

The SANDERSON TIMES

SANDERSON, TEXAS, FRIDAY, JULY 26, 1957

NUMBER 24

Flash Floods, Showers Hit In This Area

Scattered showers hit the Sanderson area over the week-end leaving varying amounts of moisture.

Ranchmen were quick to point out that, while the moisture was beneficial, it was too scattered and fell too quickly to be of much benefit.

West-Pyle reported one-half inch Saturday, .30 Sunday and .40 Monday at the headquarters.

Sunday spotted rains fell in the area north of Sanderson with Herman Couch reporting .3, W. H. Goldwire, light showers. Austin Nance .9, Web Townsend showers on part of his country, Jack Deaton 2, Roy Deaton got no rain.

A flash flood hit at the S. L. Stumberg headquarters late Monday afternoon, dropping 4 inches of rain in just over two hours. The butane tank at the ranch was washed away and the extent of the damage to livestock has not been ascertained.

Stumberg had put some sheep in the pasture in the flat east of the house Monday morning and he feared he suffered a heavy loss of livestock in that pasture. Feed stored in a barn was ruined when three inches of water stood on the floor.

Stumberg reported that all retaining dams in the flat east of the headquarters were washed out or broken. He said that much of his fence in the flat was washed completely away and a surface tank destroyed.

High water covered the Dry Creek bridge east of the ranch house and ripped up highway approaches to the bridge. Water crossed the highway near the old Casey ranch house and at Longfellow crossing was up to the top of the guard rail. Traffic was stopped for about four hours Monday night because of the high water.

Washing caused heavy damage to the ballast and fill on T&NO tracks in the Longfellow area. Train service was not halted, although there was the necessity of extensive repair to the roadbed.

Sanderson Canyon ran high here Monday night but there was no rainfall locally.

Light showers, leaving only a trace of moisture, fell in Sanderson Saturday morning and late afternoon.

There was also a trace of rain here Friday morning.

A shower was reported at Dryden early Tuesday morning. Charlie Turk reported rain on his ranch Monday ranging from traces to near 1-2 inch.

Big Canyon ran in the northwestern part of the county on Sunday and Monday. Downie Draw also ran Monday and Tuesday and was running Wednesday morning at the Sheffield-Dryden crossing, called 8-mile.

Sanderson Canyon was running again Wednesday morning from showers which fell Tuesday in the area from Longfellow to and beyond the S. L. Stumberg ranch.

A light shower fell east of town about mid-afternoon Wednesday.

William Doyle O'Bryant Top Student After 6 Weeks

William Doyle O'Bryant, who is attending the summer session at San Marcos Baptist Academy, was the top-ranking student of three Gilt-Edge honor students for the first six weeks period. He will be among the graduates to be presented in closing exercises on August 9.

Mr. and Mrs. William Dais and family are occupying Mrs. Roy Harrell's apartment. He is employed by the Nance Exploration Co.

Miss Vannah Jo Nance

Miss Vannah Jo Nance, daughter of Mr. and Mrs. Austin Nance of Sanderson, was selected by the Sanderson Lions Club as representative to the Fort Stockton Water Carnival this week-end. Miss Nance will compete with girls from towns over this area for the title of Miss Southwest in a bathing beauty revue to be staged Saturday night. She will also be in the parade which opens the festivities of the week-end water pageant.

Wildcat Staked Near Pecos River

Word was received Wednesday morning that El Paso Natural Gas Co. has filed application for the drilling of a 7500-foot wildcat in the northeastern part of the county. It will be known as the No. 1 Chandler.

Location is 660 feet from the north and 1970 feet from the west lines of section 74 in Block 2 of the I & GN Survey.

The well is located more specifically for those who are familiar with the country as being about four miles south of the mouth of Independence Creek in one of the river sections, about on a line between the ranches of Herman Chandler and Clarence Chandler.

El Paso Natural Gas has made several previous ventures in this area and reports are that there have been some gas strikes in low volume in previous holes.

NIECE OF HAL TYLER BURIED IN SAN ANTONIO

Mr. and Mrs. Hal Tyler and sons attended funeral services in San Antonio last week for his niece, Miss Dorothy Ruth Jones, 27, who died Monday evening. She had been in ill health for a number of years.

