NUMBER 30

LISTEN TO LUKE

Newspapering is a wonderful, but thankless job at times. We like it or we would try something else.

It is amusing to see the trend of things when some question of policy pertaining to the duties of our public officials is discussed. If the newspaper takes any part in the discussion as to what should be done, we are immediately reminded that it is none of our business how a particular office is run.

We are informed, as a rule, that those people are elected to handle that job and how, when and where they operate is none of the public's business.

Along about election time we have candidates for the various offices, from constable to the very top, drop in with a big hearty grin on their drawn, tired faces, asking for all kinds of cooperation in their behalf to save the country from the dogs. But after election we are reminded again that we have no more part in the affairs of the country until just before the next election.

Maybe, brother, but just the same we are still reminded that the candidates are working for the people — or should be. They are on our payroll. We are much more interested in how a public official conduct the affairs of his office than we are in who does it. The press is sometimes reprimanded by the big guy with his chest thrown out with a remark like: "Sir, you don't understand. I make the rules, I have the authority. You can't tell me what to do or how to do it."

Well, that's what I mean — An elected person is just a hired hand. There are thousands of us poor unfortunate taxpayers who foot the bill for wages of politicians. We are the law — we have the authority, and they just happen to be on the payroll to do what we expect and demand of them. We don't want them coming to tell us it is none of our business how they operate the affairs of that office. We want the job done right and if they don't intend to do it that way, resign.

Just because a person is listed on the ticket as a Democrat or Republican and just because my father and his father voted that way doesn't mean that because a person is running on that ticket it gives him license to sabotage justice.

Each office holder has a duty to perform and an obligation to those who elected him.

And the newspapers of the nation are reprimanded for prying into the private business of politicians.

Seems like the party in power is always accused of trying to take away the two-party system of the country.

We read the other day where Adlai Stevenson accused Ike of taking the best parts of the two major parties and combining them into his own practices. In doing this he was about to do away with the two-party system.

Stevenson has been accused of being clever with the jokes so often that we don't know if he was punning or not, but it is at least the first admission we have heard from a do-or-die Democrat that the Republican party had any good points.

Our guess for a successful two-party system would be the liberal factions of the two parties under one name and the conservatives of both groups under another name.

Then it would be possible to select a party to stand with and for. The nomination of a liberal within the two parties now would really throw a kink in things.

And in our own governor's race, it looks like a line up of liberals against conservatives within the Democratic party with the Republicans only throwing in a token candidate or two, with, of course, a dark horse in the field.

'Old Fort Davis' Day Celebration Planned For October 8 and 9

Fort Davis — This town is preparing to put on an "Old Fort Davis Days" celebration October 8 and 9.

The event will be an outgrowth of last year's observance of the old fort centennial, the Fort Davis Historical Society having decided to promote an annual celebration. It is to be held each year on the Saturday and Sunday nearest to October 7, the date of the arrival here in 1854 of units of the Eighth U. S. Infantry to establish a post in the midst of the Apache Indian country.

A leading feature this year will be a group of Apache Indians in tribal blankets and feathers staking around the old army post that their grandfathers so violently disliked. They will put on ritualistic dances and otherwise entertain the crowds.

The visiting Indians will have an opportunity to dine on buffalo meat that is to be served at barbecues. The Reynolds' X Ranch people have offered to donate a buffalo yearling from their herd of about 200 animals.

It is probable the Indian Emu play will be produced again, it having been presented at last year's centennial for the first time. It is the story of the Indian girl who gave her life to save the post and her white lover from attack by her tribespeople. Her grave is on the post, marked with a granite stone and bronze plaque.

John G. Prude, president of the historical society, has announced that this year all old-time citizens "from anywhere" who resided on the post or in Jeff Davis County prior to 1900 will be recognized and introduced to an audience under the great cottonwood trees on the grounds.

The society is planning to repeat the parade, at 3 o'clock Saturday afternoon, October 8, that attracted such wide notice last October. In it will be old-time vehicles, men and women in early-day costumes, persons impersonating soldiers in authentic uniforms of frontier army days, early Anglo and Spanish settlers, prospectors with packmules, wood cutters who supplied fuel to the soldiers, frontiersmen, and numerous other presentations. Many of the vehicles used last year have been in storage in old fort buildings.

Many other attractions are being planned to lend festive air to the gala two-day event.

Man Found Dead On Alamo Dock

A man identified as Thomas Jefferson Prosser was found dead on the loading dock of the Alamo Lumber Co. in the local freight yards, according to Sheriff Lee Billings.

The body was found Wednesday morning and Justice of the Peace Chester Smith rendered a verdict of death by natural causes at an inquest held Wednesday.

The man, address and age unknown, was seen around town just prior to the location of the body.

Funeral services were pending for today (Thursday), subject to changes caused by possible location of relatives.

THOUGHT FOR THE WEEK

"God I thank Thee, that I am not as other men are . . ." Luke 18:11.

Here is a good church member all wrapped up in himself. He believed in prayer, he was faithful in attending the temple, he tithed and he fasted. He overlooked one thing. "The Lord seeth not as man seeth". It is not what man thinks of us or we think of ourselves, but what God thinks of us that really matters. — H. B. Dean.

IT SAYS HERE

Some people mistake the sneer of an acquaintance as the smile of a friend.

The 1955 Sanderson Eagles are pictured above with their coaches. They are left to right, back row: Assistan Coach W. H. Riley, Luis Cobos, Claudio Villegas, Gary Harrell, Darrell Cox, Stanley Sullivan, Reynaldo Garza, Coach Carlton Smith; middle row: Romaldo Valdez, Adalberto Cobos, Roberto Saazar, Kenneth Sturley, Wally Lopez, Si Carr, and Carroll Eggleston; front row: Julian Rodriguez, Irvin Robbins, Willie Pena, Popo Flores, Press Escamilla and Bob Beckett.

Escaped Convict Picked Up Here

Jay Edward Vanaman and Lawrence Chandler Nichols are being held in the local jail pending arrival of Federal authorities.

According to local officers, the arrest was made after reports of a local filling station operator that the pair was trying to sell a battery. Officers went to investigate and questioning revealed the admission by the pair of the theft of batteries, portable radio and miscellaneous items in Phoenix, Arizona.

Nichols, it was learned, is an escaped convict from San Quentin Penitentiary in California, according to the arresting officers.

Officers are also investigating the possibility of the car they were driving having been stolen.

Representatives Report to Legion And Auxiliary

The Legion Auxiliary met in the Legion Hall Tuesday evening in regular monthly business session with Mrs. S. L. Stumberg presiding.

