SANDERSON, TEXAS, FRIDAY, SEPTEMBER 9, 1955

NUMBER 29

LISTEN TO LUKE

With the Labor Day holidays over and the final count in, Texas was running a close second in the number of fatalities on the highways. We were second only to California.

Normally Texas would be put at being second to California, but in the case of highway fatalities, it would please us if every state led the Texas toll.

Texas has more miles of the best highways in the world, and yet there are so many people who start somewhere in such a hurry that they never get there. All kinds of warnings were issued to drivers and they have had previous Labor Day holidays to signal what to expect. But the old idea that it can only happen to the other fellow persists and the death toll continues to mount.

Tuesday of this week there were 209 new Texas laws went into effect. We want to list the entire group of new laws which became effective Tuesday, but most outstanding is the largest tax measure in Texas history, designed to bring in nearly \$50 million a year. This tax will boost the cost of living for cigarette smokers, beer drinkers and auto and truck drivers. Business men will pay slightly higher franchise taxes.

Cigarette taxes are up a penny a pack, beer seven-tenths of a cent a bottle, gasoline a cent a gallon.

There are twenty-two insurance laws and new securities acts which are expected by the State Insurance Commission and secretary of state to strengthen the industries and provide better protection to the insurance and securities buying public.

The scandal-shaken veterans aid program is now under new legislation. Prison terms up to 10 years and fines up to \$10,000 can be slapped on buyers and sellers found guilty of fraud or misrepresentation.

Many other laws will affect directly or indirectly Texans in almost all walks of life.

Persons suffering mental illnesses will be assured diagnosis and short term treatment in a state mental hospital before they may be committed indefinitely to a jury trial, which involves loss of voting rights and property rights.

Short-term treatments will be accomplished by requiring county courts to use the present 90-day and 10-day temporary commitment laws in all cases except those involving the criminally insane before deciding whether to order a jury trial for indefinite commitment.

The new law is expected to prevent commitment of aged persons who are merely senile rather than insane. It also is designed to divert feebleminded persons to state schools rather than mental hospitals.

The "unfair sales act" is what the name implies. It is designed to prohibit sale of goods at below cost prices as advertised by many chain stores.

Cities and counties are now authorized to spend money to advertise and promote their growth and development. Commissioners' courts will be limited to appropriate not more than five per cent of each \$100 valuation for such purposes.

One of the best laws in the new set-up is designed to cut down disturbances at schoolboy athletic contests. It makes it unlawful to bring intoxicating beverages into any stadium or field where such events are being held by public schools.

Voters in Texas will hereafter go to the old scratch method of casting their ballot. Only the name of the candidate for whom the vote is intended will be left unscratched. This method replaces

Visits Local Club

H. CONGER JONES

District Governor H. Conger Jones of El Paso paid his first official visit to the local Rotary Club Wednesday.

The governor met with President Jolly Harkins and club secretary, J. J. Spurlin before the noon luncheon at the Turner Hotel. After the luncheon, at which the governor was principal speaker, the assembly was held and reports from each committee were submitted to Governor Jones.

In the evening the club members and their Rotary Anns were hosts to all teachers and their families at a barbecue supper at the Kerr well west of town. This has become an annual affair for the purpose of getting acquainted with the new teachers and greeting those returning. This project has been a means of better relations with the school faculty and a hearty welcoming of the new residents to this community.

Jack Rhone, Del Rio Rotarian, and Mrs. Jones accompanied the governor here and they stayed over for the evening program.

The wives of the officers and directors of the Rotary Club were invited to a coffee in the home of Mrs. J. O. Little, Jr., Wednesday morning honoring Mrs. Jones. Mrs. Jolly Harkins was co-hostess.

The living room was decorated in arrangements of dahlias and snapdragons.

Tiny ham biscuits and a coffee were served with the coffee.

PERSONALS...

Mr. and Mrs. Hugh Rose and their daughter, Miss Mary Landon Rose, left Thursday morning for Austin where Mary Landon will enroll in Texas University as a junior.

