## LISTEN TO LUKE

We do not have any idea of the type of bill, if any, that will be passed by the special session concerning lobbyists. But it is safe to bet that it will be as useful as the bribe laws we now have. First somebody will have to define a lobbyist to the satisfaction of each and every legislator in the State of Texas. There are professional lobbyists who could be easily identified, but if they are required to register they will only continue as they are now. Then there are — many indications point that many legislators who have had a great deal of time on their job "getting lobbied" Some have been known to have a hand out so they can determine which lobbyist will register? Is a bribe a lobbyist? How is an entertaining necessary to gain the title? Where are the names of a lobbyist restricted? Is any? Does telephoning count? How about sending a recorded message? How big a steak is a lobbyist's cut? Does a fur coat for the lobbyist count? If the bill passes with enough amendments to make it worthwhile legislating will be a lonely job. It is probable that any law to restrain the unprincipled will not interfere with legitimate activities of well-meaning and honest lobbyists. The intent of the Governor is no doubt to try to make it hard for the unprincipled lobbyist to operate.

Friday night the crippled leg will meet the Fabens boys here. We hope the fans will turn out and give support as the boys go up against a stronger opponent. Members of the team and coaches have shown a wonderful spirit in the face of so many discouraging incidents. It is fine to see the morale that has been shown by the willingness of the remaining players to continue with all that they have for the team.

Sunday was the day of the finest rains we have in many years. We saw nothing else, too, that was unusual.

There were fewer people in local churches than on any in several months, also. That should have been the day on everybody, yes, everybody had out to offer their thanks to the Most High. We talk about going to church praying for rain, and then when it comes, many adopt the best attitude, — "Well, we've been coming for a long time."

## W. WARREN CAPPS AND FAMILY MOVE HERE

Mr. and Mrs. Warren Capps and three of their children arrived in Sanderson Wednesday and he will assume pastoral duties at the First Baptist Church immediately. Mr. Capps comes to Sanderson from Smiley where he was pastor of the First Baptist Church. He has been a minister 25 years. The children here with them are: a daughter in the 9th grade, son in the seventh, and a daughter in the 2nd. One son is a ministerial student at Howard College in Brownwood. Another daughter is married and living in Austin.

Mr. Capps stated that it was his wish to be a friend to all and was anxious to meet people of the community. He extended a welcome to all members and friends of his congregation to be at worship services on Sunday.

**WAYS HERE:** — Help those who help themselves — and those who go to the government.

## One Rig Moves From Over Hole, Others Are Busy

El Paso Natural Gas No. 1 Chandler rig has moved from on top of hole which bottomed at 7,515 feet last week. Some of equipment was hauled from site, but rig remains near location. Unofficial reports are that a "Christmas tree" has been installed over surface casing. Hunt Oil Co. and Phillips Petroleum Co. No. 1 Bustin Canon is reported to have surface casing set to 800 feet and installing normal drilling apparatus prior to continuation of drilling. Location is in Section 5 of Block 1, three miles west of EPNG Chandler No. 1, and three miles north of Western Natural Gas and Magnolia's Brown-Bassett No. 1. Brown-Bassett is reported to be at 14,175 feet, scheduled for 15,000 Ellenburger test, coring and testing.

## Eagles Meet Fabens Tomorrow Night On Local Field

The Sanderson Eagles will meet the Fabens Wildcats here Friday night for their first conference game of the season. Last week's game against the Reagan County Owls of Big Lake was forfeited because of illness and injuries among the players. The game will get under way at 8 o'clock and all local fans are urged to be present. Old injuries have continued to plague the Eagles during practices this week, according to the Coaches Carlton Smith and Gordon Harmon, but they stated they would be able to field a team almost up to par for the season.

## Condition of School Finances Told In Statement

Supt. Matt Bader this week released the statement of condition of the Terrell County Common School District No. 1, in compliance with a new state law requiring such publication once a year. The statement appears on Page 4 of The Times. All local citizens interested in the activities and functions of the school are asked to study the financial statement carefully and any questions may be directed to the superintendent, or to the school board, according to Bader.