Miss Jones, the daughter of Mrs. Mary Bell Jones, was born in Sanderson. She had made her home in San Antonio for a number of years.

FORMER RESIDENTS VISIT FRIENDS IN SANDERSON

Mr. and Mrs. Julian Kessler and daughter, Mary Lee, of Houston visited with friends the first of the week. They were en route home from Colorado.

Mr. and Mrs. Kessler both finished school here. She was the former Miss Lillie Strange. They left Sanderson 22 years ago.

Mrs. Johnny Williams, mother of Mr. Kessler, resides in Houston and is well known here.

BROWN-BASSETT TEST BLOWS IN AND BURNS

Magnolia's Brown-Bassett No. 1 blew in about 5:30 a.m. Wednesday morning and the rig was destroyed by the fire which followed. None of the crew men were injured.

The story as related by crew men and others at the site of the rig follows:

At a depth of 12,427 feet, the presence of gas was noted and the shut-in equipment was closed to contain the pressure. The shut-in equipment failed to hold and the crew made efforts to begin pumping mud into the hole but were unable to do so. They stated that in a matter of a few minutes the well had blown out, gas ignited and the tower toppled by the holocaust.

The derrick fell to the south from the deck and the deck and other equipment crumpled over the hole.

The blow-out was heard at the M. H. Goode, Jr., ranch, at the Charlie Turk ranch and at the precinct road camp near Independence Creek.

Geologists and crew men estimated the gas blow at above 50,000,000 cubic feet per hour on the basis of similar experiences at other wells.

The cost of the rig was approximately \$600,000 and very little equipment was saved.

Two trailer houses used by the head driller and the geologist were dragged from the site near the rig, and some butane and fuel tanks, plus a few of the tool houses were not damaged by the fire.

Some blackness in the smoke indicates the presence of distillate, according to well site information.

The fire was still raging un-

controlled Thursday afternoon and workmen were removing the debris from over the well so that fire-extinguishing apparatus could be employed.

Unconfirmed reports were that Myron M. Kinley, world-famous oil well fire fighter, had been contacted to come out and extinguish the blaze.

The drilling deck and tower base prevented a free and unhindered escape for the gas and the flames were consequently lower than would have been otherwise. There was a ball of fire approximately 50 feet high and 50 feet in diameter above the hole.

Heat prevented workmen approaching much nearer than 100 feet and the roar of the gas at that distance was similar to the roar of several jet airplanes at very close range. Conversation

was almost impossible at the closest working range because of the noise.

According to information at the well site, the flow of gas out of the hole indicates a strong well of marketable production and hopes are high for a gas-producing field in that area.

Other gas producers, of lighter strength, have been found to the east of the site of the Brown-Bassett well and gas from those wells was being used as a coolant for the bit at the Magnolia well since 6,000-foot depth.

Oil men and spectators had kept the road to the well busy all day Thursday and crew men were posted at the gate to keep spectators back out of danger.

The test is in Section 218 of Block Y in the eastern part of the county and about six miles from the Pecos River.

Faculty Changes Told By Bader

Mrs. Eleanor Cooper, who has taught here in the elementary school for the past two years, has asked for a leave of absence for a year. She will return to her former home in Marshall to look after business and property interests and will also teach in the Marshall school system.

Mrs. Jack Hayre will be employed to teach in Mrs. Cooper's place, according to an announcement by Supt. Matt Bader this week.

Mr. Bader received a resignation Tuesday from John C. English who had been employed as elementary teacher and junior high school coach about a month ago. That vacancy and a home-making teacher are places yet to be filled on the local faculty staff.

MISS DIANA DUKE LEAVES FOR WASHINGTON

Mrs. D. L. Duke, accompanied by Mrs. W. H. Savage, went to Abilene Monday to get Miss Diana Duke who had been attending twirling school at McMurray College. Miss Duke is attending the annual Legion Auxiliary convention in Houston where she will be on the program as a representative from Girls' State. From there, she will go to Washington, D. C., by plane as a Texas representative to Girls' Nation.