Mr. and Mrs. Austin Nance and Vannah Jo left Thursday for Fort Worth where they will visit Mrs. Lee McCue prior to going to Waco where Vannah Jo will enroll at Baylor University for her freshman year.

Ross and Bill Stavley, Ben Causey, E. S. Becker, Neal Hufford, H. M. Beckett, Chester Smith, R. S. Wilkinson, Ruel Adams and A. J. Hahn attended a meeting of the Masonic Lodge in Fort Stockton Tuesday night.

Mr. and Mrs. Hollis Haley are in Lansing, Mich., on an expense-paid trip given to employees of the Salt Supply Co., for which he is a salesman. They made side trips to New York, Niagara Falls, Washington, D.C., and other places of interest. The salesman will drive new cars back to their headquarters in Carlsbad, N. M.

Mrs. C. W. Martin has returned home from Big Spring where she had major surgery this summer and spent several weeks in the home of her son, Ross Martin. She has recovered rapidly and is feeling better than for some time past.

Local Man Charged With Assault and Attempt to Murder

Manuel Villegas was charged with assault and attempt to murder in Justice Court here Wednesday morning before Justice of the Peace Chester E. Smith. Bond was set at \$1,000.

The charge grew out of an alleged altercation in a local tavern where the complainant, Ben Ponce, is reported to have received wounds on the left chest, said by the complainant to have been caused by a knife.

Villegas waived examining trial.

Royal Cleaners Does Remodeling

The interior redecorating and remodeling of the Royal Cleaners was completed this week.

The interior walls were painted a light brown with a light green paint applied to the ceiling.

A partition which separated the front from the pressing room was removed and the color combination carried out in the entire front of the business back to the boiler and cleaning equipment room.

New tile was laid on the floor and some rearranging of the fixtures and addition of one fixture added to the convenience of the owner, W. W. Sudduth, and his customers.

Dryden News

Mrs. R. J. Ross

R. E. Freeman left Sunday for Los Angeles, California, to be gone for several weeks on business.

Mrs. Elroy Griffin of San Antonio spent a few days with her daughter, Mrs. Jimmie Merritt, and family last week. Lily Jean Merritt returned home with her grandmother for a few days visit.

Mr. and Mrs. R. R. Clark and Beth were shopping in Del Rio last Tuesday.

Mrs. Eddie McNutt and children, Shirley and Floyd, moved to Del Rio Monday for the school term.

Mrs. Eva Harrell spent Sunday in Marathon with her daughter, Mrs. Douglas Smith, and family.

Mrs. Joe Baker of Comanche, mother of Mrs. John Baker, was visiting friends here Thursday of last week.

Mrs. R. J. Ross and Bennie Ray spent Sunday and Monday in San Angelo visiting her brother and family and shopping.

Mrs. Noel James had major surgery in a San Angelo hospital last Friday and at last report was going fine.

Mrs. Ann Mathers left Thursday for Los Angeles, Calif., for several days.

CHILDREN'S STORY HOUR TO BE ON WEDNESDAYS

The children's story hour has been scheduled for 3 p. m. on each Wednesday in the elementary school library, according to an announcement made this week by Mrs. J. W. Byrd, president of the Sanderson Culture Club, which is sponsoring the project.

The story-telling hour was in the mornings during the summer months, but a change of place and time had to be made after the opening of school.

All children of the community between the ages of five and nine are invited to attend the story-telling.

RELUCTANT EWE

HUMORING HER—A reluctant ewe, on stage at the opening session of the Australian Wool Industries Exhibition in Sydney, seems unimpressed by the American humor of comedian Bob Hope. Exhibition hailed the vital role of wool as world commodity and premier fashion fiber.

Lamb, Wool Sales Slow in County

According to sheep and lamb producers of the county, the movement of lamb and wool is relatively slow, even for this time of year with the market being a little lower than most anticipated in predictions last fall.

The shortage of sheep has caused a slack amount of wool and lambs, and some thought the market would rise to higher levels than have been reached thus far.

Many large lamb and wool producers of the area will have little or no marketable products this year on account of the lack of range to sustain more than a basic range flock of animals.

