State Senator Dorsey B. Hardeman of San Angelo has compiled concise interpretations of the proposed constitutional amendments which will be voted on Nov. 6 and Nov. 13. The explanations follow:

The order of presentation bears no relation to the degree of importance which may attach to specific proposals as they vary according to interests. Any change in the basic law is of vital concern and deserves the thoughtful consideration of all citizens.

H.J.R. 23 relates to the reallocation of County tax levies annually by the Commissioners' Court, rather than at six-year intervals following an election for such purpose. The overall rate will be retained and only its reallocation among the four constitutional funds would be authorized.

Eagles Meet Stockton There For First Grid Game of Season

The Sanderson Eagles will go to Fort Stockton Friday for the first game of the season. The game will begin at 8 o'clock at the stadium adjacent to the high school in that city.

The Fort Stockton Panthers, friendly rivals of the Eagles, have been raised to Class AA this year

Scoreboard Shipped, \$750 Goal Reached

The scoreboard goal of \$750 was reached Friday of last week, according to news from the committee and the fixture has been ordered. Hopes are high that it will be installed in time for the first home game which will be on September 14, since Supt. Bader received word this week that it was shipped last Friday.

The committee in charge of the promotion of the project consisted of Joe Little, Carlos Dunn, E. J. Hanson, W. W. Sudduth, Joe Alvarez and Julian Perez.

They expressed sincere thanks for the cooperation they received from the fans during the campaign to raise the money. It is hoped that the new electric clock will provide more interest in the game for fans and will be beneficial to the players.

They stated that they would not attempt to list each individual and concern who contributed to the fund but wanted everyone to know that they were conferring their heartfelt thanks to each of the donors.

The fund was started off with the baseball game which netted \$220 toward the project; the picture show put \$35.44 into the fund. The Sanderson Roping Club contributed \$50 toward the fund and the balance was raised by individual contributions by business houses and individual fans.

Teachers Honored By Rotary Club At Supper Tuesday

The members of the Sanderson Rotary Club invited the members of the school faculty and their families to the Kerr well Tuesday evening for a barbecue supper. The families of the Rotarians also joined them for the annual affair which marks the last of the outdoor meals for the club for the summer.

A large crowd was present and Supt. Matt Bader introduced the new teachers after the invocation by Rev. John W. Byrd.

Barbecued chicken, combination salad, potato chips, beans, pickles, onions, iced, tea, coffee, and cake were served.

FOPING CLUB PLANS GOOD SHOW SATURDAY NIGHT

Sanderson Roping Club will stage an open jackpot roping here Saturday night at eight o'clock at the arena east of town.

Buster Habb, president of the club, said that \$50 of receipts from the last roping August 25 was donated to the scoreboard fund for the high school stadium.

The public is invited to attend these shows under the lights and see some top ropers perform.

VISITOR CONDUCTING MISSION IN SPANISH

Msgr. George Pinoli of Santa Fe, Argentina, S. A., is a guest of Rev. N. Femenia. While here he is conducting a mission in Spanish which will close next Sunday with a special mass at 6 a.m.

The second mass Sunday will be at 7:30 a.m. The change in time for the masses is for Sunday, September 9, only.

and are expected to give the local Class A boys quite a work-out.

The Panthers and Eagles have always been a close ball team in grid competition, regardless of the difference in class standing and have given the spectators a good game to view almost every time.

The Panther team of two years ago boasted one of the fastest backfields in the state, and failed to let up on the Eagles when they racked up a winning score and kept up a full head of steam until the final whistle.

But Fort Stockton was justifiably proud of themselves that year since it was the first time in many moons that they had put together a team that got into the winning bracket.

The Eagles have been suffering from light and numerous slight injuries this week and expect to field a relatively green group of players to work against the Panthers.

Wrist and ankle injuries are what have been most bothersome to the Eagles with one boy, Andrew Marquez, suffering a slight concussion Tuesday afternoon.

The Eagles will have a relatively light backfield and line.

All local fans are urged to go to Fort Stockton Friday night since it is the shortest trip for the team and fans this year.

Park Registrations Show Heavy Increase

Travel to Big Bend National Park continued to increase during August, according to Superintendent George W. Miller.

Park visitors for the month totaled 15,068 as compared with 12,456 during August of last year, an increase of 2,612 visitors. For the first eight months of 1956 66,908 visitors entered the park; during the comparable period in 1955, only 60,612 were recorded. This is an increase of 5,396 persons thus far in 1956.

