NUMBER 32

VOLUME XLVII

LISTEN TO LUKE

It was several years ago. The score was 3-2, with my team the little end. The last half of the ninth inning was in progress when home game. Bob singled to first on one. Slim sacrificed to advance Bob. Ed walked, leaving Bob on second and first with one out.

You can imagine my feelings when I came to bat in that crucial moment. You will know the feeling of responsibility as well as determination to fulfill my responsibility to my team. I had been hitting a litany of 200 for the season which meant that I had slightly less than a one-to-four chance of knocking out a runner in a double would probably score two and win the game. A home run would really help it up, but my chances for a grand slam were slim. I chose to try for a single just into center field which could end up in a line to the second baseman and possibly a double out.

Fans were expectant, the runners alert. Silence spread over the field and the field as I came up. The outcome of my trip to the plate at that time doesn't make any difference, but the sense of responsibility remains forever as long as people are alive to play baseball.

Every day, in every life, we are faced with that hitting position for our team. Do you ever think of the "runners" who are at this moment "alert and ready to run" on one of the bases if you will be come through with your bat?

When a runner gets to second, he hasn't accomplished a thing unless he is "brought in". The scorecard doesn't show half-runners. And that of the many "teammates" in the community who have gone as far as they can until we step up to the plate and do some hitting.

And how many runs have any of us scored without being advanced to scoring position, or across the plate by one of our teammates?

Our Chamber of Commerce has some active committees doing a job on some worthwhile projects. They may die on base unless we can work with them as a team and clean the bases with some well-placed hits.

Find out what you can do and then you will go to bat. Study the other — keep your eye on the ball — get that hit — and support your team.

Sanderson has always had its share of competition with other areas in the business world, and probably always will have and should have.

But we have another kind of competition that is another thing, purely in our way of thinking. We have competition from solicitors of one kind or another who come here from other towns, who have no business establishments in Sanderson, taking business out of Sanderson that could stay here and be competitive prices.

It is up to the people themselves to stop this kind of competition. A few trips to Sanderson with very little or no results will soon encourage that type of competition.

There are many people who do not stop to think that if you want to buy a ham sandwich, the place to go is to a cafe; or that a can of beans is available at the grocery. Trade with local legitimate business people when you possibly can and see if your bread doesn't taste off the water a little sweeter than when you eat it.

Most local business men will stand behind the products they normally sell and will be glad to do so. But if your dozen apples are all wormy, try and catch the person who was not, is not and will not be in a position to back up the product he sells you.

Rev. and Mrs. R. L. Butler of Westwater were guests of Rev. and Mrs. J. J. Spurin this week.

POSSIBILITY THAT DAM SITE WILL BE SELECTED THIS MONTH NEAR DEVILS RIVER

According to information released the first of the week by Raul Eschegaray, assistant minister of hydraulic resources for Mexico, the final selection of one of three possible sites under consideration for a second dam across the Rio Grande will probably be made the last

of this month by the United States and Mexican engineers.

Construction on the second dam is expected to begin late next year and the structure will be approximately the size of the Falcon Dam which is located downstream many miles.

The need of other dams across the Rio Grande became very evident following the floods of late June with the heavy damage in the Del Rio and Eagle Pass areas.

The realization that the Falcon Dam was able to save the Rio Rio Grande Valley from future flood damage by the vast amount of water storage possible heightened the interest in the middle dam. It is expected that the site most likely to be picked for the second dam will be near the mouth of the Devil's River.

Juniors, PeeWees To Play Here Tonight

The PeeWee and Junior teams will play the Alpine Centennial teams here Friday night in the first game of the season for both teams. The PeeWee game will be at 5:30 with the Juniors to follow immediately.

Coach Bert Scrivner for the PeeWees and Robert Carle for the Juniors have high hopes of showing local fans winning teams in the games here Thursday night, and will field a large group of boys who are vying for positions on the two teams. Coach Scrivner will rely on speed and deception in his Pee Wee team, while Carle has a relatively heavy team for Juniors and will use that weight for most of his running plays from the single and double-wing formation.

Stolen Car, Youths Returned to Houston

Two Negro youths were apprehended by local officers Friday morning of last week in a 1952 Chevrolet sedan. Investigation revealed that the car had been stolen in Houston, local officers said.

The owner of the car and Houston officers were in Sanderson this week to return the vehicle and the two youths to Houston.

Argentinian Grass Being Tested For West Texas Ranges

A new Johnson grass hybrid which originally came from Argentina and is now being tested by Southwest Research Center may help drought-stricken South Texas ranchers solve their range feed problems.

"The grass apparently will flourish in areas that have little water," said Dr. C. L. Shrewsbury, associate director of the Southwest Foundation for Research and Education. "It produces more tonnage than anything else we know of, and can either be grazed or cut and used as silage or dry feed."

The grass, Sorghum Almun, is a natural hybrid of Johnson and Sudan grass, has a tall, luxuriant growth, and does not spread its roots like Johnson grass.

"It has one drawback," the scientist declared, "in that like other sorghums, it produces prussic acid and is poisonous during the first 10 days of growth. Livestock should not be allowed to graze it until it is 16 inches high."

