train to attend the 17th session of Girls State at Austin June 14 through 23. Girls State is sponsored by American Legion Auxiliary.

The state of Texas was represented by 380 girls to compose several cities, counties and a state. Government for city, county and state was studied and officers for same were elected. During legislative meetings the girls presented and passed bills. Speakers were excellent and spoke on Communism, government, Latin America and Civil Defense.

One day was spent in the Capitol for inauguration of the governor and other officers. Meetings were held in the legislative chamber. Also a tour of the Capitol was made.

Before returning home the girls went swimming at Barton Springs and examined a family fall-out shelter.

Mr. and Mrs. A.E. Barnett of Hereford announce the engagement of their daughter, Billie Jean, to Leon Gunn, son of Mr. and Mrs. R. H. Gunn of Dimmitt. The couple plan a July wedding. The Barnetts are former residents of Friona.

Mrs. Jones Honored With Bridal Shower

Mrs. Boyd Jones, nee Linda Crow, a recent bride, was honor guest at a miscellaneous shower in the home of Mrs. J.E. Knight Monday, July 3, from 3 to 5 p.m.

Assisting hostesses were Mesdames A.S. Grubbs, Raymond Milner, Dalton Caffe, Eugene Ellis, Kenneth O'Brian, Russel O'Brian, Nelson Coon, M.B. Buchanan, O. L. Rankin, Dorothy Hough, Glenn Williams and D.G. Hand.

The refreshment table was laid with a white cloth and centered with a floral arrangement of multi-colored flowers. Crystal and silver appointments completed the setting.

Attending and sending gifts were Mesdames Oho Whitefield, Robert Zetsche, Vida Adkison, Buck Fallwell, Nell Adkison, Jerry London, Billy Sides, Bud Milligan, Bill Stewart, Allen Stewart, E. H. Bradshaw, Claude Blackburn, G.B. Buske, W.S. Crow, J. H. Boyle, Tommy Parker, Fred Dennis, Phillip Weatherly, T.E. Lovett, H. L. Outland and W. B. Norwood.

Also Mesdames Bill Buchanan, Leon Hart, Dale Hart, Zaydene Brown, E.E. Deaton, Frank A. Spring, Ruby Barnett, J.T. Gee, Coy Patton, Ennis Cummings, Doyle Cummings, Joe Douglas, Lloyd Cheser, Eugene Anthony, Eldon Towery, Calvin Talley, James W. Cunningham, Wesley Foster, James Bailey, C.S. Crow, Rex Blackburn, Larry Fairchild and T.A.

Paul Springs Host Annual July Picnic

Dr. and Mrs. Paul Spring were host for an annual 4th of July picnic in the backyard of their home Tuesday evening.

Following an outdoor supper the group participated in a fireworks display.

Attending were Mrs. Leo Pleszewski; Dr. and Mrs. Lee Spring and Sylvia; Mr. and Mrs. Frank Spring, Frank A. and Mary Tom; Mr. and Mrs. J.G. McFarland, Johnny and David; Mr. and Mrs. H.K. Kendrick, Danny and Sally; Mrs. H.C. Kendrick; Mr. and Mrs. Dan Ethridge; Mr. and Mrs. J.T. Gee and Miss Libby Bagot of Amarillo.

Dr. and Mrs. Don Boston and children, David, Larry and Laura and Dr. Boston's mother, Mrs. Avis Boston, all of Fort Worth were recent guests in the homes of Mr. and Mrs. R. G. Wiley and Mr. and Mrs. Watson Whaley. Mrs. Boston is the granddaughter of Mr. and Mrs. Wiley.

First Son Born To Ardith Rolens

Arnold Dale is the name of the new son of Mr. and Mrs. Ardith Rolens. He was born Thursday, June 29, in the Farmer County Community Hospital.

The baby weighed eight pounds and eleven ounces.

Grandparents are Mr. and Mrs. A.G. Rolens, Friona and Mr. and Mrs. L. G. Hodges of Denver City.

Lionel Youngs Have Baby Boy

Mr. and Mrs. Lionel Young are parents of a baby boy born Saturday, June 24, at Durant, Oklahoma.