Plans were made for a games party on Saturday evening, November 1, in the hall when each guest will be requested to bring a gift for the veterans' Christmas Gift Shop. A report was made by the committee in charge of the short jacket which the auxiliary is giving away on September 30.

After the regular meeting, reports were given by Carroll Eggleston and Miss Nancy Mitchell, delegates to the June meeting of Boys' State and Bluebonnet Girls' State from the Legion and Auxiliary. Both spoke very enthusiastically of the programs and activities offered at the meetings and displayed some of the material used. The members of the Legion were invited guests to hear the reports.

Refreshments of coffee, cold drinks and cookies were served during the social hour which followed.

Masonic DDGM Visits Local Lodge

Eugene E. Hillger, District Deputy Grand Master of the 58th Masonic District of the Grand Lodge of Texas, made his official visit to the local lodge at regular meeting Tuesday night.

Hillger is a resident of Alpine and was accompanied by T. M. Beckett, Mitt Glascock and Joe Hanson.

Following his report to the local lodge of activities for the year, Hillger spoke briefly on Masonry and explained to the members the facilities to be found at the Masonic Home and School for Orphans, the home for aged Masons and the Scottish Rite Hospital in Dallas, all wards of Masonic bodies of Texas.

W. S. Forth is master of the local lodge.

WORK BEGINS ON 3 MILES OF US 90

Hugh McMillan, contractor, has brought in some equipment and begun preliminary work on the reconstruction of 3 miles of U.S. 90 west from Sanderson.

Rock crushing equipment for making aggregate for concrete is on location in Sanderson Canyon west of town and excavation has been made for one culvert in the three-mile stretch.

The work will also include the construction of a channelized intersection at the intersection of U.S. 90 and U.S. 285 just west of town. The intersection, while not an elaborate or complicated affair, will have one way traffic lanes for traffic in all directions and is hoped to eliminate the danger of existing conditions. It will also clarify the direction that traffic should take to arrive at a destination.

It was noted that many travelers were confused as to the right road to take when they reached the intersection. The new intersection will have clearly defined lanes and markers indicating the proper channel for travelers to take.

It was stated, unofficially, that there is a great probability that the work will be completed this year.

Dr. D. J. Swanson Brings Program For Medical Society

The regular meeting of the Big Bend Counties Medical Society was in Fort Stockton September 6.

Dinner was enjoyed by members and their wives at a cafe in that city prior to the meeting.

The professional program was presented in the office of Dr. D. J. Sibley, Jr.

Members present were Drs. Sibley, Hundley, Oswald, Hoffman, Sherrod, Lockhart, Read, Swanson and Pate.

Guests present were Dr. and Mrs. F. P. Bernstein of El Paso, O. T. Jernigan, Justice of the Peace and Coroner of Pecos County.

The professional program was sponsored by Dr. John D. Swanson. His guest speaker was Dr. Bernstein, Pathologist of El Paso, who presented a paper entitled "The Problem of Sudden and Unexpected Death."

Dr. Sherrod then reported upon the meeting of the Medical Society's grievance committee which was held in Alpine on August 2.

Coming Events

Friday, September 16 — P. T. A. executive board meeting.

Monday, September 19 — Altar Society, Baptist W.M.U.

Tuesday — O. E. S. Chapter.

Wednesday, Wednesday Club, Rotary Club.

Thursday — Lions Club, Thursday Bridge Club.

Bridge Contract Let Wed.

Word was received Thursday morning that the low bid on the planned high bridge spanning the Pecos River on U.S. 90 in Val Verde County, was \$1,269,268, according to announcement by the State Highway Department.

Low bidder was Whittle Contracting Company of Dallas. The bridge and approaches as planned will be 1.3 miles long.

No date has been set for beginning on construction.

County C of C Plans Annual Banquet

Directors of the Terrell County Chamber of Commerce planned to have a general membership meeting at the regular October meeting on the 10th of that month. In the regular monthly meeting held Monday night, it was decided that with the entire membership present, all committees needed for the annual banquet could be selected and the wishes of the membership could be considered.

N. M. Mitchell, recently named director of the West Texas Chamber of Commerce, reported on the plans for local participation in the WTCC over-all program. This program consists of livestock and agriculture interests, industrial participation and community service programs.

13-Year-Old Girl Returned to Houston

Ada Lorraine Caty, 13-year-old Houston girl, was taken from Train No. 5 Wednesday morning and held by local officers. A call from Houston had forewarned officers to be on the look out for the girl who disappeared from her home several days ago.

The girl was returned to Houston by her parents Thursday.

Dairy King Plans Winter Business

Marshall Cooke, owner of The Dairy King, announced this week that his place of business will not be closed this winter as in former years.

He will continue to serve ice cream and cold drinks and, along with the usual items, will specialize in winter dishes, including chili, enchiladas, fried chicken, hot dogs, etc.

The business is located on the east side of town.

Breakdown of Unofficial Results Of Referendum Vote

Secretary of Agriculture Ezra Taft Benson recently announced that preliminary results of the producer referendum on a promotion for wool and lamb indicate a vote approval of 72.2 per cent. Producers owning 9,127,059 sheep voted in favor of the program and owners of 3,517,680 sheep voted against it (27.8 per cent).

"If the final results of the referendum also show more than two-thirds approval the program will be placed in effect," Secretary Benson stated. Final results will be known in early September when determination of the eligibility of challenged ballots will be completed and final county tabulations will be known.

While the final outcome of the referendum will be based on the number of sheep owned by those voting, there is a close correlation between the number of producers voting favorably and the vote according to sheep numbers. The preliminary tabulation shows 47,095 producers (71.2 per cent) voting in favor of the program and 19,036 (28.8 per cent) voting against it.

In the vote in Texas by producers, 2,250 voted for and 2,307 voted against or a margin of 49.4 per cent for. In the sheep count vote it was 1,238,170 for and 1,183,411 against or 51.1 per cent for.

Junior Football Attracts 16 Boys

Sixteen boys are out for junior football, according to Gordon Harmon, mentor, who has been working with the boys since last Thursday afternoon.

The list includes: Quirino Alva, Armando Gutierrez, David Graham, Oran Belcher, Brooks Bader, Raymond Elrod, David Clay, Marion Wilson, Bob Spears, Sammy Goodwin, Don Little, Charles Holt, Andrew Marquez, Herman Fuentes, Eloy Perez and Bobby Garza.

Harmon stated that his group of aspirants included some good-sized boys who should work into a well-balanced team, but it is to be noted that the lack of depth in reserves is enough to hamper the ability of the team somewhat.

A schedule for the lads has not been completed as yet.