Much of the country has been stocked down to a very low percentage of the amount of animals it normally carries and some of the ranchmen have let their range go unstocked for as long as three years.

The absence of wartime prices on wool, mohair and lambs and goats have been missed during the time when high prices could have been most welcome when low stocking and thus low production was necessary.

Summer rains have helped the range considerable in most cases but many ranchmen point out that there are still pastures or large portions of range where no grass has come back.

It was also pointed out that most or all of the rainfall has been spotted and general rains are needed to give the ground a soaking with cool days for maximum absorption prior to the hot sun to bring out shoots of grass.

Areas around town where there has never been extensive grazing and in bar ditches along the highways, exceptionally rapid comeback of grass and weeds may be noted.

WRECKS WEST OF DRYDEN

Two young ladies traveling in a Chevrolet sedan, about 1948 model, were involved in an accident about 5 miles west of Dryden Tuesday afternoon. Cause of the wreck was not known.

The car was evidently traveling west when the accident occurred and rolled over several times before coming to rest on the south side of the highway.

Local officers, an ambulance and doctor were summoned, but the occupants of the car were gone before local help reached the scene of the wreck. It was reported that they were taken to a Del Rio by a passing motorist.

The car was demolished.

Health Program Urged for Schools By Health Department

Austin — Every school should have a definite school health program. Situations such as the kind of drinking water, arrangements for school lunches, lighting, seating, ventilation and cleanliness of the schoolroom and the personal practices of the teachers and children are the basis of the school health program, said Dr. Henry A. Holle, Commissioner of Health.

Every school has tremendous opportunities to promote the health of its pupils and of its community. From early childhood to adulthood, most children are enrolled in schools and are under the supervision of school staff.

For a substantial part of the day for approximately half the days of the year, the conditions under which they live in school, the help which they are given in solving their health problems, the ideals of individual and community health which they are taught and the information and understanding that they acquire of themselves are factors which operate to develop attitudes and behavior conducive to healthy, happy and successful living.

Schools alone, however, cannot enable children to attain all the desirable goals of individual and community health. Considering the magnitude and multitude of the diverse and continuing efforts that must be made to satisfy the health needs of children, it is fortunate that many people and groups, in addition to schools, are greatly interested in promoting health. Parents have a prime responsibility.

Physicians, dentists, nurses, health officers, social and welfare workers, and their official organizations, such as medical, dental and nursing societies, health departments and voluntary health agencies, are all rightly concerned with health activities in their communities.

JAMES WORD ON TOUR OF GREAT LAKES REGION

James Word left Monday afternoon for Dallas where he will take a special train for a trip to Chicago, Detroit and a tour of the Great Lakes by steamer.

The tour is arranged by the Dodge Corporation and is for dealers of their products.

There will also be a tour of the Dodge plant.

Mrs. Anna B. Winston has an apartment at the Cactus Courts.

EAGLES TO PLAY GRANDFALLS THERE IN GRID OPENER FRIDAY NIGHT

The Sanderson Eagles will go to Grandfalls Friday night for the first football game of the season for the two teams.

It will be a non-conference tester for both teams.

Grandfalls, class B top-contender in their district, is expected to give the green Eagles a real workout Friday night and Coaches Carlton Smith and W. H. Riley are relying on this game to show them where the Eagles need most of their practice for future grid contests.

Sanderson has had one scrimmage with Ozona and has been handicapped by the lack of boys out to give the local team depth in either offensive or defensive play and effective scrimmaging practices. Most of the scrimmaging, according to the coaches, has been done by either the right or left side of the line against the other which, while helpful, is very poor to say the least, the coaches say.

The boys are not able to use deception practices in this type of offensive play, and the boys on the defense are not required to play heads-up defense, knowing that the play must come to either the right or left side, depending on which side of the line is being used for offensive practice.

