VOLUME 48

Heart Victim To Head Drive

Sen. Lyndon B. Johnson

Senator Lyndon B. Johnson will serve as the state chairman of the 1956 Texas Heart Fund during February, it has been announced by Dr. Kleberg Eckhardt of Corpus Christi, president of the Texas Heart Association.

Senator Johnson who is now recuperating at his Texas home from the effects of a severe heart attack he suffered last July 2, accepted the chairmanship of the February Heart Fund campaign with the statement:

"During recent months I have had reason to become personally aware of the scope of the lifesaving work made possible by the voluntary contributions of funds for use in research into heart disease.

"In all seriousness, I doubt that I would be here now except for the application of medical knowledge gained from such research prior to the heart attack I suffered last July.

"The money contributed to the Texas Heart Fund, which is an integral factor in the work of the Texas and American Heart Associations, is an investment in human lives. I am confident that the people of Texas will make such an investment in generous measure this year, as they have in the past.

"This is a cause in which all of us can work together for the good of humanity. I know Texans will not fail to meet this challenge."

Advance Dates On Some Yule Activities

For the benefit of clubs, organizations and individuals who are planning special events for the holiday season the following dates are set for planned activities:

Friday, December 2, the Sanderson Garden Club is having an open house in the evening from 7 to 9, using the theme "Stars and Bells at Night."

The annual Chamber of Commerce banquet is planned for Tuesday evening, December 6.

The Presbyterian Church will present the annual church pageant at the church on Sunday, December 18, at 6:30 and a cordial invitation is extended to everyone in the community to attend.

The Rotary Club will entertain their RotaryAnnas at the annual ladies' night on Wednesday, December 21.

The members of the Legion Auxiliary and their families are invited to join the American Legion in a barbecue supper at the Legion Hall on Thursday, December 8.

Girl Scout Drive Short About \$100

The Girl Scout drive for funds is about \$100 short, according to Herbert Brown, treasurer, and Mrs. C. C. Mitchell, projects chairman of the council.

Forty-two donors have turned in \$189.00 to the drive, according to Brown, and the needs for the five Girl Scout troops is estimated at \$300, according to Mrs. Mitchell.

Approximately 50 girls are in the five local troops.

It was stated that the amount of expenditures planned was for handicraft and items needed for the earning of badges, plus the cost of badges, Scout Hut maintenance, including utilities, and janitorial service, and the like.

Chamber Elects Five Directors

At the regular monthly meeting of the Terrell County Chamber of Commerce here Monday night, the ballots were canvassed and the names leading in the race for directors were presented to the assembled group of members and directors present.

President Clyde Griffith introduced the matter of the annual banquet which was planned for Tuesday, December 6. Committees named at the meeting for the various duties consisted of: Arrangements, James Caroline, Matt Bader, Hugh Rose, E. F. Pierson, W. G. Downie, Mrs. C. P. Peavy, Carlos Dunn and Jolly Harkins; for publicity, Ray Hodgkins, L. H. Gilbreath, E. J. Hanson, Greene Cooke, Dudley Harrison, John Williams, Charles G. Riggins, R. V. Spears, and C. C. Mitchell. Named on the program committee are Matt Bader, Jolly Harkins and Judge R. S. Wilkinson.

New directors chosen for the three year term are Troy Druze, Albert Weigand, E. F. Pierson, C. G. Riggins, and C. C. Mitchell. The retiring directors this year are Clyde Griffith, J. R. Hodgkins, E. J. Hanson, Mrs. C. P. Peavy and Rev. John W. Byrd.

The program committee announced Thursday that Bennett Smith, executive vice president-attorney for Community Public Service Co., has been secured as principal speaker for the banquet.

Impressive Rites By Veterans At Game Here Friday

Very impressive, but simple rites were enjoyed by the spectators at the football game here Friday night when the bands of the visiting Iraan school and the Sanderson High School, together with veterans who are members of the Veterans of Foreign Wars and the American Legion in half-time ceremonies.

The Iraan band played some songs reminiscent of the first World War and concluded their performance with two trumpeters playing echoes of the national anthem. Taps with the band kneeling in the formation of a cross.