The baby has been named Richard Lionel Jr. and weighed 7 pounds and twelve ounces.

Mr. Young teaches science in Friona High School.

Girls Attend Youth Assembly

Three Friona girls attended the Northwest Texas Conference Methodist Youth Assembly held June 26 through June 30 at McMurry College, Abilene. They were Betty Drake, Beth Akens and Jimette McLean.

Theme of the program was "My Living Bible" and guest speaker was Rev. Bill Kent. The youth participated in workshops, recreation, films, fellowship and worship.

Dinner Honors Mrs. E.R. Day

Mrs. E.R. Day was guest of honor at a birthday dinner given in the home of Mr. and Mrs. D.C. Hester, of Lubbock Sunday, July 2.

Others present were Mr. and Mrs. Emmett Day Jr., Debbie and Danny; Terry, Tony and Brian Hester all of Lubbock and E.R. Day.

Mr. and Mrs. Floyd Crume of Pampa were in Friona Sunday visiting with Mrs. Crume's parents, Mr. and Mrs. Jim Cocannouer.

Guests in the home of Mr. and Mrs. Tom Lewellen last weekend were Mr. and Mrs. A. E. Lewellen and family from Plainview.

Family Dinner Honors Visitors

Guests in the home of Mr. and Mrs. Aubrey Rhodes and Tim early this week were Mr. and Mrs. Sherman Kelly of Fort Worth and Mr. and Mrs. Herman Watkins of Duncan, Okla. Mrs. Kelly and Mrs. Watkins are Rhodes' sisters.

A family dinner Monday honored the visitors. Others present were Mr. and Mrs. Buel Rhodes of Amarillo and Mr. and Mrs. Tom Rhodes of Bovina.

Sue and Ann Baxter spent last weekend in Lamar, Colo. They were house guests of Dr. and Mrs. K. F. Krounsnick.

Mr. and Mrs. Abelardo Ojeda of Maracay, Venezuela are announcing the engagement and approaching marriage of their daughter, Carmen Teresa, to Gaylord Maurer, son of Mr. and Mrs. Carl Maurer. The couple plan an early August wedding at the Union Congregational Church in Friona.

Mrs. Ralph Shelton Hosts Kolwvia Circle

Members of Kolwvia Circle of the Methodist Church met in the home of Mrs. Ralph Shelton Wednesday morning, June 28, for a regular monthly meeting.

Mrs. Eugene Ellis presided at a business meeting and read the prayer calendar. Opening prayer was given by Mrs. Joe

Auxiliary Has Family Supper

Members of the Fireman's Auxiliary entertained their families with a supper Thursday evening, June 29, in the Friona Club house. This is a regular affair that is held every fifth Thursday of the month. Menu consisted of cold cuts, salads, cakes, punch and coffee.

Ralph Shirley, presented a film on "Safety" that was narrated by Bob Hope.

About 50 was present for the occasion.

Mrs. Andy Hurst presented the program "Purpose Becomes Active." Three skits were given. The first one was on India with Mrs. Deon Awrey, Mrs. Joe Moyer and Mrs. Bill Baxter participating; Nepal by Mrs. Kenyth Cass and Talwm was presented by Mrs. Ellis and Mrs. Ernest Anthony. Mrs. Ellis served rolls and coffee to two new members, Mrs. Jerry London and Mrs. Clyde Weatherly and Mesdames Ellis, Anthony, Newt Gore, Awrey, Moyer, Cass, J. G. McFarland, Hurst and Baxter.

Mr. and Mrs. Seldon Smith from Hobbs, N. Mex. were holiday guests of Mr. and Mrs. Cap Dennis. Mr. Smith is a brother of Mrs. Dennis.

Mrs. Robert Duke and Don Budy returned to their homes in Clarksville, Tex. after spending several days in the home of Mr. and Mrs. R. L. Duke.

- DEEP, UNIFORM PENETRATION
- MOST RUGGED FRAME
- SUPER-TOUGH, CROSS-ROLLED, HIGH CARBON, HEAT-TREATED DISCS
- EASY-TO-ADJUST DISC ANGLE
- EASY TO PULL, EASY TO MANEUVER
- WHEEL-MOUNTED FOR EASY MOVING FROM FIELD TO FIELD
- PERMANENTLY LUBRICATED SEALED BEARINGS

Extra length . . . high speed . . . no clogging. Front gangs can't throw trash directly into wheel or rear gangs . . . a definite advantage in trash or heavy stalks. Extra length permits high speed harrowing because there is no "fish-tailing" or "galloping."