## Water Amendment To Be Voted On In Nov. 5 Election

The growth and prosperity of Texas are dependent in large measure upon the assurance of a plentiful water supply for all time to come. The voters of the state will soon have an opportunity to express their opinion concerning a proposed constitutional amendment which is pertinent to this problem. The recent 55th Legislature recognized the need for flood control as well as the assurance of an adequate water supply. For those reasons they voted to propose an amendment to the Texas Constitution which, if approved by voters in a special election to be held Nov. 5, 1957, would authorize the creation of a body to be known as the "Texas Water Development Board". This Board, if created, would have authority to issue and sell general obligation bonds of the State of Texas in an amount not to exceed \$100,000,000. If more funds should be required at some later date, the Legislature would be authorized to provide for the issuance and sale of an additional \$100,000,000 in bonds. A two-thirds vote of the Legislature would be required for this authorization. Proceeds from the sale of the bonds could not be expended directly nor given away, but could be loaned to various governmental authorities for certain authorized purposes. Eligible borrowers would include cities, counties, river authorities, conservation and reclamation districts, and interstate compact commissions. The money could be used to build and extend dams and reservoirs and to finance other necessary measures in preserving and developing water resources and in controlling and storing storm and flood waters. Money could also be loaned for the construction of facilities for transporting water from storage points to distribution points. Money received by the Water Development Board in repayment of principal and interest on the loans would be placed in a sinking fund. From this fund the Board would make the payments necessary to retire the original bonds. Two other proposed constitutional amendments will be submitted to the voters in the same special election on November 5. One of these concerns retirement and disability funds for state employees. The other would increase benefit payments for the needy children, aged, and blind.

## Funeral Rites In Alpine For Charles R. Adams

Funeral services were held in Alpine Wednesday afternoon for Charles Augustus Adams, 87, who died Monday night in a San Angelo rest home. Interment was made in the Alpine cemetery. Mr. Adams, a retired rancher, was born in Louisiana June 8, 1870. He came to Texas as a small child with his parents and resided in Polk and Erath Counties. In 1893 he was married to Mary Ruth Locke in Corigan, Texas. Mr. and Mrs. Adams came to Sanderson six years ago from Fort Hancock. He had been in failing health for the past two years and had never recovered from a fall on July 31 in which his hip was fractured. After being in a Fort Stockton hospital for several weeks, he was taken to San Angelo two months ago. He had been a member of the Baptist Church since young manhood. Besides his widow, he is survived by three sons, Ruel Adams of Sanderson; Dom Adams of Alpine; and John Adams of Sierra Blanca; two daughters, Mrs. G. E. Babb, of Sanderson and Mrs. Tom Yarbro of Marathon; also seven grandchildren and 13 great-grandchildren. A sister, Mrs. L. D. Crecelius lives in Lufkin.

## SP Service Club To Have Dance Saturday Night

The SP Service Club will have a dance on Saturday night from 9 to 1 at the CAC Hall. Music will be furnished by the Cook Brothers Orchestra from Marathon. All Southern Pacific employees and their friends are invited.

## Coming Events

- Thursday (tonight) — Legion meeting.
- Friday — Quiet hour for the Methodist W.S.C.S.
- Monday — Presbyterian Women, Methodist W.S.C.S., Altar Society, Baptist W.M.U.
- Wednesday — Rotary Club
- Thursday — Lions, P.T.A., Halloween Carnival.
- Saturday — Garden Club

## Local Chamber To Elect Directors In November Ballot

A nominating committee of five members was selected by the Terrell County Chamber of Commerce at a meeting of the directors and the membership at the courthouse here Monday night. The committee, composed of Dudley Harrison, chairman, Web Townsend, R. L. Cash, R. S. Wilkinson, and Matt Bader, was instructed to report within ten days with a slate of ten nominees — five to be elected — to serve the three-year term as directors. The vacancies to be filled were created by the expiration of the term of office by the five men named on the committee. The board of directors voted to contribute \$125 to the F.F.A. Show as prize money for this year's event. The Chamber secretary, J. R. Hodgkins, announced that a letter had been received from Norman P. Mason, Commissioner of the Federal Housing Administration, stating that he is making an investigation to ascertain why the FHA loan insurance has been withdrawn from Sanderson.

## Woman Killed In Accident North of Here

Mrs. Katherine Abbatiello, 22, was killed last Thursday in an accident 25 miles north of Sanderson on U.S. 285. The location is known locally as Rachel Hill. Mrs. Abbatiello was standing by her stalled house-trailer below the top of the hill when a truck loaded with scrap iron topped over the hill and struck her. Her husband was an airman enroute to Sandia AFB, Albuquerque, N.M. He had slight facial lacerations and bruises received when he was also struck by the scrap iron truck. The 17-month-old baby, lying in the front seat of the pick-up at the time of the crash, was not injured. It was reported that the pick-up stalled on the hill and in efforts to back down the hill, the trailer got on the wrong side of the road. A milk truck, headed north, parked on the opposite side of the road from the trailer and the truck tried to go between the two vehicles, according to reports. Harold E. Schmidt, senior patrol inspector for the U.S. Border Patrol, was first on the scene and radioed Marfa for contact with the highway patrol and a doctor. A local doctor accompanied the James & Magill ambulance to the accident scene and on to Fort Stockton.