Sept. 15 - Apr. 15, '56 Inspection Period For Motor Vehicles

Austin — Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, announced this week that the Public Safety Commission has set September 15, 1955, through April 15, 1956, as the new Motor Vehicle Inspection period of state motorists.

Garrison pointed out that this will give Texas car owners a full seven months to report to one of the more than 4,000 licensed inspection stations in the state for a check of their vehicles.

Gene Hodgkins Opens Dancing Classes

Gene Hodgkins, who has taught dancing classes here for several years, has announced the opening of her classes in tap, ballet and acrobatic dancing Monday in her home. Instead of one lesson per week, as in previous years, she will give two lessons weekly.

The classes will be for all ages with the enrollment in each class limited to ten. Definite schedules for the classes will be announced later when classes are formed.

The classes for pre-school children, 3 to 5, will be in the mornings. Mrs. Hodgkins is working in cooperation with Madelon Tillman Price of Fort Stockton who has had seventeen years teaching experience.

EAGLES HUMBLD BY GRANDFALLS IN 32-0 SCORE

The Sanderson Eagles were badly trounced by the Class B Grandfalls team last Friday night when the Eagles went to that school for their season opener.

The score ended 32-0 in favor of Grandfalls.

The Eagles led the opponents in yards gained from scrimmage but were unable to put the ball across the last line for scores. They had possession of the ball late in the final quarter and deep in the enemy territory but were unable to produce the ultimate effort necessary for scoring in four downs.

Coaches Carlton Smith and W. H. Riley stated that they had looked over the Grandfalls-Royalty Cowboy roster of last year picking out their opponents of this year and guessed right on everything except the weight of the opponents. The Cowboys averaged much more in weight than did the Eagles who were unable to penetrate the line or hold the offensive might of the Cowboys.

Few of the substitutes saw action in the game due to the extreme efforts of the coaches to put out a competitive game.

The Eagles will meet the San Felipe Mustangs in Del Rio Thursday night (tonight). The San Felipe team is highly rated in that area and is expected to give the local gridsters a tough time score-wise in the fray there.

The following week is an open week for the Eagles who have no games scheduled and will give them an opportunity to get in shape for the Alpine Bucks, Class AA team, on September 30.

The Alpine game will be played on Eagle Field.

27 PeeWees Out For Grid Practice

Edward G. Medaris, peeWee coach, this week reported a roster of aspirants consisting of 27 boys.

They include: Harvey Castellano, David Gilmore, Billy Stavley, Celestino Fuentes, Felix Valles, Jr., Juan Lopez, Jimmie Jones, Gary Clay, Al Word, Gene Stout, Dean Wagner, Hector Lopez, Bobby Littleton, Buddy Monroe, Leslie Coff, Tomas Lozano, Armando Ponce, John Wilcox, Urbano Martinez, Richard Jones, G. C. Eggleston, Susano Munoz, Manuel Flores, Dee Gray, Buddy Joe Hahn, Joe McDonald and Johnny Hogg.

A schedule for the small gridsters has not been filed yet.

Car Recovered Here After Stolen Report From Del Rio

A 1953 Pontiac sedan, said to have been stolen from a parking area in front of the Del Rio police station, was recovered here this past week-end by local officers.

The car, belonging to an air policeman, apparently was unharmed after the trip to Sanderson, according to the owner. Two youths, Norman Lee Weatherford of Miles and Clint Wesley Smith of San Angelo were arrested while driving the vehicle. They were returned to Val Verde County Saturday afternoon by two sheriff's deputies from that county.

The owner of the car accompanied the officers here to return his vehicle to Del Rio.

TRAILER HOUSE STOLEN FROM STUMBERG RANCH

S. L. Stumberg reported to local officers Tuesday that a trailer house had been stolen from his ranch Monday night.

Sheriff Lee Billings reported the theft to Brewster County officials.

No trace of the trailer had been found at this writing.

Listen to Luke

(Continued from page 1)

Our election of a conservative governor to head the state's political group at the national convention of Democrats who are almost bound to elect a liberal nominee, could really throw some high-life onto that old burro's bent back.

The same would be true, of course if all the nomination aspirants were of the conservative school of thought and we had nothing but liberal state-level politicians.

This poem is a good expression of our thoughts of Sanderson Mrs. J. M. Jones wrote it.

Oh little town, with wall of hills,
With your friendly Johns, Joes
and Bills;
With your smiling Janes and Sues
and Belles
From my heart, I wish you well,
May God abide and love abound
Within your walls, oh little town,
And may the folks, who're passing
through
Speak only well and good of you,
God bless, and keep you, ever free
From wrong and all impurity,
I love your wall of rugged hills,
Your Janes and Joes, your Belles
and Bills.

AMONG OUR SUBSCRIBERS

New subscribers to The Times include Kenneth Stutes of Texas Western College, Vannah Jo Nance of Baylor University, and Jack Talbot of Sul Ross College.

Renewals have come from Melvin Bridges, Bill Goodwin, Tol Murrain, Greene Cooke, Mrs. W. H. McDonald, and J. O. Little, Jr., of Sanderson; Abraham Grob of Washington, D. C.; Seth R. Davenson of Uvalde; Mrs. Pearl L. Hyde of Los Angeles, Calif.; Humberto Arredondo of Chicago, Ill.

Mr. and Mrs. C. L. Surratt visited in Uvalde with her sister, Mrs. S. A. Roney, and other relatives last week-end. They were accompanied by their son and daughter-in-law, Mr. and Mrs. H. L. Surratt and children of Monahans.

Fourth of Population Gets Half U.S. Sheep

Almost 50 per cent of all the lamb and mutton domestically produced in 1954 was shipped for consumption to the northeast states, an area which includes only one-fourth of the total U. S. population, says the U. S. Department of Agriculture.

This is shown by a survey made by the Agriculture Marketing Service, with the cooperation of the American Meat Institute, the National Independent Meat Packers Assn., and the Western States Meat Packers Assn., Inc.

The three Pacific states — California, Oregon and Washington — which comprise 10 per cent of the total population, received over 20 per cent of all lamb and mutton shipped last year, with most of this being available in California.

Approximately 15 per cent of the lamb and mutton shipped during 1954 went to the East North Central States, with Illinois and Michigan showing the largest consumption in this region. This region accounts for 20 per cent of the total U. S. population.

Areas where lamb and mutton were shipped in relatively small amounts included the Southern, West North Central, and Mountain States. These areas make up 44 per cent of the total population, but received only 15 per cent of the 1954 total lamb and mutton shipments.