Discs hold edge longer because special heat treating and tempering eliminate warping and give proper hardness to resist wear. They are also cross-rolled to stand heavy impact without splitting or curling. Discs are spaced 7 1/4 inches apart. 18 and 20-inch plain or cutaway discs are available.

Extra-strong scrapers are built to withstand pressure from toughest roots and stalks. Rigidly mounted on angle frame. Scrapers can be adjusted individually and as a group for best cleaning and easiest pulling.

A BUMPER WHEAT CROP was just a little more than one Bovina elevator could handle and part of the golden grain had to be piled on the ground. Here, workmen at Bovina Wheat Growers are shown loading the grain and putting in the elevator Tuesday as storage space becomes available.

Wheat Production Hard To Believe

Elevators Report 5 1/2 Million Bushels

Farmer County farmers have just completed what was the most mammoth wheat harvest of all time.

So great was the quantity of grain handled by county elevators, that it had those persons who make a habit of trying to estimate the overall county production shaking their heads in bewilderment.

It is impossible to arrive at an exact figure on wheat produced in the county, but a check with most of the major elevators in the county revealed a staggering 5 1/2 million bushels -- about a million bushels over last year's total which was also an all-time high.

Most of the elevator men in areas where part of the wheat was likely to have come from another county were asked to estimate what they thought was produced in Farmer County. Even by deducting what they believed came from out of the county the remaining quantities totaled 5 1/2 million bushels.

Last year's total wheat production was estimated at less than 4 1/2 million bushels. Prentice Mills of the Farmer County ASC office estimated that about 95,000 acres of wheat were harvested in the county this year. By dividing this acreage into the overall production, the average yield would figure out at about 57 bushels per acre.

That figure is above what the majority of the elevator men estimated the average yield to be. Most of them thought that the average yield on irrigated wheat would be around 50 to 55 bushels. The dryland

acreage, which is relatively small, would have brought the overall average down some from that.

There are several reasons why the 5 1/2 million figure may not give the true picture, even though it was arrived by the same method used in past years, which has generally given a realistic picture.

Only fourteen of the 16 elevators in Farmer County, in addition to one in Texico, were contacted. Two of those elevators did not reveal the amounts of grain they had handled.

Those reporting, however, represented all of the major elevators in the county. Naturally, some of the grain which the county elevators received came from out of the county, but as one elevator man said, "Probably some of the grain produced in the Farmer County went to elevators in Curry, Deaf Smith, Castro and Bailey counties, and in all, it should balance out."

Even though some folks may find the 5 1/2 million figure hard to believe, almost everyone is in agreement that this year's harvest is the greatest ever.

Elevator men reported some irrigated yields as high as 80 bushels, and the men who handled the grain were almost unanimous in guessing the average yield at between 50 and 55 bushels per acre. There were quite a number of 35-bushel dryland yields.

Quality of the grain harvested was termed "exceptional," testing anywhere from 60 to 65 pounds and being dry.

One load of dryland wheat, which came from a field belonging to Edward Schilling, tested 66 1/2 pounds per bushel, according to Mrs. Lloyd Prewett of Prewett Grain Company at Black. There were quite a few loads which tested 65 pounds, and the average this year was about 62.

A factor which made this year's harvest even more unbelievable was that there was some spotted hull damage, especially in the Farwell area. However, on the whole, hull damage this year was not nearly as widespread as a year ago.

Here are some comments of a few of the elevator men who handled this year's crop:

Pete Braxton, Tri-County Elevator, Black: "It (the harvest) was about the best we've ever had. We had the highest yields ever, many of them being 60 bushels and better, and some of them in the 70's."

O. L. McMetrey, Hub Grain Company: "It was the best quality I've ever seen. It all tested heavy, about 62 & 63 pounds, and was dry. I'd say we produced 15 per cent above last year."