PING-PONG WINNERS TOLD

Billy Garza was first in the ping-pong tournament for 9, 10, and 11-year old boys in the summer recreation program sponsored by the Sanderson Lions, Rotarians and Terrell County Chamber of Commerce. Mike Wood was second and John Pearce, consolation winner.

In the older group of boys, the week's winner was Buddy Joe Hahn, Arnulfo Villarreal was in second place and Dee Gray was consolation winner.

Robert Carle is director of the program.

George D. Riley of Laredo is a guest in the home of his niece, Mrs. Alfred Bendele. The Bendeles and her mother, Mrs. Elma Riley, took their guest to Fort Davis and over the Scenic Loop Sunday.

IT SAYS HERE

People who live high on the hog oftentimes barely have their feet above the mire.

Mrs. R. W. Wilkinson

Mrs. Carolyn Spears Wilkinson will receive her Degree in Nursing from the Methodist Hospital School of Nursing in Houston Friday.

The members of the class are affiliated with Baylor Medical School for their science courses and with the Sam Houston State Teachers College for their social studies.

Mrs. Wilkinson was president of her dormitory during her freshman year, member of the student-faculty relations committee during her junior year and a member of the grievance committee during her senior year. She is a graduate of the Sanderson High School.

Her parents, Mr. and Mrs. R. V. Spears, former residents, now reside in San Antonio. Her husband Pvt. Robert W. Wilkinson, is in the U.S. Army stationed in Korea.

Judge and Mrs. R. S. Wilkinson are in Houston to attend the graduating exercises for their daughter-in-law's class.

STOCKTON MAN INJURED SATURDAY NIGHT ON 285

A Fort Stockton CPS employee was injured Saturday night when the company's pickup overturned about 35 miles north of here. Two employees of the company were in the pick-up at the time of the accident.

The employees had been working on line trouble between Sanderson and Fort Stockton and ran into high water across the road. In attempting to stop, the pickup swerved off the road and overturned. The injured man was pinned under the truck.

He received a broken leg and facial lacerations.

The high water prevented his being taken to Fort Stockton to a hospital immediately.

Television Tests Proceed Here

Television tests have been under way again in this area for the past several days. The tests are being made under the guidance of S. J. Burchett and others who are interested in bringing reception into Sanderson.

The group has been making tests intermittently for several months.

A group from San Angelo arrived in Sanderson Wednesday morning for several days' testing to ascertain the probability and possibility of bringing the signal into Sanderson for local use.

The group is proposing cabling the town, if possible, and every resident will have an opportunity to tie on the cable to bring the reception into their homes.

The reception, when brought in, will be paid for by a tie-on fee and monthly rental fee for the use of the cable.

Findings of the group and further developments will be released as soon as they are known.

The group which formerly worked on the basis of a community project have temporarily abandoned their testing and experimentation.

Roy Hales Move to El Paso

Mr. and Mrs. Roy Haley left Sunday for El Paso to reside.

Mr. and Mrs. Hollis Haley and daughter of Carlsbad, N. M., who had been visiting here with her mother, Mrs. Lizzie Billings, and his parents, Mr. and Mrs. Roy Haley, went to El Paso with his parents to assist them in getting settled in their new home at 1041 Lariat Street. Miss Eva Billings went with them and will visit with her sister, Mrs. Raymond Phillips and family in El Paso and then accompany the Hollis Hales to Carlsbad for a few days' visit before returning to Sanderson with her brother and sister-in-law, Mr. and Mrs. Pete Billings, who are visiting there.

Mrs. Greene Cooke with her daughter, Peggie, and her granddaughter, Robie Lee Harrison, went to San Antonio Sunday to spend several days attending to business matters. Mrs. Mary Lou Keller accompanied them to visit her daughter, Mrs. A. A. Jenschke, and family.

Mr. and Mrs. Jack Laughlin and her mother, Mrs. John Green, and Mrs. Roy Harrell left Monday for a fishing trip and vacation to Rockport.

Local Legion Post Headed By Goode

Monte Goode was elected post commander of the Clarence Halley Mulkey Post of the American Legion at a meeting of the post last Thursday night.