The survey is based on reports of shipments by packing companies who produced 92 per cent of all federally inspected lamb and mutton during 1954. In addition, the survey includes estimates of all other commercial production and production from farm slaughter.

Prices ranged around 75c to 86.50c per pound for adult hair and \$1 to \$1.2650 for kid hair with some kid hair selling for as high as \$1.40 per pound and some adult hair as high as 90 cents per pound. It is noted that these prices are all above the 70-cent incentive level.

The CCC-accumulated wools are the result of efforts on the part of the government to bolster production and returns to the grower through loans and eventually purchases. The total amount of accumulated wools is about 140 million pounds.

By **VERN SANFORD**
Texas Press Association

AUSTIN — There is an election coming up next week — in which the "candidates" are not known.

It is the election of Texas' new Democratic national committee man — to replace ousted Wright Morrow.

A nominating committee will make a recommendation on September 21. Its choice will be revealed at a meeting of the State Executive Committee in Ft. Worth on September 22.

Discussed for the place have been former Cong. Lloyd M. Bentsen Jr. of McAllen; Cong. Joe Kilgore, also of McAllen; Rep. J. O. Gilliam of Brownfield; and James E. Wheat of Woodville. Wheat now is secretary of the State Executive Committee.

Possibility that State Chairman George W. Sandlin might get the nod also has been discussed.

Gov. Allan Shivers has indicated his desire that the new committee man be someone who will work with the national committee.

National Chairman Paul M. Butler said that the new member must have voted for Stevenson in 1952 and be acceptable to Governor Shivers, House Speaker Sam Rayburn, and U. S. Senator Lyndon Johnson.

State Chairman Sandlin will address a meeting of the Democratic Club of Ft. Worth on the same date the committee meets. He

will reply to the speech made to the same group by Morrow just before the state committee voted Morrow out. Morrow has severely criticized Sandlin. The invitation to speak was extended Sandlin in order to show that the club, while conservative, was not dominated by the ultra-ultra conservative backers of Morrow.

Candidates Active

Friends of Agriculture Commissioner John White met in Austin over the week-end to encourage his entry into the governor's race. White is one of several under consideration by the Loyalist forces.

Brown Bailey, Midland attorney and leader in the effort, said the group conferring with White was not allied with any political faction. "We simply want White to run," he said.

Reuben Senterfitt of San Saba is the only announced candidate for governor so far. He's busy building his fences. Active also is State Sen. Jimmy Phillips of Angleton, although as yet unannounced. Another possible is James P. Hart, former chancellor of the University of Texas. And Will Wilson, associate justice of the supreme court.

Not to be overlooked is Coke Stevenson, former governor. It appears there may be a build-up urging him to enter. Stevenson has been inactive politically since his 87-vote defeat by Lyndon Johnson in the Senate race seven years ago.

Look for House Speaker Jim Lindsey of Texarkana — in the attorney general's race. Also being talked for that job, if Hart runs for governor, is Will Wilson. He would not run against Hart.

New Veterans Land Plan

Texas' veterans land program is off to a fresh start.

Under new laws the board places responsibility for administration squarely on the shoulders of the

land commissioner. Ex-officio members, the governor and attorney general, are charged only with policy-making functions.

Commissioner J. Earl Rudder said he is ready to accept the responsibility.

Local advisory committees, blueprinted in the 54th Legislature's reform laws, are already being formed. These committees, appointed by commissioners courts, will provide a check on findings of state appraisers.

Land purchasers who are delinquent in their payments, have been notified to pay up or forfeit their land. Many delinquencies involve block deals believed to be of questionable nature.

Rudder indicated the board should be able to start considering loan applications again soon. All the original \$100,000,000 was exhausted under the administration of his predecessor, Bascom Giles. Some, however, has been recovered by court action.

Giles has been sentenced to the state penitentiary on charges of accomplice to theft and consenting to accept a bribe.

Representatives Appointed

Ten appointments to the Texas Legislative Council, an interim research group, have been made by House Speaker Jim Lindsey.

Named were Reps. Ben Glusing of Kingsville, Tom King of Dallas, James W. Yancy of Houston, Joe Purkett Jr. of Kerrville, E. F. Crim of Henderson, Pearce Johnson of Austin, Obie Bristow of Big Spring, Gustin Garrett of Raymondville, W. G. Kirklind of Odessa and William S. Healy of Paducah.

Lt. Gov. Ben Ramsey will select five senators to complete the council. Its duty will be to study pressing legislative needs prior to the next session.

Lindsey also appointed Wade F. Spillman chairman of the house investigating committee. Its tasks

include further land office inquiry. Other members are Reps. Reagan R. Huffman of Marshall, Jesse M. Osborn of Muleshoe, Jack Welch of Marlin and Scott McDonald of Fort Worth.

Named to the water resources committee were Reps. Stanley Banks Jr. of San Antonio, Leroy Saul of Kress and Bill Wood of Tyler.

Storm Warning Net Set

Largest storm-warning net in the world is being installed in 14 Texas cities.

Radar sets, obsolete for military use, were donated by the U. S. Air Force. Procedure for use was developed by the U. S. Weather Bureau, Texas Department of Public Safety and the state division of Civil Defense and Disaster Relief.

Installation sites are Austin, San Antonio, Corpus Christi, Victoria, Brownsville, Galveston, Ft. Worth, Houston, Wichita Falls, Lubbock, Midland, San Angelo and Amarillo. Others may be added soon.

NEW HOURS FOR VANITY BEAUTY SHOP

A new schedule of working hours for the Vanity Beauty Shop is announced this week. Miss Gloria Escamilla, owner, has asked the cooperation of her customers in observing the new schedules.

Mr. and Mrs. C. G. Riggs returned home Friday from a trip to Dallas where they attended the fall gift markets and the meeting of the directors of the Texas Watchmakers' Assn. They also spent several days in Mineral Wells en route home.

'Sitting' Houses Condemned By Health Department

Austin — The increasing number of "uranium dirt and sitting houses" in Texas are getting frowns of disapproval from the State Department of Health. Health Commissioner Henry A.

Holle says the healing value of dirt containing minute amounts of uranium "isn't worth the time it takes a man to cover his aching feet". For the past 6 months the so-called treatment centers have been cropping up at various points until there are now dozens of them. Somehow the idea was begun that the alleged radioactivity

WALTZ WITH ME, WILLIE

Providing rib-ticking humor as a welcome break in the tense drama of Outlaw man vs. Outlaw animal rodeo clowns play an important role in the Annual Prison Rodeo. In addition, the clowns have the vital task of enticing the killer beasts away from fallen riders to give them a chance to make the safety of the fence. The mammoth spectacle of the 24th Annual Prison Rodeo will be held in Prison Stadium each Sunday afternoon in October.

in the dirt was a cure-all for assorted aches and pains. "Our industrial hygiene engineers have thoroughly checked 16 samples of 'supposedly radioactive dirt,'" Dr. Holle said. "In no case has the concentration been more than that of normal background radiation."