The starters, offensively for the game Friday night have been named by the coaches to include: Darrell Cox, quarterback; Press Escamilla, halfback, Bob Beckett, fullback; Gary Harrell, fullback; Claudio Villegas, right end; Luis Cobos, left end; Armando Ochoa, right guard; Roberto Salazar, left guard; Carroll Eggleston, center; Adolfo Flores, right tackle and St. Carr, left tackle.

The Eagles average 143 pounds

Good Dove Harvest Possible in Area

A good dove harvest is possible in Terrell County for hunters who have the opportunity to be out seeking the birds. The season opened September 1.

All reports from hunters who have been hunting this year are that the birds are in good shape and little or no trouble has been encountered in finding plenty of targets.

Some rain in parts of the county has put pot-holes out in the pastures to furnish waterings for dove, but most areas are without pot-hole water now and hunting is good around tanks or troughs.

Hunters are reminded of the 3-shot capacity of pump and automatic shot guns to stay within the law, 10 birds limit per day and 10 birds in possession further restricts the hunter. Legal shooting hours are from noon until sunset.

Big Bend Park News

Travel to Big Bend National Park for August totaled 12,456 people traveling in 3,039 automobiles, for an increase of 31 per cent over August of 1954 when 9,526 people visited the park in 2,144 vehicles. Travel for the year to date was 606,12 people in 14,542 cars as compared with 50,310 people in 12,739 cars last year for the same period, or an increase of 20 per cent in travel for this year.

THOUGHT FOR THE WEEK:

"When ye pray, say, Our Father... Luke 11:2"

"Think of it! Our Father. Ours because of Christ, ours because of His own love, ours now, and through the ceaseless ages of eternity. Remember, He is our Father, but we can only claim that relation through Christ. How can you afford to be without Him?" — H. B. Dean.

IT SAYS HERE:

Behind every successful man is a woman, and she usually catches him.

according to the coaches, and will meet a team averaging 150 pounds with 15 returning lettermen.

All of the Eagles are in good shape physically, with the exception of St. Carr, who pulled a leg muscle in this week's practice. Some of the other boys are plagued with the usual number of knee injuries.

The coaches stated that they intended to juggle the defensive players Friday night in hopes of working out a defensive combination that would click against the opposition.

School Enrollment Is 585 This Year

An enrollment of 585 pupils in the Terrell County schools was announced Wednesday by Supt. Matt Badertl. This is approximately the same number of students as were enrolled at this time last year, according to Badertl.

The enrollment by grades is: Dryden, 13; first, 59; second, 66; third, 52; fourth, 51; fifth, 47; sixth, 57; seventh, 46; eighth, 57; ninth, 36; tenth, 35; eleventh, 37 and twelfth, 29.

There are 448 students in the county's elementary schools and 137 in the high school.

Class Officers Of High School Named

The various classes of the Sanderson High School have named their officers for the current year in elections held this week.

Seniors — Darrell Cox, president; Claudio Villegas, vice president; Elodia Garza, secretary; Nancy Mitchell, treasurer and reporter is Juan Ramirez.

Freshman — Peggy Cooke, president; vice president, Bucks Badertl, secretary, Flora Rodriguez, treasurer, Robert Bodkin, and reporter, Elizabeth Lopez.

Eagle Band Ready For Grid Season

The Sanderson High School Eagle Band has been practicing since just prior to the opening of school Monday of this week and extensive rehearsals in marching and playing have been the order of the schedule for the unit.

Under the direction of Charles Matney, the members of the senior unit have been working hard at their practice sessions to be in good form to lend the spirit of enthusiasm to the grid opener at Grandfalls Friday night.

Austin — Many Texas public schools are holding integration plans in abeyance pending action by the State Supreme Court.

But there is no indication the high court will rush to consider the Big Spring test case ahead of its normal schedule.

District court there ruled invalid that part of Texas law which requires public schools to be segregated. Appeal is being made by the Texas Citizens Council in an effort to prevent payment of state money to non-segregated schools.

Both sides had expressed hope for an early decision before the Supreme Court's October term.

Meanwhile, towns such as Waco and Laredo, which had planned to begin desegregation this fall, backed off rather than take a "legal risk". Others, like San Antonio, decided to go ahead, but reserved the right to review the policy in the light of new state-level decisions.