Tested at Southwest Research Center's experimental nursery since April 1, the grass was first tried out at the Georgia Agricultural Experiment Station.

At the San Antonio nursery, it was watered at the time of planting but not since and, despite scant rainfall, has grown fast. In early September, it stood six feet high compared to 4 feet, 8 inches, for common Johnson grass nearby.

"While this grass may not be the answer to all our needs," Shrewsbury asserted, "it seems good enough to study and observe further. It is the most promising of more than 200 different grasses under test in the foundation's local nursery."

Dr. Shrewsbury declared that if the new grass proved out, its seed would be made available to ranchers in limited amounts in two years.

Mrs. Mary Cox made a business trip to San Angelo last week.

Larger Game Limits Possible If Hunters Aid With Survey

Austin — The Director of Wildlife Restoration of the Game and Fish Commission said a proposed new method of determining game harvest totals will depend primarily on hunter cooperation.

He said the survey will be based on a mailed questionnaire to ascertain what was shot, how much and where.

The reward, he added, providing maximum help is forthcoming from hunters, will be possible liberalization of hunting seasons with more leeway for harvesting several species.

The Director said the survey is desirable to obtain a clearer picture of the annual combined hunters' bag to pave the way for more sound game management policies.

"There is no other way to obtain this information," said the director. "It involves data available only from the hunters themselves. We simply need a more accurate means of learning facts to replace the present custom which is based on estimates."

The director said such polls have been conducted successfully on a regional basis, including the regulatory area West of the Pecos.

Names of the hunters for the inventory will be taken from the Commission's headquarters files of licenses sold. The survey approach, probably on an ordinary postal card, will explain the purpose and include a stamped self-addressed card for the hunter's individual report.

Rougher, Tougher Rodeo Forcast At Texas Prison System

HUNTSVILLE — The 23rd Annual Prison Rodeo, opening at Huntsville Sunday, October 3, will be rougher, tougher, wilder and faster than any ever staged by the penitentiary before. Bigger and better than any of the shows of the past three years, each of which have successively set new records in both attendance and performance. Such is the consensus wherever you go in the Texas prison system. Ask employee or inmate and they'll tell you the 1954 show will out-do all others of the past in both action and performance.

The parachute jump, unique spectacle of a prisoner attempting to drop into the rodeo arena from a plane high overhead that won such popular acclaim and much publicity for the show last year will again be featured. For added attractions and specialty acts, Rodeo Manager Moore has booked some of the greatest names traveling the professional rodeo circuit today. These include the Hendricks family whose fabulous acts have been hailed by rodeo producers everywhere as "the greatest in rodeo of this age"; such famous trick riders as Tad Lucas, probably the First Lady of American rodeo performers; Mitzi Lucas, daughter of Tad and of equal fame to her mother; The Lamb Sisters, Ted and Betty, from Dallas, who have appeared at every prison rodeo since 1950, and the widely-known Gregg County Mounted Quadrille from Longview, who have appeared at every major rodeo in the southwest the past several years.

Reservations for this greater than ever prison extravaganza are available by mail or wire at only \$2.40 each, tax included. Checks or money orders sent to Rodeo Ticket Office, Huntsville, Texas, will receive prompt attention.

Henry Mansfield is driving the gasoline truck for Edward Kerr. He was formerly employed on the John T. Williams ranch, and they have moved to their home in Sanderson.

Greene Cooke and Ruel Adams went to Marathon Tuesday evening to attend a board meeting of the Lions Clubs of this district which includes Marfa, Alpine, Big Bend, Sanderson. The president and secretary of each club were present.

Todd Keck left Tuesday for Los Angeles, planning to be gone for several days, on a business trip.

E. F. Pierson was a business visitor in Marfa, Alpine and Marathon Tuesday.

ROMAN M. ZEPEDA

Roman M. Zepeda, Jr., son of Mrs. Tomasa Zepeda of Sanderson, is completing his Air Force basic military training course at Lackland AFB.

His basic military training is preparing him for entrance into Air Force technical training and for assignment in specialized work. The course includes a scientific evaluation of his aptitude and inclination for following a particular vocation and career.

S.P. Transport Service Begins Here

The Southern Pacific Transport Co., which recently purchased the franchise of the Alamo Freight Lines last week inaugurated motor freight service to this area. Alamo service was discontinued the previous Saturday.

According to J. A. McMichael of San Antonio, district manager of the new transport service, who was through here last week, arrangements are for a daily rail freight car from Dallas-Ft. Worth and San Antonio into Sanderson. At Sanderson the motor freight transport will take over for Marathon, Alpine, Fort Davis and Marfa.

Marfa will become a similar receiving point for motor distribution of rail freight from El Paso and west when the company secures the Big Bend Motor Freight franchise, it is understood. That purchase proposal is now before the ICC, and will complete the Southern Pacific's chain of motor freight franchises across the state if secured.

It is expected that shipment from San Antonio will be made here Wednesday.

At present, it was emphasized, the SP Transport lines are authorized to handle only intra-state shipments under the former Alamo franchise, but applications are in for both temporary and permanent permits from ICC to handle the inter-state shipments as well by motor freight, it was noted.