The Sanderson band marched on the field and formed a cross, honoring also the dead of all wars. To slow cadence by the drummers of the band, color bearers from the Fierro-Graza Post of Veterans of Foreign Wars and color bearers of the Clarence Hallie Mulkey Post of the American Legion marched onto the field from the two ends and turned, facing the stands, in the center of the field as the band played "The Star-Spangled Banner" The retiring of the colors closed the half-time ceremonies.

Very impressive solemnity and quietness prevailed during the ceremonies, indicating the crowds' complete approval and appreciation of the rites.

COMMUNITY SERVICE FOR THANKSGIVING

The annual community-wide Thanksgiving service will be at 10 o'clock on Thanksgiving morning, November 24, in the Baptist Church. Since Rev. John W. Byrd will be out of town, Rev. J. J. Spurlin, Methodist pastor, will bring the Thanksgiving message. Everyone in the community is invited to attend the service.

Pictured above, left to right, are Mrs. Jessie Briggs, her sister, Mrs. Ann Mathers, and Charles T. Engle at their rig on the Dryden Oil Corp. No. 1 Bassett, south of Dryden.

DEER SEASON OPENS SUNDAY

The season on Texas' biggest game animal will open Sunday as the deer West of the Pecos will be sought by nimrods from all over the state. The season begins officially 30 minutes before sunrise and lasts until 30 minutes after sunset on Friday, November 25.

Considered one of the prime targets of this part of the nation, sportsmen from all over the state and other parts of the nation, the deer is one of the most high-priced animals in the nation for some hunters.

Caravans of cars, pickups, jeeps, station-wagons, horse trailers will begin moving through Sanderson this week as hunters from as far away as Louisiana move toward their week-long home in the wilderness area, they hope, close to deer range.

Paraphernalia of all kinds to add to the comfort of "roughing it" will be included in the gear of some of the hunters who spend many hundreds of dollars in their equipment for hunting.

Reports of excellent deer and the largest size have come from the country around Van Horn and deer in the Davis Mountain country are said to be "fatter than usual."

Varying reports of the condition of the antlered animals come in from ranchers in Terrell County and this immediate area. Some are said to be fat and scarce, others lean and plentiful, but as usual the hunters' eagerness is not dampened by bad reports.

Chilly nights will help the deer hunters some, but warm days will also add to his lack of kicking the animals up.

The story is always the same—deer are where you find them and the rewards of hunting is in the skill of the sportsman, rather than the size of the animal or its number of points.

Schools To Close Next Tuesday

The first scheduled holiday season for the schools of Terrell County will begin on Wednesday, November 23, the Thanksgiving holidays. Classes will be dismissed at the regular time on Tuesday and will be resumed on Monday morning at the regular time.

The Christmas holidays will begin on December 22 with the 10-day holiday season closing with the opening of school on Monday, January 2.

THOUGHT FOR THE WEEK

"Compel them to come in, that my house may be filled." Luke 14: 23.

Put forth some effort for God. Recognize the urgency of the message that you have, and find someone quick to tell it to. "Bring them in from the paths of sin." God's house is a hive for workers, not a rest for drones — H. B. Dean.

TURKEY SHOOT NETS ONLY \$85

The turkey shoot, put on by the Sanderson Volunteer Firemen last Sunday, netted only approximately \$85.00, according to Troy Druze, financial cofiniteeman for the annual fund-raising drive.

The department took in \$305 at the shoot and paid out \$171.30 for the turkeys, \$8.00 for feed and \$35 for the groceries which were given away and have a few incidental expenses such as shells to pay for, coffee, sugar, cups, etc., leaving an approximate net profit of \$85.00.

The lack of interest on the part of shooters is thought to be responsible for the lack of larger profits, according to the firemen who were supervising the shoot. There were very few birds which stayed in the box for a very long time, as many of the shooters would wait until they had a near-perfect target, rather than test their skill at the target of a bird's head which had been withdrawn to its lowest possible height.

The perfect weather, warm, no wind, prevailed all afternoon and aided the skill of the shooters, plus the element of luck with each hit, it gaining a bird for holiday feasts.

The scopes on the rifles, according to those staging the affair, did not materially harm the profits of the firemen. There simply were not enough interested shooters and the usual enthusiasm as shown in the past.

The turkeys at this year's shoot were unusually large birds, averaging better than 10 pounds per bird and up to 15 pounds on some of the larger ones.