Charter Request Studied
Application of the anti-segregation Texas Citizens Council for a state charter bumped into a delay in the Secretary of State's office.

Sec. of State A. M. Muldrow questioned whether the council's organization is for a "lawful purpose" in view of the Supreme Court decision outlawing segregation.

Muldrow said he might ask the attorney general's department for a ruling.

White Distrusts Red Visitors
State Agriculture Commissioner John C. White took a dim view of the visiting Russian farm delegation.

Farming methods are America's greatest strength, White said, but Russia's weakest. "We might as well sell them guns," he declared.

In Washington officials were undecided whether the Texans who sold some 65 head of Santa Gertrudis cattle to the visitors will be allowed to export them to the Russians.

Touring Soviets expressed a desire to buy farm machinery seen in other parts of the country, but the Texas cattle deal was the only actual purchase.

At present there is only a trick-

the alternative previously in effect where an "X" might indicate the candidate of the voters choice. Persons seeking a divorce will now have to wait 60 days instead of thirty.

Molesting a minor now carries a mandatory prison sentence, as compared to the old law permitting offenders to get off with a fine.

Laws are necessary. Many more laws might have been passed at the last session of the legislature. In fact there were many proposals introduced which, in our opinion, should have been given priority over some of those completed.

One of the most necessary pieces of legislation was shoved back and forgotten when it failed to come out of committee with an okay! That was a proposal to make it mandatory for all public agencies to make a published statement of their financial condition. It is a matter that is most needed in every county and school district. There is no reason why every citizen should not be permitted to know the financial condition of his school, or of any other agency which handles public funds.

ic of trade between the two countries.

State, Commerce and Foreign Agriculture officials pondered the decision, suggested that public opinion would be a strong factor.

Record Employment Expected
Harvest and reopening of school are expected to bring Texas employment records during September.

Public school cafeteria workers will add thousands to the payrolls, said the Texas Employment Commission. A continued rise is forecast through the fall.

A new high in the average paycheck was hit in July, according to TEC. Holiday overtime plus wage increases brought the boost.

Druggists Receive Vaccine
Texas druggists are having their first experience in dispensing Salk polio vaccine.

State Health Department officials reported 50,000 doses sent to Texas last week by Wyeth Laboratories of Pennsylvania. Of these, 42,000 go to drug stores, 8,000 to the Health Department for public agencies.

Some stores had already received vaccine; others were still awaiting their shipments.

Patients have been asked to contact their doctors who will buy

through the retail outlets. Texas' free immunization program for first and second graders is expected to be completed by October 1. Eli Lilly Company of Indiana sent 14,603 more shots to Texas for that purpose.

Health Department statistics showed polio coming to its seasonal slackening-off period. Only 80 new cases were reported last week, compared to 98 the week before. Total for the year is now 1195.

Business Peak Passed
Texas business expansion has apparently passed a peak, but no severe decline is expected.

Crest of the current rise was in March, the University of Texas Bureau of Business Research reported. In July the business index dropped two per cent from June.

Three factors, the UT economists believe, bar the possibility of a major recession. They are population growth, the rising standard of living and the high proportion of new investment being made in Texas.

Retail sales already at record levels, are expected to soar further, making this the largest sales year.

Building boomed, also, with a January-July total almost one-third greater than for 1954. A two per cent drop in construction during July was considered "seasonal".

Parr Trial Postponed
Trial site of George Parr on charges of income tax evasion awaits action by the US Supreme Court.

South Texas political boss Parr last week won an indefinite postponement of the case scheduled to begin September 6 in federal district court in Austin.

Contending that he would receive a fairer trial in Laredo than in Austin, Parr seeks to have the case moved to the southern federal district. He was originally indicted in Houston on charges of failing to pay some \$85,000 in income taxes, his indictment was dismissed and an identical one entered in Austin.

Appealed by Parr, the change was upheld by Circuit Court in New Orleans. A continuance was granted in Austin when Parr's attorneys filed appeals in the Supreme Court.