The motor freight will not make door-to-door deliveries, but will deliver to the depot dock and local deliveries will be made by the same SP facilities that handled local rail freight deliveries.

METHODIST W. S. C. S. TO MEET MONDAY

The Methodist Woman's Society of Christian Service will meet on Monday afternoon at 3 o'clock in Fellowship Hall with Mrs. W. W. Sudduth and Miss Eva Billings as hostesses. Mrs. Irvin Robbins will lead the program.

GARDEN CLUB TO MEET SATURDAY AFTERNOON

The Sanderson Garden Club will meet Saturday afternoon in the home of Mrs. H. A. Smith at 3 o'clock.

Mr. and Mrs. H. W. Halsell returned Tuesday from San Antonio where they had visited with her son, C. E. Yeates, and family, and with her two daughters, Mrs. L. B. Gross, and Mrs. Robert J. Dishman, and their families. Mrs. Carl Cochran accompanied them on the trip to visit with relatives, among them her son, Bill Cochran, and family in Cuero.

Eagles Ready for First Home Game of Grid Season Friday

The Sanderson Eagles have been working steady for the past two weeks following their game with Class AA Alpine, for the first home game of the season. The Grandfalls-Royalty Cowboys, last year's District 4B foe, will come to

Sanderson Friday night. It will be a non-conference game.

Scrimmage injuries and injuries sustained in the game with the Bucks have been plaguing the Eagles for several weeks and Coaches Carlton Smith and W. H. Riley are promising nothing more than their best in the management of coaching affairs with the Eagles in this game. Many of the players who have graduated to the Eagle uniform this year saw some action against the Bucks, but their inexperience will be noticeable to football fans Friday night.

Rifle Recovered; Assault Solved In Single Case

Two crimes were cleared up this week when a Mexican was apprehended in Acuna, Mexico.

A 250-3000 was reported stolen about two weeks ago by Boyd Baker, Terrell County ranchman, and local officers were also searching for an assailant of Carl Wilcox, foreman on the Ross Foster ranch in Southeast Terrell County.

Jose Luis Garcia was found in possession of a rifle scope in Acuna, and admitted to officers there the theft of the rifle and scope from Boyd Baker and also admitted the assault on Carl Wilcox, according to local officers.

The rifle was reported hidden in a cave on the Foster ranch and it was found Tuesday.

Hugh Rose To Take Agricultural Census In W. T. Counties

Appointment of Hugh F. Rose of Sanderson as a crew leader for the 1954 Census of Agriculture was announced today by Field Supervisor Walter F. Jackson, Agriculture Field Office, San Angelo.

Mr. Rose, who will direct a force of enumerators who will canvass all ranches in Crockett County and parts of Terrell and Val Verde Counties. He reports on Sept. 20, to the census agriculture field office at San Angelo for a week of training.

The crew leader is one of the key people in the field operations of the Census of Agriculture. It is his responsibility to train the enumerators and supervise their work; plan and allocate work assignments; review the work of the enumerators and take remedial action where necessary, and to conduct difficult enumerations.

After attending the training conference, Mr. Rose will return to his district where he will spend three weeks recruiting enumerators, checking district boundaries, and training enumerators in preparation for the start of the census on October 12, 1954.

MRS. D. L. DUKE RECEIVES FRACTURED PELVIS BONE

Mrs. D. L. Duke returned home Wednesday evening from San Antonio where X-rays made by an orthopedist, revealed that she had a fractured pelvis bone. She will be in bed for several weeks recuperating from the injury.

Mrs. Duke was injured two weeks ago when struck by the family car which was rolling after stopping by the roadside when the emergency brake band began to burn, according to reports.

She had accompanied her two daughters and grandson to the football game in Alpine.

Mrs. Clarence Chandler and son, Glynn, left Thursday night for San Marcos to visit with her son and daughter-in-law, AIC and Mrs. Gene Chandler. She accompanied Glynn to College Station where he enrolled for his sophomore year at A&M College and had a treatment for her eye in San Antonio before returning home.

Mrs. Lee Grigsby visited Mr. and Mrs. B. N. Scott in San Antonio last week for several days.

F. F. Baudoin and H. H. Loflin attended the Texas-LSU game in Austin Saturday.

Sanderson's elevation into Class A football this year has put them in a district which will put the Eagles as a definite underdog in all conference games. Their most competitive games will be against non-conference, Class B opponents.

Fort Stockton and McCamey who are Class A district opponents of the Eagles this year, have been rated along with Stanton to go a long way in grid competition this year. Fort Stockton, besides setting their sights on the district championship, have also put their neighboring city, Pecos, on the list for vengeful retaliation this year. Pecos is a Class AA team.

Neither has Fort Stockton forgotten the humiliation of a 12-12 tie in Sanderson two years back which threatened to put them out of the football business that season.

McCamey, a strong and fast team, is scheduled to give the Eagles plenty of trouble this year.

Fans will enjoy the games this season with Grandfalls, San Felipe, and Marfa, with the possibility that the Big Lake Owls will have a team that compares favorably with that of the Eagles in football ability. All of these games will be played in Sanderson, plus the McCamey-Sanderson game.

Kickoff time Friday night will be at 8 o'clock and all local fans are urged to be on hand.

