Sanderson Nips Marfa 31-25 In Final Game

Sanderson won over Marfa in the final game of the current grid season when the Eagles visited the Shorthorns last Friday night. The game decided the cellar spot for the season, since neither team had a conference win to their credit.

The score was 31-25.

Sanderson drew first blood in the first three minutes of the ball game when Brucks Bader. shifty and elusive quarterback, went over from the 8-yard line. The try for the extra point was

On the return kick-off Quirino Alva, defensive ace for the local team, saved a TD return when he outran and overtook the Marfa receiver. The Shorthorns subsequently drove to the 6-yard line and from there went over for their first TD. The PAT try was no good.

Press Escamilla, speedy Eagle back, scored from the 10-yard line in the first period and again the try for the extra point failed.

Sanderson had a touchdown called back in the first period after J. T. Herring, Eagle end, had retrieved a punt and ran some 60-odd yards for the goal line. An off-sides penalty against the Eagles nullified the play.

In the second quarter, David Graham, hefty tailback, drove over the goal line from the 8yard line and again the try for the extra point failed.

Marfa retaliated with a score. (Continued to page 4)

Hunters Throng Trans-Pecos Area

Deer hunters began flocking through Sanderson Monday like sheep going to water. An inestimable number of vehicles, packed with gear and oftentimes pulling a trailer or jeep also packed went through Sanderson Monday and Tuesday on their way to try to harvest the blacktail bucks and restricted doe hunting in a

few Trans-Pecos ranches. Most every vehicle connected with the hunting parties stop in Sanderson for one reason or another and many local businesses receive direct benefits from the

One local service station owner spent several days preparing the area around his station to attract the hunters.

The trek eastward will begin for many of the hunters on Wednesday afternoon, the first day of the deer season, after a lucky or good opening day's har-

Game department officials and sportsmen alike estimate that more money is spent each year by hunters in their trips in search of black-tail bucks, than on any other game.

Much elaborate paraphernalia can be seen going through here in the equipment collected and prepared solely for deer hunting.

Mrs. Joe Kerr Sr., **Buried November 15** In Campbellton

Following graveside services in Campbellton, Texas, last Friday afternoon, Mrs. Joe Kerr, Sr., was buried beside her late husband, a merchant in Sanderson for many years.

Funeral services were held in St. James Catholic Church in Sanderson at 9 o'clock Friday morning. Requiem High Mass was sung by Rev. N. Femenia, pastor, assisted by Rev. T. J.

Kennedy, O.M.I., Midland, Pall bearers were Jack Hayre, R. S. Wilkinson, N. M. Mitchell, John Reininger, Herbert Brown, and W. E. Grigsby, all of Sanderson, W. C. Mitchell, Sr., of Fort Stockton, and Bernard Kerr of San Antonio.

Mrs. Kerr, formerly Josephine Robinson, was born April 27, 1889, in Llano. She was graduated from San Marcos Normal. now known as Southwest State Teachers College, at San Marcos.

She came to West Texas to teach in her first school at Dryden where she was met at the train by County Judge Joe Kerr. From this meeting blossomed a romance which resulted in her marriage to Mr. Kerr on July 23, 1916, in San Antonio. Mr. Kerr often told of how he thought that day when he met the train that he would be meeting "just another old maid school teacher" but instead he met his future

During the time that she taught in Dryden, she often rode horseback to visit the ranch families of the area, thereby winning many lifelong friends. She also taught in the San Antonio schools for one year before

her marriage. To Mr. and Mrs. Kerr were born six children, two girls and four boys. Their first-born, Mamie DeWees, died in infancy in 1919. The other children, all of whom survive, are Joe, Jr., of Del Rio, Campbell of Brownsville. Edward of Sanderson, James of San Antonio and Mrs. George Moberly (Betty Jo) of Midland; also 11 grandchildren.

Other survivors are a brother, Henry Robinson of Llano, and three sisters, Mrs. A. G. Porter of Llano, Mrs. J. B. Hamilton of Burbank, Calif., and Mrs. J. J. Beck, Sr., of Junction.

Mr. Kerr preceded his wife in

death in 1939. Mrs. Kerr became a convert to the Roman Catholic faith in 1929. Her life was centered around her family, church and community. She stood by her husband, sharing his interests always in the growth, progress, and welfare of Sanderson and Terrell County.

As a widow, Mrs. Kerr had to bear the years of World War II which found all four of her sons serving either in the U.S. Army or Navy.

Mrs. Kerr suffered a stroke on October 11, 1952, from which she never fully recovered. She died on Wednesday evening, November 13, in her home.

TOO LITTLE, TOO LATE is the way we Dodge dealers feel about competitors' efforts to match the Swept-Wing 58. They lowered the roof some, but left the sides high. Their windshields got smaller while ours got bigger. So much for styling. Then, for another important comparison, take ride. Here's Dodge with Torsion-Aire suspension that just about everybody admits is the greatest advance in sway-free, dip-free, silent going that any car offers. So what do these other cars do? They borrow an air suspension system that's been used in buses for two years! (Costing well over \$100.00 extra.) And most of 'em still don't have push-button driving - much less Dodge TorqueFlite - the proven automatic transmission. MORE THAN TWICE AROUND THE WORLD

AND IT DROVE EVERY INCH OF THE WAY!

We knew this car was tough.

We designed it that way.

That's why we weren't afraid to give Plymouth the toughest test run of all time . . . with all America as the "track."

We didn't coddle this Plymouth. Didn't crate it and ship it carefully from place to place. Instead, we aimed it out of Los Angeles one misty morning and sent it through a course that ran 58,000 miles through 37 states.

The time limit? Only 58 days,

A thousand miles a day!

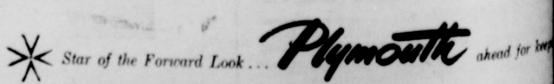

The equivalent of 6 years' driving crammed into little more than 8 weeks!

Three times this Plymouth crossed the Rockies. Three times it wound its way up and down across the country . . . passing through more than 1200 cities and towns. Whipping over turnpikes . . . creeping through city traffic ... arrowing down super-highways . . . feeling its way through 500 miles of rutted detours. And when the drivers turned the key to end the marathon, it still looked, ran and rode like new.

This is what lasting value really means, The ability to take everything that American roads and weather can dish outand come up grinning. Why don't you give Plymouth a test drive yourselftoday? You'll see what we mean.

That's the Plymouth "track". just look at that route! Every ? sible road and weather co Plymouth ran every inch of that derous route 3 times in just 58 What greater proof of lasting.