Two-Thirds of Taxes Of County Now Paid

More than two-thirds of Terrell County's taxes for 1955 were paid during the month of October. A three per cent discount was allowed on the county, school and state taxes paid during the month of October and many taxpayers took advantage of the discount.

The total tax bill presented to the county's tax payers on October first was \$120,263.36. The total amount if the tax bill paid during October was \$85,945.90.

During the month of November, a discount of two per cent is being allowed on taxes paid. Poll taxes may be paid any time but must be paid by January 31.

FRANK WEIGAND'S BROTHER DIES IN ILLINOIS

Frank Weigand left Sunday for San Antonio and from there went by train to Alexander, Illinois, to attend the funeral services for his brother, John Weigand, who died in that city Sunday following a heart attack.

Attending the opera, "La Boheme" presented at Sul Ross College in Alpine Sunday afternoon were Mr. and Mrs. Lee Kelly, Mrs. Sue B. Moseley, Mr. and Mrs. Charles Matney.

EAGLES TOP IRAAN BRAVES BY 25-6; FABENS FINAL FOE FOR SANDERSON

The Sanderson Eagles won from the Iraan Braves in a conference grid tilt here Friday night to put them out in front of both Iraan and Marfa in district competition.

The game ended with a score of 25-6 with the time running out at the half and at the end of the game with Sanderson in scoring position.

Sanderson received the opening kick-off and Pres Escamilla, half-back receiver, carried up to the Iraan 40 where he fumbled the ball. Iraan recovered and kept possession until they had crossed the goal line for the first TD. Sanderson had not warmed up to the powerful offensive plays worked by the Braves with Jacobsen, 172 pounder and Wade, 160-pounder doing most of the ball carrying to spearhead the offensive.

The Eagles, in their first series of offensive plays, racked up one first down after another, aided by a 15-yard penalty and a 42-yard run by Bob Beckett which put the ball on the 7-yard line from where Beckett carried it over for the first Eagle score.

The point-after try by both teams failed following their first scores.

In the second period the Eagles recovered an Iraan fumble and in the first offensive series from that break, Darrell Cox, quarterback, ran 34 yards for the second. Sanderson TD on a bootleg play. Gary Harrell, fullback, produced the extra point on a placement kick.

In the third quarter, Cox thrilled the crowd with a long, broken-field run, delayed by evading and by-passing and ignoring would-be tacklers to the 2-yard line from where Beckett completed the thrill by going off-tackle for the TD after he had been hit and almost stopped by several of the Braves team. The extrapoint try was no good.

In the final quarter Sanderson put on a drive from their own 30 which put the ball on the Braves' 1 with first and goal to go from where Escamilla ran over for the final score. The extra point try was no good.

Later in the game Popo Flores intercepted a Braves pass and ran about 65 yards to the Iraan 1, but the clock had run out during the play, ending the ball game with the tackle.

Sanderson will meet the Fabens Wildcats on home ground Friday night for the season capper. The

American Legion Participates In Holiday Observances

The Clarence Hallie Mulkey Post of the American Legion participated in the observance of Veteran's Day here last Friday.

A brief service was held at the war monument on the courthouse lawn when the flag was raised on Friday morning and the graves of the veterans of all wars in Cedar Grove Cemetery were decorated.

Poppies were sold by the auxiliary to the Legion on the holiday.

Net proceeds from the sale of poppies was \$103.55, according to Mrs. Tip Frazier, poppy sales chairman.

J. T. WILLIAMS IN AUSTIN HOSPITAL

John T. Williams became ill while attending the TCU - Texas University football game in Austin last Saturday and is hospitalized in St. David's Hospital in that city for treatment. Mrs. Williams who was with him remained at his bedside.

Reports from Mr. Williams Wednesday night found his condition to be improved and attending physicians have not yet disclosed their diagnosis of his ailment.

Mr. Williams is a rancher and owner of the Sancerson Wool Commission Co.

Mrs. Robert Carle is in Fort Stockton with her daughter, Janet, who is hospitalized in that city.

prestige of the individual teams is all that is at stake and serious competition is not expected from either of the two teams. Fabens is said to have improved their prowess considerably since the beginning of the season and are slated to have plenty of ability for their foes during the latter part of the season. The Eagles and Fabens will stack up reasonably close in district competition, but because of depth, have a slight hand on the local boys.