New Arrivals

A son was born Thursday night September 16, to Pfc and Mrs. Weldon Chamberlain of Niagara Falls, N. Y., their first child. His birth weight was six pounds and one ounce.

Mr. and Mrs. H. W. Chamberlain are the paternal grandparents.

A daughter, Beatrice, was born here on Wednesday, September 15, to Mr. and Mrs. Claudio Villegas their fourth child. Her birth weight was six and one-half pounds.

Word was received this week of the birth of Stephen Blane Lemons to Mr. and Mrs. L. W. Lemons of Leominster, Mass. The baby weighed seven pounds and 11 ounces.

L. H. Lemons of Sanderson is the paternal grandfather.

KECK WELL DOWN TO 2570 FEET IN SHALE

The Keck well is down to 2570 feet and drilling in lime and shale, according to a report made Wednesday morning by Bob Keck. The Keck Brothers well is on the John Harrison ranch.

Mrs. Lillian O'Neill, who had been visiting here with friends for a week, left Friday for San Antonio to have a medical check-up. She will visit with relatives in Sabinal until October 1 when she will go to Colorado Springs, Colo., to visit with her daughter, Mrs. L. E. Holen, and family.

Joe Mussey left Friday for El Paso to enroll at Texas Western College for his sophomore year.

SOCIETY - MATERIALISM - ECONOMIC DETERMINISM
Temp. Advance

WHAT IS COMMUNISM?

America is the great prize upon which the concentrated efforts of the Communist world conspiracy are focused. If our nation is to be at the peak of its effectiveness against the rising, expanding power of this Red menace, every citizen must, first of all, understand the facts about it. Today comparatively few people know the true facts about this evil force which already has engulfed nearly half of mankind and whose unchanging goal is the destruction of the Christian civilization and the establishment of a new, Godless world.

What is Communism? The substance of Communism is: (1) Atheism; (2) Materialism; and (3) Economic Determinism. One by one let us examine these three primary components.

The Substance

Atheism: denial of the existence of God. Bakunin, the first Russian disciple of Karl Marx, said to his countrymen: "Brethren, I come to announce unto you a new gospel which must penetrate to the very ends of the world. The old world must be destroyed and replaced by a new one; the first Lie is God; the second Lie is Right. When you have freed your mind from the fear of God, and from that childish respect for the fiction of Right, then all the remaining chains that bind you... will snap asunder like threads."

Materialism: since God doesn't exist (according to Communist materialism), then man is merely a bundle of matter, having no conscience or soul. Through materialistic processes, such as the chemical processes which produce minerals in the earth's surface, man was created. Man's power to think is, in fact, a natural product of matter in its highest form, the brain cells. As one animal among the human race on earth, individual man is insignificant. The race of man is what counts. The individual must be subordinated to collective man, or to society; or, until it withers away in the Communist scheme of things, to the State. The human race, the Communists say, can be improved only through scientific techniques of animal husbandry, the control of physical and intellectual breeding and growth.

Communist Sociology

Economic Determinism: man's economic environment shapes his personality, character and life. No one is individually responsible, in other words, for his own character or thought, his success or failure. All this is determined by economic environment at birth and by the exterior economic factors in life. The Communists say "capitalism is a combination of lottery, greed, exploitation of the masses" creating the "class struggle" and warping people's minds. It must be destroyed, they say, for the sake of improvement of the human race.

Herbert Philbrick, who spent 9 years as an FBI counterspy deep within the Red underground, says: "Inside secret meetings we were taught over and over again that it was impossible for Communism and capitalism to exist in the same world together — one or the other would be destroyed." And Philbrick concludes: "Human society cannot hope to exist with the cancer of Communism. Either one must be destroyed or the other will surely die."

Socialism Too

Communism employs a Socialist economic system. The government owns and operates the industries and farms, and the facilities of distribution. Workers are paid by the government and the government promises financial security to all. The final economic goal of Communism is nation-wide and world-wide collectivism. And the highest promise of Communism is

the elimination, altogether, of central government and overriding laws.

In this final stage, society on earth would be formed of groups of people (collectives) living in perfect harmony, without need of supervisory governing. But this last stage of Communism, of course, never would be reached; and none of its Godless leaders ever expected that it would. It is the glittering come-on. True human brotherhood and love are spiritual qualities of life — and Communism denies the existence of the spiritual quality. Communism, in short, is driving toward creation of a world-wide animal farm over which its dictators would apply the cold science of earth-bound brains. They would be the masters, and the people the puppets. Freedom, worship of God, and human progress would cease to be. This is Communism.

AUSTIN — In designating October 1 to 8 as National Newspaper Week in Texas, Governor Allan Shivers said "it is well to reflect upon the important part a fully informed press plays in our lives."

He continued by stating that "we are learning to appreciate our great press more and more as we see rigorous government control in many other countries suppress the free flow of news."

Shivers saluted the newspapers "great and small" as well as the men and women whose time and talents are used to make America's newspapers "the best on earth."

Newsboys Honored
October 2 has been designated by Governor Shivers as National Newspaperboy Day in Texas.

In an official memorandum he urged Texans to express appreciation and encouragement to their carrier boys.