Goode outlined some of his plans for the operation of the organization for the coming year and was pledged the united support of the members present. He plans to inaugurate a system whereby the membership could have two meetings monthly. It is hoped, said Goode, that one meeting a month could be devoted to social activities and general fellowship, while the other meeting would be held for the purpose of transacting the business matters of the post and conducted in a formal manner to create more interest in the post's affairs.

The group voted to have the formal installation of officers at a joint meeting with the Auxiliary at which time the public will be invited and the reports of the delegates to Boys' and Girls' States will be heard. District officers will be on hand to conduct the installation. A banquet will be attended by those having tickets. The date of the banquet is Friday August 9, the time and place to be announced later when tickets go on sale.

Wilten Dishman is the retiring commander. Other new officers to be installed are Lawrence James, vice-commander; Ross Stavley, adjutant; Troy Druse, finance officer; Bill Lea, sergeant-at-arms; and Charles Hamrick, Joe Little Dishman, members of the executive committee.

MRS. J. F. TRONSON'S MOTHER DIES THURSDAY

Word was received here Thursday morning of the death of Mrs. Margaret Smith, 87, in a San Antonio hospital following a short illness. Mrs. Smith, the mother of Mrs. J. F. Tronson, had been a frequent visitor in Sanderson.

Funeral services will be held from the Zizik-Kearns Funeral Home in that city Friday at 8:30 a.m. The Tronsons, who had been vacationing at Lake Walk, were at Mrs. Smith's bedside when death came.

Mrs. E. S. Roien, accompanied by her granddaughter, Miss Lois Weiborn, both of Dalhart, arrived Thursday for a visit in the home of her daughter, Mrs. E. J. Pearce, and family.

EN TO LUKE

his faith in the recreation program that going this summer under the guidance of Robert Carter Attorney Douglas A. of Del Rio, sent in a \$5 to be applied to the project.

A. wrote:

Luke: After reading this week's Times and to helping the Summer Program, I enclose a check for \$5 which will be a boy for two weeks. This is not much but I definitely think the activities keep the girls' minds and interests wholesome things in makes for a better community.

on appreciates that spirit and we feel grateful to anyone who is interested in community life of our young people. It is regrettable that so many parents give little or no attention to the welfare of their children.

program has done untold good for many of the children. It could easily be extended to include children of all ages with some supervision. Next year we will build the great program that was started this year and the entire community will be the work.

column wishes to express appreciation for the people of Sanderson and the district attorney for their interest in us. We wish we had more citizens like him.

I was a boy, riding donkeys as the mode of transportation for the youth and for that many adults. The hayrides were lots of fun for us. I was the best in the bunch with about 1-8th horsepower. I had a certain roar when taking off, and when just standing still was no rubber burnt in off, however, and he said his brakes.

ould often race the donkeys usually down the middle of the main street since the donkeys enjoyed seeing the races. I had been called "Donkey" because the donkeys usually did a lot of dragging and running. And all "drag" races were in the street.

drag races on donkeys endangered lives, and furnished a type of entertainment to the town.

riding up and down main street became monotonous. I began to sneak out after dark and play rodeo with the town's milk cans and were allowed to run and graze. The damage done to the cows all of a sudden to give as much milk as normally did.

action and our being whipped by our fathers until we no longer had the side-saddle. And one day, not long afterward, I was wound to our minds and almost healed. I went out one morning to find the donkeys, which also were allowed to graze free at night. I was incapacitated by having been shot, humanely, right in the eyes.

fathers all said that our playing had become a source of devilment for us. They wouldn't say they were who shot the donkeys or not they, as parents, were to shooting the donkeys, and to resort again to wearing our shoe leather when it didn't go anywhere. I didn't try to find out

FRIDAY, JULY 26, 1957
State Capitol NEWS

By VERN SANFORD
 Texas Press Association

Austin — A big change is to be forthcoming in the operation of the largest law enforcement division in the state.

In keeping with recommendations of the Texas Research League, following a two-year study, the Texas Department of Public Safety will reorganize into six commands. Each command will be responsible to the central office in Austin.

Headquarters of the six regions will be in Lubbock, Corpus Christi, Waco, Houston, Dallas and Midland. Two Highway Patrol districts will be within each command.