A comparison of 1956 and 1949 travel figures is indicative of the tremendous increase in travel to Big Bend National Park during recent years. More visitors entered the park in the first eight months of 1956 than the entire year of 1949, when 62,150 visitors were recorded.

Overnight guests in the Chisos Mt. cottages in August totaled 3,384, an increase of 324 guests over August 1955. Approximately 3,100 visitors camped overnight in National Park campgrounds.

Billy Guy Sims of Groesbeck is associated with Riggins Jewel & Gift Shop as repairman.

Mr. Sims, who lost his hearing about five years ago, stated that he hoped the people of Sanderson would bear with him in his handicap since he has had so little time to master lip reading. He stated that if local people will understand his handicap they can write necessary instructions for work to be done which will facilitate his work to a great extent.

He is an experienced watchmaker and said he would be happy to serve the people of this area.

State Capitol NEWS

By VERN SANFORD
Texas Press Association

Austin — Instead of simmering down at summer's end, Texas' political pot is boiling more furiously than ever.

New significance has been added to the already controversial State Democratic Convention next week. Monday the executive committee must clarify a winner in one of the most breathtakingly close gubernatorial races in Texas history.

Unofficial counts showed Price Daniel leading Ralph Yarborough by some 3,000 votes. But each side regarded returns in certain areas as questionable.

It promises to be an even closer finish than in 1932 when Mrs. Miriam Ferguson edged out Ross Sterling by 3,798 votes.

Decision of the executive committee apparently is all-important. In the Ferguson-Sterling contest courts refused to interfere with the committee ruling. They said it would delay the general election.

Senate Candidates Jump In
Would-be successors to Price Daniel didn't wait for the vacancy to develop to start scrambling for his U.S. Senate post.

Political observers predict a "real horse race" if Daniel does resign in time for a special election.

First formal announcement was from State Sen. Searcy Bracoevell of Houston Bracoevell promised to vote with the Democrats in organizing the Senate, but made it clear he voted for Ike in '52 and would do it again.

He is a major threat to the Texas GOP's official endorsee, Thad Hutcheson, a young Houston attorney Hutcheson promised "no token fight".

James P. Hart, former Supreme Court Justice and University of Texas chancellor, also has announced.

Congressman-at-large Martin Dies indicated early in the summer that he would run. "Names in speculation" include about every other Texan in or formerly in public life — Ralph Yarborough, J. Evetta Haley, Lloyd Bentsen, Jr., John Ben Shepperd, John C. White, Morrow, etc.

Not all will run, of course, but such a rare political opportunity is sure to draw a crowded field. Filing fee is only \$50. High man wins without a run-off.

In the last such election, held in 1941, a total of 29 candidates ran.

W. Lee O'Daniel emerged as victor with a blade-thin lead over Lyndon B. Johnson.

Demo Nominees Invited to Texas
Democrats will make a real fight to regain Texas in the November election, says U. S. Sen. Lyndon B. Johnson.

He has invited both nominees to speak in Texas this fall. Vice-presidential candidate Kefauver was specifically urged to attend the Heart of Texas Fair in Waco to be held September 29-October 5.

School Bells Ring Out
For millions of Texans the political clamor is almost drowned out this week by the ringing of school bells.

As usual, a "biggest ever" public school enrollment is expected. Texas Education Agency estimates enrollment at 1,754,388, compared with 1,740,784 last year.

No official reports or estimates were available on how many additional schools will be integrated this year. TEA officials, always carefully aloof on the subject, said they had "heard of only a few."

A more common problem is the shortage of teachers. Some 6,000 additional teachers are needed, says the Texas State Teachers Association.

Business Record Still Expected
Despite a summer slump and farm troubles, forecasters expect Texas' total business volume to set another record in 1956.

According to the University of Texas' Bureau of Business Research, business activity declined two per cent in July. But the index was still two per cent above July of 1955.

Plight of the drought-stricken Texas farmer and rancher continues to be the most serious aspect of the state's business situation, according to the report. Farmers not only face falling prices, but

have very little to sell. Texas farm prices have fallen 76 per cent since 1951, livestock prices 48 per cent in the same period.

New Mental Health Code
Proposals to streamline Texas' mental health code are being drafted by the University of Texas Law School.