Said Engineer Martin Wukasch: "The granite in the State Capitol is more radioactive than any of the 16 samples. I've taken Gieger counter readings to prove it."

Wukasch demonstrated his point by passing an illuminous dial wrist watch over the Gieger counter probe. The needle of the counter jumped completely off scale. An ash tray, painted with a uranium oxide, had the same result on the needle.

But when the probe was buried deep in the middle of the 16 dirt samples, the needle was barely affected, no more than it would have been had the probe been held in mid-air.

Some landowners now in the uranium "healing" business have erected tents in which patrons can sit while absorbing alleged radioactive emanations. Others have safe drink stands where patrons can refresh themselves while

awaiting their turn for "treatments".

A check of the Comanche Uranium Health Center in Dallas showed cars from 8 different states in the Center's parking lot. Between 200 and 400 patrons visit the center daily, investigators report.

Patrons are said to pay a fee of from \$2 to \$3 per hour, and must sign a statement attesting that no healing results have been promised and that their patronage was not solicited.

Dr. Holle said that while patrons are in no actual physical danger, their reliance on "miracle cures" from the dirt might give them temporary psychological relief from serious ailments, thus delaying a visit to a reputable physician.

Wukasch credited improvements in sensitivity of radioactive detection instruments with bringing on the rash of low-grade uranium fields.

"With these super-sensitive instruments it is possible to get a small twitch of the needle practically anywhere," he said. "We are all constantly subject to tiny bombardments of radiation from natural cosmic sources."

Dr. Holle said that since no violation of existing state laws nor any claims of advertised cures had been brought to his attention, "we will just have to depend on the native intelligence of the Texas public to recognize these places as worthless."

Miss Sue Burchett was in Fort Stockton Monday for dental work.

Mrs. Myrtle Johnston of San Antonio, who was here to be in charge of the business belonging to her brother, Ellis McDougal, while he was on a fishing trip, was

called home Monday on account of the illness of her granddaughter. Her sister, Mrs. T. L. Leader of Elgin, arrived Tuesday to look after the store.

Mr. and Mrs. Melvin Bridges and children visited in El Paso for a few days during their vacation with her sister, Mrs. Curtis Litton, and family.

SANDERSON, TEXAS

FAMOUS TEXANS' RECIPES

Traveling Texan Finds Beef Dishes Abroad Superb

With travel on the increase, food may replace music as the universal language, according to Corinne Neal Cook, editor-publisher of the Texas Mesquite whose travels have taken her to every continent.

"The minute you board an airplane, train or boat, the subject of food breaks the conversational ice, and people begin sharing favorite restaurants and special recipes," Mrs. Cook says. And since food is her hobby, she has collected hundreds of interesting foreign dishes.

Occasionally, she confesses, chefs are arbitrary. In these cases, she relies on memory and conjures up dish after dish in her own kitchen until the taste satisfies her.

Such was her experience at Cafe Filet d'Boeuf in Brussels. Undaunted, Mrs. Cook returned home, purchased the ingredients and scored a success on her very first attempt. She even honored the chef by naming her version of his delicacy: "BRUSSELS FILET."

"I'm not fascinated with Indian cookery," she confesses. "As a matter of fact, since beef tops my 'favorite' list, I find that I prefer menus from beef-producing countries like Argentina, New Zealand, Australia, and of course, America, most of all."

She recalled with disdain some of the fare offered to her in 1948 when she circled the globe as "old" war correspondent for the small weekly Mesquite, Texas, newspaper, Dallas County's oldest. The Mesquite, circulation 1,500, probably was the smallest newspaper in the world which covered the Berlin Air Lift and was personally represented at a conference with Gen. Lucius Clay during that crucial period of American-Russian relations.

She writes a front-page column, "Circling Around with Corinne Neal Cook," which is popular with friends and neighbors seeking to keep pace with this Traveling Texan. And every year she delights her readers with details of a new, exciting location.

Several of her foreign-flavored beef recipes, including Brussels Filet, will be included in the Texas Beef Council's collection of Famous Texans' Recipe Cookbook, now in compilation.

Here is how she prepares Brussels Filet: have the butcher split three-inch thick individual tenderloin of beef steaks in the center. Insert 1/2-inch thick aged American cheese (be sure it is aged) and 1/4-inch thick cured ham in each, sprinkle with garlic salt or hide slices of garlic buds in crevices in each and broil until desired degree of doneness. Before broiling, top each with a pat of butter; brown and season. Turn them over and repeat the broiling process.

"Don't cook them too fast," warns the traveling chef.

Pickles That Grandma Made

Old family recipes for pickles number in the thousands. There are numerous names for most of them, and dozens of slightly different "receipts" for each name. Here are a few old family favorites that have been handed down through generations.

Grandma Seb's Chili Sauce

- 1 basket (about 28 lbs.) red-ripe tomatoes
- 2 quarts chopped onion
- 2 quarts chopped green peppers
- 1/2 teaspoon Cayenne pepper
- 1/2 teaspoon ground cloves
- 2 teaspoons cinnamon
- 2 cups sugar
- 4 tablespoons salt
- 1 quart vinegar

Skin, core and chop tomatoes. Mix together everything except the vinegar and cook about 1 1/2 hours. Add vinegar (and more salt and seasoning if needed). Cook until thick. Pour, boiling hot, into hot jars; seal at once.

Granny Fanny's Corn Pickle

- 8 cups cut corn
- 1 cup chopped onion
- 1 cup chopped green pepper
- 1 cup chopped red sweet pepper
- 4 cups chopped cabbage
- 2 tablespoons prepared mustard
- 1 tablespoon mustard seed
- 1 tablespoon celery seed
- 1 tablespoon salt
- 1 tablespoon turmeric
- 1 tablespoon curry powder
- 4 cups vinegar
- 1 to 2 cups sugar
- 1 cup water

Mix all ingredients. Simmer 20 minutes. Boil 3 minutes. Pour, boiling hot, into hot jars; seal at once.

Mrs. E. F. Pierson Leads Program For Presbyterian Women

The Presbyterian Women of the Church met in the Fellowship Hall Monday afternoon in executive board session. Following the singing of the hymn, "What a Friend," Mrs. J. W. Byrd led in prayer.