"They are an important part of the American System of free enterprise and free information," the Governor added.

Official Election Returns
It's now official that Governor Allan Shivers won his third term in office by a margin of 91,956 votes.

Final announcement of the official tabulation was made by the

Student Award Announced

SPECIAL AWARD for her prize-winning 88-page manual on wool is presented to Wynona Brooks, 19, of Kingsport, Tenn. A 1954 high school graduate, Miss Brooks prepared the manual as part of her studies in retailing and merchandising. She won national recognition in the annual competition of Distributive Education Clubs of America, after winning Tennessee's annual award. Making the presentation is Max F. Schmitt, President of The Wool Bureau.

NEW YORK, N.Y.—A 19-year-old student of retailing, who prepared an 88-page manual on wool as part of her studies, has won a trip to New York and a special citation for her achievement. She is Wynona Brooks, 19, of Kingsport, Tennessee, a 1954 high school graduate. Miss Brooks won Tennessee's annual Distributive Education award, and received national recognition in the annual competition of the Distributive Education Clubs of America, held this Spring in San Antonio. Miss Brooks came to New York as a guest of The Wool Bureau

to visit top-ranking textile firms, meet with leading fashion designers, tour the celebrated "garment district," and observe the behind-the-scenes operations of the city's major department stores.

During her stay she received the first annual Wool Bureau award for Distributive Education students. The awards, presented by the Bureau's President, Max F. Schmitt, is being presented each year to the student who prepares the best merchandise manual on wool as part of high school merchandising and retailing studies.

State Democratic Executive Committee which placed its overall totals slightly higher than the unofficial count made by the Texas Election Bureau.

Campaign Spending
Former gubernatorial candidate Ralph Yarborough poked a parting blast at Shivers, claiming the Governor's campaign expense totals "inaccurate."

Yarborough said he reported the true cost of his campaign but "we know the opposition spent many times the amount reported."

Shivers' reply was "no comment."

Yarborough reported \$279,722 in expenditures; Shivers \$285,121. Under Texas laws there is no limit on the amount that any candidate may spend in a campaign.

Democratic Convention
Governor Shivers' political forces came through as expected at the Democratic state convention in Mineral Wells, setting back liberal Democrats by a 4,317 to 1,739 roll call.

Main fight against Shivers' control of the convention came from Harris County's liberal delegation. That group made a last ditch stand to obtain representation on the new executive committee.

November Election
Republican Tod R. Adams, 42-year-old Crockett lawyer will be Governor Shivers' opponent in the General election.

Rep. Dudley T. Dougherty of Beeville will run for the State Senate if a special election is called to select a successor to Senator John J. Bell of Cuero.

Dougherty tried unsuccessfully to unseat Senator Lyndon Johnson in the Democratic primary.

Bell was nominated to the U. S. House of Representatives in the second primary.

Building Increases
Construction work during 1953 will shoot over the \$1 billion mark in Texas, reports the state's construction industry.

Texas cities will spend a total of almost \$7795 million for construction. Federal contracts in Texas will amount to another \$298 million.

gram came from the National City Bank of New York. The firm offered an interest rate of 2.097 per cent. With its last offering the Veterans Land Board will have issued \$100 million in bonds—the limit provided by the State Constitution.

Cattle Killing
Texas ranchers are rushing livestock to market before cold weather sets in. Prospects of another winter with little feed appear on the horizon. USDA officials say showers in the trans-Pecos and High Plains regions helped grass and grain.

but "not enough." General rains are still needed by the whole state according to the USDA's farm and ranch survey. Mr. and Mrs. C. C. Mitchell and Nancy were business visitors Del Rio Saturday.

TIMELY REASONS WHY
You'll always be glad you bought a Chevrolet now!

Now's the time to buy! Get our big deal! Enjoy a new... **Chevrolet** YEAR AFTER YEAR, MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

- You'll stay proud of Chevrolet's lasting good looks. Other low-priced cars don't have the quality look you see in Chevrolet. And if you like Chevrolet's looks now, you'll like its looks always.
- You'll enjoy exclusive features for finer motoring. Body by Fisher—the highest-compression power of any leading low-priced car—the biggest brakes, the only full-length box-girder frame and the only Unitized Knee-Action ride in the low-price field. They're all yours in Chevrolet!
- You save when you buy and when you trade. Even so, Chevrolet is priced below all other lines of cars. And at trade-in time, you'll be ahead again from Chevrolet's higher resale value!
- You'll get a special deal right now. Right now, we're in a position to give you the deal of the year on a new Chevrolet. Come in, let us show you how much you'll gain by buying now!

McKNIGHT MOTOR CO.
Highway 90 SANDERSON, TEXAS

B. E. Carr Named President of W. M. S.

The Baptist W. M. S. met Monday afternoon in the home of Mrs. W. Carruthers, Sr. Mrs. O. D. Carr led the opening prayer after the group had sung the hymn "Ye, the Master's Call". Mrs. Carr then read the first Psalm and gave the devotional on "Trees".

The program on "A Sufficient Savior" and a "Sufficient Savior" stressed the need for leaders to work with youth.