Col. Homer Garrison will continue in the Austin office, in overall charge, with the rank of major. Col. Garrison said the move would result in more efficient service and greater economies.

"The Texas Rangers will also come under the regional grouping," Garrison stated. "A Ranger captain will be within each region, and responsible to the regional commander."

To Dam or Not To Dam
 A slice of the sort of troubles that plague Texas Water Development planning is shown in the current problems of the Brazos River Authority.

At Gov. Price Daniel's request, BRA directors held a statewide conference in Austin. Purpose: to reconcile the numerous conflicting views on how best to use waters of the 1300-mile stream. Scores of people came and spoke their minds, but reconciliation was hard to find.

BRA directors suggest a six-dam program on the Brazos. It would include raising the level of Possum Kingdom Dam and constructing six more dams between it and Whitney Dam. Cost is estimated at \$183,000,000. BRA hopes to borrow \$50,000,000 from the federal government, get the rest from private bond sales. All would eventually be repaid, according to the plans by revenue from sale of power and water.

But downstream water users and private power companies are dead set against the plan. Representatives of South Texas Industrial and Agricultural interests contend that paying for the dams would raise the price of water they use from \$1 to \$10 per acre foot. Private utility spokesmen say the dams would produce more power than anyone wants at a higher price than anyone will pay. And people living near Possum Kingdom fear

that raising the dam level will flood their land.

Net result: The BRA plan first launched 21 years ago, still has troubles.

Tempest at Tech
 Gusts from a political-educational storm that swirled up out of the Plains blew into the State Capitol.

In a closed session, directors of Texas Tech fired Professors Byron R. Abernathy and Herbert W. Greenberg and abolished the job of Dr. Per Stensland. In explanation, Board Member J. Everts Haley said Drs. Abernathy and Greenberg "did not measure up to academic standards." He called the adult education program in which Stensland was engaged "boondoggling."

But numerous observers attributed the dismissals to the professors' liberal political views as contrasted to the ultra-conservative platform on which Haley ran for governor last summer. There were protests and demands for reconsideration.

Gov. Daniel made no comment on the professors, but said he thought the secret session was "a mistake." Tech President Dr. E. N. Jones predicted the board would have another session on the subject soon.

Capitol reporters compared the case with the 1944 furor that resulted when Dr. Homer Price Rainey was fired as University of Texas president.

Penny-Pinching Due
 If legislature meets in special session this fall, members may have to ration every paper clip to get by financially.

State Treasury has hardly an extra nickel. There is, however, \$460,000 appropriated last session for interim legislative expenses. But State Comptroller Robert S. Calvert has raised a question as to whether this could legally be used for special session expenses.

If the attorney general says it cannot, legislators will have to amend the appropriation bill in

order to get at the \$460,000. Even so, it may be nip and tuck to get by. Previous special sessions have cost about \$500,000.

Numerous economy measures have been proposed. One suggestion was a swift three to six-day session with no pay. Another was a proposal to cut the number of secretaries.

Steep Grades Ahead
 State Highway Department is

taking a long look at its ambitious road-building program and land-buying program and wondering if it can meet the cost.

"We have \$13,500,000 in projects ready to go, but only \$8,000,000 income that will be available," said State Highway Engineer D. C. Greer. He said inflation in prices of materials and labor may force a plan to build 48,000 miles of road in 13 years

to be spread over 20 years.

One cost-cutting measure was to buy up right-of-way in advance of construction to get land before it developed and hence, expensive.

F-M Change Suggested
 Texas farm-to-market system should pay its way. Continued to Page

Light Up... for fun after sundown... outdoors!

You'll have more hours for outdoor fun with outdoor lighting. Horseshoes, badminton, croquet and other lawn games can be enjoyed long after the sun goes down. With proper outdoor lighting, you'll have light for outdoor dining and entertaining, too... and for doing your yardwork in the cool of the evening. See your lighting equipment dealer soon!

Projector lamps with clamp holders attached to pipes set for the ground provide good light for outdoor games. Lamps should be 16 to 20 feet above ground and equipped with water-proof cords and connections.

Biggest Sellers...because they're Biggest Savers!

You can tell from the way they're put together that Chevrolet trucks stay on the job... save on the job!