The game promises to be a thriller for a spectators' standpoint and a good crowd is expected to be on hand for the last fray of the season.

New Fire Plugs To Be Installed

The Commissioners Court Monday authorized the installation of another fire plug in business transacted in their regular session.

The plug will be located on one of the corners on the northwest corner of the court house and is planned to service the court-house, and high school building, plus some residences in that vicinity. The fire plug now on the corner of Oak St. and 1st St. can be used for servicing the elementary school, if need be, plus the use of the new installation.

The Community Public Service Co. has had plans for several months for the installation of a plug on the corner west from the Alamo Lumber Co. and the two plugs will be installed at the same time.

The two new plugs, plus the two in the local railroad yards, the one on the corner of 1st and Oak and that across the street from the Joe Little home, will add greatly to the potential efficiency of the local volunteer firemen who can use the plugs for refilling truck tanks, or if possible, can use the booster pumps on the trucks to pump water directly from the plugs to the fire.

ALARM SYSTEM TO BE INSTALLED FOR FIREMEN

Southwestern Bell Telephone Co. district representatives have worked out a plan for an alarm system for local firemen which has been agreed to by members of the executive board of the fire department. The system will cost \$10 per month.

Plans are for installing 10 sets in homes or businesses of firemen to be designated later. These sets will all have a common number and will be all connected to the same line.

When a person wishes to report a fire, he will dial the number and stay on the line until he has given the location of the fire to several of the firemen as they answer their phones. The sets cannot be used for other purposes.

One of the phones, to be situated in an all-night business centrally located, will be used to keep the circuit open for late-calling firemen and the person at the centrally-located place, will also have the control switch for turning on the fire siren.

Most of the 10 telephones will be used in homes of firemen since they are near the fire truck in the day-time and usually hear the siren during night hours. The phones in their homes will serve as a siren in some cases where the present siren cannot be heard and can also be used to gain information as to the whereabouts of a fire so that they can either go directly to the fire, or will know where to take the firefighting equipment when they leave the fire house, as in the case of volunteer drivers.

This system is being used successfully in some of the neighboring towns, and according to the company of the system prevents much of the hazard of sight-seers who are not able to ascertain the location of a fire. It also proves to be a faster alarm at night when the switchboard operator is limited to the speed with which she can answer signals and often cannot distinguish the signal from the home of a fireman from one from the phone of just an interested or curious person.

Further information and caution in the careful and correct reporting procedure will be given later, and all phone subscribers and residents are urged to brief themselves extensively on the correct procedure so that a person, in his excitement, may be accurate and precise in reporting the location of a fire.

The Senior Play, A Comedy-Farce To Be December 8

Rehearsals are going forward on the senior play which will be presented on Thursday, December 8.

Mrs. W. H. Savage is directing the play, "Here Comes Charlie," a farce-comedy.

The leading female role, Charlie, is the part carried by Doris Jones. Sharing in male leads in the play are Stanley Sullivan and W. J. Vaughn. The other eight characters in the play are Darrel Cox, Ida Esqueda, Carlene Werneking, Carroll Eggleston, Bobby Beckett, Nancy Mitchell and Vivian Moore.

Committees are busy making posters and planning the publicity campaign. On the advertising committee are Candelaria Rodriguez, Ruben Hernandez, Ruben and Clelia Ochoa. Comprising the poster committee are Alfredo Calzada, Matias Gutierrez, Pilar Garcia and Liandro Vasquez. On the ticket committee are Elodia Garza, Luis Cabos, Elberto Escamilla, Maria Silvas, and Natividad Martinez.

Arranging for the stage properties are Juan Ramirez, Gary Harrell, Claudio Villegas, and Benny Hamrick. Myrl Gilley will handle the sound effects and Colleen Pierson and Alicia Torres are the prompters.

Mr. and Mrs. O. J. Cresswell visited friends in Del Rio Friday.

Prefixes Assigned To Local Phones For Dial Switch

The prefix word and number has been assigned for telephones from the local exchange in preparation for the cut-over to dial service next month. Work is progressing on the installation of dials in local phones and the replacing of worn service lines within the town.

The prefix word will be Diamond for Sanderson, with the prefix number 5 followed by four digits and all local subscribers will have to dial DI-5xxxx for the completion of telephone circuits.