## New Arrivals —

Mr. and Mrs. Bud Ivy of Sheffield are the parents of a son, William Lee, born October 12 in Sheffield. Mrs. W. R. Turner is the maternal grandmother of the infant. GARDEN CLUB MEETING ON NOVEMBER 2 The October meeting of the Sanderson Garden Club has been postponed to Saturday, November 2, and will be in the ranch home of Mrs. W. G. Downie. Mr. and Mrs. Alfred Bendels and her mother, Mrs. Elma Riley, spent last week in El Paso where they visited the F. H. Tabots and joined them in a trip to Elephant Butte Dam and other points in New Mexico.

## Traffic Control Regulations Set By School Board

Local school administrators have drawn up plans for traffic control for pedestrians and motorists on streets surrounding school buildings. These traffic regulations will be enforced by school officials and by the sheriff, according to Supt. Matt Bader. The congestion caused by students entering and leaving the grounds and by parents in cars bringing and picking up children during the school day has made it necessary to devise some method of traffic control for the safety of students, Supt. Bader added. Student patrols, made up of sixth and seventh grade boys under the direction of Y. F. Boley, have been organized to direct traffic at noon and at 4:00 p.m. Motorists are asked to observe and follow directions of the student patrolmen who will be stationed at street intersections. In picking up children at the school, parents are asked to park only on the right hand side of the street and to refrain from parking in marked street crossing lanes. Students are asked to cross street only at intersections or where marked lanes are located. Student patrols will begin working Monday, October 28.

## Donna Hill Wins Two Awards At Dallas Stock Show

Donna Hill was winner of two awards on two steers entered in the Junior Steer Show at the Dallas Fair last week. Competition was keen with over 900 animals entered. Both steers won high honors in the recent Pecos County show. In the Hereford class, her steer, weighing 865 pounds, won seventh place. Third place was won by her shorthorn steer. His weight was 1180 pounds and he was sold for \$110 per pound after the show. She will show the Hereford steer in both the El Paso and San Antonio shows. Donna is a member of the Pecos County 4-H Club. She is the daughter of Mr. and Mrs. Lewis Hill who are on the West-Pyle Cattle Co. at Longfellow. Mrs. Hill accompanied her daughter to Dallas, going with the group of 4-Hers from Fort Stockton.

## Girl Cagers Out With 15 Freshmen

E. Y. Boley, girls basketball coach, reported this week that 15 freshmen girls have expressed a desire to join up with the team this year. That number is in addition to last year's returning lettermen. The returning players are Diana Duke, Jessie McDonald, Olga Alvarado, Trudy Jones, Linda Shurley, Anabella Flores; reserve lettermen returning are: Darlene McDonald, Barbara Sudduth, Linda Ramirez, Kay Williams, Angie Salinas, Mary Duncan, Elizabeth Lopez, and Ana Calzada. The Roadrunners lost only one girl last year to graduation. The first game of the season for the Roadrunners will be a non-conference game on Nov. 25 with Grandfalls. They will also take part in a tournament in Alpine on Jan. 24-25. These are the only two events scheduled at this time for the girls. The conference will consist of Sanderson, Marfa, Alpine, and Fabens. METHODISTS OBSERVE WEEK OF PRAYER The annual Week of Prayer for the Woman's Society of Christian Service of the Methodist Church will begin Friday, October 25, and close on October 31. The local W.S.C.S. will have a Quiet Hour Friday afternoon at 3 o'clock in Fellowship Hall.

## Good Rains Soak County Over Two-Day Period

One of the best rains in several years came to Terrell County over a two-day period the first of the week. The rain left from 1½ to 2 inches of moisture in every reported gauge. The rain started early Sunday morning and heavy fog and light mist persisted all day Sunday, Sunday night and all day Monday and Monday night with a clear dawn Tuesday. Scarcely were there drops of rain falling, and mostly heavy mist left the ground soaked with the only run-off seen from the street and sidewalks. The local rain gauges showed 1.60-inch of moisture, which was about what most ranchers reported. Extremely dense fogs all during the rain prevented much travel on area highways. The rain was reported from Lubbock south, east to the Pecos River, west to Sierra Blanca and south to the river. Heavy clouds banked up in the west and northwest late Tuesday afternoon, indicating the possibility of more rain for this area. A pelting rain which lasted for about 30 seconds, hit Sanderson about 7:30, but stopped as suddenly as it had begun and leaving only a trace of moisture here.

## Congressman To Bring Office To Sanderson Oct. 30

Sanderson will be the official Congressional District office of Congressman J. T. Rutherford on Wednesday, October 30. Rutherford, traveling in a mobile trailerhouse unit, will roll into Sanderson at approximately 8:45 a.m. and will greet local residents at a downtown parking site to be roped off for his visit here. Local officials will also be on hand to greet Rutherford, and to welcome him to Sanderson. The visit here is part of a week-long tour Rutherford is making with the rolling office into 16 of the 19 counties he represents, during the week beginning October 28. A few days later, he will go into the other three counties which are in the El Paso area.