Mrs. Sylvan Walker and Mrs. Bessie Moore are residing with Mrs. J. W. McKee and Miss Jean Sundman in her garage apartment.

Better light means a better student!

FOLLOW THESE EASY STEPS TO BETTER LIGHT FOR HOME STUDY

Good study lighting reduces eyestrain and fatigue... aids concentration... helps make homework easier. Here are five easy steps to better study lighting:

- 1 Select a table lamp tall enough to light entire work area. Lower edge of shade should be 15" from desk top.
- 2 Shade should be 16" in diameter and should be light in color, but not too transparent.
- 3 Use a 150-watt bulb with a diffusing bowl to soften the light. (If lamp has no diffusing bowl, use a 150-watt white indirect bulb which has its own built-in diffuser.)
- 4 Place lamp 15 inches to left of work center and 12 inches from front of desk.
- 5 Cover desk with a large pastel blotter to absorb indirect glare - and place desk against a light-colored wall to reflect more light on the work.

See your lighting equipment dealer or come by our office for the lamps and right-sized bulbs you need for better light for home study.

Gatlin-Crouch Rites Read in Higgins On September 3

Rev. George E. Tyson, pastor, was the officiant for the double ceremony when Miss Carol Rita Crouch became the bride of Clifford Irving (Kip) Gatlin Saturday evening in Higgins, Texas. The first Methodist Church of that city was the scene of the wedding. The bride is the daughter of Mrs. Thelma Crouch of Higgins and the bridegroom is the son of Mr.

and Mrs. R. A. Gatlin of Sanderson. Floor baskets of mums in autumn colors and tied with matching ribbons decorated the altar which was lighted by pale green candles in wrought iron candelabra. Mrs. Roy Sansing was the pianist, playing "Claire de Lune" and "O, Promise Me". She also accompanied Mrs. Dick Detrixhe who sang "Because" prior to the ceremony and "The Lord's Prayer" during the ceremony. Given in marriage by her brother,

Ronald Crouch, the bride wore a ballerina-length gown of nylon lace over tulle, fashioned with a fitted bodice with cap sleeves and a V-neck. Her only jewelry was a strand of pearls belonging to her mother. Her veil of illusion was applied with medallions of lace and fell from a tiara encrusted with pearls. Her bouquet of Ophelia roses and white shattered mums was attached to a muff of the same material as her gown. Mrs. Rodney Boyd, matron of honor, was the bride's only attendant. Her gown, ballerina length, was of pale green organdy with a bodice of tulle and her bandeau was encrusted with pearls. W. L. Ford, Jr., of Lubbock was the best man. A reception in the fellowship hall of the church followed the wedding. In the receiving line were the bride's mother, her brother, Ronald Crouch, the bridegroom's parents and Mr. and Mrs. C. I. Gatlin, the newlyweds. Mrs. W. L. Ford, Jr., presided at the bride's book. The table was covered with a white linen cloth of Italian cutwork. Pink candles burned in a crystal candelabra and the floral decorations were of bronze bottom mums. The three-tiered cake topped with wedding bells, was served by Mrs. Jesse Bussard and Miss Yvonne Cade served the punch. For her going-away costume, the bride chose a dressmaker suit of mauve wool with black accessories. The couple is at home in Del Rio at 206 E. Garfield. Mr. Gatlin is employed at the Del Rio National Bank. Both are May graduates of Texas Tech College in Lubbock. Mr. Gatlin receiving his degree in agricultural engineering and Mrs. Gatlin's degree was in business administration. Out-of-town guests for the wedding included H. E. Gatlin of Sanderson, uncle of the bridegroom; Mr. and Mrs. Lawrence Seeger of Del Rio, cousins of the bridegroom and his parents, Mr. and Mrs. R. A. Gatlin of Sanderson.

Mrs. E. F. Pierson Hostess Tuesday To Ranch H-D Club

The Ranch Home Demonstration Club met Tuesday morning in the home of Mrs. E. F. Pierson.