The prefix letters and number are for inter-toll dial, planned for this area in a few years, enabling subscribers to dial a number in any of the neighboring and some far-off towns, without going through a toll operator. Its first use will be for cities now having inter-toll dial service, such as Midland, who will dial numbers in Sanderson for a subscriber in that town or possibly far-off towns.

Work has been going on for several weeks by ranchmen in repairing their rural lines in preparation of the dial service which has limitations as to the distance the service will be available under certain conditions and the number of subscribers connected to each line. The rural lines have to meet certain specifications, also, in the type of wire used, and the kind of splice used.

Highway Patrol Applications Open

Austin — The Texas Highway Patrol is accepting applications between now and January 1 for appointment as State Patrolmen.

Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, said that state-wide examinations would be given in January and that successful candidates would begin training at the Austin headquarters of the DPS in April.

Fortyseven men are now in recruit school and another class will begin in January. These were selected as a result of examinations given last summer.

The Public Safety Director invited all men who are interested in a career of law enforcement to make application as early as possible. He pointed out that they must be between 21 and 35 years of age, inclusive; have a high school education; be at least 5 feet 8 inches tall; and weight not less than two or more than three and one-half pounds per inch of height.

Garrison also emphasized that applicants must have been residents of Texas for at least a year prior to the date of examination and they must be of good moral character and in perfect physical condition and able to withstand a rigid character investigation.

Base pay of a Patrolman, after schooling and a six-months probationary period, is \$315 monthly. Also provided is longevity pay, two weeks paid vacation annually, sick leave, if necessary, and the benefits of both the State Retirement Act and Federal Social Security.

Applications may be obtained by writing to W. J. Elliott, Chief, Texas Highway Patrol, Austin, or by visiting the nearest Patrol District Office.

Mrs. Emma Bradford was brought home last week from a Fort Stockton hospital where she had orthopedic surgery after fracturing her hip in a fall at her home here. She is able to be in a wheelchair and is convalescing satisfactorily.

State Capitol NEWS

By VERN SANFORD
Texas Press Association

Austin—Sentiment to persuade U. S. Senator Price Daniel to run for governor next summer is growing.

Senator Daniel has been in Austin and other cities over the state the past month holding subcommittee hearings on narcotics traffic. On the side he has talked with many local political leaders.

Reports were that some spokesmen for both liberal and conservative factions had hoped that by supporting Daniel they could avoid a repetition of the 1954 gubernatorial slug-fest.

Daniel has said he will not announce his intentions until after January 1.

More Super-Roads

A four-lane highway connecting all population centers should be Texas' aim, says Gov. Allan Shivers.

Addressing a meeting of the Texas County Judges and Commissioners Association in Austin Shivers praised the farm-to-market highways. But, he said, "our trunk-line system has not fared too well."

At least 3,000 more miles of heavy traffic roads are needed, Shivers stated. He added that "such construction would pay for itself with increased gasoline tax revenues. But people seem more willing to pay more expensive toll road fees than state taxes."

North-South Thoroughfare

A super highway from the Red River to the Rio Grande by 1960 is the target of the Texas Highway Department.

Original completion of the 512-mile project was scheduled for 1975. However, faster acquisition of right-of-way than was expected has made the advanced date possible, reports State Highway Engineer DeWitt C. Greer.

Following the route of the present U. S. Highway 81, the new giant road will cost an estimated \$275,000,000.

Where to Put Pupils

Despite mammoth construction outlays, Texas' public schools still are fighting a losing battle with enrollment figures, says the Texas Education Agency.

If buildings and pupils continue to be added at the present pace, the state will be short 24,000 classrooms by 1960, estimates TEA. This despite the fact that during the past six years Texas spent \$432,000,000 on school buildings—or far more than any other southern state.

Population shifts, both within and to the state, as well as the rising birth rate, cause the dilemma, says TEA.

Duval Decision Stands

Hope is apparently ended for any change in the decision of the Court of Criminal Appeals nullifying 104 Duval County indictments. The court refused to reverse its ruling that the grand jury which returned the indictments was improperly constituted.

Meanwhile a new Duval grand jury completed its term after returning 198 indictments, 88 of them citing persons involved in the

original group. Ten were against South Texas Political Boss George Parr.