Preach Cranfill, Continental Grain, Friona: "It was as good or better than we've ever had. It was good quality and the yields were way above average."

Joe Moore, Sherley Grain Company, Bovina: "It was as good or better than any year we've ever had. There were a lot of yields over 70 bushels and the quality was good."

Herb Potts, Worley Grain, Farwell: "There was a lot more wheat than last year. Even though there was some hull damage, I'd say the average yield was around 50 bushels. There were some as high as 80."

Pat Patrick, Golden West Seed, Texico: "It was the

Clothing Workshops Underway In County

County 4-H Clothing Workshops are underway in preparation for the County 4-H Dress Revue to be held July 14. Approximately forty girls are being taught by trained volunteer adult leaders.

Girls enrolled in first year sewing are making simple gathered skirts of cotton fabrics with elastic bands. Leaders trained to teach these classes are Mrs. Nelson Foster, Mrs. Gerald Ramage, Mrs. Glenn Annear, and Mrs. Freeman Davis. They were trained Thursday afternoon June 22. A second training for leaders will be conducted Thursday morning, June 29 by the home demonstration agent, Miss Ettie Musil.

Trained in second year sewing is Mrs. Glenn Annear. Girls taking this workshop are making

simple blouses. They are learning to lay and cut out patterns, mark fabric for darts, make facing for necklines and sleeves, and hem. Leaders were trained Thursday morning, June 22 in District Courtroom in Farwell.

Simple dresses will be made by third year sewing experienced girls. Problems to be learned will be cutting and marking patterns, sewing darts, facing neckline and sleeves, sewing together bodice and garter skirt with a selvedge stay, hemming, reinforcing underarm seam of sleeve, and pressing finished dress. Leaders trained Friday, June 23 were Mrs. C.W. Tannahill, Mrs. Carl Schlenker, Mrs. U. L. Lesly, and Mrs. Jim Terrell.

Fourth year sewing experienced girls are making simple blouses and pleated skirts. Pleated skirts will have quilted interfacings in skirt band, zipper, and slip stitched hems. Simple blouses will have faced necklines, hemmed sleeves, and reinforced underarm seam with selvedge. Leaders trained Friday afternoon were Mrs. Harvey Blackstone, and Mrs. Joe Jesko.

Girls who were 14 years of age and have been 4-H members 3 years are eligible to make a dress in the Senior Division. These girls will be taught by the County Home Demonstration

agent.

Since all leaders were trained by Miss Ettie Musil, County Home Demonstration Agent, they will all teach as were trained. This makes judging easier in each of the garment divisions.

Winners of the simple skirts, blouses, pleated skirts, and simple dresses will attend the District 4-H Dress Revue in Amarillo, July 28, as special guests. Winner of the senior division will compete with all counties of District 1.

For all practical purposes, managing pullets on the range differs very little from confinement management, says Joe Wakefield of the Poultry Science Department at Texas A&M College. A group of pullets that have been well managed in the brooder house should do equally well when turned onto the range. Close supervision is needed, however, until the birds become adjusted to their new environment.

For all practical purposes, managing pullets on the range differs very little from confinement management, says Joe Wakefield of the Poultry Science Department at Texas A&M College. A group of pullets that have been well managed in the brooder house should do equally well when turned onto the range. Close supervision is needed, however, until the birds become adjusted to their new environment.

Cattlemen To Look At New Farm Legislation

The effect of the omnibus farm bill upon the livestock industry will be in the spotlight at the quarterly directors' meeting of the Texas and Southwestern Cattle Raisers Association in San Angelo.

Traditionally, cattlemen have opposed any price supports and production controls on cattle. Discussions at the TSCRA meeting are expected to center on the effect the new bill would have upon those in the cattle business, and to what extent the bill embraces practices which are related to beef production and marketing.

Other action at the meeting will include a review of the present brand laws in Texas, consideration of submitted

samples for an official emblem for the Association, an analysis of activities of the National Livestock and Meat Board, and committee reports on a number of other subjects of particular interest to cattlemen.

Progress being made by the newly-formed cattle feeder division also will be reported.

Wife--Since God created woman after man, it must follow that we females are an improvement over the original model.