A truck with built-in stamina—that's Chevy. Whether highballing down highways or roughing it across rugged terrain, or doing delivery duty in town, dependable "can-take-it" Chevrolets are cutting

downtime to the barest minimum. A truck with a choice of ready-to-go power—that's Chevy. From an advanced lineup of eight engines—140 to 210 hp—you can save by choosing the power precisely matched to your job. Thanks to compact weight-saving design, Chevrolet's V8's deliver high power per pound of engine weight—power that works harder for you. Chevy truck 6's are famous for their stay-

ing power. Whichever engine you choose, you know it's got the power to back up every inch of brawn in every Chevrolet Task-Force truck.

A truck for your job—that's Chevrolet, too. From pickups to middleweights to high-tonnage tandems, there's one just right for your job. See your Chevrolet dealer. He'll show you a model that's practically made to order for your kind of hauling.

Presbyterians Have Social and Business Meeting

The Presbyterian Women of the Church met Monday afternoon in the ranch home of Mrs. C. C. Mitchell.

Mrs. Sid Harkins, vice-presi- dent, presided during the busi- ness session. She also gave the dismissal prayer after leading the program for the afternoon on the question: "Christian Citi- zen in 1957 — What Are the Grass Roots of Democracy?"

Mrs. Mitchell served tuna salad, potato chips, cookies and iced tea during the social hour. The thirteen members present were Meses. Roy Deaton, E. E. Farley, J. W. McKee, J. D. Nichols, Charles Stegall, E. F. Pier- son, W. T. Frazier, Sid Harkins, David Mitchell, H. C. Rock, J. L. Whistler, and Max Bogusch.

GARDEN CLUB TO MEET FRIDAY AFTERNOON

The Sanderson Garden Club will meet Friday at 1 p.m. in the home of Mrs. W. T. Bondur- ant for a luncheon. The program and business meeting will follow with the new officers to be in- stalled.

R. K. Castner made a trip to Big Spring last week for a medi- cal check-up.

W.S.C.S. Meets In Fellowship Hall

The Methodist W.S.C.S. met Monday afternoon in Fellowship Hall.

Mrs. Irvin Robbins led the program on "The Heart of a Stranger". After she had played the piano prelude, the group re- cited the Call to Worship and sang the hymn "Jesus Calls Us". Meses. W. T. Attaway, Clyde Higgins, H. C. Goldwire, and Lewis Hill assisted in presenting the program.

The hymn "The Voice of God is Calling" closed the program. During the business session, reports were heard from the of- ficers and chairmen of standing committees. The group voted to purchase the necessary study and program materials for next year, also to pay the charges for tuning the three pianos at the church.

Mrs. Goldwire and Mrs. Gene McSparran, hostesses, served home-made peppermint stick ice cream and cake during the social hour. Also present were Meses. M. W. Duncan, H. E. Ezelle, Ida Bodkin, Kelley E. Scott, L. H. Gilbreath, and W. F. Frazor of Bryan.

Mrs. W. H. Chandler of Ozona spent the week-end here with her mother, Mrs. Roy Harrell.

Mrs. J. A. Gilbreath Club Hostess Tues.

Mrs. J. A. Gilbreath was host- ess this week to the members of the Tuesday Bridge Club and ad- ditional guests, entertaining with a dessert-bridge in her home.

Bouquets of marigolds and zinnias decorated the party rooms.

Ice cream and German's cho- colate cake were served to the guests upon arrival. Participat- ing in the card games were Mes- dames Thurman White, S. H. Underwood, Jack Sexton, Bustin Canon, C. H. Stavley, F. M. Wood, E. J. Hanson, A. J. Hahn, W. W. Sudduth, G. E. Babb, and M. W. Duncan.

High score was held by Mrs. Stavley, second high by Mrs. Sexton and Mrs. Sudduth was low.

Mr. and Mrs. Howard Stavley and sons returned home last week from a visit with her relatives in California. Mr. Stavley, who had been unable to work for several weeks following a foot injury, reported back to work Monday.

Mr. and Mrs. J. R. Carta, who have been residing on the Slaughter place near Fort Stock- ton, have moved to their farm at Warren.

