### Two Boys Released To Parents After Ft. Stockton Thefts

Two local boys were released to their parents last week-end, pending Pecos County grand jury action, after reported thefts in Fort Stockton, according to local officers. The boys admitted to local officers they had been involved in several thefts in that city, the officers stated.

The boys were seen here Friday night carrying beer into a house and it aroused suspicion. The boys were picked up for questioning and admitted to several thefts, the officers related.

A Fort Stockton youth was also implicated in the thefts, according to the boys' story as related by the officers.

### Local Garden Club Sponsors Contest For Decorations

The Sanderson Garden Club is sponsoring a Christmas lighting contest again this year, according to an announcement made by Mrs. J. L. Hatchel, chairman of the project.

Prizes are to be given in three divisions: the most attractive door, the most beautiful window and the best yard display.

The secret judges will make the awards after viewing the decorations in the community on Monday evening, December 23. Residents are requested to have their decorations lighted from 7 to 10:30 Monday evening.

It is hoped that local residents will again enter in the contests wholeheartedly as in previous years as much favorable comment is always heard on the decorations here that add much to the beauty, meaning, and enjoyment of the Christmas season.

The awards are made on originality, beauty and other features of the decorations, so that it is not necessary to spend large sums of money for materials for decorations.

An abundance of native materials is available here and a little ingenuity, effort, and time can produce some interesting results.

### Band Concert To Be Tonight

The Sanderson High School Band will be presented tonight in a concert of Christmas music.

The concert will be in the high school auditorium at 8 o'clock and the public is cordially invited to attend.

Phillip Shaffer is director of the band.

### More TV Plans Told This Week

The Sanderson Cable Co. announced this week that they had been promised the date of January 20 for the completion of the erection of the 440-foot tower which has been ordered.

The work of cabling the tower for reception by this method is progressing according to the Van Horn partners in the venture, Ross Mitchell and J. H. Benton.

The two men assured the people of excellent quality reception when they offered it for sale over their cable installation.

Word received from engineers of the translator installing and servicing firm, assured local interested parties of the possibility of local reception by that method of transmission if present survey data is correct, and plans are under way to terminate experiments within the next few days so that accurate information can be available concerning elevations and distances.

The engineers have assured the local honor system group that the transmission and reception was possible with two translators if such data is accurate.

Following the completion of the remaining survey, the engineers will come out for a definite commitment on the possibility of installation.

The installing company will not make an installation unless certain quality of reception can be assured, according to information received.

### Consultants To Send Report On School Advice

At the request of the Board of Trustees of the Terrell County Common School District No. 1, representatives from the School Plant Division of the Texas Education Agency, Ed Gulce, state school architect, and Charles T. Roberts, chief consultant, visited the school on Monday of this week.

The consultants and board members spent the entire day conferring and inspecting the school buildings in order to determine the needs of possible new or additional buildings.

The group also discussed possible school sites, the costs of construction, and methods of financing a building program. The state representatives will mail a written report of their findings to the local board in the near future, Supt. Matt Bader stated.

### Christmas Program Sunday Night At Methodist Church

The annual Christmas program will be at the First Methodist Church Sunday evening at 7 o'clock, according to an announcement by the pastor, Rev. Kelley E. Scott.

### Stock Show On December 13 and 14 Draws Largest Crowd of Exhibitors Here

The first district and eighth annual livestock show sponsored by the Terrell County F.F.A. Chapter drew the largest crowd ever since the group has been sponsoring local shows. Warm weather helped the attendance of local and out-of-town people. Friday afternoon was also the time for the breeding sheep division of the show. Charles

Fletcher won all prizes in the Rambouillet division of the show and his sheep were bred by Pinky Carruthers.

In the Southdown division, the Stavley Brothers won all places with sheep they had bred themselves.

In the grass judging events held Saturday morning, there were 30 plants to be judged by teams of three boys each with a possible score of 900 points.

The team from Imperial placed 1st with 826 points; Iraan was second with 681 points and Sanderson was 3rd with 380 points.

The highest individual score possible was 300 points and Boykie Murphy of Imperial was individual high score with 290 points; Frankie Zettler of Imperial was second with 268; and Bill Glenn of Imperial was third with 268 points.

### Miss Diana Duke Runner-Up For 'Miss Spirit' Title

Miss Diana Duke, Sanderson High School senior, was among 21 West Texas young ladies competing in San Angelo Friday for the title of "Miss Spirit of Christmas of 1957".

The first place honors and title went to Miss Jane Felts of San Saba and Miss Duke was the second place winner.

The girls were picked from a field of 21 beauties chosen by as many schools as outstanding senior students.

They arrived in San Angelo early Friday, appeared on a television show, were interviewed by the judges and then rode in convertibles in the annual Jaycee Christmas parade at 4:30 p.m. The winners were announced Friday evening at the formal dinner and dance.

Third place winner was Miss Loyce Thorn of Christoval, the daughter of Mr. and Mrs. Frits Thorn, all former Sanderson residents. All three girls receive special trophies.