Husband--Oh, come now, My theory is that God had a very good reason for making woman after he made man--He didn't want any advice.

Wants Sugar Investigated

(Editor's note--The weekly newsletter of Congressman Walter Rogers expresses his concern over the domestic sugar program. High Plains farmers have expressed an interest in growing a substantial acreage of sugar beets.)

Last week I introduced H. Res. 364. This Resolution calls for the creation of a Select Committee of nine Members of the House of Representatives to conduct an investigation of the sugar program. I had hoped that this would not be necessary, but after patiently watching blocking tactic after blocking

tactic employed by the sugar interests who now have a strangle hold on this part of our economy, I concluded that the American people were going to be robbed of the facts and the American farmer of his right to produce sugar unless exceptional action was resorted to.

Obtaining passage of this Resolution will be no small task. The present powerful sugar interests will resort to every possible device to continue their control of this lucrative business. Although the American farmer can produce more than enough sugar to meet the demands of this country, these sugar interests are so powerful that they are forcing the importation of 45 percent of our domestic needs, or approximately 4.5 million tons,

at five cents a pound, that would amount to \$450 million, which explains the jealousy with which this control is guarded.

Until this year, Cuba was providing approximately three million tons, of the approximate value of \$300 million. This was taken away from Cuba, but the sugar interests in control blocked the assignment of any of it to the American farmers; farmers who have been bitterly assailed as recipients of Federal subsidies, yet who are denied by law the right and the opportunity to produce a product which can be produced in abundance.

The requirement that this country import 45 percent of a product that can be produced in abundance by loyal, patriotic American citizens, cannot be justified. The American people have been misled to believe that the sugar problem is somewhat akin to the

Einstein theory, thermo-nuclear energy, or cancer research, insofar as complexities are involved. The sugar interests would lead you to believe that it is a problem of such vast complications that it can only be understood by a scientist. I would warn you that the only science involved in the sugar problem is the science of a few monopolists lining their pockets with gold at the expense of the American farmer.

As I said, obtaining passage of H. Res. 364 will not be a simple task. But I would venture the prediction that if this Resolution is passed and the full facts surrounding the sugar transactions during the past several years are made public, it will produce a rather sordid picture.

FOOTSAVING EDUCATION
by James E. Edwards

Are Loafers "Bad" For Children's Feet?
Loafers have not been on the market long enough to say how they will affect the nation's foot health.
A comparison could be made with the wooden shoes worn by Hollanders. Strange as it may seem, those necessarily large, stiff "loafers" developed strong arches because the wearers must learn to use their toes to hold them on as they lift each foot to step forward.
Of this we can be sure, loafers are conducive to removing shoes in the house and there is nothing better for foot health, for posture and good carriage than walking barefoot.

BEGINNING TO ROLL In the Friona area Monday was the 1961 potato harvest. Workers at Friona Growers and Shippers grade some of the Red spuds as they roll into the shed. Quality of this year's crop looks good, according to Kenneth Neill, manager of the shed, but Monday it was too early to tell just what yields would be. Market price for the spuds Monday was \$2.75 per sack.

HD Agent's Notes

BY MISS ETTIE MUSIL

Have you taken time out from your busy summer activities and harvest to see the beautiful farms in the county? The array of green, gold, and brown colors are all a painter or photographer would need for a memorable picture of early summer.

Monday afternoon on my way to and from Friona to attend the monthly County Home Demonstration Council much of the wheat had been harvested. Good soil and water conservation was in practice on many of these wheat fields with farmers plowing or one-waying the wheat stubble back into the soil. This practice will not only improve the soil with organic matter, but keep the soil from blowing away.

Yes, we homemakers are concerned about the wheat stubble being returned to the soil. Not only for the richness of the soil, but also from the standpoint of having less sand blowing and less house cleaning of that fine dust.

Last week I trained ten leaders who will be teaching the 4-H clothing workshops in the county. It was a privilege to work with these interested volunteers who are giving their time to teach 4-H girls how to sew. All girls will model their garments at the County 4-H Dress Revue, July 14. Everyone is invited.

WITH THE COUNTY AGENT

JOE JONES

This week we received a letter from Billy C. Gunter, Area Agronomist, concerning weed control with 2-4-D, that we thought would be of interest to all of you.