Tense Drama Told In Coming Film

"Back from Eternity" a dra- matic thriller which will soon be at the Princess Theatre promises to be an interesting and enter- taining film for local movie-go- ers.

The picture is a powerful probing of human reaction to the threat of sudden extermination. How eleven people from differ- ent walks of life with different morals and manners behave in the presence of impending doom is something that has been suc- cessfully illustrated on film. The affect is arresting.

The tense story and taut per- formances must share credit for the accomplishment. The play deals with a handful of Amer- icans trapped in the steaming South American jungle after an airplane crash-landing. This is the unexplored Jivaro headhunt- er area where expeditions disap- pear without a trace.

In a breath-taking process of elimination, five of the cast- aways are selected for possible escape. How the others meet their fate might well be a be- lievable clue to what has actual- ly happened in many unsolved jungle mysteries.

Robert Ryan is starred as the airplane pilot, a happy-go-lucky fatalist until he hears the Ji- varo tomtoms. Anita Ekberg one of the world's most beautiful wo- men and a competent actress as well, has the starring role of a disillusioned playgirl who finally falls in love. Hollywood's highly popular Rod Steiger plays a desperate fugitive from justice who "plays God" by deciding each of the "survivors" right to live or die.

Mr. and Mrs. Wayne Car- michael and son of San Antonio are visiting here with her brothers, Bob and Don Allen, and their families.

Mr. and Mrs. Sam Harrell took her mother, Mrs. John Neal, to El Paso Sunday to have her eyes checked.

Mrs. D. O. Greer has returned home from a visit with her par- ents, Rev. and Mrs. V. H. Geo of Clute, and his parents, Mr. and Mrs. Ivan Greer of Lake Jackson.

PERSONALS

Mr. and Mrs. Chester Boyd and her son, Dennis McQuade, returned home Wednesday from San Angelo bringing Miss Bonda Gail Boyd who had been visiting there with relatives. Thursday the Boyds and their children left for El Paso to visit with Mr. and Mrs. Harry Newton and from there went to Alpine, Arizona, on a fishing trip.

Mrs. W. H. Savage was in San Antonio last week with her son, Jack Savage, and her sister, Mrs. T. Maxey Hart, and family.

Mrs. Grace Wheeler went to El

Paso Wednesday to visit her son and daughter-in-law, Mr. and Mrs. Edward Wheeler, in their new home at 7507 Mojave St.

McKnight Motor Co.

A traveling salesman was Harry G. Blowe,
Who could sell ice cubes to an eskimo,
But he fell for a line slicker than his,
From a new car salesman—wow! what a whiz!

The car had style—years out of date,
The features were new—back in '48!
Harry's still smiling, the tears hardly show,
But how he wishes he could get back his dough!

Moral: Don't get "bargain-talked" into yesterday's styling and features!

Like a lot of people, Harry was looking for a "good buy" in a new car. But no car is a bargain if it's outmoded before you drive it a mile. For the same money, Harry could have stepped up to a dashing Swept-Wing Dodge—so new it actually obsoletes other cars in its field. Obsoletes their high, boxy design with the low, low look of tomorrow. Obsoletes their old-fashioned features with such advances as Torsion-Aire Ride, Push-Button TorqueFlite and Total-Contact Brakes. So don't do what Harry did—please. See your Dodge dealer today.

Join the swing to the Swept-Wing Dodge!

(Continued from page 1)

how the burros were killed or by whom, and the officers did not investigate, there were no criminal or civil charges preferred. We were not too inquisitive ourselves, we thought we knew how it happened and why. We were old enough to know we had been doing wrong.

We had fun on our donkeys up to then, but we didn't know how to take care of our privileges, so someone had to take our privileges away from us. It was hard on the boys, and harder on the donkeys, but we learned our lesson.

Mrs. T. W. McKenzie, accompanied by her mother, Mrs. Annie Krauss, returned home last Thursday from El Paso where she had visited with relatives and friends for a few days. Mr. McKenzie is employed in El Paso for the present.

J. J. Harkins went to Austin last week for his family who had been visiting there with relatives for six weeks. He took them on a short trip to Port Isabel and Padre Island before bringing them to Sanderson.