Mrs. L. G. Hinkle presided during the business meeting. The resignations of Mrs. L. A. Wright, former president, and Mrs. Aubrey Harrell, who have moved away were accepted. Mrs. Hinkle, vice-president, will fill the unexpired term as president. A nominating committee was named and included Mmes. James Caroline, J. W. Byrd and J. Garner. An announcement was made of the Pecos County Fat Stock Show in Fort Stockton on October 6, 7, and 8. The local club will be in charge of the food booths on Saturday, October 8. Miss Nancy Mitchell, who was a delegate to the Bluebonnet State meeting in Austin in June, gave a very interesting account of her activities there. Mrs. N. M. Mitchell gave a report of the recent annual THDA meeting in Fort Worth which she attended. At noon, the school girl lunches were served with the hostess adding pear salad, pickles, potato chips, tea and coffee. Mrs. Hinkle furnished the cake. Crafts furnished diversion for the afternoon session, the members making car screws under the direction of Miss Vera Thormann. Coffee was served before adjournment. Members present included Mmes. N. M. Mitchell, J. W. Byrd, L. G. Hinkle, Lee Grigaby, M. W. Duncan, J. Garner, I. E. Rusk, James Caroline, J. W. Carruthers, Sr. The visitors were Miss Eva Carruthers, Miss Thormann, Miss Nancy Mitchell and Mrs. C. C. Mitchell.

Harmon-Sandlin Wedding August 26

Mr. and Mrs. Gordon Ray Harmon are at home in Sanderson in Mrs. L. W. Wooten's duplex following their marriage in Paducah on August 26. Mr. Harmon is on the faculty of the Sanderson Elementary School. The bride, Miss Freddie Bess Sandlin of Paducah, is the daughter of Mr. and Mrs. Fred Sandlin of that city and the wedding vows were exchanged in their home. Mr. Harmon is the son of Mr. and Mrs. A. ASTONISHING PERFORMANCE!

And that's only half the Chevrolet story

Great Features back up Chevrolet Performance: Anti-Dive Braking—Ball-Race Steering—Out-rigger Rear Springs—Body by Fisher—12-Volt Electrical System—Nine Engine-Drive Choices.

A lightning-quick power punch that makes your driving safer! That's one of the reasons for Chevrolet's winning stock car record—but it's not the only one. Not by a long shot!

The sizzling acceleration of Chevrolet's new "Turbo-Fire V8" is half the story; but it takes a lot more besides. Cornering and handling qualities really count on the NASCAR* Short Track circuit where Chevrolet's king—just as they count for safer and more pleasant highway driving. And even the high-priced cars don't slice through a tight turn as neatly—or handle as sweetly—as this beauty. The record proves it! Come on in and sample all the things that give Chevrolet its winning ways. We're keeping a key ready for you!

Drive with care... EVERYWHERE

NOW'S THE TIME TO BUY! LOW PRICES—BIG DEALS! ENJOY A NEW CHEVROLET!

SHE KEPT A DIARY OF TELEPHONE CALLS

Mrs. Martha Chance—homemaker, church worker, bowler, and keeper of a telephone diary that revealed an important fact.

Mrs. Chance finds the telephone a young homemaker's best friend

What one service helps the homemaker through busy days more different ways than any other?

Mrs. Martha Chance is sure she knows the answer. Her telephone. Mrs. Chance recently kept a week-long diary of telephone calls made and received in her home. The results surprised her.

Mrs. Chance listed 95 calls during the week. Not only did her calls save-time and energy in managing her home, but many were actually the start of a pleasant afternoon or evening out.

In Mrs. Chance's own words, "It's so easy to take your telephone for granted. You just don't realize how much it means to you until you stop and think about it as I have."

Mrs. Chance is right. Telephone service is a busy homemaker's best friend.

Typical calls from Mrs. Chance's diary

- "Called the Millers about going to the civic play tonight."
- "Called Lee (my husband) about plans for family reunion."
- "My bowling partner called about a change in league schedule."
- "Our minister called to remind me of Sunday School meeting."
- "Called a friend in the country. Asked her to put aside four dozen eggs for me."