Each year we receive reports from many areas of the High Plains about the misuse of 2-4-D in weed control of grain sorghum. The complaints are usually due to damaged cotton.

Remember, 2-4-D regardless of formulation is extremely toxic to cotton and other broad leaf plants and anyone who uses it should be most careful in his application and be prepared to pay damages if he can't operate a sprayer so that drift does not occur.

Listed below are some good points to bring to the attention of all of you in using 2-4-D in control of weeds in grain sorghum. This is particularly timely due to recent rains which have kept farmers out of the fields resulting in below par weed control in grain sorghum.

Points listed below have been established by Dr. Allen Wiese, Agronomist at the Bushland Station, in his research on weed control.

1. It should always be kept in mind that 2-4-D regardless of formulation is extremely toxic to cotton and other broad leaf plants.

2. Grain sorghum should be sprayed when it is from 6-10

inches tall for maximum control of weeds and minimum injury to the grain sorghum. Earlier or later spraying can injure the grain sorghum.

3. Set nozzles so that good coverage of weeds is obtained--this will vary with type of nozzle and fan angle--setting the spray boom low helps minimize drift--about 20 inches above weed tops is usually a good spacing.

4. Never spray when wind is above 10 miles per hour and preferably less. Remember, drift is the thing that is the most dangerous to nearby cotton and other broad leaf plants.

5. Spray pressure should be just enough to make nozzles work 15-20 pounds per square inch. This too minimizes drift. It is extremely important that the low spray pressure be used because high pressure produces small spray droplets which are easily carried by wind.

6. Use only amine salt formulations, low volatile ester formulations, or emulsifiable acid formulations to reduce the hazard of volatility.

7. To further reduce drift use a large volume of total mix, 10 to 20 gallons per acre.

8. One-half pound 2-4-D per acre should be sufficient.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL * OUR STRENGTH

Grass is the ranchman's crop. The way he uses this crop will govern the yield. A high sustained grass yield is the goal of every rancher. Co-operators in Soil Conservation Districts have found that good management of their grassland offers much hope for larger profits through higher beef yields. Treatment practices, such as brush control and range seeding, have increased grass yields greatly, but the management practice--proper range use, must always be practiced to make the treatment practices effective. What is meant by proper range use? This involves the four basic principles of Range management: proper class of livestock; proper number of livestock; proper season of use; and proper distribution of the livestock.

The proper class of livestock for most of the Panhandle of Texas is cattle. The reason for this is because the vegetation of most ranches is grass with few edible browse plants adapted to goats or sheep. The proper number of livestock is usually governed by the grass yield as influenced by site, and climatic factors. The principle of using approximately one-half of the grass crop is practiced by most cooperators. In judging the per cent of use, these ranchmen usually use one of their better grasses as a measuring stick.

Ranges can be grazed heavier after seed production without injury to the plants than during the rapid growth period. It is a well recognized fact that the season of greatest damage occurs during May and June. This is the season of food translocation from root to seed. The practice of moving livestock from one pasture to another during this period to allow seed production has become very popular with cooperators.

Why I Believe In Soil Conservation

(Editor's note: This is another in a series of essays written by Farmer County youngsters on soil conservation. This essay, written by Kitty Black, daughter of the A.L. Blacks of Friona, took third place in a contest covering the Panhandle and South Plains area.)

KITTY BLACK

Why do I believe in soil conservation? I have seen what it has done in Farmer County. Before soil conservation practices were applied, Farmer County was a part of the Dust Bowl. This land depletion by wind erosion was a result of the unwise methods used by the farmers. Because they plowed shallow, didn't use cover crops, and didn't use crop residue properly, the moisture did not soak in but rather washed away valuable topsoil and made the land more susceptible to wind erosion.

Since the proper use of water is a vital factor in soil conservation and crop productivity, it became necessary that the farmers use it wisely, especially when it was discovered that irrigation water could be pumped to the surface without too much difficulty.