Gray discussed "Youth Frustrated" and answered the question "Are We Afraid of Youth?" Mrs. Carr's topic was "Have Organizations to Help". Mrs. Carr's topic was "Can Lead" and Mrs. Carr's topic was "Excuses As We Make".

Following the playing of "In God's Hands" as a piano solo by Carr, Mrs. A. D. Brown led the prayer.

J. L. Blackwelder, outgoing president, used "Trees" as the text of her installation service. She named the officers to the office of a tree. The new officers installed included: Mrs. B. Carr, president; Mrs. James Carr, vice president; Mrs. W. D. Carr, Jr., secretary-treasurer; O. D. Gray, program chairman; A. D. Brown, mission study chairman; Mrs. Maude Sullivan, devotional chairman; Mrs. L. H. Carr, community missions; S. D. Thompson, stewardship chairman; Mrs. W. O. Belch, pianist; Mrs. Lloyd Cowan, singer; Mrs. J. A. Mansfield, singer.

Mrs. Carr presented a past-president's pin to Mrs. Blackwelder. Program leaders and hostesses for the coming year were chosen. Mrs. Carruthers invited her guests into the dining room for refreshments of cookies, iced tea and salted nuts. The tea table was covered in a lace cloth. Those present included: Mrs. W. D. Carr, Jr.; Mrs. W. D. Martin, Jr.; S. D. Thompson; Maude Sullivan; Mrs. Bridges; J. L. Blackwelder; D. Gray; B. E. Carr; A. D. Carr; V. E. Keyes; H. G. Cates; E. Lemons and Miss Eva Carruthers.

Mrs. J. R. Blackwelder and Mrs. Holmes are employed at the cafe.

Sanderson Culture Club Observes Constitution Day

The Sanderson Culture Club met in the home of Mrs. J. W. McKee Thursday afternoon for the first meeting of the new club year. In the absence of both the president and vice president, Mrs. T. R. Arrington presided.

Following roll call, routine business matters were taken up and then the club voted to change the hour of meeting from 3 to 3:30 on the third Thursday of each month with a recess in June and July. Announcement was made of the eighth district board meeting in Marfa on Tuesday.

Mrs. A. D. Brown was program leader. After displaying a copy of the Constitution of the United States, Mrs. Arrington read the preamble to the Constitution. Mrs. H. A. Smith gave a very comprehensive and up-to-the-minute report of our foreign policy in all parts of the world when she discussed "Foreign Affairs in the News."

During the social hour, the hostess served chicken salad, wafers, cookies and iced tea.

Very striking dried arrangements in driftwood were noted in the living room and dining room. Bright colored petunias centered the lace covered tea table.

Those present were: Mrs. H. C. Goldwire, L. H. Glibreath, W. H. Savage, H. E. Ezelle, H. A. Smith, James Caroline, A. D. Brown, J. W. Byrd, A. H. Zuberbuehler, W. F. Frazier, J. H. Lochhausen, and T. R. Arrington; also two guests, Mrs. E. F. Pierson and Mrs. Ruel Adams.

Nationally Known Flower Arranger To Be In Alpine

The Alpine Garden Club will present Dorothy Biddle, nationally known authority on flower arrangement, in two lectures to be given in the Methodist Church of Alpine on Friday, October 1, at 10 a. m. and 2 p. m.

The subject of the morning lecture will be "Adventures in Table Setting" and in the afternoon, she will present ideas on "Decorating for the Holidays."

Admission will be \$1 per person for each lecture. Members of garden and study clubs in neighboring towns, and all others interested in flower arrangement have been invited to hear this recognized authority on this subject.

Mrs. S. D. Harrison Hostess Thursday For Bridge Club

The Thursday Bridge Club members were entertained in the home of Mrs. Dudley Harrison last week.

The two tables of players included Mesdames C. H. Stavley, John Harrison, A. J. Hahn, Jr., H. E. Fletcher, I. B. Rusk, W. E. Stavley, M. F. Bader and Vic Littleton.

Mrs. A. J. Hahn, Jr., was winner of the high score prize, Mrs. C. H. Stavley, second high and Mrs. John Harrison, low.

Refreshments were served and consisted of a salad plate with tea and coffee.

Hempel-Reavis Wedding Sept. 11 In Austin, Texas

In a double-ring ceremony in the Northside Church of Christ, Austin, Miss Ramonalee Reavis became the bride of Chris Hempel on Saturday, September 11.

The bride is a daughter of Mr. and Mrs. R. D. Reavis of San Saba and Mr. Hempel is a son of John Hempel and the late Mrs. Hempel of Del Rio.

Given in marriage by her father, the bride wore a two-piece street length dress of white lace over pink taffeta with white accessories. She carried white gardenias.

Mrs. James Reavis, sister-in-law of the bride, was matron of honor and Franklina Jordan of Austin was best man.

Mrs. Hempel is a graduate of the San Saba High School and has been with the Travis County Association for the Blind in Austin.

Mr. Hempel, a brother of Mrs. Tommy Billings, is a graduate of the Sanderson High School and is employed by the Highway Department of Engineering in Austin.

After a short wedding trip, the couple is at home in Austin.

Mr. and Mrs. Billings and children attended the wedding.