A nominating committee was appointed and consisted of Mmes. J. D. Nichols, H. C. Rock and E. F. Pierson.

Mrs. Pierson was the leader of the program in the circle meeting which followed. Based on Romans 8:31-39, the subject was "Faith Triumphant in the Love of God."

The meeting was closed with the singing of "Sweet Hour of Prayer" and prayer by Mrs. G. K. Mitchell. Those present were Mmes. Roy Deaton, E. F. Pierson, Sid Harkins, E. J. Hanson, J. W. Byrd, G. K. Mitchell, J. W. McKee, C. C. Mitchell, J. D. Nichols, H. C. Rock, N. M. Mitchell, W. H. Savage and J. L. Whistler.

Mrs. M. H. Goode Thursday Club Hostess On September 8

The Thursday Bridge Club resumed their meetings last week, meeting in the home of Mrs. M. H. Goode, Jr.

In the bridge games, Mrs. Jack Riggs held high score. Mrs. M. W. Duncan was second high and Mrs. O. J. Cresswell, low.

Other guests included Mmes. W. E. Stavley, A. J. Hahn, Jr., H. E. Fletcher, C. H. Stavley, Vic Littleton, M. F. Bader, I. B. Rusk, Herbert Brown, and O. T. Sudduth.

Refreshments of apple pie and coffee were served by the hostess. Tea guests were Mrs. E. McSparran and Mrs. F. G. Grigsby.

Evening Study Club Meets in Riley Home

The Evening Study Club met in the first session of the new club year on Thursday evening in the home of Mrs. W. H. Riley with Mrs. Carlton Smith as co-hostess.

The program theme for the year is "Religious Horizons." The Methodist religion was discussed by Mrs. Irvin Robbins and the Hindu by Mrs. Vic Littleton.

The hostesses served a refreshment plate with angel food cake a la mode, nuts, candies and lead tea.

Members present included Mesdames Bruce M. Spencer, Weldon Cox, Norman Rath, O. T. Sudduth, Charles Matney, C. H. Stavley, M. F. Bader, Irvin Robbins, Vic Littleton, and a guest, Miss Mona McGee.

Hope Bright For Heart Sufferers

Austin — There is hope on the horizon for the thousands of Texans who are suffering from heart disease, says Dr. Henry A. Holle, Commissioner of Health. Such tremendous advances have been made by medical science that some forms of heart disease, once incurable, can now be effectively remedied. Eventually a way will be found to prevent some forms of heart disease.

Heart disease is the leading cause of death in Texas. Last year 20,211 Texans died of diseases of the heart, 31 per cent of all deaths. There are 21 known types of heart trouble, but the three major types are rheumatic heart disease, high blood pressure and coronary heart disease.

Rheumatic heart disease is the damage done to the heart valves by rheumatic fever. Rheumatic fever is a disease of children and young adults, and often follows a "strep throat" or some other streptococcus infection. Medical science has given us new and better ways of treating these infections. As a result fewer hearts are being damaged and fewer persons are dying from rheumatic fever. With modern medicine, doctors can, if given a chance, prevent rheumatic fever by curing strep infections in the early stages.

Doctors do not know all the causes of high blood pressure, or hypertension as it is sometimes called. Sometimes it is caused by kidney disease, and sometimes by hardening of the arteries, nervousness, an overactive thyroid gland, or excessive weight. If a person with high blood pressure follows his doctor's advice, he may live happily and busily to old age. To hold down his blood pressure, he must watch his weight, not work too hard or play too hard, and follow closely any special instructions of his physician, as to diet and other matters.

Many people think, mistakenly, that nothing can be done for coronary heart disease, the greatest killer from the middle age onward. It is a disease of the arteries which supply blood to the heart muscle itself. These arteries may become hard and thick, allowing less blood to get to the heart muscle to nourish it. A much more serious condition, coronary thrombosis, develops when a clot forms in a thickened artery cutting off he blood flow. With proper treatment

and rest, however, a person may recover completely.

According to Dr. Holle, work in the prevention of heart disease is moving ahead on many fronts. So far, medical science has been unable to prevent high blood pressure and coronary heart trouble, but has found ways of treating their after effects. But such treatment is allowing many persons to enjoy many years of added life.

BIRTHS

To Mr. and Mrs. David L. Duke, Jr. of San Antonio was born their first child, a son, weighing seven pounds and 12 ounces. David L. Duke, III, was born Tuesday night. Mr. and Mrs. D. L. Duke are the paternal grandparents.

A son, their fourth child, was born here on Friday, September 9, to Mr. and Mrs. Ruben Rodriguez. His birth weight was seven pounds.

Mrs. R. S. Wilkinson returned home Friday from San Antonio where she had visited with relatives. She accompanied her son, Bob, on a trip to Monterrey, Mexico, going by plane.

PERSONALS

Ray Dorsey of Big Lake visited with his aunt, Mrs. H. C. Goldwire, last week. He was accompanied by Jim Mitchell of New York City, a guest in the Dorsey home.

Mr. and Mrs. John Reininger left Thursday of last week for Mexico City where they will spend several weeks with friends.

Jolly Harkins left Monday night for Houston for medical examinations.

Mrs. Gene Litton went to Houston Wednesday to visit for a few days with her husband who has been hospitalized there for three weeks and will undergo major surgery Friday morning.

Mr. and Mrs. T. M. Winston of Grand Prairie spent the Labor Day week-end here with their mothers, Mrs. H. M. Winston and Mrs. Jettie Holmes, and with other relatives.

Mrs. J. D. Swanson Hostess Wednesday For Bridge Games

Mrs. J. D. Swanson entertained the '51 Bridge Club in her home Wednesday afternoon.

The high score prize was presented to Mrs. H. E. Fletcher; second high to Mrs. Herbert Brown and low to Mrs. J. O. Little.

Slam prizes were held by Mrs. Little and Mrs. Littleton.

Additional guests included Mesdames M. F. Bader, A. J. Hahn, E. J. Hanson, and O. T. Sudduth.

Date pie, tea and coffee were served.

Mrs. Herbert Brown Bridge Club Hostess

Mrs. Herbert Brown entertained the Tuesday Bridge Club in her home this week. Floral decorations in the party rooms consisted of roses and white regina corona vine.

The guests included Mesdames Tol Murrah, Mary Lou Kellar, Jack Riggs, W. H. Riley, S. H. Underwood, Clyde Griffith, J. T. Williams and J. A. Gilbreath.

High score was held by Mrs. Underwood, second high by Mrs. Riggs and low was Mrs. Murrah.

The hostess served a salad plate with tea and coffee.