Parr Case Before Court

The Texas State Supreme Court will review a case to decide if and when George Parr is to be tried on a civil recovery suit. State action seeks to regain \$500,000 in county funds Parr allegedly used to buy a ranch.

A conflicting suit by pro-Parr forces contends the money was a loan and seeks trial in Laredo. Trial in Cotulla or Alice is sought by the state.

Acreage Cut Protested

Disgruntled West Texas farmers took a verbal swipe at the State Agricultural Stabilization and Conservation Committee.

In making 1956 cotton acreage allotments the committee allowed a slight gain for Central and East Texas counties, but left West Texas as seven per cent short.

At the Texas Farm Bureau convention the losers pushed through a resolution calling for reduction in the committee's distribution powers.

Farmers were united in other resolutions refusing to endorse flexible price supports, asking for high price supports on basic commodities and urging efforts to find outlets for surpluses.

Hearing on Hood Promised

A small ray of hope developed for the "save Fort Hood" forces in Texas.

Citizens in a 12-county Central Texas area have been stirred up ever since the Army announced plans to move half of Hood's personnel to Louisiana.

Gov. Shivers, Sen. Daniel, Sen. Lyndon Johnson, and several Congressmen have spearheaded their efforts. They called attention to the enormous public and private expenditures made in the area to serve Hood personnel.

Senator Daniel received a telegram from the Secretary of the Army promising Texans a hearing on the subject.

Army dissatisfaction was presumed to stem from the refusal of local property owners to permit use of their land for maneuvers without payment.

Mrs. A. D. Brown left Monday for New Orleans to meet her daughter, Mrs. E. J. Foley, of Jesup, Monagas, Venezuela, who is in the states on a three months' vacation. Her husband will join her here during the holidays.

Special Holiday Treat for the Children

IT'S A CONSTANT SOURCE OF AMAZEMENT to see the small fry pack away a gigantic holiday dinner . . . and then tackle extra treats like these popcorn balls. Here's an easy recipe that makes a big hit:

MOLASSES CHOCOLATE STUDDED POPCORN BALLS

- 3 quarts popped corn
- 1 cup real New Orleans molasses
- 3/4 cup sugar
- 3/4 cup water
- 2 teaspoons cider vinegar
- 1/2 teaspoon vanilla extract
- 1/2 teaspoon salt
- 5 tablespoons shortening
- Chocolate bits

Pick over popped corn, discarding all hard kernels. Combine real New Orleans molasses, sugar, water, vinegar and salt; cook slowly, stirring constantly, to 260° F. (or when a small quantity dropped into cold water forms a hard ball). Remove from heat; add vanilla extract and shortening, stirring only enough to mix. Pour over popped corn, stirring until well-blended. Grease hands. Shape popcorn mixture lightly and quickly into balls, incorporating several chocolate bits into each ball while shaping. Cool. Wrap into waxed paper. Makes 28-30 balls. (ANS)

Eligibility For SS Outlined for Public

"We know that there are many persons in this area that are eligible for social security old-age benefits, but don't know of their eligibility," Jack Calvert, district manager of the Odessa Social Security office, said this week. "These people could begin receiving social security checks each month, by filling out application blanks with our office."

"Of course, we do not know who those people are," Calvert said, "or we would get in touch with them to explain their social security benefit rights."

"Most of these people were made eligible for social security old-age or survivors' insurance under the 1954 amendments to the social security law. Those eligible are:

1. Persons 65 to 72 years of age, who have worked enough on social security jobs to be insured, who are earning not more than \$1200 a year can receive social se-

curity benefits for all 12 months of the year. If they earn not more than \$2080 a year, they can receive one or more months social security benefits, depending on their total yearly earnings. Earnings mean working for wages, or operating their own businesses. Income from rent property, investments, other types of pensions or retirement benefits do not count as earnings. "Insured" means having worked enough on social security jobs or in self-employment.

Persons who were 65 before July 1, 1954, need one and one-half years social security work. Persons who became 65 between July 1, 1954, and December 31, 1954, need one and three-quarter years work. Those who became 65 between January 1, 1955, and June 30, 1955, need two years of social security work. Those who were 65 between July 1, 1955, and December 31, 1955, need two and one-quarter years social security work.

2. Anyone now 72 years of age or over, who has one and one-half years social security work can get their social security benefits for every month and still work for any amount of earnings.