Mr. and Mrs. Kenneth Litton and family have moved to Dallas where he is employed as commercial agent for the Gulf Mobile and Ohio Railroad in that city. He is the son of E. B. Litton, and they formerly resided in Mobile, Ala.

Mrs. J. O. Little, Jr., '51 Bridge Club Hostess Wednesday

Mrs. J. O. Little, Jr., entertained the '51 Bridge Club Wednesday afternoon. Arrangements of dahlias and other autumn flowers decorated the party rooms.

Mrs. A. J. Hahn was winner of high score prize, Mrs. Robert Carle was second high and Mrs. M. F. Bader, low.

Other guests were: Mrs. J. D. Swanson, H. E. Fletcher, O. T. Sudduth, Herbert Brown and E. J. Hanson.

The hostess served pie, tea and coffee.

Mrs. T. C. Tubb left last Friday for Scott City, Kansas, after receiving word that the condition of her brother, Elton Johnson, who was injured when he was thrown from a horse, was still serious. Mr. Tubb took her to Monahans to make the trip by train.

Mrs. B. E. Carr is employed at Cooke's Food Store in the mornings as a checker.

Mrs. J. D. Swanson spent several days in El Paso last week to have her eyes checked.

ALL GOOD CLEAN BUYS

Ferguson Motor Company

Take a look at the car

This is the beauty that's soaring to new success this year. This is the tomorrow-styled Buick that has record-high V8 power, big-car roominess, the solid comfort of the famed Million Dollar Ride, and sports-car response. Is it any wonder that Buick sells all other cars in America except two of the "low-price three"?

Take a look at the price

This Buick V8 costs just a few dollars more than the so-called "low-price three"!

Take a look ahead

No Wonder - **Buick Sales are Soaring!**

You want a car that will keep its style in the years ahead, and return more dollars when you sell it. That's today's Buick—for with the year-ahead styling that graces this winner—and with all the solid value built into this great automobile—you're bound to command a higher resale price when you sell it. Drop in—look over this beautiful buy—and learn the clincher: With our tremendous volume right now, we can offer you the top allowance on your present car. So you're way ahead on all counts!

The fact is, for just a few dollars less than some models of those "low-price three," you get in this Buick 2-door, 6-passenger Sedan a whole of a lot more automobile—more room, more comfort, more ride steadiness, more V8 power. And that "more automobile for your money" goes for every Buick in the line—the low-priced SPECIAL, the high-powered CENTURY, the extra-spacious SUPER, and the custom-built ROADMASTER. And the proof is in Buick's booming sales figures!

INTERESTING FACTS ABOUT TEXAS

TEXAS LONGHORNS

During the early decades of Anglo-American development of beef cattle industry, the concentration was heaviest on the Gulf Coastal Plains. At this time the Texas beef cow was the Longhorn type, derived largely from the early Spanish cattle, but with some of the blood of cattle introduced by the Anglo-American settlers. The cattle trail movement which began before the War Between the States was over the Chisholm, Dodge or Western, and other trails of that day. It has been estimated that some 11,000,000 cattle went up these old trails.

Marquez-Olivares Wedding Saturday

Miss Gloria Olivares and Alejandro Marquez, Jr., were united in marriage Saturday morning at 8 o'clock in St. James Catholic Church. Rev. N. Femenia directed the exchange of wedding vows using the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Horacio Olivares of San Antonio and the bridegroom is the son of Mr. and Mrs. Alejandro Marquez of Sanderson.

The bride wore a floor-length gown of white lace over satin and a shoulder-length veil.

Her only attendant was her sister, Miss Eva Olivares, maid of honor. Other members of the wedding party were Mr. and Mrs. Rodrigo Munoz, Mr. and Mrs. Rodrigo Perez, Mrs. Susie Zepeda, Miss Gloria Marquez, Miss Mary Salcido, Pascual Rios, Ramon Escamilla and Ray Hernandez. Isabel Castana was the flower girl and the ring bearers were Carlos Garza and Eva Andrade.

Following the wedding, there was an informal reception in the home of the bridegroom after which the couple left for a wedding trip to San Antonio.

Marquez is employed at Frank's Super Station and the bride is employed as a bookkeeper for McKnight Motor Co.

Merger Sought For Two Marfa Banks

MARFA, Sept. 20 — Officials of the Marfa National Bank Friday said they hope to have approval of the comptroller of currency for their merger with the Marfa State Bank by October 1.

Plans for a merger of the two banks have been approved by shareholders of the two institutions, it was announced last week.

If approved, the organization will be operated in the national bank's present quarters here.

Bank deposits are expected to be approximately \$1.2 million dollars. On the July 1 quarterly call by the comptroller of currency, the Marfa National Bank reported deposits of \$1,838,693 while the state bank reported \$1,552,837.

Loans and discounts stated by the two banks were \$669,920 and \$566,481, respectively, as of July 1.

The national bank's president, Frank Barton, is expected to head the new bank as president and chairman of the board. W. E. DeVolin, vice-president of the state bank, will become a vice-president and W. E. DeVolin, Jr., of the national bank will continue as cashier.

PERSONALS ...

Harry des Landes, who had visited here with friends for several weeks, left Wednesday for El Paso to visit with relatives and friends for two weeks before returning to his home in Los Angeles, Calif.