Bonhomie Club Meets In B. E. Carr Home

The Bonhomie Club met in the home of Mrs. B. E. Carr Wednesday afternoon.

The birthday of the hostess was observed when she was presented with a large assortment of gifts.

Following the period devoted to fancywork and conversation, banana cake and home-made ice cream were served.

Members present included Mesdames James Caroline, M. W. Duncan, A. B. Gates, F. H. Talbot, Alfred Bendele and E. F. Pierson; also two guests, Mrs. W. F. Frazier of Bryan and Mrs. W. S. Forth.

Mrs. T. R. Arrington returned home Saturday from San Antonio where she had surgery. She is recuperating satisfactorily.

Mr. and Mrs. M. W. Duncan were in Fort Stockton Monday for dental work.

LOCALS

Bustin Canon underwent minor surgery in a Houston hospital on Tuesday morning and is recovering satisfactorily, according to word received here, but he will probably be in Houston for several more weeks.

E. B. Litton spent several days in El Paso last week with his daughter, Mrs. P. H. Snoddy, and his son, Curtis Litton, and their families.

Mrs. H. E. Ezelle left Monday for Houston to visit with her husband who is hospitalized there for examination and treatment.

Mrs. J. E. Sconce of Marietta, Oklahoma, is a guest in the home of her daughter, Mrs. Gene McSparran, and family.

Yvonne Forth, daughter of Mr. and Mrs. W. S. Forth, received a deep gash in the back of her leg Saturday when she fell on a sharp edge of the bed at her home. Six stitches were required to close the wound.

Mrs. Rufus Ross of Dryden has been hospitalized in Del Rio for the past week but is reported to be improving.

Mrs. E. O. Elmore, Jr., of Valentine visited here for a few days last week with her mother, Mrs. L. T. Calk, and family.

Mrs. Roy Haley visited in Valentine for several days last week with her son, Richard Haley, and family.

Mr. and Mrs. Carlton White returned home last week from their vacation trip. They went to San Antonio and to Houston to visit with their daughter, Mrs. Frank Hoveil, and family; to New Orleans, Baton Rouge and Shreveport, La.; to Hot Springs, Ark.; through the Ozarks, and through Oklahoma to Wicita Falls and Vernon where they visited Mr. and Mrs. Ed Boykin and family. They also visited relatives in Abilene and San Angelo en route home.

Miss Dorothy Hill, daughter of Mr. and Mrs. Joe Hill, has enlisted in the Woman's Army Corps and is stationed at Fort McClellan, Ala., for her basic training.

Jack Brunson, immigration officer, is being transferred to Stockton, California. He and Mrs. Brunson will leave for that city about Sept. 19.

Mr. and Mrs. W. H. Grigsby returned home Sunday night from San Antonio where they had taken their daughter, Sarah Pat, to enroll in Trinity University for her freshman year.

Mr. and Mrs. Hugh Rose took their daughter, Mary Landon to Austin Thursday to enroll in the University of Texas for her junior year. They visited in Del Rio and San Antonio enroute to Austin.

Mr. and Mrs. Austin Nance returned home Monday night from Waco where they had taken their daughter, Vannah Jo, to enroll in Baylor University for her freshman year. They visited with Mrs. Lee McCue in Fort Worth before going to Waco.

Mr. and Mrs. James Caroline returned home Monday from El Paso where they had taken their son, Jimmy, to enroll in Texas Western College for his junior year.

Mr. and Mrs. J. H. Lochausen returned home Sunday from El Paso. Mrs. Lochausen after visiting with her son, Dr. Wesley Lochausen, in Long Beach, Calif., and attending the Indian Festival in Gallup, N. M., had been visiting with her son, Jesse Lochausen, and her daughter, Mrs. Lee Jensen, and their families in El Paso and Mr. Lochausen joined her for a few days' visit before returning home.

Miss Joy Rose of Del Rio, a

UNIVERSITY SEEKS OLD NEWSPAPERS

Austin — That old newspaper in the attic — the one grandma saved because it contained a paragraph about grandpa's election as sergeant-at-arms of his lodge — could have lasting value in a permanent depository at the University of Texas.

Dr. H. Bailey Carroll, history professor and Texas State Historical Association director, says these "fugitive items" could help history students and other scholars reconstruct the life that has gone on in a community. Your copy of the old newspaper might very well be the only one in existence.

"The University's Newspaper Collection is already the greatest in the state," Dr. Carroll pointed out. "It could be tremendously increased in value."

Newspapers are a major source of local history, and local communities will be richer for having the yellowed old copies in a depository, where they can be preserved properly and where their contents can be dispersed. Such facilities are provided at the University.

Dr. Carroll urges citizens who are keeping old newspapers merely as "antiquarian curiosities" to send them to the Texas State Historical Association, University of Texas, Austin 12. The Association will place them in the Newspaper Collection, a unit of the University library.

Mrs. K. H. Stutes accompanied her son, Kenneth, to El Paso last Thursday to enroll in Texas Western College for his freshman year.

Capt. and Mrs. W. D. Gable and family visited here last week with his brother, O. D. Gable, and Mrs. Gable. They were enroute to his new station in Anchorage, Alaska.

LOOKING AHEAD
by Dr. George S. Benson
DIRECTOR — NATIONAL EDUCATION PROGRAM
Benson, Arkansas

CHEERS FOR MR. BRETT

One of the things that seldom happens in government has happened. The head of a Federal government agency, without being subjected to any pressure, has asked Congress to give his department less money than it has been getting. And even more unusual, the savings have been made possible by the application of common-sense thrift and hard-headed business practices in government.

The full story is enough to make taxpayers all over America toss their hats in the air and give three cheers for the man responsible. He is William H. Brett, Director of the Bureau of the Mint. Congress accepted his self-imposed budget reduction of about 17 per cent, but since the Mint's operation is so relatively small as compared to other government operations, Mr. Brett's outstanding example of public service has gone almost unnoticed. The Tax Foundation dug out the facts. They should be widely known.

Started Right
Mr. Brett became Director of the Mint just a year ago. He is an Alliance, Ohio, manufacturer. He accepted the appointment at considerable sacrifice. After he looked over the Mint operation carefully, he reported to Treasury Secretary George Humphrey that certain operational changes ought to be made for efficiency and economy. Mr. Humphrey told him to make them. He did.

The Mint makes all our coins. The practice in the past had been to produce and stock a certain

Mr. and Mrs. P. G. Harris went to Del Rio Tuesday to visit with their son, Pat Harris, Jr., and family.

Mrs. W. E. Gable of Dallas is visiting in the home of her son and daughter-in-law, Mr. and Mrs. O. D. Gable.