## Local Legion Post Wins Plaque For Membership Drive

The Sanderson American Legion Post 160 received the District Commander's Plaque for the highest percentage of membership in the recent drive, based on the post's quota. The local post got 130 per cent of the unit's quota in the drive. Mr. and Mrs. Monte Goode, Joe Brown and Ross Stavley attended the convention along with Mrs. Winnie Magill and Mrs. S. L. Stumberg. The convention was held in Alpine last Saturday and Sunday. Mr. Goode is commander of the local post of American Legion and Mrs. Magill is president of the local Auxiliary. Mr. and Mrs. T. R. Arrington are visiting in Denver, Colo., with their daughter, Miss Margaret Arrington.

THE SANDERSON TIMES

## Texas Mesquite — — Curse or Blessing?

One of the most astounding developments to come of agricultural research in recent years has been the discovery that common Texas mesquite wood can be made useful as an edible roughage for cattle.

During the past two decades, Texas farmers and ranchers have been fighting a common enemy in the die-hard mesquite which has spread in abundant growth from the Rio Grande Valley northward.

In an effort to reclaim the countless acres of grassland all but lost to dense undergrowth of mesquite brush, a number of eradication measures have been tried everything from oil treatment to mechanical uprooting.

Then, just a few years ago, someone got the idea of grinding some tender mesquite into meal and analyzing the product chemically to determine its food value. The analysis showed that mesquite meal had a higher protein, fiber and calcium content than cottonseed hulls. Another essential nutrient not present in many dry roughages, vitamin A, was also found in the mesquite meal. Fat and carbohydrate content was slightly lower than in usual roughages.

In subsequent feeding tests at the Spur Agricultural Experiment Station, the mesquite meal was mixed with other concentrates plus the important addition of molasses which served to give the feed moisture, sweetness, and a more desirable odor.

In every instance, cattle fed on mesquite meal not only suffered no ill effects, but gained weight in similar ratio to cattle fed on other roughages. This idea proves that mesquite may prove to be a dependable source of rough feed during the times of drouth when feeds are scarce and high in price. In trial feeding periods, it

BUCKLE BEAUTY A-FOOT

Buckle beauty to your foot fore and aft . . . have for yourself the up-to-the-second style of this little low Ivy League pump of smooth black leather. And slim buckles gleam at heel and toe, give it a well-tailored air.

Here it is the last part of October already and another football season is more than half gone. District play is now at hand and each game will be of great importance. I know everyone is proud of the fine way the Eagles have performed this year and have the utmost confidence in their ability to continue on with their fighting spirit. If there are any fans around your house, it's likely that the radio sets will be working overtime for the next few weeks bringing the games into your home. It's the next best thing to a seat in the stadium.

Maybe you've never realized it, but the telephone company plays an important part in bring football broadcasts, as well as other radio and television programs. We handle the transmission of programs from distant places for your enjoyment.

Telephone engineers have worked constantly through the years to improve these facilities. Today we use both cable and microwave networks to transmit these broadcasts.

And, of course, improved transmission means more pleasure from the programs for you.

This is another example of how the telephone company always seeks to bring you improved communication in radio, television, on a local telephone call across town or a Long Distance call across the nation.

Getting back to football, have you attended any of the Sanderson High School games this season? If not, why don't you plan to be at the next one. Better still, go to all the Eagles remaining games this year. You'll really enjoy them and the team will certainly appreciate your support. The boys on the team spend many long, hard hours in practice so that they can do credit to you and to Sanderson and the only reward they want or ask is that you come out to their games and by your support show your appreciation of their efforts.

and stems with slick bark provided better feed than larger, dryer tree parts. Also, freshly-ground wood proved more palatable than dry wood and fresh supplies were ground daily.

Mr and Mrs. W. G. Downie and daughters, Suzanne and Christine, and Mr. and Mrs. L. D. Booker, Jr., attended the San Antonio Symphony last weekend. While there they were guests in the home of Mr. Downie's mother, Mrs. W. T. Bondurant, and Col. Bondurant.

Mrs. L. H. Gilbreath left Tuesday night for Tucson, Arizona, to attend funeral services for her brother-in-law, Mike S. Howard, who died suddenly Monday afternoon at his home in Hayden, Arizona. She was accompanied by her brother and sister-in-law, Mr. and Mrs. C. N. Word, of Odessa, and her sisters, Mrs. J. E. Armor and Mrs. T. H. Fletcher of San Antonio.