Fred McMahon of Penwell, Tex., visited here with his sister, Mrs. Ola Rutledge, over the week end.

Mrs. Ed Lacy left Wednesday for San Francisco to meet her son, A-1c Fitchey Magill of the US Air Force. He has spent two years in foreign service. His ship will dock the last of the week. From San Francisco they plan to go to Tucson, Arizona, where Miss Ginger Magill of San Antonio will join her family for a few days' visit. Another son of Mrs. Lacy's, Bill Magill, is living in Tucson.

Mr. and Mrs. W. C. Cargile went to Abilene last week to take their daughter, Mary Lou, who has enrolled in Abilene Christian College for her sophomore year.

Mr. and Mrs. W. D. Casey and Robert were in Marfa Saturday for Robert to have his glasses changed.

Mr. and Mrs. C. H. Berry went to Seminole Saturday afternoon to visit with friends. En route home they visited with their son, D. W. Berry, and family in Wink.

Clyde Griffith, Jr., of San Antonio visited here last week for a few days with his father, Clyde Griffith, and Mrs. Griffith. He left Thursday for Fort Hood, where he has re-enlisted in the U. S. Army for three more years. He took Mrs. Griffith to Fort Worth to attend the funeral services for a friend.

John O. Bell, Jr., has reported to Fort Bliss to begin his military training. His wife is the former Miss Anna Edwards and they have been residing in Valentine.

Dr. and Mrs. R. E. Glass of San Angelo, his mother, Mrs. J. L. Glass, of Sterling City, and his sister, Mrs. S. M. Ivy of Waco were Thursday night guests in the home of Mr. and Mrs. W. E. Grigsby. Mrs. Grigsby is a sister of Dr. Glass and Mrs. Ivy.

Mrs. Jettie Peavy returned home Thursday from Houston where she

had visited for a week with her daughter, Mrs. Elliott Mendenhall, Jr., and Mr. Mendenhall.

Cpls. Thomas Hill and Wilson Banner, Jr., have sailed from Japan after overseas military service and their ship will dock in Seattle, Washington. They expect to be discharged in El Paso the latter part of the month.

Mr. and Mrs. Jack Green left Saturday for Del Rio to reside. He has been employed in the parts department at McKnight Motor Co. and Kenneth Brotherton has taken his place.

Mr. and Mrs. John U. Tate and family have moved to the house formerly occupied by the Bea Moorefield family. Tate is assistant trainmaster and came here from Del Rio.

Mr. and Mrs. W. R. Stumberg went to San Antonio Tuesday to visit with their daughter, Mrs. Marshall Miller, and children. They expect to be gone for a week.

Mrs. S. L. Stumberg took her husband to El Paso Sunday and he left by plane Monday afternoon for San Francisco. There he joined five other men for a trip to Australia and New Zealand at the invitation of the government of those countries to visit ranches, packing houses and other industries relating to the sheep and wool raising and marketing industry.

Joe Kerr, Jr., of Del Rio was a business visitor here Monday.

Mr. and Mrs. W. T. Jones of Leakey, Mr. and Mrs. John Rowland of Del Rio, visited in the home of Mr. and Mrs. C. L. Surratt this week. Mr. Jones and Mrs. Rowland are brother and sister of Mrs. Surratt. The group spent

Monday in the Big Bend National Park.

Mrs. Frank M. Weigand spent several days in San Antonio last week attending to business.

Herbert Brown, R. V. Spears, J. T. Williams, Jack Hayre, W. A. Davis and M. F. Bader attended the professional football game in San Antonio Friday night and the Texas-LSU game in Austin Saturday.

Mr. and Mrs. John Reininger visited relatives in Fort Davis last week and she had dental work in Marfa before coming home.

Bob Wilkinson and Joe Nessmith of Van Horn left Friday for San Antonio and from there to A&M College for their sophomore year.

Mrs. James Caroline went to El Paso Sunday to take her son, Jimmie, to enroll in Texas Western College for his sophomore year.

Mr. and Mrs. Carlton Smith and Susie were week end guests in the home of Mr. and Mrs. Bodie Hunter in Marfa.

Mr. and Mrs. X. B. Cox of San Angelo are visiting here with her sister, Mrs. Lizzie Billings, and family.

Mr. and Mrs. J. O. Little, Jr., and children are going to Tarp-

From where I sit ... by Joe Marsh

Slugger Wins the "Home" Game

Slugger White, the home town's star hitter, dropped by the other day to talk baseball, and to "tell one" on himself.

Seems Slugger had been baby-sitting. "I was doing just fine," he said, "until it was time for a 'change.' I called Mom for advice. Still didn't get it right. Then Dad set me straight."

"Place the diaper like a baseball diamond with you at bat," he said. "Fold second base over home plate, and pin first and third base on home plate. That did it—with no errors!"

From where I sit, Slugger's Dad had the idea. Often, like his Mom, a lot of us tend to give advice in our terms without considering the other fellow's way of doing things. Even in choosing your favorite beverage, it's best to think of your neighbor. If you like tea, and I prefer a temperate glass of beer, we should both "play the game" and try to understand each other's point of view.

Joe Marsh