Mr. and Mrs. Pat Harris, Jr., and sons of Del Rio spent the week-end here with his parents, Mr. and Mrs. P. G. Harris, and other relatives.

number of pennies, nickles, dimes, dollars and other coins for supplying the Federal Reserve Bank system which distributes money to member bank throughout the nation. The production was based on an old formula of replacing diminishing inventories in the banks. The plan was not geared to cope with bumper demands for coins, and in slack demand periods its over-production was extravagant.

Common-Sense Administration
For the first time in the Mint's 163 year history of coin manufacturing, the Mint Director called upon his customers, the Federal Reserve Banks. Together they began to study the problems of minting and distribution. They worked out a program changing the inventory system and established a common-sense production program for the Mint. It saves operational expenses and cuts manpower needs.

Since the mint's budget is comparatively small, \$3,650,000, the money savings to taxpayers will amount to only about \$800,000. The important thing about Director Brett's accomplishment is the pattern of efficiency and economy established. If it were applied throughout the government, it would permit the balancing of the Federal budget and tax cuts as well.

Good Formula
Mr. Brett did several basic things that might be established as operational "musts" in every government bureau and agency. Upon taking the job he made a realistic study of the operation. With the aid of experienced members of the staff, he worked out an efficient program of operation. He went directly to the people he served — the banks — and asked for cooperation in improving efficiency and cutting expense. He abolished more than 100 jobs. And he helped find jobs in private industry for the people whose jobs were eliminated.

This excellent formula for governmental operation surely could be applied throughout all the administrative functions of the Federal government. Mr. Humphrey, the Budget Director and President Eisenhower all are striving to balance he budget, beginning next July. This year's budget is \$63 billion. A \$2 billion reduction in expenses would balance it, a \$5 billion reduction would permit some tax cut. If enough taxpayers wrote to Mr. Humphrey, suggesting it, perhaps Mr. Brett's accomplishment could be publicly commended in a high-level White House ceremony. It might do some good.

A Baylor technician checks the new giant X-Ray-like machine, which is now combating cancer at the new "Charles A. Sammons Irradiation Therapy Center" located at Baylor University Hospital in Dallas. A photo mural in the background adds to the attractiveness of the room. One of the nation's largest accident and health insurance companies presented a gift to the hospital to purchase the new "Theratron" Cobalt 60 Beam Therapy Unit. The gift was made in honor of Charles A. Sammons, chairman of the board of the company's reserve life branch. The installation of this advanced machine and completion of the Irradiation Therapy Unit places Baylor among the leading centers for treatment of cancer in the United States.

Area Youths Leave For Nation's Colleges

Last week found the youths of the area departing for the colleges and universities of the country to continue their education, some for their first year, but several listed for their senior year.

Sul Ross College, Alpine, again claims the largest number of students including Jack and Jimmie Talbot, Joe Neal Brown, Charles Stegall, Miss Nancy Turner, Mrs. Lawrence James, Lewis James, Jack Talbot, with an education major, is a senior.

Jimmie Harrison will enroll at Texas Tech for his senior year and Douglas Attaway will also attend the college for his junior year.

Texas Western College will have five Sanderson students, Mr. and Mrs. Tommy Mansfield, James Caroline, Joe Mussey and Kenneth Stutes.

Miss Mary Landon Rose, who graduated from Stephens College, Columbia, Mo., in May, has enrolled in the University of Texas for her last two years. James R. Kerr is planning to attend the Law School of the University of Texas. Jack Savage is a Trinity University junior and Miss Sarah Pat Gatzky has enrolled for her freshman year.

Five Sanderson graduates are enrolled in a San Antonio business college — Sandra Taff, Stella

Flores, Shirley Everett, Cruz Cardenas and Gus Flores, Jr.

Miss Vannah Jo Nance will be among the Baylor University freshmen this year.

Miss Elodia Garcia has enrolled in the Eastern New Mexico University at Portales for her freshman year.

Humberto Arredondo is a pre-med student in the University of Chicago for his junior year.

Bob Wilkinson will attend the University of Houston this year. James Clark and Glynn Chandler will continue their education at Texas A&M College.

90,932 Notary Commissions Are Issued to Texans

A. M. Mukdrow, Secretary of State of the State of Texas, announced that 90,932 Notary Public Commissions (new term June 1, 1955, to June 1, 1957) had been mailed to the County Clerks of the 254 counties in Texas.

108,485 persons were re-appointed on June 1, 1955, but only 83,341 requalified for this new term from the various counties.

7,591 persons applied for Notary Public Commissions for the first time and were approved by the Secretary of State. Most of these new notary applicants have qualified and their Commissions have been mailed to the County Clerks.

PRISON RODEO SET FOR 1955 SEASON

Huntsville — The original Texas Prison Rodeo, which has been called "The Wildest Show on Earth", has gotten a little wilder and faster each succeeding year. The 1955 version, being staged here each Sunday in October, promises to live up to expectations as the wildest and fastest outdoor sports event on record.

Albert Moore, prison rodeo manager since 1932, is putting only the best performers — inmate and animal — into the arena this year. The best to be had in added attractions and specialty acts, sure-fire hits wherever they have played in the rodeo circuit, have been booked for this big annual fall event.

Mrs. W. G. Downie went to San Antonio Saturday to visit with her grandmother who was seriously ill.

Mrs. H. G. Atkins of Portsmouth, Ohio, is a guest in the home of Mrs. C. L. Surratt.

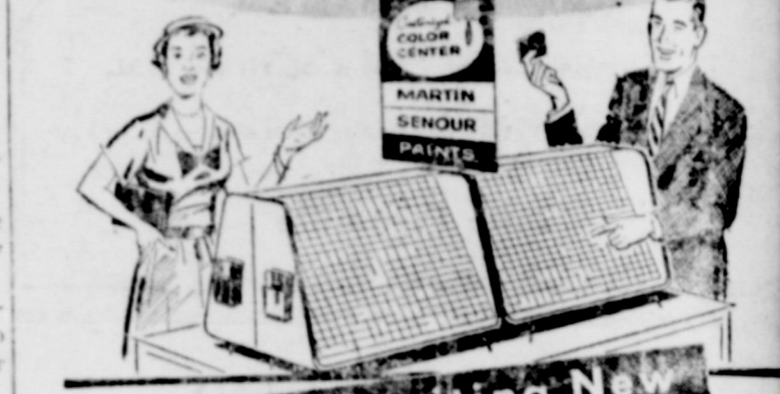

Mrs. W. W. Sudduth and Mrs. Austin Nance were in Marfa Tuesday for dental work.