In order to qualify for the competition, the girls, all high school seniors, had to have letters from the school principals. They had good grades and were attractive. The judges' decisions were based on poise, religious attitude and scholastic achievement.

tragedy of last week-end and the holiday season for serious-minded people of the community. It was ruined for us.

What is understood to be an utterly unavoidable accident has us reason to reconsider, for the time we get behind the wheel of a car — children don't think, cars can't think; drivers think.

There is no such thing as too much caution while driving.

At the year comes to a close reflect upon the accomplishments and the failures of the year. It is time for much reflection if we are to prepare ourselves for a better year next year.

We feel that it is our duty to Terrell County as much as we feel it is our duty to others in boosting Terrell County as much as they can.

We are not near boosted-out, we may be near being booted out, however, because we are trying to keep on boosting.

No matter how many satellites Russians may launch or, if when the U.S. can, no matter how many we launch — as we are citizens, we have an obligation we cannot escape.

Our obligation is to help the growth of the community in which they live.

To fail to help is to hinder! It is to be regretted that there are those who are indifferent to the present needs of the community and it is a sad plight for the future when some citizens adopt that complacent attitude that nothing can be done.

Several individuals have been taking a few steps toward improvements and development that will add to the possibility of bringing more people here — but on a temporary basis. The coming of enough people on a temporary basis, will add to the possibility of more people coming on a permanent basis.

The enticing of semi-permanent and temporary residents to Sanderson will cause the necessary of increasing facilities and services here. It will cause the need for adding new facilities and the need will be met.

Our plans for concerted efforts on the part of concerned organizations have fallen on deaf ears. But individuals have come through with some missionary work that has helped, and these recent developments have aided some, too.

In spite of the lack of interest (Continued to Page 2)

of some citizens, and regardless of the apparent disinterest and almost apparent opposition to any progress, Sanderson has increased its population some and stands a good chance to increase some more.

New buildings are being planned, additional services are being constructed, new homes are going up.

Why? Because some people in Sanderson are eager to grow and to better themselves, whenever possible!

We used to have a good surry when I was a kid, and a good mare to pull it. It was a wonderful improvement over what we had before, and by all standards, would be a good surry and a good mare now if they could have been preserved. But who wants a good surry and a good mare? It is the natural inclination of man to improve himself, thus the reason for all of us not being recluses and wards of some welfare institution.

Is it too much to expect the same kind of growth in our community, increased facilities, increased services?

We are going to continue to boost.

As we start the new year we should awaken to our responsibilities and create some new attitudes, forgetting the past mistakes and taking up the threads of promise and with faith step out into the future with determination.

A worthwhile project for one of the organizations of the town would be to get designations of through streets in Sanderson and erect "STOP" signs on the others at every intersection.

This could prevent some damage to vehicles, possibly, some anxiety on the part of drivers, for sure, and do a lot to keep

Establishing and enforcing a speed law would help to a great extent in possibly preventing an accident.

Always after the horse has gotten out, it's too late to shut the gate, but in this instance there are other horses and other gates that could be closed before it is too late.

We do not imply that any recent accidents here could have been prevented by the fulfillment of any of the above suggestions, but those things might prevent other accidents.

### Garden Club's Open House Well Attended

The members of the Sanderson Garden Club had their annual open house Friday evening at the Legion Hall.

A color scheme of gold and white was noted in the decorations this year with lavish use made of gold and white spray on native materials, gold foil and golden angels.

A white Christmas tree was in one corner. Angel figurines, greenery, and candles were arranged on the mantel. A large wreath with an angel above it was attached to the post near the entrance. Angels and golden birds floated through clouds of angel hair on the ceiling.

The guests registered in a book placed near a carousel made of candy and cookies.

Table arrangements, doorpieces, and numerous Christmas decorations, made by the members and others, were displayed in one corner of the hall.

The serving bar, draped in sheets, was also attractively decorated in the chosen motif.

Gilded locust leaves and large white balls looking as if they were woven of cobwebs, formed the wreath against the white screen behind the tea table. White tapers burned in brass candlesticks, and an angel, small musical instruments, gilded leaves, and other native materials were arranged on a styrofoam base for the centerpiece.

Golden frosted punch was served from a crystal bowl and the

coffee was served from a brass samovar. Cookies, salted nuts, and mints were also on the table.

Several members of the Fort Stockton Garden Club were among those attending the open house.

### Junior Music Club Meets Wednesday In Booker Home

The Sanderson Junior Music Club met last Wednesday in the home of Mrs. L. D. Booker, Jr., with 27 members present.

Harry Harkins was welcomed as a new member.

Several classical records were played and musical current events were discussed. Mrs. Booker outlined the major periods of music.

The group sang Christmas carols and heard solos played by several members.

Santa Claus cookies were served by the hostess.

James Carolin, Lupe Cerda and his two children and Vernon Thompson went to Pecos Friday evening to attend the annual Christmas party for the employees of the Community Public Service Co. in this district and their families.