3. A new special provision is for survivors of persons who died, between June 30, 1940, and September 1, 1950, and had at least one and one-half years social security work but not enough to be eligible

under the law when death occurred. This provision applies to a widow 65 years of age or over now, or when she reaches age 65; to children still under the age of 18; and to young widows, regardless of age, who still have one or more children under 18 in their care.

Calvert urges that everyone in this area who believes he or she qualifies under one of these provisions to call at or write his office as soon as possible. He emphasized that no social security benefits can be paid until a claim is made for them.

The Social Security Office is located at 113 West Ninth Street in Odessa, and serves 18 West Texas counties.

Seen Monk's "Better Half"?

Monk McCarthy's latest creation has the town talking again. You can see it parked in front of Monk's auto repair shop on Maple.

Remember last year Monk cut two cars in half, and put their front ends together? You couldn't tell if the thing was coming or going. Sure attracted attention.

Now Monk's taken Tog Morgan's old sedan and completely restored one half of it. One side is as good as new, the other looks like—well, Tog's old car. "Sort of a before-and-after demonstration," Monk told me, "shows folks the kind of work I do."

From where I sit, some of Monk's ideas may look a little wild sometimes... but I wouldn't want to tell him how to run his business any more than I'd like him to tell me what beverage to enjoy. He always keeps a hot pot of tea in his garage—I'd rather have a cold glass of beer—but respect for each other's opinion "auto"-matic with us both.

Christmas Mail Pamphlet Aids Parcel Senders

Helpful facts about wrapping and shipping packages are contained in a well illustrated pamphlet entitled "Packaging and Wrapping Parcels for Mailing" available free at the Sanderson postoffice. Postmaster Clyde Griffith announced this week.

A new publication excerpted from the Postal Manual, this pamphlet describes the types and sizes of cartons best suited for outer and inner shipping containers; gives details for the internal protection of goods being shipped; lists helpful hints on wrapping chinaware, stemware, frames, pictures, books and other goods; and gives instructions for marking various types of parcels to insure the quickest possible delivery.

Written instructions are highlighted by numerous illustrations showing how to wrap and tie the packages securely. Drawings of various types of containers and boxes and the best way to use protective material to guard goods

against breakage are also used.

"If used in conjunction with the free pamphlet, 'Domestic Postage Rates and Fees,' issued a few months ago, this pamphlet should answer practically all questions any user of the mails might have on fees, rates, special services, and protection of parcels in transit," Mr. Griffith stated.

The postmaster emphasized that much of the delay in delivery of parcels, particularly at Christmas, and most of the damage enroute is due to lack of knowledge of basic rules to follow in mailing packages.

"I hope the patrons of the Sanderson postoffice will avail themselves of these two free pamphlets which will answer most of their mailing questions, demonstrate the best methods of packing goods and help the postal employees throughout the nation in their important work of moving the huge volume of Christmas parcels," Mr. Griffith concluded.

Cadillac

'Beyond the Realm of Argument!

This is the season when conversations turn easily and often to motor cars.

And, in almost any gathering, you're likely to find a wide difference of opinion about the relative merits of the year's automotive offerings.

Until the talk turns to Cadillac!

Here is one car concerning which most motorists have a meeting of minds. And never before has Cadillac left so little room for argument as in 1956!

Certainly no one could behold the new Cadillac without recognizing it as the "car of cars". Its beautiful, graceful, flowing lines . . . its regal bearing on the highway . . . and its long, low silhouette are simply too significant to misunderstand.

Surely no one could ride in a new Cadillac and not agree that it is the Standard of the World. Its new fabrics and leathers are rich and luxurious

almost beyond belief . . . and its interior appointments have been crafted with a jeweler's skill.

And we doubt if anyone could drive a new Cadillac and not understand that it is the finest-performing motor car of all time. Its great new engine is a revelation in power and performance . . . and its new Hydra-Matic Drive is incredibly smooth and responsive.

Truly, the evidence on the side of Cadillac has never been more apparent than it is today.

Why not come in soon—and see for yourself?

We'll be delighted to introduce you to Cadillac's great new styling . . . and to arrange a demonstration at the wheel . . . and to acquaint you with the new Sedan de Ville and Eldorado Seville.

You'll agree, we're certain, that Cadillac for 1956 is beyond the realm of argument!