Through experimentation it was found that by using a program which included crop residue utilization, crop rotation, improved water application and management, cover cropping, and fertilization, the soil could be both conserved and im-

proved, and crop productivity would increase. There cannot be one set program, however, because each field has its own particular problems. For example, the soil in one field may slow down the movement of air, water, and roots. It may also be susceptible to topsoil loss and surface crusting. These problems can be overcome by the proper application of soil conservation methods.

Today Farmer County is one of the most fertile and productive areas in the state of Texas.

I have seen acres and acres of golden grain, truckloads of luscious vegetables, and bales and bales of cotton leave the fertile fields. I have seen the plow turn the rich dark soil and water gushing from the wells. I have seen what soil conservation can do, and I believe we should practice it for God commanded us to "replenish the earth."

The word good said to a child is always understood, and no one explains it to him.

Joubert

This wonderful Jeanne durrell dress will be the mainstay of your whole Fall wardrobe! A figure flatterer, the bodice is skillfully shaped, the slim skirt softly eased over the hips. The fabric is a blend of acetate and rayon. Wear it dressed up with diamonds, or the office with a scarf! Spaghetti tied belt, or tailored belt. Sizes 10 to 20.

FRIONA

WITH JUNE

Fronians are grateful for a safe and sane Fourth of July. Apparently no one from this city was killed or seriously injured during the four day holiday weekend. Main Street was almost deserted all day and flags were peacefully flying in front of almost every place of business.

Many American flags were also displayed in front of homes in town and in the country. Driving on the Farm-To-Market road west of town three flags were seen flying in about seven miles.

Visitors are always welcome at the Star office and members of the staff appreciate having residents of the area stop in at any time. Thursday afternoon late we had a visitor that those of us who have been here several years were very surprised to see.

Late in the afternoon Leland Boyd, former editor of the Star, stopped by on his return to Arizona after a Central Texas vacation. With him were his wife, Bonnah, and their two children, Darla and Dan.

The Boyds had been visiting his parents at Chilton and hers at Glen Rose. Apparently the hot dry climate of Arizona has been good for Leland. He was heavier than when he lived here and was as brown as any West Texas farmer.

Recall the original Ten Commandments . . .

It is generally believed that parakeets cannot survive long outside of captivity. Seems that one Friona parakeet is trying to disprove that theory. He belongs to Jerre Cochran and has had several experiences unique in the parakeet world.

His first escape wasn't really very exciting. He merely rode out the door on someone's shoulder then spent the night in a tree. A few months later he went outside on a stormy night. Next morning Mike Wilson found him in a snow drift and rescued him.

This experience left him with one leg, but didn't dim his desire for escaping. A few months later he wandered to the C.W. Dixon residence, which was several blocks from the Cochran home, and was later returned to his owner.

Last week he escaped again and the last report I had was that he was still missing. If Jerre gets him back this time, she will be hoping to keep him and at the time constantly expecting him to go exploring around town again.

William P. Cobb Promoted

Those of you who don't read Plowin' Out the Corners by Uncle Zeb in the Amarillo Daily News are missing a treat. He comes up with a lot of good ideas and the column is always cleverly written.

One day this week the following ten commandments as a bit of a guide. It makes us proud of so many of our young people. Stop and think before you drink.

Don't let your parents down. They brought you up.

Be humble enough to obey. You will be giving orders yourself someday.

At the first moment turn away from unclean thinking.

Don't show off driving. If you want to race, go to Indianapolis.

Choose a date who would make a good mate.

Go to church faithfully. The Creator gives us a week. Give Him back an hour.

Choose your companions carefully. You are what they are.

Avoid following a crowd. Be an engine—not a caboose.

William P. Cobb, aviation machinist's mate third class, USN, is serving with Patrol Squadron 47 at Whidbey Island Naval Air Station, Oak Harbor, Washington. He was promoted June 3.

Cobb, son of Mr. and Mrs. Thomas G. Cobb of Route 3, Friona, attended Friona High School before entering the service in January 1959.

NORFOLK, VA., THE TIME ADVOCATE: "We may well ponder the prophetic warning voice by Thomas Jefferson, long ago, when he said: 'When all government, domestic and foreign, in little or great things, shall be drawn to Washington as the center of all power, it will render powerless the checks provided of one government on another. And will become as vernal and oppressive as the government from which we separated.'"