Judge and Mrs. R. S. Wilkinson received a cablegram last week from their daughter-in-law, Mrs. R. W. Wilkinson, saying she had arrived safely in Tokyo and had joined her husband who is on furlough there for a month. Pvt. Wilkinson is stationed with the U.S. Army in Korea.

Mrs. Quinna Jessup, president, opened the meeting with prayer. Mrs. E. E. Farley, the leader of the program titled "The Road to Bethlehem," narrated very interesting events of the Christmas season as the Biblical story of Christmas was unfolded in music, songs and Bible readings. Mrs. J. W. Byrd read the Bible passages. Mrs. L. G. Hinkle, organist played "Jesus Bambino" and "O, Holy Night" and accompanied the group in the singing of appropriate hymns.

Mrs. L. H. Gilbreath told the Mexican legend of the Christmas flower, the poinsettia.

The hostesses, Mrs. R. A. Gattlin and Mrs. E. E. Farley, invited their guests into the Fellowship Hall for the social hour.

A creche in one corner, a beautiful arrangement featuring a Madonna figurine on the piano, and other seasonal decorations were noted.

The tea table, covered in a linen cutwork cloth, was centered with an arrangement of red carnations and nandina berries flanked by red candles in silver holders.

Punch, small cream puffs filled with appetizers, cookies, sandwiches, nuts, and mints were served.

The members brought food and clothing items for a basket for a needy family and the treasurer, Mrs. Sue B. Moseley, also reported \$16 sent for CARE packages.

Mr. and Mrs. Russell Dyer were San Antonio visitors last week for her to receive medical treatment.

Mr. and Mrs. V. G. Ross and their granddaughter, Laura Dungan, all of Alpine, spent the week-end here.

Mr. and Mrs. Sam Harrell and her mother, Mrs. John Neal, left Friday for El Paso to spend the holidays with the Harrell's daughter, Mrs. W. P. Pendeton, and family. The Harrells are on their vacation.

#### Christmas Pageant Presented Sunday By Presbyterians

The annual Christmas pageant was presented to a large audience in the First Presbyterian Church Sunday evening.

"Joy to the World" was the title of the pageant. The Christmas story was unfolded by readers, pantomime, and artistically lighted scenes with the characters in costume. A junior choir sang "Away in a Manger" and

music was provided by a hidden choir. Mrs. R. S. Wilkinson was the organist for the occasion. The special offering which was taken will go to ministerial relief of retired ministers. The congregations of the Baptist and Methodist Churches dismissed their services for the pageant.

Mr. and Mrs. J. H. Denson and daughter, Judy, are leaving Friday on their vacation trip, planning to go to San Antonio, Waco, Dallas, and other points to visit during the holidays.

### MERRY Christmas

We see the happiness of Christmas in the enchanted eyes of tiny children... in the joyous glances of fathers and mothers... We see it in the sparkle of twinkling lights on Christmas trees. Even the stars have a frostier, gayer glitter on Christmas Eve! And so, in that happy spirit... we say "Merry Christmas... thanks for all past favors... and may you have the happiest Yuletide ever."

**TELEPHONE TALK**  
by Randy Cooper, Manager

Merry Christmas to all and to all a goodnight! Yes, before we can catch our breath and turn around, Christmas will be a day of memories. So before that has a chance to happen, let us take a moment out from the hustle and bustle that prevails during this season and take a good look at what Christmas "57" has to offer us.

It gives us a chance to get together with our friends and families. For those of us who live far from our loved ones this has special meaning. It gives Grandma and Grandpa a rare chance to check up and see if their sons and daughters are doing as good a job of raising the young ones as they did!

Is there anything more meaningful than a happy family, gathered around a sparkling tree, secure in the knowledge, that here in Sanderson, as in every village, town, or city across the nation, we are safe from hunger, fright and oppression. Perhaps most of the year we are inclined to take those things for granted, but during this season we have a wonderful chance to really realize how truly fortunate we are. Perhaps here in America, more than any other place on earth, we can indeed appreciate those wonderful words, "Peace on Earth, Good Will Toward Men".

**"MERRY CHRISTMAS, MOM!"**

Christmas is one of our busiest times during the year. On a day as special as this one, it gives us a feeling of satisfaction to know that so many people reach for their telephone to wish one and all a Merry Christmas, even though they might be hundreds of miles apart.

Since switchboards are always busiest at this time of the year, there may be some delays, but there are several ways you can help us get your calls through faster.

First of all, your Long Distance calls will go through twice as fast if you call by number. And, too, it's best to place your calls as early as you can — a day or two before the holiday, if possible.

If your call is delayed, it won't be necessary for you to check back — in fact, this may even cause further delays. You can be sure the Long Distance operator will complete your calls as quickly as possible.

**HAPPY HOLIDAYS**  
Speaking for all of your telephone friends, I'd like to say we hope you have the very merriest of Christmases and that the new year will bring each and every one of your hearts desire.

Call by number. It's twice as fast.