Financed by the Hogg Foundation, the project is being conducted with the guidance of the Board for State Hospitals and Special Schools.

Suggested changes would encourage earlier care for mental cases to speed recoveries and reduce expense to the state and to modernize administrative procedures for the state hospital system.

Crimmobile Launched
Texas' unique new crimmobile is on the road. It was officially launched in Austin last week with a flask of "truth serum" (sootum amytal) substituted for traditional champagne.

Dallas was first stop for the 40-foot trailer truck with its educational display of modern crime detection equipment. Other major cities are to be visited soon.

Texas Law Enforcement Foundation assembled the crimmobile with contributions from industry.

Short Snorts
University of Texas will have its final admission tests for the fall semester at the main campus September 10. Total students tested before school's opening will be about 4,500, officials estimate.

State inheritance taxes on stocks are based on the number of shares owned, times the quoted value of stock on the date of the holder's death. This method of taxation is being contested by the executrix for the estate of Calvert Smith, wealthy Houstonian, who died in 1952. Involved is 31,350 shares of the Humble Oil & Refining Co. stock on which a tax of \$780,410 was paid under protest. Executrix contends that if that amount of stock was dumped on the market at one time the value would drop. District Judge Jack Roberts ruled against the state. Notice of appeal to the Supreme Court was given by the state.

Texas Department of Public Safety cancelled leaves and off-days to put every available man on the highways during the holidays. Their goal: to beat the odds that 32 would be killed in week-end accidents.

Miss Nancy Mitchell, who has been attending business college in San Antonio, has completed her work and returned to Sanderson.

CARD OF THANKS
We wish to express our sincere thanks and appreciation for the many favors extended to us since our home burned, also for the large array of gifts sent and brought to us by thoughtful friends and neighbors. A friend in need is a friend indeed.
Mr. and Mrs. Buddy Rogers, Dryden, Texas.

authorizes an annual appropriation of not more than \$1,500,000. This authorization would "bridge the gap" between the time that parents are "legally" released from the support of their children and up until such time as they become eligible for old age assistance. (Incidentally, this proposal will not be voted on at the general election on November 6, but at an election to be held in November 13. This was due to a "bust" in writing the provision).

H.J.R. 31 relates to the payment of compensation to persons fined or imprisoned unjustly. Some such mistakes have occurred and the State has no authority to reimburse or compensate these unfortunate individuals. The amount, regulations, etc., would be left to the discretion of the Legislature.

H.J.R. 46 pertains to the oath of office required to be taken. The present oath is applicable only to "elected" officials, although it is taken by "appointed" officials. This proposal is designed to provide for appropriate oaths for each type of officials.

H.J.R. 9 relates to the denial of bail to any person accused of a felony less than capital who has been theretofore twice convicted of a felony, the second conviction having been subsequent to the first, both in point of time of commission of the offense and conviction therefor, after a hearing and upon evidence substantially showing the guilt of the accused pending trial, by any judge or magistrate and providing that if such accused is not accorded a trial within sixty days upon such accusation, the order denying bail shall be automatically set aside and such accused be given the right to bail.

This is a major departure in the "law of the land," to the effect that any accused is entitled to bail, except in capital cases where proof is evident. Sufficient safeguards may have been incorporated in the proposal to not abridge such basic right "unduly," if such can actually be done. "Repeaters" are aggravating to prosecutors and enforcement officers, but sight should not be lost of established fundamental rights. The presentation of proof of substantial guilt of an accused, together with his right to trial within sixty

days, will have the tendency of cooling the ardor of "witch-burners".

H.J.R. 11 pertaining to the commitment of persons of unsound mind is a most important departure and is emphasized by the pathetic situation, along with the helplessness of the individual. A similar proposal was rejected by the people of Texas in 1949, but its sponsors were undaunted and have again succeeded in bringing about its submission.

His question is highly controversial. While the present method of some 80 years acceptance and experience may not be the best, nevertheless, the utter absence of absolute standards of medical or psychiatric determination and cure for such cases, being decided upon mere opinions based on "leersay", in most instances, it should receive the most searching consideration. It appears to hold more possibilities for abuse than under existing procedure; while, on the other hand,

less publicity and less embarrassment might attach. Some apparent safeguards included, but these may not be formally complied with, while substance is overlooked. More of the proposals will be discussed next week.
